- normality as defense mechanism, adolescents, 3868
- open vs closed style of adapting to aversive maternal control, recognition of male- vs female-spoken evaluative words, male college students, implications for schizophreniform development, 2723

personality & behavior defenses vs symptoms, purposes of delusions & hallucinations, 5372

personality & interpersonal behavior & IQ & family milieu, ego-cognitive vs Q-sorted models of ideal personalities, adolescents to 37-yr-olds, 9862

pseudocivism as neurotic adaptation which makes neurotic mechanism identical with goal of ideological group, 26-yr-old male, 7916

psychedelic drug abuse as defense, adolescents, 3-yr follow-up study, 3298

psychic opening, lowered defenses & vulnerability to psychobehavioral transformation, Gestalt workshop at Esalen, 12136

psychological reactions to renal failure & defense mechanisms in depression prevention, dialysis patients, 5723

splitting & splitting of representations, 978

therapist's confrontation of client's defense mechanism, reducing client anxiety & enhancing therapeutic outcome, 14-18 yr old institutionalized juvenile delinquents, 1432

**Defensiveness**

defensiveness & achievement motivation & anxiety, differential recall of success & failure, college students, 5402

high vs low test anxiety-defensiveness, criteria placement in detection, college students, implications for N. Kogan & M. A. Wallach's theory of risk-taking, 9284

occupational dangers & locus of control, attribution of self-protective tendency, male vs female high vs low self-esteem Sa, 5259

sex of S & E & social desirability & ego strength-defensiveness, relationship of verbal & fantasy hostility & hostile feeling responses to manifest hostility, college students, 12497

Van Riparian therapy, stuttering, implications for psychotherapeutic techniques for defensive behavior & avoidance conditioning, 6038

**Deficiency Disorders (Nutritional)** [See Nutritional Deficiencies]

**Degrees (Educational)** [See Educational Degrees]

**Delayed Auditory Feedback**

computer program written in assembly language, evaluating data from perceptual experiments in delayed auditory feedback, 4236

delayed auditory feedback & operant procedures, establishment & transfer & maintenance of fluent speech, stutterers, 10459

delayed auditory feedback conditioning program, stuttering, 13-52 yr olds, 8062

delayed auditory feedback intervals, musical task involving performance on electronic organ, 9043

delayed auditory feedback, vocalizations, 6-19 mo olds, 7274

**Delayed Development**

error patterns in object permanence training, young developmentally delayed children, 8038

hormone therapy & psychological counseling, delayed & precocious puberty, 10550

late puberty & retarded growth, reversible hyposomatotropism, adolescents, 10504

**Delayed Feedback** [See also Delayed Auditory Feedback]

attention to symbolic presentations of contingent rewards, ability to wait for delayed reward, male & female preschool children, 610

delay & type & duration of feedback, verbal-discrimination learning, college students, 6748

immediate vs delayed performance feedback & similar vs dissimilar activities interpolated between multiple-choice test & feedback, reading retention, 5th graders, 11496

**Delayed Reinforcement** [See Reinforcement Schedules]

**Delinquency (Juvenile)** [See Juvenile Delinquency]

**Delirium**

ethanol, sleep disorders & delirium, 1136

propeniciazine, neurotic & delirious & paranoid morbid jealousies, 1491

states of delirium, elderly, 1109

supportive intervention & autohypnosis along with routine preoperative care, postoperative delirium & anxiety & depression & medication requirements, cardiac surgery patients, 13022

**Delirium Tremens**

diphenylhydantoin vs chloral hydrate, alcohol withdrawal, delirium tremens & convulsions, mice, 11743

incidence & combinations of delirium tremens & toxic cirrhosis of liver & brain atrophy & multiple neuropathy & alcohol epilepsy, alcoholics, 10410

neurophysiopathology of visual hallucinations, alcoholic delirium tremens syndrome patients, 1203

**Delta Rhythm**

single vs chronic doses of lithium carbonate, alpha & theta & delta activity & concentration in serum & red blood cells, manic & depressive 19-60 yr olds, 12935

**Delusions**

agitated psychotic behavior & demonic possession syndromes evoked by Pentacostal anathema pronounced against those refusing conversion, double-delusion in 2 gypsies, 12576

coding of cognitive input, delusional patients, 12593

delusional & double-awareness & nondelusional phases, recovery from delusional thought, acutely psychotic hospitalized patients, 3247

description & diagnosis & development of delusions, infestation syndrome, 7852

personality & behavior defenses vs symptoms, purposes of delusions & hallucinations, 5372

prophecy, mystical power vs mental disorder, 7385

rapid elimination of bizarre & delusional behavior, chronic schizophrenia, 5827

tetrahydrocannabinol & alcohol, temporal disorganization & delusional-like ideation, 21-30 yr old males, 11784

treatment course (apragia syndrome) 12 yr old boy, 3594

**Dementia (Presenile)** [See Presenile Dementia]

**Dementia (Senile)** [See Senile Dementia]

**Dementia Praecox** [See Schizophrenia]

**Democracy**

analysis of Skinner's concepts, determinism & freedom in democratic society, book, 7451

democratization, therapeutic community, 5837

**Democratic Party** [See Political Parties]

**Demographic Characteristics**

admission test scores & biographical data & personality & final grades & scores on basic science exam, 3- vs 4-yr medical school program graduates, 12519

age & demographic factors, patterns of subjective deprivation, adults, 12112

age & length of stay & status & discharge rate, interaction & tension level, psychiatric patients on open-door ward of general hospital, 1879

age & race & sex & parent's educational level & reported drinking behavior & attitudes toward drinking, frequency of alcohol drinking & drunkenness, high school seniors, 7475

age, affiliative behavior, 7-17 yr old Girl Scouts, 2715

background variables, long-term adult outcome, adolescent schizophrenics, 7892

behavioral model containing demographic & economic & ecological & social psychological variables, patterns of health & illness behavior, prepaid medical group, 5751

biographical data, academic achievement prediction, black college students, 8633

change to replacement birthrate & stable population, changes in US population age distribution, 2851

cluster analysis of demographic & mental status & social history variables, treatment dropouts from community mental health center, 3812

community environment & school organization, leadership style, elementary school teachers, 1744

demographic & academic & psychological factors, male vs female medical school applicants, 3062

demographic & attitudinal variables, drug use intensity, Navy enlisted men, 9941

demographic & family characteristics, injecting vs inhaling, Navy heroin addicts, 12686

demographic & intellectual & behavior & readiness variables & preschool experience, academic achievement, 1st graders, 11012

demographic & military status & job & health related variables, job satisfaction, navy enlisted men, 13353

demographic & occupational factors & ship organization, illness rates, US Navy enlisted men, 5738

demographic & personality correlates, attitude toward invasion of privacy in personnel selection process, job applicants, 8795

demographic & psychological differences, pregnant women choosing abortion vs full term birth, 7432

demographic & psychosocial data, impulsive homicidal frenzy, survey of 18 cases, Laos, 10355

demographic & psychosocial factors & perceptions & values of purveyors of mental health resources vs availability & organization of services, utilization of community mental health centers, blacks, 8428

- demographic & social characteristics, applicants for methadone maintenance, 5938
- demographic & socioeconomic factors & religious orientation, recruitment to Catholic Pentecostalism, participants vs nonparticipants, 9919
- demographic assessment & self-evaluation of anxiety & depression, schizophrenics & personality disordered & other psychiatric patients, 3159
- demographic characteristics & age, base rates of MMPI low-points, precollege males, 3008
- demographic characteristics & family background & psychometric data, performance on Kohs' learning potential procedure, educable mentally retarded, 7998
- demographic characteristics & hospital records, discharged psychiatric patients who returned to hospital within 30 days vs nonreturners, 10864
- demographic characteristics & in- vs outpatient treatment, treatment outcome, 12-20 yr old psychiatric patients, 10542
- demographic characteristics & rating data, juvenile offenders in prison for young men, 7956
- demographic characteristics & social influences, choice of colleges, longitudinal survey of high school seniors, book, 1758
- demographic characteristics, affluent suburban runaways, implications for school counselors, 1235
- demographic characteristics, attitudes toward inner-city residents, policemen, 12138
- demographic characteristics, attitudes toward marihuana & alcohol use, college students, 2809
- demographic characteristics, attitudes toward pregnancy & decision for abortion vs maternity home, unmarried pregnant women, 12156
- demographic characteristics, college & noncollege male homosexuals, 2826
- demographic characteristics, drug taking vs abuse, 7975
- demographic characteristics, language development, 3 yr olds, 7325
- demographic characteristics, males indicted for capital offense in Massachusetts during 1965-1969 vs males in 1960 US census in state, 12668
- demographic characteristics, preferences for type of business & reader- vs company-oriented recruitment advertisements, college students, 1938
- demographic composition & hospitalization history & ward & 1st placement after discharge, readmission, returning vs nonreturning discharged patients, 6154
- demographic indicators of social status & positive vs negative social indicators of authoritarianism, conservative preferences in 1972 presidential election, 7469
- demographic variables & sexual experience, 13-17 yr old females seeking contraceptive assistance, 7487
- demographic variables & social class & expectations of psychotherapy & duration of child's therapy, parents & children, 5888
- demographic variables, attempted suicide, college students vs psychiatric & normal controls, 5675
- demographic variables, participation in work-study rehabilitation school program, former educable mentally retarded students, 8692
- demographic, admissions & mental status information, prediction of danger to others, psychiatric patients, 3179
- demography & psychiatric diagnoses, patients in community mental health center, 5612
- development & validation of career-intent & demographic & environmental & attitudinal factors, prediction of officer career status, 6459
- drug user characteristics & experiences with drugs & life-adjustment & motivation for treatment & program & outcome, drug treatment programs, effectiveness, 3649
- epidemiology & demographic characteristics, Vietnam soldier heroin addicts, 3307
- factors derived from demographic & personality variables, predicting marihuana usage, college students, 2864
- family & social & occupational background & criminal record, long-term recidivist criminals, 13029
- family demography, personality & intelligence, adolescents, 12448
- frequency sensitivity of auditory nervous system, encoding geographic dialects, cricket frogs, 526
- geographic area of enlistment & religious preference & aptitude scores & race & educational level & age at enlistment & other drug use & job performance & promotion rate, cannabis using vs nonusing airmen, 12190
- interviewer demographic characteristics & attitudes toward aged, interviewing interaction, interviewers & aged, 10018
- inventory of member responses to individual biographical & demographic & professional information questionnaire items, American Psychological Association manpower data system, 5420
- job satisfaction & tension vs social rewards & costs & status consistency vs marital status & professional commitment & community involvement, decision to remain in original job vs move to similar organization vs to leave, employees, 4204
- long-term dense urban living, mental illness, 5579
- national survey, demographic data & salaries & contracts & professional issues & practices, school psychologists, 3070
- observational data & in-depth questionnaires, consumers of erotica in San Francisco, 9967
- personal & demographic factors, desertion among Army accessions, implications for selection & management, 8806
- personal & demographic factors, desertion, US Army accessions entering when entrance requirements were less restrictive, implications for personnel selection & management & anticipated desertion rates, 4158
- personal background & job satisfaction & personality, southern Indian officials of community development, book, 6462
- personal characteristics, attitude changes toward protesting, college freshmen, 1841
- personality traits & demographic & family background characteristics, drug abuse, 15-25 yr olds, 10418
- personality traits & demographic characteristics & involvement in drug culture, heroin users vs users of marihuana & other nonheroin drugs, 5155
- personality traits & demographic characteristics, alienated adolescents & young adults, 12165
- phenomenologic & demographic & genetic & treatment response variables, unipolar manics vs bipolar manic-depressives, 10272
- preschool social-emotional & cognitive functioning & demographic variables, elementary school achievement, black & white lower- & middle-class boys, 8648
- press & status environmental forces, mental ability test performance, 13257
- prevalence of suicide & attempted suicide, Edinburgh, 5640
- profile, student personnel workers in junior & community colleges, 3924
- race & length of sentence & IQ & recidivism & age & marital status, homosexual vs non-homosexual behavior, female prisoners, 7970
- reliable demographic & behavioral correlates of single-scale MMPI code types, psychiatric patients, 12573
- sex & age & diagnosis & residence area & payment method & monthly distribution of patients, neuropsychiatric patients, 3102
- social & psychological & economic characteristics, fashion innovativeness & opinion leadership, college females, implications for fashion process theory, 2854
- social-demographic variables of immigration patterns & poor education & ethnic origin & recency of arrival in Israel, out-of-wedlock births, Israel, 7453
- social-psychological correlates, experience with & attitudes toward explicit sexual materials, national survey data, 9988
- socioeconomic & demographic variables, illiteracy rates, American 12-17 yr olds, 2776
- sociological characteristics, myocardial infarctions, 41-60 yr olds, 1330
- Demonstrations (Social)** [See Social Demonstrations]
- Dendrites**
- basilar dendrite bundles of giant pyramidal cells, cats & mice & rats & monkeys, 4543
- continuous exposure to light from birth to 35 days of age, dendritic length & branching of neurons of dorsal lateral geniculate nucleus, rats, 317
- dendritic development in neocortex, children with severe mental defects & infantile spasms, 8018
- Denial**
- analogous descriptions of other patients, acceptance of own illness, hospitalized patients, 1434
- salience of consequences & responsibility denial, volunteering for helping behavior, female college students, 12347
- Denmark**
- cross-cultural differences, attitudes toward marital infidelity, college students from Sweden & Denmark & Taiwan & Belgium & US, 7400
- current topics in Scandinavian psychiatry, 8166

- depression rating scale: international reliability & communicability  
Swedish & Danish & English hospitalized psychiatric patients.  
3128
- easy availability of pornography, incidence of sex crimes, Denmark.  
9962
- heredity & place of birth & final residence, counseling, monozygotic  
vs dizygotic twins, 11640
- Dental Education**
- motivational models & instructional strategies, improvement of  
dental health behavior & increasing dental health education in  
classroom, senior elementary education majors, 3927
- Dental Treatment**
- attribution of arousal to anesthetic injection vs dental treatment,  
anxiety, dental patients, 7927
- dental problems, degree of neglect, male alcoholics vs nonalcoholic  
neuropsychiatric patients, 1212
- displacement activities: dental patients vs nonpatients, 11525
- heart rate increase: measure of dental drill phobia, 3215
- hypnosis: dental practice, 8440

- experimental analysis of covert impulse & depression responses as mediators of consummatory stimulus-response sequences, 258
- factor vs cluster vs group vs discriminating function analysis, classification of depression states, 12568
- familiar vs unfamiliar material & paced vs unpaced trials, deficit in serial learning, untreated elderly depressed patients vs those who experienced remission, 12654
- family background, differentiation of depressive illness into depression spectrum disease & pure depressive disease, 12655
- fear of pregnancy, use of oral contraceptives, females, implications for premenstrual depression, 7669
- free painting as group therapeutic technique, disadvantaged depressed children, 3756
- Glyo 6, acute depression, emotionally disordered patients, 3643
- goal discrepancy, depression, college students, 6850
- group counseling, self-esteem & anxiety & depression & hostility, middle-class women, 10782
- health characteristics, aged Ss with vs without depressive symptomatology, 3110
- herpesvirus type 1 antibody levels, patients with depressive illness & psychopathic disorder, 3234
- imipramine hydrochloride, measurement of action using infusion of initiated norepinephrine & tritiated metabolites in urine, depressed inpatients, 10647
- induction & alleviation, depression, monkeys, 9731
- insulin coma therapy, carbohydrate metabolism, 17-51 yr old schizophrenic & chronic depressive patients, 13014
- Intensity & Consistency & Element Consistency & Social Deviation scores on Bannister-Fransella Grid Test of Thought Disorder, thought- & non-thought-disordered schizophrenics & manics & depressives, 1147
- internal vs external psychic problems, depression, elderly, 2753
- interpretative psychotherapy vs unsupervised sessions & nondirective psychotherapy vs behavior modification, within-session changes in feelings of depression, psychiatric patients, 12982
- iprindole & lithium, amine uptake in vascular tissue measured by norepinephrine release or tyramine sensitivity, depressed & manic-depressive patients, 8235
- labeled L-tryptophan, concentration in urine & plasma & conversion to labeled 5-hydroxyindoleacetic & labeled indoleacetic acid, depressed patients, 12879
- lateral preference, neurotics with diagnosis of neurosthenic & depressive symptoms, 5557
- levodopa & desipramine & decarboxylase inhibitor combination, treatment of depression, 1453
- levodopa therapy, depression & psychopathology, parkinsonian patients, 5929
- levotryptophan, depression & mania & cerebrospinal fluid & platelet & urinary levels of serotonin & 5-hydroxyindoleacetic, depressive & manic-depressive patients, 5936
- lithium carbonate, recurrent affective illness, manic-depressive & depressive patients, 5943
- lithium carbonate, 27-72 yr old depressed patients, 8243
- lithium treatment, predicting clinical responses, male depressed inpatients, 5934
- Ludiomil vs imipramine, depressed patients, 8277
- MAO inhibitors, efficacy in treatment of depression, review of double-blind studies, 8275
- methyltestosterone & imipramine, conversion of depression to paranoid reaction, male inpatients, 1490
- mood disturbance in "Beowulf," implications for etiology of depression, 939
- multivariate analysis, type of psychotropic medication prescribed, neurotic outpatients with diagnosis of mixed anxiety-depression, 8234
- multivariate statistical analysis, psychic & somatic symptoms, depressive patients, 3154
- nondominant unilateral & bilateral electroconvulsive therapy, memory, 19-65 yr old endogenously depressed patients, 13017
- nortriptyline, plasma level, endogenous depression, 12908
- oral nortriptyline, plasma concentrations & therapeutic effectiveness, females with endogenous depression, 12907

- oral vs iv chlorimipramine, onset of action & improvement, depressed psychiatric patients, 1455
- orally administered cocaine, sleep & rapid eye movement sleep, depressed inpatients, 12918
- overt predisposing behavior, coronary disease patients, 7833
- perception of depression in self & others, male alcoholics, 10406
- phenelzine & amitriptyline, depressive illnesses, patients, 10650
- physostigmine vs neostigmine, depressive & manic & no affective symptoms patients, 3673
- physostigmine, depression, psychiatric patients, role of acetylcholine in etiology of affective disorders, 12901
- piptadrol, depressed outpatients, 5946
- pizotyline at 2 dosage levels vs 1 dosage level of amitriptyline, depression, community mental health clinic outpatients, 1474
- predrug baseline & drug treatment psychomotor activity, diagnostic & prognostic value, hospitalized depressives, 12607
- probenecid technique, disturbances of cerebral 5-hydroxytryptamine metabolism & occurrence of depressive symptoms, 12649
- probenecid test, predictive value regarding efficacy of treatment with 5-hydroxytryptamine precursors, hospitalized depressed patients, 8280
- probenecid, increase in acidic metabolites of biogenic amines in cerebrospinal fluid, depressed patients, 8257
- probenecid, lumbar cerebrospinal fluid 5-hydroxyindoleacetic acid & homovanillic acid, patients with affective disorders, 7819
- procaine hydrochloride administered intramuscularly, depression, senile-arteriosclerotic Sa, 1476
- prolyl-leucyl-glycinamide, inhibition of melanocyte-stimulating hormone-release, females with unipolar depression, 3644
- psychological reactions to renal failure & defense mechanisms in depression prevention, dialysis patients, 5723
- psychopathological antecedents & transformations, T. S. Eliot & "The Waste Land", 10137
- psychopathology factors, interview & ward behavior & self-reported ratings, hospitalized depressed patients, 7898
- psychotherapy & drugs, depression following schizophrenia, 21-yr-old woman, 5851
- psychotherapy & pharmacotherapy, terminally ill patient, 36-yr-old female with functional depression, 3585
- race & sex & age & education & socioeconomic status, depressive symptomatology, residents of Florida county, 5615
- race, self-rating of depression, college students, 3193
- rape during childhood, anxiety & depression related to opposite sex, female patients, 5561
- rapid & gentle pharmacotherapy vs use of tricyclic & monoamine oxidase inhibitor psychic energizers, depression, 3680
- relaxation vs noise stress, forearm muscle blood flow, patients with mixed depressions vs anxiety state, 12577
- reliability & validity, PNI scales as measure of paranoia & neuroticism & depression, psychiatric patients vs normals, 7815
- REM sleep deprivation, depression, 7918
- reserpine vs alpha-methyl-paratyrosine vs parachlorophenylalanine, brain biogenic amine depletion & mood, relation to clinical depression, 10313
- reserpine vs clonidine, depressive reactions, hypertensive vs nonhypertensive patients, 3693
- response sets, depression & anxiety & coronary predisposition measures, 7901
- retrospective memory, coping with hopelessness & depression, aged, 2760
- rubidium, concentration in blood & cerebrospinal fluid, depressed inpatients, 11735
- Sanorex, obesity-depression, obese patients, 1469
- school psychologist's role in multidisciplinary approach to inschool pupil management, acutely anxious & depressed students in large urban high school, 4106
- seasonal alternation, depression & neurotic disorders, men over 50 living in country town & rural area in Finland, 5613
- seasonal variation, completed suicides & depressive disorders, 3278
- self-modification through awareness, depression, 4 female college students, 12867
- severity of illness & clinical psychopathology & response to ECS therapy, uni- vs bipolar depressive patients, 7808
- silent videotapes of psychiatric patients, identification of depression on basis of nonverbal cues, psychology faculty & graduate & college students, 12652
- sleep deprivation & dormutil & induced hyperventilation, EEG diagnosis of paroxysms & depression of obscure origin, 7821
- sleep deprivation & thymoleptic medication, sodium & potassium in serum & erythrocytes & calcium & chloride in serum & hemoglobin & erythrocytes number & hematocrit, depressive patients, 8171
- social milieu, inner experience of suicidal depression, 5594
- success, depressive-type psychic reactions, 7882
- succinylcholine-modified electroconvulsive shock therapy, systolic blood pressure, depressed patients, 13020
- suicidal tendencies & feelings of worthlessness, depressed patients, 3182
- sulpiride as neuroleptic drug with antidepressant & stimulant effects, psychoneurosis & depression & anxiety & hypochondria, inpatients, 8255
- sulpiride, depressed & schizophrenic patients, 3629
- supportive intervention & autohypnosis along with routine preoperative care, postoperative delirium & anxiety & depression & medication requirements, cardiac surgery patients, 13022
- symptoms & neurotic characteristics, neglected woman syndrome, married 24-44 yr old females, 3201
- theory & research, nature & genesis of depressive disorders, book, 3136
- therapist training, detection of nonverbal clues for depression, undergraduate vs graduate counseling students vs clinical faculty, 10260
- thiothixene, depression & plasma concentration, inpatients, 3636
- thyrotropin-releasing hormone, affective state & plasma thyrotropin & prolactin responses, severely depressed patients, implications for differential diagnosis, 10614
- thyrotoxic, hypothyroidism, anxious & depressed & paranoid & hallucinating & confused patients, 3657
- training in social learning principles & immediate feedback as to perception of patient-spouse verbal interactions & reciprocal behavioral contracts, depressed outpatients, 8348
- tranylcypromine, eyelid conditioning & paired-associate learning, depressed patients, 10654
- trazodone differential effects, depressed vs schizophrenic vs geriatric patients, 5896
- tricyclic compounds, prophylaxis against depression, obsessive compulsive persons, 10608
- unilateral vs bilateral applications of electrodes in ECS therapy, antidepressant efficiency & retrograde & anterograde amnesia & posttreatment confusion, 5808
- validity & reliability, Sandoz Clinical Assessment-Geriatric rating scale as measure of diagnostic differentiation between early senile deterioration vs depression, aged, 5602
- Visual Analogue Mood Scale, reliability & validity & clinical application for distinguishing affective from other psychiatric disorders, psychiatric & orthopedic patients, 3168
- WAIS performance patterns, depressed & brain damaged elderly patients, 1088
- Wechsler Adult Intelligence Scale Vocabulary & Digit Span subtest scores, differential diagnosis, patients diagnosed as depressive vs dementia, 10286
- weekly psychotherapeutic sessions, depression, 26-yr-old male facing heart surgery, 3547
- 2-phenylethylamine & its metabolites in urine & brain, modulation of affective behavior, depressed patients & mice & rats, 9364
- 3-methoxy-4-hydroxyphenethylene glycol excretion, depressed patients, 12616
- 3-methoxy-4-hydroxyphenylglycol concentration in cerebrospinal fluid, patients with unipolar depressive illness, 3253
- Depression (Spreading)** [See Spreading Depression]

- amantadine & levodopa methyl ester & dextroamphetamine sulphate & apomorphine HCl, conditioned avoidance response acquisition, male rats, 11730
- apomorphine & dextroamphetamine, behavior in competitive situation for food in straight runway, rats, 2486
- beta-phenylethylamine vs dextroamphetamine sulfate vs iproniazid phosphate, locomotor activity, male rats, 7069
- bilateral caudate vs hippocampal & septal lesions, passive avoidance learning & sensitivity to dextroamphetamine & scopolamine at 1-2 vs 7-8 vs 28-29 days after surgery, mice, 9430
- chronic dextroamphetamine administration, abnormal behavior changes, rats, 4724
- chronic dextroamphetamine, food intake & body weight & locomotor activity & subcellular distribution of drug in brain, rats, 4771
- dexedrine usage patterns, college students, 2824
- dextro- & levoamphetamine & para-hydroxyamphetamine hydrobromide, discriminative response control, male rats, 9526
- dextro- vs levoamphetamine-induced taste aversion to saccharin solution, rats, 11722
- dextroamphetamine & amylobarbitone mixture, sensory-contingent barpressing for novel & familiar sensory change, female rats, 9508
- dextroamphetamine & food deprivation or body weight, food consumption, rats, 4770

- dextroamphetamine & handling during intertrial interval, I-way- vs shuttle-avoidance behavior, rats, 11746
- dextroamphetamine & phenobarbital & extraversion, kinesiethic figural aftereffects, male graduate & postgraduate students, 7065
- dextroamphetamine & scopolamine, avoidance acquisition & brightness discrimination, rats, 11711
- dextroamphetamine before & after bilateral ablation of frontal cortex on fixed interval reinforcement schedule, barpress responding, rats, 6943
- dextroamphetamine choreiform movement, patients with Huntington's & Sydenham's chorea, 10632
- dextroamphetamine dosage, acquisition of light contingent bar pressing, rats, 4743
- dextroamphetamine dose level, discrimination of visual stimulus durations, male pigeons, 9584
- dextroamphetamine interaction with CNS depressants, food intake & spontaneous motor activity, mice, 9479
- dextroamphetamine sulfate & alpha-methyl-p-tyrosine, changes in aversive threshold to electric shock, male rats, 7068
- dextroamphetamine, body temperature & motor activity & conditioning using hypothalamic stimulation as reward, thalamic rats, 9395
- dextroamphetamine, brain acetylcholine, young vs adult vs aged rats, 11823
- dextroamphetamine, exploratory activity & formation of labeled norepinephrine from labeled tyrosine, rats pretreated with parahydroxynorephedrine, 11754
- dextroamphetamine, facilitation of avoidance acquisition & performance changes subsequent to drug termination, male rats, 4718
- dextroamphetamine, fixed ratio 30 performance with food vs brain stimulation reinforcement, rats, 9496
- dextroamphetamine, ipsilaterally vs contralaterally rotated unilateral ablations of frontal cortex, modulating influence of frontal cortex on nigro-striatal function, rats, 11646
- dextroamphetamine, perceptual reactance & personality, 21-34 yr olds, 7091
- dextroamphetamine, rate-dependent effects on locomotor activity, female mice, possible relationship to paradoxical amphetamine sedation in minimal brain dysfunction, 459
- dextroamphetamine, spontaneous activity in caudate nucleus & reticular formation, male rats, 9513
- electrolytic brain lesions, role of dopamine containing areas & pathways of extrapyramidal & mesolimbic systems in mediation of stereotyped behavior induced by dextro- & levamphetamine, male rats, 6938
- hallucinogenic & nonhallucinogenic indolealkylamine & phenethylamine derivatives, motor activity & avoidance behavior acquisition, male rats, 9590
- intramuscular dextroamphetamine, response proportions to fixed-interval reinforcement interval proportions, pigeons, 9489
- intraperitoneally injected dextroamphetamine, sulfate, susceptibility to audiogenic seizures, mice, 4652
- intraventricular & intraperitoneal dextroamphetamine, active avoidance performance, male rats, 390
- levamphetamine & dextroamphetamine, narcolepsy, 5941
- long-term administration of dextroamphetamine, augmentation of motor activity & stereotypy, male rats, 9576
- MAO & catechol-O-methyltransferase & dopa-decarboxylase, catalepsy induced by dextroamphetamine & alpha-methyl-para-tyrosine, female rats, 7113
- manhuan & dextroamphetamine, dose-effect relationship on neurophysiological & cardiorespiratory variables, male manhuan users, 2436
- methylphenidate & dextroamphetamine, learning & retention, hyperactive children, 8219
- phenfluramine & dextroamphetamine & phentolamine, eating behavior, rats, 7034
- probenecid & large dose of dextroamphetamine, cerebrospinal fluid homovanillic acid, 36-yr-old amphetamine abuser, 5623
- scopolamine & dextroamphetamine, epinephrine effects on open-field & avoidance behavior, rats, 11801
- secobarbital & dextroamphetamine, tracking performance during angular acceleration & static conditions, males, 2479
- self-administration of dextro- & levoamphetamine, drug level, male rats, 4815
- septal lesions & scopolamine & dextroamphetamine & methylscopolamine & hydroxyamphetamine, time-dependent changes in avoidance performance, rats, 4602
- small vs moderate vs large doses of dextroamphetamine, muscular endurance & heart rate during ergometer performance, male college students, 11827
- subcutaneous injections of caffeine, dextroamphetamine- & apomorphine-induced stereotyped behavior, guinea pigs, 9529
- tyrosine hydroxylase & dopamine-beta-hydroxylase inhibition vs 6-hydroxydopamine treatments, dextroamphetamine induced motor activity, male rats, 9516
- Diabetes** [See also Diabetes Mellitus]  
counseling & rehabilitation, diabetes, book, 12826  
intraventricular hypothalamic administration of insulin, short-term food consumption, normal vs diabetic rats, 9435  
personality characteristics, diabetic child, 8087  
prevalence of diabetes, Sa with Down's syndrome, 3440

XXY chromosome sex determining mechanism, intersexuality, transsexual, 7965

**Dialect** [See also Nonstandard English]

final consonant blends in Black dialect, 5295

free-recall of vocabulary words & sentences presented in black dialect vs standard English, black vs white children, 9813

political vs linguistic conceptions, linguistic theory & language teaching & sociolinguistics, implications for black Americans, 2966

standard vs black nonstandard English, dialect proficiency & auditory comprehension, black 2nd graders, 7609

**Dialectics**

dialectical materialistic philosophy, social aspects & etiology & treatment of mental illness, Bulgaria, 10553

dialectical reasoning & theories of juxtaposition of opposites & ultimate emergence of new phases, neurotic's mode of apperception & behavioral consequences, 6482

**Dialysis** [See also Hemodialysis]

psychoanalysis, postsurgical experiences, renal dialysis & kidney transplant patients, 3784

psychological reactions to renal failure & defense mechanisms in depression prevention, dialysis patients, 5723

**Diaphragm (Anatomy)**

lithium ions & insulin, glucose utilization & glycogen synthesis & synthase, isolated rat diaphragm, 11751

**Diarrhea**

intestinal biofeedback technique, functional diarrhea, 15-62 yr old females, 8319

urinary excretion of homovanillic & vanillylmandelic acid, Ss with anxiety-induced diarrhea, 8143

**Diastolic Pressure**

biofeedback control of systolic & diastolic pressure & heart rate, essential hypertensive patients, 3531

carbon dioxide-oxygen inhalation, heart rate & diastolic & systolic blood pressure & subjective anxiety, adults, 2352

systolic- vs diastolic-contingent feedback, blood pressure control, college students, 6693

treatment caution, stress polycythemia & hypertension, 12766

**Diazepam**

benztropine & diazepam & diphenylhydantoin & tryptophan, 45-79 yr olds with tardive dyskinesia & 42-67 yr olds with rabbit syndrome, 10631

benztropine mesylate vs diazepam vs diphenylhydantoin vs tryptophan, tardive dyskinesia & rabbit syndrome, 42-79 yr old patients, 3660

chlordiazepoxide & diazepam & phenobarbitone & alpha-prophyl-dopacetamide, turnover changes in central 5-hydroxytryptamine pathways, rats, 9538

chlorpromazine vs imipramine vs diazepam vs phenelzine, depressive disorders, 16-70 yr old patients, 5944

clorazepate dipotassium vs diazepam, anticonvulsant effects, monkeys, 2467

Corioli's accelerations & diazepam, clinical & endocrinological effects, 17-45 yr olds, 9381

dantrolene sodium vs diazepam vs chlordiazepoxide vs neuromuscular blocking agents vs local anesthetics, righting reflex loss & acute toxicity & motor coordination, male mice treated with morphine sulphate, 11736

diazepam & chlorpromazine & amphetamine, timing behavior on fixed-interval or differential reinforcement schedules, rats, 11758

diazepam & flurazepam & chlordiazepoxide, potentiation of hypnotic effect of steroid anesthetics, mice & rats, implications for clinical application, 9515

diazepam & nitrazepam & chlordiazepoxide, operant conditioning, rats, 4811

diazepam & nitrazepam & lorazepam & pentobarbital, cortical & subcortical brain regions & sleep & waking behavior, cats, 445

diazepam & nitrazepam & lorazepam & pentobarbital, EEG of night sleep, 444

diazepam & nitrazepam, intra- & extracellular distribution of sodium & potassium ions in brain, rats, 6958

diazepam dosage, eating & drinking & leverpressing, rats, 9594

diazepam plus imaginal flooding & practice exposure to phobic situation, severely agoraphobic patients, 1514

diazepam vs phenelzine vs placebo, anxiousness & hostility, depressed patients, 3689

diazepam-seeking behavior, psychiatric patients, 7924

diazepam, akathisia, schizophrenics, 10613

diazepam, epileptic patterns of cortical & thalamic electrographic activity, turtles, 11808

diazepam, prey-play behavior, cats during prey killing, 7083

diphenylhydantoin & diazepam, time course & anticonvulsant effects on penicillin-induced epileptogenic foci, cats, 9581

electrical stimulation of lateral hypothalamus, preference for diazepam or water, male rats, 4629

ethanol, effectiveness of diazepam & morphine, rats, 4776

glaziovine vs diazepam, activity as anxiolytic drug & side effects, female inpatients with psychoneurotic or psychotic disorders, 12875

imipramine vs diazepam & weekly group psychotherapy vs biweekly supportive sessions, chronically depressed 20-50 yr old neurotic women outpatients, 5905

intramuscular vs iv diazepam, convulsions & plasma levels of diazepam & N-desmethyldiazepam, 0-15 yr old inpatients, 10617

lorazepam vs diazepam vs placebo, chronic anxiety, neurotic patients, 8267

multiple regression analysis based on individual variables & orthogonal factors, predict response to treatment with diazepam or phenobarbital, anxious & neurotic outpatients, 3641

plasma level of diazepam, use as therapeutic predictor of anxiety states, anxious neurotics, 5897

pyrazepam vs chlordiazepoxide & diazepam, disinhibitory effects on behavior & motor activity & coordination & tolerance, male mice & rats & monkeys & dogs & rabbits, 7104

subchronic vs chronic vs acute use of diazepam & N-demethyldiazepam & free oxazepam, plasma concentration, neurotic outpatients, 7077

**Dictionary**

behavioral science, dictionary, 4261

**Dieldrin**

dieldrin & metrazol, sensory & motor evoked responses & mode of action in CNS, male cats, 7076

**Diencephalon** [See also Geniculate Bodies (Thalamus), Hypothalamus, Hypophyseal System, Hypothalamus, Optic Chiasm, Thalamic Nuclei, Thalamus]

affective & diencephalic sources, vital life force, 302

bilateral lateral hypothalamic lesions, tel-diencephalic norepinephrine & striatal dopamine level, female rats, 6974

electrical stimulation of diencephalon, escape & hiding & freezing behavior, male chicks, 4630

piribedil, acetylcholine & choline levels in striatum & diencephalon & mesencephalon & cerebellum & hemispheres, female rats, 9535

X-ray atlas of sagittal plane of diencephalon, localization of brain sites, chickens, 9331

**Differential Aptitude Tests**

Differential Aptitude Test, academic success prediction, Canadian 9th graders, 11009

**Differential Diagnosis**

agreement between classifiers & categories, stability of psychiatric diagnoses, 1st admission inpatients, 12603

anxiety states vs depressive illnesses, outcome predictions & patient management, psychiatric patients, 7859

bivariate screening technique, differential diagnosis of brain damage vs other psychiatric groups, psychiatric inpatients, 3482

classification & differential diagnosis, schizophrenia, book of readings, 1103

clinical & family history & treatment-response data, validity of research criteria for diagnosis of acute schizophrenia & manic depression, consecutive patients diagnosed as acute schizophrenic upon hospital admission, 10345

clinical differences, hebephrenic & paranoid schizophrenia subtype classification, 12648

clinical validity of Hoffer-Osmond Diagnostic Test & Inpatient Multidimensional Psychiatric Scale, differential diagnosis & discrimination of schizophrenia from other groups, 1st admissions to psychiatric hospital, 7905

diagnosis & differentiation of type & process involved, treatment of depressed patients, 5803

diagnostic questionnaire, developing specific treatments for specific problems, outpatient veterans, 5509

differential diagnosis of hearing impairment, children, 10535

differential diagnosis, thought disorder, schizophrenics vs manics vs creative writers, 7810

differential psychiatric diagnosis, black vs white 1st & 2nd psychiatric hospital admissions, 3152

differentiation by MMPI, remediable vs irremediably obese women, 12786

- discriminant function analysis, differentiating depression from anxiety, 21-65 yr old neurotic outpatients, 7886
- discriminant function analysis, toy-play, 6-yr-old retardates vs normals matched on chronological or mental age, 8054
- etiology & differential diagnosis, primary & secondary male transsexualism, 3112
- family background, differentiation of depressive illness into depression spectrum disease & pure depressive disease, 12655
- hallucinations, differential diagnosis, manic depressives vs paranooids vs schizophrenics, 3205
- Halstead Impairment Index & R. M. Reitan's Trail Making & Grip Strength Tests, differential diagnosis, patients with cerebral dysfunction vs personality disorders, 3133
- Halstead-Reitan battery, apparent inconsistencies & differences between organic & schizophrenic groups, reply to C. G. Watson's data, 5567
- Homosexuality scale of J. H. Panton, distinguishing active vs situational homosexuality, inmates, 5652
- incidence vs degree of rotation on Minnesota Percepto-Diagnostic Test, brain-damaged vs process schizophrenic inpatients, 7799
- intelligence measures & neurophysiological tests, diagnosing of multiple sclerosis, multiple sclerosis sclerosis vs psychiatric patients vs brain damaged, 7798
- Intensity & Consistency & Element Consistency & Social Deviation scores on Bannister-Fransella Grid Test of Thought Disorder, thought- & non-thought-disordered schizophrenics & manics & depressives, 1147
- inter- & intrajudge agreement, separation of stuttering & disfluency in 2 unambiguous response classes, 8115
- length of hospitalizations, significant Halstead battery differences between psychiatric hospital organic & schizophrenics, reply to J. Levine & A. Feinstein study, 6189
- major & minor criteria symptoms, differentiation of schizophrenic syndrome from other psychiatric entities, 19-63 yr old schizophrenic & nonschizophrenic patients, 10359
- Mini-Mult vs standard MMPI, psychodiagnosis, state mental hospital patients, 5588
- MMPI scores, differential misdiagnosis of psychosis from behavior disorders, black & white patients, 5519
- multivariate clustering procedures, delineation of homogeneous MMPI profile subgroups, opiate addicts, 7929
- neurological & psychometric & developmental & demographic & academic variables, differential diagnosis of learning disabilities, 9-10 yr olds with emotional disturbance & minimal neurological dysfunction & intellectual subnormality & specific dyslexia, 3365
- premorbid & morbid factors relevant to process-reactive distinction, posthospital adjustment, schizophrenic vs nonschizophrenic patients, 3864
- problem type identification & classification & intervention, school maladjustment problems, school age children, implications for psychotherapeutic approach, 13267
- pseudoneurologic scale & Hovey complex indices of MMPI, differential diagnosis, multiple sclerosis vs pseudoneurologic patients, 3469
- psychodiagnosis of dementia, hospitalized mentally defective patients over 45 yrs old, 12633
- psychological characteristics & social adaptation, retardation due to genetic factors vs CNS damage, adolescents, book, 5686
- reliability & validity of Kahn Test of Symbol Arrangement, perception & emotion & brain-damaged & suicide evaluation, 1072
- scoring method using configurational analysis, Bender-Gestalt test, 11220
- severity of illness & clinical psychopathology & response to ECS therapy, uni- vs bipolar depressive patients, 7808
- social environment & vocational potential, classification based on hearing loss & communication methods, deaf vs deafened vs hard of hearing vs hard of hearing signer, 3427
- subtype diagnosis of schizophrenia, change from 1920-1966, patients admitted to general psychiatric hospital, 10320
- temporal speech rate units, differential diagnosis of communication disorders, 5713
- thought disorder type on Rorschach based on degrees of boundary disruption, assessment of extent of pathology, psychotic patients, 12572
- thyrotropin-releasing hormone, affective state & plasma thyrotropin & prolactin responses, severely depressed patients, implications for differential diagnosis, 10614
- Token Test, discrimination between aphasic & nonaphasic hospitalized patients, 8139
- validity & reliability, Sandoz Clinical Assessment-Genetic rating scale as measure of diagnostic differentiation between early senile deterioration vs depression, aged, 5602
- Visual Analogue Mood Scale, reliability & validity & clinical application for distinguishing affective from other psychiatric disorders, psychiatric & orthopedic patients, 3168
- Wechsler Adult Intelligence Scale Vocabulary & Digit Span subtest scores, differential diagnosis, patients diagnosed as depressive vs dementia, 10286
- Differential Limen** [See Thresholds]
- Differential Personality Inventory**
- sex differences, Differential Personality Inventory, male vs female alcoholics, 7949
- Differential Reinforcement**
- auditory & visual signals for response-independent food, food-reinforced pecking & treadle-pressing, male pigeons, 4863
- delta-9-tetrahydrocannabinol, acute tolerance to effects on spaced responding, male monkeys, 7088
- diazepam & chlorpromazine & amphetamine, timing behavior on fixed-interval or differential reinforcement schedules, rats, 11758
- differential reinforcement of low rates performance, crows vs pigeons, 7200
- differential reinforcement of other behaviors, aggressive & self-injurious behavior reduction, institutionalized retarded 8-13 yr olds, 12976
- differential reinforcement, performance on color & form dimension during acquisition of 2-cue problems, male monkeys, 9623
- differential vs nondifferential reward magnitude training in nonchoice brightness discrimination apparatus, positive & negative stimulus depression effects, rats, 4866
- differential-reinforcement-of-low-rate & VI schedules, response rate & interresponse-time distributions, pigeons & rats, 2559
- differential-reinforcement-of-low-rate schedule values, response rate, pigeons & rats, 11889
- intermittent vs differential reinforcement efficiency, 9274
- intrahippocampal application of cholinergic agents & blockers, performance in differential reinforcement of low rates & Sidman avoidance paradigm, male rats, 7002
- magnitude of reward, positive discrimination contrast effects, college students, 11396
- multiple fixed-ratio variable-ratio reinforcement schedules, attack on live target cage mate, pigeons, 11906
- omission training through differential reinforcement of other behavior, socially inappropriate target behavior deceleration, male 14-15 yr old retardates, 1680
- overt & covert forms of collateral behavior & verbalization of reinforcement contingency & differential reinforcement of low rates performance, female college students, 4429
- performance influence, development of tolerance to amphetamine, rats, 7036
- responding for food on differential reinforcement of low rate schedule, heart rate changes, dogs, 9366
- schedule value, development of temporally space responding, male rats, 11838
- septal area lesions, immediate & long-term effects on performance on differential reinforcement of low rates schedule, male rats, 6997
- septal lesions & differential proprioceptive feedback, differential low rate reinforcement performance, rats, 11844
- stimulus duration, observing behavior maintained by differential reinforcement magnitude, male pigeons, 2507
- successive approximation & differential reinforcement, treatment of astasia-abasia, 1532
- Difficulty Level (Test)**
- multiple-choice vs true-false item format, reliability & difficulty, college students, 13272
- number of defining attributes & mean level of conceptualization of concepts' attributes, concept difficulty, 10th graders, 11443
- test anxiety, response latencies on easy vs difficult test items, college students, 11546
- Digestive System** [See also Gastrointestinal System, Intestines, Liver, Taste Buds, Teeth (Anatomy), Tongue]
- foreleg posture, responsiveness to alimentary stimulus, insect *Rana linearis*, 7260
- Digestive System Disorders** [See also Cirrhosis (Liver), Diarrhea, Fecal Incontinence, Gastrointestinal Ulcers, Hepatitis, Liver Disorders, Ulcerative Colitis, Vomiting]

hypnotherapy, patient with severe diaphragmatic clonus, 8215  
 psychoanalysis, mercyism, 20-yr-old male, 3794

# Digit Span Testing

anxiety vs aroused emotional states, WAIS & Digit Span performance with vs without time interval between sets, college students, 4503

attention instructions & order of report & digit spans, variability & control in dichotic memory, college students, 245

digit & word span immediate memory, young vs middle aged vs aged females, 12019

neurological impairment, forward & backward digit repetition, learning disabled children, 10519

Visual Aural Digit Span Test performance, 9-10 yr olds with emotional vs learning disabilities, 3375

# Digital Computers

auto-power spectrum analysis, development of EEG, 3-18 yr old normal & mentally retarded children, 9315

automated polygraph & digital computer system, measurement of respiratory resistance by forced oscillatory device, 4573

digital techniques, psychophysical research, 11197

integration of Hewlett-Packard on-line minicomputer with digital logic controlled behavioral laboratories, rat & pigeon, 4820

on-line bar graph display of physiological data, digital-to-analog converter & conventional servo recorder, 11615

SCORIT as computer subroutine, scoring skin resistance responses, 4541

Digits (Mathematics) [See Numbers (Numerals)]

Dilantin [See Diphenylhydantoin]

Dilation (Pupil) [See Pupil Dilation]

# Diphenhydramine

atropine & mecamylamine & physostigmine & propranolol & propranolol-tolazoline combination & diphenhydramine & imipramine, morphine withdrawal syndrome precipitated by naloxone, rats, 2450

contingency management vs use of diphenhydramine hydrochloride, facial grimacing in classroom, 5-yr-old language & learning disabled boy, 11049

# Diphenylhydantoin

benztropine & diazepam & diphenylhydantoin & tryptophan, 45-79 yr olds with tardive dyskinesia & 42-67 yr olds with rabbit syndrome, 10631

benztropine mesylate vs diazepam vs diphenylhydantoin vs tryptophan, tardive dyskinesia & rabbit syndrome, 42-79 yr old patients, 3660

diphenylhydantoin & diazepam, time course & anticonvulsant effects on penicillin-induced epileptogenic foci, cats, 9581

diphenylhydantoin & phenobarbital, body weight, vitamin D-deficient vs supplemented rats, 9533

diphenylhydantoin therapy, motor conduction velocities along tibial & distal sensory latency of median nerve, epileptic patients, 12885

diphenylhydantoin vs chloral hydrate, alcohol withdrawal, delirium tremens & convulsions, mice, 11743

diphenylhydantoin, anxiety & hostility, institutionalized prisoners, 5913

diphenylhydantoin, episodic dyscontrol, male adults, 12910

diphenylhydantoin, Negro chronic schizophrenics, 3696

high serum diphenylhydantoin intoxication, choreoathetoid movement, 1323

intraperitoneal injections of 5-(para-hydroxyphenyl)-5-phenylhydantoin, hexobarbital sleeping time & hexobarbital & ethylmorphine metabolism by rat liver homogenate, mice, 9582

long-term diphenylhydantoin therapy, clinical & electrophysiologic evidence of peripheral neuropathy, patients, 12883

pretreatment with diphenylhydantoin, morphine-induced mania, cats, 7058

sulthiame & diphenylhydantoin, response to hyperventilation & seizures & EEG epileptiform activity, epileptics, 10655

sulthiame therapy, phenytoin intoxication, epileptic patients, 8241

Diphenylhydantoin Sodium [See Diphenylhydantoin]

Diptera [See also Drosophila]

mating behavior, bee flies, 7244

# Directed Discussion Method

student proctor-led discussion groups vs teaching assistant-led quiz section format, learning & generalization to applied settings of behavioral management concepts, college students, 10991

# Disadvantaged

admission via admission test vs summer program, academic achievement, economically disadvantaged high school students, 11022

auditory perception training & reading instruction, reading achievement, Negro 1st graders, 4081

automated instructional techniques, learning tempos, disadvantaged 6th grade underachievers, 13169

bias-free assessment, disadvantaged minority group children, 4124

Blind Learning Aptitude Test vs Peabody Picture Vocabulary Test performance, intelligence assessment, socioeconomically disadvantaged vs nondisadvantaged Appalachian 1st graders, 11084

child-rearing practices, cognitive skills development, black children in low socioeconomic areas, 5001

comprehensive day care outpatient program vs medication & supportive therapy, alcoholism improvement rate & abstinence, socioeconomically deprived alcoholics, 12936

coordinator & advocate roles in traditional functions of counseling with poor, 8436

counseling, socially disadvantaged, 6089

counselor characteristics, counseling effectiveness, economically disadvantaged & advantaged males in junior & senior high schools, 4119

early childhood intervention Learning to Learn Project, long-term educational success, poverty children, 8697

early intervention program, mental ability & language development & self-image changes, bilingual 3-5 yr olds from disadvantaged background, 10936

ethnic & age differences, Peabody Picture Vocabulary Test & measures of operational & divergent thinking, aboriginal & disadvantaged European 6 & 8 & 10 yr olds in Australia, 7334

experiential elementary science program, manipulative skills, low-income visually-impaired 9-19 yr olds, 13235

family photograph albums, use in clinical assessment, disadvantaged disturbed children, 3217

father identification, occupational status & personal satisfaction, rural male adolescents, 1-yr follow-up, 13289

federal assistance & higher education, economically disadvantaged college students, 1719

free painting as group therapeutic technique, disadvantaged depressed children, 3756

genetic & cultural deprivation & psychoanalytic intellectual functioning, black ghetto-reared children, 4993

Head Start program approaches, cognitive & social-emotional measures & parental attitudes, disadvantaged children, 6346

individual-environmental interaction, competence, 4-5 yr old disadvantaged Negroes, 569

intelligence & aptitude measures, identification of gifted children, disadvantaged preschool & kindergarten children, 11058

intensive & individualized & integrated remedial program, learning problems, disadvantaged elementary & junior high school students, 4070

maternal childrearing vs educational attitudes, preschool performance, disadvantaged children enrolled in Head Start program & their mothers, 8642

methylphenidate hydrochloride, hyperkinetic reaction, children from economically deprived urban areas, 8239

motor vs intellectual development vs personality traits, prediction of social group status, disadvantaged adolescents, 12084

normative & attitudinal correlates, intention to work, working class & hard-core unemployed black & white 18-50 yr olds, 11095

observational techniques, determination of background music effects on verbalizations, disadvantaged kindergartners, 11978

open vs closed organizational climate & sex, language arts achievement, disadvantaged 6th graders, 1776

order of oral & written presentation of job-related information, disadvantaged trainees, 4153

paraprofessional parent-aide service, multiproblem disadvantaged families, 10680

parental participation, improved self-concept & academic performance, economically deprived elementary school students, 8621

personnel manager role in orientation & follow-up federal & state & local manpower programs, employment retention rates, disadvantaged trainee clients, 13332

placement in 24 hr/day residential centers, controlled educational intervention, very young children from impoverished milieus, 8674

positive control vs negative control vs social power theories, identificatory learning following interaction with rewarding vs punitive controlling adult vs neutral adult, disadvantaged kindergartners, 7501

- preschool curriculum based on Piaget's intellectual development theory & group parent education program using behavior modification, self-discipline, disadvantaged 4-yr-olds, 8157
- preservice teaching with economically disadvantaged, attitudes & employment patterns, student teacher trainees, 10907
- preventively oriented educational intervention program, intellectual growth, inner-city economically disadvantaged toddlers, 8678
- prompted use of word descriptors & compound sentences during free play, verbal communication, disadvantaged preschoolers, 13138
- psychological scientism, black scholars, 1716
- race & social class, beliefs & attitudes relevant to job-seeking behavior, black & white hardcore-unemployed & working-class men, 6449
- rehabilitation psychology, role in dealing with problems of deprived & disabled people, 1624
- rehabilitation, economically disadvantaged, 6123
- rehabilitation, socially disadvantaged minority groups, 6124
- relative deprivation & rising expectations, Civil Rights Movement & 1960 urban riots, black Americans, 5091
- retesting by same E & decrease in situational test anxiety, IQ gains on Peabody Picture Vocabulary Test, economically disadvantaged vs nondisadvantaged 3-6 yr olds, 13286
- roles & functions, rehabilitation psychology, 5423
- rural vs urban environment & grade level & sex, academic ability self-concept, disadvantaged 4th-6th graders, 13200
- rural vs urban environments, cognitive development, disadvantaged vs advantaged 6th graders, 9858
- self-concept & need variables, disadvantaged 16-17 yr old dropouts vs inner-city high school students, 10996
- Slosson Intelligence Test concurrent & predictive validity, disadvantaged Head Start & 1st grade school children, 13264
- social & educational & economic characteristics, assessment of vocational potential, disadvantaged, 4149
- social & professional institutions, maintenance of deviant & incompetent role, culturally disadvantaged, 5097
- social & psychological characteristics, adolescent suicide attempters in disadvantaged urban areas, 10373
- social work, Puerto Rican community, 3845
- subtest correlations & applicability to disadvantaged, Nonreading Aptitude Test Battery & General Aptitude Test Battery, 8799
- summer creativity workshop, influence on teachers & what they learn from students, 6-13 yr old gifted disadvantaged children, 8582
- summer enrichment & tutorials during academic yr, disadvantaged medical students, 10230
- teacher training for use of positive behavior contingencies, classroom discipline, inner city teachers & disadvantaged Negro 1st-8th graders, 8551
- validity & reliability, General Aptitude Test Battery, educationally deficient, 8789
- Disasters** [See also Natural Disasters]
- characteristics of crises, disaster intervention, 8434
- prevention of behavioral & emotional breakdowns following disaster, need for longitudinal and epidemiological & outcome-oriented research, 8427
- relationship between disaster & death & human ecology, 7462
- Discipline (Child)** [See Child Discipline]
- Discipline (Classroom)** [See Classroom Discipline]
- Discrimination (Cognitive)** [See Cognitive Discrimination]
- Discrimination** [See Also Related Terms]
- ability to discriminate own immobility & face-washing & walking & rearing behaviors, differential responding in 4-lever box, male rats, 11842
- discrimination & conditioning of photic evoked cortical macropotentials, male rats, 2336
- fixed-ratio & FI schedules, control of matching-to-sample errors, 4-7 yr olds, 2243
- prenatal heat stress at different gestational ages, discrimination learning, mature guinea pigs, 511
- stimulus dimension predisposition, discrimination learning, retarded children, 5683
- Discussion (Group)** [See Group Discussion]
- Diseases** [See Disorders]
- Diseases (Venereal)** [See Venereal Diseases]
- Dislike** [See Aversion]
- Disorders** [See Also Related Terms]
- ABO blood groups distribution, healthy Ss vs depressive vs schizophrenic vs somatic vs psychosomatic patients, 7872
- analysis & redefinition, developmental disabilities, 3109
- behavioral model containing demographic & economic & ecological & social psychological variables, patterns of health & illness behavior, prepaid medical group, 5751
- biofeedback, Raynaud's disease, 3541
- birth order, illness behavior & utilization of health care services, college students, 5404
- brief psychotherapy, treatment of emotional reactions to acute & chronic physical illness, physically ill geriatric patients, 10573
- demographic & occupational factors & ship organization, illness rates, US Navy enlisted men, 5738
- drug effects & pathological conditions from various diseases, acquired color vision deficiency, 5737
- experimental psychology of developmental disorders, annotated bibliography, 7804
- illness, marital relations, 10476
- interdisciplinary approach, disease & social behavior, book, 5506
- intrafamily communication & cohesiveness & decision-making & marital satisfaction & family happiness, development & reliability & validity of family functioning index, application to children with chronic physical disorders or likely to experience secondary psychological disorders, 589
- male suicides & forms of violent death in community vs female suicide & aspects of women's life vs old age suicides & mental & physical illness, 5-yr sample of suicide deaths in England & Wales, 3344
- morbidity & mortality in 1st-yr of widowhood, widows & widowers vs age & sex matched controls, 12561
- mortality & morbidity rates, concentration camp survivors, 1075
- phenomenological approach, study of behavior of sick & weak children, 1080
- physical disorders, psychological reactions, children & parents, 3453
- psychological & physical stress during pregnancy, child morbidity, 3115
- psychological differences, critically ill vs noncritically ill hospitalized patients, 8136
- psychotherapeutic approaches, aftereffects of physical illness & hospitalization, preschool age children, 3548
- relationships between subjective measures of pain, patients with & without organic diseases, 1357
- response trends on Crandall's Intellectual Achievement Responsibility Questionnaire, 8-17 yr old chronically ill vs healthy children, 5510
- Social Assets Scale measurement of education & occupation & health, prediction of physical & psychological illness & health, 7801
- social psychological analysis, concepts of health & illness, book, 7458
- social responses to infants with defects, animals, literature review, 2605
- stress-evoking factors within individual's environment, disease, 1140
- stress, physical disease onset, 3415
- surgical play vs R Gardner's mutual storytelling technique, psychopathological reactions to illness & surgery & hospitalization, children, 3551
- tertiary gain of illness, 5505
- therapist illness, psychotherapy, 3567
- work stress factors, work performance & satisfaction & illness, 13337
- Disorientation (Time)** [See Time Disorientation]
- Displacement (Defense Mechanism)**
- displacement activities, dental patients vs nonpatients, 11525
- displacement of erotic & hostile feelings from opposite & same sex parent onto opposite & same sex siblings, feelings toward sibling-in-law, college students, 7368
- Displays** [See also Animal Courtship Displays, Tactual Displays, Visual Displays]
- error signal quantization, operator compensatory tracking performance concerning time delays & attentional workload, human Ss, 8881
- Disposition** [See Personality]
- Disruptive Behavior** [See Behavior Problems]
- Dissatisfaction**
- symptoms & neurotic characteristics, neglected woman syndrome, married 24-44 yr old females, 3201
- Dissociative Patterns** [See also Amnesia, Fugue Reaction, Multiple Personality, Somnambulism]
- dissociative reactions, review & clinical study & case reports, 7860

- high dosages of rapidly ingested alcohol, verbal memory & motor-skill learning & autonomic control dissociation, nonalcoholic male college students, 11752
- near-simultaneous independent & measurable cognitive activities & structures, neo-dissociation theory, 11386
- persistence of hypnotic suggestion as disabling symptom, 36-yr-old male, 7908
- Dissonance (Cognitive)** [See Cognitive Dissonance]
- Distance Discrimination** [See Distance Perception]
- Distance Perception** [See also Apparent Distance]
- accommodative micropsia, size-distance paradox, college students, 9096
- age & stimulus position & distance, size comparisons, 5-9 yr olds, 9784
- boundary, height-distance ratio & actual size of space, perception of openness-enclosure of architectural space, college students, 13415
- distance & size & angle of orientation of standard rectangle, shape constancy development, Ss with mean ages of 4.3 & 11.4 & 19.5 & 75.6 yrs, 581
- distance judgments, over ground vs photographs, conscripts, 4224
- distorted texture density gradient, relative size & distance judgment correlations, adults, 6631
- feedback, averaging of 2 fixed-movement of motor lengths, college students, 4374
- modification of inverse square root law, emotional involvement & subjectively perceived geographical distance, college students & geography professors, 9287
- motion parallax, distance estimation underwater, Navy personnel, 11283
- movement parallax due to head movements & perspective pattern transformation as cues, monocular perception of absolute distances in near space, 17-19 yr olds, 148
- perceived size & distance, oculomotor adjustments, 16-30 yr olds, 9089
- stimulus angle & illumination & distance lipreading, 13-16 yr old profoundly deaf children, 10423
- stimulus distance & illuminance, visual acuity development, deermice, 4932
- verbally communicated size cues, judgment of absolute distance of target, college students, 9098
- Distortion (Perceptual)** [See Illusions (Perception)]
- Distractibility**
- attention-demanding & modality-specific distractors, tactile short-term memory, blind & sighted 5-7 & 9-10 yr olds, 12792
- classroom behavior management techniques, attention & academic achievement, highly distractible 5th & 6th graders, 10989
- cubicles vs increased stimulation, task performance, distractible vs nondistractible 1st graders, 4089
- distraction & postural & kinesthetic cues, recall in delayed reaction task, 2-4 yr olds, 11985
- distraction due to monitoring light flashes by visual vs vocal vs manual vs vocal-manual means, acceptance of persuasion & inhibition of counterargumentation, college students, 12323
- E presence vs absence & relevant vs irrelevant cues, attention to task, educable mentally retarded children, 1297
- emotional arousal, distractibility, schizophrenics, 12602
- extraversion, performance measure purported to depend on cortical inhibition, college students, 12445
- extraversion, performance measures of cortical inhibition, criticism of D. B. Cohen & J. M. Horn's study, 12453
- extraversion, performance measures of cortical inhibition, reply to H. J. Eysenck's criticism, 12463
- facilitation & distraction conditions, short-term memory, 7 & 11 yr olds, 12024
- information processing load, distraction effect of noise, male navy Ss, 235
- organization & distractor similarity, recall & recognition of pictures, 1st & 2nd graders, 6802
- preferences for cognitions vs sensations & internal vs external sources of stimulation, internal scanning & interference proneness, college students, 11412
- shadowing poetry or music passages during retention interval, short-term memory of triads of words & meaningful environmental sounds, college students, 9253
- Distress**
- confirmations & disconfirmations of expectancies of equity and inequity, contentment vs distress, college students, 12290
- ischemic pain in arms & congruency between expected & experienced physical sensations, ratings of intensity & distress of sensations, male college students, implications for clinical management of pain, 11286
- modeled distress, heart rate & GSR, prison psychopaths, 5638
- reciprocal inhibition procedure using response already in S's repertoire, inhibition of distress in presence of increasingly aversive stimuli, Ss experiencing clinically significant distress, 8337
- stimulus characteristics of sufferer & difficulty of escape, helping behavior, passersby, 12350
- Distress Calls (Animal)** [See Animal Distress Calls]
- Distributed Practice**
- continuous vs terminal to lateral prism displacement & massed vs distributed practice, intermanual transfer & spontaneous decay of prism adaptation, college students, 9078
- etherization & massed vs distributed practice, learning performance, 2 strains of mice, 4601
- massed vs distributed practice & repetition & word frequency, free recall, young children, 4983
- Distribution (Frequency)** [See Frequency Distribution]
- Distrust** [See Suspicion]
- Disturbed (Emotionally)** [See Emotionally Disturbed]
- Diuretics** [See also Caffeine]
- aldactazide & formalin injections, sodium intake, male rats, 9595
- differential dietary maintenance, furosemide elicited sodium appetite, male rats, 7075
- Diurnal Variations** [See Human Biological Rhythms]
- Divergent Thinking**
- divergent production structure, mentally retarded vs normal adolescents, evaluation according to J. P. Guilford's structure of intellect model, 8006
- divergent thinking symbolic model vs convergent model vs no model vs instructions to respond creatively, creative responses, college students, 4410
- ethnic & age differences, Peabody Picture Vocabulary Test & measures of operational & divergent thinking, aboriginal & disadvantaged European 6 & 8 & 10 yr olds in Australia, 7334
- relaxed vs test regimes, divergent thinking scores, 3rd graders, 9805
- time pressure & frustration, spontaneous flexibility in divergent problem solving, 9th graders, 2256
- untimed "game-like" vs "test-like" conditions, divergent thinking, 10-11 yr olds, 9816
- Division of Labor (Animal)** [See Animal Division of Labor]
- Divorce**
- father absence due to imprisonment vs divorce, psychological adjustment, sons, 2734
- Divorced Persons**
- female-based family & birth order, ability to self-disclose, college students, 10033
- marital turmoil, depression, divorced probands, 3143
- psychiatric illness incidence, divorced couples, 12578
- Dizziness** [See Vertigo]
- DNA (Deoxyribonucleic Acid)** [See Deoxyribonucleic Acid]
- Doctors** [See Physicians]
- Dogmatism** [See Authoritarianism]
- Dogs**
- alpha-flupenthixol decanoate in oil, prolonged neuroleptic effect, dogs & male mice & rats, 2465
- attraction to conspecific urine & vaginal & anal sac secretion odor, male & ovariectomized female beagles, 9723
- aversive conditioning schedules, heart rate & keypressing & urinary 11-hydroxycorticosteroids, dogs, 9351
- benactyzine, short- & long-term memory, cats & dogs, 2480
- benzodiazepine tranquilizers, facilitation of operant conditioning, genetically nervous catahoula & pointer dogs, 7095
- bilateral lesions of medial preoptic-anterior hypothalamic continuum, copulatory behavior, male dogs, 4655
- carbidopa, attenuation of levodopa emesis & evidence for cerebral site of action outside blood-brain barrier, dogs, 9540
- characteristics of self-stimulation to brain, male dogs, 7004
- conditioning & extinction of avoidance & escape behavior, neonatal dogs, 11902
- delta-9-tetrahydrocannabinol, analgesic effects on tolerance to electrical stimulation of upper canine tooth, dogs, 4756
- desensitization to open areas & live quail & gun reports & humans, behavior normalization & stimulus generalization, genetically nervous vs normal dogs, 9668
- drug induced convulsive activity, glutamate & aspartate in cortical subarachnoid fluid, dogs, 447
- electrophysiologic analysis, epileptic beagles, 6902

elimination patterns, male vs female purebred bengals, 365  
 environmental conditions & castration, urine marking & sexual behavior, male dogs, 11926  
 fenfluramine, glucose use by muscles & fatty substances in blood, mice & rats & dogs & cats & rabbits, implications for obesity treatment, 452  
 flupenthixol & its 2 isomers vs clonpenthixol & chlorpenthixene & fluphenazine & perphenazine & chlorpromazine & haloperidol, pharmacological profiles, male mice & rats & guinea pigs & rabbits & cats & dogs, 2464  
 hearing & vision development, cats vs rabbits vs dogs vs minks, 9759  
 hippocampal theta, nervous pointer dogs, 9317  
 individual differences in exploratory activity in new environment, habituation rate, dogs, 7187  
 inescapable electric shocks, efficacy of punishment of appetitive instrumental responding, mongrel dogs, 4856  
 nalbexone monohydrate suspended in polylactide polymer as sustained release depot for narcotic antagonists, blockade against morphine, dogs with transected spinal cords, 2460  
 operant conditioning procedure, dogs, 7191  
 osmotic reactivity of thurst mechanism, angiotensin & aldosterone level in blood, dogs, 9396  
 phlorizin induced glycosuria produced by tubular inhibition, ability & mechanism of externalized kidneys to form C.R.s, dogs, 7087  
 propranolol & prazosin blockade of cardiac beta-adrenergic receptors, sympathetic nerve stimulation-induced arrhythmias, dogs, 11745  
 pyramidotomy & destruction of red nucleus contralateral to conditioned limb-spinal mechanisms activated prior to learning instrumental motor responses, dogs, 6982  
 pyrazolone vs chlorazepoxide & diazepam, disinhibitory effects on behavior & motor activity & coordination & tolerance, male mice & rats & monkeys & dogs & rabbits, 7104  
 responding for food on differential reinforcement of low rate schedule, heart rate changes, dogs, 9366  
 scopolamine hydrobromide & scopolamine methylbromide, fear-motivated behavior & urinary 11-hydroxycorticosteroids & volume & heart rate, dogs, 7067  
 serotonin content in brain & whole blood & 5-hydroxyindoleacetic acid in urine & cisternal cerebrospinal fluid, Scottish terriers with inherited motor disorder vs normal dogs, 11620  
 short supramaximal & unilateral electrical stimulation, neurogenic control of cerebral blood flow, dogs, 6987  
 summation of food & shock based responding, dogs, 4875  
 testicular & ovarian hormones, urinary frequency & posture, male vs female dogs, 11713  
 thyrotropin-releasing hormone, potency as antidepressant agent, dogs, 2445  
**Dolphins**  
 auditory delayed matching, dolphins, 2529  
 measurement problems in acquisition & storage & analysis of echolocation signals, dolphins & porpoises, 452  
**Dominance (Animal)** [See Animal Dominance]  
**Dominance Hierarchy**  
 behavioral differences in vigor & sex & birthrate & maternal responsiveness & licking & nursing, dominance & sociality & development of leadership qualities, young goats, 534  
 dominance hierarchy, territorial behavior, cottage group of male 12-15 yr olds, 12235  
 dominant-submissive rank in group, heart rate, macaques & baboons, 11601  
 ethological indicators, dominance & territoriality, prisoners, 12225  
 group changing behavior, free-ranging male rhesus monkeys, 925  
 inmate social stratification, implications for correctional administrators & staff, 10816  
 social dominance, primates, 11937  
 social dynamics, packs of captive wolves, 532  
**Dominance** [See Also Related Terms]  
 male-female residence arrangements & political power, Kung bushmen, 2835  
**Domination** [See Authoritarianism]  
**Dominican Republic**  
 multiple- vs single-mate pattern, coping with poverty, women of lowest economic class in rural Dominican village, 7440  
**Donors** [See Charitable Behavior]  
**Dopa**  
 carbidopa & levodopa combination vs intramuscular pyridoxine, plasma levels of dopa & 3-O-methyldopa & homovanillic acid,

parkinsonian patients with severe "on-off" effects from levodopa, 12887  
 pharmacological manipulation of whole brain amine levels, competitive behavior for food in straight runway, male rats, 9549  
 reserpine & 5-hydroxytryptophan vs dopa, active & passive avoidance memory, mice, 4707  
 thyrotropin releasing hormone, enhancement of DOPA activity, thyrosectomized male rats, 9568  
**Dopamine**  
 acetylcholine, release of labeled norepinephrine from cerebellum & labeled dopamine from striatum following potassium chloride or electrical stimulation in brain slices, rats, 11699  
 alpha-deuterio acid as internal standard for mass fragmentographic analysis, determination of homovanillic acid levels in cerebrospinal fluid, schizophrenics, 10297  
 amantadine, brain dopamine & noradrenaline receptors, rats, 4782  
 amantadine, in vivo & in vitro turnover of dopamine in corpus striatum, male rats, 7128  
 amitriptyline & imipramine, metabolism of brain serotonin & dopamine in cerebrospinal fluid, depressed patient, 3684  
 amphetamine-induced anorexia, role of catecholamines, male rats, 4714  
 apomorphine & nigrostriatal lesions, aggression & striatal dopamine turnover during morphine withdrawal, rats, 4614  
 bilateral lateral hypothalamic lesions, telencephalic norepinephrine & striatal dopamine level, female rats, 6974  
 carbidopa & levodopa combination vs intramuscular pyridoxine, plasma levels of dopa & 3-O-methyldopa & homovanillic acid, parkinsonian patients with severe "on-off" effects from levodopa, 12887  
 chlorpromazine & haloperidol & bulbocapnine & morphine & alpha or beta adrenergic receptor blocking & cholinergic agents & oxotremorine, apomorphine-induced pecking pigeons, 11523  
 chlorpromazine, homovanillic acid levels in cerebrospinal fluid, 18-58 yr old schizophrenic patients, 10619  
 concentration of dopamine & 5-hydroxytryptamine & homovanillic acid & 5-hydroxyindoleacetic acid in cerebrospinal fluid, psychiatric & neurological patients with unipolar or bipolar affective illness, 3129  
 cyproheptadine vs LSD, hyperthermia, rabbits pretreated with 5-hydroxytryptamine & noradrenaline & dopamine, 11761  
 depletion of biogenic amines in caudate nucleus by tegmental lesions, neural hyporesponsivity to dopamine, cats, 6955  
 dextro- & levo-isomers of pentazocine, brain & heart biogenic amines, rats, 11716  
 dopamine & norepinephrine infused into lateral ventricles, shock-induced fighting behavior, male rats, 4613  
 dopamine & serotonin & carbachol simultaneous injections into caput nuclei caudati rostromedialis & caput nuclei caudati anteroventralis, interdependency of neurotransmitter mechanism studied by evoked behavioral effects, male rats, 9421  
 dopamine agonist vs monoamine depleting vs anticholinergic agents, hormone-induced tremor, rats, 11766  
 dopamine to norepinephrine ratio changes, cortical acetylcholine outflow & behavior & electrocorticogram, guinea pigs, 9411  
 dopamine, blockade of morphine behavioral reinforcement, rats, 11805  
 dopaminergic denervation supersensitivity, adenylyl cyclase activity, mice, 2412  
 ECS dopamine & noradrenaline concentrations & turnovers, male rats, 4680  
 electrolytic brain lesion, disruption of ascending dopaminergic pathways to extrapyramidal & mesolimbic brain areas in lateral hypothalamus, rats, 2392  
 electrolytic brain lesions, role of dopamine containing areas & pathways of extrapyramidal & mesolimbic systems in mediation of stereotyped behavior induced by dextro- & levamphetamine, male rats, 6938  
 existence of cortical dopamine nerve terminals, rats treated with multiple doses of dopamine-beta-hydroxylase inhibitors vs reserpine vs levodopa vs MK-486, 11612  
 gamma hydroxybutyric acid, biochemical mechanisms of central effects, male mice, 7093  
 haloperidol, supersensitivity of dopamine receptors manifested by enhanced stereotypic & aggressive responses to apomorphine & wet shakes, rats, 4740  
 isolation & fighting, rate of synthesis of noradrenaline & dopamine & 5-hydroxytryptamine in brain, male mice, 353

- methadone replacement, striatal acetylcholine & acetylcholinesterase & dopamine alterations, morphine-dependent rats, 11785
- morphine & mechanism of opposite effect, striatal dopamine & locomotor activity, rats & mice, 9534
- noradrenaline antagonists & dopamine, locomotor & rearing activity induced by amphetamine, rats & mice, 2475
- oxotremorine, homovanillic acid concentration in striatum, male rats, 7096
- pharmacohistochemical evidence of existence of dopamine nerve terminals in limbic cortex, rats, 6860
- physiological role of dopamine as synaptic transmitter in caudate nucleus & putamen, research review, 9291
- pimozide & spiramide, amphetamine- or apomorphine-induced hypodipsia, male rats, 4779
- plasma dopamine beta-hydroxylase activity, 22-35 yr olds evaluation of hypertension, 2362
- probenecid & large dose of dextroamphetamine, cerebrospinal fluid homovanillic acid, 36-yr-old amphetamine abuser, 5623
- probenecid, central dopamine turnover, schizophrenics with poor vs good prognosis & affective disorder patients, 11720
- probenecid, lumbar cerebrospinal fluid 5-hydroxyindoleacetic acid & homovanillic acid, patients with affective disorders, 7819
- probenecid, serotonin & dopamine & tyrosine & tryptophan metabolism, humans, 486
- progesterone decline, brain uptake of dopamine & serotonin, rats, 2442
- stereotaxic dissection followed by fluorimetric assay, determination of noradrenaline & dopamine & 5-hydroxytryptamine distribution in preoptic hypothalamus, rats, 6920
- tyrosine hydroxylase & dopamine-beta-hydroxylase inhibition vs 6-hydroxydopamine treatments, dextroamphetamine induced motor activity, male rats, 9516
- 2-amino-6,7-dihydroxy-1,2,3,4-tetrahydronaphthalene intraventricular injection during consciousness, long lasting stimulation of locomotor activity, male mice, 7137
- 6-hydroxydopamine injected bilaterally into caudate-putamen areas, morphine-produced analgesia & morphine-induced catalepsy & brain dopamine content, rats, 4677
- 6-hydroxydopamine-destruction of ascending noradrenergic pathways, synthesis of labeled norepinephrine, rats, 433
- Dormitories**
- college dormitory vs fraternity residences, personality development, male college students, 1848
- coresidential living, attitudes & self-esteem & role expectations, female college students, 11025
- counselor role, helping with adjustment problems, commuter vs residential college students, 6399
- dormitory architecture, resident behavior, college students, 7507
- dormitory density, helping behavior & attitudes, college students, 7499
- encounter group experience, personal interaction, female college students in dormitory, 7523
- health-engenderingness of resident assistants, achievement & emotional adjustment, female college students, 6329
- leisure time recreational courses, increased social interaction, college students in residence hall, 3950
- management styles of organizations, leadership behavior, students & staff members in university residence life program, 2013
- Personal Orientation Inventory, prediction of resident assistant effectiveness, 5416
- residence hall administrative structures, perceptions of environment & residence hall dropout rate & GPAs & noise level & residence hall damage, college students, 8568
- residence hall policies, academic achievement, college students, 6338
- residence hall proximity, friendship choices, college freshmen vs seniors, 7529
- residence in corridor design vs suite design dormitories, crowding & social interaction & anagram solving under competitive vs cooperative conditions vs alone, college students, 7517
- Resident Counselor Evaluation Scale development, measurement of staff effectiveness, college students in residence halls, 8713
- residential social climate of suites & dormitories, subjective mood states & friendships & evaluation of architectural features, college students, 7505
- self-appointment to vocational vs academic vs collegiate vs nonconformist subgroups on Clark-Trow typology, GPAs & Scholastic Aptitude Test scores & university housing choices, freshman college students, 8546
- student-built housing as alternative to dormitories, college students, 7504
- suites as housing solution, interaction & roommate compatibility & privacy & satisfaction, college students, 7503
- value similarity, choice of suitemate & satisfaction with suite & personal value change, college students, 8655
- Dorsal Roots**
- central lesions, disorders produced by multiple dorsal rhizotomy, rats, 6961
- gonadotrophin & removal of trigeminoisthmic tegmentum & section of dorsal roots of various spinal nerves, unclamping responses, toads, 6954
- Double Bind Interaction**
- conceptualization in terms of split-brain phenomena, double-bind theory of schizophrenia, 7840
- Double-Bind Hypothesis, schizophrenia, use of G. Bateson & D. D. Jackson & J. Haley & J. H. Weakland's theory, 5549
- Downs**
- analysis after laying of 2nd egg & at hatching, responsiveness to young & older squabs, experienced & inexperienced ring dove foster parents, 492
- Downs Syndrome**
- acrocentric chromosomes in cultured leukocytes, mothers of children with Down's syndrome, 3356
- auditory & visual extraneous stimulation, auditory-motor channeling, children with Down's syndrome & retarded & nonretarded children, 8057
- developmental attainments, institutionalized 25-45 yr olds with Down's syndrome, 12748
- familiar stimuli, facilitation of 2-word utterances, 2 boys with Down's syndrome, 1267
- figure copying ability, Down's syndrome & physiologically mentally retarded children, 3374
- incidence of chromosomal anomalies, patients with Down's syndrome & families, 1280
- incidence of mongol twins, 1286
- incidence of twins & leukemia, families of children with Down's syndrome, 1272
- intellectual development, children with 46/47 mosaic vs 8 trisomic Down's syndrome, 1265
- intelligence, alpha rhythm frequency, Down's syndrome residents & psychiatric patients & college students, 3099
- karyotype variation, intellectual & temperamental & physical outcomes, Down's syndrome, literature review, 1261
- modeling & operant conditioning by parents, chewing behavior, mongoloid 8 yr old, 3717
- palmo-mental reflex, normal vs severely retarded children vs adults vs Ss with Down's syndrome, 12785
- physical growth in stature & height during circumpubertal yrs, children with Down's syndrome, 12736
- physiological & psychological factors, etiology & symptomatology, children with Down's syndrome, 3371
- prevalence of diabetes, Ss with Down's syndrome, 3440
- program structure & individualized or small group instruction & immediate correction of errors & practice & reciprocal reinforcement, changes in vocal behavior, Down's syndrome children, 8695
- rearing Down's syndrome child, book, 8005
- vocal fundamental frequency characteristics, institutionalized Down's syndrome vs intellectually average children, 8028
- Draftees**
- attitudes toward interpersonal influence & leadership styles, enlisted men classified "draft-induced" vs "true" volunteers, 8841
- belief in just world, reactions to another's draft lottery results, 19 yr olds listening to national draft lottery, 7481
- draft lottery number, opposition to war, college students, 745
- draft vulnerability, attitudes toward troop withdrawal from Indochina, male college students, 12207
- isolation for 64 hrs, leadership behavior & psychological assessment at enlistment, draftees, 4186
- social & medical background factors, adaptive difficulties, conscripts, 2006
- Drama**
- creative dramatics & storytelling, interest & reading achievement & self-image & empathy, 4th & 5th graders, 1760
- educational impact of dramatic play, teaching social studies, 2nd graders, 1790
- Drawing**
- bicycle drawings, intelligence measurement, 11-16 yr olds, 4118

brain lesions, drawing disability, left & right retro-rolandic brain-damaged patients, 1316  
 children's drawings, psychodiagnosis, book, 1074  
 desk top graffiti, evaluation of professional education courses, 6195  
 graphics data entry, computer-aided drafting, 8875  
 interpretation of children's drawings, use as psychodiagnostic test, 8165  
 positive & negative emotive imagery as reinforcement, circle-drawing task performance, college students, 2305  
 sentence surface form & simultaneous vs successive presentation of test picture & intertrial interval, response latency in conversion & matching of pictures vs sentences to visualization or drawing, college & high school students & adults, 11461  
 Van Kleeven's modification vs Wartegg's original drawing-completion test, 8-14 yr olds, 7701  
**Dream Analysis**  
 dream content, Gestalt therapy, book, 10563  
 dream interpretation, hypnoanalytic treatment, 41-yr-old spastic torticollis patient, 8195  
 dream power, elucidation of central conflicts in psychotherapy, 8180  
 precognitive dream analysis, 90  
 psychoanalytic discussion, relationship between dreamer while dreaming & remembering dreams after awakening, 3791  
 technique for maintenance of longitudinal dream record, 5766  
 theoretical aspects of dream interpretation in terms of Freud's & Jung's & E. Erickson's & O. Rank's systems, 7681  
 written word as means to understanding & as distancing obscuring device, application to Freud's description of his dream about Irma, 2950  
**Dream Content**  
 daydreaming styles, nocturnal dreaming, college students, 6856  
 dream content in laboratory dream reports, schizophrenic vs depressed patients, 1133  
 dream power, elucidation of central conflicts in psychotherapy, 8180  
 early memories & current daytime thoughts & current dreams about fathers, male college students, 7364  
 experiencing of dream, transference during analysis, young female borderline schizophrenic, 3800  
 extrasensory or paranormal information transfer, dreams, 4258  
 mental content & recall of Stage 4 night terrors, 26-52 yr olds suffering from nightmares, 7937  
 perimazine vs mepromazine & ego function, dream content, neurotic vs psychotic mental patients vs normal Sa, 1477  
 precognitive dream analysis, 90  
 presleep suggestions, nocturnal dream content solicited upon awakening from REM vs NREM sleep, 9141  
 reserpine therapy, dream reports, chronic lobotomized schizophrenic patients, 3659  
 technique for maintenance of longitudinal dream record, 5766  
**Dream Interpretation** [See Dream Analysis]  
**Dream Recall**  
 learning to remember dreams, college students, 247  
 mental content & recall of Stage 4 night terrors, 26-52 yr olds suffering from nightmares, 7937  
 personality & presleep mood, dream recall, female college students, 10151  
 presleep mood, dream recall, 6775  
 presleep stress & field dependence, dream recall, 6784  
 psychoanalytic discussion, relationship between dreamer while dreaming & remembering dreams after awakening, 3791  
 repression vs interference of normal behavior, forgetting dreams, 10152  
 technique for maintenance of longitudinal dream record, 5766  
**Dreaming** [See also Nightmares]  
 clinical & experimental observations of sleep & dreaming & memory psychology, evolutionary brain formations, 288  
 conformational changes of body-tissue proteins, wakefulness & sleep & dreams & aging, 11614  
 daydreaming styles, nocturnal dreaming, college students, 6856  
 dream groups & dynamics, use in classroom & therapeutic groups & understanding waking life, Senoi people of Malay Peninsula, 5996  
 psychoanalytic discussion, relationship between dreamer while dreaming & remembering dreams after awakening, 3791  
 psychosynthesis & neurochemistry, dreams & psychotherapy, 3601  
 REM sleep & dreaming, adults, 347  
 sleep & dreaming characteristics, female experienced meditators vs nonmeditators, 2342  
 sleep & dreaming, premature ventricular heart beats, elderly cardiac patients, 8126

**Drinking (Alcohol)** [See Alcohol Drinking Patterns]  
**Drinking Attitudes** [See Alcohol Drinking Attitudes]  
**Drinking Behavior (Animal)** [See Animal Drinking Behavior]  
**Drive** [See Motivation]  
**Driver Education**  
 videotape feedback, driving performance & self evaluation, college students 8863  
**Driver Safety** [See Highway Safety]  
**Drivers**  
 consumer research methodology validity, motorist behavior & role of on-site signalization in informing & attracting motorist, 12364  
 number of people present, assistance given in nonemergency situation, automobile drivers, 5233  
 observing face to face encounters, interaction between drivers at traffic circles, male & female drivers, 13419  
 race & sex of stranded drivers, helping behavior rates on highway with automated help system for stranded motorists, passing motorists, 7571  
**Driving Behavior**  
 alcohol & chlorazepoxide or methapyrlylene, driving behavior & eye movements & visual field, college students, 9574  
 alcohol &/or sleep deprivation & driving speed, control use during driving, introverted vs extraverted 21-25 yr olds, 7072  
 bis-phenyl- (2-chlorophenyl) -1-imidazol-methane, driving ability, students, 482  
 detection of changes in automobile steering sensitivity, 19-50 yr olds, 8870  
 driver estimation, time of collision with oncoming car, 13422  
 field dependence, driving performance, 11105  
 hand-operated vs foot controls, brake reaction times, 8865  
 impulse toward self-destruction, automobile accidents, males convicted of drunken driving, 5634  
 laboratory investigation, effectiveness of signal indications for protected left turns, 8866  
 legal drinking age of 18 yrs, drinking patterns & drunk driving, 16-20 yr olds, 728  
 man-vehicle-environment system, driver behavior, 2025  
 observing face to face encounters, interaction between drivers at traffic circles, male & female drivers, 13419  
 official vs self-reports of arrests for public drunkenness & driving while intoxicated, hospitalized alcoholics, 7982  
 physical condition & perception of limitations & life satisfaction, 75-99 yr old drivers vs ex-drivers, 2756  
 prior experience, evaluation of threatening situations using driving simulation technique & arousal, male college students, 6843  
 temporal distance between Sa & oncoming cars & audience effects, risk taking at intersections, male vs female drivers, support for frustration hypothesis, 8853  
**Dropouts** [See also College Dropouts, Potential Dropouts, School Dropouts]  
 cluster analysis of demographic & mental status & social history variables, treatment dropouts from community mental health center, 3812  
 development of data base, analysis of airman loss rates, 6407  
 family conditions upon leave taking from home, psychotherapy abandonment, 10597  
 reasons for dropping out of methadone maintenance, addicts in drug-free therapeutic community, 5926  
 reasons for nonattendance, adult self-referral pretherapy dropouts, 12858  
 reasons for quitting swinging, married couples, 710  
 residence hall administrative structures, perceptions of environment & residence hall dropout rate & GPAs & noise level & residence hall damage, college students, 8568  
 sex & race & heroin vs methadone use & legal status & employment, attrition at referral to detoxification unit, heroin addicts, 8260  
 sex differences, attrition rate, Federal Aviation Administration air traffic controllers, 13315  
 simplistic thinking about others, prediction of early drop-out at halfway house, alcoholics, 8470  
**Drosophila**  
 autosomal recessive mutation, sugar response changes, isogenic lines of flies, 11955  
 genetics, mating behavior, drosophila, 376  
 mating speed & courtship behavior, amberst vs novosibirsk vs pacific strains of *Drosophila melanogaster*, 7226  
 roles of chemical & tactile releasers, mutual signaling patterns during courtship, sibling species of *Drosophila*, 533

- suppressing circadian rhythms with dim light, *Drosophila* larvae, 6931
- test-retest assessments, spatial discrimination performance, male fruit flies, re-examination of instrumental learning interpretation, 4872
- Drowsiness** [See Sleep Onset]
- Drug Abuse** [See also Drug Addiction, Heroin Addiction]
- amphetamine abuse, female students, 7946
- amphetamine use & misuse, recommendations for stimulant control policy, 738
- attitudes toward drug abuse & addiction, therapeutic community residents, 8504
- causes of & methods for dealing with effects of drug abuse, adolescents in child-caring institutions, 3287
- cautious use of barbiturates & major tranquilizers in emergency room, possible drug overdose patient, 10625
- chloroform ingestion, hepatic damage & coma, 10-yr-old boy, 10415
- cigarette smoking & alcohol consumption, drug abuse, American high school students & military personnel in West Germany, 7476
- clinical abuse of prescribed psychotropic drugs, psychiatric patients, 5930
- community-based programs, drug-abuse prevention & treatment, adolescents in suburban community, 3810
- conflict between professional values & personal beliefs, social workers in field of drug abuse, 7734
- counseling based on Christian principles, drug abuse & dependence, 13006
- counseling center-sponsored group experiences, young middle-class drug users, 8437
- declining consensus about society's values & generation gap & changes in family, drug abuse, youth, implications for drug education, 2863
- demographic characteristics, drug taking vs abuse, 7975
- diagnosis & treatment, acute reactions to amphetamine abuse, 1454
- discussion & relationship counseling & reinforcement counseling with models, drug abuse prevention, college students, 1482
- Donnatal overdose, suicide attempt, 15-yr-old girl, 10384
- drug & alcohol abuse, consecutive admissions to psychiatric hospital, 3289
- drug abuse & drug addiction, book of readings, 8263
- drug abuse prevention & education program, high school students, 6271
- drug abuse prevention & treatment programs, suburban communities, 8240
- drug abuse programs & marijuana effects & description of drug dealers, 756
- drug abuse, criminal activity, 5666
- drug abuse, 18-yr-old male Swedish military conscripts, 1970-1973, 12148
- Drug Dependency Treatment Centers, alcoholism & drug dependency problems of Veterans Administration, pre-Vietnam Era veterans, 5903
- drug use & abuse, school drop-out, 14-20 yr olds, 11019
- education in obtaining sufficient pleasure & encouragement & permissance of instinctual pleasures & assumption of control of drug supply, society's position to alleviate drug abuse, 764
- evaluation of "414" therapeutic community for treatment of adolescent amphetamine abusers, 1659
- food & alcohol & cigarette & drug overuse, addictive personality traits, implications for group therapy, 5546
- geographic area of enlistment & religious preference & aptitude scores & race & educational level & age at enlistment & other drug use & job performance & promotion rate, cannabis using vs nonusing airmen, 12190
- group therapy & therapeutic community treatment, adolescent soft-drug abusers, 3742
- group therapy, soft drug abuse, 8247
- legislation, barbiturate & amphetamine abuse, 791
- methaqualone abuse, 737
- MMPI differences, black vs white drug abusing veterans, 7972
- MMPI drug abuse scale, cross-validation, prisoners, 3325
- MMPI, psychodiagnosis, 14-25 yr old hospitalized drug abusers, 12592
- occupational therapy in drug rehabilitation programs, Australian drug abusers, 1457
- open ward group therapy, drug abusers, 10664
- paraprofessional counselors, role in university drug abuse program, 5496
- parent-child relations, drug abuse, 16-29 yr old heroin addicts vs nonusers, 12661

- intrajugular & intraportal glucose & amino acid injections, food intake, pigs, 11815
- labeled delta-1-tetrahydrocannabinol intravenous injection & smoking, disappearance curves over 3-hr period, male rats, 7057
- naltrexone monohydrate suspended in polylactide polymer as sustained release depot for narcotic antagonists, blockade against morphine, dogs with transected spinal cords, 2460
- oral vs iv chlorimipramine, onset of action & improvement, depressed psychiatric patients, 1455
- orally administered cocaine, sleep & rapid eye movement sleep, depressed inpatients, 12918
- repeated administration of neuroleptics, pharmacology of tolerance, 8738
- self- vs nurse-administration with vs without instructions, chlorpromazine or imipramine drug-taking behavior, 15-66 yr old female psychiatric patients, 12906
- self-administration of delta-9-trans-tetrahydrocannabinol, previously infused with drug vs naive monkeys, 11861
- sesame oil as solubilizing agent for chronic oral administration of tetrahydrocannabinol, reduction of central & peripheral norepinephrine due to sesame oil, male mice, 11709
- single vs multiple doses of perphenazine given intramuscularly vs orally, perphenazine concentration in blood under & neurological side effects, female inpatients, 12893
- small swivel joint for infusion, free moving small laboratory animals, 6956
- traditional method vs higher doses over more widely spaced intervals as method of neuroleptic medications, time course & differential action in sedation & antipsychotic effects, gerontology patients, 5935

2-amino-6,7-dihydroxy-1,2,3,4-tetrahydronaphthalene intraventricular injection during consciousness, long lasting stimulation of locomotor activity, male mice, 7137

#### Drug Adverse Reactions

chloroform ingestion, hepatic damage & coma, 10-yr-old boy, 10415  
chlorpromazine, extrapyramidal dysfunction in neonate, pregnant woman, 9537

combination of methyl dopa for renal failure & trifluoperazine for psychotic reaction, induction of hypertension, 23-yr-old woman, 3703

diagnosis & treatment, acute reactions to amphetamine abuse, 1454  
differential drug therapy, parkinsonian patients, 8237

esters of fluphenazine enanthate & decanoate & undecylenate, hypertonic akinesia & dyskinesias & parkinsonian syndromes & amenorrhea, psychiatric patients, 12886

haloperidol & butyrophenones, adverse effects & clinical indications & biochemical changes, 12871

ketamine, anesthetic & abreactive response & facilitation of psychotherapy & symptom relief, inpatients, 12904

lithium carbonate, manic-depressive psychosis prevention & treatment & toxic reactions, 10641

lithium, neurological & psychopathic phenomena, 33-yr-old male, 3702

neuroleptic drug therapy-induced tardive dyskinesia, 63-89 yr old geriatric patients, 8227

neuroleptics & anticholinergic antiparkinsonian agents, therapeutic antagonism, schizophrenia, 10651

penfluridol, safety & therapeutic effectiveness, 21-60 yr old schizophrenics, 12916

phenothiazine therapy, sudden death, 14 yr old girl, 5951

phenothiazines, adverse mental reactions, schizophrenics, 3700

piribedil, idiopathic parkinsonian patients, 8223

symptoms & adverse reactions in cannabis intoxication, young adults, 11791

therapeutic techniques, phenothiazine-induced agranulocytosis, psychotic patients, 1440

toxic reaction to cortisone & cerebrovascular accident, introspective analysis of changes in consciousness & self-functioning from normal to psychotic state, 10347

#### Drug Dependency [See also Drug Addiction, Heroin Addiction]

acute morphine, naloxone-precipitated jumping behavior, mice, 9532

alcohol withdrawal syndrome, neural & behavioral correlates, male rats, 7071

autohemofetishism & injection masochism incidence, male 19-25 yr old iv drug users, 1187

barbiturate toxicity & treatment of barbiturate dependence, 1489

cannabis sativa extracts, cannabis-directed behavior & abstinence syndrome, rats, 7084

cholinergic modification, naloxone-induced jumping behavior, morphine-dependent mice, 9490

chronic hypnotic-drug use, ineffectiveness & drug-withdrawal insomnia & dependence & REM sleep, insomniacs, 3104

contingency contracting, marihuana & barbiturate dependency, husband & wife on probation for drug offenses, 8365

counseling based on Christian principles, drug abuse & dependence, 13006

direct & coordinating efforts of National Institute on Alcohol Abuse & Alcoholism, 5628

Drug Dependency Treatment Centers, alcoholism & drug dependency problems of Veterans Administration, pre-Vietnam Era veterans, 5903

drug dependency, methodical social work, young parent couple, 1233

drug therapy & dependency & effects & prescribing behavior, abstracts of papers presented at 1973 Annual Psychopharmacological Meeting, Jesenik, 12505

drug usage & dependence, Vietnam veterans, follow-up, 5657

habituation to morphine & precipitation of abstinence syndrome & withdrawal, acetylcholine release, unanesthetized cats, 7094

hydroxylamine, behavioral response to morphine dependence, mice, 2382

interdepartmental curriculum in drug dependency studies, medical education, 3088

methadone replacement, striatal acetylcholine & acetylcholinesterase & dopamine alterations, morphine-dependent rats, 11785

morphine & delta-9-tetrahydrocannabinol, tolerance to stimulus effects, male rats, 7066

morphine & phenobarbital & ethanol & amphetamine maintenance-dose, pain-induced aggression, male rats, 7105

morphine dependence, enzyme activity in hypothalamus, male rats, 7041

morphine dependency & exposure to hot vs cold environments & naloxone, wet shakes & escape & thermoregulatory behavior, male rats, 2388

morphine dosage & frequency of implantation & exposure duration, development of physical dependence & quantification of withdrawal syndrome precipitated by morphine antagonists, male rats, 442

Munchausen's syndrome, psychodynamics & drug dependence, 7875

narcotic receptor sites increase or reduction, narcotic drug dependence & tolerance, morphine-dependent rats, 4758

para-chlorophenylalanine, morphine analgesia & tolerance & dependence, female rats, 7126

pentrane vs glue vs etile chloride inhalation intoxication, 1338

personality & sociocultural & environmental factors & strength & duration of dependence, plasticity of psychoactive substance, 7053

physician's recommendation for alcohol use for its tranquilizing & sedative & antidepressant action during stress, development of iatrogenic alcoholism, 1191

psychologic vs pharmacologic heroin dependence, 1206

psychological & physiological aspects, drug dependence, 3312

#### Drug Dosages

advantages & disadvantages of polypharmacy & once-a-day dosages, drug therapy, literature review, 1441

amount of laboratory acclimation & dosage & time after injection, delta-9-tetrahydrocannabinol effects on activity wheel behavior, rats, 11741

amphetamine, medial forebrain stimulation with monopolar electrodes, rats, 4628

chlorpromazine dosage, tonic immobility duration, 2.5-3 wk old chickens, 9547

chronic vs acute administration of lithium chloride, brain choline & acetylcholine levels, mice, 471

chronopharmacology, therapeutic index of lethal & effective drug dosage, 8250

delta-9-tetrahydrocannabinol at 3 dose levels, 21-40 yr olds with sleep difficulties, 5904

dextro-LSD dosage, discriminability from no drug vs mescaline vs psilocybin, rats, 449

dextroamphetamine before & after bilateral ablation of frontal cortex on fixed interval reinforcement schedule, barpress responding, rats, 6943

dextroamphetamine dosage, acquisition of light contingent bar pressing, rats, 4743

dextroamphetamine dose level, discrimination of visual stimulus durations, male pigeons, 9584

dextroamphetamine, rate-dependent effects on locomotor activity, female mice, possible relationship to paradoxical amphetamine sedation in minimal brain dysfunction, 459

diazepam dosage, eating & drinking & leverpressing, rats, 9594

estradiol benzoate & progesterone & dosage, regulation of scent marking, ovariectomized female mongolian gerbils, 9565

ethanol dosages, shuttle-avoidance learning & recall, goldfish, 9575

haloperidol repeated administration, endogenous levels & turnover of brain catecholamines, male mice, 7073

high dosages of more potent less sedating antipsychotic drugs, schizophrenia, 5906

high vs low dose thiothixene, CNS arousal & performance tests & clinical ratings & perceptual-cognitive training, hospitalized chronic schizophrenics, 3648

high vs regular doses of trifluoperazine, side effects, schizophrenics with acute psychotic symptoms, 8284

high-dose cyclazocine, former male heroin-addicts, 10645

insulin dose & pretreatment time & food vs water reinforcer & reinforcement schedule & food deprivation level, operant leverpressing, male rats, 9512

intraperitoneally injected dextroamphetamine, sulfate, susceptibility to audiogenic seizures, mice, 4652

marihuana & dextroamphetamine, dose-effect relationship on neurophysiological & cardiorespiratory variables, male marihuana users, 2436

marihuana, reaction time to auditory vs visual stimulation, 20-30-yr old college students, 11789

- methaqualone & phenobarbital & dosage, body weight & mean rectal temperature & spontaneous motor activity & drug tolerance, rats, 9530
- morphine dosage & frequency of implantation & exposure duration, development of physical dependence & quantification of withdrawal syndrome precipitated by morphine antagonists, male rats, 442
- morphine injected into posterior hypothalamus vs medial septum, analgesia vs hyperalgesia, rats, 416
- nefopam hydrochloride dosage, pain relief, 18-65 yr olds with musculoskeletal disorders, 12934
- nicotine, dose & dose interval, spontaneous locomotor activity & drug tolerance, male rats, 7122
- ORF-8063, optimal dosage & side effects, anxious alcoholic patients, 12888
- pizotiline at 2 dosage levels vs 1 dosage level of amitriptyline, depression, community mental health clinic outpatients, 1474
- probenecid & large dose of dextroamphetamine, cerebrospinal fluid homovanillic acid, 36-yr-old amphetamine abuser, 5623
- prostaglandin E sub 1, dose-dependent stimulatory responses on net synthesis of labeled-adenosine 3 prime, 5 prime-monophosphate in platelets & inhibition produced by norepinephrine doses, moderately depressed male patients, 10353
- psychosocial assets & life changes & asthma severity, need for high vs low steroid medication, chronic asthma patients, 10612
- psychotropic drug groups, effectiveness & side effects & maintenance therapy dosages & theories of function, 5908
- single dose of haloperidol vs clopenthixol vs chlorpromazine, psychological test performance, 21-61 yr old chronic schizophrenics, 7694
- single vs chronic doses of lithium carbonate, alpha & theta & delta activity & concentration in serum & red blood cells, manic & depressive 19-60 yr olds, 12935
- small vs moderate vs large doses of dextroamphetamine, muscular endurance & heart rate during ergometer performance, male college students, 11827
- subcutaneous isoproterenol & dosage, blood pressure & plasma renin activity & water intake, rats, 11774
- theophylline in sustained high doses, aggressive behavior, male rats, 4793
- theophylline in sustained high doses, stereotyped & aggressive behavior, male rats, 4792
- traditional method vs higher doses over more widely spaced intervals as method of neuroleptic medications, time course & differential action in sedation & antipsychotic effects, gerontology patients, 5935
- U-31,920, clinical & computerized EEG effects, patients with anxiety syndrome, 12900
- Drug Education**
- alcohol & drug courses in teacher training programs, alcohol & drug education, 13165
- alcoholism treatment & education & attitudes, Yugoslavia & Russia, 7464
- discrepancies in attitudes toward marijuana legalization, drug educators vs student users vs nonusers, implications for communication, 776
- drug & alcohol usage & attitudes, male vs female 6th graders to graduate students in Oregon, implications for drug education & user treatment, 5117
- drug abuse prevention & education program, high school students, 6271
- drug abuse programs & marijuana effects & description of drug dealers, 756
- group processes, drug abuse treatment & prevention programs, private schools, 8737
- informational & attitudinal group processes, drug programs at private schools, adolescent students, 3988
- interdepartmental curriculum in drug dependency studies, medical education, 3088
- psychoactive drug course, drug usage & attitudes, college students, 1787
- review of goals & approaches & effectiveness, educational & prevention programs for alcohol & drug abuse, young people, 1764
- teacher vs student leaders & content of drug education program, drug information & usage & attitudes, junior high school students, 8625
- traditional vs value clarification group-centered teaching methods, drug education, preservice elementary school teachers, 1804
- Drug Effects** [See also Drug Addiction, Drug Adverse Reactions, Drug Dependency, Drug Sensitivity, Heroin Addiction, Side Effects (Drug)]
- acetaldehyde vs ethanol, fine & gross motor activity, male mice, 9518
- acetylcholine vs nicotine reduction of light response & drug-induced electrical effects, curare vs strychnine application to optic tectum, role of cholinergic inhibitory system in visual electrical responses & feeding behavior, frogs, 393
- ACTH vs hydrocortisone vs corticosterone vs placebo, acquisition & extinction of appetitive runway response, male rats, 2443
- ACTH, failure to influence avoidance extinction in 1-way avoidance situation, rats, 489
- acute & chronic pentobarbital-gamma aminobutyric acid system, male rats, 11819
- acute & chronic LSD & 3,4-dimethoxyphenylethylamine, shuttlebox escape-avoidance, male rats, 9583
- acute alcohol ingestion, cognitive performance, introverts & extraverts, 9525
- acute alcohol poisoning, spontaneous & visual evoked potential EEG activity, 7108
- acute morphine, naloxone-precipitated jumping behavior, mice, 9532
- acute smoking deprivation, aggression & hostility, 18-24 yr old college students, 7114
- acute vs subacute lithium, brain tryptophan & serotonin & 5-hydroxyindoleacetic acid levels, rats, 11759
- administration frequency & dosage, marijuana tolerance, 21-29 yr old males, 12197
- administration route of delta-9-tetrahydrocannabinol, onset & duration of activity & tolerance, male pigeons, 7019
- adrenalectomy & enzyme inhibition with parachlorophenylalanine, metabolic changes, male cats, 6942
- age & race & sex, alcohol-related deaths, Georgia in 1970, 7961
- apocline, avoidance learning, hamsters, 2446
- alcohol & chlordiazepoxide or methapyrilene driving behavior & eye movements & visual field, college students, 9574
- alcohol & uncertainty, information processing time with overlearned task, 2463
- alcohol &/or sleep deprivation & driving speed, control use during driving, introverted vs extraverted 21-25 yr olds, 7072
- alcohol consumption, word association & recognition & recall tasks, hospitalized male alcoholics, review, 7939
- alcohol deprivation & assertive training, mood & social perception & drinking patterns, male alcoholics, 12911
- alcohol dose, memory impairment, college students, 9524
- alcohol, approach-avoidance conflict, 7035
- alcohol, average evoked potential amplitude, male graduate students, 2477
- alcohol, behavior, implications for alcoholism treatment, 5925
- alcohol, CNS sensitivity, mice selectively bred for short vs long ethanol sleep-time, 2444
- alcohol, facilitation of active avoidance acquisition performance, goldfish, 2423
- alcohol, new vs previously established avoidance response & differentiation of dangerous vs safe stimuli, mice, 11707
- alcohol, social influence acceptance, 21-30 yr olds, 9580
- alcohol, hashish-induced inhibition of glucose efflux from erythrocytes, humans, 11804
- aldazoxide & formalin injections, sodium intake, male rats, 9595
- all-night EEG studies, clinical pharmacology of sleep, critical review of drug studies, 2435
- alpha methyl tyrosine & para-chlorophenylalanine, predatory attack & shock elicited aggression, rats, 9552
- alpha-chlordane-induced tremor & hindleg paralysis & convulsions & rectal temperature, noradrenaline & 5-hydroxytryptamine & acetylcholine activity, rats, 11757
- alpha-flupenthixol decanoate in oil, prolonged neuroleptic effect, dogs & male mice & rats, 2465
- alpha-levocetylmethadol & its N-demethylated metabolites, opiate-like actions on electrically induced twitch of longitudinal muscle of ileum & reversal by naloxone, guinea pigs, 11792
- alpha-methyl-m-tyramine, release of 5-hydroxytryptamine from serotonergic nerve endings, synaptosome preparations from telencephalon of male pigeons & female rats, 4772
- alpha-methyl-para-tyrosine & levodopa & physostigmine & scopolamine & biperiden, neuroleptic-induced tardive dyskinesia, 4739

- alpha-methyl-para-tyrosine methylester, spontaneous motor activity & regional catecholamine content in brain, male vs female rats, 7063
- alpha-methyl-tyrosine & para-chlorophenylalanine, mouse & frog attack & shock elicited aggression, male rats, 9551
- alpha-methyltyrosine, inhibition of anticholinergic drug-induced locomotor stimulation, mice, 4807
- amantadine & levodopa methyl ester & dextroamphetamine sulphate & apomorphine HCl, conditioned avoidance response acquisition, male rats, 11730
- amantadine, brain dopamine & noradrenaline receptors, rats, 4782
- amantadine, in vivo & in vitro turnover of dopamine in corpus striatum, male rats, 7128
- amantadine, penile erection & ejaculation, castrated vs intact male rats, 9484
- amino acids, extracellularly recorded transreceptor & intraretinal & transretinal responses & horizontal cell membrane potential, carp, 2485
- amount of laboratory acclimation & dosage & time after injection, delta-9-tetrahydrocannabinol effects on activity wheel behavior, rats, 11741
- amphetamine & diethylpropion & phenfluoramine, exploratory behavior assessed by time sampling procedure of behavioral categorization, male rats, 7064
- amphetamine & tyramine, pseudoconditioning responses, rats, 7074
- amphetamine isomers, locomotor & stereotyped behavior, cats, 9561
- amphetamine tolerance, food intake, food-deprived rats, 11744
- amphetamine vs electrical stimulation, release of metaraminol in heart & brain, rats, 6941
- amphetamine-induced anorexia, role of catecholamines, male rats, 4714
- amphetamine, alpha-methyl para-tyrosine-dextro-amphetamine catalepsy, rats, 2478
- amphetamine, convulsive responses, developing rats, 4810
- amphetamine, medial forebrain stimulation with monopolar electrodes, rats, 4628
- amphetamines & apomorphine & clonidine, body temperature & brain 5-hydroxytryptamine metabolism, male rats, 7115
- analgesic potency of sodium salicylate & indomethacin & chlordiazepoxide, spatial preference, rats, 2448
- androgen treatments, sexual behavior, male hamsters, 2428
- androgen, fighting behavior, gerbils, 2371
- androgens or estrogens during Days 2-4 of life, development of masculine & feminine sexual behavior display, female hamsters, 7099
- androgens, developmental & concurrent effects on aggression-eliciting qualities of male opponent mice, mice castrated at birth vs weaning vs maturity, 4621
- androgens, restorative effect on copulatory behavior following castration, male hamsters, 2488
- angiotensin II, central neurons, rats, 7133
- anisomycin, protein synthesis & memory for passive avoidance training, mice, 4737
- anticonvulsant drug SC-13504, antagonism of hippocampal & cortical afterdischarges produced by brain stimulation, male cats, 11764
- antinociceptive activities of narcotic antagonist and nonnarcotic analgetics, hot plate test results, mice, 11708
- antischizophrenic drugs, muscarinic action of acetylcholine, 11813
- apomorphine & dextroamphetamine, behavior in competitive situation for food in straight runway, rats, 2486
- apomorphine & nigrostriatal lesions, aggression & striatal dopamine turnover during morphine withdrawal, rats, 4614
- apomorphine alone vs in combination with reserpine, induced biting & fighting behavior & blocking of responses by dopamine receptor blocking agent, rats, 7098
- apomorphine vs trivastal, locomotor activity & circling behavior, male mice with vs without 6-hydroxydopamine-induced left striatal lesions, 11821
- apomorphine, food competition in straight runway, male vs female rats, 9548
- apomorphine, self-stimulation, male rats, 4804
- apomorphine, self-stimulation, rats, 4722
- ascorbic acid, spatial discrimination learning in water T maze, guinea pigs, 2415
- aspartic acid, morphine-induced spontaneous motor activity & analgesic threshold, rats, 11771
- atropine & mecamlamine & physostigmine & propranolol & propranolol-tolazoline combination & diphenhydramine & imipramine, morphine withdrawal syndrome precipitated by naloxone, rats, 2450
- atropine & propranolol, heart rate, rabbits, 4757
- atropine & scopolamine & hippocampal lesions, alternation performance, rats, 11826
- atropine, exploration & learning & electrocortical activity, developing rats, 443
- avoidance conditioning training parameters, cycloheximide-induced amnesia & recovery, male mice, 9569
- barbital, tolerance to & withdrawal- & overhydration-related water intake, rats, 11779
- barbiturates, alteration of norepinephrine metabolism, rats, 11731
- benactyzine, short- & long-term memory, cats & dogs, 2480
- benzocetamine, anxiety reduction, field-dependence & pain tolerance relationship, males, 8990
- benzodiazepine tranquilizers, facilitation of operant conditioning, genetically nervous catapoulas & pointer dogs, 7095
- beta-phenylethylamine vs dextroamphetamine sulfate vs iproniazid phosphate, locomotor activity, male rats, 7069
- bilateral electrolytic brain lesions, role of nucleus amygdaloideus centralis in mediation of cataleptic & antistereotypic effects of neuroleptic agents & metoclopramide, male rats, 6937
- bis-phenyl- (2-chlorophenyl) -1-imidazol-methane, driving ability, students, 482
- brain amines, apomorphine-induced intraspecific aggressive behavior, rats, 4796
- brain extract injections from trained rats, transfer of operant behavior, male rats, 4709
- brief-tone audiometry, measurement of ability to integrate acoustic energy over time, 14-33 yr olds treated with salicylate, 7100
- broadcast applications of microencapsulated disparlure, mating gypsy moth, 7222
- caffeine & nitrazepam & cigarette smoking, contingent negative variation, college students & staff, 11710
- cannabidiol & cannabinol, anticonvulsant activity measured against electroshock, mice, 468
- cannabis & derivatives, animal behavior, literature review, 11787
- cannabis sativa extracts, cannabis-directed behavior & abstinence syndrome, rats, 7084
- cannabis, pentobarbital-induced sleeping time & pentobarbital metabolism, male rats, 4799
- carbidopa, attenuation of levodopa emesis & evidence for cerebral site of action outside blood-brain barrier, dogs, 9540
- castration & testosterone propionate, hoarding behavior, female vs male gerbils, 2379
- catecholamine-derived tetrahydroisoquinoline alkaloids, uptake & release by adrenergic nerves in vivo, male mice & rats, 9558
- catecholamines & levodopa & aminophylline & insulin & nicotinic acid, plasma unesterified fatty-acid & brain tryptophan, rats, 7046
- catron & pargyline, recovery from pretraining cycloheximide-induced amnesia, mice, 11719
- causes of & methods for dealing with effects of drug abuse, adolescents in child-caring institutions, 3287
- cerebellum stimulation vs ablation, inhibition of cortical penicillin-induced focal epilepsy, cats, 6946
- chloral hydrate, laboratory recorded & home sleep & mood, young males, 4746
- chlordan vs olive oil, conditioned avoidance response & electroshock seizure threshold & open-field performance, prenatally-treated mice, 11705
- chlordiazepoxide & chlorpromazine, response force & rate & resistance to extinction, rats, 9503
- chlordiazepoxide & diazepam & phenobarbitone & alpha-prophyl-dopacetamide, turnover changes in central 5-hydroxytryptamine pathways, rats, 9538
- chlordiazepoxide & /or caffeine benzoate, shock-induced aggression, rats, 4787
- chlordiazepoxide, intensity & habituation of agonistic behavior, Siamese fighting fish, 4734
- chlordiazepoxide, laboratory recorded & home sleep & mood, young males, 4745
- chlorimipramine vs imipramine, galvanic skin responses & plethysmographic changes, neurotics, 10634
- chlorpromazine & chlordiazepoxide & pentobarbital, neuronal excitability in medial forebrain bundle during self-stimulation behavior, rats, 4780
- chlorpromazine & dehydrobenzperidol & morphine & phentanyl, affective manifestations of pain, mice, 4786

- chlorpromazine & haloperidol & bulbo-caprine & morphine & alpha or beta-adrenergic receptor-blocking & cholinergic agents & oxotremorine, apomorphine induced pecking, pigeons, 11723
- chlorpromazine & 3 metabolites, behavioral performance, male rats, 7025
- chlorpromazine dosage, tonic immobility duration, 2.5-3 wk old chickens, 9547
- chlorpromazine, conditioned emotional response, rats, 7086
- chlorpromazine, escape response latency motivated by electrical stimulation of hypothalamus, cats, 6950
- chlorpromazine, laboratory recorded & home sleep & mood, young males, 4747
- chlorpromazine, motor activity & head-dips, rats, 11739
- chlorpromazine, performance on active avoidance task, 12 strains of inbred mice, 7039
- chlorpromazine, sleep, chronic male schizophrenics, 11765
- chlorpromazine, sleep, insomniac cats pretreated with para-chlorophenylalanine, 451
- cholecystokinin vs apomorphine vs octapeptide, taste aversion, rats, 9517
- cholinergic & anticholinergic drugs in scala tympani, blocking effects of electrical stimulation of crossed olivocochlear bundle, guinea pigs, 6934
- cholinergic & anticholinergic treatment, methylphenidate antagonism of haloperidol, normal vs haloperidol-tolerant mice, 4236
- cholinergic modification, naloxone-induced jumping behavior, morphine-dependent mice, 9490
- chronic delta-9-tetrahydrocannabinol, catecholamine synthesis in brain & adrenals, male rats, 474
- chronic dextroamphetamine administration, abnormal behavior changes, rats, 4724
- chronic dextroamphetamine, food intake & body weight & locomotor activity & subcellular distribution of drug in brain, rats, 4771
- chronic drug administration, neurotransmitter re-uptake & storage & turnover levels of tyrosine & tryptophan hydroxylase in brain, rats, 7070
- chronic hypnotic-drug use, ineffectiveness & drug-withdrawal insomnia & dependence & REM sleep, insomniacs, 1104
- chronic lithium chloride treatment, brain RNA composition & content & synthesis, rats, 4731
- chronic treatment with diisopropylfluorophosphate, reduced behavioral effects of pilocarpine, male rats, 9563
- chronic vs acute administration of lithium chloride, brain choline & acetylcholine levels, mice, 471
- chronic vs acute alcoholism, rate of serotonin synthesis, mice, 11829
- CI-686, prediction of neuroleptic effects based on computerized cerebral biopotentials, 1464
- cis-9-tetradecenal & cis-11-hexadecenal from female tobacco budworm moth extracts, mating behavior disruption, male moths, 9570
- clinical & social aspects, effects of LSD, literature review, 480
- clonidine & alpha-adrenoceptor blocking agents, avoidance conditioned reflexes, male rats, 7050
- clorazepate dipotassium vs diazepam, anticonvulsant effects, monkeys, 2467
- cobalt & related metals implanted on cerebral cortex, seizure threshold to pentylene-tetrazol, rats, 9394
- cocaine & pemoline & amphetamine, learning & retention of discrimination test, male mice, 9497
- coffee & caffeine, sympathoadrenomedullary activity & blood lipids & psychological ratings & performance, 440
- concaveation & neonatal androgen treatment, maternal responsiveness, lactating females vs gonadectomized male & female rats, 11800
- Conolis accelerations & diazepam, clinical & endocrinological effects, 17-45 yr olds, 9381
- cutaneous perception of movement, heroin vs nonheroin addicts, 11285
- cyclic adenosine 3 prime, 5 prime-monophosphate & aminophylline, lateral eye reticular cells, horseshoe crabs, 2498
- cyclic benzylhydrazine congeners vs nialamide, synthesis & pharmacological activity as antidepressant agents, mice, 7123
- cycloheximide & diethylthiocarbamate, localization of action, mice, 478
- cycloheximide & puromycin & chloramphenicol & ouabain & lithium & copper, protein synthesis in crude mitochondrial & postmitochondrial & synaptosomal fractions of forebrain, chickens, 7060
- cypheptadine & methysergide & atropine & naloxone, stimulus discrimination of morphine & LSD, rats, 11753
- cypheptadine vs LSD, hyperthermia, rabbits pretreated with 5-hydroxytryptamine & noradrenaline & dopamine, 11761
- cypitronone acetate administered at selected stages of gestation, maternal behavior, mice, 439
- cypitronone acetate, copulatory behavior & cloacal gland size, male quails, 4706
- cypitronone acetate, food & water intake & growth, rats, 11824
- cytidine diphosphate choline, central nervous system, rabbits, 9596
- dantrolene-sodium vs diazepam vs chloridazepoxide vs neuromuscular blocking agents vs local anesthetics, righting reflex loss & acute toxicity & motor coordination, male mice treated with morphine sulphate, 11736
- decrease in threshold to flurothyl seizures & measure of morphine primary abstinence syndrome, rats, 7021
- decreased adrenal corticosteroids before & after withdrawal of hormonal replacement therapy & before & after metyrapone, sleep changes, patients with Addison's disease or pituitary insufficiency & normals, 5728
- delta-9-tetrahydrocannabinol, brain levels of cyclic adenosine 3 & 5-monophosphate, male mice, 11734
- delta-tetrahydrocannabinol, retardation of discrimination reversal, male monkeys, 7062
- delta-1-tetrahydrocannabinol, schedule-induced aggression, pigeons, 2427
- delta-8- & delta-9-tetrahydrocannabinol & cannabidiol & 11-hydroxy-metabolite of delta-8-tetrahydrocannabinol, EEG patterns, rabbits, 11806
- delta-8- & delta-9-tetrahydrocannabinol, anticonvulsant activity, rats, 9550
- delta-8-tetrahydrocannabinol, EEG & reticular multiple unit activity & sleep, cats, 487
- delta-9-tetrahydrocannabinol, appetitive- & aggressive-rewarded maze performance, rats, 11767
- delta-9-tetrahydrocannabinol & LSD-25 & scopolamine, continuous & spontaneous alternation in Y maze, rats, 2431
- delta-9-tetrahydrocannabinol content in Brazilian marijuana, rabbit corneal reflexes & mice spontaneous motor activity & cataplexis & rat rope climbing & human pulse rate & time-estimation, rabbits & mice & rats & humans, 7037
- delta-9-tetrahydrocannabinol, acute tolerance to effects on spaced responding, male monkeys, 7088
- delta-9-tetrahydrocannabinol, analgesic effects on tolerance to electrical stimulation of upper canine tooth, dogs, 4756
- delta-9-tetrahydrocannabinol, body weight & brain electrolyte concentrations, neonate chickens, 9480
- delta-9-tetrahydrocannabinol, choice response speeds in short-term recognition memory, chimpanzees, 461
- delta-9-tetrahydrocannabinol, competitive social behavior, male monkey pairs, 11762
- delta-9-tetrahydrocannabinol, critical flicker fusion perception & pain & touch sensitivity, 21-30 yr old male marijuana users, 4748
- delta-9-tetrahydrocannabinol, lethal effects, mice pretreated with SKF 525-A or chloramphenicol, 11814
- delta-9-tetrahydrocannabinol, sleep, 21-29 yr old volunteers, 11740
- delta-9-tetrahydrocannabinol, subcortical spike bursts & motor manifestations, rats, 7121
- delta-9-tetrahydrocannabinol, tolerance development & sensitivity, frequent vs infrequent male marijuana users, 11796
- delta-9-tetrahydrocannabinol, visual evoked response, 21-34 yr old marijuana smokers, 4765
- delta-9-tetrahydrocannabinol, EEG & epilepsy, photosensitive baboon, 11783
- delta-9-tetrahydrocannabinol, memory & speech & perception of thermal stimulation, 25-29 yr olds, 4816
- delta-9-trans-tetrahydrocannabinol, memory & attention & subjective state, 21-38 yr old students, 4732
- desacetylscolophobin, extinction of pole jumping avoidance response & passive avoidance latency with vs without previous shock & light-dark preference & open-field tests, rats, 4729
- desipramine & imipramine & amitriptyline & protriptyline, central hypotensive effects of clonidine, cats, 2493
- desmethyldiazepam & fluphenazine & chlorpromazine, blockage of insulin release, adrenalectomized rats, 11799
- dexamethasone, plasma levels of cortisol & corticosterone & free fatty acids, psychiatric inpatients, 5605
- dextro- & levo-isomers of pentazocine, brain & heart biogenic amines, rats, 11716

- dextro- & levoamphetamine & para-hydroxyamphetamine hydrobromide, discriminative response control, male rats, 9526
- dextro- vs levoamphetamine-induced taste aversion to saccharin solution, rats, 11722
- dextro-LSD dosage, discriminability from no drug vs mescaline vs psilocybin, rats, 449
- dextro-lysergic acid diethyl amide, learning & audiogenic seizure susceptibility & memory, mice, 4791
- dextroamphetamine & amylobarbitone mixture, sensory-contingent barpressing for novel & familiar sensory change, female rats, 9508
- dextroamphetamine & food deprivation or body weight, food consumption, rats, 4770
- dextroamphetamine & handling during intertrial interval, 1-way- vs shuttle-avoidance behavior, rats, 11746
- dextroamphetamine & phenobarbital & extraversion, kinesthetic figural aftereffects, male graduate & postgraduate students, 7065
- dextroamphetamine & scopolamine, avoidance acquisition & brightness discrimination, rats, 11711
- dextroamphetamine dosage, acquisition of light contingent bar pressing, rats, 4743
- dextroamphetamine dose level, discrimination of visual stimulus durations, male pigeons, 9584
- dextroamphetamine sulfate & alpha-methyl-p-tyrosine, changes in aversive threshold to electric shock, male rats, 7068
- dextroamphetamine, body temperature & motor activity & conditioning using hypothalamic stimulation as reward, thalamic rats, 9395
- dextroamphetamine, brain acetylcholine, young vs adult vs aged rats, 11823
- dextroamphetamine, exploratory activity & formation of labeled norepinephrine from labeled tyrosine, rats pretreated with parahydroxynorephedrine, 11754
- dextroamphetamine, facilitation of avoidance acquisition & performance changes subsequent to drug termination, male rats, 4718
- dextroamphetamine, fixed ratio 30 performance with food vs brain stimulation reinforcement, rats, 9496
- dextroamphetamine, perceptual reactance & personality, 21-34 yr olds, 7091
- dextroamphetamine, rate-dependent effects on locomotor activity, female mice, possible relationship to paradoxical amphetamine sedation in minimal brain dysfunction, 459
- dextroamphetamine, spontaneous activity in caudate nucleus & reticular formation, male rats, 9513
- dialyzable glycopeptide preparation from whole rat brain, clonic-tonic convulsions, cats, 7106
- diazepam & chlorpromazine & amphetamine, timing behavior on fixed-interval or differential reinforcement schedules, rats, 11758
- diazepam & flurazepam & chlordiazepoxide, potentiation of hypnotic effect of steroid anesthetics, mice & rats, implications for clinical application, 9515
- diazepam & nitrazepam & chlordiazepoxide, operant conditioning, rats, 4811
- diazepam & nitrazepam & lorazepam & pentobarbital, cortical & subcortical brain regions & sleep & waking behavior, cats, 445
- diazepam & nitrazepam & lorazepam & pentobarbital, EEG of night sleep, 444
- diazepam & nitrazepam, intra- & extracellular distribution of sodium & potassium ions in brain, rats, 6958
- diazepam dosage, eating & drinking & leverpressing, rats, 9594
- diazepam, epileptic patterns of cortical & thalamic electrographic activity, turtles, 11808
- diazepam, prey-play behavior, cats during prey killing, 7083
- dieldrin & metrazol, sensory & motor evoked responses & mode of action in CNS, male cats, 7076
- diet palatability & glucose infusion into duodenum, milk &/or glucose intake, rats, 9494
- differential delta-9-tetrahydrocannabinol exposure when immature or during early adulthood, tolerance development, male rats, 4716
- differential dietary maintenance, furosemide elicited sodium appetite, male rats, 7075
- dihydrotestosterone, sexual behavior, castrated male rhesus monkeys, 11797
- diisopropylfluorophosphate & subsequent muscarinic & nicotinic agonists & antagonists, reduction of brain cholinesterase & free operant responding & single alternation behavior & tolerance development, male rats, 9564
- dimethyltryptamine vs LSD, cortical EEG & electrooculogram & EMG & observed behavior in testing for tolerance, male cats, 2438
- diphenylhydantoin & diazepam, time course & anticonvulsant effects on penicillin-induced epileptogenic foci, cats, 9581
- diphenylhydantoin & phenobarbital, body weight, vitamin D-deficient vs supplemented rats, 9533
- diphenylhydantoin vs chloral hydrate, alcohol withdrawal, delirium tremens & convulsions, mice, 11743
- dipotassic clorazepate, heart rate & EEG & psychomotor performance, anxious & nonanxious Ss, 3632
- discrimination among amphetamines vs sodium secobarbital vs chlordiazepoxide, graduate & college students, 4751
- dopamine & norepinephrine infused into lateral ventricles, shock-induced fighting behavior, male rats, 4613
- dopamine to norepinephrine ratio changes, cortical acetylcholine outflow & behavior & electrocorticogram, guinea pigs, 9411
- dopamine, blockage of morphine behavioral reinforcement, rats, 11805
- dopaminergic mesolimbic system brain lesions, mediation of cataleptic & antistereotypic effects of neuroleptic & nonneuroleptic agents, rats, 11726
- doxepin, agonistic behavior provoked by electrical stimulation of hypothalamus, cats, 4753
- drug abuse programs & marihuana effects & description of drug dealers, 756
- drug effects & pathological conditions from various diseases, acquired color vision deficiency, 5737
- drug induced convulsive activity, glutamate & aspartate in cortical subarachnoid fluid, dogs, 447
- drug therapy & dependency & effects & prescribing behavior, abstracts of papers presented at 1973 Annual Psychopharmacological Meeting, Jesenik, 12505
- drug trial size & base population, drug experimentation, 2468
- drug usage, criminal assaults, adolescents, 9588
- drug usage, learning & memory, literature review, 2469
- drugs & chemicals, color vision, 4768
- drugs & hypnotic induction, suggestibility, 2494
- duodenal vs hepatic-portal glucose perfusion, food intake, free-feeding rabbits, 9589
- early androgenization, social interactions & aggression pheromone, inbred mice, 2458
- EEG profiles & response to psychotropic drugs, reality of hypnotic state, criticism of G. A. Ulett & S. Akpinar & T. M. Itil's study, 362
- electrical stimulation of reticular formation & chlorpromazine, performance of trace conditioned avoidance response, male rats, 6940
- electrolytic brain lesions, role of dopamine containing areas & pathways of extrapyramidal & mesolimbic systems in mediation of stereotyped behavior induced by dextro- & levamphetamine, male rats, 6938
- electrolytic vs mechanical lesions of neo- &/or paleostriatum, reaction to apomorphine & spiroperidol, rats, 9477
- electrostimulation conditioning, amphetamine-induced stereotypy, rats, 4721
- error typologies, research studies on marihuana effects, 2489
- estradiol & handling & oviduct plug fitted in ovipore & injection of own ovulated eggs, spawning behavior, female goldfish, 483
- estradiol & pituitary growth hormone, food intake, ovariectomized & hypophysectomized female rats, 4700
- estradiol benzoate & progesterone & dosage, regulation of scent marking, ovariectomized female mongolian gerbils, 9565
- estradiol benzoate vs testosterone propionate in combination with estrogen antagonist ethamoxyltriphetol, lordosis behavior, castrated vs intact male rats, 4625
- estrogen stimulation during neonatal period vs ovariectomy, motility & shuttle box & open field behavior, female rats, 11651
- estrogen, sexual behavior activation, male rats, 2482
- estrogens & estrus, food intake, female rats, 4608
- ethamoxyl-triphetol given long intervals after estradiol benzoate treatment, suppression of lordosis, ovariectomized guinea pigs, 4610
- ethamoxyltriphetol, mounting & lordosis behavior, ovariectomized female & intact male & female rats, 4626
- ethanol & acetaldehyde, metabolism & binding of biogenic amines, guinea pigs & rats, 7082
- ethanol & caffeine, locomotor activity & central catecholamines, female mice, 7131

- ethanol dosages, shuttle-avoidance learning & recall, goldfish, 9575  
 ethanol vs saline injections, preferences for cues associated with intoxication, rats, 441  
 ethanol vs saline, mating behavior, ovariectomized female rats, 475  
 ethanol vs sweet sherry vs artificial sherry, conditioned avoidance performance, rats, 11760  
 ethanol, effectiveness of diazepam & morphine, rats, 4776  
 ethanol, occurrence of social & nonsocial acts & postures, rats & their untreated partners, 2454  
 ethanol, passage of aminolaevulinic acid across blood-brain barrier, rats, 4774  
 ethanol, sleep disorders & delirium, 1136  
 ethanol, spontaneous & auditory evoked electrical activity in brain, cats, 2466  
 ethyl alcohol, short-term memory, male volunteers, 9556  
 evaluation of central stimulant & depressant drug effects on locomotor activity, mice, apparatus, 4808  
 examining accumulated drug trial data more than once, controlling patient exposure to drugs, 4243  
 excess calcium ions in brain, motivated feeding & attenuation by pharmacological antagonists, male rats, 4676  
 excitant & depressant drugs, modulation of environmental effects on brain weight & cholinesterases, male rats, 4719  
 exercise & pain-stress, renal clearance of sodium & lithium & potassium & creatinine, male rats, 4801  
 existence of cortical dopamine nerve terminals, rats treated with multiple doses of dopamine-beta-hydroxylase inhibitors vs reserpine vs levodopa vs MK-486, 11612  
 experiences with recently developed psychotropic drugs, literature review, conformity to L. E. Hollister's guidelines for antipsychotic drugs, 9542  
 experimental methods, assessing psychopharmacological action of substances, 4715  
 exposure to lead acetate indirectly through mothers at birth & after weaning, activity & growth & development & responses to drugs used to treat minimal brain dysfunction hyperactivity, mice, 4800  
 exposure to tri- & tetrachloroethylene, & toluene & xylene & CS sub 2 poisoning, psychological performance, workers, 4766  
 fenfluramine & amphetamine combinations, psychomotor test performance, normal volunteers, 446  
 fenfluramine & apomorphine behavioral antagonism, increase of striated homovanillic acid, rats, 11763  
 fenfluramine, glucose use by muscles & fatty substances in blood, mice & rats & dogs & cats & rabbits, implications for obesity treatment, 452  
 fenfluramine, symposium, 453  
 flupenthixol & flupenthixol-decanoate, methylphenidate- & apomorphine-induced compulsive gnawing, mice, 4726  
 flupenthixol & its 2 isomers vs clonpenthixol & chlorprothixene & fluphenazine & perphenazine & chlorpromazine & haloperidol, pharmacological profiles, male mice & rats & guinea pigs & rabbits & cats & dogs, 2464  
 food deprivation & fluid sweetening, alcohol consumption, rats, 7061  
 gamma hydroxybutyric acid, biochemical mechanisms of central effects, male mice, 7093  
 gamma-aminobutyric acid & related compounds, superior cervical ganglia depolarization, rats, 7032  
 glycine & senne, ethanol-induced motor impairment, rats, 7029  
 goldthiogluconate injections vs obesity, taste reactivity & readiness to eat & food-directed activity & passive avoidance, female mice, 9579  
 hallucinogenic & nonhallucinogenic indolealkylamine & phenethylamine derivatives, motor activity & avoidance behavior acquisition, male rats, 9590  
 hallucinogens, thought & perception & mood, 7024  
 haloperidol & morphine comparison using drug-interaction & brain lesion studies, differentiation of catalepsy & catatonia, male rats, 4607  
 haloperidol repeated administration, endogenous levels & turnover of brain catecholamines, male mice, 7073  
 haloperidol, apomorphine & Ro-4-4602 & levodopa-increased copulatory behavior, male rats, 9586  
 haloperidol, histochemical study of effects on central nervous system, rats, 2490  
 haloperidol, supersensitivity of dopamine receptors manifested by enhanced stereotypic & aggressive responses to apomorphine & wet shakes, rats, 4740  
 heart rate & skin conductance & blood pulse volume, 19-57 yr old paranoid vs nonparanoid & acute vs chronic & poor vs good premonitory schizophrenics with vs without phenothiazine medication, 7917  
 high dosages of rapidly ingested alcohol verbal memory & motor-skill learning & autonomic control dissociation, nonalcoholic male college students, 11752  
 history & use & effects, "Amanita muscaria," book, 2470  
 human spermhormone, fertility & sexual activity, male & female mice, 9577  
 hydroxymescaline & beta-phenylethylamine & 2,3,4,5,6-pentamethoxyphenylethylamine & 2,4,5-trimethoxyphenylethylamine, behavioral activity & physiological disposition in brain & liver & plasma, male rats, 11725  
 hyperphagia due to medial hypothalamic lesions & subsequent central injection of 6-hydroxydopamine, consummatory behavior, female rats, 6936  
 hypoxic hypoxia & carbon monoxide, food & water intake & body weight, Long-Evans hooded vs Sprague-Dawley albino male rats, 9531  
 illicit use of psychotomimetic amphetamines & toxic effects of STP, 773  
 imipramine & desipramine & nortriptyline & pargyline & tranylcypromine & nialamide, open field behavior, male rats, 4763  
 imipramine & desipramine, lung & liver & brain monoamine oxidase, rabbits, 9572  
 imipramine, alleviation of cataleptic-like state due to inescapable averse stimulation, chickens, 11780  
 imipramine, levodopa metabolism, male adults, 9555  
 immunization with porcine gamma globulin hemisuccinate delta-1-tetrahydrocannabinol vs porcine gamma globulin hemisuccinate-phenol, blocking of delta-1-tetrahydrocannabinol effect on spontaneous motor activity, rats, 11818  
 individual components of sex pheromone, sexual stimulation, male moths, 466  
 industrial noise & ototoxic antibiotics, cochlear function, guinea pigs, 9588  
 information on pharmacology & therapeutic efficiency & hazard potential, psychoactive drugs, assistance for drug selection by physicians, 1462  
 inhalation of general anesthetic, production & estimation & reproduction of time intervals, young males, 7020  
 inhibition by beta-adrenoceptor antagonists & interactions with cholinergic & anticholinergic drugs, central stimulant isolated from sea anemone, mice, 2492  
 inhibition by beta-adrenoceptor antagonists & interactions with cholinergic & anticholinergic drugs, central stimulant isolated from sea anemone, mice, 2492  
 inhibition of monoamines, para-chloroamphetamine effects on motility, female rats, 4764  
 initial vs repeated dosing with levoacetylmethadol, plasma levels of alpha-levodonoracetylmethadol & urinary excretion of levoacetylmethadol & alpha-levodonoracetylmethadol & alpha-levonoracetylmethadol, opiate addicts, 10365  
 insulin & 2-deoxy-D-glucose, plasma glucose level & lateral hypothalamic eating threshold, male rats, 9385  
 insulin dose & pretreatment time & food vs water reinforcer & reinforcement schedule & food deprivation level, operant leverpressing, male rats, 9512  
 intracarotid & intravertebral pentylene-tetrazol & amobarbital, generalized penicillin epilepsy, cats, 9507  
 intracarotid pentylene-tetrazol injections, convulsive thresholds of single hemispheres, normal cats vs cats with focal cortical or generalized penicillin epilepsy, 9401  
 intracerebral infusion of actinomycin-D, inhibition of estrogen facilitation of sexual behavior, ovariectomized rats, 2387  
 intracerebral labeled delta-9-tetrahydrocannabinol, subcellular distribution in brain, male rats, 7042  
 intracranial injections of angiotensin II & l-norepinephrine & carbachol, ingestion behavior, mongolian gerbils, 9414  
 intraduodenal & intraportal infusion with isotonic glucose & urea & sodium chloride solutions, drinking rate of glucose or sucrose solution, rats, 9495  
 intrajugular & intraportal glucose & amino acid injections, food intake, pigs, 11815  
 intraocular chlorpromazine injections, visual discrimination performance & peak shift, pigeons, 11778

- intramuscular dextroamphetamine, response proportions to fixed-interval reinforcement interval proportions, pigeons, 9489
- intramuscular injection of chlordiazepoxide hydrochloride, individual & social behavior, monkeys, 4711
- intramuscular injections of atropine & methylatropine & physostigmine, iv cocaine self-administration, male rhesus monkeys, 7135
- intraperitoneal amphetamine & haloperidol & stimulation of motor cortex & caudate nucleus, inhibition of motor act, non-narcotized & unrestrained cats, 6957
- intraperitoneal chlorpromazine hydrochloride injections, peak shift, rats, 11777
- intraperitoneal ethanol injections, alcohol blood level & postinjection ethanol consumption, high- vs low-drinker rats, 11715
- intraperitoneal injection of morphine, interresponse intervals in fixed-ratio performance, rats, 9505
- intraperitoneal injection of RNA from trained vs untrained donors, positive & negative transference of specific learning, male rats, 7092
- intraperitoneal injections of pentylenetetrazol, permanent change in convulsive threshold, normal vs brain-damaged rats, 6949
- intraperitoneal injections of saline vs ethanol & intertrial interval, choice reversal of left-right spatial discrimination avoidance response in Y-maze, rats, 7090
- intraperitoneal injections of 5-(para-hydroxyphenyl)-5-phenylhydantoin, hexobarbital sleeping time & hexobarbital & ethylmorphine metabolism by rat liver homogenate, mice, 9582
- intraperitoneal methamphetamine hydrochloride injections, intracranial hypothalamus self-stimulation threshold, rats, 11652
- intraperitoneally injected dextroamphetamine, sulfate, susceptibility to audiogenic seizures, mice, 4652
- intravenous heroin, short-term EEG & auditory detection & mood, 19-43 yr old detoxified heroin postaddicts, 9591
- intraventricular & intraperitoneal dextroamphetamine, active avoidance performance, male rats, 390
- iproniazid & tranlycypromine & dark-avoidance conditioned schedule levels of conditioning, female rats, 4723
- isocarboxazid, EEG driving responses to photic stimulation, 21-30 yr old males, 4812
- isolated perfused rat brain, use as model for studying CNS acting drugs, 4761
- isomers of 2 & 5-dimethoxy-4-ethylamphetamine, 26-32 yr old psychiatry residents, 11812
- labeled delta-1-tetrahydrocannabinol with vs without repurified 7-hydroxy-delta-1-tetrahydrocannabinol, blood & brain levels of both cannabinoids, mice, 9506
- labeled tetrahydrocannabinol, tissue distribution & metabolism, rats, 11828
- legal & ethical considerations for marihuana research, 21-30 yr olds, 18-mo follow-up & literature review, 12508
- levo- & dextrohexobarbital, volume of distribution & metabolic clearance constant in same intact & isolated liver, rats, 11721
- levodopa & alpha-methyltyrosine, delayed response & visual discrimination & biochemical changes, cats, 2451
- levodopa & carbidopa & pyridoxine, metabolic interactions in Parkinson's disease, 10636
- levodopa & pyridoxine, cystathionine levels in brain & liver & kidney, male rats, 9492
- levodopa & reserpine & pentobarbital, average acoustic evoked responses in caudate nucleus, male rats, 4727
- levodopa, accumulation of adenosine 3 prime, 5 prime-monophosphate prime in caudate nucleus & cerebellum, rats, 2437
- levomethionine, disruption of grouping behavior, male mice, 7026
- lidocaine induced facial anesthesia, irritable aggression, rats, 4806
- lithium & alpha-methyl-para-tyrosine, prevention of "manic" activity, female mice & rats, 7049
- lithium & vs pheniprazine, brain serotonin metabolism, rats, 11807
- lithium carbonates, EEG, male prison volunteers, 4788
- lithium chloride induced illness following ingestion of earthworms, aversion to palatable prey, garter snakes, 2424
- lithium chloride short-term administration, norepinephrine turnover & metabolism in brain, rats, comparison with data from longitudinal study of lithium carbonate treatment of mania, 7116
- lithium ions & insulin, glucose utilization & glycogen synthesis & synthase, isolated rat diaphragm, 11751
- lithium, adrenergic amine uptake in brain synaptosomes, male rats, 11770
- lithium, excitable cell membranes & mechanism of inhibition of sodium pump of nonmyelinated nerve fibers, male rats, 9567
- lithium, prostaglandin E sub 1-stimulated adenylate cyclase activity of human platelets, 7132
- local injection of atropine vs pentobarbital to surface of cochlear nucleus, role of centrifugal auditory pathways to cochlear nucleus in detection of signals in noise, cats, 7102
- long-term administration of dextroamphetamine, augmentation of motor activity & stereotypy, male rats, 9576
- long-term administration of reserpine & amitriptyline & chlorpromazine & chloral hydrate & chlordiazepoxide, sleep, humans, methodological description & placebo effects, 464
- long-term amitriptyline administration, sleep, 21-35 yr olds, 462
- long-term barbiturate use & neurophysiological mechanisms, sleep, review of F. R. Freeman's 1972 study of sleep research, 9359
- long-term hallucinogen usage, maladaptive "epistemic" modes of acquiring knowledge of one's world, 1217
- long-term lithium treatment, weight gain, female rats, 4785
- long-term marihuana usage, physiological & psychological correlates, 14-58 yr old Indian marihuana users, 11724
- long-term reserpine administration, sleep, 21-35 yr olds, 463
- lorazepam, CNS structures, normal & epileptic cats & monkeys, 2441
- LSD vs schizophrenic experiences, high school vs university students vs young schizophrenics, 5621
- LSD-25 & methysergide, cerebral & platelet serotonin levels, rats, 7127
- LSD, apomorphine-induced locomotion, rats pretreated with BOL-148 or methysergide or parachloroamphetamine, 9509
- LSD, auditory perception of tones at different frequencies, male rats, 7052
- LSD, levels & turnover rates of brain serotonin & norepinephrine, rats, 4784
- LSD, simple instrumental conditioning & extinction & discrimination learning, male rats, 7109
- major & minor tranquilizers, conditioned emotional response, animals, 4777
- manganese chloride & tetrodotoxin dissolved in sea water, lateral eye reticular cells, horseshoe crabs, 2497
- MAO & catechol-O-methyltransferase & dopa-decarboxylase, catalepsy induced by dextroamphetamine & alpha-methyl-para-tyrosine, female rats, 7113
- marihuana & dextroamphetamine, dose-effect relationship on neurophysiological & cardiorespiratory variables, male marihuana users, 2436
- marihuana smoking vs placebo vs no drug condition, experienced cognitive & behavioral effects, marihuana users, 9504
- marihuana smoking, critical flicker fusion thresholds, 21-30 yr old experienced marihuana smokers, 7117
- marihuana state-dependence, recall performance, 21-30 yr old experienced marihuana smokers, 11816
- marihuana, cutaneous sensitivity & affect, users vs nonusers, 11788
- marihuana, reaction time to auditory vs visual stimulation, 20-30-yr-old college students, 11789
- marihuana, resistance to distraction & set-shifting & field articulation, reference to S. Sack's model of attention, 4730
- marihuana, slow-wave sleep, 21-26 yr old experienced marihuana users, 4717
- marihuana, tracking performance, 18-22 yr olds, 4790
- marihuana, vigilance under varying response demands & attention, 21-34 yr olds, 11809
- melanocyte-stimulating hormone release-inhibiting factor & thyrotropin releasing hormone & angiotensin II, behavioral effect of levodopa & 5-hydroxytryptophan, male mice, 9520
- melanocyte-stimulating hormones, activity & dark preference responses, albino vs hooded rats, 2484
- melatonin & exposure to light, brown adipose tissue, male hamsters, 465
- mescaline & 2,3,4-trimethoxy-beta-phenylethylamine, metabolic rates in whole & in brain areas in vivo, mice, 4795
- mescaline, binding of aminoacyl-transfer RNA to ribosomes of brain tissue, goats, 11729
- metabolism of chloral hydrate in brain tissue vs metabolism of chloral & 2 other aldehydes, rats, 4805
- Metamyzil & Ganglerson, after-discharges & activity of penicillin-produced epileptogenic foci in hippocampus, rabbits, 9392
- methadone oral administration, hepatic microsomal mixed function oxidase activity, male mice, 11781
- methadone replacement, striatal acetylcholine & acetylcholinesterase & dopamine alterations, morphine-dependent rats, 11785

- methadone, hippocampal EEG before & after electrical stimulation of septum, cats, 9383
- methamphetamine & chlorpromazine & haloperidol, tyrosine hydroxylase activity, rats, 9493
- methamphetamine & pipradrol & methylphenidate, instrumental conditioning & spontaneous motor activity, immature rats, 9528
- methamphetamine & secobarbital, contingent negative variation amplitude, graduate & college students, 4760
- methamphetamine treatment & withdrawal, cerebral carbohydrate metabolism, rats, 9545
- methamphetamine, conditioned aversion in spatial paradigms, rats, 9546
- methamphetamine, daily rhythms of hypothalamic norepinephrine & serotonin & plasma corticosterone levels, rats, 9483
- methamphetamine, fixed-ratio responding, food-satiated vs food-deprived rats, 4781
- methamphetamine, responding under multiple schedule of shock presentation, monkeys, 4775
- methamphetamine, serial discrimination reversal learning, rats, replication & extension of B. M. Kulig & W. H. Calhoun's study, 2426
- methaqualone & phenobarbital & dosage, body weight & mean rectal temperature & spontaneous motor activity & drug tolerance, rats, 9530
- methohexital anesthesia, discharge patterns in nucleus reticularis thalami, encephale isole cats, 11825
- methoprenazin, RNA content of cortical neurons, rats, 2452
- methylamphetamine, tolerance development to hyperactivating effects, male rats, 9486
- methylazoxymethanol acetate produced mucrencephaly, conditioned flavor aversions & reversal, female rats, 7138
- methylphenidate & pheniprazine & desipramine, muscarinic mechanisms in superior cervical ganglion, cats, 4725
- methylphenidate, anticipatory heart rate deceleration & reaction time, 7-10 yr olds with vs without learning disabilities, 12740
- methylphenidate, Gilles de la Tourette's syndrome, 12772
- metrazol, brain norepinephrine, mice, implications for metrazol-produced amnesia, 9456
- metrazol, hypothalamic effect during consciousness, cats, 7027
- midbrain raphe lesion, antinociceptive action of morphine & other analgesics, female rats, 4688
- mineralocorticoids & glucocorticoids, water & food & salt intake, male rats, 9578
- minor tranquilizers, blocking stress-induced elevation in plasma corticosteroids, male rats, 7081
- monosodium glutamate, early biochemical & behavioral development, rats, 9488
- morphine & delta-9-tetrahydrocannabinol, tolerance to stimulus effects, male rats, 7066
- morphine & methotrimeprazine, caudate-induced inhibition of thalamic somatosensory evoked potential, rabbits, 2456
- morphine dependency & exposure to hot vs cold environments & naloxone, wet shakes & escape & thermoregulatory behavior, male rats, 2388
- morphine dosage & frequency of implantation & exposure duration, development of physical dependence & quantification of withdrawal syndrome precipitated by morphine antagonists, male rats, 442
- morphine sulfate, spontaneous firing rate of norepinephrine-containing neurons in locus coeruleus, male rats, 7080
- morphine vs naloxone vs/ & bell, hyperthermia, male rats, 505
- morphine, alcohol & food & water consumption, rats, 11811
- morphine, rearing & vocalization & attack-bites, rats, 2471
- morphine, suppression of voluntary alcohol drinking, rats, 2481
- morphine, turnover & synthesis of leucine-labeled protein & C-14-phosphatidylcholine in brain, rats, 11776
- multiple progesterone injections following ovariectomy, duration of estrus, female guinea pigs, 2378
- N-methyl-levophenyl 7,8 dimethoxy-2,3,4,5 tetrahydro-3-benzazepine maleate, behavioral effects, rats & mice & monkeys, 9485
- naltrexone monohydrate suspended in polylactide polymer as sustained release depot for narcotic antagonists, blockade against morphine, dogs with transected spinal cords, 2460
- nefopam hydrochloride, long-term safety, college student volunteers, 11769
- negative reinforcing properties of nalorphine & cyclazocine & naloxone, monkeys, 4749
- neonatal androgen, role in expression of hormonally induced maternal responsiveness, rats, 2422
- neonatal androgen, sexual dimorphism in neuropil of preoptic area, rats, 477
- neonatal exposure to androgen, maternal & sexual behavior, male rats, 4773
- neonatal testosterone & testosterone propionate & ethamoxynphethol, receptivity, female hamsters, 460
- neuroleptic & benzodiazepines & meprobamate & amobarbitone & ethanol & amphetamine & myorelaxants, rearing & number of steps climbed in exploratory behavior, rats, 7125
- neuroleptic-induced tardive dyskinesias, nonpsychotic 41-69 yr olds, 10492
- neuroleptics & tranquilizers & hypnotics, spontaneous palmar conductivity & psychogalvanic reaction, mice, apparatus & quantitative assessment method, 7089
- neuroleptics, antipsychotic action & basal ganglia function, review, 2416
- nicotine, dose & dose interval, spontaneous locomotor activity & drug tolerance, male rats, 7122
- nitroglycerin, content of potassium & sodium ions in brain structures & CRs & CNS depression, cats & rats, 2495
- non-hydrogen-bonding anesthetics, memory processing, chicks, 7103
- noradrenergic antagonists & dopamine, locomotor & rearing activity induced by amphetamine, rats & mice, 2475
- norepinephrine & 5-hydroxytryptamine & levodopa & dopamine & 5-hydroxytryptophan & reserpine vs ipromazid, stress ulcers & stomach secretions, rats, 11790
- nucleus amygdaloides centralis, development of cataleptic & stereotypic behavior induced by narcotic agonists & antagonists, male rats, 7044
- olfactory bulb removal & testosterone propionate & ovariectomy, ontogeny of maternal responsiveness, female mice, 2375
- olfactory influences & hypothalamic damage & estrogen treatment, puberty onset, rats, 2373
- optical isomers of delta-1-tetrahydrocannabinol CNS distribution & behavior, mice, 4754
- oral levodopa, plasma human growth follicle stimulating & luteinizing hormones response & blood pressure & pulse, male 21-35 yr olds, 7101
- oral trimipramine, major & petit mal seizures & EEG paroxysmal activity, 14-yr-old girl with history of petit mal absences, 10495
- orally administered cocaine, sleep & rapid eye movement sleep, depressed inpatients, 12918
- otic acid, tolerance to analgesic & cataleptic effects of morphine, male rats, 9511
- ovariectomy & constant light, responsiveness to estrogen, female rats, 2372
- oxotremorine & physostigmine, acetylcholine & choline levels in whole brain & spleen & cerebellum & plasma, female mice, 9530
- oxotremorine, homovanillic acid concentration in striatum, male rats, 7096
- p-chlorophenylalanine & reserpine & levoamino acid, & monoamine oxidase inhibitor, serotonin synthesis & acoustic startle reflex amplitude, rats, 9501
- p-chlorophenylalanine during infancy, bodily & cerebellar growth & paradoxical sleep & locomotor activity & turning frequency & passive-avoidance behavior during infancy & adulthood, rats, 9481
- p-chlorophenylalanine following differential training to ethanol & saline effects, state-dependent control of behavior produced by ethanol, female rats, 481
- para-chlorophenylalanine, alterations in behavioral effects of 5-hydroxytryptophan, male rats, 4720
- para-chlorophenylalanine & hydroxytryptophan, sleep & central monoamine & protein metabolism, cats, 2420
- para-chlorophenylalanine & shock-induced stress, alcohol consumption, rats, 6945
- para-chlorophenylalanine & 5-hydroxytryptophan, aversive threshold & motor activity, rats, 11755
- para-chlorophenylalanine depletion of brain serotonin & locomotor behavior, 10-25 day old rats, 4769
- para-chlorophenylalanine, apomorphine-induced hyperthermic response, rabbits, 2472
- para-chlorophenylalanine, morphine analgesia & tolerance & dependence, female rats, 7126
- parachlorophenylalanine & phenylalanine during pregnancy, biochemical effects & offspring development, rats, 9498
- parachlorophenylalanine, experimentally induced conflict behavior, male rats, 7028

- parachlorophenylalanine, serotonin depletion & attenuated habituation of startle response, male rats, 7038
- parenteral atropine & intraventricular hemicholinium & acetylcholine, ethanol-induced depressed performance in avoidance situation, rats, 4744
- patent medicine sales, placebo effects on pain relief, 7079
- penfluridol distribution, rats & mice, 9482
- pentazocine, neurochemistry & vocalization threshold & afterdischarge of pain reactions & motor response, rats pretreated with levodopa, 11793
- pentobarbital, average acoustically evoked responses in anterior & ventromedial hypothalamus, male rats, 4728
- pentylentetrazol, monoamine metabolic concentrations in cisternal cerebrospinal fluid, cannulated cats, 9553
- personality & sociocultural & environmental factors & strength & duration of dependence, plasticity of psychoactive substance, 7053
- pharmacogenetic study, methylation in vivo, schizophrenics vs normal adults, 7884
- pharmacological manipulation of whole brain amine levels, competitive behavior for food in straight runway, male rats, 9549
- pharmacology & clinical activities, tricyclic antidepressant drugs, 7030
- phenacyclidine & its derivatives, competitive inhibition of butyrylcholinesterase & acetylcholinesterase, 9541
- phenelzine & levotryptophan, metabolic control of body temperature, schizophrenics, discussion of W. Feldberg & R. D. Myers hypothesis, 5571
- phenfluramine & dextroamphetamine & phentolamine, eating behavior, rats, 7034
- phenfluramine derivative SE-780, body weight & food intake & sedative & behavioral effects, male rats, 7124
- phenylethylamine & alpha-methyl-phenylethylamine derivatives, 5-hydroxytryptamine turnover & receptors in brain & spinal cord, male rats, 7022
- phlorizin induced glycosuria produced by tubular inhibition, ability & mechanism of externalized kidneys to form CRs, dogs, 7087
- photic stimulation, visual evoked response potentials during physostigmine- & amphetamine- & pilocarpine-induced EEG arousal, rats, 9305
- physostigmine & food deprivation & discrimination experience, choline acetylase & acetylcholine esterase in dorsal hippocampus & frontal cortex, male rats, 467
- physostigmine vs neostigmine, acquisition & performance of conditioned avoidance behavior, male rats, 9571
- physostigmine, maintenance of discrimination behavior, male rats, 11727
- pilocarpine & scopolamine, light-dark discrimination performance maintained by electrical brain stimulation, male rats, 9554
- pimozide & spiramide, amphetamine- or apomorphine-induced hypodipsia, male rats, 4779
- pimozide, self-administration of apomorphine as positive reinforcement, rats, 11712
- pipothiazine palmitate vs fluphenazine enanthate vs fluphenazine decanoate, electrophysiological & behavior changes, normal & epileptic cats & monkeys, 11748
- piracetam, recovery from ECS induced amnesia by exposure to training environment, male rats, 9573
- piribedil, acetylcholine & choline levels in striatum & diencephalon & mesencephalon & cerebellum & hemispheres, female rats, 9535
- pituitary-adrenal hormones, extinction of rewarded behavior, male rats, 456
- placebos vs morphine, pain reduction, 7055
- plasma vs erythrocyte measures, prediction of brain lithium concentrations, rats, 4738
- polypeptide central stimulant isolated from sea anemone, brain monoamines, mice, 2491
- postnatal estrone, induction of precocious "tail coiling" response, rats, 7078
- postnatal diethyl ether, learning footshock escape, mice, 7136
- pre- & postpubertal castration & subsequent replacement therapy, differential responsiveness in intermale aggression, male mice, 2380
- prenatal chlorpromazine, seizure susceptibility & shock avoidance learning, rats, 4742
- preparation & evaluation & effects, naltrexone zinc tannate, mice, 382
- pretreatment emotionality level, scopolamine effects, male rats, 2462
- pretreatment with antiadrenergic drugs, sensitivity to subsequent apomorphine measured by stereotyped behavior, male rats, 485
- pretreatment with diphenylhydantoin, morphine-induced mania, cats, 7058
- previous ethanol ingestion, REM sleep disturbance persistence to ethanol, rats, 458
- prior ethanol experience, ethanol-induced saccharin aversion, rats, 11717
- prior experience & chlorpromazine, exploration in new environment, rats, 2433
- probenecid, central dopamine turnover, schizophrenics with poor vs good prognosis & affective disorder patients, 11720
- probenecid, lumbar cerebrospinal fluid 5-hydroxyindoleacetic acid & homovanillic acid, patients with affective disorders, 7819
- probenecid, serotonin & dopamine & tyrosine & tryptophan metabolism, humans, 486
- procaine hydrochloride & adequate baseline, confounding effects on conditioned drinking, male rats, 4814
- profadol, continuous avoidance responding & locomotor activity, rats, 4750
- progesterone decline, brain uptake of dopamine & serotonin, rats, 2442
- progesterone-induced facilitation & inhibition of lordosis behavior, ovariectomized guinea pigs, 4620
- progesterone, antagonism of androgen-dependent marking, male gerbils, 2440
- progesterone, temporary inhibition of sexual behavior, male mice, 2432
- prolonged ethanol consumption, absence of retrograde amnesia for avoidance response, male rats, implications for Korsakoff's psychosis, 9592
- prolonged heavy alcohol consumption, intellectual performance & rate of recovery after withdrawal of alcohol, male alcoholics, 7971
- prolyl-leucyl-glycine-amide, oxotremorine-induced central & peripheral effects, mice, 11798
- propanolol & chlordiazepoxide, behavior suppression caused by experimentally induced conflict & shuttle box performance & avoidance, mice & rats, 2473
- propranolol & oxprenolol & practolol, modification of amphetamine induced motor activity & stereotyped behavior, male rats, 7134
- propranolol & practolol blockage of cardiac beta-adrenergic receptors, sympathetic nerve stimulation-induced arrhythmias, dogs, 11745
- propranolol, basal anxiety, 21-28 yr old healthy nonanxious male college students, 2439
- prostaglandin E sub 1, dose-dependent stimulatory response on net synthesis of labeled-adenosine 3 prime, 5 prime-monophosphate in platelets & inhibition produced by norepinephrine doses, moderately depressed male patients, 10353
- psychedelic drug effects vs marihuana, 7119
- psychiatric & psychophysiology measures, anxiolytic properties of imipramine vs chlorimipramine vs placebo, psychiatric patients, 5924
- psychoactive drugs, EEG sleep parameters, review, 8245
- psychoanaleptic drug SE 1694, vigilance & sleep, young adults, 448
- psychological & physiological & sociological aspects, drug addiction, book, 1218
- psychopharmacology of delta-9-tetrahydrocannabinol, review, 11803
- psychophysiological indices, effectiveness for intellectual performance prediction under influence of drugs & fatigue, male adults, 4609
- psychotropic drugs, reserpine induced enhancement of light blink reflex, rabbits, 454
- psychotropic drugs, variations in blood sugar level, hospitalized diabetes psychiatric patients, 1468
- psychotropic properties of mushroom & toad & water lily motif, appearance of motifs in Maya art from Pre-Classical to Post-Conquest times, religious beliefs & practices, 9917
- pure 9-cis retinaldehyde, production of isorhodopsin, vitamin A deficient male rats, 2429
- puromycin vs cycloheximide, memory in imprinting situation, chicks, 457
- puromycin, acetylcholinesterase inhibition, rats, 9557
- puromycin, memory for shuttle box extinction & barpress extinction, goldfish & male rats, 7033

Drug Effects

pyrazapon vs chlordiazepoxide & diazepam, disinhibitory effects on behavior & motor activity & coordination & tolerance, male mice & rats & monkeys & dogs & rabbits, 7104

pyrithioxin vs placebo, preventing alcohol-induced hangover symptoms, 21-40 yr olds, 470

quipazine, serotonin-like actions on CNS, cats, 479

reliability & validity & stability, standardized videotape interview for assessing effects in psychotropic drug studies, 3675

repeated haloperidol administration, methylphenidate-induced gnaw compulsion, haloperidol-tolerant vs normal mice, 4735

reserpine & 5-hydroxytryptophane vs dopa, active & passive avoidance memory, mice, 4707

reserpine & 5-hydroxytryptophane vs dopa, active & passive avoidance memory, mice, 4707

reserpine vs alpha-methyl-para-tyrosine vs amphetamine induced behavioral changes, ECS effects on dopaminergic & noradrenergic mechanisms, male rats, 4783

reserpine vs alpha-methyl-para-tyrosine vs parachlorophenylalanine, brain biogenic amine depletion & mood, relation to clinical depression, 10313

reserpine, p-chlorophenylalanine potentiation of amphetamine-induced locomotor activity, serotonergic inhibition of catecholamine-induced behavioral arousal, rats, 473

ribanunol & trieyano-amino-propene & magnesium pemoline, recovery from neocerebellar damage, mice, 2381

rubidium, concentration in blood & cerebrospinal fluid, depressed inpatients, 11735

salbutamol & quinterenol, water intake, water-satiated rats, 11737

saline vs alcohol, activity level, rats, 2434

saline vs scopolamine vs methscopolamine, habituation of exploratory responses in novel environment, rats, 9510

Sar-1-Ala-8-angiotensin II, renin-angiotensin & beta-adrenergic dipsogenesis, rats, 11820

SC-13504, anticonvulsant & neuropharmacological effects on penicillin-induced epileptogenic foci, male cats, 9500

Schiff bases derived from 4,6-dichloro-5-pyrimidinecarboxaldehydes & substituted anilines, CNS depressant effects, mice, 7112

scopolamine & dextroamphetamine, epinephrine effects on open-field & avoidance behavior, rats, 11801

scopolamine hydrobromide & methylbromide & pilocarpine nitrate, shock avoidance, monkeys, 2447

scopolamine hydrobromide & scopolamine methylbromide, fear-motivated behavior & urinary 11-hydroxycorticosteroids & volume & heart rate, dopa, 7067

scopolamine hydrobromide & scopolamine methylbromide, passive avoidance learning, 16-17 & 20-21 & 24-25 & 28-29 & 70-85 day old rats, 11738

scopolamine hydrobromide vs scopolamine methylbromide, escape latencies & increased electrical impedance, female mice, 4741

scopolamine, electroconvulsive shock-induced amnesia, rats, 11706

scopolamine, 2-trial delayed-response performance, rats, 4762

secobarbital & dextroamphetamine, tracking performance during angular acceleration & static conditions, males, 2479

septal lesions & scopolamine & dextroamphetamine & methylscopolamine & hydroxyamphetamine, time-dependent changes in avoidance performance, rats, 4602

septal lesions, responsiveness to estrogen measured by lordosis behavior & gonadotropin release pattern, male vs female & androgen-stilized female rats, 4622

serotonin, cerebral & extracerebral blood flow, baboons, implications in migraine, 2430

sesame oil as solubilizing agent for chronic oral administration of tetrahydrocannabinol, reduction of central & peripheral norepinephrine due to sesame oil, male mice, 11709

shiver audiometry & morphological study of spiral organ, identification of ototoxic properties of drugs, guinea pigs, 7045

signalled & response-independent reinforcement, behavioral parameters of drug action, pigeons, 2487

single neonatal injection of testosterone propionate, increased mounting behavior, female rats, 2483

sleep vs wakefulness vs pentobarbital anesthesia, neuronal activity in association cortex, cats, 316

sodium & potassium & calcium, lateral eye receptor potential, horseshoe crabs, 2499

sodium amobarbital, odor-based responding, male rats, 9519

sodium amylobarbitone & amphetamine sulfate, resistance to extinction of rewarded running response, rats, 9499

sodium nitrite, isolation-induced aggression, pregnant mice & offspring, 9514

stimulant & depressant drugs, modification of learning & memory, goldfish, 4767

streptococcal mucopeptide, body temperature & paradoxical sleep & neurochemistry, rats, 2461

strychnine sulfate & piracetam, acquisition of discrimination or conditioned avoidance response, female rats, 7097

strychnine sulphate & handling vs no manipulation after birth, active avoidance, neonatal rats, 4794

study of narcotic actions & search for nonaddicting narcotic, Addiction Research Center, federal prisoner volunteers, 488

subchronic vs chronic vs acute use of diazepam & N-demethyl-diazepam & free oxazepam, plasma concentration, neurotic outpatients, 7077

subcutaneous injections of caffeine, dextroamphetamine & apomorphine-induced stereotyped behavior, guinea pigs, 9529

subcutaneous injections of kanamycin, electrical responses from cochlea, guinea pigs, 7047

subcutaneous injections of testosterone propionate, aggressive behavior, female mice, 9585

subcutaneous isoproterenol & dosage, blood pressure & plasma renin activity & water intake, rats, 11774

subcutaneous vs intracerebral vs systemic administration of progesterone, extinction of pole-jumping avoidance response, male rats, 2496

suggestive-persuasive methods, eliciting effects of LSD from placebo, 472

Suplride, disinhibition of posthypnotic word-reading, 4710

sulthiame therapy, phenytoin intoxication, epileptic patients, 8241

sweetened morphine vs drinking water during pregnancy & lactation, shock-elicited escape behavior, female mice, 2500

symptoms & adverse reactions in cannabis intoxication, young adults, 11791

synthetic ethanol, skin flushing & heart rate & blood pressure & general discomfort, Occidentals vs Orientals, 4733

synthetic scotophobin, dark avoidance behavior, rats, 9544

testosterone & androstenediol & androstenedione, initiation of mating behavior, inexperienced castrated male rats, 4619

testosterone & dihydrotestosterone, sexual behavior, prepuberally castrated male rabbits, 2419

testosterone & its metabolites, differential effectiveness in induction of male sexual behavior, castrated mice, 2459

testosterone propionate & dihydrotestosterone, penile morphology & sexual reflexes, spinal male rats, 2376

testosterone propionate given neonatally, sexual behavior, ovariectomized vs intact female house mice, 4618

testosterone propionate vs castration, frog-killing behavior, male rats, 9384

testosterone propionate, fighting & mating behavior toward males, female kill-fish, 11733

testosterone propionate, reduction of maternal nest building, female mice, 455

testosterone, circadian rhythm oscillators of locomotor activity, starlings, 11749

tetracyclic antidepressant compound Org GB 94, monoamine metabolism in brain, male rats, 7085

tetrahydrocannabinol & alcohol, temporal disorganization & delusional-like ideation, 21-30 yr old males, 11784

theophylline in sustained high doses, aggressive behavior, male rats, 4793

theophylline in sustained high doses, stereotyped & aggressive behavior, male rats, 4792

thymo-analeptic drug B 8170, EEG & electrocorticogram & flicker & vigilance & thymia, 2425

thyrotropin releasing hormone, antagonism of ethanol narcosis, male mice, 9491

thyrotropin releasing hormone, enhancement of DOPA activity, thyroidectomized male rats, 9568

thyrotropin-releasing hormone, potentiality as antidepressant agent, dogs, 2445

thyroxine, photically-induced epileptic responses, baboons, 4797

tolazoline & propranolol & diazoxide & sodium nitrite & sodium nitroprusside & methylodopa, dissociation of dipsogenic & depressor responses, male rats, 7056

toluene inhalation, forced turning, male rats, 4752

toxicity, lenperone, chronic schizophrenics, 11810

tranquilizing agents & brain monoamines, enzymatic dealkylations of LSD, rats vs guinea pigs vs rabbits, 9560

tranquilizing drugs & olfactory bulb & vs tubercles lesions, hyperemotionality & rotarod performance, rats, 11687

- triazolam vs flurazepam, sleep induction & residual effects, 4809  
 triazolam, safety as hypnotic, 25-35 yr old volunteers, 2476  
 tricyclic antidepressants vs noradrenaline pressor responses, dental pain, rabbits, 7110  
 trifluoperazine, morphological & functional brain changes, monkeys, 2453  
 trifluazene, structure of free mitochondria & adenosine triphosphate & enzymes activity, 7051  
 tyrocalcinonin, avoidance CRs & cerebral activity, rats & rabbits, 4759  
 tyrosine hydroxylase & dopamine-beta-hydroxylase inhibition vs 6-hydroxydopamine treatments, dextroamphetamine induced motor activity, male rats, 9516  
 U-31,920, clinical & computerized EEG effects, patients with anxiety syndrome, 12900  
 U-32,802A, heart & brain biogenic amines, mice, 11772  
 usage patterns & effects of methaqualone, 790  
 validity, self-administered placebo test, psychiatric patients, 5604  
 variable interval food reinforcement & corticosterone at 2 days old, polydipsia, rats & mice, 11756  
 vascular reactivity to noradrenaline & angiotensin II, spontaneously hypertensive vs normotensive vs hypotensive rats, 7261  
 vasopressin tennate & nonnutritive bulk, deviations in body fluids during fasting & plasma hypovolemia, gerbils, 2389  
 visual hallucination content, 25-45 yr olds under influence of LSD & other drugs vs mental patients, 2474  
 water-soluble procaine HCl & lidocaine HCl & benzocaine, threshold & afterdischarge duration of experimental epilepsy, cats, 11732  
 withdrawal & replacement of gonadal androgen, male mammalian sexual & aggressive & scent marking behavioral patterns, literature review, 11750  
 1,3-dimethyl-5-aminoadamantane, increased motor activity & stereotyped behavior & anticonvulsant action & flexor reflex & brain catecholamines, normal & hypoactive rats, 9543  
 2-amino-6,7-dihydroxy-1,2,3,4-tetrahydronaphthalene intraventricular injection during consciousness, long lasting stimulation of locomotor activity, male mice, 7137  
 2-deoxy-D-glucose pretreatment, retention of C-14 in medial hypothalamus vs lateral hypothalamus, inhibition of feeding by glucose, rats, 11794  
 2-phenylethylamine, role as mediator for delta-9-tetrahydrocannabinol-induced stimulation, male rabbits, 7111  
 3-quinuclidinyl benzilate & N-methyl-4-piperidyl methylethynylglycolate, choice point conflict behavior in T maze, rats, 11822  
 3-quinuclidinylbenzilate, running performance, female rats, 7129  
 5-hydroxytryptamine & melatonin, inhibition of median raphe neuron metabolism & brain levels of 5-hydroxytryptamine, male rats, 11775  
 5-hydroxytryptamine & 5-hydroxytryptophan intraperitoneal vs subcutaneous injections, tilt cage locomotor activity, male rats, 9522  
 5-hydroxytryptophan, self-stimulation behavior, male rats, 7031  
 6-hydroxydopa injected into lateral ventricles of brain, behavior & levels of noradrenaline & 5-hydroxytryptamine & 5-hydroxyindoleacetic acid, rats, 9438  
 6-hydroxydopamine & guanethidine, adrenaline & noradrenaline & dopamine levels in brain & heart, newborn mice, 9539  
 6-hydroxydopamine & parachlorophenylalanine induced norepinephrine & serotonin depletion, emotional behavior, male rats, 7054  
 6-hydroxydopamine induced elimination of sympathetic influence, acquisition of somatic & autonomic response systems, rabbits, 4755  
 6-hydroxydopamine injected bilaterally into caudate-putamen areas, morphine-produced analgesia & morphine-induced catalepsy & brain dopamine content, rats, 4677  
 6-hydroxydopamine vs desmethylinipramine vs alpha-methyl-para-tyrosine vs reserpine pretreatment & subsequent iv infusions of norepinephrine vs amphetamine, direct vs indirect mode of action, male rats, 9399  
**Drug Laws** [See also Marihuana Legalization]  
 drug usage & addiction & drug market & laws, Belgium, 12211  
**Drug Potentiation**  
 alcohol & chlordiazepoxide or methapyrilene, driving behavior & eye movements & visual field, college students, 9574  
 alcohols, hashish-induced inhibition of glucose efflux from erythrocytes, humans, 11804  
 combining methylphenidate with tricyclic antidepressants, 3 hypertension case reports, 8236  
 cyproheptadine vs LSD, hyperthermia, rabbits pretreated with 5-hydroxytryptamine & noradrenaline & dopamine, 11761  
 delta-9-tetrahydrocannabinol, lethal effects, mice pretreated with SKF 525-A or chloramphenicol, 11814  
 dextroamphetamine, exploratory activity & formation of labeled norepinephrine from labeled tyrosine, rats pretreated with parahydroxynorephedrine, 11754  
 diazepam & flurazepam & chlordiazepoxide, potentiation of hypnotic effect of steroid anesthetics, mice & rats, implications for clinical application, 9515  
 ethanol, effectiveness of diazepam & morphine, rats, 4776  
 fenfluramine & apomorphine behavioral antagonism, increase of striated homovanillic acid, rats, 11763  
 haloperidol, apomorphine & Ro-4-4602 & levodopa-increased copulatory behavior, male rats, 9586  
 intraperitoneal injections of 5-(para-hydroxyphenyl)-5-phenylhydantoin, hexobarbital sleeping time & hexobarbital & ethylmorphine metabolism by rat liver homogenate, mice, 9582  
 levodopa with para-chlorophenylalanine, inhibition of serotonin synthesis & potentiation of levodopa, parkinsonian patients, 8281  
 melanocyte-stimulating hormone release-inhibiting factor & thyrotropin releasing hormone & angiotensin II, behavioral effect of levodopa & 5-hydroxytryptophan, male mice, 9520  
 methergoline vs methysergide vs cyproheptadine vs cinanserin, inhibition of tryptamine-induced forepaw, clonus & 5-hydroxytryptophan-evoked head twitches, 7040  
 pentazocine, neurochemistry & vocalization threshold & afterdischarge of pain reactions & motor response, rats pretreated with levodopa, 11793  
 personality & sociocultural & environmental factors & strength & duration of dependence, plasticity of psychoactive substance, 7053  
 prolyl-leucyl-glycine-amide, oxotremorine-induced central & peripheral effects, mice, 11798  
 scopalamine & dextroamphetamine, epinephrine effects on open-field & avoidance behavior, rats, 11801  
 subcutaneous injections of caffeine, dextroamphetamine & apomorphine-induced stereotyped behavior, guinea pigs, 9529  
 6-hydroxydopamine vs desmethylinipramine vs alpha-methyl-para-tyrosine vs reserpine pretreatment & subsequent iv infusions of norepinephrine vs amphetamine, direct vs indirect mode of action, male rats, 9399  
**Drug Rehabilitation**  
 "combo," social movements of life-style, drug addicts, 5673  
 abstinence-oriented or controlled drinking-oriented treatment, drinking patterns, male alcoholics, 8361  
 activity reinforcers in drug abuse clinic, drug addict outpatients, 10656  
 age & race & job status, detoxification with methadone vs methadone maintenance vs total drug abstinence & posttreatment drug use, former narcotic addicts, 8274

 clinical & social aspects, effects of LSD, literature review, 480  
 clinical abuse of prescribed psychotropic drugs, psychiatric patients, 5930  
 clinical use of psychoactive drugs, Canada vs Argentina vs Costa Rica vs Mexico vs Panama, 5909  
 clomiphene citrate plasma levels of luteinizing hormone & estradiol, anorexia nervosa, 15-39 yr old patients, 3630  
 clomipramine vs amitriptyline, psychiatric & nonpsychiatric depressed outpatients, 8262  
 clopenthixol, long-term clinical & quantitative EEG effects, chronic schizophrenics, 5952  
 cocaine, depression, inpatients with endogenous depressive illness, 10643  
 combination of methyllopa for renal failure & trifluoperazine for psychotic reaction, induction of hypertension, 23-yr-old woman, 3703  
 combined use of Depamide & other neuroleptic agents, management of mood swings, manic & depressed & hysterical neurotic & schizophrenic & obsessive-neurotic & involutional depressive patients, 8261  
 combined use of ECT & antidepressant & antipsychotic drugs, psychiatric patients, 6115  
 combining methylphenidate with tricyclic antidepressants, 3 hypertension case reports, 8236  
 complete evaluation & pharmacotherapy & behavior modification & curriculum counseling & training for parents & teachers & videotaping & feedback sessions of parent-child interaction & coordination of treatment with child & family & school, diagnosis & treatment of hyperkinetic children, 10541  
 comprehensive day care outpatient program vs medication & supportive therapy, alcoholism improvement rate & abstinence, socioeconomically deprived alcoholics, 12936  
 contingency reinforcement plus methylphenidate therapy, seat movements, hyperkinetic special education children, 8303  
 corticosteroid & immunosuppressive therapy neurological & psychological manifestations of systemic Wegener's granulomatosis, 59 yr old man, 12882  
 counseling plus diazepam vs chlordiazepoxide vs multivitamin preparation vs no medication, retention rate in program, alcoholic outpatients, 8264  
 crisis psychopharmacology, acute psychotic episode treatment, 1484  
 cyamemazine, anxiety & anguish & psychomotor agitation & delusions & disordered sleep, 18-71 yr old male vs female depressive & schizophrenic & manic & mixed psychiatric patients, 5957  
 cyamemazine, sedative qualities, 17-68 yr old psychiatric patients, 1449  
 cyclandelate, cerebral manifestations of arteriosclerosis, 8285  
 death as failure vs fulfillment, clinical climates in terms of psychoactive drug use, 3678  
 dehydrobenzperidol, psychomotor agitation & aggressivity & behavior disorders, schizophrenics & epileptics & mental defectives & alcoholics, 3639  
 delta-9-tetrahydrocannabinol at 3 dose levels, 21-40 yr olds with sleep difficulties, 5904  
 depot fluphenazine decanoate, relapse prevention, schizophrenic outpatients, 12881  
 depression rating scale, international reliability & communicability, Swedish & Danish & English hospitalized psychiatric patients, 3128  
 dexetimide, extrapyramidal side effects induced by pipotiazine palmitate, male psychotics, 3640  
 dextroamphetamine choreiform movement, patients with Huntington's & Sydenham's chorea, 10632  
 diagnosis & symptoms & imipramine therapy, endogenous depression, 1-12 yr olds, 7880  
 diagnostic & therapeutic aspects, manic-depressive illness in early childhood, 10294  
 diagnostic algorithms, assignment of psychotropic drugs for clinical decisions, psychiatric inpatients, 3646  
 diazepam & flurazepam & chlordiazepoxide, potentiation of hypnotic effect of steroid anesthetics, mice & rats, implications for clinical application, 9515  
 diazepam plus imaginal flooding & practice exposure to phobic situation, severely agoraphobic patients, 1514  
 diazepam vs phenelzine vs placebo, anxiousness & hostility, depressed patients, 3689  
 diazepam, akathisia, schizophrenics, 10613  
 dibenzocide, recuperation from mental deterioration, 34-64 yr old male hospitalized chronic alcoholics, 5931  
 diethylpropion hydrochloride combined with hypotensive agents, weight reduction, obese hypertensive patients, 10849  
 diethylpropion hydrochloride, weight loss & side effects, medical patients, 1442  
 differential drug therapy, parkinsonian patients, 8237  
 dimethacrine vs imipramine, depressed patients, 1439  
 diphenylhydantoin therapy, motor conduction velocities along tibial & distal sensory latency of median nerve, epileptic patients, 12885  
 diphenylhydantoin, anxiety & hostility institutionalized prisoners, 5911  
 diphenylhydantoin, episodic dyscontrol, male adults, 12910  
 diphenylhydantoin, Negro chronic schizophrenics, 3696  
 dipotassium clonazepam, anxiety, 1448  
 disulfiram & group therapy, alcoholism, military personnel, 5907  
 doxepin & amitriptyline-chlordiazepoxide combination, anxiety & depression, neurotic, 5963  
 doxepin & amitriptyline, therapeutic efficacy in treating depression, potentially suicidal patients at crisis-intervention clinic, 5919  
 doxepin vs amitriptyline, depression & anxiety & retardation & hypochondriac & side effects, depressed patients, 10627  
 doxepin vs amitriptyline, side effects & treatment effectiveness, depressed patients, 8278  
 drug therapy & dependency & effects & prescribing behavior, abstracts of papers presented at 1973 Annual Psychopharmacological Meeting, Jena, 12505  
 drug therapy type & short-term hospitalization, psychiatric patients, 8515  
 drug therapy, communication medium in psychotherapeutic process, psychotherapist & patient, 1473  
 drug therapy, grief as medical illness, 3670  
 drug therapy, neuromuscular diseases & manic-depressive psychosis, 8258  
 drug therapy, suicide prevention, 5958  
 drug treatment discrepancies following discharge, psychiatric patients, 5894  
 drug taking behavior, chronic schizophrenic patients, 12931  
 drugs of reported value in order of efficacy & toxicity, minimal brain dysfunction treatment, children, 3672  
 drugs, emotional expression in psychiatric interviews, psychoneurotic & depressed inpatients, 10652  
 ECT therapy vs medication, depression, depressive in- & outpatients, 3533  
 efficacy of antidepressant drugs, research review, 10640  
 efficient utilization of antipsychotic agents, 5933  
 esters of fluphenazine enanthate & decanoate & undecylenate, hypertonic, akinesia & dyskinesias & parkinsonian syndromes & amenorrhea, psychiatric patients, 12886  
 estrogen & androgen & estrogen-androgen combinations, migraine & migraine headaches, menopausal women, 10626  
 ethical considerations, drug therapy, autistic children, 5939  
 etiology & long term treatment & fenfluramine, obese persons with psychological difficulties, 1458  
 exacerbation of psychopathology during drug treatment, 5893  
 factors in drug selection & usage, behavior modification, 1463  
 flunitrazepam, sleep cycle, insomniac patients, 10639  
 flupenthixol, schizophrenics, 5964  
 flupenthixol, gynecological disorders, 3638  
 fluphenazine & haloperidol, outpatient schizophrenic 6-12 yr olds, double-blind comparison, 3645  
 fluphenazine decanoate, long-term symptom control & side effects, psychiatric patients, 8252  
 fluphenazine enanthate, clinical changes, chronic schizophrenics, 10610  
 genetically-determined variation in effects & side effects of drug medication, mental illness treatment, 12915  
 glaziovine vs diazepam, activity as anxiolytic drug & side effects, female inpatients with psychoneurotic or psychotic disorders, 12875  
 Glyo 6, acute depression, emotionally disordered patients, 3643  
 group pharmacotherapy, chronic schizophrenics, 6025  
 guanabenz, blood pressure, normo- vs hypertensive patients, 10638  
 haloperidol & butyrophenones, adverse effects & clinical indications & biochemical changes, 12871  
 haloperidol vs chlorpromazine vs placebo, rapidity of therapeutic onset & safety, acute schizophrenics needing rapid control, 5945

- haloperidol vs thioridazine, anxiety & agitation & tension & insomnia, treatment resistant psychoneurotics, 10635
- haloperidol vs trifluoperazine, hostility & suspicion, psychiatric patients, 3676
- haloperidol, levodopa-induced dyskinesias, parkinsonian patients, 12905
- haloperidol, overt ambulatory chronic schizophrenics, 1450
- haloperidol, therapeutic process, acute schizophrenics, longitudinal study, 5959
- high dosages of more potent less sedating antipsychotic drugs, schizophrenia, 5906
- high vs low dose thiothixene, CNS arousal & performance tests & clinical ratings & perceptual-cognitive training, hospitalized chronic schizophrenics, 3648
- high vs regular doses of trifluoperazine, side effects, schizophrenics with acute psychotic symptoms, 8284
- hormone therapy & psychological counseling, delayed & precocious puberty, 10550
- hydrogerine, Alzheimer's disease, 62 yr old, 5902
- hydroxyzine, anxiety neurosis, adult outpatients, 5911
- hypothyroidism side effects, lithium therapy, 3634
- imipramine & desipramine, extrapyramidal side effects of haloperidol, institutionalized female schizophrenics, 1445
- imipramine hydrochloride vs methylphenidate hydrochloride, school-age hyperactive boys, 12919
- imipramine hydrochloride, measurement of action using infusion of initiated norepinephrine & tritiated metabolites in urine, depressed inpatients, 10647
- imipramine vs diazepam & weekly group psychotherapy vs biweekly supportive sessions, chronically depressed 20-50 yr old neurotic women outpatients, 5905
- imipramine, children with minimal brain dysfunction, 12892
- imipramine, hyperactivity & defiance & inattentiveness & sociability, 6-12 yr old hyperactive male outpatients, 10653
- indications for & prescription of phenothiazines & lithium & antidepressants & megavitamins & amphetamines, 5890
- information on pharmacology & therapeutic efficiency & hazard potential, psychoactive drugs, assistance for drug selection by physicians, 1462
- injectable chlorpromazine & piperacetazine, acute schizophrenic patients, 10637
- intramuscular haloperidol vs chlorpromazine, rapid tranquilization, acute psychotics, 12928
- intramuscular injections of aqueous pineal extract, psychosis, 19-31 yr old chronic schizophrenics, 5898
- intramuscular vs iv diazepam, convulsions & plasma levels of diazepam & N-desmethyldiazepam, 0-15 yr old inpatients, 10617
- intravenous methohexital sodium-aided desensitization, side effects, neurotic patients, 10718
- iprindole & lithium, amine uptake in vascular tissue measured by norepinephrine release or tyramine sensitivity, depressed & manic-depressive patients, 8235
- isophane insulin & clofibrate & digoxin & thyroid substance, hyperlipidemia associated with presenile dementia, 56-yr-old woman, 12894
- ketamine, anesthetic & abreactive response & facilitation of psychotherapy & symptom relief, inpatients, 12904
- labeled L-tryptophan, concentration in urine & plasma & conversion to labeled 5-hydroxyindoleacetic & labeled indoleacetic acid, depressed patients, 12879
- LD-3394, memory, 10-15 yr olds with neurological disorders, 1456
- levamphedamine & dextroamphetamine, narcolepsy, 5941
- levo-tryptophan, levodopa-induced psychiatric effects, patients, 1471
- levodopa & desipramine & decarboxylase inhibitor combination, treatment of depression, 1453
- levodopa & Ro 4-4602 combined treatment, parkinsonian patients, 12912
- levodopa therapy, depression & psychopathology, parkinsonian patients, 5929
- levodopa therapy, general intelligence, patients with Parkinson's disease, 8242
- levodopa therapy, hypersexuality reactions, parkinsonian patients, 5895
- levodopa therapy, 21-yr-old Chinese male with paroxysmal kinesigenic choreoathetosis, 5927
- levodopa vs procyclidine hydrochloride therapy, speech intelligibility, Parkinsonian patients with speech defects, 8256
- levodopa with para-chlorophenylalanine, inhibition of serotonin synthesis & potentiation of levodopa, parkinsonian patients, 8281
- levodopa, motor & "central programming" deficits, idiopathic parkinsonism patients, 8229
- levodopa, skin conductance & electromyographic activity & reaction time, Parkinsonian patients, 12897
- levotryptophan, concentration of 5-hydroxyindoleacetic acid in cerebrospinal fluid & 5-hydroxytryptamine metabolism, psychiatric patients with unipolar or bipolar affective illness, 3623
- levotryptophan, depression & mania & cerebrospinal fluid & platelet & urinary levels of serotonin & 5-hydroxyindoleacetic, depressive & manic-depressive patients, 5936
- life stress event, relapse during maintenance drug therapy, acute & chronic schizophrenics, 3668
- lithium & psychotherapeutic methods, manic-depressive psychosis, 8279
- lithium carbonate & electroconvulsive therapy, symptom display & catecholamine excretion, patients with affective disorders, 8254
- lithium carbonate therapy, schizo-affective patients, 8233
- lithium carbonate treatment, risk of thyroid disturbances, psychiatric patients, 5965
- lithium carbonate, exacerbation of psoriasis, 1446
- lithium carbonate, manic-depressive psychosis prevention & treatment & toxic reactions, 10641
- lithium carbonate, psychopathology & blood urea nitrogen & blood pressure & pulse rate, 45-yr-old with periodic catatonia, 8270
- lithium carbonate, recurrent affective illness, manic-depressive & depressive patients, 5943
- lithium carbonate, thyroid iodine release, patients with manic-depressive illness, 8222
- lithium carbonate, treatment effectiveness, bipolar manic-depressive patients, 3642
- lithium carbonate, EEG sleep, inpatients with affective disorders, 3664
- lithium carbonate, 27-72 yr old depressed patients, 8243
- lithium chloride administration, intravenous glucose tolerance & concomitant changes in serum insulin & electrolytes, patients with minor psychiatric disturbances, 3701
- lithium chloride short-term administration, norepinephrine turnover & metabolism in brain, rats, comparison with data from longitudinal study of lithium carbonate treatment of mania, 7116
- lithium maintenance treatment, action & problems & contraindications, 8266
- lithium prophylaxis, double-blind & open prospective studies, unipolar & bipolar patients with affective disorders, 8226
- lithium therapy, plasma cortisol & erythrocyte Na-K ATPase concentrations, manic-depressive inpatients, 12914
- lithium therapy, schizophrenia, 5947
- lithium treatment, predicting clinical responses, male depressed inpatients, 5934
- lithium vs psychological factors, premenstrual tension syndrome, 5956
- lithium, effects on excitable membranes in mechanism of action & discussion of effect in manic-depressive disorders, 8232
- lithium, manic-depressive disorders, 1438
- lithium, metabolic events in mechanism of action, patients with affective disorders, 8259
- lithium, neurological & psychopathic phenomena, 33-yr-old male, 3702
- long-term diphenylhydantoin therapy, clinical & electrophysiologic evidence of peripheral neuropathy, patients, 12883
- long-term lithium therapy, patients suffering from frequently recurring affective or behavioral changes, 5937
- long-term lithium, aggressive prisoners, 1485
- long-term methylphenidate, hyperkinesis, children, follow-up, 12926
- lorazepam as anxiolytic & hypnotic, patients, 12921
- lorazepam vs diazepam vs placebo, chronic anxiety, neurotic patients, 8267
- loxapine succinate vs chlorpromazine, antipsychotic effectiveness & side effects, chronic schizophrenics, 8224
- Ludiomil vs imipramine, depressed patients, 8277
- MAO inhibitors, efficacy in treatment of depression, review of double-blind studies, 8275
- medical treatment methods, hyperactive children, 1613
- megavitamin therapy & incorporation into medical model, 3679
- mesoridazine, geriatric inpatients, 10624
- methadone & drug therapy, drug addiction, 10609
- methohexital-methylphenidate narcosurgery, psychotherapeutic interview, 1460

- methylphenidate & dextroamphetamine, learning & retention, hyperactive children, 8219
- methylphenidate hydrochloride, hyperkinetic reaction, children from economically deprived urban areas, 8239
- methylphenidate, attention span & visual-motor skills & behavior, 6-11 yr olds with minimal brain dysfunction, 12924
- methylphenidate, informal behavior, hyperactive 8-10 yr olds, 10615
- methylphenidate, EEG & neurological examination, 6-9 yr olds with minimal brain dysfunction, 3690
- methyltestosterone & imipramine, conversion of depression to paranoid reaction, male inpatients, 1490
- milieu vs single- vs multiple-drug programs, clinical & personality features, elderly psychiatric patients, 10618
- minor tranquilizers &/or sedatives, postural hypotension, ambulatory psychiatric inpatients, 3658
- monoamine oxidase inhibitor, procaine, chronic schizophrenics, 1444
- multiple regression analysis based on individual variables & orthogonal factors, predict response to treatment with diazepam or phenobarbital, anxious & neurotic outpatients, 3641
- multivariate analysis, type of psychotropic medication prescribed, neurotic outpatients with diagnosis of mixed anxiety-depression, 8234
- naltrexone, clinical usefulness & side effects & toxicity & degree of acceptability to patients & capacity to antagonize euphoric effects of heroin, 21-40 yr old heroin addicts, 10644
- narcotic, analgesics, anxiety & pain & insomnia, terminally ill cancer patients, 10606
- necessity of routine blood studies for patients on psychotropic medication, psychiatrists, 10642
- nefopam hydrochloride dosage, pain relief, 18-65 yr olds with musculoskeletal disorders, 12934
- neuroleptic drug therapy-induced tardive dyskinesia, 63-89 yr old geriatric patients, 8227
- neuroleptic drugs, choline acetyltransferase activity in cerebrospinal fluid, psychiatric patients, 5948
- neuroleptics & anticholinergic antiparkinsonian agents, therapeutic antagonism, schizophrenia, 10651
- Norbrum therapy, side effects & treatment effectiveness, psycho-neurotic patients, 8282
- nortriptyline, plasma level, endogenous depression, 12908
- oral nortriptyline, plasma concentrations & therapeutic effectiveness, females with endogenous depression, 12907
- oral vs iv chlorimipramine, onset of action & improvement, depressed psychiatric patients, 1455
- orally administered cocaine, sleep & rapid eye movement sleep, depressed inpatients, 12918
- ORF-8063, optimal dosage & side effects, anxious alcoholic patients, 12888
- papaverine hydrochloride, EEG changes & mental function, geriatric patients, 1470
- parenteral lorazepam, adult patients with anxiety states, 5899
- parietrope vs placebo, premenstrual problems, 3628
- pediatric use & misuse of psychopharmaceuticals, dying child & family, 3681
- penfluridol, safety & therapeutic effectiveness, 21-60 yr old schizophrenics, 12916
- penfluridol, severely ill schizophrenic inpatients, 10620
- penfluridol, treatment of dementia, geriatric inpatients with organic psychosis, 8221
- pentazocine suppositories, analgesic effects measured by clinical & auditory techniques, patients with postoperative pain, 10648
- perhexiline maleate, treadmill exercise-tolerance & anginal threshold, anginal patients, 8218
- perimetazine vs mepromazine & ego function, dream content, neurotic vs psychotic mental patients vs normal Ss, 1477
- pharmacological treatment, handicapped children, 5923
- phenelzine & amitriptyline, depressive illnesses, patients, 10650
- phenelzine therapy, EEG changes, psychiatric patients, 3682
- phenothiazine & chlorpromazine & haloperidol, cerebral arteriovenous glutamine, acute schizophrenics, 5921
- phenothiazine therapy, sudden death, 14 yr old girl, 5951
- phenothiazine, psychotic & neurotic inpatients, 5960
- phenothiazines & stimulants & psychedelics, clinical efficacy & chemical interactions with neurotransmitters, schizophrenic patients, 12927
- phenothiazines, adverse mental reactions, schizophrenics, 3700
- phenothiazines, endocrine effects, female patients with galactorrhea &/or amenorrhea during treatment, 3627
- physostigmine vs neostigmine, depressive & manic & no affective symptoms patients, 3671
- physostigmine, choreiform movement disorders, patients with Huntington's chorea & levodopa-induced dyskinesia & tardive dyskinesia, 1483
- physostigmine-depression, psychiatric patients, role of acetylcholine in etiology of affective disorders, 12901
- physostigmine-phenothiazine resistant chronic schizophrenics, 5950
- piraridol treatment, behavior disorders, hospitalized adolescents, 5912
- piperacetazine vs thioridazine, schizophrenia-outpatients, 3687
- piperacetazine, symptom improvement, chronic schizophrenic outpatients, 3688
- pipothiazine palmitate, in- & outpatients with functional psychoses, 12920
- pirradrol, depressed outpatients, 5946
- piribedil, idiopathic parkinsonian patients, 8223
- pizotyline at 2 dosage levels vs 1 dosage level of amitriptyline, depression community mental health clinic outpatients, 1474
- placebo medication, reductions in exercise-induced asthma, 4-15 yr old asthmatics, 10623
- plasma level of diazepam, use as therapeutic predictor of anxiety states, anxious neurotics, 5897
- prescription of psychotropic drugs, elderly, 1488
- probenecid test, predictive value regarding efficacy of treatment with 5-hydroxytryptamine precursors, hospitalized depressed patients, 12880
- probenecid, increase in acidic metabolites of biogenic amines in cerebrospinal fluid, depressed patients, 8257
- proaine hydrochloride administered intramuscularly, depression, senile-arteriosclerotic Ss, 1476
- process model & social psychological approach, drug use in medical context, 5922
- prolyl leucylglycinamide, inhibition of melanocyte-stimulating hormone release, females with unipolar depression, 3644
- promotion by manufacturers, prescription drug use & relationship with drug abuse, 781
- propicazone, neurotic & delirious & paranoid morbid jealousies, 1491
- propranolol vs chlorpromazine, females with psychosis related to childbearing, 8272
- propranolol HCL, anti-anxiety effects, psychiatric outpatients, 12903
- psychedelic drug therapy, emotional & physical suffering, 23-81 yr old terminal cancer patients, 3665
- psychiatric & psychophysiology measures, anxiolytic properties of imipramine vs chlorimipramine vs placebo, psychiatric patients, 5924
- psychoactive drugs, EEG sleep parameters, review, 8245
- psychoanalysis & haloperidol, Gilles de la Tourette's syndrome, 42-yr-old female, 25-yr follow-up, 8397
- psychopharmacological research, dying patients, 3698
- psychopharmacology, sleep, 5942
- psychopharmacotherapy, bereaved, 3685
- psychosocial assets & life changes & asthma severity, need for high vs low steroid medication, chronic asthma patients, 10612
- psychotherapy & drugs, depression following schizophrenia, 21-yr-old woman, 5851
- psychotherapy & pharmacotherapy, terminally ill patient, 36-yr-old female with functional depression, 3585
- psychotherapy, medicine, 1394
- psychotropic drug groups, effectiveness & side effects & maintenance therapy dosages & theories of function, 5908
- psychotropic drugs & behavior therapy & individual psychotherapy, acute & intermediate & recuperative phases of burning, case report, 12829
- psychotropic medication, cardiovascular function, case reports, 5910
- rapid & gentle pharmacotherapy vs use of tricyclic & monoamine oxidase inhibitor, psychic energizers, depression, 3680
- reliability & validity & stability, standardized videotape interview for assessing effects in psychotropic drug studies, 3675
- representative population selection in psychotropic drug trials, family practices, 12895
- reserpine therapy, dream reports, chronic lobotomized schizophrenic patients, 3659
- reserpine vs clonidine, depressive reactions, hypertensive vs nonhypertensive patients, 3693
- rigid requirements & evidence for revalidation, stagnation of drug therapeutic process, United States, 5917

- rules in psychotic drug utilization, old people, 1443
- Sanorex, obesity-depression, obese patients, 1469
- sedatives & morphine administration & need for personal care by pediatric staff, fatally ill children, 3692
- self- vs nurse-administration with vs without instructions, chlorpromazine or imipramine drug-taking behavior, 15-66 yr old female psychiatric patients, 12906
- self-injurious behavior, bibliography & synopsis of procedural techniques, 7941
- sexual side effects & medical use & generic & chemical names, alphabetical list of brand name drugs, 11817
- short- vs long-term levodopa therapy, emotional functions, parkinsonian patients, 5932
- single vs chronic doses of lithium carbonate, alpha & theta & delta activity & concentration in serum & red blood cells, manic & depressive 19-60 yr olds, 12935
- single vs multiple doses of perphenazine given intramuscularly vs orally, perphenazine concentration in blood under & neurological side effects, female inpatients, 12893
- sleep patterns, schizophrenics, possible implications of medication differences, 3237
- slow withdrawal of anticholinergic medication & addition of trihexyphenidyl, parkinsonian patients on levodopa therapy, 5916
- sodium butybarbital vs chlordiazepoxide, tension & anxiety in mild-to-moderate emotional disorders, 8273
- speech characteristics & dysarthria with prominent ataxic & spastic & hypokinetic features, treatment progress with D-penicillamine & low copper diet, Wilson's disease patients, 12874
- succinylcholine-modified electroconvulsive shock therapy, systolic blood pressure, depressed patients, 13020
- sulpiride as neuroleptic drug with antidepressant & stimulant effects, psychoneurosis & depression & anxiety & hypochondria, inpatients, 8255
- sulpiride treatment, hebephrenias, 1481
- sulpiride, depressed & schizophrenic patients, 3629
- sulpiride, deterioration of mental activity, male hospitalized alcoholics, 5955
- sulpiride, ward adaptation & behavior, 23-43 yr old schizophrenics, 10611
- sulthiame & diphenylhydantoin, response to hyperventilation & seizures & EEG epileptiform activity, epileptics, 10655
- sulthiame therapy, phenytoin intoxication, epileptic patients, 8241
- sulthiame, hyperactivity & aggressiveness & destructiveness & antisociability, mentally subnormal patients, 5892
- supportive psychotherapy & tricyclic antidepressants & nonphenothiazine tranquilizers & conditioning procedures in group setting, hysterical blepharospasm, 8158
- systematic desensitization aided by methohexital sodium, 18-53 yr old phobic neurotic psychiatric outpatients, 8367
- therapeutic techniques, phenothiazine-induced agranulocytosis, psychotic patients, 1440
- thioridazine & trifluoperazine & their sulfoxides, assay procedures & determination of urinary excretion, male patients with schizophrenic reactions, 8216
- thioridazine concentrate, intensive short-term treatment, agitated & hostile patients, 5915
- thioridazine, anxiety before & during & after treatment, psychoneurotic patients, 8271
- thioridazine, depression & plasma concentration, inpatients, 3636
- thiothixene vs protriptyline, psychotic depressives, 8246
- thymoanaleptic & neuroleptic drug therapy, sensory conditioning test using visual aftereffects, hospitalized patients, 5891
- thyrotropin-releasing & melanocyte-stimulating hormones, extrapyramidal function & response to levodopa, Parkinsonian patients, 12877
- thyrotropin-releasing hormone, affective state & plasma thyrotropin & prolactin responses, severely depressed patients, implications for differential diagnosis, 10614
- thyroxine, hypothyroidism, anxious & depressed & paranoid & hallucinating & confused patients, 3657
- time estimation, schizophrenics & oligophrenics under vs not under neuroleptic therapy, 10273
- traditional method vs higher doses over more widely spaced intervals as method of neuroleptic medications, time course & differential action in sedation & antipsychotic effects, gerontology patients, 5935
- tranquilizers & phenothiazines & minor tranquilizers & antidepressants & stimulants & hallucinogenic drugs & electroshock therapy, psychiatric patients, 3695
- tranylecypromine, eyelid conditioning & paired-associate learning, depressed patients, 10654
- trazodone, differential effects, depressed vs schizophrenic vs geriatric patients, 5896
- treatment approaches, bereavement induced psychosomatic illnesses, 3525
- tricyclic compounds, prophylaxis against depression, obsessive compulsive persons, 10608
- U-31,920, clinical & computerized EEG effects, patients with anxiety syndrome, 12900
- urge for repetitive use, narcotics abuse, implications for pharmacotherapy & behavior modification, 8268
- vitamin supplement therapy, schizophrenia, 8265
- 5-hydroxytryptophan, 27-yr-old male with Morvan's chorea & agrypnia, 3647
- Drug Tolerance**
- acute & chronic LSD & 3,4-dimethoxyphenylethylamine, shuttlebox escape-avoidance, male rats, 9583
- administration frequency & dosage, marijuana tolerance, 21-29 yr old males, 12197
- administration route of delta-9-tetrahydrocannabinol, onset & duration of activity & tolerance, male pigeons, 7019
- amount of prior training with marijuana, behavioral tolerance to marijuana, rats, 9562
- amphetamine tolerance, food intake, food-deprived rats, 11744
- barbital, tolerance to & withdrawal- & overhydration-related water intake, rats, 11779
- carbamazepine, efficacy & bioavailability & tolerance, institutionalized epileptics, 12876
- cholinergic & anticholinergic treatment, methylphenidate antagonism of haloperidol, normal vs haloperidol-tolerant mice, 4736
- delta-9-tetrahydrocannabinol, acute tolerance to effects on spaced responding, male monkeys, 7088
- delta-9-tetrahydrocannabinol, lack of behavioral tolerance, stump-tailed macaques, 4803
- delta-9-tetrahydrocannabinol, tolerance development & sensitivity, frequent vs infrequent male marijuana users, 11796
- dextro-LSD dosage, discriminability from no drug vs mescaline vs psilocybin, rats, 449
- differential delta-9-tetrahydrocannabinol exposure when immature or during early adulthood, tolerance development, male rats, 4716
- diisopropylfluorophosphate & subsequent muscarinic & nicotinic agonists & antagonists, reduction of brain cholinesterase & free operant responding & single alternation behavior & tolerance development, male rats, 9564
- dimethyltryptamine vs LSD, cortical EEG & electrooculogram & EMG & observed behavior in testing for tolerance, male cats, 2438
- methaqualone & phenobarbital & dosage, body weight & mean rectal temperature & spontaneous motor activity & drug tolerance, rats, 9530
- methylamphetamine, tolerance development to hyperactivating effects, male rats, 9486
- morphine & delta-9-tetrahydrocannabinol, tolerance to stimulus effects, male rats, 7066
- morphine & phenobarbital & ethanol & amphetamine maintenance-dose, pain-induced aggression, male rats, 7105
- naltrexone, clinical usefulness & side effects & toxicity & degree of acceptability to patients & capacity to antagonize euphoric effects of heroin, 21-40 yr old heroin addicts, 10644
- narcotic receptor sites increase or reduction, narcotic drug dependence & tolerance, morphine-dependent rats, 4758
- nicotine, dose & dose interval, spontaneous locomotor activity & drug tolerance, male rats, 7122
- orotic acid, tolerance to analgesic & cataleptic effects of morphine, male rats, 9511
- para-chlorophenylalanine, morphine analgesia & tolerance & dependence, female rats, 7126
- performance influence, development of tolerance to amphetamine, rats, 7036
- pyrazapon vs chlordiazepoxide & diazepam, disinhibitory effects on behavior & motor activity & coordination & tolerance, male mice & rats & monkeys & dogs & rabbits, 7104
- repeated administration of neuroleptics, pharmacology of tolerance, 4778
- repeated haloperidol administration, methylphenidate-induced gnaw compulsion, haloperidol-tolerant vs normal mice, 4735
- 2,5-dimethoxy-4-methylamphetamine, assessment of tolerance to hallucinogenic effects, 23-35 yr old males, 7023

- Drug Usage** [See also Drug Abuse, Drug Addiction, Drug Dependency, Glue Sniffing, Heroin Addiction, Marijuana Usage]
- age & race & job status, detoxification with methadone vs methadone maintenance vs total drug abstinence & posttreatment drug use, former narcotic addicts, 8274
- alcohol & drug use, college students, longitudinal study, 2823

- teacher vs student leaders & content of drug education program, drug information & usage & attitudes, junior high school students, 8625
- US Army drug abuse counteroffensive & drug rehabilitation & urine testing, 5949
- user age & social attitudes & community treatment & rehabilitation services, drug usage patterns, 7928
- Drug Usage Attitudes**
- attitude towards personal vs societal control of alcohol & tobacco & marijuana & amphetamines & barbiturates & LSD & heroin, teachers & college students & treatment & rehabilitation personnel, 12199
- attitudes & behavior toward drugs, college students, 732
- attitudes toward a date's smoking, teenagers, 2716
- attitudes toward drug abuse & addiction, therapeutic community residents, 8504

- attitudes toward drug addicts, college students & marihuana users & policemen & drug addicts, 3291
- attitudes toward drug use & methadone treatment, administrators & supervisors & ex-addict counselors & nonaddict counselors, 5901
- attitudes toward drugs & drug use, elderly persons vs social work graduate students vs policemen, 767
- attitudes towards police & pushers & amphetamine & marihuana & heroin & LSD use, drug addicts vs staff of drug treatment agencies vs graduate students in social work, 5644
- attitudinal & psychosocial aspects, marihuana use, students, 5135
- conflict between professional values & personal beliefs, social workers in field of drug abuse, 7734
- cross-sectional analysis methodology, attitudes & drug use & perceptions of specific drug use, 7442
- demographic characteristics, attitudes toward marihuana & alcohol use, college students, 2809
- discrepancies in attitudes toward marihuana legalization, drug educators vs student users vs nonusers, implications for communication, 776
- drug & alcohol abuse attitudes, college students vs their parents, 731
- drug & alcohol usage & attitudes, male vs female 6th graders to graduate students in Oregon, implications for drug education & user treatment, 5117
- drug usage & sexual behavior & attitudes, college students, 5142
- drug usage, attitudes toward & knowledge about drugs, 9th & 11th & 13th graders, 720
- education & status, attitudes toward alcoholics & drug addicts & experienced social distance, hospital staff, 7983
- family influences & attitudes toward cigarette smoking, 10-11 yr olds, 9939
- frequency of & attitudes toward drug use, Floridian 7th-12th graders, 718
- information about applicant's draft & drug attitudes & morality, positive vs negative vs neutral inclusion of information in recommendations for admission to state university, rehabilitation counselors, 7721
- internal/external orientation & anxiety & patterns of support for smoking & subjective expected utility of smoking vs not smoking, smokers vs ex-smokers vs nonsmokers, 5125
- knowledge of drug effects & attitudes towards drugs & self-concept & socioeconomic status & sex & grade level & ethnic background, drug usage, 5th-12th graders, 9986
- personality & drug-related attitudes, methaqualone users, 9976
- persuasiveness of antidrug letters, 12th-grade users vs nonusers of marihuana & speed & LSD, 9947
- psychoactive drug course, drug usage & attitudes, college students, 1787
- psychoactive drug use & attitudes toward marihuana, college students at large metropolitan university, 9945
- reasons for illicit drug use, 14-25 yr old psychiatric patients, 3254
- scale development, measurement of attitudes towards marihuana & marihuana users, college students, 12159
- sex & politics & religion, attitudes toward premarital sex & activism & drugs & cheating & personal appearance, college students, 1825
- teacher vs student leaders & content of drug education program, drug information & usage & attitudes, junior high school students, 8625
- validity & reliability, Measurement of Attitudes Toward Drugs Scale, senior citizens & police & nuns & hot-line workers & addicts & social workers, 7479
- Drug Withdrawal**
- alcohol withdrawal syndrome, neural & behavioral correlates, male rats, 7071
- alcohol withdrawal, EEG & behavioral correlates, female mice, 4813
- apomorphine & nigrostriatal lesions, aggression & striatal dopamine turnover during morphine withdrawal, rats, 4614
- atropine & mecamylamine & physostigmine & propranolol & propranolol-tolazoline combination & diphenhydramine & imipramine, morphine withdrawal syndrome precipitated by naloxone, rats, 2450
- barbiturate toxicity & treatment of barbiturate dependence, 1489
- dextroamphetamine, facilitation of avoidance acquisition & performance changes subsequent to drug termination, male rats, 4718
- habituation to morphine & precipitation of abstinence syndrome & withdrawal, acetylcholine release, unanesthetized cats, 7094
- methadone maintenance rehabilitation program design & psychosomatic viewpoint of opiate addiction, methadone pseudowithdrawal syndrome, 12933
- methamphetamine treatment & withdrawal, cerebral carbohydrate metabolism, rats, 9545
- morphine & delta-9-tetrahydrocannabinol, tolerance to stimulus effects, male rats, 7066
- therapeutic techniques, phenothiazine-induced agranulocytosis, psychotic patients, 1440
- Drug Withdrawal Effects**
- abrupt vs gradual sodium pentobarbital withdrawal, bar pressing extinction, rats, 11747
- alcohol withdrawal, neuro-excitability as measured by pentylenetetrazole seizure threshold, rats, 2449
- barbital, tolerance to & withdrawal- & overhydration-related water intake, rats, 11779
- cessation of antiparkinson drugs, phenothiazine treatment, schizophrenics, 8253
- chronic hypnotic-drug use, ineffectiveness & drug-withdrawal insomnia & dependence & REM sleep, insomniacs, 3104
- diphenylhydantoin vs chloral hydrate, alcohol withdrawal, delirium tremens & convulsions, mice, 11743
- experimental alcoholization & withdrawal, hyperexcitability of somatosensory evoked potentials, male alcoholics, 11714
- haloperidol vs methadone, blocking heroin-withdrawal symptoms, 18-35 yr old addicts, 5918
- morphine dosage & frequency of implantation & exposure duration, development of physical dependence & quantification of withdrawal syndrome precipitated by morphine antagonists, male rats, 442
- Drugs [See Also Related Terms]**

- aggressive behavior, immature ducklings, 7175
- critical period for imprinting, ducklings, 11888
- dark rearing & exposure to deep texture, depth avoidance using visual cliff apparatus, eider ducklings, 7270
- electrical brain stimulation, evoked behavior, mallard ducks, 4683
- evoked-response audiometry threshold levels of pure-tone evoked brain-stem responses, 1-day-old chicks & ducklings, 6894
- imprinting stimulus withdrawal, development of distress vocalization, newly hatched ducklings, 7174
- psychophysical tracking procedure, visual scotopic & photopic curve adaptation, black-bellied tree ducks, 7265
- Duodenum** [See Intestines]
- Duration (Response)** [See Response Duration]
- Duration (Stimulus)** [See Stimulus Duration]
- Dyads**
- anonymity & individual pretests preceding group discussion, risky shifts in dyads & 3-4 S groups, college students, 12295
- gain, equity distribution in same-sex dyads, Austrian vs American students, 836
- motivational dispositions of individualism & cooperation & competition & aggression, choice behavior in 3-choice decomposed game, college student dyads, 881
- neutral vs dominant vs submissive vs mixed dyads, creativity productivity, 18-19 yr olds, 5182
- reflexive behavior of significant others, social reactions to & dyadic formation, 2930
- response to hypothetical stimulus situations with S & another person where amount of liking was given in 1-direction, cognitive & affective balance in sociometric dyads, college students, 847
- theoretic-conceptual model of communication as supporting organization processes in natural groups & in dyads, 2895
- Dying** [See Death And Dying]
- Dying Patients** [See Terminally Ill Patients]
- Dysarthria** [See also Stuttering]
- paroxysmal signs & symptoms, female adults with multiple sclerosis, 12791
- speech characteristics & dysarthria with prominent ataxic & spastic & hypokinetic features, treatment progress with D-penicillamine & low copper diet, Wilson's disease patients, 12874
- Dyskinesia**
- alpha-methyl-para-tyrosine & levodopa & physostigmine & scopolamine & biperiden, neuroleptic-induced tardive dyskinesia, 4719
- benztropine & diazepam & diphenylhydantoin & tryptophan, 45-79 yr olds with tardive dyskinesia & 42-67 yr olds with rabbit syndrome, 10611
- benztropine mesylate vs diazepam vs diphenylhydantoin vs tryptophan, tardive dyskinesia & rabbit syndrome, 42-79 yr old patients, 3660
- clinical interpretation, tardive dyskinesia as CR to local aversive stimuli, 5748
- esters of fluphenazine enanthate & decanoate & undecylenate, hyperkinesia akinesia & dyskinesias & parkinsonian syndromes & amenorrhea, psychiatric patients, 12846
- haloperidol, levodopa-induced dyskinesias, parkinsonian patients, 12905
- neuroleptic drug therapy induced tardive dyskinesia, 63-89 yr old geriatric patients, 8227
- neuroleptic-induced tardive dyskinesias, nonpsychotic 41-69 yr olds, 10492
- physostigmine, choreiform movement disorders, patients with Huntington's chorea & levodopa-induced dyskinesia & tardive dyskinesia, 1483
- Dyslexia**
- atypical reading & spelling patterns, diagnosis of developmental dyslexia, 1250
- brief stimulus duration, recall of letter arrays, 8-12 yr old dyslexic & normal children, 3395
- cognitive confusion, reading disorders, 3358
- electro-oculographic abnormalities during pursuit movements, 6-23 yr olds with developmental dyslexia and normal 7-15 yr old good readers, 12717
- encouragement to write freely on topic of choice, expression of emotional problems as treatment for dyslexia, adolescents, 5854
- functional-eye movement stream, reading disability, critical & supportive viewpoint review of dyslexia, 12723
- lack of visual Cartesian frame of reference, phenomena associated with dyslexia, 5702
- left cerebral abcess, stages in recovery & partial recovery from acquired dyslexia, female aphasic patients, 10508
- neurophysiological research, dyslexia, 1290
- oral syntactic abilities, normal vs dyslexic 2nd graders, 5709
- representative definitions, dyslexia, 8019
- resection of left inferior occipitotemporal region, dyslexia, 30-yr-old male, 10796
- short-term visual information processing, dyslexic & control 8-12 yr olds, 12741
- speech therapy, dyslexia, outline of relationships between speech & hearing & writing disorders, 5783
- Dysmetria** [See Ataxia]
- Dysmorphophobia**
- photodrama, problem in poor body image & dysmorphophobia, adolescents & young adults, 3554
- psychometric description, psychodiagnostic questionnaires tapping fears of snakes & spiders & mutilation & public speaking, 10308
- Dyspnea** [See Asthma]
- Dysthymia** [See Depression (Emotion)]
- Dystonia** [See Muscular Disorders] 60 E
- Ear (Anatomy)** [See also Cochlea, External Ear, Labyrinth (Anatomy), Middle Ear, Vestibular Apparatus]

- Ear Canal** [See External Ear]
- Ear Disorders** [See also Meniere's Disease, Motion Sickness]
- probe-tone frequencies of impedance bridge, tympanographic pattern in ossicular discontinuity, 8111
- stimulation producing shifts in threshold of 10-20 db, damage to organ of Corti, chinchilla vs man or monkey, 4326
- temporal effects, frequency discrimination, college students with sensorineural loss vs normal sensitivity Ss, 1076
- Ear Ossicles** [See Middle Ear]
- Early Childhood** [See Preschool Age Children]
- Early Childhood Development**

- Bayley Scales of Infant Development & Stanford-Binet Intelligence Test, predictive power in relatively constant environment, children in day-care center, longitudinal study until 36 mos of age, 12044
- birth order, pressure for conformity vs distinctiveness in childhood, autobiography writers, 5030
- brief analysis, preventing damaging effects of trauma, 4.5-yr-old girl, 10-yr follow-up, 6049
- cognitive & developmental & behavioral child development theories, application to preschool educational programing, 1767
- diagnostic & therapeutic aspects, manic-depressive illness in early childhood, 10294
- early family socialization, parallels in development of schizophrenia & delinquency, 7805
- early individual need differences, developmental achievements, infants, 11987
- early recollections, homosexual lifestyles, male homosexuals, 5122
- early visual experience, spatial reference systems, blind persons, 10532
- facial ties, neurotic symptom vs expression of phase-specific mental processes, 2-yr-old girl, 3196
- Freudian phylogenetic concepts, primal scene, literature review, 5344
- maternal deprivation, development of concepts of object & person, institutionalized vs home-reared infants, 12029
- nature & early developmental determinants, violence, 4950
- organization of life within institutional setting, development of large movements & self-help & communication, institutionalized infants, 1661
- parent interaction in games & sorting & motor teaching tasks, early learning, Chinese & Anglo & Mexican-American mother-child dyads, 2746
- premature development, infants born between 1953 & 1963, 4936
- psychoanalysis & ethology & psychophysiology & Piagetian psychology, reactions to strangers, infants, 5037
- psychodynamics of ego development, underachieving gifted children, 5012
- rape during childhood, anxiety & depression related to opposite sex, female patients, 5561
- relative weight correlation at ages 4 mo & 12 & 48 mo, 9829
- sexual partner & childhood mental disturbances & birth order & parent-child relations, sexual satisfaction & orgasmic consistency, pregnant women, 9983
- short- vs long-range objectives for day care programs, day care operators vs child development experts, 3891
- teacher's role & play themes, value of play, children in classroom, 4997
- training & certification system, early childhood personnel, 10241
- viewing faces of adults, evolution of communication, 4-9 mo olds, 922
- Early Experience**
- acoustic isolation vs normal rearing conditions, ontogeny of calls, squirrel monkeys, 551
- acoustic isolation vs normal rearing conditions, ontogeny of calls, squirrel monkeys, 551
- activity wheel vs visual experience in free environment, learning ability, rats, 7151
- age & early social deprivation & new cage, eye contact with human, monkeys, 11940
- age & environmental influences, tonic immobility induced by ventral restraint procedure in presence of familiar or unfamiliar geometric shapes vs blank test box walls, chicks, 516
- age & health & childhood training & emotional status, frequency of sexual activity, 12155
- asphyxiation at birth, visual depth perception & visual placing & locomotion & learning & memory, monkeys, implications for minimal brain dysfunction, 2384
- childhood environment, psychological adjustment, middle aged males, 12122
- continuous exposure to light from birth to 35 days of age, dendritic length & branching of neurons of dorsal lateral geniculate nucleus, rats, 317
- dark rearing & exposure to deep texture, depth avoidance using visual cliff apparatus, eider ducklings, 7270
- diagnostic criteria & classifications & role of early developmental experiences, hysterical personality syndrome, adolescents, 3153
- differential delta-9-tetrahydrocannabinol exposure when immature or during early adulthood, tolerance development, male rats, 4716
- drug user characteristics & experiences with drugs & life-adjustment & motivation for treatment & program & outcome, drug treatment programs, effectiveness, 3649
- early experience & emotionality, social facilitation of pecking, chickens, 11916
- early experience, emotionality & exploration, rats, critique of A. E. Whimbey & V. H. Denenberg's hypothesis, 9616
- early experiences, shock- & illness-induced passive avoidance behaviors, rats, 500
- early exposure to cold, ultrasonic vocalizations & maternal responsiveness, neonatal rats, 9715
- early handling, avoidance performance, Maudsley reactive vs nonreactive strains of rats, 9680
- early malnutrition, avoidance learning after rearing in large litters, mice, 4617
- early rearing in dark vs isolation & age, innate fear & open field behavior & distress calling, newly hatched chicks, 11921
- early rearing with mirror vs conspecific vs visual isolation, preference for mirror-image stimulation or another bird, chickens & turkeys, 9748
- early restriction of tactile experience, development of visual functioning, kittens, 9773
- environmental settings, attachment development, infants under 18 mo old, 9883
- exposure to high intensity illumination during pregnancy, defecation & ambulation & heart rate, rat offspring, 4860
- genotype & postnatal experiences, activity & avoidance & shock threshold & open-field behavior, rats, 4915
- grouping & crowding, learning, male rats reared in isolation, 2575
- handling in infancy vs left undisturbed, adrenal tyrosine hydroxylase activity response to shock stress, female rats, 4578
- handling, infant & maternal behavior, mice, 4927
- infantile handling & sex differences, shock-elicited aggressive responding, rats, 9701
- interspecies infant interaction, social behavior, *Macaca irus* & *Erythrocebus patas* mother-infant pairs, 9713
- isolated vs pair-rearing, aggression & leukocyte levels, male mice, 9749
- isolation rearing, social interaction, male monkey & infant, 4898
- lead acetate concentration, learning deficits measured by Hebb-Williams maze series, weanling & adult & pregnant female rats, 7120
- light deprivation in rearing, performance on nonvisual operant tasks, rats, 11858
- light- & dark-reared & social- & isolated-housing conditions, aggressive response to footshock, rats, 9754
- littermate removal before vs after 10 days old, behavioral & developmental factors, single remaining pup & mother rats, 494
- maternal high histidine levels during pregnancy, activity & maze retention of offspring, rats, 11654
- mother-infant separation, distress calling & locomotor activity & responses to strange objects & frustration, rhesus monkeys, 2531
- motion detection & optokinetic responses, dark-reared kittens, 2630
- nursing & weaning experience, establishment of flavor preference, rats, 7154
- overcrowded rearing, escape learning deficit & test of helplessness hypothesis, rats, 2524
- overseas experience, academic & social adjustment, college students living abroad during adolescent years, 2720
- preadolescent experiential factors, sexual behavior development, male rats, 4899
- prior ethanol experience, ethanol-induced saccharin aversion, rats, 11717
- prior experience & chlorpromazine, exploration in new environment, rats, 2433
- prior experience with bedding material, habitat preference, mice, 501
- prior experience, searching behavior towards disappearing prey, 6-day-old chicks, 4825
- prior exposure to light, behavior in imprinting situation, 1-day-old chicks, 4835
- raising from various premetamorphic stages with asymmetrical visual stimulation, development of binocularly driven single units, frogs, 6863
- reading disabilities in childhood, long-term results in adulthood, 3366

- rearing by rats, adult open-field & ventral marking activity, gerbils, 4821
- rearing in enriched vs isolated environment, slow wave & REM sleep time & brain weight, rats, 296
- rearing in isolation, species identification, zebra fish, 9740
- rearing in pairs vs groups vs individual cages, self-play & social play & self-cling & social cling, rhesus monkeys, 527
- rearing in single- & dual-chambered cages, adult-litter relations, rats, 9744
- septal lesion & experiential history, saline & saccharin consumption preference-aversion behavior, rats, 11659
- strain & early shock experience & shock-reinstatement shock, box area preference, inbred mice strains, 4596
- strychnine sulphate & handling vs no manipulation after birth, active avoidance, neonatal rats, 4794
- surrogate mother rearing, growth & behavior, male vs female Peruvian vs Colombian squirrel monkeys, 4906
- testosterone propionate given neonatally, sexual behavior, ovariectomized vs intact female house mice, 4618
- visual deprivation, depth perception, rats reared in light & dark conditions, 4931
- visual experience limited to array of white dots on dark background, neuronal function & response in visual cortex, kittens, 327
- water deprivation rearing, food-deprived drinking, rats, 11959
- Early Infantile Autism**
- etiological factors & social class of parents & year of onset, autistic children, 1181
- historical developments since 1943, infantile autism behavioral syndrome, 12636
- intensive parental therapy, infantile autism, 5-yr-old girl, 3619
- maintenance of sameness, children with Kanner's syndrome vs psychotic children, 3240
- Earthworms**
- anterior ganglia removal & regeneration 10 & 16 & 24 hrs after surgery, forward movements, earthworms, 11697
- passive avoidance learning, earthworms, 4889

 computer audiometry, slow auditory evoked responses & electrocochleography, 9048  
 conditioning & extinction, unit activity in hippocampus & septum & entorhinal cingulate & subicular cortices, rats, 6895  
 conditioning & pseudoconditioning procedures, intertrial activity of single cells in postcruciate cortex, cats, 6892  
 conditioning volleys to cutaneous nerves, primary afferent hyperpolarization & presynaptic facilitation of Ia afferent terminals, cats, 11650  
 contralateral cortical stimulation & diffuse flash stimulation, properties of antidromically activated callosal neurons & neurons responsive to callosal input in binocular cortex, female rabbits, 9470  
 cortical epileptiform discharges, sensory information transmission through cuneate nucleus field potential, cats, 7009  
 cortical epileptiform discharges, unit activity in cuneate nucleus, cats, 7008  
 corticocerebellar multiunit activity during a learned motor task, cats, 11588  
 curve similarity with basilar membrane displacement functions, cochlear microphonic magnitude functions at constant sound pressure level & constant stapes displacement & velocity, guinea pigs, 9288  
 delta-8-tetrahydrocannabinol, EEG & reticular multiple unit activity & sleep, cats, 487  
 depletion of biogenic amines in caudate nucleus by tegmental lesions, neural hyposensitivity to dopamine, cats, 6955  
 desynchronized sleep vs waking vs synchronized sleep, selective firing by pontine brain stem neurons, male cats, 11575  
 dextroamphetamine, spontaneous activity in caudate nucleus & reticular formation, male rats, 9513  
 diazepam & nitrazepam & lorazepam & pentobarbital, cortical & subcortical brain regions & sleep & waking behavior, cats, 445  
 differential brain stem pathways for conduction of auditory frequency-following responses, cats, 6890

- diphenylhydantoin therapy, motor conduction velocities along tibial & distal sensory latency of median nerve, epileptic patients, 12885
- dopamine to norepinephrine ratio changes, cortical acetylcholine outflow & behavior & electrocorticogram, guinea pigs, 9411
- electric response audiometry, hearing loss diagnosis, 1 mo to 70 yr old experimental & clinical Ss, 12803
- electrical stimulation of other brain areas, modulation of hippocampal rhythmic slow activity frequency, rats, 4664
- electrical stimulation of sites in pontine tegmentum near locus ceruleus, excitation of neurons in prefrontal cortex vs other neocortical areas, male rats, implications for reward sites, 7000
- electroconvulsive therapy, adrenal medullary & cortical activity & cerebrovascular permeability & cerebral hypoxia & mineral metabolism & diencephalic activity, 5856
- estrous cycle, prepyriform seizure thresholds, female rats, 4523
- ethanol, spontaneous & auditory evoked electrical activity in brain, cats, 2466
- excitation & inhibition in production of cortical afterdischarges, cats, 4542
- experimental model, sleep pattern rebound after REM deprivation in acute hallucinating schizophrenia, 7847
- exposure to continuous tones of varying durations, recovery of discharge rate of single auditory-nerve fibers to tone bursts, cats, 4915
- feedback, reaction time & contingent negative variation & heart frequency, 16-31 yr old candidates for air service, 280
- gamma-aminobutyric acid & related compounds, superior cervical ganglia depolarization, rats, 7032
- head & eye movements, responses of superior colliculus neurons, monkeys, 11584
- hypothalamic lesions, extracellular field potentials influence on unit activity, remote vs local sources of hypothalamic EEG, 194
- intracellular recording of spontaneous local responses in chronic epileptogenic focus, monkeys, 4650
- intracellular recordings, evoked disinhibition & disfacilitation in neurons of sensorimotor cortex, cats, 9338
- intracerebral ouabain, morphological & biochemical & functional changes in brain tissue, chick embryos, 429
- lithium, excitable cell membranes & mechanism of inhibition of sodium pump of nonmyelinated nerve fibers, male rats, 9567
- location of head structures & tissues that generate transepithetically measured direct current potentials, 11562
- Metamylil & Gargleron, after-discharges & activity of penicillin-produced epileptogenic foci in hippocampus, rabbits, 9192
- methamphetamine & secobarbital, contingent negative variation amplitude, graduate & college students, 4760
- method for recording over several days from single cortical neurons, unrestrained cats, 4521
- methohexital anesthesia, discharge patterns in nucleus reticularis thalami, encephale isole cats, 11825
- monaural & binaural tonal stimulation, responsiveness of single neurons in auditory cortex, male monkeys, 6872
- monosynaptic response to lateral column stimulation in isolated spinal cord, analogy to behavioral habituation, frogs, 6880
- morphine sulfate, spontaneous firing rate of norepinephrine-containing neurons in locus coeruleus, male rats, 7000
- motor projection & conditioning, differences in excitability of cortical neurons, cats, 11592
- neural discharge rates, taste discrimination time, rats, 9328
- neurophysiological explanation based on knowledge of cortical feedback systems, interictal epileptic spikes, 297
- nucleus supraopticus & nucleus paraventricularis hypothalami neurons vs area lateralis hypothalami & nucleus entopeduncularis neurons as osmoreceptors, water intake, 303
- ouabain induced selective blockade of membrane sodium-potassium adenosine triphosphatase reactivity of penicillin-induced epileptogenic foci, cats, 6988
- Pavlovian conditioning, neuronal correlates in hypothalamus & preoptic area & striatum, rats, 6888
- pentyleneetetrazol-induced seizures, extensor & flexor motor axons activity, anesthetized & curarized cats, 6983
- peripheral transduction from acoustical waveforms to firing patterns on auditory nerves, interaural time discrimination, 4318
- physiological correlates, chemotactic responses against cations of unlinked genic mutations, *Paramecium aurelia*, 293
- raising from various premetamorphic stages with asymmetrical visual stimulation, development of binocularly driven single units, frogs, 6863
- receptor characteristics & conduction velocities, bladder afferents, cats, 4550
- regeneration electrode units, recording signals from single sensory & motor nerve fibers associated with leg movement, unrestrained amphibians, 2329
- saccadic eye movement changes during waking & paradoxical sleep, corticocerebellar single-unit activity, cats, 11574
- saccadic eye movements, excitability of lateral geniculate cells to orthodromic volleys, cats, 2332
- scopolamine hydrobromide vs scopolamine methylbromide, escape latencies & increased electrical impedance, female mice, 4741
- seasonal changes in contrast detection of prey catching behavior, neuronal correlates, toads, 11566
- sensory stimuli, single cell activity in septum, cats, 9310
- sentences & Kirlian electrophotography, psychosomatic illness understanding, 7863
- sex, changes in contingent negative variation amplitude with progressive induction of stress, college students, 2324
- short-term poststimulatory depression & hysteresis, cochlear microphonics with differential electrodes at several locations, guinea-pig cochlea, 558
- single neuronal activity in chronic epileptogenic focus vs acute penicillin focus, monkeys vs cats, 6975
- sleep & waking, activity in optic chiasma & optic radiations, cats, 9307
- sleep vs wakefulness vs pentobarbital anesthesia, neuronal activity in association cortex, cats, 316
- sleep-wake patterns, ponto-geniculate-occipital activity in lateral geniculate nucleus, kittens, 6871
- sleep-wake state, spontaneous unit activity in lateral geniculate nucleus, kittens, 6865
- species-specific vocalizations, multiple coding in auditory cortex, squirrel monkeys, 315
- spectral & correlation characteristics of cerebral cortical potentials, elaboration of conditioned defense reflex, rabbits, 6878
- statistical study of importance & spread & synchronization, EEG activity & multiunit discharges in neocortical projection & association areas during slow wave sleep, cats, 300
- stimulation of antidromically activated callosal neurons in visual cortex, systematic variations in conduction velocity of slowly conducting axons, female rabbits, 9471
- stimulation of forebrain inhibitory structures, EEG & behavioral & single-unit effects, cats, 4692
- stimulus concentration & quality, variation in gustatory nerve fiber discharge pattern, rats, 11582
- strain & sex differences & interaction, reflex latencies in sciatic nerve functions, peripheral nerve conduction velocity, A/J vs CBA/J vs C3H/HeJ vs C57BL/6J vs DBA/1J, 11643
- subcutaneous electrical stimulation & recording at cortical level, cortical projections from periorcular & facial skin, photosensitive & nonphotosensitive baboons, 4534
- subcutaneous injections of kanamycin, electrical responses from cochlea, guinea pigs, 7047
- temporal auditory patterns of tone sweeps & noise bursts, unit responses in inferior colliculus, rats, 6874
- thalamic & pyramidal tract stimulation, antidromic & orthodromic activation of epileptic neurons, awake monkeys, 7018
- thymo-analeptic drug B 8170, EEG & electrocorticogram & flicker & vigilance & thymia, 2425
- tonal stimuli, neuronal responses in medial geniculate body, cats, 11557
- vibrissa displacement, single unit activity in trigeminal nuclei, rats, 6896
- vigilance state & posture & movements, discharge patterns of ventrolateral thalamus cells & EEG, monkeys, 4528
- visually triggered movement, precentral & postcentral cortical activity, monkeys, 6879
- VRS programing system, mapping neuronal receptive fields & determination of neuronal response characteristics, 9308
- 1-kHz continuous tone exposure, discharge rate & detection probability for 1-kHz test tone bursts at 1-sec intervals, 21-31 yr olds, 4333
- Electrical Brain Stimulation**
- acetylcholine, release of labeled norepinephrine from cerebellum & labeled dopamine from striatum following potassium chloride or electrical stimulation in brain slices, rats, 11699
- amphetamine, medial forebrain stimulation with monopolar electrodes, rats, 4628

- amygdala stimulation, evoked seizure activity thresholds, Tryon Bright vs Dull rats, 9478
- anatomical connectedness, discrimination between stimulus properties of septal & hypothalamic rewarding brain shock, male rats, 431
- anesthetization & stimulation of sulcal prefrontal cortex, self-stimulation of lateral hypothalamus & pontine tegmentum, male rats, 9464
- anticonvulsant drug SC-13504, antagonism of hippocampal & cortical afterdischarges produced by brain stimulation, male cats, 11764
- antidepressants & neuroleptics, behavioral response to lesion & stimulation of hippocampus, rats, 4708
- apomorphine, self-stimulation, male rats, 4804
- caudate nucleus stimulation vs nonstimulation, perceptual information integration process, rats, 11668
- caudate stimulation, passive avoidance retention, male rats, 2414
- cerebellar stimulation & stimulus parameters & electrode position & initial eye position & visual texture, evoked eye movements, monkeys, 7001
- cerebellum stimulation vs ablation, inhibition of cortical penicillin-induced focal epilepsy, cats, 6946
- cerebral electrotherapy vs simulated treatment, tension-related symptoms, male alcoholics, 1610
- characteristics of self-stimulation to brain, male dogs, 7004
- chlorpromazine, escape response latency motivated by electrical stimulation of hypothalamus, cats, 6950
- clip-on cable connector, chronically stimulating & recording electrical activity, monkeys & cats, 311
- conditioned & reinforcing stimuli administered through electrodes implanted in occipital sensory area, 2nd-order conditioned limb responses, hens, 7182
- conditioned avoidance of stimulation of mesencephalic central gray substance, cats, 2402
- contralateral cortical stimulation & diffuse flash stimulation, properties of antidromically activated callosal neurons & neurons responsive to callosal input in binocular cortex, female rabbits, 9470
- current intensity of brain stimulation, kindled motor seizure activity, male rats, 9461
- decibel difference between stimuli & stimulus presentation probabilities & relative & absolute duration of timeout consequent upon incorrect responses, responding in auditory discrimination task with reinforcing brain stimulation, male rats, 7176
- device & procedure for progressive lowering of electrode in brain, freely moving rats, 6992
- dextroamphetamine, body temperature & motor activity & conditioning using hypothalamic stimulation as reward, thalamic rats, 9395
- dextroamphetamine, fixed ratio 30 performance with food vs brain stimulation reinforcement, rats, 9496
- doxepin, agonistic behavior provoked by electrical stimulation of hypothalamus, cats, 4753
- electrical brain stimulation as reinforced CS, Pavlovian conditioned inhibition training, rabbits, 9449
- electrical brain stimulation reward, determination of optimal pulse duration from data relating running speed to current intensity, male rats, 9410
- electrical brain stimulation, conditioned micturating membrane responding, rabbits, 6994
- electrical brain stimulation, evoked behavior, mallard ducks, 4683
- electrical brain stimulation, formation of acute gastric lesions, male rats, 2396
- electrical brain stimulation, learning & memory processes, selective literature review, 6985
- electrical stimulation in lesioned areas, acceleration of functional recovery following lateral hypothalamic lesions, male rats, 9393
- electrical stimulation in ventromedial hypothalamus, food intake, food-deprived male rats, 11664
- electrical stimulation of amygdala, bilateral clonic convulsions, rats, 9460
- electrical stimulation of amygdala, seizures development, male cats, 11696
- electrical stimulation of diencephalon, escape & hiding & freezing behavior, male chicks, 4630
- electrical stimulation of frontal & posterior cortex, retrograde amnesia, male rats, 9431
- electrical stimulation of lateral hypothalamus, preference for diazepam or water, male rats, 4629
- electrical stimulation of limbic system & midbrain reticular formation, short- & long-term memory, male rats, 418
- electrical stimulation of medial & lateral hypothalamic regions, persistence of epileptiform discharges, rats, 414
- electrical stimulation of midbrain reticular formation, facilitation & suppression of feeding & drinking elicited by lateral hypothalamic stimulation, male rats, 11683
- electrical stimulation of occipital cortex, photic sensations, blind Ss, implications for functional visual prosthesis, 3428
- electrical stimulation of other brain areas, modulation of hippocampal rhythmic slow activity frequency, rats, 4664
- electrical stimulation of reticular formation & chlorpromazine, performance of trace conditioned avoidance response, male rats, 6940
- electrical stimulation of septum, EEG correlates of induced feeding, male rats, 4701
- electrical stimulation of sites in pontine tegmentum near locus ceruleus, excitation of neurons in prefrontal cortex vs other neocortical areas, male rats, implications for reward sites, 7000
- electrical stimulation of ventral mesencephalic tegmentum, aggressive behavior, male rats, 9419
- electrical stimulation of ventromedial hypothalamus, inhibition of lateral hypothalamus feeding system, hungry female rats, 4691
- electrical stimulation to components of fastigialbulbar & dentatothalamic pathways, hippocampal cobalt epilepsy, cats, 4603
- electrode-cannula implant, simultaneous electrical & chemical brain stimulation, 2400
- electrolytic lesions in hypothalamus, progressive & systematic expansion of behavioral deficits, female rats, 4699
- forebrain structures stimulation, copulatory & stimulus-bound behavior, ovariectomized hormone-treated female rats, 11684
- hyper-reactivity induced by bilateral electrolytic lesions in anterior hypothalamus, biochemistry, rats, 4631
- hypothalamic current intensity, object carrying induced by shuttlebox self-stimulation, rats, 11681
- hypothalamic electrical stimulation, banana vs meat pellet consumption, cats, 11703
- hypothalamic electrical stimulation, banana vs meat pellet consumption, cats, 11703
- hypothalamic self-stimulation, induced sleep, cats, 9404
- hypothalamic stimulation, eating & drinking behavior, rats, 4697
- hypothalamic stimulation, free-choice & forced consumption of hashish suspensions, male rats, 4641
- hypoxia induced by inhalation of hypoxic gas, evoked potentials of visual cortex to flash stimulation of eye vs electrical stimulation of optic chiasm & optic radiation & lateral geniculate body, cats, 11648
- hypothalamic stimulation following septal lesions, changes in emotional responses, cats, 413
- implantable recording-stimulating system, 9402
- insulin & 2-deoxy-D-glucose, plasma glucose level & lateral hypothalamic eating threshold, male rats, 9385
- intracranial electrical stimulation, primary learned aversion to LiCl & generalized aversion to NaCl, male rats, 6998
- intracranial electrical stimulation, response frequency, interdisciplinary collaboration between psychology & physiology, 397
- intracranial reinforcement delay, maze learning, male rats, 2399
- intraperitoneal methamphetamine hydrochloride injections, intracranial hypothalamus self-stimulation threshold, rats, 11652
- intraventricular 6-hydroxydopamine, deficits in stimulation-induced feeding, male rats, 4681
- lateral geniculate nucleus repetitive stimulation, visual cortex evoked potentials during discrimination behavior, cats, 11587
- lateral hypothalamic stimulation during induced sickness, attenuation of learned flavor aversions, male rats, 420
- lateral hypothalamus vs ventromedial tegmentum self-stimulation, bar-pressing rates, rats, 11682
- limbic electrode stimulation & involvement parameters, rewarding hypothalamic intracranial self-stimulation, male rhesus monkeys, 4661
- localized diathermic warming evoked by electrical stimulation, thermoregulatory grooming & body extension & locomotion & tail vasodilation, male rats, 6999
- low-level stimulation of hippocampal cytoarchitectonic areas, retrograde amnesia, male rats, 9467
- methadone, hippocampal EEG before & after electrical stimulation of septum, cats, 9383

- methylphenidate & pheniprazine & desipramine, muscarinic mechanisms in superior cervical ganglion, cats, 4725
- neural refractory periods measurement for stimulus-bound eating & self-stimulation, rats, 9436
- nutritive vs nonnutritive stomach loads, blood glucose concentration & lateral hypothalamic electrically induced eating threshold, rats, 11595
- olfactory bulb removal, running activity & body weight & water consumption & lateral hypothalamic self-stimulation rates, hamsters, 4634
- painful stimulation through monopolar electrode in dental pulp of 1 incisor, motor movements & respiration & vocalization following stimulation of septal area & related limbic structures, guinea pigs, 9445
- parasympathetic stimulation given coincidentally with electric shock in fear-conditioning situation of vagus, later performance on avoidance conditioning task, male rats, 4882
- pilocarpine & scopolamine, light-dark discrimination performance maintained by electrical brain stimulation, male rats, 9554
- positive vs negative polarization vs placebo transcranial electrical stimulation, reaction time to visual stimuli & visually evoked potentials, 11590
- positively reinforcing vs aversive intracranial stimulation during vs immediately after warning signal, deconditioning persisting avoidance responses, rats, 4686
- refractory period measurement, turning on vs off prolonged brain reward stimulus, rats, 11948
- reinforcing brain stimulation magnitude, probability of individual interresponse time in temporal discrimination tasks, rats, 7012
- research methodology & design, cerebral electrotherapy, 1606
- S control of reinforcement presentation vs external control, reinforcement strength of self-administered & externally imposed brain stimulation, rats, 4646
- self-stimulation of lateral hypothalamic sites, changes of 17-hydroxy-corticosteroids & growth hormone, monkeys, 425
- short supramaximal & unilateral electrical stimulation, neurogenic control of cerebral blood flow, dogs, 6987
- spacing intracranial stimulation delivery as counterconditioner, response prevention, rats, 400
- stimulation of antidromically activated callosal neurons in visual cortex, systematic variations in conduction velocity of slowly conducting axons, female rabbits, 9471
- stimulation of forebrain inhibitory structures, EEG & behavioral & single-unit effects, cats, 4692
- stimulation of sites in midbrain reticular formation, analgesia onset, cats, 9448
- subseizure electrical stimulation of amygdala, retrograde amnesia for 1-trial passive avoidance task, male rats, 4651
- technique for making glass-insulated electrodes for brain stimulation & EEG recordings & subcortical lesions, 9447
- thalamic stimulation during therapeutic stereotaxic operations, mental arithmetic, patients, 9452
- unilateral procaine & glutamate into lateral hypothalamus, barpressing responses for anterior olfactory area self-stimulation, male rats, 2403
- vagotomy, electrically elicited eating & self-stimulation in lateral hypothalamus, rats, 9408
- visual stimulus control of intracranial self-stimulation, squirrel monkeys, 9406
- 5-hydroxytryptophan, self-stimulation behavior, male rats, 7031
- Electrical Properties (Skin)** [See Skin Electrical Properties]
- Electrical Stimulation** [See also Electrical Brain Stimulation, Electroconvulsive Shock]
- amphetamine vs electrical stimulation, release of metaraminol in heart & brain, rats, 6941
- cholinergic & anticholinergic drugs in scala tympani, blocking effects of electrical stimulation of crossed olivocochlear bundle, guinea pigs, 6934
- delta-9-tetrahydrocannabinol, analgesic effects on tolerance to electrical stimulation of upper canine tooth, dogs, 4756
- electric shock induced emotional states, verbal responses, 261
- electropneumatic weight applicator, stimulation of slowly adapting mechanoreceptors in footpads, cats, 322
- electrostimulation conditioning, amphetamine-induced stereotypy, rats, 4721
- intermittent electric shocks, copulatory behavior, male rats, 7251
- novel environment & electric shock as noxious stimulation, day of death following inoculation producing malaria, mice, 380
- physical & physiological & psychological factors, pain reaction to electric shock, 9028
- propranolol & prazosin blockage of cardiac beta-adrenergic receptors, sympathetic nerve stimulation-induced arrhythmias, dogs, 11745
- response-independent electric shock, schedule-induced alcohol & water intake, rats, 7164
- self-adaptation, threshold & suprathreshold levels of evoked electrical taste, 8994

- electroconvulsive shock, passive avoidance & defecation, rats, 11704
- electroshock convulsions, death & self-sustaining status epilepticus, cats & rats, 11698
- footshock & ESC of high & low intensity, memory & amnesia for simple position habit in water maze, 4642
- high-fat vs high-carbohydrate diet, electroconvulsive threshold & biochemical alterations, male rats in ketogenic diet model, 11560
- individual housing with vs without background noise, modification of ECS produced retrograde amnesia, male rats, 2406
- interpretation problems & value to research, ECS studies on memory, animals & humans, 4670
- isolation, ECS-induced retrograde amnesia in multiple-trial learning, rats, 9405
- piracetam, recovery from ECS induced amnesia by exposure to training environment, male rats, 9573
- postacquisition electroconvulsive shock & motivational states, response perseveration in extinction, rats, 11675

- promoting learning, recovery of ECS-produced retrograde amnesia, rats, 11693  
 repeated ECS, body & brain weight, male rats, 4685  
 reserpine vs alpha-methyl-para-tyrosine vs amphetamine induced behavioral changes, ECS effects on dopaminergic & noradrenergic mechanisms, male rats, 4783  
 scopalamine, electroconvulsive shock-induced amnesia, rats, 11706  
 seizure-producing frontal cortex brain stimulation & cortical stimulation & extracranial transpinal ECS, retrograde amnesia & EEG changes, rats, 4705  
 single ECS treatments, motivational control of retrograde amnesia for long-term habits, rats, 4659  
 single ECS vs 15 min of intense fighting, norepinephrine uptake into cerebral cortical synaptosomes, male mice, 435  
**Electroconvulsive Shock Therapy**  
 cardioversion & ECT, chronic atrial fibrillation, 62 yr old depressed patient, 3220  
 cerebral electrotherapy, depressions, depressive inpatients, 6114  
 chlorpromazine & ECS therapy, endogenous or mixed endogenous-psychogenic depression patients, 3622  
 combined use of ECT & antidepressive & antipsychotic drugs, psychiatric patients, 6115  
 ECS induced autonomic arousal, blood clotting time, psychiatric patients, 1607  
 ECS therapy vs medication, depression, depressive in- & outpatients, 3533  
 ECS therapy, manic episode, patient with cardiac pacemaker, 10793  
 ECS therapy, REM sleep, psychotic depressed patients, 5850  
 ECS treatment, slowing of background EEG activity, 5886  
 ECS-induced seizures, depression, 5820  
 electroconvulsive shock therapy, psychiatric disorders, book, 12861  
 electroconvulsive shock, glaucoma & prolonged apnea, depressed aged female, 13015  
 electroconvulsive therapy improvements & use of psychoactive drugs, depressive states & memory & thought processes, 5819  
 electroconvulsive therapy, adrenal medullary & cortical activity & cerebrovascular permeability & cerebral hypoxia & mineral metabolism & diencephalic activity, 5856  
 electroconvulsive therapy, depression, primary depressive patients, 3-mo follow-up, 13013  
 electroconvulsive therapy, memory, 5811  
 electroconvulsive treatment, schizophrenics, 10-yr survey of psychiatric inpatient service, 1612  
 escape-avoidance design with ECS treatments as aversive stimuli, eating & verbalizing & working, depressed catatonic 49-yr-old male, 3727  
 flurothyl & ECS therapy, memory defects, psychiatric patients, 5879  
 flurothyl-induced vs bimorphally applied currents vs dominant- & nondominant hemisphere ECS, ictal vs interictal characteristic convulsions, psychiatric patients, 5880  
 induced convulsions or electroshock, mental illness, book, 5821  
 lithium carbonate & electroconvulsive therapy, symptom display & catecholamine excretion, patients with affective disorders, 8254  
 multiple electroconvulsive therapy vs regressive electroshock therapy, 5790  
 nondominant unilateral & bilateral electroconvulsive therapy, memory, 19-65 yr old endogenously depressed patients, 13017  
 numerous ECS therapy treatments, cognitive functioning & psychosis, schizophrenics, 1609  
 premorbid adjustment & clinical diagnosis & therapeutic outcome, pituitary hormone levels of luteinizing & follicle-stimulating hormones, 21-71 yr old patients receiving ECS therapy, 8444  
 right vs left unilateral electroconvulsive therapy, naming & visual discrimination, 10792  
 severity of illness & clinical psychopathology & response to ECS therapy, uni- vs bipolar depressive patients, 7808  
 succinylcholine-modified electroconvulsive shock therapy, systolic blood pressure, depressed patients, 13020  
 therapeutic techniques, phenothiazine-induced agranulocytosis, psychotic patients, 1440  
 unilateral vs bilateral applications of electrodes in ECS therapy, antidepressant efficiency & retrograde & anterograde amnesia & posttreatment confusion, 5808  
**Electrodermal Response** [See Galvanic Skin Response]  
**Electrodes**  
 active electrode attached to foot pad & indifferent electrode attached to tail, recording skin potential response, free moving rats, 326  
 circuit diagram for on-line calibration of integrated multiple nerve cell unit potential recordings, 9313  
 device & procedure for progressive lowering of electrode in brain, freely moving rats, 6992  
 dry silver electrodes for recording skin resistance & heart rate, 11187  
 electrode-cannula implant, simultaneous electrical & chemical brain stimulation, 2400  
 method of implanting monopolar cortical electrodes using miniature self-tapping screws, cats, 396  
 prefabricated electrode connector unit, chronic rat EEG study, apparatus, 11571  
 regeneration electrode units, recording signals from single sensory & motor nerve fibers associated with leg movement, unrestrained amphibians, 2329  
 stable electrode system for recording human scalp potentials with direct-coupled amplifiers, 11570  
 standard ten-twenty electrode placement system, anatomic correlates, infants, 4519  
 technique for making glass-insulated electrodes for brain stimulation & EEG recordings & subcortical lesions, 9447  
**Electroencephalography**  
 alcohol withdrawal syndrome, neural & behavioral correlates, male rats, 7071  
 alcohol withdrawal, EEG & behavioral correlates, female mice, 4813  
 all-night EEG studies, clinical pharmacology of sleep, critical review of drug studies, 2435  
 amitriptyline-perphenazine, EEG patterns, psychiatric patients, 5940  
 anticonvulsant drug SC-13504, antagonism of hippocampal & cortical afterdischarges produced by brain stimulation, male cats, 11764  
 atropine, exploration & learning & electrocortical activity, developing rats, 443  
 auditory biofeedback training, voluntary control over appearance of EEG alpha in midline frontal & parietal sites, 2333  
 auto-power spectrum analysis, development of EEG, 3-18 yr old normal & mentally retarded children, 9315  
 blood serum from rabbits immunized with pre- & postsynaptic membranes of septal region of human brain injected intraventricularly, focal EEG, cats, immune concept of schizophrenia, 4649  
 body core temperature, perception of dichoptic light flashes & critical flicker frequency thresholds & EEG & pupil diameter, male 21-34 yr olds, 9019  
 body temperature, EEG arousal level & thermal comfort, college students, 4513  
 caffeine & nitrazepam & cigarette smoking, contingent negative variation, college students & staff, 11710  
 cardiopulmonary arrest, EEG activity of alpha frequency, patients in deep coma, 12815  
 cephalic skin potential artifact, EEG recordings of contingent negative variation vs averaged evoked responses vs verbal free-association task performance, 19-28 yr olds, 11561  
 chlorpromazine & haloperidol & clopenthixol & molindone & loxapine, consistency & similarity of EEG responses, chronic schizophrenics, 5954  
 CI-579 & CI-600, pharmacoelectroencephalography & "sleep prints" & symptomatology, chronic schizophrenics & acute depressives, 3656  
 CI-686, prediction of neuroleptic effects based on computerized cerebral biopotentials, 1464  
 clinical & electroencephalographical classification of epileptic seizures, numerical coding of seizure types, 12778  
 clinical disorders of sleep, review, 7953  
 clopenthixol, long-term clinical & quantitative EEG effects, chronic schizophrenics, 5952  
 computer analysis, EEG, 9336  
 computer analysis, EEG wakefulness-sleep patterns during learning of novel & familiar sentences, 21-29 yr olds, 11579  
 conditioned sensorimotor rhythm, masseteric & digastric reflex activity, cats, 6867  
 contingent negative variation & excitability of spinal monosynaptic reflex during foreperiod of simple reaction time experiment, 20-25 yr olds, 4536  
 delta-8- & delta-9-tetrahydrocannabinol & cannabidiol & 11-hydroxy-metabolite of delta-8-tetrahydrocannabinol, EEG patterns, rabbits, 11806  
 delta-8-tetrahydrocannabinol, EEG & reticular multiple unit activity & sleep, cats, 487

- delta-9-tetrahydrocannabinol, subcortical spike bursts & motor manifestations, rats, 7121
- delta-9-tetrahydrocannabinol, EEG & epilepsy, photosensitive baboon, 11783
- diazepam & nitrazepam & lorazepam & pentobarbital, EEG of night sleep, 444
- diazepam, epileptic patterns of cortical & thalamic electrographic activity, turtles, 11808
- dimethyltryptamine vs LSD, cortical EEG & electrooculogram & EMG & observed behavior in testing for tolerance, male cats, 2438
- dipotassic clorazepate, heart rate & EEG & psychomotor performance, anxious & nonanxious Ss, 3632
- directional relationships, clinical-psychological & electroencephalographic & adrenocortical functions, 50-99 yr old psychiatric patients, 3224
- discrete forelimb movements, electrophysiological correlates, male rats, 4532
- ECS treatment, slowing of background EEG activity, 5886
- EEG & electro-oculographic study, sleep & wakefulness, iguanid lizards, 11567
- EEG & neurological & psychological vs no evidence of CNS impairment, longevity, Ss over 60 yrs old, 2772
- EEG abnormalities & electroretinogram & visual evoked responses, children with Tay-Sachs disease, 12797
- EEG abnormalities & neuropsychic disturbances & blood ammonia, patients with hepatic encephalopathy, 10480
- EEG activity & EEG & ocular responses to visual & olfactory stimuli, pretigeminal & cerveau isole cats, 7003
- EEG biofeedback training, neuroelectric patterns, epileptics, 3538
- EEG classification in relation to polarity, coupling between cortical areas, 2316
- EEG experiments, psychophysiology of anxiety, 298
- EEG patterns & arousal level, male rats, 9335
- EEG profiles & response to psychotropic drugs, reality of hypnotic state, criticism of G. A. Ulett & S. Akpinar & T. M. Iul's study, 362
- EEG spectral analysis, schizophrenics in remission from acute psychotic episodes vs normals, 7844
- EEG, hyperparathyroidism with catatonic stupor, 64-yr-old woman, 3424
- EEG, prognostic value, 8163
- EEG, 7-9 yr olds who show delay in development, 1358
- EEGs, social psychological correlates of convulsions, 4-8 yr old idiopathic epileptics, 1332
- electrical stimulation of septum, EEG correlates of induced feeding, male rats, 4701
- electromyograms & electrocardiograms & electro oculograms & EEG & behavioral observation, sleep & rest-activity cycle under different ambient temperature conditions, tortoises, 11589
- epilepsy & EEG abnormalities, 3 sisters with Smith-Lemli-Opitz syndrome, 12759
- evoked potential tests using flash & sine wave modulated light stimuli, between-test generalizability & short-term reliability & electrooculographic activity influences & relation to perceptual discrimination & extraversion & neuroticism, 9332
- expected but absent stimuli & feedback information about response performance, emitted cerebral events using EEG scalp records, adults, 9339
- factorial analysis, basic EEG frequency spectra, 6875
- flurothyl-induced vs bitemporally applied currents vs dominant- & nondominant hemisphere ECS, ictal vs interictal characteristic convulsions, psychiatric patients, 5880
- haloperidol & clopenthixol & chlorpromazine, quantification of EEGs, chronic schizophrenics, 5953
- hippocampal & hypothalamic & lateral geniculate activity during visual discrimination, monkeys, 9320
- hypothalamic lesions, extracellular field potentials influence on unit activity, remote vs local sources of hypothalamic EEG, 394
- hypothalamic lesions, EEG synchronization following intragastric loading of nutrients, female rats, 9413
- intellectual & adaptive functions & EEG patterns, epilepsy of various etiologies, review of 50 yrs of research, 8135
- intracarotid & intravertebral pentylene-tetrazol & amobarbital, generalized penicillin epilepsy, cats, 9507
- intravenous heroin, short-term EEG & auditory detection & mood, 19-43 yr old detoxified heroin postaddicts, 9591
- isocarboxazid, EEG driving responses to photic stimulation, 21-30 yr old males, 4812
- language production, electroencephalographic hemispheric asymmetries of summed & averaged evoked potentials, 9309
- lithium carbonate, EEG sleep, inpatients with affective disorders, 3664
- lithium carbonates, EEG, male prison volunteers, 4788
- long-term shallow nitrogen/oxygen saturation diving, visual evoked responses & EEG, male divers, 308
- marked spike-wave discharges with temporal lobe predominance, acquired aphasia in childhood, 1293
- maturation & interrelationship of EEG patterns & auditory evoked responses, premature infants, 6884
- mechanism of auditory evoked EEG responses, adults & children, 2337
- mental activity, spectral & multivariate analysis of EEG changes, 11564
- methadone, hippocampal EEG before & after electrical stimulation of septum, cats, 9383
- methylphenidate, EEG & neurological examination, 6-9 yr olds with minimal brain dysfunction, 3690
- midbrain cooling, generalized penicillin epilepsy, cats, 9472
- monaural vs binaural stimulation, early components of averaged EEG, awake Ss, 9323
- monocular sensitivity to photoconvulsive EEG responses to flashing lights, 2-45 yr old patients, 12799
- morning vs afternoon cognitive performance, EEG changes, 12-50 yr olds, 6889
- neuroelectric variables, average evoked potential prediction, graduate students, 11586
- open vs closed eyes in relaxed state vs doing mental arithmetic, EEG asymmetries, dextral vs sinistral medical students, 9300
- oral trimipramine, major & petit mal seizures & EEG paroxysmal activity, 14-yr-old girl with history of petit mal absences, 10495
- P-factor analysis, relationships between clusters of frequency components of EEG, 9316
- papaverine hydrochloride, EEG changes & mental function, geriatric patients, 1470
- parietal occipital vs frontal vs thalamus vs caudate nucleus regions, simultaneity of rhythmic spindle activity, cats, 330
- phenelzine therapy, EEG changes, psychiatric patients, 3682
- photic stimulation, visual evoked response potentials during physostigmine- & amphetamine- & pilocarpine-induced EEG arousal, rats, 9305
- physiological changes during phases & cycles & states of sleep, EEG patterns & somatic & vegetative alterations, 2368
- physiological characteristics & percentage of occurrence, analysis of nocturnal sleep, male squirrel monkeys, 4516
- posterior hypothalamic lesions, initiation & maintenance of voluntary movement & hippocampal EEG, rats, 9463
- posterior-temporal slow-wave activity, hospitalized psychopaths, 12589
- prefabricated electrode connector unit, chronic rat EEG study, apparatus, 11571
- prostaglandin E-1 sub 1 in cerebral areas, behavior & electrocortical & body temperature changes, adult fowls, 2404
- psychoactive drugs, EEG sleep parameters, review, 8245
- radiotelemetry device for EEG studies, 11569
- reduction of line frequency interference in EEG recordings, movable antennas, 11583
- regional responses to photic stimulation, analysis of averaged EEG epochs, 4537
- reliability of EEG parameters, predicting average evoked response, adults, 6893
- REM sleep, averaged electroencephalic response, 313
- rest & hyperventilation & photostimulation, EEG, normal 4-14 yr olds, 2323
- rest vs motor activity, EEG recordings from frontal lobes & motor cortex & lower parietal & temporal & occipital lobes, 2-3 yr olds, 307
- resting EEGs & EEGs under influence of barbiturates & correlations with psychometric tests, Huntington's chorea patients, 8133
- seizure-producing frontal cortex brain stimulation & cortical stimulation & extracranial transpinal ECS, retrograde amnesia & EEG changes, rats, 4705
- sensorimotor rhythm conditioning, polycyclic sleep-wake cycle, cats, 4530
- shock & tone stimulation in avoidance conditioning, paradoxical & slow wave sleep EEG & EMG, rats, 310

- single oral dose of sodium pentobarbital & nitrazepam & imipramine, behavioral patterns & EEG levels of wakefulness & drowsiness & sleep & REM state, male monkeys, 7048
- sleep deprivation & domutil & induced hyperventilation, EEG diagnosis of paroxysms & depression of obscure origin, 7821
- sleep, spike-wave discharges, children with absence seizures, 1345
- spectral analysis, hippocampal slow wave activity during feeding & drinking, male rabbits, 9312
- spectral vs period vs period amplitude analyses, accuracy & computational speed in extraction of spectral estimates from time-serial electroencephalographic data, 9299
- spontaneous awake EEG patterns, tree shrews & prosimians & New & Old World simians, 6887
- statistical study of importance & spread & synchronization, EEG activity & multiunit discharges in neocortical projection & association areas during slow wave sleep, cats, 300
- stimulation of forebrain inhibitory structures, EEG & behavioral & single-unit effects, cats, 4692
- stimulus level & sleep stage, early components of averaged EEG response to click during all-night sleep, college students, 9319
- stochastic properties, inter-spindle interval & spindle duration during natural & barbiturate sleeps, cats, 329
- strobe trigger & compound alpha filter & phase coherence detector for EEG biofeedback, 11553
- sulthiame & diphenylhydantoin, response to hyperventilation & seizures & EEG epileptiform activity, epileptics, 10655
- technique for making glass-insulated electrodes for brain stimulation & EEG recordings & subcortical lesions, 9447
- thymo-analeptic drug B 8170, EEG & electrocorticogram & flicker & vigilance & thymia, 2425
- time of onset & gastrointestinal symptoms & progression of symptoms & EEG abnormalities combined with neuropsychiatric symptoms, Jakob-Creutzfeldt syndrome or spongiform encephalopathy, 3456
- transient global amnesia with previously unreported EEG abnormality, 52-yr-old male, 8103
- transition from waking to hypnotic state, superslow oscillation changes in EEG, physically healthy neurotic patients, 6866
- tyrocalcitonin, avoidance CRs & cerebral activity, rats & rabbits, 4759
- U-31,920, clinical & computerized EEG effects, patients with anxiety syndrome, 12900
- unilateral mesencephalic reticular formation lesions, tactile & visual & auditory neglect & EEGs, female macaques, 7015
- vigilance state & posture & movements, discharge patterns of ventrolateral thalamus cells & EEG, monkeys, 4528
- Electrolytes** [See also Calcium Ions, Potassium Ions, Sodium Ions]
- delta-9-tetrahydrocannabinol, body weight & brain electrolyte concentrations, neonate chickens, 9480
- diazepam & nitrazepam, intra- & extracellular distribution of sodium & potassium ions in brain, rats, 6958
- lithium chloride administration, intravenous glucose tolerance & concomitant changes in serum insulin & electrolytes, patients with minor psychiatric disturbances, 3701
- lithium ions & insulin, glucose utilization & glycogen synthesis & synthase, isolated rat diaphragm, 11751
- postweaning long-term forced saline consumption, heart & kidney & body weight & serum protein & electrolytes & blood cell volumes, rats, 11639
- Electromyography**
- appearance of effort-depending symptoms, local subjective fatigue in sustained elbow flexion, 22-42 yr old males, 4377
- apprehension about evaluation, EMG, 18-21 yr olds, 4522
- dimethyltryptamine vs LSD, cortical EEG & electrooculogram & EMG & observed behavior in testing for tolerance, male cats, 2438
- electromyograms & electrocardiograms & electro oculograms & EEG & behavioral observation, sleep & rest-activity cycle under different ambient temperature conditions, tortoises, 11589
- electromyographic study, social facilitation, college students, 9302
- electronic biofeedback from cheek & lip muscles, altering muscle responses while performing on wind instruments, clarinet players, 4554
- EMG biofeedback vs pseudofeedback vs no treatment, muscle contraction headache activity reduction, 22-44 yr olds experiencing frequent tension headaches, 1362
- joint displacement, EMG of reflex & premotor & simple reaction time of relaxed muscle, 18-26 yr olds, 9340
- levodopa, skin conductance & electromyographic activity & reaction time, Parkinsonian patients, 12897
- personality, resting EMG levels at frontalis & extensor muscle sites, college students, 4576
- shock & tone stimulation in avoidance conditioning, paradoxical & slow wave sleep EEG & EMG, rats, 310
- voluntary movement, 2-burst pattern of EMG activity, male 23-56 yr olds, 9298
- Electrophysiology** [See also Alpha Rhythm, Auditory Evoked Potentials, Cortical Evoked Potentials, Delta Rhythm, Electrical Activity, Electrical Brain Stimulation, Electro Oculography, Electrocardiography, Electroencephalography, Electromyography, Electroretinography, Evoked Potentials, Galvanic Skin Response, Olfactory Evoked Potentials, Skin Electrical Properties, Skin Potential, Skin Resistance, Somatosensory Evoked Potentials, Theta Rhythm, Visual Evoked Potentials]
- absolute refractory period & diameters, axons in lateral hypothalamic self-stimulation loci, rats, 9334
- active electrode attached to foot pad & indifferent electrode attached to tail, recording skin potential response, free moving rats, 326
- anatomical & electrophysiological aspects, learning & memory, book of readings, 2339
- circuit diagram for on-line calibration of integrated multiple nerve cell unit potential recordings, 9313
- cortical response audiometry & crossed acoustic responses & electrocochleography, objective hearing tests, children, 11305
- device & procedure for progressive lowering of electrode in brain, freely moving rats, 6992
- discrete forelimb movements, electrophysiological correlates, male rats, 4532
- dynamic patterns of biochemical & bioelectrical phenomena of nervous system, 11551
- electro-oculographic abnormalities during pursuit movements, 6-23 yr olds with developmental dyslexia and normal 7-15 yr old good readers, 12717
- electrophysiologic analysis, epileptic beagles, 6902
- electrophysiological activity at retina & visual cortex, 4517
- electrophysiological features of sleep & nocturnal plasma growth hormone levels, hyperthyroid patients, 5274
- electrophysiological measurement, location & size & shape & orientation of optic nerve terminal arborizations in superficial neuropil of tectum, frogs, 6883
- electrophysiological study, patient with reflex myoclonus limited to right side of body, 10525
- evoked potential tests using flash & sine wave modulated light stimuli, between-test generalizability & short-term reliability & electrooculographic activity influences & relation to perceptual discrimination & extraversion & neuroticism, 9332
- focus of excitation in visual center of brain & interaction with central processes, control of saccadic eye movements, 6873
- functional characteristics of single units in spinal trigeminal nucleus, pigeons, 4544
- implantable recording-stimulating system, 9402
- long-term diphenylhydantoin therapy, clinical & electrophysiologic evidence of peripheral neuropathy, patients, 12883
- lorazepam, CNS structures, normal & epileptic cats & monkeys, 2441
- major components of instrumentation used in electrophysiological recordings, 2317
- method for minimal restraint head fixation, reduced evoked potential variability, chronic unanesthetized cats, 9311
- method for recording over several days from single cortical neurons, unrestrained cats, 4521
- method of implanting monopolar cortical electrodes using miniature self-tapping screws, cats, 396
- microelectrode recording in single units, chromatic information processing in foveal projection, monkeys, 4552
- monocular vs stereoscopic stimulation, retinal disparity & existence of neurons sensitive to depth movement direction, 320
- morphological & electrophysiological investigations of photoreceptive nature of median eye, vertebrates, review, 2338
- normal protein electrophoresis, mastix reaction in cerebrospinal fluid samples, diagnosis, patients, 8112
- peripheral sensory structures, role in escape swimming & rheotaxis, nudibranch Tritonia, 9303
- pipothiazine palmitate vs fluphenazine enanthate vs fluphenazine decanoate, electrophysiological & behavior changes, normal & epileptic cats & monkeys, 11748

- rigid setup for microelectrode research, fish, 328  
 specificity of responses of cells in visual cortex, monkeys & cats, 4526  
 stable electrode system for recording human scalp potentials with direct-coupled amplifiers, 11570  
 standard ten-twenty electrode placement system, anatomic correlates, infants, 4519  
 stereotactic rostral cingulotomy & bilateral lesions in knee corpus callosum, electrophysiological & psychological findings, 4666  
 system for multiple unit recording during avoidance behavior, rabbits, 304  
 transmitted nerve impulses, intra-axonal dipole orientation in short & long term potentiation & fibril formation, 9327  
 vestibular nuclei, spinal motor activity, 4548  
 visual experience limited to array of white dots on dark background, neuronal function & response in visual cortex, kittens, 327
- Electroretinography**  
 EEG abnormalities & electroretinogram & visual evoked responses, children with Tay-Sachs disease, 12797  
 suppression-recovery effect in photoreceptor, frogs, 2334
- Electroshock Therapy** [See Electroconvulsive Shock Therapy]
- Elementarism** [See Reductionism]
- Elementary Education**  
 art experiences, black primary school education, 8589  
 development & successful establishment of counseling program in elementary school, 6403  
 empirical analysis, urban primary education in US, 8550  
 generic & specialized educational programs, elementary counseling, 3932  
 group size & composition & leadership & conflict problems, group work method of cooperation & social training in elementary classrooms, 10987  
 miseducation vs statistical regression, drop in gifted child's IQ, criticism of Jacob's findings, 8541  
 school administration, primary education, USA vs Japan, 10921
- Elementary School Students** [See also Intermediate School Students, Primary School Students]  
 ability level, sensitivity & validity of Series Learning Potential Test, bright-normal & dull to average & subnormal 3rd-5th graders, 11054  
 academic survival skill training vs direct instruction with curriculum individualization, reading achievement, 1st graders, 13142  
 age & learning, reading development, 7-11 yr old boys, 8649  
 alternate forms of Inter-American Test of General Abilities Oral Vocabulary subtest, indicator vs measure of bilingual dominance, Spanish-speaking 1st graders, 6376  
 animated test film development & validity & reliability, evaluation of knowledge of selected science concepts, elementary school students, 3963  
 attachment vs concern vs indifference vs rejection attitudes toward students, teacher-student interaction, 1st grade teachers, 13112  
 attention training through breathing control, hyperactivity, learning disabled 6-8 yr olds, 11048  
 attention, social cue discrimination & achievement & school adjustment, 6th graders, 11017  
 attitude change toward reading, reading achievement & comprehension, male vs female 4th-8th graders from different socioeconomic levels, 1851  
 attitude towards school & specific school subjects, academic achievement, French-Canadian 6th graders, 6337  
 auditory perception training & reading instruction, reading achievement, Negro 1st graders, 4081  
 automated instructional techniques, learning tempos, disadvantaged 6th grade underachievers, 13169  
 awareness game, self-perception & communication with peers, elementary school students, 1932  
 basic modification procedures & punishment & mediation essays, disruptive lunchroom behavior control, elementary school children, 13153  
 behavior management vs traditional approach, career education, 5th & 6th graders, 3984  
 Bender Gestalt Visual-Motor Test, academic achievement prediction, 3rd graders, 11059  
 bilingual-bicultural program, self-concept & self-descriptions & stimulus-seeking activity, male vs female Chicano vs Anglo 1st graders, 13129  
 Blind Learning Aptitude Test vs Peabody Picture Vocabulary Test performance, intelligence assessment, socioeconomically disadvantaged vs nondisadvantaged Appalachian 1st graders, 11084  
 candy vs tokens exchanged for edibles as reinforcement, frequency of words read correctly, elementary school students with reading difficulties, 1864  
 career development program, elementary school, 11065  
 child-rearing practices, academic achievement, 6th & 7th graders, 13178  
 Class Activities Questionnaire, perceptions of emphasis given to cognitive objectives in classroom in science & mathematics & social studies & language arts, 6th-12th graders, 10981  
 classroom behavior management techniques, attention & academic achievement, highly distractible 5th & 6th graders, 10989  
 classroom token economies, disruptive behavior, 1st graders, 8592  
 cognitive & affective variables, cheating behavior in nontraditional classroom, elementary school students, 6330  
 cognitive contents, curiosity, 1st graders, 9130  
 combination of crude & percent gain vs residual gain scores, measuring reading program, 2nd-6th graders, 8705  
 conservation of number & substance, reading achievement, bilingual 2nd grade American Indians, 6310  
 construction & evaluation, creativity training materials in Swedish & mathematics & social studies, Swedish 5th graders, 13137  
 consultation with vs counseling elementary school students, theory & need of elementary counseling, criticism of H. Altmann's view, 1893  
 contingency management, rate of turning in completed assignments, 3rd graders, 6303  
 contingent access to tutor, academic performance, 2nd graders, 13150  
 conventional vs programed instruction, map reading achievement, Nigerian 6th graders from urban private vs rural & urban free primary schools, 10967  
 creative dramatics & storytelling, interest & reading achievement & self-image & empathy, 4th & 5th graders, 1760  
 creativity & arithmetic achievement, 3rd-6th graders, 11014  
 cross-age tutoring in basic arithmetic skills, 5th-grade tutors & kindergartners, 13144

 cueing & behavioral self-control procedures, on-task classroom behavior, 3rd graders, 13135  
 demographic & intellectual & behavior & readiness variables & preschool experience, academic achievement, 1st graders, 11012  
 development of instrument for measuring individual differences in learning from pictures & words using pictorial & verbal paired-associate learning task, 4th & 6th graders, 11066  
 diagnostic-remedial vs task analysis approach, handwriting instruction, 4th-8th graders needing remedial work in cursive handwriting, 6301  
 directive teaching of reading, reading achievement, low-achieving 1st & 2nd graders, 3994  
 educational impact of dramatic play, teaching social studies, 2nd graders, 1790  
 educational program for improving sensorimotor skill deficits, self-concept, kindergartners & 1st graders, 8665  
 effectiveness, school guidance project, elementary school students, book, 1918  
 elaborative prompts with between & within experimental designs Ss, paired-associate learning & perceptual & verbal ability, 3rd graders, 4018  
 English language in realistic situation at kindergarten level, linguistic competence, black 1st graders, 1769  
 enrollment in pro-black community controlled vs public school preferences for different-race dolls, black kindergartners & 1st graders, 6219  
 equal presentation of list with visual auditory & kinesthetic cues to word recognition, learning phoneme-grapheme consistency, 1st graders, 4057  
 ethnicity, scholastic achievement, Anglo & Negro & Mexican-American 1st-8th graders, 13192  
 evaluation of instructional materials, predicting individual & group academic performance, learning disabled & normal students, 1860  
 factor analysis of reading speed vs comprehension vs word attack skills & other factors, general reading ability, 4th graders vs high schoolers vs college students, 1927  
 forced integration, racial interaction & attitudes, 4th-6th graders, 7424  
 group contingency in token economy, appropriate classroom behavior, 5th graders, 13147

- group counseling with significant adults vs children, reducing classroom behavior problems, elementary school students, 6402
- group decision-making, building vocational & educational planning strategies, 5th & 6th graders, 8734
- group reinforcement, cooperation in classroom, 7-8 yr olds, 1795
- heredity or congenital affection of brain substrate of mathematical functions, developmental dyscalculia, Czechoslovakian 5th graders, 5691
- hierarchical structure, educational objectives, 4th-6th graders, 1921
- high vs low levels of manifest anxiety, reading achievement, 5th graders, 13196
- high vs low socioeconomic status & upper- vs lower-IQ groupings, reading score levels & gains in performance, male vs female white vs nonwhite 6th graders, 6380
- high-low peer status, perception of parental behavior, 6th-9th graders, 12305
- hiking experience & big brother system, academic achievement, male 6th-8th graders, 1826
- home learning environment, verbal & number & spatial & reasoning ability test scores, middle- & lower-class 11-yr-old boys, 3914
- imagery, classroom incidental learning, 5th graders, 8641
- immediate- & delayed-reward instructions & grade level & economic status, creative thinking, 3rd-5th graders, 13145
- impulsivity vs reflectivity & task & treatment characteristics, performance in visual discrimination & paired-associate learning tasks, 2nd graders, implications for instructional research, 10971
- incidence & treatment of & teacher's attitude toward school phobia, elementary & middle school students, 5587
- incidental vs direct approach, teaching spelling, 1st graders, 13155
- inclusion of creative thinking & expression of feeling & consciousness-raising in school work, 8-10 yr olds, 6248
- incongruous reading material, reading achievement & decreased forgetting, 5th graders, 4014
- individual vs different shared consequences, peer tutoring & arithmetic performance & studying & nonstudying & disruptive behavior, inner city 5th graders, 4003
- individualized instruction, analysis of teacher-pupil interaction, 6th grade, 8612
- initial teaching alphabet vs traditional orthography method of teaching spelling, spelling achievement, 3rd-5th graders, 6294
- inquiry activities in problem-solving tasks vs no special activities, questioning strategies, 3rd & 5th graders, 6243
- instructional environment adapted to individual students, changes in academic achievement & predictive validity of I.Q. scores, 1st graders, 6332
- instructional information vs interpersonal contact, attitudes toward other national groups, 3rd & 4th graders, 3953
- integrated open classrooms, race attitudes & preferences, kindergartners to 4th graders, 7392
- integration of educable retardards into regular classroom, social acceptance, 4th-6th graders, 1866
- intelligence & conservation & socioeconomic status & age & listening ability & vocabulary level & sex, mathematics achievement, 2nd & 3rd graders, 13180
- intensive & individualized & integrated remedial program, learning problems, disadvantaged elementary & junior high school students, 4070
- intensive multifactor program, reducing negative racial attitudes, white 1st graders, 11028
- intergroup differences, adjustment patterns, 5th grade students in India, 4044
- item & factor analysis, abilities measured by Purdue Elementary Problem-Solving Inventory, 2nd graders, 6401
- learning aids, achievement & retention & transfer of acquired skills to novel situations, 3rd & 7th graders & college students of various abilities, 1837
- learning program based on motivating forces & methods used & role of goal or purpose in life, moral judgment development, 5th & 6th graders of low & middle-class areas, 12099
- literary narrative vs science vs social studies materials, listening comprehension, 6th graders, 13158
- long-term reinforcement effects, reading achievement, 5th & 6th graders, follow-up, 13123
- look-&say & words-in-color methods of teaching reading, facilitation of vocabulary & visual sequencing skills in reading, female 3rd graders, 6254
- management contingencies training, appropriate social & point dispensing, school aged peer-behavior managers, 8600
- match-to-sample visual discrimination exercises, training more efficient scanning techniques, impulsive 2nd graders, 10946
- methods of language arts education & writing, elementary school students, 1777
- mobile audio-tactile exhibition in playing-learning environment, exploration & emotional communication, blind & sighted 6-11 yr olds, 8669
- modern mathematics curriculum, mathematical concepts & achievement & attitudes, 3rd & 6th & 9th graders, 13141
- motivation & competitive achievement & parent pressure for achievement & awareness of "gifted" status, gifted 5th-7th graders, 8701
- motor training, paired-associate learning, kindergartners & 1st graders, 8628
- multivariate analysis, relationship between WISC & Illinois Test of Psycholinguistic Abilities, children referred to center for reading problems, 6368
- nonstandard English, educational problems, elementary school students, 6322
- observation system, assessing cooperation & independence in group-work situations, Swedish 4th-6th graders, 1706
- open classroom, verbalizations & interactions with teachers & peers, 2nd graders, 10985
- open vs closed organizational climate & sex, language arts achievement, disadvantaged 6th graders, 1776
- open-area vs self contained classrooms, performance & attitudes & self-esteem, 3rd & 5th graders, 10992
- open-environment school organization, reactions to school life & self-reliance & realistic judgment ability & achievement, 4th & 5th & 6th & 8th & 11th graders, 1792
- operant conditioning techniques, learning, learning disabled elementary school students, 6361
- optometric developmental vision training programs, reading skills & learning problem remediation, elementary school students, literature review, 11040
- organizers, differences in learning of structured anthropology material, 3rd & 6th graders, 1766
- orientation to counseling & knowledge of counselor role & counseling quality, motivation to seek counseling, elementary school students, 8704
- parental participation, improved self-concept & academic performance, economically deprived elementary school students, 8621
- Peabody Picture Vocabulary Test vs Slosson Intelligence Test performance, nursery school children & 3rd graders, 6398
- peer influence, word learning in early reading, 7.6-yr-old Class II students, 13115
- peer status & self-perceived peer status, 1st & 2nd grade hearing-impaired children in regular classrooms, 3372
- peer-tutoring procedures, accuracy in math performance, 4th & 5th graders, 3968
- perceived classroom favoritism, interpersonal relations, elementary school children, 13096
- perceptions of acceptable & desirable classroom behaviors, male vs female 6-11 yr olds from nongraded private & graded public school vs from summer program for learning disabled children, implications for behavioral response to school failure, 11000
- perceptual-motor functioning, school achievement, lower-class black 5th graders, 8643
- phonic training techniques, phonics behavior & improved oral reading, 9 & 10 yr olds, 13151
- positive & neutral & negative affect in nonverbal teacher behavior, emotional reactions, 2nd & 6th graders, 1734
- positive-reinforcement-oriented contingency management program, total & school-related self-concepts & personal & social adjustment, 2nd and 4th graders, 6291
- predictive validity, Lorge-Thordike Intelligence Tests as measure of academic success, 1st & 5th grade West African students, 1933
- preference for internal vs external orientation, perception of competition vs cooperation in classroom structure, 6th grade boys, 1700
- preschool developmental rating scale, predicting success in elementary school, 4-5 yr olds, longitudinal study, 6379
- preschool social-emotional & cognitive functioning & demographic variables, elementary school achievement, black & white lower- & middle-class boys, 8648
- problem type identification & classification & intervention, school maladjustment problems, school age children, implications for psychotherapeutic approach, 13267

program using potential high school dropouts as tutors, achieving mastery in areas of failure, kindergartners & 2nd graders, 3982

programed vs conventional approach using highly consistent sound-symbol system, reading achievement, 1st-3rd graders, 8622

proxemic distance & eye contact, listening comprehension, 4th graders, 8656

psychology course, self-perception, 11-12 yr olds, 8607

pupil participation & seat location & sociometric rankings of friendship & academic status, academic achievement, 3rd & 4th graders, 13179

race & competency & achievement level, modeling, black & white 5th & 6th graders, 11008

relationship between subtest scores on California Test of Personality & Diagnostic Reading Scales, relationship between social relations & reading success, 1st-12th graders referred to reading clinic, 10999

repertory grid technique, measurement of attitudes toward school subjects, 2nd & 5th graders, 11004

replacement vs revision, E. W. Dolch's basic sight wordlist, elementary school children, 13262

rural vs urban environment & grade level & sex, academic ability self-concept, disadvantaged 4th-6th graders, 13200

school integration, self-image, male vs female & black vs white elementary school students, 8579

school principal initiated praise, school attendance & academic functioning, 1st & 3rd & 5th graders, 8590

school-related activities & objects, sex-role identification, male vs female kindergartners & 2nd & 4th graders, 2701

self-concept & attitude & achievement motivation, academic achievement, average aptitude 3rd graders, 13181

self-concept & IQ, elementary school students, 8744

self-discovered imagery & E-supplied images & verbal definitions, noun definition retention, 5th graders, 3957

Sequential Test of Educational Progress & Kuhlman-Anderson Intelligence Test & teacher evaluation of social behavior, academic achievement prediction, elementary school students, 6369

sex & birth order & school attendance, cheating behavior, ghetto 5th graders, 8640

sex & major & secondary vs elementary area & GPA, reactions to descriptions of pupils & preference for type, student teachers, 6199

sex & social class, school behavior & adjustment, 7 yr olds, longitudinal study, 6313

sex differences & classroom attentiveness, reading achievement, 1st graders, 4046

sex differences, academic achievement correlation with self-esteem, male vs female 5th & 6th graders, 13202

sex-typed interests, mathematics achievement, 5th & 7th & 9th & 11th graders, 4024

simulation game & postgame discussion, career-related course decisions, 6th graders, 13266

simultaneous treatment design, classroom behavior modification, 1st graders, 8609

Slosson Intelligence Test concurrent & predictive validity, disadvantaged Head Start & 1st grade school children, 13264

socioeconomic status & family size & sex & ordinal position, word knowledge & discrimination & reading & math achievement, black vs white 1st graders, 1818

special class vs enrichment vs learning center programs environment, verbal fluency & flexibility & originality, gifted 5th & 6th graders, 13210

Speech Improvement System taped program, articulation remediation, 1st-6th graders, 11053

standardized lists, changes in spelling performance, 1960-1972 elementary school students, 13130

Stanford Diagnostic Reading Test, discernment of reading disabilities, learning disabled students in elementary & intermediate schools, 6384

student disruptive behavior, teacher behavior & attitudes toward students & quality of verbal statements, 5th grade teacher & 2 students, 8580

students' syntactic sophistication, reading 4th vs 8th vs 12th grade vs skilled adult levels of writing, 4th-12th graders, 1854

summer creativity workshop, influence on teachers & what they learn from students, 6-13 yr old gifted disadvantaged children, 8582

supplementary perceptual training & remedial instruction, reading skills, 6-yr-olds liable to reading failure, 13212

systematic token reinforcement applied to reading performance only, reading performance & disruptive behavior, 5th grade boys, 8584

task-oriented & social behavior, learning disabled vs normal 3rd graders, 1862

teacher behavior, reading performance, underachieving 6th graders, 6295

teacher evaluation of skill, status among peers, reading retarded 4th graders, 8654

teacher expectancy, dyadic classroom interactions of students & teacher, 2nd graders & teachers, 6226

teacher expectancy, dyadic classroom interactions of students & teachers, 1st graders & teachers, 6227

teacher expectations & behavior, gains in rated creativity, black 5th graders, 13204

teacher expectations & behavior, reading performance, 2nd graders with high vs low reading ability, 10993

teacher praise vs food vs maze as reinforcement, response frequency in free operant situation in relation to contingency arrangements, elementary school children in special education classes, 6348

teacher process variables, student outcome measures, elementary school teachers & students, 6246

teacher ratings, deviant behavior, English male & female primary school students, 6339

teacher-administered rating scales of classroom behavior, elementary to senior high school students, critical review, 3945

teacher-bias & teacher-expectancy effects, achievement test performance, elementary school students, follow-up of J. B. Dusek & E. J. O'Connell's study, 11023

teacher's contact durations, off-task behavior, 3rd graders not in contact with teacher, 8619

teachers' communication of differential performance expectations, student-teacher interaction & academic achievement, 5th graders & teachers, 6218

teaching assistants, academic achievement & social & emotional behavior change, low achieving 1st-3rd graders, 6319

teaching methods, quantity & number concept learning, 1st graders, USSR, 6289

Teams-Games-Tournament & 2 instructional variations, classroom process & attitudes & achievement in mathematics & social studies, 7th graders, 10945

technical vs common usage definitions of concept, classification & learning of concept, 4th & 8th graders, 4016

television uses, open classroom, elementary school students, 6277

test anxiety & achievement motivation, academic achievement, 4th-6th grade underachievers, 11027

test-retest administration 7 mos apart & correlation with Wechsler Intelligence Scale for Children, factorial structure & reliability & validity of Canadian Cognitive Abilities Test, 1st graders, 13275

timed- vs free-reading, increasing reading speed, 5th & 6th graders, 1805

token reinforcement & team competition, class output & attentive behavior, 1st graders, 8615

token reinforcement & verbal consequences, sight-word vocabulary acquisition & retention, 2nd graders, 13149

token reinforcement, reading ability, reading retarded 7-12 yr olds, 13218

token reinforcement, reading behavior, black vs white primary school pupils, 10953

tutoring 3rd grader vs studying alone, academic performance, low-achieving 5th graders, 1817

validity of Oral Vocabulary subtest of Inter-American Test of General Ability, aural ability & language dominance measurement, Spanish-speaking 1st graders, 13287

validity, Tests of Achievement in Basic Skills as prediction of achievement in elementary mathematics, 5th & 6th graders, 4060

verbalizing reasons & praise, academic behavior, 2nd graders, 11029

view of middle school student, counselors, 1757

visual vs auditory presentation, paired-associate learning task, 8-12 yr olds with learning disabilities, 1256

WISC & Illinois Test of Psycholinguistic Abilities & Bender Gestalt scores, 3rd grade retarded vs advanced readers, criticism of J. White & M. White's study, 6385

Wisconsin Card Sorting Test concept identification, male vs female lower- vs middle-class kindergartners vs 1st vs 2nd graders, 6394

withdrawal of positive reinforcement, arithmetic performance, 11-yr-old girl, 3978

word frequency, reading comprehension, 6th graders, 6325

Elementary School Teachers

- attachment vs concern vs indifference vs rejection attitudes toward students, teacher-student interaction, 1st grade teachers, 13112
- attitudes toward preservice & in-service training in reading education, elementary school teachers, 6206
- attitudes toward use of media in classroom, elementary school teachers, 6257
- community environment & school organization, leadership style, elementary school teachers, 1744
- group size, organizational climate, elementary school teachers, 6221
- individualized instruction, analysis of teacher-pupil interaction, 6th grade, 8612
- multidimensional similarity analysis methodology, impressions regarding set of student behavior problems, elementary school teachers, 8574
- physical attractiveness & child's sex & conduct, teacher expectations of students' academic ability & aspiration level & leadership potential, primary & elementary school teachers, 13097
- presenting information about previous interaction with 1st grade students, behavior toward target students, teachers, 10914
- problem-diagnostic tendencies concerning teacher-student relationship patterns, elementary & secondary school teachers, 3923
- Q sort technique, educational priorities & practice in classroom, elementary school teachers, 3947
- reinforcement preferences & use in integrated classrooms, black & white female elementary school teachers, 13118
- risk indicators, identification of educationally high risk children, kindergarten & primary grade teachers, 10432
- sex & graduate vs nongraduate & length of experience, value of teaching-method courses & attitudes towards educational theory, primary & secondary school teachers, 6208
- sex differences, classroom behavior, male vs female teachers, 1726
- student disruptive behavior, teacher behavior & attitudes toward students & quality of verbal statements, 5th grade teacher & 2 students, 8580
- teacher dogmatism & school organizational climate, pupil control ideology, elementary school teachers, 13098
- teacher effects, student learning, 2nd & 3rd grade teachers, 10926
- teacher process variables, student outcome measures, elementary school teachers & students, 6246
- teacher workshop training, classroom implementation of self-enhancing education, elementary school teachers, 8558
- token & verbal reinforcement, management of disruptive classroom behavior, 4th grade teachers, 3987
- training & experience variables, judgments of effectiveness of instructional television programs, 6th grade teachers, 8608
- Elementary Schools**
- attitudes toward elementary school counseling, school superintendent, 1723
- change in mental health team & community constituency & school strike, deterioration of elementary school mental health service, 13245
- closed circuit TV, elementary school guidance & counseling, 8720
- consultation with vs counseling elementary school students, theory & need of elementary counseling, criticism of H. Altmann's views, 1893
- consulting vs counseling, elementary school counseling, 11056
- factor analysis, attitudes toward 6th-form education, teachers, 10895
- group psychotherapy, use in poverty area elementary schools, 4125
- problems & guidelines for mental health consultation in elementary schools, 1904
- qualification factors & function within internal organization & administration, elementary school grade supervisors, 10920
- Embarrassment**
- modeling & anonymity & presence of another person, stealing behavior, female shoppers, 12330
- Embedded Figures Testing**
- administration procedures & E sex, correlations between scores on Embedded Figures Test & Rod & Frame Test, family therapist in training, 7672
- correlation & factor analysis, scores of rod-and-frame test & Embedded Figures Test, male college students, 2062
- emphasis on analytic vs structural processes & familiarity & embeddedness, detection of embedded figures, college students, extension of H. S. Hock's individual differences, 9009
- factor analysis of Embedded Figures Test, 20-60 yr old hospitalized psychiatric patients, suggestions for short form, 12650
- Embryo**
- eye removal at embryonic & larval stages, interdependence of retinotectal & intertectal connections in visual system ontogeny, frog, 384
- eye rotation & visual deprivation, development & maintenance of ipsilateral visuotectal projections in onset & during metamorphosis, frog embryos or larvae, 386
- intracerebral ouabain, morphological & biochemical & functional changes in brain tissue, chick embryos, 429
- pupillary reflex technique visual system development, pigeon embryos & hatchlings & comparison with other avian species, 4501
- Emergency Services**

linear vs nonlinear time functions & longitudinal vs cross-sectional developmental data collection & maturational vs error variance, career maturity measurement, 1896

psychological vs theological dimensions of maturity, 12063

teacher ratings of psychosocial maturity, validity of Psychosocial Maturity Scales, 5th graders, 9864

vocational maturity measurement, 8706

**Emotional Responses** [See also Conditioned Emotional Responses]

accurate expectations & behavioral instructions in threatening situation, emotional & danger-control-oriented response, hospitalized medical patients undergoing endoscopic examination, 11531

acute episodic psychophysiologic decompensation, 2 case reports, 1096

adult audience presence, free associations to emotional stimulus words, 13-14 yr olds, 11528

affect conversion, gain-loss liking effect, female 17-25 yr olds, 2932

affective interaction structures in large groups, NOVAL & BALANCE programs, 12282

"alexithymic" characteristics, control vs psychosomatic patients, 3257

art therapy process, creative responses & feelings & communications, 5865

association & release of affect, displaced aggression, male college students, 7551

attendance at childbirth preparation classes & presence at delivery, attitudes & feelings toward newborn & wife, fathers, 12081

attitude & belief similarity & conditioning of affect, interpersonal attraction, female college students, 10070

attribution of cause of arousal, aggressive behavior, college students, 9278

behavioral avoidance test under instructional orientations designed to vary situational demand characteristics, self-reported fear of rats, college students, 10738

bilateral removal of forebrain structures, alterations in emotional behavior, opossums, 410

brief psychotherapy, treatment of emotional reactions to acute & chronic physical illness, physically ill geriatric patients, 10573

chemical stimulation of hypothalamus & dorsal hippocampus, emotional-behavioral reactions, cats, 11685

cognition of autonomic activity, information need & emotional responses to slides of nude females or accident victims, male college students, 9281

cognitive & affective behaviors, fear of strangers, male infants, 12101

color preferences & emotional responses to color, personality trait assessment, 5332

comparison-level feedback & test anxiety & affect, verbal learning, college students, 6740

concept of causality, fear of strangers, 32 & 40 & 48 & 56 wk olds, 5039

confirmations & disconfirmations of expectancies of equity and inequity, contentment vs distress, college students, 12290

delta-9-trans-tetrahydrocannabinol, memory & attention & subjective state, 21-38 yr old students, 4732

demand characteristics, avoidance & physiological reaction to snakes, college students, 10665

different modes of experiencing, GSR correlates, 5th graders, 4529

double approach-avoidance & avoidance-avoidance & approach-avoidance & approach-approach conflicts, resolutions after multiple-exposure, college students, 274

drugs, emotional expression in psychiatric interviews, psychoneurotic & depressed inpatients, 10652

early experience & emotionality, social facilitation of pecking, chickens, 11916

early rearing in dark vs isolation & age, innate fear & open field behavior & distress calling, newly hatched chicks, 11921

electroconvulsive shock, passive avoidance & defecation, rats, 11704

emotional & social isolation, loneliness, book, 2306

emotional arousal, distractibility, schizophrenics, 12602

emotional quality & physical quantity of sexual activity, aged males, 2755

emotional reactions to stress & life situations, cardiac contractility as reflected in ballistocardiographic recordings, ischemic heart disease patients, 10527

emotional responses, medical treatment, introductory textbook for medical students, 7718

emotional states & responses, relative dominance positions in small groups, state hospital staff in professional & nonprofessional T-group members, 10037

exercise, longevity & behavioral measures of wheel activity & exploration & emotionality, hybrid mice differing in coat color, 4827

Experiencing Scale of E. T. Gendlin, evaluation of feeling process based on verbalizations in conjoint marriage counseling, 5987

expressive behavior, self-attribution of emotion & quality of emotional experience, college students, 6845

fear-reducing therapy techniques, suppression of affect, acute anxiety, 3 case histories, 5833

frustration of approval seeking & personal identity, emotional responses, college students, 11533

group composition, emotional climate, graduate students, 10047

hospitalization, coping with conflict, married woman, 6146

hypnotically aroused conflict in age-regressed & waking states, thematic productions, hypnotic females & highly susceptible simulating college students, 9285

hypthalamic stimulation following septal lesions, changes in emotional responses, cats, 413

initially positive & negative stimuli & repeated stimulus exposures, associative learning, female college students, 9197

intermodality responding to environmental stimulation, emotional reactions, 6846

internal arousal & false GSR feedback, affective judgments, male college students, 11539

interrelations of verbal & nonverbal measures, experimental aesthetics, college students, 2943

interrelationships between internal-external parameter & traditional respondent-operant categorization, feelings vs emotional behavior, 4481

isolated vs audience vs coaction conditions, laughter & smiling while listening to amusing material, 7-8 yr olds, 855

ketamine, anesthetic & abreactive response & facilitation of psychotherapy & symptom relief, inpatients, 12904

marhuana, cutaneous sensitivity & affect, users vs nonusers, 11788

modeling & birth order, responses to painful stimuli, 4-9 yr olds, 7297

- modification of inverse square root law, emotional involvement & subjectively perceived geographical distance, college students & geography professors, 9287
- object permanence, reactions to strangers, 7-13 mo olds, 5033
- olfactory bulb ablations vs septal lesions, hyperemotionality, rats, 11686
- operant conditioning & other behavior therapy techniques, emotional responsiveness, 14-yr-old school phobic boy, 1524
- pain vs stress, hand steadiness & affect & anxiety & physiological reactions, female college students, 9347
- perception of emotion & empathic responses, white 1st grade boys, 12062
- personality, interpersonal & emotional interaction & personal judgments in group process, 18-35 yr olds, 7530
- physical disorders, psychological reactions, children & parents, 3453
- positive & negative affect elicited by erotic stimuli, judgments of pornographic quality of erotic stimuli & opinions about value of legal restrictions on sexual material, married Ss, 853
- positive & neutral & negative affect in nonverbal teacher behavior, emotional reactions, 2nd & 6th graders, 1734
- prior experience, evaluation of threatening situations using driving simulation technique & arousal, male college students, 6843
- psychedelic drug therapy, emotional & physical suffering, 23-81 yr old terminal cancer patients, 3665
- reactions & adjustment to termination, group & members & social worker, 8460
- repeated exposure & auditory stimuli, affective consequences, 4th graders & college students, 6840
- repeated listening to recorded music, structural discrimination & affective response, college students, 6588
- research methodology, expression & expressivity, 929
- residual emotional arousal as distractor, impact of persuasive message, college students, 10056
- responsive substitute mother vs residential nursery care, separation responses, 17 mo to 2.5 yr olds, 2739
- responsiveness to positive & negative affective stimuli, obese vs normal high school students, 7976
- scale development, measuring overrating vs underrating of emotional responses to stress, college students vs paranoid vs nonparanoid schizophrenics, 7694
- semantic dimensionality, Subjective Stress Scale, 4497
- sentence dyads & content relevance & neuroticism, GSR & respiration rate & depth, female college students, test of rational-emotive theory of psychopathology, 11544
- senties & Kirlian electrophotography, psychosomatic illness understanding, 7863
- septal area destruction, emotionality changes, mice, 4693
- severity of mental illness, degree of motivational inversion, hospitalized male patients & employed outpatient male schizophrenics, 12599
- sex differences & exposure in clean open field vs one containing odor of same-sex conspecific, emotional behavior & responsiveness, rats, 9620
- sex differences, attitudes & cognitive structures & emotional reactivity to sex & security concepts, college students, 9946
- sex differences, emotional responses to reading erotic literature, college students, 11530
- short- vs long-term levodopa therapy, emotional functions, parkinsonian patients, 5932
- social & emotional correlates, marijuana use, college students, 5141
- social isolation, cognitive & emotional changes, 6652
- stimulus emotionality, avoidance of strong meaning associations, schizophrenics vs normals, 12626
- stimulus persons confirming vs disconfirming social class & language expectations, affective reactions, French Canadian college students, 12288
- stranger's approach to infant, reactions to stranger, 12 mo old, 5049
- stranger's imitation of mother's behavior, reaction to stranger, 8-12 mo olds, 5045
- subjective correlates of emotional responsivity & stimulation seeking, psychopaths vs acting-out neurotics vs normal prisoners, 12586
- tranquilizing drugs & olfactory bulb & vs tubercles lesions, hyperemotionality & rotarod performance, rats, 11687
- unfavorable meteorological factors, weather sensitive responses, infants & 13-20 yr olds, 9785
- victim's pain cues & level of prior anger arousal & exposure to aggressive model, aggression, college students, 259
- voluntary control of heart rate, reaction to aversive stimulation, 21-27 yr old females, 11631
- Emotional Restraint** [See Emotional Control]
- Emotional Security**
- item analysis & reliability, adaptation of Maslow's Security-Insecurity Inventory to Hindi, 975
- psychological well-being & emotionality, adolescents, 12480
- Emotional Stability**
- ability & effort & stability & likableness concepts, trait-dispositions, college students, 7576
- behavior stability, personality structure, 3rd-5th graders, 9866
- congruent vs incongruent person-environment relations, occupational preferences & personal stability, college students, 10183
- counselor self-respect & emotional stability & client personality & ability to change & role definitions, marriage counseling, 10735
- emotional stability, strength of nervous processes, 17-18 yr old male Ss, 4509
- exposure to extreme environment, personality stability & adjustment, volunteer Antarctic explorers & college students, 2990
- occupational level & growth & stability, high school graduated vs nongraduated emotionally disturbed adolescents, 5560
- political attitudes & sex role & psychological adjustment, trait anxious & emotional stability, college students, 5092
- psychotherapies, restoration of morale, 5823
- residential treatment changes in perceptual style & emotional stability & self-confidence, alcoholics, 1662
- value & intensity of emotions & mental control of activity & strength of excitatory processes of CNS, emotional stability, 16-32 yr old males on soccer team, 11593
- worship, achieving emotional stability & relief from destructive anxiety, 5073
- Emotional States** [See also Alienation, Ambivalence, Boredom, Depression (Emotion), Distress, Emotional Trauma, Euphoria, Fear, Involitional Depression, Loneliness, Mental Confusion, Neurotic Depressive Reaction, Pessimism, Pleasure, Psychotic Depressive Reaction, Reactive Depression, Suffering]

- attitudes toward foreman behavior & absenteeism, job satisfaction, railway repair shop employees, 8826
- goal setting & supervision, employee productivity & injuries & turnover & absenteeism, 8825
- need satisfaction absenteeism, managers in state organization, review of L. W. Porter's questionnaire, 8816
- occupational stress, health & absenteeism, telegraphists unions in Australian communications organization, 6450

participative decision-making program in hospital laundry, workers, 6447

personality & environmental style & work group size & organization of working hours, job absenteeism, 6448

public self-recording technique, attendance & work rates, 9-16 yr old swimming team members, 12966

time lost percentage vs frequency vs short-term absence index, voluntary & unavoidable absence, employed women, 13339

worker orientation differences, worker attitudes & job motivation & performance & absenteeism, skilled & unskilled papermakers, 4172

**Employee Attitudes** [See also Job Satisfaction]

ability of program to contribute to intraorganizational communication & perceived attitude of superior, attitudes toward installation of Management by Objectives program, managers, 4194

administrative awareness of priorities in dealing with aged & staff member training program content & personnel policies for staff growth, staff development & morale building in nursing homes, 1062

aspects of supervision & being supervised, social caseworkers, 7744

attitudes toward foreman behavior & absenteeism, job satisfaction, railway repair shop employees, 8826

attitudes toward work & job satisfaction, Dutch & Italian & Spanish migrant workers, 13348

attitudes toward Weighted Airman Promotion System, airmen, 6440

attitudes towards foremen & peers & military education & jobs, privates, 1958

boundary conditions & organizational environment & instrumentality-expectancy-task-goal model, employee cognitions & motivation, employees, 8807

cognitive style, social orientation, supervisors, 12314

complex organization, employee role assimilation processes, 1996

death-related occupations, professional & social relationships & attitudes toward death & perceived professional & personal images & job satisfaction, 11147

dogmatism, congruence between self-reported job preference & performance, school supervisor, 13342

dress & grooming of shopper & store employee attitude, prosecution for shoplifting, 746

education & family variables & income & age & work experience & parental occupation, morale, 1st-level supervisors, 2000

employee expectancies of reward & attitudes toward leadership, style of supervisor, job performance, lead engineers, 11135

employee expectations & attitudes, job performance, female clerical workers, 1993

employee resistance to business organization change, 13397

expectancy, job attitudes & turnover, 11140

extrinsic vs intrinsic sources, job satisfaction & dissatisfaction, solid waste management employees, 11144

factor analysis, attitudes toward open office landscaping, government workers, 13420

factors determining job satisfaction skilled & unskilled industrial workers, 2003

incentives, attitudes toward voluntary military service & perceived positive & negative aspects of military careers, officer trainees & airman personnel, 8812

individual values, participation in decision-making & job attitudes, employees in manufacturing organizations, 4137

job accidents, index of interpersonal situation satisfaction, chemical plant workers, 13344

job satisfaction & tension vs social rewards & costs & status consistency vs marital status & professional commitment & community involvement, decision to remain in original job vs move to similar organization vs to leave, employees, 4204

lack of occupational satisfaction & status & stability, suicide, New Hampshire residents, 1229

organizations as reinforcer systems, job satisfaction & attitudes, managers, 8808

participative decision-making program in hospital laundry, workers, 6447

perceived vs desired amount of job-related power, job-related alienation measurement, blue-collar production workers, 13357

perceptions of organizational climate, organizational structure & context & hierarchical position, 4206

perceptions of university environment, college students vs student personnel workers, 3939

secrecy of organization compensation policy, employee motivation & morale & productivity, 13319

sex & leader need for dominance, subordinate satisfaction, college students, 13336

sociocultural influences & job satisfaction, employee expectancy & participative management, male wage-earning employees in New Zealand, 13367

structure & measurement, attitudes, US Marine recruits, 11136

superior's behavior, subordinate's perceptions of expectancies & instrumentalities, managers, extension of M. G. Evans's path-goal theory of motivation, 11094

supervisors' behavior, leadership dimensions of consideration & initiating structure & job satisfaction, middle-level supervisors & subordinates in state mental hospital, 4177

trust in the superior, perceived influence of the superior & subordinate's mobility aspirations, upward communication behavior, organization members, 13379

unity of command, job attitudes, managers in bureaucratic organizations, 13345

value systems, different occupational groups, 1937

values & ideals for wards before vs after psychiatric ward program change, psychiatric hospital staff, 13039

work patterns & job performance, tolerance for bureaucratic structure, work groups, 4198

**Employee Benefits** [See also Bonuses, Salaries]

in-service & post-service benefits, servicemen holding General Educational Development program equivalency, 4141

incentives, attitudes toward voluntary military service & perceived positive & negative aspects of military careers, officer trainees & airman personnel, 8812

secrecy of organization compensation policy, employee motivation & morale & productivity, 13319

selection & job structure & supervision & compensation, employee turnover, 13346

**Employee Efficiency**

intragroup interaction & group leadership & composition, work efficiency, electrical power plant crews, 6446

leadership behaviors, cues to performance evaluation, managers & office staff members, 4179

time sampling procedures, work behavior, mentally retarded trainees, 3387

workload level, change in work capacity, engineers & operators & shift superintendents at electric power station, 8824

**Employee Motivation**

acquisition rate & IQ & no reinforcement, based production rate of work, mentally retarded, 3363

activity outcome expectancies & intrinsic activity values, prediction of motivation to perform job-related activities, technical employees, 8831

bonuses, increasing punctuality, workers chronically late in manufacturing company, 4161

boundary conditions & organizational environment & instrumentality-expectancy-task-goal model, employee cognitions & motivation, employees, 8807

career field choice & opportunity vs variable service term vs pay vs promotion vs educational incentives, volunteer attitudes & career motivation, Air Force officer trainees vs airmen, 1997

concomitant role prescriptions, attitude change toward theory of managerial motivation, senior college students, 4174

content factors in work situations vs context factors in work environments, job satisfaction, factory workers at different organizational levels, 11146

contingent vs noncontingent reward systems, relationship between performance & satisfaction, telephone workers, 13352

educational & occupational attainment & age, extrinsic-intrinsic work orientations, applicants for Social Security disability benefits, 6428

expectancy theory, work effort, 6445

goal specificity & difficulty & acceptance & feedback & peer competition & participation in goal setting, goal-setting performance, literature review, 13359

incentives, attitudes toward voluntary military service & perceived positive & negative aspects of military careers, officer trainees & airman personnel, 8812

intrinsic & extrinsic factors, satisfaction ratings for hygiene & motivator job aspects & overall job satisfaction, black factor workers, 11145

job satisfaction & tension vs social rewards & costs & status consistency vs marital status & professional commitment & community involvement, decision to remain in original job vs move to similar organization vs to leave, employees, 4204

job satisfaction, ratings of importance of supervision & interpersonal relationships, middle managers & salaried employees, test of F. Herzberg's 2-factor motivation theory, New Zealand, 8814  
 leadership style, organizational climate, motivation & performance & satisfaction in simulated business organization, 13399  
 motivational effort & age, job performance prediction, engineers, 13334

need types, specific dimensions & prediction of overall job satisfaction, managers, 13356

need-hierarchy of A. H. Maslow, motivation in organizational behavior, 13341

normative & attitudinal correlates, intention to work, working class & hard-core unemployed black & white 18-50 yr olds, 11095

participative approach, employee motivation, 4165

psychological vs safety & social rewards, turnover rate, staff nurses, 12533

public recording & token contingencies, new procedure implementation & job performance motivation, residential child treatment facility staff, 12974

race differences, job motivation structure, Southern black vs white college students, 5359

recall of critical incidents & dual system of categorization, industrial trainees, job satisfaction theory, support of F. Herzberg & R. B. Ewen & N. King & O. Green's work, 8811

secrecy of organization compensation policy, employee motivation & morale & productivity, 13319

sources of job satisfaction & dissatisfaction, white- vs blue collar workers, 13347

summer & permanent job motives, college students employed by Federal Government of Canada, 11113

validity of existing & new keys in SVIB & Importance-Possibility Scale, measuring career motivation, junior officers, 6416

worker orientation differences, worker attitudes & job motivation & performance & absenteeism, skilled & unskilled papermakers, 4172

**Employee Performance Appraisal** [See Job Performance, Personnel Evaluation]

#### **Employee Productivity**

acquisition rate & IQ & no reinforcement, based production rate of work, mentally retarded, 3363

early work challenge, job performance & professional contributions & competence, engineers, 13351

ecological factors & drain of male labor, female contributions to subsistence activities, use of societies from G. Murdock's cross-cultural sample, 2797

goal setting & supervision, employee productivity & injuries & turnover & absenteeism, 8825

organizational leadership & group productivity relationship, 1st & 2nd level supervisors, test of F. E. Fiedler's leadership contingency model, 13385

organizational structure & participation in transcendental meditation group, productivity, employees, 13343

pay attractiveness, performance, incentive-paid vs paid by time worked employees, 8828

performance time variance, balanced 4-station manual assembly line, 1999

piece-rate underpayment & overpayment, job performance, college students, test of equity theory, 8810

pressure for production, job satisfaction & performance correlation, students, 8809

production knowledge of results, performance on packaging task, vocational rehabilitees, 13354

secrecy of organization compensation policy, employee motivation & morale & productivity, 13319

work organizations & leadership style & member compatibility, productivity of small groups working on manipulative task, 8813

workload level, change in work capacity, engineers & operators & shift superintendents at electric power station, 8824

**Employee Selection** [See Personnel Selection]

**Employee Skills** [See also Clerical Secretarial Skills]

earning bonuses & worker skill, variety in work, shopworkers, 4159

#### **Employee Turnover**

anxiety & interference of work with social life, voluntary turnover, registered nurses, extension of F. Winkert & L. C. Ross & A. Zander's studies, 6454

change in major organizational reward, attitudinal & behavioral consequences, young men in US Army Reserve Officers' Training Corps, 8765

expectancy, job attitudes & turnover, 11140

goal setting & supervision, employee productivity & injuries & turnover & absenteeism, 8825

**Gordon Personal Inventory & Gordon Personal Profile**, response distortion of forced-choice personality inventories & implications for employee selection, female job applicants, 8797

best college characteristics, Air Force Reserve Officer Training Corps detachment effectiveness criteria for successful recruitment, 11111

interviewer's race, reasons for leaving job, blacks seeking jobs, 8820

intrinsic & extrinsic job factors relating to satisfaction, reasons for remaining vs leaving organization, Australian middle managers who recently resigned vs employed at least 12 mo, 13358

job satisfaction & tension vs social rewards & costs & status consistency vs marital status & professional commitment & community involvement, decision to remain in original job vs move to similar organization vs to leave, employees, 4204

labor turnover, 1923-1970 review, 6456

need for achievement, labor turnover, entrepreneurs vs engineers vs accountants vs middle managers, 8815

personnel manager role in orientation & follow-up federal & state & local manpower programs, employment retention rates, disadvantaged trainee clients, 13332

psychological vs safety & social rewards, turnover rate, staff nurses, 12533

selection & job structure & supervision & compensation, employee turnover, 13346

**Employees** [See Personnel]

#### **Employee Attitudes**

attitudes toward employment of disabled, employers, 13314

business philosophy, self-perception of responsibility toward owners & employees & customers & public, executives, 4184

organization's outputting effectiveness & buyer receptiveness & salesmen obedience to bargaining tactics, evaluation of & behavior toward boundary role salesmen, college students, 13362

**Employment** [See Occupations]

**Employment Interviews** [See Job Applicant Interviews]

**Employment Processes** [See Personnel Recruitment]

- classification system based on amount of knowledge reflected by answer, essay test behavior, college students, 4403
- grading format, generosity effect in essay grading, college students, 6372
- Essential Hypertension**
- biofeedback control of systolic & diastolic pressure & heart rate, essential hypertensive patients, 3531
- Esteem (Self)** [See Self Esteem]
- Esterases** [See Acetylcholinesterase, Cholinesterase]
- Estimation** [See also Time Estimation]
- anchor effects absolute & relative & comparative judgment of weight, college students, 4317
- chance R super 2 estimate, 11267
- conditional maximum-likelihood estimation of item parameters for multiple-choice questionnaires, 65
- direct estimation procedures for eliciting judgments about uncertain events, implications for probabilistic information-processing systems design & response modes research, 6667
- estimation & identification, statistical methods for absorbing Markov-chain models for learning, 11261
- experienced frequencies of alphabet letters, subjective magnitude estimates of consonant phoneme frequencies, college students, use of F. Attneave's method for judgments of letter frequencies, 12373
- fair betting game, procedure for assessment of subjective probabilities, 83
- intrasubject similarity, subjective probabilities obtained by verbal estimations & inferred from bets, reanalysis of L. R. Beach & J. A. Wise's study, 6657
- self-titration of blood alcohol levels, 20-31 yr old male social drinkers, 6906
- subjective estimation methods, chromatic-adaptation study Os, 11363
- subjective probability estimation vs frequency judgments, college students, 9139
- subjective sampling distribution & additivity of estimates, college students, 9140
- varying number of categories & discriminial dispersons & with vs without category boundary estimation, precision of scale value estimations using maximum likelihood estimation, 8935
- word abstractness vs concreteness & frequency, word frequency estimation during & after vs only after presentation & recall, college students, 9203
- Estradiol**
- clomiphene citrate, plasma levels of luteinizing hormone & estradiol, anorexia nervosa, 15-39 yr old patients, 3630
- estradiol & pituitary growth hormone, food intake, ovariectomized & hypophysectomized female rats, 4700
- estradiol & progesterone levels in systemic plasma during ovarian cycle, sexual behavior, pigtailed macaques, 9727
- estradiol benzoate & progesterone & dosage, regulation of scent marking, ovariectomized female mongolian gerbils, 9565
- estradiol benzoate vs testosterone propionate in combination with estrogen antagonist ethamoxitriphenol, lordosis behavior, castrated vs intact male rats, 4625
- ethamoxy-triphenol given long intervals after estradiol benzoate treatment, suppression of lordosis, ovariectomized guinea pigs, 4610
- intra-hypothalamic implantation of estradiol benzoate, feeding behavior, gonadectomized female & male rats, 9412
- intraventricular estradiol & progesterone, feeding, castrate male sheep, 9428
- plasma testosterone & estradiol levels & semen analysis, male homosexuals, 3292
- Estrogens** [See also Estradiol, Estrone]
- androgens or estrogens during Days 2-4 of life, development of masculine & feminine sexual behavior display, female hamsters, 7099
- estradiol benzoate vs testosterone propionate in combination with estrogen antagonist ethamoxitriphenol, lordosis behavior, castrated vs intact male rats, 4625
- estrogen & androgen & estrogen-androgen combinations, migraine & migrainoid headaches, menopausal women, 10626
- estrogen & dihydrotestosterone, sexual behavior, castrated male rats, 2457
- estrogen stimulation during neonatal period vs ovariectomy, motility & shuttle box & open field behavior, female rats, 11651
- estrogen, sexual behavior activation, male rats, 2482
- estrogens & estrus, food intake, female rats, 4608
- ethamoxy-triphenol given long intervals after estradiol benzoate treatment, suppression of lordosis, ovariectomized guinea pigs, 4610
- ethamoxitriphenol, mounting & lordosis behavior, ovariectomized female & intact male & female rats, 4626
- food deprivation, estrogen-sensitive responses, female rats, 9398
- intracerebral implants of steroid hormones, scent marking, ovariectomized female gerbils, 9455
- intracerebral infusion of actinomycin-D, inhibition of estrogen facilitation of sexual behavior, ovariectomized rats, 2387
- luteinizing hormone-releasing factor, lordosis, estrogen-primed hypophysectomized ovariectomized female rats, 389
- neonatal testosterone & testosterone propionate & ethamoxitriphenol, receptivity, female hamsters, 460
- olfactory influences & hypothalamic damage & estrogen treatment, puberty onset, rats, 2373
- ovariectomy & constant light, responsiveness to estrogen, female rats, 2372
- septal lesions, responsiveness to estrogen measured by lordosis behavior & gonadotropin release pattern, male vs female & androgen-sterilized female rats, 4622
- Estrone**
- postnatal estrone, induction of precocious "tail coiling" response, rats, 7078
- Estrus**
- adrenal-gonadal interactions at puberty, research summary, 11628

attraction to conspecific urine & vaginal & anal sac secretion odor, male & ovariectomized female beagles, 9723  
 estrogens & estrus, food intake, female rats, 4608  
 estrous cycle, prepyriform seizure thresholds, female rats, 4523  
 food deprivation, estrogen-sensitive responses, female rats, 9398  
 hormonal influences of estrous cycle & pseudopregnancy & ovariectomy & testosterone propionate administration, odor detection, rats, 9566  
 multiple progesterone injections following ovariectomy, duration of estrus, female guinea pigs, 2378  
 olfactory bulbectomy, cannibalism & maternal behavior, experienced & inexperienced lactating & cycling virgin female rats, 4648  
 ovariectomy &/or adrenalectomy, early receptivity during 4-day cycle, female rats, 2409  
 reinforcement, role in sexual behavior, female rats, 2587  
**Ethanol**  
 acetaldehyde vs ethanol, fine & gross motor activity, male mice, 9518  
 alcohol withdrawal syndrome, neural & behavioral correlates, male rats, 7071  
 alcohol, CNS sensitivity, mice selectively bred for short vs long ethanol sleep-time, 2444  
 ethanol & acetaldehyde, metabolism & binding of biogenic amines, guinea pigs & rats, 7082  
 ethanol & caffeine, locomotor activity & central catecholamines, female mice, 7131  
 ethanol & metrecal, tyrosine hydroxylase activity of their offspring, pregnant rats, 2421  
 ethanol dosages, shuttle-avoidance learning & recall, goldfish, 9575  
 ethanol vs saline injections, preferences for cues associated with intoxication, rats, 441  
 ethanol vs saline, mating behavior, ovariectomized female rats, 475  
 ethanol vs sweet sherry vs artificial sherry, conditioned avoidance performance, rats, 11760  
 ethanol, effectiveness of diazepam & morphine, rats, 4776  
 ethanol, occurrence of social & nonsocial acts & postures, rats & their untreated partners, 2454  
 ethanol, passage of aminolevulinic acid across blood-brain barrier, rats, 4774  
 ethanol, sleep disorders & delirium, 1136  
 ethanol, spontaneous & auditory evoked electrical activity in brain, cats, 2466  
 ethyl alcohol, short-term memory, male volunteers, 9556  
 intracerebral angiotensin administration & water deprivation, alcohol ingestion, rats, 6984  
 intraperitoneal ethanol injections, alcohol blood level & postinjection ethanol consumption, high- vs low-drinker rats, 11715  
 intraperitoneal injections of saline vs ethanol & intertrial interval, choice reversal of left-right spatial discrimination avoidance response in Y maze, rats, 7090  
 isolation stress, volitional ethanol consumption, rats, 514  
 morphine & phenobarbital & ethanol & amphetamine maintenance-dose, pain-induced aggression, male rats, 7105  
 neuroleptic & benzodiazepines & meprobamate & amobarbitone & ethanol & amphetamine & myorelaxants, rearing & number of steps climbed in exploratory behavior, rats, 7125  
 p-chlorophenylalanine following differential training to ethanol & saline effects, state-dependent control of behavior produced by ethanol, female rats, 481  
 parenteral atropine & intraventricular hemicholinium & acetylcholine, ethanol-induced depressed performance in avoidance situation, rats, 4744  
 previous ethanol ingestion, REM sleep disturbance persistence to ethanol, rats, 458  
 prior ethanol experience, ethanol-induced saccharin aversion, rats, 11717  
 prolonged ethanol consumption, absence of retrograde amnesia for avoidance response, male rats, implications for Korsakoff's psychosis, 9592  
 strain & supplier differences, ethanol consumption, rats, 11645  
 synthetic ethanol, skin flushing & heart rate & blood pressure & general discomfort, Occidentals vs Orientals, 4733  
 thyrotropin releasing hormone, antagonism of ethanol narcosis, male mice, 9491  
**Ether (Anesthetic)**  
 etherization & massed vs distributed practice, learning performance, 2 strains of mice, 4601  
 genotypic influence, ether-induced retrograde amnesia for 1-trial passive avoidance task, rats, 9374

postnatal diethyl ether, learning footshock escape, mice, 7136  
**Ethics** [See also Personal Values, Professional Ethics, Social Values, Values]  
 communication & systems, ethical judgments, 7626  
 economic & social welfare policies in technological postindustrial society, implications of G. Vickers's examination of ethical judgment systems, 5302  
 ethical & moral issues in communication, internal guides to actions & perceptions, 5313  
 ethical & moral issues, communication, book, 5321  
 ethical biases in communication & varying presentation of information, persuasiveness & perception of information, 5286  
 ethical considerations, organizational field development & consultants' responsibilities & clients' rights, 6466  
 Ethical Therapy as alternative to psychotherapy, 3562  
 group discussion, opinions concerning legal behavior, prisoners & college students, 5246  
 history & psychodynamics, euthanasia, case history, 5120  
 intergroup competition, individual judgment & group behavior & conflict resolution under win-lose conditions, application to labor-management relations & industrial ethics, 12242  
 legitimacy of McNaghten rule in assessing ability to tell right from wrong, sentencing for murder, validity of legal vs medical or mental health model, 7930  
 levels of moral intentionality or ethical responsibility, 2722  
 moral & ethical aspects of speech communication, self-definition & exposure, 5285  
 social & ethical & legal aspects of human rights, induced abortion, 12213  
 social context & code of honor, gang violence, Mexican-American community, 10024  
 social psychological & social philosophical components of society, development of ethical behavior & value systems, 5250  
**Ethnic Groups** [See also American Indians, Eskimos, Gypsies, Mexican Americans, Tribes]  
 "klang" responding in word association test, language development assessment, Aboriginal 2nd graders, 7308  
 acculturation, mental illness, Maori population, New Zealand, 7857  
 age & ethnicity, death attitudes & expectations, Los Angeles residents, 5254  
 age & sex & integrated vs segregated schooling, racial preference & identification, 5-7 yr old black & white & Chinese children, 677  
 attitudes toward non-English vs English-speaking white vs non-white immigrants, voters in New Zealand Auckland urban area, 9934  
 attitudes toward work & job satisfaction, Dutch & Italian & Spanish migrant workers, 13348  
 attitudes towards psychogeriatric patients, Jewish mothers of Western & Eastern origin & their Israeli-born daughters, 7866  
 black identity movement, connotations of racial concepts & color names, 1970 replication of J. E. Williams's 1963 study, 12146  
 classification ability, Aboriginal children with preschool experience vs low socioeconomic white children without preschool experience, 7333  
 classification of ethnic stereotypes, understanding psychological processes, 783  
 community residence length & visibility & socioeconomic status, perceived victimization & attitudes toward crime, British West Indians vs Puerto Ricans vs blacks vs whites, 2929  
 cross-cultural differences, occupation interests, Arab vs Israeli vs American adolescents, 7416  
 culture & socioeconomic status, delay of gratification, Hawaiian vs Japanese American adolescents, 12133  
 developmental & sociocultural aspects of imagery, picture-word paired-associate learning & recall, middle- vs lower class Anglo- vs Spanish-American children, 9803  
 dominant group ethnocentrism, anti-Semitism, Jews in United States, 5076  
 educational programs, home-school conflict, Puerto Rican children, 3915  
 ethnic & age differences, Peabody Picture Vocabulary Test & measures of operational & divergent thinking, aboriginal & disadvantaged European 6 & 8 & 10 yr olds in Australia, 7334  
 ethnic community vs labor-management dispute, school strike of 1968, New York, 8577  
 ethnic stereotypes about Chinese, Filipino college students, cross-cultural replication of unitary dimensionality of stereotypes, 678  
 ethnic studies course, attitudes toward minority students & school, black & white & Chicano & Indian 11th & 12th graders, 1773

- ethnic variations, expression of depression, college students of Japanese vs Chinese vs European ancestry, 7871
- ethnicity & belief intensity, acceptance & rejection, white Canadian 10th graders, 872
- ethnicity & sex & age, mental health & satisfaction with life situation, Eskimo vs Indian vs whites in far north of Canada, 7415
- ethnicity, observational study of teaching behavior used by mother, middle- & lower-class Anglo-American & English- & Spanish-speaking & bilingual Mexican-American & English- & Chinese-speaking Chinese-American mothers & their 3-yr-old sons, 12107
- ethnicity, perception of discrimination, Canada, 2781
- ethnocentrism & ethicism & socio-cultural tolerance, human rights issues in treatment of ethnic minorities in correctional institutions, 6119
- gratification delay, Anglo vs Black vs Mexican-American 4th graders, 11542
- incidence of Creutzfeldt-Jacob disease, Libyan Jews & other ethnic groups, Israel, 1320
- information detection through differential GSRs, Bedouins of Israeli desert, 7414
- instructional information vs interpersonal contact, attitudes toward other national groups, 3rd & 4th graders, 3953
- intergroup differences, adjustment patterns, 5th grade students in India, 4044

- teacher expectancy of intelligence, teacher nonverbal behavior, college students tutoring 12-yr-old boy, 13081
- teacher expectancy, dyadic classroom interactions of students & teacher, 2nd graders & teachers, 6226
- teacher expectancy, dyadic classroom interactions of students & teachers, 1st graders & teachers, 6227
- teacher expectations & behavior, reading performance, 2nd graders with high vs low reading ability, 10993
- teacher expectations, school performance & use of Blind Learning Aptitude Test, minority children, 6392
- teacher-bias & teacher-expectancy effects, achievement test performance, elementary school students, follow-up of J. B. Dusek & E. J. O'Connell's study, 11023
- teachers' communication of differential performance expectations, student-teacher interaction & academic achievement, 5th graders & teachers, 6218
- technician's expectations, success of behavior therapy using mothers as technicians, enuretic children, 3737
- therapist role vs patient expectancy, psychotherapy outcome, 1436
- therapists' attitudes toward treating low-income patients & patients' attitudes & expectations concerning therapy, attrition rates & treatment outcome, 10588
- time & space uncertainty, vigilance task performance, 17-33 yr olds, 9095
- time perspective & task success vs failure performance expectancies & subsequent subjective evaluation outcomes, college students, 4491
- time-out plus enhanced vs allayed expectancies of improvement, stuttering frequency, 15-29 yr old male stutterers, 10454
- unrealistic vs realistic job preview, job acceptance & attitudes & survival, female telephone operators, 8832
- values on & expectancy of need satisfaction for love & recognition status, prediction of sexual vs nonsexual delinquent behavior, female delinquents, 10366
- variability of outcome, continuous motor control, college students, 2224
- Expectations (Experimenter)** [See Experimenter Expectations]
- Expectations (Role)** [See Role Expectations]
- Experience (Practice)** [See Practice]
- Experience Level (Job)** [See Job Experience Level]
- Experiences (Events)** [See also Early Experience, Life Experiences, Vicarious Experiences]
- distinctiveness of available internal memory cues, reliance on internal behavioral & situational cues, college students, test of self-perception hypothesis, 7644
- psychoanalytic interpretation, religious conversion while convalescing, St. Ignatius of Loyola, 5080
- unforeseeable elimination of aversive consequence following from attitude-discrepant behavior, cognitive dissonance, college students, 7546
- vicarious classical conditioning of emotional responses, response rate to fear vs positive stimulus following observation of model's behavior, nursery school students, 647
- Experiences (Life)** [See Life Experiences]
- Experiential Psychotherapy**
- movement restating therapy values & goals, experiential group vs individual psychotherapy, 1430
- psychoanalytic method, intrapsychic factors motivating individuals to join experiential groups, 1506
- Experiment Controls**
- control for response productivity, methodology in content analysis of psychotherapy materials, 8204
- Experiment Volunteers**
- age & income & personality, voluntarily taking part in experiments, male homosexuals, 5333
- birth order & status of E, volunteering for psychological experiment, college students, 10090
- birth order, college attendance & dominance & extraversion & venturesomeness & conformity & psychology test performance & volunteering for research, students in 2-yr college, 7679
- coercive power of hypnosis, survey of volunteering behavior, college students, 805
- extra-credit participation points vs E control, demand characteristics, 4247
- fair vs chance vs arbitrary sex discrimination concerning pay for Ss & choice vs no choice of task, behavioral aftereffects & volunteer behavior, college students, 12318
- personality traits, nonvolunteers vs incentive vs no-incentive volunteers for psychological experiments, 5334
- sex & age, experiment participation, college students, 12296
- volunteer status of Ss as source of bias in experimental research, criticism of A. W. Kruglanski's article, 11202
- Experimental Apparatus** [See Apparatus]
- Experimental Design** [See also Followup Studies, Hypothesis Testing, Longitudinal Studies, Null Hypothesis Testing]
- adaptation of command language concept system, construction of single-user systems with real-time capabilities, 8906
- aggregation bias, individual vs neighborhood correlations in ecological correlations in sociological research, 727
- assumption underlying use of homogeneous subgroups for prediction, 4257
- aversion therapy, evaluation of B. G. Danaher & E. Lichtenstein's comments, 5974
- behavioral treatment methodology & design, obesity treatment outcome, 10690
- binary & 4-category rating response procedures, sensitivity to visual Gaussian noise patterns, female college students, 6638
- clinical interview & series of hospitalizations & balance of affects & stability of contacts & ego strength & personality integration, parameters for psychosomatic research, 3130
- complete vs incomplete information concerning opponent's bargaining possibilities & asymmetrical bargaining situations, division of profits in bargaining behavior, male college students, 819
- computer program for statistical analyses of central-composite response surface methodology designs, 4283
- computer program, producing restricted randomization of numbers for counterbalancing large experimental designs, 8
- computer-assisted design, perceptual-motor skills research, 6560
- computer-based laboratory simulation models, scientific research strategy instruction, 10959
- costs & payoffs in perceptual research, validity of experimental results & interpretation, 6585
- criticism of M. S. Horner's research on fear of success among women, 4505
- deception vs security, parapsychological research, 8908
- definition & tasks & systems for generation of conflict, research needs for study of role of communication in conflict, 12389
- design of check sheets for recording primate behavior, 9603
- distance between response lever & food cup, leverpressing to generate hoard of pellets, rats, 7179
- drug trial size & base population, drug experimentation, 2468
- educational & psychological investigations, analysis of covariance for nonrandomized data, 8965
- elaborative prompts with between & within experimental designs Ss, paired-associate learning & perceptual & verbal ability, 3rd graders, 4018
- error typologies, research studies on marijuana effects, 2489

- experimental design, sleeper effect in persuasive communication, 907
- experimental design, state-nonstate argument in hypnosis theory, reply to L. R. Lieberman's criticism, 6564
- experimental methodology, cognitive dissonance, 265
- experimental methods for reduction of bias, research on teaching & effectiveness of teaching methods, 11156
- experimental model, sleep pattern rebound after REM deprivation in acute hallucinating schizophrenics, '84
- experimental paradigm, derived from computational model of visual motion perception, 153
- experimental procedure, zero-delay matching acquisition, pigeons, 519
- experimental set, word recognition, college students, 11474
- fair vs chance vs arbitrary sex discrimination concerning pay for \$s & choice vs no choice of task, behavioural aftereffects & volunteer behavior, college students, 12318
- Hawthorne effect, redefinition, 6500
- home tank aquatic shuttlebox, experimental design for transferring fish from home tank to training apparatus, '160
- inflation due to effect of range, denominator of omega 2 super 2 in factorial designs, 2098
- informational set size, interpersonal judgment in between \$s design, college students, 7540
- length of sessions & spacing of sessions, muscle relaxation training, female college students, 1535
- mentally healthy experiment controls, 14 yr follow-up, 10299
- method of systematic study, mental development, children, 611
- multiple curvilinear regression analysis & subsequent analysis of variance on regression, 2nd-order central composite response surface methodology design & analysis, 4282
- multiple comparison techniques, selection of research design, 2016
- multiprogram approach, real time experimentation, 8885
- observational set & setting, empathetic reaction to innocent victim, female college students, use of M. J. Lerner & C. H. Simmons observation instruction, 5169
- orthogonal & nonorthogonal analysis of variance, 8956
- paradigms for understanding speech using behavior, 7622
- pedestal size & water level surrounding pedestals on which \$s are confined, shuttle-box active avoidance task acquisition, male rats, 7197
- Porteus Maze Test, uses in cross cultural studies, 5071
- postexperimental direct vs indirect vs funnel questionnaire assessment of demand awareness in deception experiment, college students, 811
- quasi-experimental research methodology, group training in laboratory settings, 10848
- quasi-simultaneous stimulation, evoked responses audiometry, 6594
- randomized design, circumstantial evidence & assessing rival hypotheses, 4239
- range effects in within-S experimental design, F. C. Poulton's reply to L. Rothstein's criticism of Poulton's objections, 4249
- representative population selection in psychotropic drug trials, family practices, 12895
- research design & hypotheses testing, anthropology, book, 664
- research design & methodology & analysis, introductory college textbook, 2050
- research methodology & design, cerebral electrotherapy, 1606
- risk-taking vs helping behavior experiments, disclosure of deception by debriefed \$s, college students, 12501
- self-discovery learning procedure, concept learning, female college students, criticism of study of H. Thomas et al., 9181
- serial vs parallel search & self-terminating vs exhaustive processing list scanning models, 11264
- set-size effect in personality impression formation, theoretical discussion as nonartificial phenomenon, 10082
- sex of social worker & client, research outcomes, 10822
- simulated behavior states in psychobiological research, testing biological changes for specificity implications for separating etiological from epiphenomenal variables in psychiatric illness, 3235
- single- & multi-S design approach, research, 2055
- social interaction between E & S, book of readings, 2060
- statistical validity, N equals 1 equals 1 vs large N experimental designs, 6530
- statistics design & analysis, introductory textbook, 6537
- stimulus control specification & identification, reading comprehension testing, 13279
- strategy of G. W. Walster & T. A. Cleary, determination of sample size, 11194
- survey of psychological journals, practices for describing samples of children & suggested standards, 45
- trial times treatment interaction method, individual difference studies, criticism & possible alternatives, 14
- univariate vs adjusted univariate vs multivariate tests, group-by-trials repeated measures design under normal & skewed distributions with equal vs unequal correlations among repeated factor levels, 6541
- estimated "game like" vs "test like" conditions, divergent thinking, 10-11 yr olds, 9816
- use of within-S experimental designs in psychological research, criticism of F. C. Poulton's objections, 4253
- validity, self-administered placebo test, psychiatric patients, 5604
- volunteer status of \$s as source of bias in experimental research, criticism of A. W. Kruglanski's article, 11202
- VRS programming system, mapping neuronal receptive fields & determination of neuronal response characteristics, 9308
- Experimental Instructions**
- alone vs coaching & instructions emphasizing quality vs quantity in competitive vs noncompetitive situation, performance, Indian vs Canadian males, '39
- computer programming objectives, programming performance, 8873
- direction following, normal vs retarded adolescents, 1179
- divergent thinking, symbolic model vs convergent model vs no model vs instructions to respond creatively, creative responses, college students, 4410
- explicit verbal information & nonexplicit visual information before practice & principle verbalization, problem solving, college students, 1146
- explicit within list vs implicit postlist instructions to forget, immediate recall & final recognition, college students, 9268
- brevity, clarity & delay of instructions & susceptibility level, taking & simulating in hypnosis setting, college students, replication of I. M. Overley & L. L. Leavitt's findings, 190
- high vs low expectancy instructions & instructions to induce cognitions of self- vs drug-produced relaxation for systematic desensitization, snake phobic college students, 8309
- imagery instructions, facilitation of semantic integration in sentence memory, educable retarded 19-161 mo olds, 8036
- instruction effects, recognition memory, college students, 4478
- instructional strategy & pictorial representation, verbal learning, high school seniors & college students, 4435
- instructions & task complexity & presence vs absence of older sibling, card sorting task performance, college students, 5022
- instructions as information, problem solving efficiency, 200
- instructions omitting words "are alive" or "go together," analytic responses to Conceptual Style Test, 1st graders, 12054
- instructions to appear creative, creativity test scores, college students, 3045
- instructions to forget prior motor learning, short-term motor memory & proactive interference, college students, 9210
- instructions to induce formation of sequential associations vs to use position strategy, serial learning of high- vs low-association trigrams, college students, 6709
- interactive imagery & separation imagery & rote repetition memory instructions & imagery values of stimulus & response terms, paired-associate performance, college students, 6817
- knowledge about concept of self-actualization, presentation of self as self-actualized, college students, 12502
- learning instructions & using free recall, college students, 6814
- memorial strategy instructions & rated imagery value, forced-choice recognition & free recall, college students, 9251
- objective vs apparent instructions in upright vs tilted backward position judgment of vertical, 6609
- organizational instructions, recognition & recall, college students, 4469
- perceived & instructed locus of control, failure to escape in learned helplessness paradigm, college students, 4488
- placebo-instructional sets & personality variables, subjective & objective psychophysiological responding, college students, 4556
- practice vs instructions & or modeling, tested & self-reported assertiveness, nonassertive male psychiatric inpatients, 8332
- restrictive vs free play instructions & age & sex, open-field measures & parental ratings of toy playing, 3-9 yr olds, 9247
- sex role orientation & competitive instructions, cognitive performance, college females, 6664

- signal to forget presignal items, retention of postsignal items, college students, 4472
- standard instructions vs instructions to exaggerate appearance of stress, State-Trait Anxiety Inventory scores, 12487
- standard vs "ideal-self" instructions, subtle & obvious items on MMPI, psychiatric outpatients, 5614
- standard vs instructions stressing that description referred to same person, sequential effects in impression formation, college students, 12328
- standard vs subjective-organization recall instructions & primacy vs recency position, free recall, 2280
- strategy selection suggestions, effectiveness learner-selected instructional sequences for learning meaningful paired associates, college students, 225
- stress vs relax instructions, predictive validity of test, college & graduate students, 8942
- stress-inducing instructions, anxiety & learning & performance, college students, 2301
- suggestion & pretesting, avoidance reduction, snake-avoidant college students, 3739
- test vs game instructions & test anxiety, heart rate changes, male 5th graders, 11602
- therapy instructions, Ss' involvement in systematic desensitization & treatment outcome, snake phobic female college students, 12979
- trait-anxiety level & orienting instructions & feedback information, state anxiety, college students, 4479
- type & identifiability & variety of instructional instances, concept learning, college students, 202
- understanding of instructions posed by E, animals, 9602
- Experimental Laboratories**
- amount of laboratory acclimation & dosage & time after injection, delta-9-tetrahydrocannabinol effects on activity wheel behavior, rats, 11741

- conflict vs confinement in conditioning apparatus, development of "experimental neurosis," cats, discussion of J. Masserman's findings, 9636
- Experimental Psychology**
- experimental psychology, introductory textbook, 8901
- microcomputer application, experimental psychology, 8904
- relation between subject & object, experimental & analytic psychology, 3
- Experimental Psychosis**

lithium & alpha-methyl para tyrosine, prevention of "manic" activity, female mice & rats, 7049

### Experimental Replication

addition of co-workers in rope-pulling task, individual group member's average performance, replication of Ringelmann's finding, 12258

affective state & change, interpersonal attraction, college students, replication of D. Byrne & R. Rhames's experiment, 5223

age competence in understanding passives, 3-11 yr olds, replication of I. G. Beyer & J. R. Hayes's findings, 4991

anxiety level, performance on noncompetitive paired-associates learning, replication of Spencer & Parker & McAnnis's study, 6683

auditory stimulation, bimodality & lateral asymmetry of skin conductance orienting activity, institutionalized & noninstitutionalized 35-58 yr old schizophrenics & 19-65 yr old depressives & 21-44 yr old personality disorder patients, replication of J. H. Gruzelier & P. H. Venables's study, 5553

black identity movement, connotations of racial concepts & color names, 1970 replication of J. E. Williams's 1963 study, 12146

chance vs skill conditions, conservatism in risk-taking behavior, Indian vs Canadian students, replication of H. M. Lefcourt's & H. M. Lefcourt & O. W. Ladwig's studies, 7398

contact stimulation & immersion in water, cutaneous temperature assimilation, replication of H. F. Igath & A. S. Kamlet & R. A. Bell's study, 2149

deep mental & physical relaxation, ESP, female students, replication of W. G. & L. W. Braud's work, 2144

delay of reinforcement, length of pause before resumption of responding in fixed ratio behavior, rats, replication of M. J. Morgan's study, 11828

exposure to aggression-eliciting vs aggression-inhibiting stimulus, aggressive behavior, high school students, replication & extension of I. Berkowitz & A. LePage's study, 865

extraversion & introversion & neuroticism, hypnotic susceptibility, college students, replication of W. D. Furneaux & H. B. Gibson's study, 12457

"foot-in-the-door" technique with exposure to small vs moderate or no prior request, compliance, householders, replication of J. L. Freedman & S. C. Fraser's technique, 5251

frustration, successive positive contrast, male rats, replication of L. Creppi's study, 7150

heterogeneity & delay of instructions & susceptibility level, faking & simulating in hypnotic setting, college students, replication of T. M. Overlev & I. E. Leavitt's findings, 190

high & low status stimulus persons, honest behavior, replication & extension of L. Bickman's field study, 863

hypnotic age regression, magnitude of Ponzo & Poggendorff illusions consonant with illusion data from young children, insusceptible & medium susceptible college students, replication of study of M. Parish et al, 161

interpersonal persuasion, "boomerang effect," replication of A. R. Cohen's experiment, 12272

locus of control, dogmatism, female college students, replication of R. A. Clouser & L. A. Hjelle's 1970 study, 5394

marhuana use, subsequent psychiatric symptoms, 13-24 yr old in-admission psychiatric patients, replication of H. Kolansky & W. T. Moore's study, 5522

methamphetamine, serial discrimination reversal learning, rats, replication & extension of B. M. Kulig & W. H. Calhoun's study, 2426

modified slide viewer, pictorial visual stimuli fading, oral reading performance, preschoolers, replication of J. R. Corey & J. Shamow's study, 11398

multivariate analysis of age- & sex-group differences, reasons for participation in adult education courses, replication & extension of R. Boshier's New Zealand study, 6286

number of syllables named, latency in initiation of pronunciation of words & 2-digit numbers, replication of I. Henderson & M. Coltheart & D. Woodhouse's report, 9168

operation of verbal labels in assimilation & discrimination, deaf & hearing 7-9 yr olds, replication of experiment by P. A. Katz, 8120

paired-associate procedure & designation of some pairs as critical, recall vs recognition of B terms, college students, replication of E. Tulving's study, 255

parental intervention, aggressive behavior, boys, replication of study by G. R. Patterson et al, 8463

production of opposite sex scores on femininity-masculinity scales, nonsectarian coeducational urban college students, replication & extension of V. J. Buchauskas's et al study, 12471

shadowing, short-term memory of unattended material & judgment of length of digit-tone, delay, right-handed college students, replication of S. Gluckberg & G. Comer's study, 240

stress, mediated paired-associate learning, 5th graders, replication of B. H. Wisner & I. P. Lipsett's findings, 201

subliminal word presentations, interference effects, color naming, college students, replication of I. N. Dyer & L. J. Severance's study, 2142

teacher involvement in negative life experiences, college students, replication of J. M. Neenan's study, 5561

variation in story cues used to measure fear of success, fear of success, male vs female college students, replication of M. S. Horner's research, 12461

post-exposural directional scanning, lateral differences in tachistoscopic recognition, M. J. White's criticism of W. F. McKeever & M. D. Huling's experiments, 6629

Reading Eye II, ocular motor performance, 6-16 yr old cerebral-palsied children, 10530

recall vs recognition instructions, eye fixation patterns on picture vs label stimuli, recall vs recognition, 11519

retinal image & saccade control, oral & silent reading, adults, 11325

retinal images & eye movements, visual perception, book, 140

retinal information on direction & speed of movement, 4344

saccades, reading disorders, 9-11 yr olds, 10430

saccadic eye movements, excitability of lateral geniculate cells to orthodromic volleys, cats, 2332

scanpaths, learning & recognition of 2-dimensional random shapes, college students, 9091

social reinforcement contingent upon vocalization, conditioning of presence of eye contact & eye movement, 3 mo olds, 9780

stimulus discrepancy, wariness, 6 & 12 mo olds, 2653

stimulus movements, perception in parafoveal stabilized vision, 4345

target visible vs not visible during movement, head-eye coordination, 11332

temporal organization of REM sleep during night, 15-23 yr olds, 4555

tremor in orbit of eye vs mechanical-resonator origin, theories of human alpha rhythm, 9301

vestibular & auditory stimulation, oculomotor output during REM sleep, autistic children, 3231

visual fixation to novel vs previously exposed stimuli, delayed recognition memory & forgetting, 21-25 wk olds, 2642

**Eyeblink Reflex**

blink rate during auditory vs visual messages, imagined letters, college students, 2239

computerized eye examination, EKG & blink & GSR & arm acceleration & respiration, patients, 6914

prolonged visual task, spontaneous eye-lid frequency & heart rate measures of fatigue, 22 yr olds, 6912

psychotropic drugs, reserpine induced enhancement of light blink reflex, rabbits, 454

supportive psychotherapy & tricyclic antidepressants & nonphenothiazine tranquilizers & conditioning procedures in group setting, hysterical blepharospasm, 8158

**Eyelid Conditioning**

change in mode of reinforcement from classical to instrumental avoidance & vice versa, eyelid conditioning performance, college students, 9160

conditioned eyelid response & peripheral vasoconstriction, attention, educable retarded & nonretarded, 8029

extraneous masking tasks & viewing silent movie, differential eyelid conditioning, college students, 210

frontal cortex lesions, differentiation & extinction of classically conditioned nictitating membrane response, male rabbits, 4644

good & poor differential eyelid conditioning, cardiac orienting, college students, 6924

interstimulus intervals, trace vs delay differential classical eyelid conditioning, college students, 9185

lesions of cortical motor areas, acquisition of conditioned eyeblink, cats, 11702

prior aversive classical conditioning of nictitating membrane response, classical appetitive conditioning of jaw-movement response, rabbits, 4880

sequence of response development, conditioned eyelid response acquisition, male adults, 9174

tranlycypromine, eyelid conditioning & paired-associate learning, depressed patients, 10654

unilateral cortical spreading depression, eye blink conditioning, rabbits, 6993

variable intertrial intervals, probability of conditioned responses in classical eyelid conditioning, male rabbits, 4851

2-phase model analysis, interstimulus interval & presence vs absence of masking task, eyelid reflex conditioning, college students, 11450

**Eysenck Personality Inventory**

Institute for Personality & Ability Testing Music Preference Test of Personality vs Eysenck Personality Inventory vs Dynamic Personality Inventory scores, college students, 7667

sensitivity training, psychological disturbance measured by Eysenck Personality Inventory Neuroticism scale & behavior change perceived by family & friends, 7502

social desirability variance, extraversion & neuroticism scores on Eysenck Personality Inventory, college students, 10179 60 F

**Face (Anatomy)**

attractiveness of face, recognition memory, 6824

**Facial Expressions** [See also Grimaces, Smiles]

age & sex & position in family, vocal & verbal behavior & eye & body contact & facial expression in mother-child communication, 1-6 mo olds & mothers, 9828

culture-specific & pancultural elements, emotional facial expression, linguistically & culturally diverse college students & Ss from primitive New Guinea society & North American & Japanese students, 911

discrimination of facial expressions, deaf & normal hearing children, 1352

expressive behavior, self-attribution of emotion & quality of emotional experience, college students, 6845

face & body, detecting deception, female nursing students, 5177

face as interpersonal agent for body & carrier of emotions in psychotherapy, 10561

intensity of facial expression & judge's emotional state, attribution of emotion, college students, 7578

labels associated with color cues vs expression, perception of faces, 6th graders, 12088

nonverbal facial gestures, client verbal behavior in quasi-interview setting, female college students, implications for counseling process, 10021

physiognomy-tied expectations, attributing character traits to strangers' photographs, college students, 7559

research methodology, expression & expressivity, 929

semantic differential rating scales of photographed facial expressions, female college students, 5279

sign language & nonverbal expressions, psychodiagnostic use, psychiatric patients, 5590

victim's facial expressions of emotion, aggressor's response & amount of administered shock, male college students, 7575

viewing faces of adults, evolution of communication, 4-9 mo olds, 922

**Facial Muscles**

carbamazepine, hemifacial spasm, 8-yr-old boy, 12925

lidocaine induced facial anesthesia, irritable aggression, rats, 4806

motor projection & conditioning, differences in excitability of cortical neurons, cats, 11592

**Facilitation (Social)** [See Social Facilitation]

**Factor Analysis** [See also Cluster Analysis, Interaction Analysis (Statistics), Item Analysis (Statistical), Oblique Rotation, Orthogonal Rotation, Quartimax Rotation, Statistical Rotation, Varimax Rotation]

analytic rotation method applied to successively greater numbers of principal axes, simple structure analysis, 6550

computation of "coefficients of invariance" in comparison of factor structures, 2107

computation of M. S. Bartlett's test of sphericity & inspection of off-diagonal elements of anti-image covariance matrix & computation of Kaiser-Meyer-Olkin measure of sampling adequacy, assessment of adequacy of correlation matrices prior to factor analysis, 8961

core-matrix interpretation method of R. L. Tucker, 3-mode factor analysis, 4278

correlation & factor analysis, scores of rod-and-frame test & Embedded Figures Test, male college students, 2062

covariance structure analysis, estimation of content-acquiescence in MMPI, 6520

discriminant analysis techniques, social-political attitude dimensions, students, 9958

empirical analysis, urban primary education in US, 8550

epistemological status of factors, implications for determining correct number of factors in factor analysis, 2092

exogenous vs residual variables, path analysis, 72

factor analysis & classification, occupational reinforcer patterns, managers, 8802

factor analysis & reliability, Mental Dexterity Test, college students, 11235

factor analysis model, varying factor scores & loadings, 66

factor analysis of panel interview data, change in perception of candidate's image, 747

factor analysis of Embedded Figures Test, 20-60 yr old hospitalized psychiatric patients, suggestions for short form, 12650

factor analysis of Screening Test of Academic Readiness & First Grade Screening Test & Bender-Gestalt Test for Young Children

- & Metropolitan Readiness Test: visual perceptual motor function & language comprehension & abstraction of essential characteristics, kindergartners, 13283
- factor analysis, attitudes toward 6th-form education, teachers, 10894
- factor analysis, before vs after nonmonotonic vs monotonic transformations, 2073
- factor analysis, cognitive styles, 11473
- factor analysis: impression formation processes, 12299
- factor analysis: information processing, schizophrenics vs tubercular patients vs normals, 3123
- factor analysis: investigation of multidimensional educational problems, 11070
- factor analysis, parent-rated behavior checklist, children & adolescents, 11238
- factor analysis, perception of inmates' personality & interpersonal relations & institutional management & behavior, prison officers, 13055
- factor analysis: perceptual & conceptual differentiation factors related to cognitive abilities, college students, 6005
- factor analysis: structure & nature of student behavior, personality evaluation, teachers in Japan, 10917
- factor analysis: value orientation research, youth, 12178
- factor analysis: Barrett-Lennard Relationship Inventory, counselor trainees & high school students, 59
- factor analysis: Bear Necessity Schedule III, phobic Ss, 3214
- factor analysis, Gordon's Test of Visual Imagery, 11322
- factor analysis: structure of Pearson's Novelty Experiencing Scale, 6516
- factor loadings: comparisons in different populations, 77
- factor patterns, Edwards Personal Preference Schedule scores, high school vs college vs innovative college program students, 10878
- factor reliability, factor analysis, 2096
- factor structure, Psychological Screening Inventory, normal Ss, 7671
- factor vs cluster vs group vs discriminating function analysis, classification of depression states, 12568
- factor analytic methods, construct validity of Classroom Behavior Inventory as measure of hyperactivity & hostility & sociability, male kindergartners, 4480
- factorial analysis, basic EEG frequency spectra, 6875
- factorial patterns & item analysis: Existential Study, clinical population, comparison with V. Pishkin & F. C. Thorne's study, 3043
- factorial simplicity index, 11251
- factorial structure & practice & infectious disease: digital-readout version of code transformation task performance, 4382
- factorial validity & reliability, modified Educational Work Components Study questionnaire, college seniors & graduate students & teachers & administrators, 1710
- factorial validity, F. R. Kluckhohn & F. L. Strodtbeck value orientation scale, 4272
- hierarchical clustering & multidimensional scaling, naturalistic descriptions of personality, college students, 6536
- hierarchical factor analysis, attitudes toward physically vs psychologically disabled vs mildly retarded vs gifted, college students, 10076
- hierarchical factor structure, Wechsler Adult Intelligence Scale, 16-75 yr olds, 9854
- intercorrelations among extension variables & factor scores, 2095
- interdependence & social desirability bias, factor analytically derived Psychological Screening Inventory scales, clinical population, 8940
- item & factor analysis, abilities measured by Purdue Elementary Problem-Solving Inventory, 2nd graders, 6401
- linear regression analysis, estimation of number of factors in multiple factor analysis, 8968
- M-trees: mathematical structure, 4280
- marker variable factor analysis, regional principal axes solution, 6543
- mathematical model, factorial analyses, 2102
- methodological criteria, factor-analytic research in personality questionnaire data, 12498
- modification of D. N. Lawley's formulas for standard errors in maximum likelihood factor analysis, 8967
- multidimensional scaling analysis, political ideological rating scale, politically active adults & graduate students, 12221
- multiple discriminant function analysis, hierarchical grouping & cluster analysis & hierarchical clustering, 2104
- multivariate analysis of age- & sex-group differences, reasons for participation in adult education courses, replication & extension of R. Bonham's New Zealand study, 6286
- normal ogive model, continuous response level in multidimensional latent space, 11263
- orthogonal principal components analysis & orthogonal & oblique factor analysis using communalities, biological intelligence factor matrix of W. C. Halstead, 2313
- P-factor analysis, relationships between clusters of frequency components of EEG, 9316
- P technique & differential R technique factor analysis, arousal & fatigue as different psychological states or opposite poles of bipolar concepts & structure of Seven-State Questionnaire, college students, 9260
- Pearson  $r$  coefficient vs coefficient of congruence vs salient variable similarity index, factor matching evaluation, factors obtained in different analyses, 4377
- personality traits & demographic & family background characteristics, drug abuse, 15-25 yr olds, 10418
- qualitative & quantitative: longitudinal factor analysis, behavioral changes in mental abilities, 9136
- quantitative vs structural vs quantitative structural: ontogenetic change, trait-state factor distinction & long vs short-term time spans, 4281
- rotational procedure, separation of trait & method & interaction factors in multitrait-multimethod matrices, 6539
- semantic differential rating & factor analysis: cognitive & emotional & perceptual aspects of monophonic & polyphonic rhythms, 16-56 yr old musicians & nonmusicians, 5290
- sequential & factor & cluster analysis & grammatical modeling, observed behaviors, 2-4 yr olds, 8878
- standard errors for rotated factor loadings, 8957
- standard errors, obliquely rotated factor loadings, 11250
- standardized vs unstandardized factor analysis, organizational climate of schools, discussion of D. M. Bruberman's view, 8972
- statistical analysis of heart rate data, 4585
- statistical coefficients, factorial structure of H. W. Hogan's symbolic authoritarianism measure, widows, 10177
- teacher effectiveness, review of factor analytic literature, 8566
- test-retest administration, 7 mos apart & correlation with Wechsler Intelligence Scale for Children: factorial structure & reliability & validity of Canadian Cognitive Abilities Test, 1st graders, 13275
- transition matrices & time-series analyses & conjectural or stochastic models & factor analysis & generative grammar, interpretation of structure of succession in behavior patterns, 8920
- TREBIG: 360-75 FORTRAN program for 3-mode factor analysis designed for big data, 4299
- validity of item-pair bipolarity & factor structure, Rotter's Internal-External Control Scale, college students, 3014
- 2nd-stratum source trait factors of anxiety & introversion-extraversion, 16 PF, inpatient male alcoholics, 3327
- Factorial Validity**
- factor analytic validation, Holland's Vocational Preference Inventory, college students, 13252
- factor structure & response style, Personality Research Form, high school students, 12490
- Factors (Sociocultural)** [See Sociocultural Factors]
- Factory Environments** [See Working Conditions]
- Faculty** [See Educational Personnel]
- Fads And Fashions** [See also Clothing Fashions]
- hairstyles, life styles, 3035
- mother vs extrafamilial reference group influence, clothing & cosmetic fashion norms, 12-14 yr old Caucasian girls from blue collar families, 2726
- Failure**
- defensiveness & achievement motivation & anxiety, differential recall of success & failure, college students, 5402
- failure & frustration on anagram task, latency & errors on Matching Familiar Figures Test, impulsive & reflective 4th graders, 9873
- failure avoidance motivation, money & prestige & altruism & job freedom & security & self-realization values, male postgraduates, 2001
- fear of failure, fear of death, college students, 6836
- fear of failure, internal vs external locus of control of success & failure, college students & high school juniors, 10180
- galvanic skin response & respiration & success & failure & repeated failure, memory for nonsense syllables, college students, 11494

Hess School Readiness Scale, prediction of school failure, preschool age children & 1st graders, 13188  
 information about task outcome & difficulty & state of complementary cause, judgment of perceived presence vs absence of ability or effort, college students, 5235  
 locus of control & initial confidence & success-failure outcome, internal vs external attribution of task performance, male college students, 7652  
 personal control & control ideology, causality attribution for success & failures on ambiguous task, female college students, 7662  
 success achievement vs failure experience, self-esteem maintenance in attribution of educational outcomes in teaching situation, teachers & college students, 13104  
 success or failure experience, attribution of responsibility vs cognitive dissonance reduction, 15-18 yr olds, 7553  
 success-failure ratio reflecting momentary status of self-actualization, measure of existential status, 3044  
 time perspective & task success vs failure performance expectancies & subsequent subjective evaluation outcomes, college students, 4491  
 unexpected crises & failures to achieve various life goals, neurotic illness onsets, 3150  
**Faith Healing**  
 physiology of possession & mysticism & faith healing, book, 690  
**Faking**  
 development of biographical inventory blank, prediction of faking on personality tests, job applicants, 12446  
 fakability, Gordon Personal Inventory & Profile, college students, reply to Schwab's criticism, 7634  
 fakability, Gordon Personal Inventory & Profile, reply to J. R. Braun's & R. M. Farrell's reply to Schwab's criticism, 7695  
 faking Ss' knowledge that others are aware of pretense in hypnotic context, perception of role-playing performance, 5260  
 heterogeneity & delay of instructions & susceptibility level, faking & simulating in hypnotic setting, college students, replication of T. M. Overley & E. E. Leavitt's findings, 190  
 instructions to be honest & fake high need for achievement & inhibit projections revealing personality, Thematic Apperception Test, college students, implications for theory of projection, 12462  
 prior personality test administration, acceptance of "fake" personality sketch as describing S, medical students, test of B. R. Forer's assumption, 12499  
 standard instructions vs instructions to exaggerate appearance of stress, State-Trait Anxiety Inventory scores, 12487  
 standard vs "ideal-self" instructions, subtle & obvious items on MMPI, psychiatric outpatients, 5614  
 validity & faking vulnerability, questionnaires, 10150  
 16 Personality Factor Questionnaire, detection of fake "good" & "bad" response, prisoners & college students, 12684  
**False Pregnancy** [See Pseudocyesis]  
**Familial Idiotcy (Amaurotic)** [See Amaurotic Familial Idiotcy]  
**Familiarity**  
 computer analysis, EEG wakefulness-sleep patterns during learning of novel & familiar sentences, 21-29 yr olds, 11579  
 context provided by rest of list, retrieval of repeated items embedded in changing lists, college students, 6772  
 domestication & environmental familiarity & opponent familiarity, dominance, wild mice vs domesticated mice from inbred strains, 2369  
 driver experience & vehicle familiarity, accidents, 13410  
 emphasis on analytic vs structural processes & familiarity & embeddedness, detection of embedded figures, college students, extension of H. S. Hock's individual differences, 9009  
 familiarity & subjective uncertainty of chemical vs accounting terms, word retention, chemists vs accountants, 11506  
 familiarity with pictures & interest in art, detection of reversed representational pictures & changes in composition of abstract pictures & preferential judgments for versions of pictures, college students, 12387  
 familiarity, social categorization in intergroup behavior, 14-15 yr old males, 10044  
 familiarization of words between & within different language word lists, facilitation of same vs different language word learning, Spanish-English bilingual adolescents, 11437  
 graphic familiarity & meaning, perception of letter strings sequence recognition, college students, 11493  
 initial visual pattern of anagrams presented in familiar vs unfamiliar typeface, anagram solution time, college students, 4423

interval frequency count familiarity rating of ascending & descending melodic intervals of octave, college students, 9163  
 judge sex & amount of information received & trait being evaluated, perceptual accuracy, college students, 10059  
 naming of faces & tape-recorded voices & voice-face matching & backward voice naming, identification of familiar individuals, nursery school children, 4439  
 repeated misdirection in puzzle, output of error, college students, 11438  
 retesting by same E & decrease in situational test anxiety, IQ gains on Peabody Picture Vocabulary Test, economically disadvantaged vs nondisadvantaged 3-6 yr olds, 13286  
 stimulus familiarization changes in distribution of stimulus encoding during paired-associate learning, college students, 4402  
 stimulus familiarization training with words vs pictures, paired-associate learning & recall, college students, 6749  
 task difficulty, reinforcement effects of familiar & novel stimuli in disjunctive learning tasks, college students, 11529  
 task familiarity & risk norms emerging during group play & manipulation of emergent norm & information exchange about risk levels, risky shifts, male college students, 12297  
 verbal labeling & familiarity of labels & relevance of stimulus dimensions & compatibility between labels & figures, speed of concept learning, 2nd & 3rd graders, 11422  
 word string lengths & familiarity, reaction time to physical & analog matches, college students, 9149  
**Family Background** [See also Family Socioeconomic Level, Parent Educational Background, Parental Occupation]  
 background & attitude & functioning & mood, drug addicts vs alcoholics & orthopedic patients, 7940  
 comprehensive interviews & criminal record & family history, classification of criminal offenses, young male incarcerated criminals, 7990  
 demographic characteristics & family background & psychometric data, performance on Kohs' learning potential procedure, educable mentally retarded, 7998  
 demographic characteristics, college & noncollege male homosexuals, 2826  
 earlier episode & history of previous drunkenness, relapse rate, boys under 18 yrs old arrested for first offense of drunkenness, 12691  
 family & educational background, occupational mobility & attainment, 1950  
 family & personal history & marital relations & attempted suicide, psychiatric patients diagnosed as hysterical personalities vs control inpatients, 7906  
 family & school variables, occupational interests, 15 yr olds from selective vs nonselective schools, 10875  
 family background & personality problems, methamphetamine use, 17-18 yr old females, 744  
 family background & personality, vocational adjustment, hearing impaired adults, 1637  
 family background & present pregnancy & family reading & spelling skills, prenatal anxiety, unwed vs wed mothers, 7645  
 family background & situational circumstances vs early emotional & social deprivation, juvenile murderers, 5659  
 family background, differentiation of depressive illness into depression spectrum disease & pure depressive disease, 12655  
 family demography, personality & intelligence, adolescents, 12448  
 family history & health & criminal records & educational background & personal information, individual & familial disruption experienced by suicide, 15-24 yr old Shoshonean Indians, 1201  
 family history of alcoholism, essential-reactive alcoholism dimension scores on Rudie-McGaughan scale, alcoholics, 12711  
 marriage & family perceptions & attitudes, 10th-12th grade adolescents from child care institutions vs from middle-to-upper social class vs lower social class intact families, 2744  
 pattern analysis based on social background & criminal career & process of affiliating with gang, organized crime members, 12690  
 personality traits & demographic & family background characteristics, drug abuse, 15-25 yr olds, 10418  
 reaction to authority figures in family background, aggressive behavior & violence, violent male adolescents, 5648  
 social background & gang-joining process, classification of individual organized crime members using pattern analysis, 10402  
 social distance & independence of judgment & modernism & demographic characteristics, attitudes toward feminism, college students, 12163

- type of drug used & personality & family & sociocultural background, drug abuse, 15-20 yr old drug addicts, 3300
- Family Counseling** [See Family Therapy]
- Family Crises**  
adjustment problems, families of burn patients, 1311  
coping with death of family member, 7362  
family crises, book, 1221  
family crisis training, improving relations with minority community, police, 1975  
general systems theory approach, theory of violence in nuclear family, 2861
- Gerontological Apperception Test vs Thematic Apperception Test**, elicitation of themes depicting loss of sexuality & attractiveness & family difficulties & physical limitations & dependency, 59-94 yr olds, 12118
- heart surgery of father, family interaction & functioning ability & attitudes toward illness & death, 3831
- necessity for interviewing family, treatment in family crisis, patient & relatives, 1584
- neuroticism & family problems & interpersonal crises, poisoning by drug overdose, lower class adolescent girls, 5672
- Family Life** [See Family Relations]
- Family Members** [See also Adopted Children, Daughters, Fathers, Foster Children, Heterozygotic Twins, Housewives, Illegitimate Children, Monozygotic Twins, Mothers, Multiple Births, Parents, Siblings, Sons, Spouses, Surrogate Parents (Humans), Twins, Unwed Mothers, Wives]  
attitudes of relatives toward psychiatric patients, rural vs urban settings, 1153  
counseling & psychotherapy help for survivors of suicidal death of loved one, 5870  
decision to be kidney transplant donor, family members, 3838  
discussing death with terminal patients & their families, physicians, 5156  
family development training project, transition to skilled self-supporting workers & income increases, poor migrant farm workers, 11128  
family influences & attitudes toward cigarette smoking, 10-11 yr olds, 9939  
family member life cycles, family organization, 13th International Family Research Seminar in Paris, 1973, 9884  
open hostility & vague innuendo, mistreatment of patients' families by psychiatrists, 10185  
parents' & other family members' unconscious wishes, linguistic development, young children, 4976  
popular music, changing attitudes, American family members, 5234  
preferences for family size & sex ratio of family & sex of next child & use of sex preselection techniques, currently married women, US, 9987  
psychiatric interviews, familial illness frequency & transmission mode, male manic depressives & first-degree relatives, 12598  
reactions to physicians' visits in home vs hospital, schizophrenics' relatives & schizophrenics & autistic-type schizophrenics, 13036  
satisfaction with family's level of living, homemakers from typical vs disadvantaged families, 7455  
schizophrenic subtype in family, paranoid & nonparanoid schizophrenics, 12594  
tertiary gain of illness, 5505
- Family Physicians**  
sexuality problems encountered by family physicians, 10484  
treatment of emotional disturbances, family physicians, 3537
- Family Planning** [See also Birth Control, Contraceptive Devices, Oral Contraceptives, Tubal Ligation, Vasectomy]  
age & race & education, discontinuation rate from family planning program, 5145  
communication & program planning & evaluation, health education & family planning, 5159  
community response to free vasectomy for medically indigent, New York City, 698  
family planning programs, reproductive rate, psychiatric patients, 6054  
family planning services, emotionally ill patients, 3212  
federal funding & support, family planning services programs & population research, 766  
female involvement in health care delivery & fertility control, 12189  
Frontier Nursing Service family planning & postpartum care program, rural women, 6060  
measurement based on 1972 area surveys of US, need for publicly financed family planning services, 9969
- preferences for family size & sex ratio of family & sex of next child & use of sex preselection techniques, currently married women, US, 9987
- program growth & patient characteristics & program output measures, review of US family planning programs, 1973, 9948
- psychosocial & cultural aspects, health education & family planning, research review in Africa & Europe & Asia & North & South America, 5158

- statewide family planning data system, 753
- teenage family formation, postwar America, 12205
- Family Planning Attitudes**  
attitudes toward birth control methods, Spanish women, 711  
attitudes toward birth control methods, Spanish women, 712  
attitudes toward family planning services & availability of services to patients, private physicians, 10217  
attitudes toward sale & display of contraceptives, pharmacists, 7478  
attitudes towards family planning, faculty & students in professional schools of nursing & medicine & social work, 789  
contraceptive practices & attitudes, unwed college students, 786  
cross cultural differences, birth planning decisions for hypothetical families, college students in West Germany vs Netherlands vs India vs US, 7445  
family planning & childrearing & sex role attitude, medical school students & faculty, 12547  
family planning services, sexual knowledge attitudes & practices, 13-28 yr old female inpatients at state hospitals, 3120  
liberal vs conservative religious affiliation & church attendance, attitudes toward abortion, liberal vs conservative Christian nurses & social workers, 9914  
preferences for family size & sex ratio of family & sex of next child & use of sex preselection techniques, currently married women, US, 9987  
social class & life style, fertility, Puerto Rico, 12124  
social pressure, family size intentions, 7454
- Family Relations** [See also Child Discipline, Childrearing Practices, Father Child Relations, Marital Conflict, Marital Relations, Mother Child Relations, Parent Child Relations, Parental Attitudes, Parental Permissiveness, Parental Role, Sibling Relations]  
adolescence, regression in family relations, 643  
applications of F. Heider's theory of cognitive balance, C. Levi-Strauss sentiment patterns of family relations, 2814  
background & theory, home management, 9876  
basic life attitudes within family, adolescents vs parents vs grandparents, 12076  
behavior modification techniques training & application in home environment, families of children with behavior problems, 10682  
birth order & sex & interpersonal family relations, life style identification & assessment, 3038  
casework-based assessment method, family dynamics, school phobic 10-16 yr olds, 7885  
communication model, family dynamics & therapeutic techniques, 12 families with 1 anorexic member, 10334  
deafness, personality & family relations & communication, 1628  
declining consensus about society's values & generation gap & changes in family, drug abuse, youth, implications for drug education, 2863  
demographic & family characteristics, injecting vs inhaling, Navy heroin addicts, 12686  
destructive symbiotic relationships, group therapy, parents of psychiatric outpatients, 5977  
dominance-submission model of family relations, family therapy techniques, adolescents, 10708  
drawings of families, perceptions of family roles, 7-9 yr olds in Rome vs Sardinia vs Ivory Coast villages, 7420  
exchange concepts of W. Goode, application to family sociology, 7510  
existential & phenomenological approach, family dynamics, review of R. D. Laing & A. Esterson & D. Cooper's books, 12087  
family adjustment, chances of recovery, agoraphobics treated by behavior therapy, 8333  
family art therapy, interaction between family members, 21-yr-old female, 5843  
family circumstances, delinquent & nondelinquent 11-14 yr old boys, 7977  
family conditions upon leave taking from home, psychotherapy abandonment, 10597

- objectives in mother-child psychotherapy, 1-parent family, 3761
- paraprofessional parent-aid service, multiproblem disadvantaged families, 10680
- parent counseling methods, treatment of parents & children, 12967
- parental behavior concerning therapeutic alliance, family therapy, affluent family with alienated acting-out drug-abusing adolescent, 10669
- pathological family situations, group therapy, schizophrenic vs neurotic families, 1522
- preasymptotic interaction patterns, stable outcomes from conflict, married couples in family therapy, 6031
- professional orientation to deafness, parents of young deaf children, 3856
- programed interpersonal relations & human potential & games & play behavior & family-life education, family enrichment programs, 10702
- psychodiagnostics & family vs individual therapy, 15 yr old disturbed girl, 3743
- rationale & aims & therapeutic relationship & confidentiality, individual vs family member vs family unit therapy, 1435
- social casework, families of patients with progressive neurological diseases, 8463
- structural family therapy, intractable asthma, 10703
- systems theory application, subsystems within families, 12981

- teaching behavior modification techniques, parents of retarded children, 3758
- therapeutic family camping, emotionally troubled children & families, 1502
- thought-stopping as new communication skill for control over destructive interactions, family therapy & behavioral approach in couple therapy, case report, 10726
- Family** (See Also Related Terms)
- goal attainment involving affiliation with family vs national origin vs religion vs citizenship vs political party, Arab college students, 1957-1958 vs 1970-1971, 12336
- Fantasies** (Thought Disturbances)
- "alexithymic" characteristics, control vs psychosomatic patients, 3257
- conflict between accepting vs rejecting devouring mother, feminine identification & homosexuality, 32-yr-old unmarried businessman with fears of maternal engulfment, 10339
- constriction & inhibited aggression & suicidal fantasies, presuicidal syndrome, 5656
- delusional & double-awareness & nondelusional phases, recovery from delusional thought, acutely psychotic hospitalized patients, 3247
- psychodynamics & psychoanalytic therapy, beating fantasy, 19-yr-old female, 10759
- sexual fantasy modification, reduction of deviant sexual behavior, male homosexuals & fetishists & rapists & pedophiles, 8344
- sexual fantasy, role in psychoanalytic & behavioral treatment of sexual deviation, 10536
- Fantasy** (Defense Mechanism)
- autoerotic & aggressive expressions of oedipal fantasies, masturbation & suicide, 12699
- beating fantasies & masochistic daydreams, wish to be loved by father, case history, 1127
- changing one's parents, psychotherapeutic resistance, adolescent patients, 5853
- deification & utopian hope & messianic fantasies, interpersonal behavior in small group experience, 1510
- double illusion as a defense against depressive anxiety using negation & scission & projection & idealization & regression, 39-yr-old woman, literature review, 12584
- family therapy, sibling sexual fantasies, case report, 10711
- fantasy & simulation & actuality interactions, parents of disturbed adolescents, 12619
- goal-directed fantasy & role of wording of suggestion, responsiveness to hypnotic suggestions associated with deep hypnosis, college students, 7641
- imaginative play & fantasy, children, 628
- incapacity to experience or express affect & related fantasies, psychosomatic illness, 3228
- masturbation with water, supplementary fantasy expression, women, 973
- need for social approval, fantasy aggression & experimentally produced behavioral aggression, female college students, 810
- normative & theoretical implications, coital fantasy during sexual intercourse, suburban housewives, 12460
- personality, violent aggression in fantasy, black preschoolers, 7352
- psychoanalytic interpretation, systematic desensitization with stimulation of fantasy of "merging with mother" as substitute for muscle relaxation, insect phobic women, 12983
- reality vs fantasy of self-perceptions in psychotherapy, patients, 10585
- social drinking, dependency & power imagery in fantasy, females, 7704
- structure & functions of fantasy, 3015
- time-detection fantasy as defense from unknown, mental illness in both individual & groups, 1117
- Fat Metabolism** (See Lipid Metabolism)
- Fatalism**
- Fatalism & Social System Control & Self-Control, multidimensionality of internal-external control, college students, 12481
- Father Absence**
- absence of adult males from households, self-concept, male vs female black 5th & 6th graders, 9898
- father absence due to imprisonment vs divorce, psychological adjustment, sons, 2734
- loss of father & father-son relationships, transsexual vs nontranssexual homosexual males, 5631
- Father-Child Relations**
- adjustment to childhood leukemia, mothers vs fathers, 9901
- attendance at childbirth preparation classes & presence at delivery, attitudes & feelings toward newborn & wife, fathers, 12081
- beating fantasies & masochistic daydreams, wish to be loved by father, case history, 1127
- closeness with parents & praise received & freedom in talking about problems & source of most discipline & affection & parental influence, parent-child relationships, black & white high school students, 646
- early memories & current daytime thoughts & current dreams about fathers, male college students, 7364
- father identification, occupational status & personal satisfaction, rural male adolescents, 1-yr follow-up, 13289
- father-child relations, book, 635
- father-daughter interactions, sexual development, adopted girl, 5027
- father-daughter relationship, promiscuity, female nursing students, 12083
- father-son relationship, drug usage, 15-21 yr old drug addicts vs nonusers, 10396
- father's escape from Nazi Germany, neurotic conflict, 1-yr-old boy, 5533
- fathers' personalities, family relationships, families with 1 vs 2 12-22 yr old school phobic children, 3277
- loss of father & father-son relationships, transsexual vs nontranssexual homosexual males, 5631
- maternal vs paternal image, God representation, male vs female high school & college students in Belgium vs USA vs Indonesia vs Zaire vs Colombia, 693
- occupational aspirations & self-confidence & satisfaction with school experience, high vs low father identification male 12th graders, 8719
- parricide, 5668
- paternal nurturance & positive involvement & rejection, personal adjustment, 18-22 yr old female college students, 2700
- preoedipal stage, infant-father relationship, 5029
- reinforcement of nonaggressive behavior, father who assaults child, 10728
- reminiscence of father-son relations, male college students & their fathers, 7365
- Fathers**
- attendance at childbirth preparation classes & presence at delivery, attitudes & feelings toward newborn & wife, fathers, 12081
- birth practices establishing paternity rights, bargaining mechanisms in societies without centralized authority, 757
- child-rearing learning interests, fathers of 1st graders, 12086
- early memories & current daytime thoughts & current dreams about fathers, male college students, 7364
- maternal & paternal age at time of patient's birth & birth weight, anorexia nervosa patients, 3176
- narcissistic & dominating personality & roles, development of disordered child, fathers of schizophrenics, 7837
- personality characteristics & influence on development of children's disorder, fathers of schizophrenics, 7838
- reminiscence of father-son relations, male college students & their fathers, 7365
- Fatigue**
- appearance of effort-dependent symptoms, local subjective fatigue in sustained elbow flexion, 22-42 yr old males, 4377
- expectancy & apparent duration, fatigue, college students, 4500
- fatigue effects & stimulus presentation rhythm, reaction time in picture matching & picture-word matching & picture naming, patients with cerebral lesions, 10513
- fatigue in industrial environment, pupil constriction, telephone operators, 11141
- fatigue, risk taking & effort in motor task, college students, 9119
- generalized response to stress overtime, fatigue in terms of activation theory, 4366
- identification & pathogenesis & treatment, pernicious fatigue, 12781
- length of intertrial recovery interval, fatigue patterns during second bouts of rhythmic & sustained exercise, male college students, 11379
- monotonous work, behavior change in subsidiary activities, female assembly workers, 6452
- P-technique & differential R technique factor analysis, arousal & fatigue as different psychological states or opposite poles of bipolar concepts & structure of Seven-State Questionnaire, college students, 9269
- prolonged visual task, spontaneous eye-lid frequency & heart rate measures of fatigue, 22 yr olds, 6912

Fatty Acids

- psychophysiological indices, effectiveness for intellectual performance prediction under influence of drugs & fatigue, male adults, 4609
- relaxation therapies, neurons, central fatigue interpretation, 1731
- rest vs fatigue, self-evaluation of fitness & activity & mood, 263
- restricted movement, estimation of weights & tensions & apparent involvement of "sense of effort", young adults, 4311
- satiation & fatigue, kinesthetic, figural aftereffect, college students, 105
- social & physiological adjustment, flying, Swedish Air Force pilots, 2915
- specific training & fatigue vs non-fatigue movement-time task learning, 11371
- Fatty Acids** (See also Phosphatides)
- dexamethasone plasma levels of control & corticosterone & free fatty acids, psychiatric inpatients, 5615
- fenfluramine, glucose use by muscle & fatty substances in blood, mice & rats & dogs & cats & rabbits, implications for obesity treatment, 452
- prostaglandin E-1 sub 1 in cerebral areas, behavior & electrocortical & body temperature changes, adult fowls, 3404
- ventromedial hypothalamic destruction, hypercortisolemia & elevated levels of free fatty acids as result of overeating, male rats, 4695
- Fear**
- "terror of life" as latent syndrome, fear of aging, male adolescents, 3171
- acquisition criterion in 1-way avoidance, fear of shock side, rats, 9635
- age & environmental influences, tonic immobility induced by ventral restraint procedure in presence of familiar or unfamiliar geometric shapes vs blank test box walls, chicks, 516
- anxiety fear & coping behavior & attitude toward 1 & experiment, perceptual style & pain tolerance, males, 8989
- chlorpromazine dosage, tonic immobility duration, 2.5-3 wk old chickens, 9547
- cognitive & affective behaviors, fear of strangers, male infants, 12101
- counterconditioning vs exposure-only, treatment of conditioned suppression vs generalized fear, male rats, 7159
- criticism of M. S. Horner's research on fear of success among women, 4505
- diagnosis & treatment, fear as innate vs learned, book, 7888
- early experience & emotionality, social facilitation of pecking, chickens, 11916
- early rearing in dark vs isolation & age, innate fear & open field behavior & distress calling, newly hatched chicks, 11921
- false physiological feedback during exposure to feared situation & during subsequent exposure, speech anxiety, 10279
- family structure & motivation, fearfulness & tyranny, 9-yr-old boy & 8-yr-old girl referred for psychiatric evaluation, 7814
- fear of pregnancy, use of oral contraceptives, females, implications for premenstrual depression, 7669
- fear stimulus intensity & presentation order, skin conductance & heart rate & fear ratings, college students, 4570
- hippocampal granule-cell agenesis & hippocampal lesions, escape from fear & 1-way active-avoidance responses, infant rats, 6979
- hospitalization for tonsillectomy, conditioned fear, 2-yr-old boy, 3162
- information about potentially stressful situation, responses to stress, hernia-repair patients, 277
- intensity & frequency of imagined fearful scenes, physiological arousal to fear scenes, female college students, 8324
- live vs stuffed snake stimuli & order of presenting snakes & accompanied vs unaccompanied social context in runway test & initial fear level, avoidance behavior & fear ratings, male vs female college students, 8314
- looming object, immobility reaction, chicks, 4847
- maternal hyperphenylalaninemia, pre- & postpartum plasma phenylalanine levels & fearfulness & activity & exploration & sociability, rats, 391
- olfactory bulb removal, fear responses & passive avoidance, male rats, 424
- opening night stress vs no-stress conditions, galvanic skin response & verbal associates to affect-laden & theater-related & neutral words as measure of stage fright, professional & amateur actors, 7682
- parasympathetic stimulation given coincidentally with electric shock in fear-conditioning situation of vagus, later performance on avoidance conditioning task, male rats, 4882

- role demands by society, fear of success, older married & young, unmarried female college students, 10183
- senility, deprivation & random vs ordered slide presentation of realistic snakes, snake avoidance reduction, female college students, 12965
- similarity of fear, bad news transmission, female college students, 12249
- stages, completion dealing with traditional vs nontraditional feminine occupations & college major & career aspirations & year in school & Masculinity & Ascendancy scores on Guilford-Zimmerman Temperament Survey, fear of success, female college students, 12340
- systematic desensitization & implosion, fear reduction & avoidance behavior, 10748
- various classical conditioning of emotional responses, response rate to fear vs positive stimulus following observation of model's behavior, nursery school students, 647
- victim's facial expressions of emotion, aggressor's response & amount of administered shock, male college students, 7575
- Fear Survey Methods**
- factor analysis, Fear Survey Schedule III, phobic Sa, 3214
- Focal Incontinence**
- adjunctive transer therapy, diminishing difficulty with clinical offensive symptoms, severely burned children, 1437
- family-child interactional influences, families of enuretic children, 12571
- gastro-intestinal reflex training, enuretics, 4-10 yr olds, 8393
- manipulation of sexual deviations through inpatient child therapy, comparison between parents & therapeutic relations with child, 5-yr-old child with enuresis, suggestions for psychoanalytically oriented play therapy, 3168
- Feedforward** (See Mental Retardation)
- Feedback** (See also Auditory Feedback; Biofeedback; Delayed Auditory Feedback; Drained Feedback; Knowledge of Results; Sensory Feedback; Visual Feedback)
- achievement motivation & test anxiety scores, concept learning task performance prediction under differing rates of information feedback, college students, 6730
- alpha feedback method, alpha rhythm control, normal adults & schizophrenic & depressed & neurotic patients, 3183
- audiotape feedback of group discussion, self-concept modification, female college students, 9970
- augmented vs minimal feedback, forgetting in short-term motor memory, college students, 2288
- baseline self-reinforcement behavior & training level, posttrauma self-reinforcement behavior, college students, 4494
- behavior modification, walking posture, male 13 yr old, 5990
- bidirectional operant conditioning, cephalic vasomotor response, male students, implications for migraine headache therapy, 8308
- biofeedback & psychotherapy, therapy progress, migraine headache & insomnia sufferers, 3511
- biofeedback conditioning, heart rate control during anxiety & oxygen deprivation, 15-50 yr olds, 6751
- biofeedback control of cardiac arrhythmias, patients with premature ventricular beats or tachyarrhythmias or conduction defects, 3497
- biofeedback control of systolic & diastolic pressure & heart rate, essential hypertensive patients, 3531
- biofeedback control, placebo effect in prevention & treatment, 3540
- biofeedback in individual therapy, self-regulation of blood pressure & heart rate & research on hypertension & Raynaud's disease, 1423
- biofeedback technique, control of physiological functions of autonomic nervous system, 11598
- biofeedback training, preventive technique to control autonomic internal physiological responses to stress, 3491
- biofeedback, effectiveness of clinical applications, literature review, 10666
- biofeedback Raynaud's disease, 3541
- classical preidentification, functional properties of supplementary feedback cues in psychomotor learning, college students, 9716
- cognition of autonomic activity, information need & emotional responses to slides of nude females or accident victims, male college students, 9281
- combined model & feedback videotape, teaching styles, teacher trainees & 3- & 4-yr old children, 3918
- comparison level feedback & test anxiety & affect, verbal learning, college students, 6740
- concurrent negative feedback, state anxiety & heart rate & mood skill performance, 11th graders, 2223

- contingent reinforcement & feedback, occipital alpha abundance with eyes open, college students, 6899
- contingent training in control of alpha feedback vs noncontingent training of pseudo feedback, alpha rhythm increase, male psychology students, 6877
- continuous feedback during recognition testing, criterion selection & false alarm error reduction, college students, support for signal detection models, 2289
- continuous feedback with & without intertrial delay & blank trials procedure, focusing behavior with 4-dimensional problems, 2nd graders, 4978
- control of vascular dysfunction, biofeedback control, migraine headache sufferers, 3529
- correct judgment feedback, numerical similarity judgments of pairs of figures, college students, 11419
- correct rule statement included among set of alternatives, selection of correct solution for simple discrimination on multiple-choice test, college students, 6695
- counter-advocacy intensity & bogus vs no feedback, retroactive inhibition of cognitive dissonance, college students, 219
- delay & type & duration of feedback, verbal-discrimination learning, college students, 6748
- direct estimation procedures for eliciting judgments about uncertain events, implications for probabilistic information-processing systems design & response modes research, 6667
- direct operational feedback, improved residential treatment settings, 6157
- EEG biofeedback training, neuroelectric patterns, epileptics, 3538
- electronic biofeedback from cheek & lip muscles, altering muscle responses while performing on wind instruments, clarinet players, 4554
- EMG biofeedback vs pseudofeedback vs no treatment, muscle contraction headache activity reduction, 22-44 yr olds experiencing frequent tension headaches, 1362
- error signal quantization, operator compensatory tracking performance concerning time delays & attentional workload, human Ss, 8983
- evaluation of response-produced feedback stimuli & association of label from interval scale, estimation of movement distance, right-handed college students, 11381
- expected but absent stimuli & feedback information about response performance, emitted cerebral events using EEG scalp records, adults, 9339
- false autonomic feedback & panhandling from white vs black vs no panhandling, subsequent interracial behavior, college students, 673
- false physiological feedback during exposure to feared situation & during subsequent exposure, speech anxiety, 10279
- feedback & instruction, verbal empathy, counselor trainees, 7723
- feedback & learner control of feedback & reasoning abilities, state ability & computer-assisted instruction task performance, college students, 8644
- feedback & practice, magnitude estimation of area & jaggedness of polygons & production of polygons with specified values of either feature, college students, 2184
- feedback & token & social reinforcement, control blood alcohol level & locus of control of drinking, 29-46 yr old chronic alcoholics, 6036
- feedback after errors & organization of problem, sequential problem solving, support of J. C. Thomas's conclusion, 9158
- feedback analysis, male & female members in university counseling practicum, 3066
- feedback exchange from practice dating, heterosexual interaction, college students with dating problems, 8406
- feedback for learning, business games & teaching effectiveness, 6272
- feedback from principals & school board members, changes in perceived behaviors, superintendents, 1724
- feedback precision & postfeedback interval duration, simple positioning task acquisition & timing task performance, college students, 6645
- feedback proportion & learning strategy, positive & negative feedback in alternative discriminations, 203
- feedback system for evaluating school psychologists' effectiveness, consumers of psychological services, 5429
- feedback using interaction analysis, attitude & behavior modification, teachers, 1751
- feedback, averaging of 2 fixed-movement of motor lengths, college students, 4374
- feedback, family therapy, 5971
- feedback, multiple-cue probability learning, college students, 6688
- feedback, reaction time & contingent negative variation & heart frequency, 16-31 yr old candidates for air service, 280
- feedforward & feedback & subjective weights, multiple-cue judgments, college students, 193
- finger pulse volume biofeedback, relaxation training, college students, 4580
- Gallaudet College training program utilizing audiovisual aids & feedback, sign language interpretation, 2971
- goal specificity & difficulty & acceptance & feedback & peer competition & participation in goal setting, goal-setting performance, literature review, 13359
- Hawthorne effect redefinition, 6500
- heart rate acceleration & deceleration during anticipation & feedback in probability learning, retarded adolescents, 8004
- history of scientific status & controversy, biofeedback, 2353
- immediate contingent social & material reinforcement with feedback, academic performance, chronic psychiatric inpatients, 12943
- immediate vs delayed performance feedback & similar vs dissimilar activities interpolated between multiple-choice test & feedback, reading retention, 5th graders, 11496
- impairment of covert-rehearsal process by response-produced feedback & interpolated activity, short-term motor forgetting, male college students, 4441
- incentive & feedback & feedback presentation method, leader's verbal behavior, college students, 12372
- interaction of locus of control & type of performance feedback, performance, white & black 10-11 yr old males & white male college students, 12437
- internal arousal & false GSR feedback, affective judgments, male college students, 11539
- intestinal biofeedback technique, functional diarrhea, 15-62 yr old females, 8319
- irrelevant dimensions & feedback, four-category concept learning, college students, 11472
- microteaching application, use of closed-circuit television & videorecording in clinical & educational settings with feedback for self-control & self-direction, 13116
- modeling & corrective feedback, conservation of equalities & inequalities, kindergartners, 5007
- monitor-modeling vs immediate-feedback supervision in practicum & individual counseling, facilitative skills of interpersonal functions, counselor trainees, 12554
- multipurpose voltage-controlled oscillator, use for experimental purpose as biofeedback, 4246
- neurophysiological feedback systems, cognitive processes, 2236
- pairing of blank reaction with positive vs negative overt feedback, interpretation of nonreaction from 1 adult to another in observational context, 3rd graders, 11980
- pattern of previous external reinforcement & direction of current nonspecific feedback, magnitude of self-reinforcement & self-punishment, female college students, 9165
- physician feedback, continuing education courses in psychiatry, 1069
- positive vs negative behavioral vs emotional feedback, credibility of personal descriptions of each other & group cohesion, college students, 7527
- practice & correction of refractive error & feedback, peripheral motion thresholds, college students, 9086
- presynaptic regulatory system & endogenous feedback inhibition, norepinephrine release, 11617
- problem-solving evaluation procedure, medical students, 12507
- reciprocal inhibition vs biofeedback desensitization, symptom remission, exhibitionist, 2 yr follow-up, 10723
- relaxation training with vs without biofeedback, bronchial asthma symptoms, 6-16 yr olds, 8308
- response-produced feedback & practice, error detection & correction in linear displacement task, college students, 2215
- S's self-esteem & test performance feedback & counselor attractiveness, change in achievement orientation, college students, 13278
- self vs other-attributed feedback, observational learning & attractiveness ratings of pictures, male college students, 184
- short quizzes, undivided attention & motivation, learning facilitation, 10927
- student practice in group leadership & feedback & participation in growth group & observation of instructor-led growth groups & instruction, educating group counselors, 12526

- student-teacher evaluation dialog, student self-awareness, 10910  
 students' initial evaluation of instruction, instructor change after feedback, college students, 3941  
 success & failure & no feedback, scholastic aptitude test performance, 7th graders, 4010  
 systolic- vs diastolic-contingent feedback, blood pressure control, college students, 6693  
 tactile feedback, intonation improvement, deaf 12-16 yr olds, 1349  
 task complexity & E feedback & internal-external locus of control, self-reinforcement behavior, 12438  
 temperature feedback, migraine headaches, 8388  
 tolerance of erotica & prose passage content under false feedback indicating physiological vs sexual arousal, obscenity ratings, medical & nonmedical graduate students, 12160  
 training in social learning principles & immediate feedback as to perception of patient-spouse verbal interactions & reciprocal behavioral contracts, depressed outpatients, 8348  
 trait-anxiety level & orienting instructions & feedback information, state anxiety, college students, 4479  
 tutorial vs teaching machine presentation mode with mechanical or verbal feedback, recall and recognition retention, retardates, 13226  
 videotape feedback sexual dysfunction therapy, couples, 12864  
 videotape feedback & group-splitting, facilitators of group process, dormitory resident advisors, 5449  
 videotape feedback in marital therapy, self-image & causality rate, disturbed marital couples, 8290  
 videotape feedback, driving performance & self evaluation, college students, 8863  
 videotape feedback, target behavior & adjustment ratings & self-description accuracy, chronic psychotic patients, 6034  
 videotape vs verbal feedback & structural discussions, meal behavior, chronic mental patients, 12971  
 videotape-feedback vs role playing, job interview behavior, clients at rehabilitation center, 8480  
 6-mo period of no practice, retention of voluntary lowering of heart rate during exercise stress, 350  
**Feeding Behavior (Animal)** [See Animal Feeding Behavior]  
**Feeding Practices** [See also Bottle Feeding, Breast Feeding, Weaning]  
 standard institutional vs special feeding technique, chronic regurgitation, 6- & 11-yr-old profoundly retarded lay-down patients, 8488  
**Feelings** [See Emotions]  
**Feet (Anatomy)**  
 contralateral stimulus sites for upper & lower extremities, skin conductance response amplitude from volar surfaces, male volunteers, 11568  
 electrical stimulation of amygdala, bilateral clonic convulsions, rats, 9460  
 foot ratios, bipedal locomotory tendencies, primates, 7268  
**Felonies** [See Crime]  
**Female Animals**  
 androgens or estrogens during Days 2-4 of life, development of masculine & feminine sexual behavior display, female hamsters, 7099  
 bilateral electrolytic habenular lesions, disruption of estrogen- & progesterone-evoked feminine sexual behavior, rats, 4673  
 concaveation & neonatal androgen treatment, maternal responsiveness, lactating females vs gonadectomized male & female rats, 11800  
 estrogen stimulation during neonatal period vs ovariectomy, motility & shuttle box & open field behavior, female rats, 11651  
 ethamoxyl-triphetol given long intervals after estradiol benzoate treatment, suppression of lordosis, ovariectomized guinea pigs, 4610  
 female-produced pheromone & free social interaction & tactile contact, sexual maturation & production of inhibitory pheromone, female mice, 9726  
 food deprivation, estrogen-sensitive responses, female rats, 9398  
 forebrain structures stimulation, copulatory & stimulus-bound behavior, ovariectomized hormone-treated female rats, 11684  
 full copulatory stimulation vs mounting by male & mechanical vagino-cervical stimulation, sexual receptivity, female hamsters, 4896  
 handling in infancy vs left undisturbed, adrenal tyrosine hydroxylase activity response to shock stress, female rats, 4578  
 hypothalamic deafferentation late in gestation, lactation & nursing behavior, primiparous rats, 4657  
 imitation of maternal behavior, pregnant nulliparous rats, 2598  
 intracerebral implants of steroid hormones, scent marking, ovariectomized female gerbils, 9455  
 lactation duration & presence of young & stimulus characteristics of intruder animals, postpartum aggression, female mice, 2599  
 luteinizing hormone-releasing factor, lordosis, estrogen-primed hypophysectomized ovariectomized female rats, 389  
 multiple progesterone injections following ovariectomy, duration of estrus, female guinea pigs, 2378  
 neonatal testosterone & testosterone propionate & ethamoxyl-triphetol, receptivity, female hamsters, 460  
 nesting material as reinforcement with contingent vs noncontingent delivery, keypressing, female mice, 4879  
 olfaction in discrimination of male odors, initiating & maintaining courtship & copulatory activities, female rodents, 4897  
 olfactory bulb removal & testosterone propionate & ovariectomy, ontogeny of maternal responsiveness, female mice, 2375  
 ovariectomy & constant light, responsiveness to estrogen, female rats, 2372  
 ovariectomy &/or adrenalectomy, early receptivity during 4-day cycle, female rats, 2409  
 ovulatory gonadotropin release, sexual receptivity, female hamsters, 11951  
 parental care, growth & development, young California mice, 11919  
 paternal & maternal parental behavior, mice, 11918  
 placenta & fetal fluids, maternal acceptance of foster young, female rats, 381  
 presentation of young, induction of maternal nest building, virgin ovariectomized & intact female mice, 2502  
 progesterone & ovariectomy & adrenalectomy, modulation of energy balance, female rats, 4624  
 progesterone-induced facilitation & inhibition of lordosis behavior, ovariectomized guinea pigs, 4620  
 reinforcement, role in sexual behavior, female rats, 2587  
 single neonatal injection of testosterone propionate, increased mounting behavior, female rats, 2483  
 subcutaneous injections of testosterone propionate, aggressive behavior, female mice, 9585  
 tactual & nontactual stimuli, lordosis elicitation, female hamsters, 9743  
 testicular & ovarian hormones, urinary frequency & posture, male vs female dogs, 11713  
 testing procedure & body weight alterations, reactivity to different saccharin concentrations, oophorectomized & intact female rats, 422  
 testosterone propionate given neonatally, sexual behavior, ovariectomized vs intact female house mice, 4618  
 testosterone propionate, fighting & mating behavior toward males, female kill-fish, 11733  
 testosterone propionate, reduction of maternal nest building, female mice, 455  
**Female Criminals**  
 age & marital status & type of crime & victims & criminal & psychiatric history, crimes of violence, male vs female criminals, 10409  
 female criminal etiology, literature review, 12685  
 psychoticism & neuroticism & extraversion, female prisoners, 3296  
 race & length of sentence & IQ & recidivism & age & marital status, homosexual vs non-homosexual behavior, female prisoners, 7970  
 sociological influences, female criminality, 12681  
**Female Delinquents**  
 pupillary response, indication of sexual preference, 13-17 yr old females in correctional institution, 10411  
 sexualization of offenses & severity of punishment, double standard of court treatment, female delinquents, 12158  
 values on & expectancy of need satisfaction for love & recognition status, prediction of sexual vs nonsexual delinquent behavior, female delinquents, 10366  
 WISC Verbal-Performance IQ differences, personality & behavior disorders, asocial & antisocial type female delinquents, 1227  
**Female Genitalia** [See also Ovaries, Vagina]  
 genital self-mutilation, 22-yr-old female with anorexia & bulimia episodes & acting-out behavior, 3337  
**Female Orgasm**  
 psychosocial & physiological factors, sex drive & orgasmic response & other aspects of sexuality, predominantly young middle-class married women, 9944

sexual partner & childhood mental disturbances & birth order & parent-child relations, sexual satisfaction & orgasmic consistency, pregnant women, 9983

# **Females (Human)** [See Human Females]

## **Femininity**

age & sex differences, recall & knowledge & preference for masculine & feminine items, 5- & 8-yr old white children from working- & middle-class families, 9867

feminine identity development, female adolescents, literature review, 5018

feminine sexuality, interpretation of L. A. Salome's work, 2994

forced-choice adjectival masculinity-femininity scale development using items from pair-comparisons, cold-warm self-assessment scale, 11232

infantile sexuality & differentiation of feminine sexuality, 3026

late adolescent & early adult development, feminine identity & careers, young women, 995

masculinity vs femininity development, 5-9 yr old males, 12074

masculinity-femininity of photographs, stereotyping in associating names connotating degrees of masculinity or femininity with facial photographs, college students, 2913

meanings & processes & variables, gender role & identity & core gender identity, 5371

measuring feminine gender identity, homosexual males, 12455

parental age & birth weight & order, effeminate behavior, boys, 3347

Personal Attributes Questionnaire, measurement of sex role stereotypes & masculinity-femininity, college students, 7697

personality construct & behavior pattern, femininity, 5407

positive contemporary values assigned to female role & instructional set stressing sexual equality vs sexual role distinction, analysis of sex of 1st drawn figure, 5th & 6th graders, 12493

production of opposite sex scores on femininity-masculinity scales, nonsectarian coeducational urban college students, replication & extension of V. J. Biehauskas's et al study, 12471

reinforcement treatment, deviant sex-role behavior, 4-yr-old male, 12975

self-image & femininity stereotypes, role conflicts & coping, college-educated women, 9957

sex-role attitudes, development of achievement need, female college students & alumni, 7649

sex-role inventory, measurement of psychological androgyny, 7631

## **Femoral Nerve** [See Spinal Nerves]

## **Fenfluramine**

etiology & long-term treatment & fenfluramine, obese persons with psychological difficulties, 1458

fenfluramine & amphetamine combinations, psychomotor test performance, normal volunteers, 446

fenfluramine & apomorphine behavioral antagonism, increase of striated homovanillic acid, rats, 11763

fenfluramine, glucose use by muscles & fatty substances in blood, mice & rats & dogs & cats & rabbits, implications for obesity treatment, 452

fenfluramine, symposium, 453

## **Fertility Enhancement**

female involvement in health care delivery & fertility control, 12189

human spermhormone, fertility & sexual activity, male & female mice, 9577

liberal abortion law, fertility trends in New York City, 784

## **Fetishism**

autoheterofetishism & injection masochism incidence, male 19-25 yr old iv drug users, 1187

behavioral analysis & therapeutic programs, trouser fetishism & fetishistic fantasies & fetish-related behaviors involved in masturbation, young adult males, 12964

infantile olfactory stimulations, role in normalcy & neurosis & fetishism & superego development, 2705

primary sexual arousal, reliance on fetish as supplement to body schema, 2 case reports of infants, 5658

sexual fantasy modification, reduction of deviant sexual behavior, male homosexuals & fetishists & rapists & pedophiles, 8344

Fever [See Hyperthermia]

## **Fibrillation (Heart)**

cardioversion & ECT, chronic atrial fibrillation, 62 yr old depressed patient, 3220

Fiction [See Literature]

Field (Visual) [See Visual Field]

Field Behavior (Animal) [See Animal Open Field Behavior]

Field Dependence

administration procedures & E sex, correlations between scores on Embedded Figures Test & Rod & Frame Test, family therapist in training, 7672

age & sex differences, perceptual field independence, 18-22 yr olds, 2999

benzocetamine, anxiety reduction, field-dependence & pain tolerance relationship, males, 8990

cognitive style, modification of moral judgment through role playing, field-dependent vs independent college students, 6653

emotional adjustment & self-acceptance & field-independence & positive-body cathexis, representation of objective body-image in figure drawings, female college students, 10145

experimental manipulation through help vs dependency arousal with help withdrawn, eye contact & field dependency, college students, 839

factor analysis of Embedded Figures Test, 20-60 yr old hospitalized psychiatric patients, suggestions for short form, 12650

field articulation, recovery from REM sleep deprivation, schizophrenics, 9349

field dependence & outer-directedness, problem solving, institutionalized retarded children & nonretarded 1st graders, 12731

field dependence in perception, book, 2141

field dependence, driving performance, 11105

field dependence, incidental learning & intelligence, adults, 11425

field dependence, personality traits on Minnesota Multiphasic Personality Inventory & styles of psychopathological adjustment, psychiatric outpatients, 12621

field dependency-independency dimension of perceptual style, literature review, 6575

field independence & Piagetian developmental level, problem-solving performance, middle-class young adolescents, 12047

field independence vs dependence, corneally-reflected horizontal eye movements during rod & frame test performance, college students, 2279

handedness & ear-preference, field-dependence, 11448

IQ & field dependence & intellectualization, primary process responses & adaptive regression on Rorschach Test, males at ages 14 & 24 yrs, longitudinal study, 12075

placebo-instructional sets & personality variables, subjective & objective psychophysiological responding, college students, 4556

presleep stress & field dependence, dream recall, 6784

primary abilities & field dependence, adopted children, 2636

primitive-level Externalizer-Internalizer & Regulated-Flexible functioning dimensions of personality assessment system, performance on rod & frame test, college students, 3003

rod & frame & Hidden Figures visual & auditory tests & scale of body sophistication, field dependence-independence measures, young adult college educated males, 5381

sensation-seeking motive, field independence, male vs female college students, 7646

social class, intellectual level & perceptual style, school age children, 12011

Fighting [See Aggressive Behavior]

## **Figure Ground Discrimination**

color of ground & presentation methodology, spiral aftereffect, 11350

figure & ground perception, clarification of misunderstandings based on E. Rubin's work, 2176

line density, relative magnitude of increment/decrement at inflection points of Mach patterns, 11328

## **Film Strips**

counseling films & flexible program scheduling, guidance conferences in counselor education, 12552

real-life vs imaginary aggressive vs nonaggressive film, interpersonal play in same-sex pairs, 6-10 yr old males vs females, 12085

slides vs films of various erotic themes, sexual arousal & penile volume, heterosexual males, 11629

## **Filtered Noise**

high- vs low-pass filter, unaltered perception of tonal character of white noise at different levels, 6589

unfiltered vs low-pass filtered presentation of audiovisual stimuli pairs, paired-associate learning & recall, college students, 11387

## **Filtered Speech**

distorted monosyllables, filtered speech audiometry, 4-5 yr old normals & adults & 8-18 yr old mentally retarded, 1281

Financial Assistance (Educational) [See Educational Financial Assistance]

Finger Tapping

- high vs low tendency to react to interference tapping speed at leisure vs under time pressure, 16-21 yr-olds, 2623
- response & attention limitation, tapping rate as measure of expectancy, 2291
- Fingers (Anatomy)**
- diurnal variation, postural finger tremor, adults: role of changes in circulating catecholamines, 11635
- fingerprint patterns & ridge counts, criminal conviction, sex criminals vs males convicted of violent crimes vs noncriminals, 1239
- kinesthetic stimulation of finger vs elbow, motor reaction time, 6651
- Fingerspelling**
- interpretation processes involved in translating oral communication into sign language or fingerspelling, 2946
- prolonged exposure to fingerspelling, referent description task performance, deaf 8-14 yr-olds in residential school, 13222
- Finland**
- alcoholism, regional distribution & morbidity & rehabilitation needs, work disability pensioners in Finland, 5653
- community psychiatry, prognosis in schizophrenia, Finland, 6147
- religious-educational research summary, Finland, 2800
- research, Finland, 1973, 4254
- seasonal alternation, depression & neurotic disorders, men over 50 living in country town & rural area in Finland, 5613
- societal change, innovation in corrections, analysis of Finland's penal colonies, 13030
- work behavior & time urgency & life dissatisfaction, male survivors of a myocardial infarction from Finland vs Sweden vs US, 9931
- Fire Prevention**
- computer application, fire control function in Swedish army artillery, 11159
- employees of public & private institutions, 3892
- Fishes** [See also Carp, Cichlids, Goldfish, Salmon, Sticklebacks]
- accommodative changes indicated by change in refractive error of eye, lemon sharks, 4928
- adaptations to acoustic environment, squirrelfish, 9762
- agonistic & reproductive behaviors during breeding season, fathead minnows, 11933
- behavioral & environmental variables & isolation, spawning initiation & responses to chemical & visual stimuli, anabantid fish, 9718
- bioluminescent & visual systems, lantern fish, 557
- blue & yellow coloration & movement & size & shape, releasers for territorial behavior, tropical reef fish, 525
- chlordiazepoxide, intensity & habituation of agonistic behavior, Siamese fighting fish, 4734
- circular avoidance tank with controlled water flow, small fish, 11882
- cleaning symbiosis between stickleback & pike in captivity, 523
- coloration, solitary vs pairing social behavior, pomacentrid coral reef fish, 2578
- exposure to varying numbers of conspecific eggs, induction of parental behavior, male blue gouramis, 535
- habituation & recovery of aggressive display, male fish, 9717
- home tank aquatic shuttlebox, experimental design for transferring fish from home tank to training apparatus, 7160
- hypophysectomy vs sham operations, thermoregulatory behaviors, rainbow trout, 9429
- imprinting, sexual preferences for color variants, platyfish, 2582
- inter- & intraspecific intruders, reproductive behavior, variegated pupfish, 7234
- intra- & interspecific social & aggressive behavior, male fighting fish, 4903
- light conditions, attack behavior, sharks, 9742
- moving model of cleaner fish as positive reinforcement through tactile stimulation, butterfly fish, 11875
- photographic technique, determination of 3-dimensional position of fish schooling, minnows, 4912
- photopic spectral sensitivity, neon tetra, 7273
- placement with courting males & ovariectomy & temporal aspects of testing & isolation from males, sexual responsiveness, female guppies, 7241
- rearing in isolation, species identification, zebra fish, 9740
- reinforcement schedule & visual reinforcers, operant responding, fighting fish, 2570
- rigid setup for microelectrode research, fish, 328
- short photoperiod, regulation of reproduction, blue gourami, 7225
- short-term social isolation, sexual responsiveness, male swordtails, 2584
- social behavior & ecology, coral-reef fish, 7142
- social facilitation, feeding behavior, fresh-water fish, 2602
- testosterone propionate, fighting & mating behavior toward male female kribia-fish, 11733
- vibratory stimulation, startle response, developing larvae of zebra fish, 4922
- visual discrimination during spawn splashing, male spraying characids, 4921
- visual reinforcement, operant acquisition in presence of free murres, male fighting fish, 2508
- water volume of housing containers, fighting behavior, Japanese kribiafish, 2591
- yellow filters & spectral absorbance of isolated retinal area, analysis of visual pigments, species of Amazonian fish, 2358
- Fixed Interval Reinforcement**
- changing feeding rate, learning to barpress, rats, 510
- component fixed-interval reinforcement schedules, synthesis of variable-interval performance, male pigeons, 9637
- concurrent chain schedules with equal aperiodic schedules in initial links & FI schedules in terminal links, choice proportions in initial links, pigeons, 2519
- dextroamphetamine before & after bilateral ablation of frontal cortex on fixed interval reinforcement schedule, barpress responding, rats, 6943
- diazepam & chlorpromazine & amphetamine timing behavior on fixed interval or differential reinforcement schedules, rats, 11758
- discrete-trial fixed-interval reinforcement schedules, response latency & frequency, male pigeons, 7171
- extended FI training, response rate during reversal of clock, female pigeons, 2515
- fixed vs variable omission vs extinction training, elimination of keypress response established on FI vs VI reinforcement schedule, college students, 2272
- fixed-interval reinforcement schedule, stimulus control of responding, pigeons, 9705
- fixed ratio & fixed-interval reinforcement schedules, free operant behavior acquired during vicarious learning, medical students, 11453
- fixed ratio & FI schedules, control of matching-to-sample errors, 4-yr-olds, 2243
- fixed-time vs fixed ratio schedules of response-independent vs dependent reinforcement, response rates, pigeons, 11837
- fixed-time vs fixed-interval schedules, electric shock response, monkey, 9858
- functional analysis, chained fixed-interval schedule performance, pigeons, 7157
- initial-link strength, preference for fixed-interval schedules after training on concurrent-chains schedules, pigeons, 7212
- intramuscular dextroamphetamine, response proportions to fixed-interval reinforcement interval proportions, pigeons, 9489
- lick-contingent timeout, schedule induced polydipsia, female rats, 2521
- multiple variable interval schedules with alternating components concurrent with fixed interval schedule of food reinforcement, relation between response rates, pigeons, 7193
- stimuli & reinforcement pattern changes, variable- & fixed-interval schedules & relation between behavioral contrast & frustration effect, 11901
- variable vs fixed-reinforcer duration, pecking rates & preferences, pigeons, 2520
- 2nd-order interval schedules, control of behavior, male pigeons, 4885
- 2nd-order schedules using chained vs brief-stimulus vs tandem procedures, response patterns & rates, male pigeons, 2544
- Fixed Ratio Reinforcement**
- amygdaloid lesions & food deprivation, responding at fixed-ratio schedule, male rats, 9444
- delay of reinforcement, length of pause before resumption of responding in fixed-ratio behavior, rats, replication of M. J. Morgan's study, 11878
- dextroamphetamine, fixed ratio 30 performance with food vs brain stimulation reinforcement, rats, 9496
- extinction vs punishment suppression of fixed ratio cocaine self-administration, monkeys, 9648
- fixed ratio schedules, choice of barpressing in presence of free food, male rats, 4883
- fixed ratio size & reinforcement magnitude, systematic control of pause length in multiple schedules, rabbits, 7177
- fixed ratio size, adjunctive bout pecking & response rate & postreinforcement pauses, pigeons, 7189

- fixed-ratio & fixed-interval reinforcement schedules, free operant behavior acquired during vicarious learning, medical students, 11453
- fixed-ratio & FI schedules, control of matching-to-sample errors, 4-7 yr olds, 2243
- fixed-ratio reinforcement schedules, aggressive behavior in knob-pulling task, college students, 9276
- fixed-time vs fixed ratio schedules of response-independent vs dependent reinforcement, response rates, pigeons, 11837
- instrumental conditioning of hippocampal theta & subsequent response persistence on fixed-ratio reinforcement schedule, resistance to extinction, male rats, 4848
- intraperitoneal injection of morphine, interresponse intervals in fixed-ratio performance, rats, 9505
- medial & lateral amygdala lesions, fixed-ratio performance, male rats, 11671
- nesting material as reinforcement with contingent vs noncontingent delivery, keypressing, female mice, 4879
- preference for free vs response-produced food on continuous reinforcement fixed ratio schedules, male rats, 2532
- protein deficiency, performance on multiple fixed-ratio learning & extinction schedules, pigeons, 4604
- reinforcement frequency, performance on multiple fixed-ratio schedule of rewarded & nonrewarded responding, male rats, 9711
- septal lesions, averaged visual evoked responses during fixed-ratio barpressing for sucrose, male rats, 7007
- time-out from maximal fixed-ratio positive reinforcement, stimulus change or avoidance, rats, 7207
- various across trial fixed-ratio schedules, reinforcement of ambiguous-cue problem performance, pigeons, 2558
- ventromedial hypothalamic lesions, fixed-ratio performance at 4 motivational levels, rats, 11690
- Flexibility (Personality)** [See Adaptability (Personality)]
- Flies** [See Diptera]
- Flight Instrumentation**
- categories presented in sequence vs randomly vs no pretraining, transfer-of-training from audiovisual pretraining to instrument flight task performance, 11133
- moving-aircraft & horizon attitude indicators, in-flight performance, civilian pilots, 4214
- target size & brightness & ambient illumination level & color, visual field, implications for aircraft cockpit instrument design, 6610
- Flight Simulation**
- aircraft simulators, pilot training, 13302
- automated measurement, flight simulator performance in pilot training maneuvers, 13418
- automated-adaptive techniques in flight simulators, air-to-air intercept training, US Navy pilots, 1968
- description & evaluation, computer-based individual trainer for radar intercept observer practice, 1983
- effectiveness, synthetic flight training, 13331
- flight simulator transfer of training, literature review, 13328
- incremental transfer effectiveness, ground-based general aviation trainer, student pilots, 13324
- instructor station design, flight simulation, 8868
- simulation, aircrew training & performance, 13300
- simulator motion, flight-director display evaluation, male pilots, 13416
- transfer of training & training effectiveness measurement, pilot training, 13301
- vertical acceleration requirements, landing simulation, airline pilots, 13408
- visual obstructions imposed by helmet-mounted display hardware, target vigilance effects, US Air Force cadets, 2022
- Flooding Therapy** [See Impulsive Therapy]
- Fluency** [See Verbal Fluency]
- Fluphenazine**
- depot fluphenazine decanoate, relapse prevention, schizophrenic outpatients, 12881
- desmethyldichlorpromazine & fluphenazine & chlorpromazine, blockage of insulin release, adrenalectomized rats, 11799
- flupenthixol & its 2 isomers vs clopenthixol & chlorprothixene & fluphenazine & perphenazine & chlorpromazine & haloperidol, pharmacological profiles, male mice & rats & guinea pigs & rabbits & cats & dogs, 2464
- fluphenazine & haloperidol, outpatient schizophrenic 6-12 yr olds, double-blind comparison, 3645
- fluphenazine decanoate, long-term symptom control & side effects, psychiatric patients, 8252
- fluphenazine enanthate, clinical changes, chronic schizophrenics, 10610
- Folk Medicine**
- preventive medicine procedures, Indian healer, 12830
- symbolic functions, medical practice, 10799
- treatment by traditional healers, psychotics in West African rural community, 1369
- Folklore** [See Myths]
- Folktales** [See Myths]
- Followup (Posttreatment)** [See Posttreatment Followup]
- Followup Studies**
- adjustment, adolescent outpatient, follow-up study, 5861
- alcohol rehabilitation center program evaluation, review of follow-up studies, 12880
- behavior modification, 29-yr-old chronic male alcoholic, 1-yr follow-up, 8364
- bilateral trachelotomy, recovery, obsessional neurotic & depressive patients, 3-yr follow-up, 3832
- bipolar manic-depressive patients, follow-up, 7826
- blind 2 yr olds, 20-yr follow-up study, 3434
- children with learning disabilities referred to psychiatrists, followup study, 5698
- clinical & social course, suicide attempters, Norway, follow-up study, 5655
- communication group participation, group experiences, college students, follow-up study, implications for leadership style, 12234
- conferences on rehabilitation of homebound persons, 12-18 mo follow-up of generated interest, 8473
- contraceptive methods after abortion, 6-mo follow-up study, 12185
- counseling & guidance graduates of 1970, follow-up study, 7794
- counterconditioning with bronchial dilation training through biofeedback reinforcement, asthmatic attack frequency & emergency room visits & amount of medication, 8-16 yr olds, 1-yr follow-up study, 10698
- crisis service unit within emergency room of hospital, personal satisfaction & depressive symptomatology & physical & personal problems, psychiatric outpatients, 1-yr follow-up study, 6080
- dealing with traumas & attitude toward life changes and expectation of fast rehabilitation, success of rehabilitation, patients in chronic hemodialysis, follow-up study, 10818
- diagnosis & admission criteria, posthospital adaptation, psychiatric patients in general hospital, follow-up study, 1651
- diagnostic validity, primary affective disorder, hospitalized psychiatric patients, 5-yr follow-up, 12624
- differential prognosis, reading backwardness & specific reading retardation, children, 5-yr follow-up, 4061
- disability separations for psychoneurosis, mortality rate, Army veterans, 24-yr follow-up, 3189
- drug usage & dependence, Vietnam veterans, follow-up, 5657
- electrosleep therapy, schizophrenic & neurotic & manic-depressive patients, 12-yr follow-up study, 5752
- family-centered preschool program, number-facility & spatial-relations scores on Primary Mental Abilities test, black vs white preschoolers, follow-up, 13166
- father identification, occupational status & personal satisfaction, rural male adolescents, 1-yr follow-up, 13289
- hypnosis & systematic desensitization, vaginismus, patients, follow-up study, 1508
- individualized behavior therapy, alcoholics, 1-yr follow-up treatment outcome, 8375
- institutional impact measurement, prediction of success in either placement or reincarceration, hostile & aggressive delinquent boys, follow-up, 3853
- instruction in self-management techniques vs reinforcement with E-administered tangible rewards, weight loss, obese women, 2-yr follow-up, 8326
- intellectual subnormality & personality disordered & specific childhood symptoms, psychiatric patients, 15-25 yr follow-up, 3216
- legal & ethical considerations for marijuana research, 21-30 yr olds, 18-mo follow-up & literature review, 12508
- length of stay & age & diagnosis & discharge & death & remission rates, psychiatric patients, 6-yr follow-up study, 1664
- long-term follow-up, formerly hospitalized psychotic vs neurotic adolescents, 8506
- long-term reinforcement effects, reading achievement, 5th & 6th graders, follow-up, 13123
- mentally healthy experiment controls, 14-yr follow-up, 10299

- monozygotic twins discordant for schizophrenia, follow-up study, 3137
- neonatal meningitis, follow-up of 30 cases at 1-10 yrs old, 12770
- occupational & political correlates, former student activists, long-term follow-up, 2819
- open ward & resident training, rehospitalization rate, psychiatric patients, 1-yr follow-up study, 5832
- perinatal stress, psychometric deficits, neurologically normal 7 yr olds, 4972
- predictive validity, Ramak vocational interest inventory, 7-yr follow-up, 13241
- primary or secondary diagnosis of CNS dysfunction, Ss referred for vocational rehabilitation, follow-up study, 12784
- program profile, rehabilitation counseling graduates, 1957-1971, 12528
- prolonged exposure to fingerspelling, referent description task performance, deaf 8-14 yr olds in residential school, 13222
- psychedelic drug abuse as defense, adolescents, 3-yr follow-up study, 3298
- psychiatric treatment, 11-15 yr olds in child psychiatric ward, 1.5-2 yr follow-up, 6149
- psychoanalysis & haloperidol, Gilles de la Tourette's syndrome, 42-yr-old female, 25-yr follow-up, 8397
- racial differences, psychiatric symptoms, white vs black inpatients, follow-up study, 5618
- record & follow-up study, personality disorder, 12653
- schizophrenia, psychiatric patients, longitudinal follow-up study, 12600
- sensitivity training, self-actualization, YMCA administrators, 1 yr follow-up, 5201
- severe brain injury with 24 hr unconsciousness, school attendance & performance, 4-10 yr olds, follow-up study, 12776
- short- vs long-term hospitalization, symptomatology & posthospital treatment, schizophrenics, follow-up study, 8499
- social adjustment, 16-30 yr old female attempted suicides, follow-up study, 7978
- social origin & educational attainment, delinquency rate, 31 & 24 yr old males graduated from public junior high school, 10400
- study counseling vs desensitization, test anxiety reduction, college students, 2-yr follow-up, 10537
- T-group experience, self-actualization level, 22-50 yr olds, 1 yr follow-up, 5192
- teacher-bias & teacher-expectancy effects, achievement test performance, elementary school students, follow-up of J. B. Dusek & E. J. O'Connell's study, 11023
- teaching experiences in undergraduate adolescent psychology course, 1st-yr residents in psychiatry, 7-yr follow-up, 10225
- training workshop, 18-54 yr old retardates, follow-up study, 13035
- treatment evaluation & relapse probability, alcoholics, 2-yr follow-up, 1467
- treatment outcome, urban vs rural psychiatric day hospital patients, follow-up study, 10854
- verbal facility & coping with anxiety by aggression & withdrawal & alienation as socialization factors & vex, later school success, 4-5 yr old black & white poor inner-city children, follow-up in kindergarten to 2nd grade, 11024
- visual conversion reaction, children, follow-up study, 12632
- vocational rehabilitation, mentally retarded, 5-yr follow-up study, 8469
- ### Food Deprivation
- activity wheel running, barpressing rate for food on variable interval schedule, food-deprived rats, 11857
- acute fasting, sleep & sleep-growth hormone response, adult males, 4569
- amygdaloid lesions & food deprivation, responding at fixed-ratio schedule, male rats, 9444
- body weight, responding variability on concurrent schedule, male pigeons, 7188
- carbohydrate feeding & adaptive value, food-deprivation water polydipsia, gerbils, 11957
- continuous or VI schedules of reinforcement under increasing level of food deprivation, heart rate & activity index & duration of grooming & rearing episodes, male rats, 4918
- dextroamphetamine & food deprivation or body weight, food consumption, rats, 4770
- drinking induced by water deprivation & water & food deprivation & food-associated ad lib drinking & salt arousal of drinking & peripheral modulation of deprivation induced drinking & similarities to adjunctive drinking, specificity of behavioral regulation, critical review of animal data, 9704
- electrical stimulation in ventromedial hypothalamus, food intake, food-deprived male rats, 11664
- fasting, metabolic adaptation to glucose load, manic-depressives, 1123
- food & water & saccharin & sucrose deprivation-reward combinations, barpressing vs freefeeding, rats, 9698
- food & water deprivation followed by food given in elevator, elevator phobia, male patients, 8302
- food deprivation & fluid sweetening, alcohol consumption, rats, 7061
- food deprivation at start vs end of hibernation season, continuous hibernation bout length, ground squirrels, 6921
- food deprivation, aggression, mice, 7249
- food deprivation, cue utilization from complex stimulus goal as tested by its novelty-incentive value, male rats, 11862
- food deprivation, estrogen-sensitive responses, female rats, 9398
- food deprivation, preference for boarding food, male rats bearing electrodes in lateral hypothalamus to operate shuttle box for self-stimulation, 4868
- hippocampal lesions, sucrose preference behavior following food & water deprivation, male rats, 2391
- insulin dose & pretreatment time & food vs water reinforcer & reinforcement schedule & food deprivation level, operant leverpressing, male rats, 9512
- low-protein diet, spontaneous cage & chain-pulling behavior, monkeys, 11954
- magnesium deprivation, epileptiform seizures, 60-day-old gerbils, 8841
- maintenance schedule & current deprivation, speed & accuracy of maze learning, male rats, 11876
- methamphetamine, fixed-ratio responding, food-satiated vs food-deprived rats, 4781
- number of flies consumed in 24-hr period & food deprivation & available food, web spinning, common house spiders, 2542
- nutritional rehabilitation, preferences for diets varying in protein & reactions to novel stimuli, protein-malnourished monkeys, 11961
- physostigmine & food deprivation & discrimination experience, choline acetylase & acetylcholine esterase in dorsal hippocampus & frontal cortex, male rats, 467
- preschedule noncontingent shock, enhancement of schedule-induced polydipsia, female rats, 4862
- protein deficiency, performance on multiple fixed-ratio learning & extinction schedules, pigeons, 4604
- satiated & deprived conditions, saccharin taste aversion, rats, 9768
- sex differences & residual effects of food deprivation & satiated conditions, performance in running & food consumption, rats, 4887
- slow vs sudden set point changes in body weight regulation, ground squirrels vs hypothalamically lesioned rats, 6960
- spaced feeding of food & continuous vs restricted access to water, excessive drinking behavior, food-deprived rats, 7167
- vasopressin tennate & nonnutritive bulk, deviations in body fluids during fasting & plasma hypovolemia, gerbils, 2389
- water deprivation rearing, food-deprived drinking, rats, 11959
- 6-hydroxydopamine stimulation of hypothalamus, bar pressing for & home cage ad lib consumption of food & water, food- & water-deprived rats, 11679
- ### Food Intake [See also Eating]
- adrenalectomy & /or ovariectomy, food intake & body weight, obese rats, 9469
- amphetamine tolerance, food intake, food-deprived rats, 11744
- amphetamine-induced anorexia, role of catecholamines, male rats, 4714
- auditory & visual signals for response-independent food, food-reinforced pecking & treadle-pressing, male pigeons, 4863
- barpressing under continuous reinforcement & VI & fixed-ratio schedules, food & water motivations, hypothalamic hyperphagic rats, 4690
- bilateral symmetrical lesions in gustatory thalamus, sodium chloride intake, male rats, 4702
- blinding & lateral hypothalamic lesions & ventromedial hypothalamic & septal lesions, size of food effect on food consumption, mice, 6959
- central serotonergic lesions made with 5,6 dihydroxytryptamine, locomotion & rearing & food consumption & response to analgesic properties of morphine, female rats, 11665

- chronic dextroamphetamine, food intake & body weight & locomotor activity & subcellular distribution of drug in brain, rats, 4771
- cue prominence & S weight, food-directed instrumental performance, obese & normal Ss, 9279
- cypoterone acetate, food & water intake & growth, rats, 11824
- decreasing accessibility of meals, free feeding patterns, male rats, 9662
- dextroamphetamine & food deprivation or body weight, food consumption, rats, 4770
- dextroamphetamine interaction with CNS depressants, food intake & spontaneous motor activity, mice, 9479
- dietary selection, adaptation to water restriction, male weanling rats, 2552
- effort & entire meal vs small meal portion reinforcement, meal frequency & size & eating rate, male guinea pigs, 7173
- electrical stimulation in ventromedial hypothalamus, food intake, food-deprived male rats, 11664
- estradiol & pituitary growth hormone, food intake, ovariectomized & hypophysectomized female rats, 4700
- estrogens & estrus, food intake, female rats, 4608
- fixed ratio schedules, choice of barpressing in presence of free food, male rats, 4883
- food intake, normal & over- & underweight Ss, 3457
- food proximity controlled by running wheel access & sex, food intake, rats, 11868
- foreleg posture, responsiveness to alimentary stimulus, insect *Ranatra linearis*, 7260
- hair changes in dark laboratory environment with artificial diet & upon sunlight exposure, tree shrews, 6911
- home cage & open-field defecation & food & water intake, measurement of emotional reactivity, Maudsley reactive & nonreactive strains of rats, 9654
- hydration, release of inhibition of feeding produced by intracranial angiotensin, male rats, 2383
- incertal & lateral hypothalamic lesions, food & water intake, male rats, 6981
- intraocular & intraportal glucose & amino acid injections, food intake, pigs, 11815
- intraventricular hypothalamic administration of insulin, short-term food consumption, normal vs diabetic rats, 9435
- low calcium diet & lead injection, lead acetate solution vs calcium ingestion, weanling rats, 392
- mineralocorticoids & glucocorticoids, water & food & salt intake, male rats, 9578
- morphine, alcohol & food & water consumption, rats, 11811
- number of flies consumed in 24-hr period & food deprivation & available food, web spinning, common house spiders, 2542
- past experience, willingness to work for food, obese & normal weight college students, 8132
- phenfluramine derivative SE-780, body weight & food intake & sedative & behavioral effects, male rats, 7124
- prior aversive classical conditioning of nictitating membrane response, classical appetitive conditioning of jaw-movement response, rabbits, 4880
- progesterone & ovariectomy & adrenalectomy, modulation of energy balance, female rats, 4624
- septal lesions, averaged visual evoked responses during fixed-ratio barpressing for sucrose, male rats, 7007
- slow vs sudden set point changes in body weight regulation, ground squirrels vs hypothalamically lesioned rats, 6960
- spaced feeding of food & continuous vs restricted access to water, excessive drinking behavior, food-deprived rats, 7167
- spectral analysis, hippocampal slow wave activity during feeding & drinking, male rabbits, 9312
- sucrose & running wheel novelty, sucrose intake inhibition, rats, 11867
- summation of food & shock based responding, dogs, 4875
- vagotomy, meal size of diets containing fat, male rats, 9422
- vasopressin tennate & nonnutritive bulk, deviations in body fluids during fasting & plasma hypovolemia, gerbils, 2389
- ventromedial hypothalamic destruction, hyperinsulinemia & elevated levels of free fatty acids as result of overeating, male rats, 4695
- voluntary activity on horizontal disc exercises & exercise termination, weight regulation process, hamsters, 9624
- 6-hydroxydopamine stimulation of hypothalamus, bar pressing for & home cage ad lib consumption of food & water, food- & water-deprived rats, 11679
- Food Preferences**
- deprivation level & sex & fluid type, lick rates, rats, 11885
- flavor preferences during thirst vs satiation, retention of learned increase in preference for flavored solution, 1-mo-old male rats, 9683
- food deprivation, preference for hoarding food, male rats bearing electrodes in lateral hypothalamus to operate shuttle box for self-stimulation, 4868
- food preferences, black rats, 9766
- free-choice & barpress, alfalfa vs regular vs sucrose food preferences, rats, 11946
- genotype & sugar & concentration, sugar preference, mice, 4599
- glucose vs water vs saccharin vs glucose & saccharin preferences, Mongolian gerbils, 2622
- high vs low hunger & high vs low preference dinners, eating responses during meals, male college students, 6841
- hippocampal lesions, sucrose preference behavior following food & water deprivation, male rats, 2391
- hypothalamic electrical stimulation, banana vs meat pellet consumption, cats, 11703
- menstrual cycle, sweetness preferences & appetite & weight gains, women, 4587
- nursing & weaning experience, establishment of flavor preference, rats, 7154
- nutritional rehabilitation, preferences for diets varying in protein & reactions to novel stimuli, protein-malnourished monkeys, 11961
- preferences for sucrose mixed with saline vs de-ionized water, red-winged blackbirds, 11965
- presentation order & interstimulus interval, product preference bias in soup testing, housewives, 12379
- septal lesion & experiential history, saline & saccharin consumption preference-aversion behavior, rats, 11659
- solid vs dry-food vs wet-mash base, preferences for sodium saccharin, rats, 11892
- Football**
- concussion, delayed forgetting, football players, 8114
- Forced Choice (Testing Method)**
- free & forced choice trials, dimensional preferences in size & brightness tests, kindergartners, 11990
- multiple-choice vs true-false item format, reliability & difficulty, college students, 13272
- Foreign Language Education**
- attitudes toward French syllabus emphasizing oral rather than literacy skills, Nigerian French language teachers, 10966
- cognitive vs stimulus-response learning theories, teaching foreign languages, 3970
- computer analysis of literature, teaching French, 4002
- dialog memorization & presentation, foreign language achievement, college students, 3998
- implicit vs explicit teaching methods, teaching English grammatical structures, 17-60 yr old Swedes, 4000
- importance of mastery of mother tongue preceding instruction in 2nd language, 3961
- language competence in English & Spanish, early bilingual education, Mexican-American children entering preschool, 8632
- methodology, foreign language teaching, India, 1810
- Modern Language Aptitude Test & American College Test & GPA, prediction of success in college foreign language courses, college students, 4004
- pedagogical grammar science, preparation of foreign language teaching material, 3980
- time lapse in instruction over summer vacation & 1 semester, second language retention, students, 4052
- Foreign Language Learning**
- hearing vs deaf parents, Test of English as a Foreign Language scores, deaf adolescents, 12761
- instructional methods & personality, proficiency in German, Swedish 8th graders, 10951
- time lapse in instruction over summer vacation & 1 semester, second language retention, students, 4052
- Foreign Language Translation**
- familiarization of words between & within different language word lists, facilitation of same vs different language word learning, Spanish-English bilingual adolescents, 11437
- noise, simultaneous interpretation, professional interpreters, 12385
- translation & interpretation from one language to another using teletypewriter & television & telephone, teleconferencing information exchange, 5276

## Foreign Languages

- translation & interpretation from one language to another using teletypewriter & television & telephone, teleconferencing information exchange 531b
- Foreign Languages**
- diminutives & augmentatives feminine & masculine gender in grammar, French-speaking Ss 10108
- unemployment & crowded living conditions & language & intercultural conflict & health immigrants to Hawaii, 5104
- Foreign Policy Making**
- grass-roots involvement in military industrial complex, militarism, male veterans & defense workers, 2848
- Foreign Study**
- counseling program using indigenous foreign student leaders, college adjustment & coping with personal problems foreign students, 4105
- educational & psychological aspects, foreign training & study, Iranians, book, 13073
- performance & scholarship & commitment & dedication foreign psychiatric residents in U.S. medical school, 1063
- Foremen (Industrial)** [See Industrial Foremen]
- Forensic Psychiatry**
- adversary process, psychiatrists, 12150
- alleged offense psychiatric finding of dangerousness, incompetent & indicted felony defendants, 964
- Bayesian analysis, determination of guilt vs insanity, psychiatrists, 7883
- Butler Committee memorandum, laws relating to mentally abnormal offender, 1090
- cultural differences, attitudes toward mental illness & implications for legal policy & decision making, 7900
- definition of educable mentally retarded implications of recent court suits for American Association on Mental Deficiency, 10435
- definitions of illness & norm & freedom of choice concepts, psychiatric forensic opinion, 5511
- ethics involved in coercive therapeutic intervention, therapist & courts' roles, 7768
- expanding functions, forensic psychiatry, 12200
- hiring by both parties & court appointments, witnesses as experts, psychiatrists, 3453
- law & psychiatry, book, 3534
- nurse's role in prison setting, group therapy with criminals, 6024
- problems in applying judgment of "dangerous" to psychiatric patients, psychiatrists & judge, panel discussion, 5649
- psychiatry, criminal responsibility & insanity, 1386
- training program, legal psychiatry, 5482
- Forgetting**
- attitude change, reduction of dissonance by distortion of recall of initial position, high school students, 722
- augmented vs minimal feedback, forgetting in short-term motor memory, college students, 2288
- explicit within-list vs implicit postlist instructions to forget, immediate recall & final recognition, college students, 9268
- forgetting vs object conception, Stage IV error, infants, analysis of Piaget's explanation, 9814
- impairment of covert-rehearsal process by response-produced feedback & interpolated activity, short-term motor forgetting, male college students, 4441
- incongruous reading material, reading achievement & decreased forgetting, 5th graders, 4014
- instructions to forget prior motor learning, short-term motor memory & proactive interference, college students, 9210
- item repetition prior to increased intertrial interval to reduce forgetting of interfering items, temporal course of recovery from interference, college students, 9265
- lack of cognitively appropriate retrieval information, cue-dependent forgetting, 253
- passage of time, loss of information from short-term memory, 9238
- presentation rate & initialist repetition, immediate probe recall, college students, 9209
- signal to forget presignal items, retention of postsignal items, college students, 4472
- signal to forget presignal pairs, memory of paired associates, college students, 4465
- visual fixation to novel vs previously exposed stimuli, delayed recognition memory & forgetting, 21-25 wk olds, 2642
- Form And Shape Perception**
- ability to synchronize abstract perception of axis along where objects are grasped, form recognition, 3-6 yr olds, 2114

- adaptation to chromatic pattern borders, visibility of stabilized lines of same vs different color, 2161
- age & physically present vs photographed stimuli shape constancy 6-19 yr olds, 11981
- age-part-whole relations in visual perception, 5-9 yr olds, 2650
- apparent misalignment of 2 oblique collinear lines, Poggendorf effect without parallels, 133
- classification of stimulus patterns based on size vs form visual evoked potentials, college students, 11526
- compensation for movement produced changes of object orientation, 9108
- different shapes of equal area, ranking of apparent area, college students, 2183
- differential reinforcement performance on color & form dimension during acquisition of 2-choice problems, male monkeys, 9623
- dimensional preference for color vs form, reversal & nonreversal shifts in discrimination learning, preschoolers vs kindergarten vs 2nd vs 4th graders vs junior high school students, 9011
- distance & size & angle of orientation of standard rectangle, shape constancy development, 5a with mean ages of 4.3 & 11.4 & 19.5 & 25.6 yrs, 581
- emphasis on analytic vs structural processes & familiarity & embeddedness, detection of embedded figures, college students, extension of H. S. Hoch's individual differences, 9029
- feedback & practice, magnitude estimation of area & jaggedness of polygons & production of polygons with specified values of either feature, college students, 2184
- figure & ground perception, clarification of misunderstandings based on L. Ruben's work, 2176
- form & color & size similarity judgments & extradimensional shifts to dominant vs nondominant dimension, 9 yr olds, 11351
- form & color perception, cerebral palsied 4-7 yr olds, 1422
- form preference & verbalization during trials, form & color discrimination learning, kindergarten, 12003
- haptic equivalence matching of curvature congenitally blind vs sighted humans, 8020
- haptic perception form reproduction, kindergarten children, 9012
- illusory distortion, stability of forms, college students, 2167
- intelligent problem solving, form perception of figure revealed through narrow aperture, 6634
- judgements of right side up & rotation errors in copying figures, 4 & 5 yr olds, 11976
- laws of visual organization, computing dominant points on sample shapes, 9101
- learning of 2-choice color & form discrimination problems with reversal & nonreversal shifts, eye movements, female monkeys, 7208
- new negative stimulus, discrimination reversal learning, preschool children, 9159
- optical expansion patterns, locomotor control, 2175
- perception & copying, orientation of geometric shapes, preschool children, 2635
- perception of disoriented figures, 167
- range of angle variation, shape-constancy perception 6-19 yr old students, 580
- retroactive interference, reproduction & recognition of visual figures, 16-18 yr olds, suggested contextual theory of memory, 9234
- scanpaths, learning & recognition of 2-dimensional random shapes, college students, 9091
- short-term retention of color & shape information, severely subnormal children, 8043
- stereoscopic form disappearance, 7-13 yr olds with temporal lobe seizure disorders, 12818
- stimuli discrimination of form & forward associations, intermemory transfer between vision & touch, college students, 11462
- stimulus color & form, discrimination learning, preschoolers, 9849
- stimulus complexity, perception of random shapes, graduate students, 4342
- stimulus wavelength & intermittent illumination, form perception, graduate & college students, 2173
- task delay & sequenced bimodal input, visual-haptic form recognition, college students, 9032
- texture & noise & choice alternatives & discriminability & perceptual viewing & figure type, response time & accuracy in visual perception of form, 4362
- transformations, recognition of shapes on different backgrounds from different angles, college students, 4339

- visual & haptic modalities & exposure delay conditions, form matching performance, college students, implications for information-gathering capabilities of visual & haptic modalities, 2116
- visual vs tactual standard modalities & comparison modalities & retention interval, intra- & cross-modal matching of nonsense forms, college students, 2121
- Form Classes (Language)** [See also Adjectives, Adverbs, Nouns, Pronouns, Verbs]
- age & degree of categorizability & nature of words, word recall, 7-10 yr olds, 2292
- finding little words in bigger words, children, 6266
- fragmentary language material & word structure & grammatical structure, childhood self-development processes of native language acquisition, 7335
- grammatical function, speech disfluency, 3-4 yr olds, 8066
- picture card technique, learning of surface structure cues to deep structure, 5-11 & 20-41 yr olds, 4973
- retention functions for syntactic & lexical vs semantic information, sentence recognition memory, college students, 11478
- time & distractor variety, word recognition, 15-18 yr olds, 4467
- word abstraction & part of speech & word length & frequency, stuttering, 3404
- word frequency & structural differences of common vs rare words, word recognition, 4414
- Form Perception** [See Form And Shape Perception]
- FORTRAN** [See Computer Programing Languages]
- Foster Children**
- children in temporary foster care agencies, book, 772
- psychiatric consultations, children placed in foster homes, 3828
- Fowl** [See Birds]
- France**
- attempted & completed suicide rates, Belfort vs national statistics, France, 12675
- biographic data, company attitudes towards manager utilization, top-level non-American managers in Belgian & French & British subsidiaries, 4176
- drug addiction, French health legislation, 3311
- history of & facilities for & attitudes toward psychiatric care for children, France, 3518
- history of psychiatry, France, 3487
- incidence of mental disorders, rural Vaucluse, France, 7823
- nation & sex & professional & social class & religion & age & family status, political ideology, French vs American college students, 7431
- open & informal activity areas, psychiatric & social aftercare, patients at Paris mental health center, 13001
- philosophy & training of school psychologists, implications of different approaches, Soviet Union & France & Germany & Holland & Israel & US, 10265
- risky-shift, group decision-making, Colombian & English & French & Japanese managers in training workshops, 8842
- sex & cultural differences, perceived locus of control, college students from Eastern & Western & Middle-Eastern societies, 12478
- sex & socioeconomic status, manifest anxiety, Indian vs French vs American vs Japanese 4th graders, 984
- socialization into French retirement residence, construction workers, 6142
- socioeconomic class of & relations with parents, expectations & anticipated images of expected baby, Parisian women in 1st pregnancy, 642
- summaries of clinical & scientific papers presented to regional society for Neuropsychiatry & Applied Psychology of Clermont-Ferrand, June, 1973, 5411
- summaries of clinical & scientific papers presented to Eastern Psychiatric Society, France, March, 1973, 5409
- summaries of clinical & scientific papers presented to French Society of Neurology, January, 1973, 5410
- Frankness** [See Honesty]
- Fraternity Membership**
- college dormitory vs fraternity residences, personality development, male college students, 1848
- Free Recall**
- age & developmental changes in subjective organization, multitrial free-recall learning, 8 & 11 & 14 yr olds, 12028
- categories & subcategories, attenuation of proactive inhibition in free recall, high school students, 6769
- category cueing & test time, free recall & recognition, college students, 9237
- category organization training, free recall, 6-7 yr olds, 9835
- category similarity, retroactive inhibition in free-recall learning, college students, 9206
- classification structure disorganization, free recall interference, college students & paid volunteers, 6801
- clustering & subjective organization, free recall, adolescent educable retardates, 5701
- clustering of word pairs, free recall, 30-60 yr olds vs 70-90 yr olds, 12116
- computer program titled overt rehearsal-free recall, scoring repetition & organization from rehearsal data, 2233
- developmental study, attribute encoding in free recall, 2nd vs 6th graders vs college students, 9817
- distinctive cues in parts of serial list, pseudoprimary effects in serial position curve in free recall task, college students, 2271
- distracting activity preceding & following to-be-remembered item, short- & long-term free recall, college students, 9208
- formal similarity, associative learning & free recall of trigrams vs 3-letter word triad lists, 11520
- free-recall clustering, institutionalized retarded vs MA-matched elementary school nonretardates, 8035
- grammatical vs scrambled order & presentation time of word strings, free recall order & response latency, technical employees & high school students, 11509
- high- & low-imagery nouns, long-term retention in incremental free recall & paired-associates learning & cued & noncued recall of noun pairs, college students, 6763
- higher order subjective organization units in categorical & unrelated lists under fixed & random presentation schedules, free recall, college students, 4463
- hypnotic time distortion, free-recall learning, college & graduate students, 9171
- imagery & predictability, free recall of sentences, college students, 6787
- inaccessibility & unavailability of information due to loss of higher order memory units, retroactive inhibition of rhyme categories in free recall, college students, 4460
- input presentation rate & method of data analysis, negative recency in delayed recognition, college students, 6779
- item categorization, free recall, 1st vs 3rd vs 5th graders, 11504
- learning instructions & cuing, free recall, college students, 6814
- length of verbal sequence held as unit & number of units, short-term store during free recall, 9225
- linguistic properties, free recall of translated vs unrelated word pairs, Spanish-American high school dropouts & bilingual college students, 11521
- massed vs distributed practice & repetition & word frequency, free recall, young children, 4983
- memorial strategy instructions & rated imagery value, forced-choice recognition & free recall, college students, 9251
- memory task changes, storage-coding trade-off in use of short-term store capacity, college students, 6764
- mixed-language list, free recall, bilinguals, 9252
- mnemonics & item imagery, part/whole transfer in free recall, college students, 6806
- negative recency, levels of processing in free recall, 11440
- number of different stimuli associated with response terms, contextual shifts in free recall, college students, 228
- organizational schemes & number of readings & verbal ability, cued & free recall of text, college students, 11481
- paced vs unpaced presentation time & recall time, free recall & subjective organization & awareness of organizational strategy, college students, 6782
- phonemic vs semantic processing of target words & processing times, subsequent free recall, volunteers & college students, 236
- presentation time & rehearsal & organization time, reaction time in free recall of object phrases of sentences, college students, 6778
- prior relevant vs irrelevant practice & organizational & learning-to-learn effects, effective list-length effect & part-whole transfer in multitrial free recall, 1st graders, 11995
- productivity & accuracy in free recall vs recognition vs reproduction of prose passages, college students, 6768
- reconstructive processes, free recall of categories, college students, 6813
- reminding & previous retrieval, free recall of items in category from permanent memory, college students, 2277
- repeated presentation of objects vs object names, free recall, college students, 9216

S control of order of presentation & recall trials, time to criterion learning & long-term retention, college students, 2237

search criterion, unanticipated free recall of categorically related words, college students, 6781

serial position & retention interval, recall of isolated & high-priority items, college students, 11479

serial position of subsequence & speed stress & degree of learning, selection of & retrieval from subsequence in free recall following serial learning, college students, 11500

spontaneous remembering without further presentation of verbal or written items, 6771

standard vs subjective-organization recall instructions & primacy vs recency position, free recall, 2280

stimulus-list organization, free recall, consolidated theoretical view, 6815

suffix procedure with free or serial recall of words, auditory vs visual presentation & modality effect in short-term memory, college students, 9218

transfer in part-whole & whole-part free recall, comparative evaluation of E. Tulving & L. Novinski vs N. J. Slamecka & T. Moore & S. Carey vs J. R. Anderson & G. H. Bower, 9257

use of narrative story mnemonic, delayed serial position function, college students, 2281

word frequency & acoustic similarity, free recall & paired-associate-recognition learning, 2250

**Frequency (Response)** [See Response Frequency]

**Frequency (Stimulus)** [See Stimulus Frequency]

**Frequency Distribution** [See also Normal Distribution, Skewed Distribution]

configural frequency analysis, 2099

configural frequency analysis, frustration reactions on Rosenzweig Picture Frustration Test, 13-21 yr old juvenile delinquents, 3334

configuration frequency analysis, determination & detection of constellation types & profiles, 4263

empirical Bayes point estimates of latent traits scores without knowledge of trait distribution, 8934

interval & point methods, assessment of continuous probability distributions, 6526

theoretical discussion & comparison with other statistical-mathematical systems, configuration frequency analysis of G. A. Liener, 4279

**Freud (Sigmund)**

Adlerian framework, early childhood recollections of Freud & Adler & Jung, 5373

aggressiveness & destructiveness concepts of Freud, 3004

development of Freud's psychology, book, 2054

emotional deprivational & traumatic vs sexual elements, psychotherapy, Freud's Little Hans, critique of use of parents as therapists, 3563

Freud's Dora, hysteria & masochism & female psychosexual development, 3199

Freudian phylogenetic concepts, primal scene, literature review, 5344

instinctual drive theory, influences on Freud's ideas, 11182

Jungian vs Freudian theory, collaborative vs adversary procedure between patient & analyst, 1548

literature published during 1784-1884, Freud's concepts of ego & unconscious, 11203

Marx vs Freud, optimistic vs pessimistic approach to problem of human unhappiness, book, 22

metapsychology of Freud's orthodox neurology, pleasure principle & infantile erogenous zones, 11176

orgastic loss of consciousness, possible relationship to Freud's theoretical nihilism, 3027

original influences of S. Freud & recent trend to discredit theoretical system, history of psychoanalysis, 3783

Pfister & Freud, psychoanalytic views on religion, 680

philosophies & sociocultural orientations, S. Freud vs C. Jung theories, 2038

pregenital factors, phobias, reexamination of Freud's Little Hans & case study with similar symptomatology, 3273

previously unpublished letters written between 1911 & 1913, gradual breakdown in relations between Jung & Freud, 2048

psychoanalytic diagnosis of S. Freud, book, 1554

psychoanalytic theory based on Freud's work, critique, 3790

reaffirmation & validation of Freudian concepts, 6048

reductionist view, writings of Freud, 6501

theoretical aspects of dream interpretation in terms of Freud's & Jung's & E. Erickson's & O. Rank's systems, 7681

theories of Darwin, Freud's ideas on survival, 11200

written word as means to understanding & as distancing obscuring device, application to Freud's description of his dream about Irma, 2950

# Freudian Psychoanalytic School

content description of correspondence between Freud & Committee of the Ring Holders members in 1920-1924, development of psychoanalytic theory, 5443

criticism of Freud's metapsychology, G. S. Klein's vs A. Adler's position, 4

development of Freud's psychology, book, 2054

discussion of O. Pfister's application of psychoanalytic methods to religious training of children & loyalty to Freudian beliefs, 5087

existential vs Freudian theoretical views, concept of freedom as concern in psychotherapy, 12837

Freudian concepts, reply to H. J. Eysenck's criticism, 2044

Freudian instinct theory of aggression vs frustration-aggression hypothesis, aggressiveness & war, 5204

humanistic ideas & ideals, psychoanalysis, 12989

loyalty & tensions & dissolution, formation & membership of "Committee" of psychoanalysts loyal to Freud, 5478

psychoanalytic thought, B. Spock's "Baby and Child Care", 7589

various schools of thought, sensitivity trainings, 5417

# Friendship

Companion Program using college student volunteers as helpers to physically handicapped & foreign students & parolees & isolated students, community benefits, 6061

consumer choice model application, friendship choice using unlimited-choice sociometric questionnaire, male junior high school students, 12344

empathic responses, communication between friends, college students, 12277

nonmetric multidimensional scaling program, hierarchical structure of social relationships & friendship choices, clerk vs manager vs professional British white-collar workers, 844

personality similarity, friendship choice, 860

residence hall proximity, friendship choices, college freshmen vs seniors, 7529

residential social climate of suites & dormitories, subjective mood states & friendships & evaluation of architectural features, college students, 7505

role playing good friends vs casual acquaintances discussing intimate vs nonintimate topics, patterns of nonverbal behavior in social penetration process, 7528

# Frigidity

behavior modification, sexual disorders, 3 case histories, 6005

construction & validity & reliability & scoring systems, sexual interest questionnaire based on Feldman's Sexual Orientation Measure, 22-50 yr old spouses vs impotent vs frigid patients, 12175

# Frogs

ablations of dorsal anterior thalamus & tectum, flux & wavelength & movement discrimination, frogs, 11676

acetylcholine vs nicotine reduction of light response & drug-induced electrical effects, curare vs strychnine application to optic tectum, role of cholinergic inhibitory system in visual electrical responses & feeding behavior, frogs, 393

acoustic stimuli, inhibition of mating calls & evoked neural activity in midbrain auditory units, frogs, 4510

cyclic adenosine 3 prime 5 prime monophosphate, role in recovery of light-initiated change in sodium permeability of outer segment membrane of vertebrate photoreceptors, frog retina, 11647

electrophysiological measurement, location & size & shape & orientation of optic nerve terminal arborizations in superficial neuropil of tectum, frogs, 6883

evolutionary perspectives, function of optic tectum, frogs & mammals & vertebrates, 4527

eye removal at embryonic & larval stages, interdependence of retinotectal & intertectal connections in visual system ontogeny, frog, 384

eye rotation & visual deprivation, development & maintenance of ipsilateral visuotectal projections in onset & during metamorphosis, frog embryos or larvae, 386

flash energy & ambient light intensity reciprocity, cone receptor response, frogs, 9761

frequency sensitivity of auditory nervous system, encoding geographic dialects, cricket frogs, 526

light-induced changes, protein fluorescence of frog retina & rod-outer segments of cattle retinas, 2350

- monosynaptic response to lateral column stimulation in isolated spinal cord, analogy to behavioral habituation, frogs, 6880
- perimetric mappings & behavioral observations of orienting & feeding responses, visual fields, frogs vs toads, 4920
- phospholipid composition of photoreceptor membranes, frogs, 2343
- raising from various premetamorphic stages with asymmetrical visual stimulation, development of binocularly driven single units, frogs, 6863
- suppression-recovery effect in photoreceptor, frogs, 2334
- ultrastructure & function, basilar papilla, bullfrogs, 9760
- Frontal Lobe** [See also Motor Cortex]
- bilateral lesions in frontal poles vs dorsal hippocampus & parietal cortex vs parietal cortex alone vs motor nuclei of 5th & 7th cranial nerves, prepulse inhibition of acoustic startle response, rats, 9433
- dextroamphetamine, ipsilaterally vs contralaterally rotated unilateral ablations of frontal cortex, modulating influence of frontal cortex on nigro-striatal function, rats, 11646
- frontal lobe lesion, senso-effector organization involved in mechanisms of perceptual processing & behavioral programming, animals & man, 4678
- medial vs orbital frontal lesions, eating & hoarding behavior, rats, 9440
- Pavlovian conditioning, neuronal correlates in hypothalamus & preoptic area & striatum, rats, 6888
- unilateral lesions of posterior cerebral hemispheres &/or frontal lobe wounds, visual discrimination & spatial orientation deficits, combat soldiers with head wounds, 1341
- Frostig Development Test Vis Percept**
- correlational & orthogonal analyses on pre- & posttest data, Marianne Frostig Developmental Test of Visual Perception, kindergartners, 11080
- Marianne Frostig Developmental Test of Visual Perception performance, 4-16 yr olds with spina bifida manifesta, 1344
- Fruit Fly** [See *Drosophila*]
- Frustration**
- active nonresponding frequency, discrimination learning & behavioral contrast, college students, 11468
- choice of response materials to be learned & forced learning of interposed A-C list, disruption of paired-associate learning, college students, 213
- configural frequency analysis, frustration reactions on Rosenzweig Picture Frustration Test, 13-21 yr old juvenile delinquents, 3334
- error-produced frustration on 1st part of task, error rate on 2nd part of task, college students, 11383
- failure & frustration on anagrams task, latency & errors on Matching Familiar Figures Test, impulsive & reflective 4th graders, 9873
- fixed-ratio reinforcement schedules, aggressive behavior in knob-pulling task, college students, 9276
- Freudian instinct theory of aggression vs frustration-aggression hypothesis, aggressiveness & war, 5204
- frustration & elation procedures, responding in operant analog of double runway, male rats, 11911
- frustration & reduced spatial cues, visual discrimination & reversal learning, rats, 9672
- frustration of approval seeking & personal identity, emotional responses, college students, 11533
- frustration vs instrumentality as reinforcers, aggressive behavior, college students, 2897
- frustration, successive positive contrast, male rats, replication of L. Crespi's study, 7150
- level of frustration & type of model behavior & model's outcomes, aggressive behavior, 1st-3rd grade boys, 885
- marihuana usage, tolerance to frustration, 17-24 yr olds, 2815
- peer vs adult frustration vs nonfrustration, aggression, 8 yr old boys, 12105
- perceived locus of control of reinforcement, reactions to frustrative nonreward, internal & external college students, 4495
- percentage of reinforcement, behavioral contrast effect in free-choice situation in T mazes, rats, 9618
- positive & negative force-contingent reinforcement, frustration effect on force-discrimination lever-press response, college students, 9272
- recognition & constructive alternatives, frustration & oppression & stigma & cognitive dissonance, women, 5339
- reward quality reduction in midbox, primary frustration in double runway, male rats, 9632
- sequential cues paired with frustrative nonreward, number of 1-way escapes, male rats, 11848
- sex & ethnic background, aggressive reactions to frustrating phone call from polite vs aggressive caller, Anglo vs Chicano Ss, 10023
- shift from immediate to delayed rewards, successive vs simultaneous negative contrast effects, male rats, 2543
- social isolation, frustration effects on self-aggression, rhesus monkeys, 11922
- social status & out- vs in-group membership of frustrator & frustrated, aggressive behavior, college students, 5257
- social vs nonsocial rewards, resistance to extinction & frustration, normal & retarded children, 3397
- stimuli & reinforcement pattern changes, variable- & fixed-interval schedules & relation between behavioral contrast & frustration effect, 11901
- strength of frustration & instrumentality of aggression, physical aggression, male college students, 7583
- temporal distance between Ss & oncoming cars & audience effects, risk taking at intersections, male vs female drivers, support for frustration hypothesis, 8853
- time pressure & frustration, spontaneous flexibility in divergent problem solving, 9th graders, 2256
- understanding of self & foreign scene & escape from home &/or military service & improvement of occupational skills & presence of personal frustration, personality development motivation, 9863
- various drives & drive level, frustration, 6853
- violation of social norms, induced aggression, college students, 5209
- Fugue Reaction**
- loss of identity & personal recall following fugue state, amnesia, 7904
- Fulfillment** [See Satisfaction]
- Fundamentalism**
- agitated psychotic behavior & demonic possession syndromes evoked by Pentacostal anathema pronounced against those refusing conversion, double-delusion in 2 gypsies, 12576
- ritual trance of Pentacostal cult of possession & hysterical crises, neurotic woman, 12575 60 G
- Galvanic Skin Response**
- anticipation & feedback in probability learning task, heart rate & galvanic skin response, mentally retarded adolescents, 12756
- chlorimipramine vs imipramine, galvanic skin responses & plethysmographic changes, neurotics, 10634
- computerized eye examination, EKG & blink & GSR & arm acceleration & respiration, patients, 6914
- conditioned anxiety, selective reaction times & duration thresholds in galvanic skin response conditioning, 9166
- conditioning procedures with nude film & electric shock, anxiety & GSR & penile volume responses, male college students, 9145
- different modes of experiencing, GSR correlates, 5th graders, 4529
- differential GSR conditioning, recognition of relationships among differential conditioning stimuli in secondary 2-light prediction task, college students, 6570
- E & S sex effects, skin conductance, college students, 9304
- galvanic skin response & respiration & success & failure & repeated failure, memory for nonsense syllables, college students, 11494
- GSR data, lie detection, male college students, 2341
- hypnotic age regression, GSR conditioning, 20-yr-old female, 9156
- induced anxiety, GSR & EKG & respiration, psychotherapy patients, 5878
- information detection through differential GSRs, Bedouins of Israeli desert, 7414
- internal arousal & false GSR feedback, affective judgments, male college students, 11539
- intrasensory & intersensory integration of haptic & visual stimulus, GSR & visual fixation time & touching time habituation, 9 yr olds, 11280
- longer interrogation with repetitions of critical item & motivation, error reduction in GSR detection of information, college students, 2327
- menstrual cycle, arm-hand steadiness & galvanic skin response to auditory stimulus & reaction time & time estimation & digit-symbol substitution tasks & self-ratings of symptoms & moods, female college students, 6932
- modeled distress, heart rate & GSR, prison psychopaths, 5638
- momentary awareness of critical words in nonattended message during shadowing, galvanic skin response, college students, 9214
- neuroleptics & tranquilizers & hypnotics, spontaneous palmar conductivity & psychogalvanic reaction, mice, apparatus & quantitative assessment method, 7089

- mitigating membrane contractions & GSR responses & reflex reactions, mechanical sensitivity of unmyelinated & small-diameter myelinated nerve fibers, 351
- opening night stress vs no stress conditions, galvanic skin response & verbal associates to affect-laden & theater-related & neutral words as measure of stage fright, professional & amateur actors, 7682
- orienting reaction & responsivity & awareness of stimulus contingencies, classical differential electrodermal conditioning, college students, 4564
- overhabituation, spontaneous recovery of GSR, college students, 6885
- placebo-instructional sets & personality variables, subjective & objective psychophysiological responding, college students, 4556
- preexposure to CS & amount of preexposure & delay between preexposure & conditioning, latent inhibition in classical electrodermal conditioning, female nursing students, 6898
- psychiatric & psychophysiology measures, anxiolytic properties of imipramine vs chlorimipramine vs placebo, psychiatric patients, 5924
- psychological primary colors, galvanic skin response & heart rate & respiration rate, college students, 11613
- SCORIE as computer subroutine, scoring skin resistance responses, 4541
- sentence dyads & content relevance & neuroticism, GSR & respiration rate & depth, female college students, test of rational emotive theory of psychopathology, 11544
- Gambling**
- additivity analysis using conjoint measurement model, measurement of expected utility in 2-dimensional situations, test of P. C. Fishburn's additivity axiom, 9271
- Bayesian data analysis, gambling preferences, 6859
- chance vs skill conditions, conservatism in risk taking behavior, Indian vs Canadian students, replication of H. M. Lefcourt's & H. M. Lefcourt & G. W. Ladwig's studies, 7398
- fair betting game, procedure for assessment of subjective probabilities, 83
- group discussions at race track, systematic shift toward greater caution in betting choices, criticism of C. McCauley & C. L. Stitt & K. Woody & D. Lupton's study & their reply & rejoinder by Abelson, 849
- intrasubject similarity, subjective probabilities obtained by verbal estimations & inferred from bets, reanalysis of L. R. Beach & J. A. Wise's study, 6657
- observation of compulsive gambling, members of Gamblers Anonymous, 5569
- proper scoring rules, relative variance preferences in choice-among-bets paradigm, 6852
- risk, individual & group decision making about attractiveness of duplex bets, college students, 12248
- sexually homogeneous & heterogeneous groups, betting behavior, college students, 7520
- task familiarity & risk norms emerging during group play & manipulation of emergent norm & information exchange about risk levels, risky shifts, male college students, 12297
- Game Theory**
- awareness game, self-perception & communication with peers, elementary school students, 1932
- classical & behavioral game theory, prediction of coalition behavior in sequential 3-person status game, male college students, 12266
- game format method to teaching behavior modification, attendants working with severely & profoundly retarded institutionalized residents, 10247
- game-theoretical approach, conflict between management & retirement village residents with life-care contract, applicability of game framework for understanding gerontological theoretical issues, 2761
- gaming approach, crowd behavior, 12226
- interaction & attitudes, human-computer relationship utilizing gaming techniques, 11169
- interdependent decision, 2-person competitive bidding strategies, application to management science, 6408
- investigation of collective behavior of variable-structure stochastic automata in competitive game situations, 4259
- number of available bullets, timing decisions in simulated Western-style duel, college students, 11429
- on-line computer applications, bargaining & coalition formation research within game framework, 10039
- Games [See also Children's Recreational Games, Non Zero Sum Games, Prisoners Dilemma Game, Simulation Games]
- Adlerian viewpoint, games played in marriage therapy, 6021
- behavior modification, parlor game, 10712
- Butch & Slim Game vs Shape Game, testing logical thinking, 6th & 8th & 10th & 12th graders, 622
- commitment to future interaction, cooperation in single plays of 3 games, 5203
- competitive bargaining set, continuum of solutions for cooperative n-person games, 428
- counselor led communication games, group interaction, school age children, 1891
- definite & informal language related activity sequences using songs & rhymes & records & stories, language learning, blind preschoolers, 8667
- experimental gaming, 1945-1971 bibliography, 5180
- formal mathematical models, prediction of coalitions & payoffs in sequential 3-person game, rank-striving players, 2097
- game procedure, enhancing group discussion skills, educable mentally retarded & learning disabled children, 1865
- games, improving mental processes, book, 212
- games, teaching effectiveness in college business courses, 8599
- gaming activities in human developmental play, self-inught & social maturity facilitation, 7354
- mathematical proof & appropriateness, symmetric solution to 5-person constant-sum game, 2843
- mixed-motive game situation, heart rate & skin conductance, psychopathic & nonpsychopathic inmates, 10300
- motivational dispositions of individualism & cooperation & competition & aggression, choice behavior in 3-choice decomposed game, college student dyads, 881
- parent interaction in games & sorting & motor teaching tasks, early learning, Chinese & Anglo & Mexican-American mother-child dyads, 2746
- player vs spectator vs designer vs play of game learning roles in gaming, enhancement of participant's frame of reference & learning concept, 2248
- ritualized expression of separation-individuation psychoanalytic study of Jinx game, 5013
- stochastic modification, Kraus-Deutch Acme-Bot Trucking game for clinical use, 10546
- Teams-Games Tournament & 2 instructional variations, classroom process & attitudes & achievement in mathematics & social studies, 7th graders, 10945
- Gamma Globulin**
- aging, autoantibodies against brain neurons, 3439
- immunization with porcine gamma globulin hemisuccinate delta-1-tetrahydrocannabinol vs porcine gamma globulin hemisuccinate-phenol, blocking of delta-1-tetrahydrocannabinol effect on spontaneous motor activity, rats, 11818
- Ganglia** [See also Basal Ganglia]
- anterior ganglia removal & regeneration 10 & 16 & 24 hrs after surgery, forward movements, earthworms, 11697
- gamma-aminobutyric acid & related compounds, superior cervical ganglia depolarization, rats, 7032
- segmented vs intact vs ganglion-ablated state, light avoidance responses, earthworms, 6978
- suprapharyngeal ganglion ablation vs sham operation, habituation & retention of habituation of movement responses to air puff, earthworms, 9462
- Ganglion Blocking Drugs** [See Mecamylamine, Nicotine]
- Gangs** (Juvenile) [See Juvenile Gangs]
- Gastrointestinal Disorders** [See Diarrhea, Fecal Incontinence, Gastrointestinal Ulcers, Ulcerative Colitis, Vomiting]
- Gastrointestinal System** [See also Intestines, Liver]
- gastro-ileal reflex training, encoeprosis, 4-10 yr olds, 8393
- hypothalamic lesions, EEG synchronization following intragastric loading of nutrients, female rats, 9413
- intestinal biofeedback technique, functional diarrhea, 15-62 yr old females, 8319
- remote stomach clamp to evaluate oral & gastric controls of drinking, rats, 2351
- Gastrointestinal Ulcers**
- acid accumulation & stress, gastric ulcers, pylorus-occluded rats, 9387
- electrical brain stimulation, formation of acute gastric lesions, male rats, 2396

- footshock procedures maximizing conflict in 2-way modified shuttlebox avoidance with no preaversive cue, gastric ulceration, rats, 11609
- Giessen-Test results, psychodynamics of ulcer patients, 8122
- norepinephrine & 5-hydroxytryptamine & levodopa & dopamine & 5-hydroxytryptophan & reserpine vs iproniazid, stress ulcers & stomach secretions, rats, 11790
- psychoanalytic therapy group, chronic peptic ulcer patients, 1545
- psychotherapy & psychological testing similarities, patients with peptic ulcers & cardiac neuroses, 3597
- Gastropods** [See Mollusca]
- General Anesthetics** [See also Chloroform, Ether (Anesthetic), Methohexital]
- inhalation of general anesthetic, production & estimation & reproduction of time intervals, young males, 7020
- General Aptitude Test Battery**
- sex & age & education level & IQ & General Aptitude Test Battery & Pre-Admission Classification Examination & Virginia State Board Examination scores, prediction of success in practical nursing, graduates of nursing schools, 4058
- subtest correlations & applicability to disadvantaged, Nonreading Aptitude Test Battery & General Aptitude Test Battery, 8799
- validity & reliability, General Aptitude Test Battery, educationally deficient, 8789
- wooden vs plastic pegboards in General Aptitude Test Battery, manual dexterity, 9th graders, 9115
- General Hospital Psychiatric Units** [See Psychiatric Hospitals]
- General Practitioners** [See also Family Physicians]
- treatment from general practitioner, psychiatric disturbances, 50-59 yr old patients in Helsinki, 5776
- Generalization (Cognitive)** [See Cognitive Generalization]
- Generalization (Response)** [See Response Generalization]
- Generalization (Stimulus)** [See Stimulus Generalization]
- Generation Gap**
- basic life attitudes within family, adolescents vs parents vs grandparents, 12076
- established & emergent normative pattern scale of values development, intergenerational conflict measurement, 12285
- self-image & attitudes toward other group, adults & adolescents, 9984
- sex & religious affiliation & value orientation, perception of generation gap, urban & rural high school students, 12110
- Generators (Apparatus)**
- clock pulse generator, generating accurate time standard & timing trace in behavioral time research, 2
- construction & operation of calibrator with variable amplitude & frequency, 11177
- continuous variations in hue & saturation, tricolor mixer apparatus, 11188
- Genetic Disorders** [See also Amaurotic Familial Idiocy, Autosomal Disorders, Chromosome Disorders, Downs Syndrome, Hemophilia, Klinefelters Syndrome, Phenylketonuria, Porphyria, Sex Chromosome Disorders, Sex Linked Hereditary Disorders, Translocation (Chromosome), Trisomy, Turners Syndrome]
- attitudes towards sickle cell disease & traits & competence
- genetic counseling, physicians, 1037
- genetic counseling, mentally retarded, 10768
- incidence of chromosomal anomalies, patients with Down's syndrome & families, 1280
- incidence of subnormality in offspring, female patients from subnormality hospital, 8021
- incidence of twins & leukemia, families of children with Down's syndrome, 1272
- psychological characteristics & social adaptation, retardation due to genetic factors vs CNS damage, adolescents, book, 5686
- sickle-cell disease, intelligence & academic achievement, black college students, 10512
- Genetic Dominance**
- polygenic inheritance, hyperactive child syndrome, 7967
- Genetic Recessiveness**
- autosomal recessive mutation, sugar response changes, isogenic lines of flies, 11955
- recessive inheritance of mental retardation, case history, 1301
- Genetics** [See Also Related Terms]
- amygdala stimulation, evoked seizure activity thresholds, Tryon Bright vs Dull rats, 9478
- anisomycin, protein synthesis & memory for passive avoidance training, mice, 4737
- behavioral genetics, animals & humans, 1969-1973 review, 4588
- benzodiazepine tranquilizers, facilitation of operant conditioning, genetically nervous catahoula & pointer dogs, 7095
- brain weight & sex differences, exploratory response & defecation in novelty box, SUNY/Het mice, 9378
- causation & biological significance, behavior differences, aggressive & nonaggressive male ruffs, 548
- chlorpromazine, performance on active avoidance task, 12 strains of inbred mice, 7039
- cognitive interest styles, inheritance of vocational preferences, male vs female monozygotic vs dizygotic twins, 9376
- crossfostering technique, clarifying role of experiential & genetic factors in etiology of schizophrenia, Danish adults, 3271
- diallel analysis of genetic underpinnings of sleep, mice of different strains & crossbreeds, 4591
- diallel-environmental analysis, inheritance of learning ability, male mice, 4593
- disadvantaged & minority group problems & heredity vs teachability & educational implications, individual & group behavioral differences, book, 8544
- domestication & environmental familiarity & opponent familiarity, dominance, wild mice vs domesticated mice from inbred strains, 2369
- early handling, avoidance performance, Maudsley reactive vs nonreactive strains of rats, 9680
- emotionality, alcohol selection & consumption, deer mice vs SWR/J & SJL/J mice, 7198
- etherization & massed vs distributed practice, learning performance, 2 strains of mice, 4601
- factorial structure, development of intelligence from genetic viewpoint, 2685
- food hoarding, murine rodents of 10 species, 11930
- genetic & cultural deprivation & psychoanalytic intellectual functioning, black ghetto-reared children, 4993
- genetic & environmental factors, mental development, 8-mo-old dizygotic & monozygotic twins, 9841
- genetic & family interaction, schizophrenia, 1162
- genetic evolution of classification structure, 3-7 yr olds, 615
- genetic factors & environmental conditions, intellectual growth, 181
- genetic influences, reading achievement, twins, 6326
- genetic issues, minimal brain dysfunction syndrome, 3462
- genetically-determined variation in effects & side effects of drug medication, mental illness treatment, 12915
- genetics & educational background, intelligence & occupational achievement, reply to H. F. Taylor's criticism of "Inequality", 372
- genetics & phylogenesis & physiology & epidemiology & prognosis & family & sociocultural variables, neurosis, research review, 3208
- genetics & race, intelligence, Negroes vs Caucasians, 9373
- genetics, aggressive behavior, 374
- genetics, mating behavior, drosophila, 376
- genetics, environment, development of intelligence, students, 9834
- heredity & place of birth & final residence, counseling, monozygotic vs dizygotic twins, 11640

- insulin & 2-deoxy-D-glucose, plasma glucose level & lateral hypothalamic eating threshold, male rats, 9385
- intraduodenal & intraportal infusion with isotonic glucose & urea & sodium chloride solutions, drinking rate of glucose or sucrose solution, rats, 9495
- intrajugular & intraportal glucose & amino acid injections, food intake, pigs, 11815
- medial forebrain bundle lesions, specific loss of feeding to decreased glucose utilization, female rats, 6963
- mineralocorticoids & glucocorticoids, water & food & salt intake, male rats, 9578
- ventromedial hypothalamus lesions, deficits in glucose appetite & satiety, female rats, 2410
- 2-deoxy-D-glucose pretreatment, retention of C-14 in medial hypothalamus vs lateral hypothalamus, inhibition of feeding by glucose, rats, 11794
- Glue Sniffing**
- frequency & habit characteristics & mental effects & motivations & psychotherapy, glue sniffing, 3578
- pentrane vs glue vs etile chlorure inhalation intoxication, 1338
- Glutamic Acid**
- drug induced convulsive activity, glutamate & aspartate in cortical subarachnoid fluid, dogs, 447
- monosodium glutamate, early biochemical & behavioral development, rats, 9488
- Glutamine**
- phenothiazine & chlorpromazine & haloperidol, cerebral arteriovenous glutamine, acute schizophrenics, 5921
- Glutethimide**
- glutethimide usage, 16-20 yr old male heroin addicts, 7963
- Glycine**
- glycine & serine, ethanol-induced motor impairment, rats, 7029
- Goals**
- age & institutionalization, self-evaluation & goal setting & success expectancy, institutionalized vs noninstitutionalized mentally retarded, 1289
- behavioral objectives & rules, learning task performance, college students, 13195
- counselor goal-setting & accountability, 7767
- debate analysis, daily vs student press articles concerning higher education goals, Sweden, 13070
- food deprivation, cue utilization from complex stimulus goal as tested by its novelty-incentive value, male rats, 11862
- formulation & implementation & evaluation of goals, group work practice, 8475
- goal attainment involving affiliation with family vs national origin vs religion vs citizenship vs political party, Arab college students, 1957-1958 vs 1970-1971, 12336
- goal awareness & expectations & psychological safety & self-concept, goal achievement in T groups, college & graduate students, 12264
- goal discrepancy, depression, college students, 6850
- goal setting & supervision, employee productivity & injuries & turnover & absenteeism, 8825
- goal setting, improved job performance, 11143
- goal specificity & difficulty & acceptance & feedback & peer competition & participation in goal setting, goal-setting performance, literature review, 13359
- goal-setting & value orientations & life appraisals, transition to retirement, 2771
- guidance & counseling roles, facilitation of attainment of educational objectives, Ghana, 11074
- individual goal-setting conferences, achievement & attitudes & goal-setting behavior, 1st & 2nd graders, 1774
- instructional objectives, book, 10957
- instructional objectives, incidental & relevant learning, college students, 13125
- locus of performance goal & type of expectancy, valence of expected & unexpected outcomes, college students, 6842
- mental images of goal objects as motives by providing energization & direction, sentence perspective, 11537
- personal vs group goals, individual motivation, male high school students, 275
- philosophical & situational issues, counselor education objectives, 12513
- principal actor time structuring, goal attainment in group counseling, college students, 3811
- purpose in life, intelligence & adjustment, 14-18 yr old male delinquents & nondelinquents attending summer camp, 1245
- self-concept stability, goal-setting behavior under neutral & ego-involved conditions, crippled adolescents, 10494
- tenacity of IQ measurements & problems of societal values & goal definition, social competency, young children, 5021
- Goats**
- behavioral differences in vigor & sex & birthrate & maternal responsiveness & licking & nursing, dominance & sociality & development of leadership qualities, young goats, 534
- mescaline, binding of aminoacyl-transfer RNA to ribosomes of brain tissue, goats, 11729
- God Concepts**
- early object relations, formation of image of God, 7328
- maternal vs paternal image, God representation, male vs female high school & college students in Belgium vs USA vs Indonesia vs Zaire vs Colombia, 693
- religious instruction, perceptions of God, 2nd & 5th & 8th graders in parochial schools, 7363
- Goldfish**
- alcohol, facilitation of active avoidance acquisition performance, goldfish, 2423

analysis of spatial & temporal characteristics, exploratory locomotor behavior, goldfish, 11871  
 colored adapting background, blue mechanism response from single optic nerve fibers, goldfish, 6868  
 estradiol & handling & oviduct plug fitted in ovipore & injection of own ovulated eggs, spawning behavior, female goldfish, 483  
 ethanol dosages, shuttle-avoidance learning & recall, goldfish, 9575  
 experimental methods, teleost audition determination, goldfish, 561  
 forced right & left turns & reversed turns applied between two runs in same direction, reactive inhibition in T maze choice point behavior, goldfish, 11869  
 forebrain ablation & intertrial intervals, conditioned avoidance responses, goldfish, 2397  
 intracranial injections of brain extracts from trained donors, response facilitation & inhibition, goldfish, 11656  
 non-random oscillatory changes in orientation in open field, goldfish, 11834  
 number of forced-choice responses, spontaneous alternation in T maze, goldfish, 9639  
 puromycin, memory for shuttle box extinction & barpress extinction, goldfish & male rats, 7033  
 reduction in magnitude of reward under highly massed practice conditions, performance, goldfish, 9645  
 refraction error at retinal surfaces of eye, goldfish, 4929  
 sign stimuli, color & movement, approach response, goldfish, 11938  
 stimulant & depressant drugs, modification of learning & memory, goldfish, 4767  
 telencephalic ablation, trace classical conditioning of heart rate & short-term memory, goldfish, 4679  
 telencephalon ablation, transfer of control of avoidance behavior, goldfish, 9454  
 varying CS location, avoidance acquisition, goldfish, 4846  
 visual discrimination of orientation, goldfish, 9774  
 visual signal preceding electric shock in avoidable vs nonavoidable shock, shuttle response acquisition, goldfish, 9688  
 water pollution, operant behavior, goldfish, implication for early warning system for pollutants, 517  
**Gonadotrophic Hormones** [See also Prolactin]  
 gonadotrophin & removal of trigeminothalamic tegmentum & section of dorsal roots of various spinal nerves, unclamping responses, toads, 6954  
 integrated function of hypothalamus & pituitary & ovaries, gonadal hormone release control, 9357  
 ovulatory gonadotropin release, sexual receptivity, female hamsters, 11951  
 septal lesions, responsiveness to estrogen measured by lordosis behavior & gonadotropin release pattern, male vs female & androgen-sterilized female rats, 4622  
 testicular & ovarian hormones, urinary frequency & posture, male vs female dogs, 11713  
**Gonadotropin** [See Gonadotrophic Hormones]  
**Gonads** [See also Ovaries, Testes]  
 feminine saccharin preference, genetically androgen insensitive pseudohermaphroditic male rats, 2363  
 gonadal state, behavioral correlates, lizards, 2347

- pretrial publicity, guilt attributions, simulated jurors, 2830
- sex guilt & sexual experience & sex differences, arousal & attitudinal responses to pornographic films, college students, 9964
- similarity of fate, bad news transmission, female college students, 12259
- witnessing vs performing transgression with vs without interposed positive event, altruism, college students, support for hedonistic conception, 856
- Guinea Pigs**
- alpha-levocacetylmethadol & its N-demethylated metabolites, opiate-like actions on electrically induced twitch of longitudinal muscle of ileum & reversal by naloxone, guinea pigs, 11792
- ascorbic acid, spatial discrimination learning in water T maze, guinea pigs, 2415
- basilar membrane mechanical tuning, guinea pigs, 9290
- chemical-enzymatic reactions in synapse, adaptation & masking in peripheral hearing, guinea pigs, 7262
- cholinergic & anticholinergic drugs in scala tympani, blocking effects of electrical stimulation of crossed olivocochlear bundle, guinea pigs, 6934
- cold-licking behavior, water-deprived guinea pigs, 4869
- curve similarity with basilar membrane displacement functions, cochlear microphonic magnitude functions at constant sound pressure level & constant stapes displacement & velocity, guinea pigs, 9288
- dopamine to norepinephrine ratio changes, cortical acetylcholine outflow & behavior & electrocorticogram, guinea pigs, 9411
- ecology & behavior, 3 species of Argentine cavies, 9608
- effort & entire meal vs small meal portion reinforcement, meal frequency & size & eating rate, male guinea pigs, 7173
- ethamox-triphetol given long intervals after estradiol benzoate treatment, suppression of lordosis, ovariectomized guinea pigs, 4610
- ethanol & acetaldehyde, metabolism & binding of biogenic amines, guinea pigs & rats, 7082
- experimental heating, thermoregulatory behaviors, rats & mice & hamsters & gerbils & guinea pigs, 6926
- fixed ratio size & duration of drinking tube access, intake & patterns of drinking, guinea pigs, 9651
- flupenthixol & its 2 isomers vs clopenthixol & chlorprothixene & fluphenazine & perphenazine & chlorpromazine & haloperidol, pharmacological profiles, male mice & rats & guinea pigs & rabbits & cats & dogs, 2464
- industrial noise & ototoxic antibiotics, cochlear function, guinea pigs, 6948

intracochlear pressure changes, cochlear potentials, guinea pigs, 387  
 isolation following joint housing, subsequent mother-infant interactions, guinea-pigs, 7228  
 multiple progesterone injections following ovariectomy, duration of estrus, female guinea pigs, 2378  
 olfactory cues, maternal-young recognition, guinea pigs, 541  
 painful stimulation through monopolar electrode in dental pulp of 1 incisor, motor movements & respiration & vocalization following stimulation of septal area & related limbic structures, guinea pigs, 9445  
 pinealectomy, 2-way avoidance learning, male guinea pigs, 9426  
 prenatal heat stress at different gestational ages, discrimination learning, mature guinea pigs, 511  
 progesterone-induced facilitation & inhibition of lordosis behavior, ovariectomized guinea pigs, 4620  
 shiver audiometry & morphological study of spiral organ, identification of ototoxic properties of drugs, guinea pigs, 7045  
 short-term poststimulatory depression & hysteresis, cochlear microphonics with differential electrodes at several locations, guinea-pig cochlea, 558  
 short-tone burst of different frequencies, input-output relations for amplitude & peak latency of N sub 1 deflection, humans vs guinea pigs, 114  
 strain differences, spatial & nonspatial discrimination reversal learning, albino vs pigmented guinea pigs, 11641  
 subcutaneous injections of caffeine, dextroamphetamine- & apomorphine-induced stereotyped behavior, guinea pigs, 9529  
 subcutaneous injections of kanamycin, electrical responses from cochlea, guinea pigs, 7047  
 tranquilizing agents & brain monoamines, enzymatic dealkylations of LSD, rats vs guinea pigs vs rabbits, 9560  
 visual & gustatory cues, avoidance learning, guinea pigs, 9626  
**Gulls** [See Sea Gulls]  
**Gustatory Perception** [See Taste Perception]

 anxiety, complications in gynecological practice, 7869  
 flupentixol, gynecological disorders, 3638  
**Gypsies**  
 agitated psychotic behavior & demonic possession syndromes evoked by Pentecostal anathema pronounced against those refusing conversion, double-delusion in 2 gypsies, 12576 60 H  
**Habitat Selection** [See Territoriality]  
**Habits** [See also Hair Pulling, Thumbsucking, Tobacco Smoking]  
 habit reversal & social approval for inhibition efforts, nervous habits, 8292  
 single ECS treatments, motivational control of retrograde amnesias for long-term habits, rats, 4659  
**Habituation**  
 acquisition & extinction & habituation of begging response to auditory stimuli, 10-day-old great tits, 2562  
 arousal, habituation of vestibular responses, 6565  
 background variation, positive habituation & tedium, college students, 2296  
 bilateral lesions of inferior & superior colliculi & anterior & posterior reticular formation, short- & long-term habituation of acoustic startle response, male rats, 9434  
 chlordiazepoxide, intensity & habituation of agonistic behavior, Siamese fighting fish, 4734  
 conditioning & pseudoconditioning procedures, intertrial activity of single cells in postcruciate cortex, cats, 6892  
 contingent patterned & unpatterned light stimulation, organization of nonnutritive sucking, premature infants, 2634  
 continuous data method, analysis of course of habituation, rats, 7144  
 correlation of behavioral & cellular processes, acquisition & retention of long-term habituation, *Aplysia californica*, 334  
 E & S sex effects, skin conductance, college students, 9304  
 habituation & recovery of aggressive display, male fish, 9717  
 habituation of different behaviors, female chinchillas, 4572  
 habituation of digital vasoconstrictive orienting response, male 19-21 yr olds, 6918  
 habituation of head-raising & turning response elicited by air puff over 1st 7 days postpartum, neonatal rats, 9601  
 habituation rate of visual fixation to simple visual stimulus, fixation times to visual discrepancies, 12-18 wk olds, 11988  
 individual differences in exploratory activity in new environment, habituation rate, dogs, 7187

interstimulus interval length, speed at which items desensitize & amount of long-term decrement & anxiety recovery times, agoraphobics & phobics, 5616  
 intrasensory & intersensory integration of haptic & visual stimulus, GSR & visual fixation time & touching time habituation, 9 yr olds, 11280  
 medial vs orbital frontal cortex lesions, inter- & intrasession habituation rates, rats, 11678  
 monosynaptic response to lateral column stimulation in isolated spinal cord, analogy to behavioral habituation, frogs, 6880  
 muscarinic vs nicotinic anticholinergic drugs, habituation & fear conditioning, rats, 4712  
 number of trials & interstimulus interval & dishabituation during CS habituation, subsequent conditioning in conditioned emotional response paradigm, male rats, 2539  
 offense interval patterns, criminal behavior-habituation, 12666  
 overhabituation, spontaneous recovery of GSR, college students, 6885  
 parachlorophenylalanine, serotonin depletion & attenuated habituation of startle response, male rats, 7038  
 raphe lesions, startle response habituation, rats, 9423  
 repeated exposure to unidirectional rotating visual field, selective habituation of vestibular nystagmus, 20-47 yr olds, 9112  
 saline vs scopolamine vs methscopolamine, habituation of exploratory responses in novel environment, rats, 9510  
 septal lesions during vs after maturation of inhibitory responding, 2-way active avoidance & habituation responding as juveniles vs adults, rats, 9466  
 short-term habituation, auditory evoked responses, 10-14 wk olds, 6876  
 Skin Potential Reflex habituation speed, classifying mentally retarded, 8017  
 stimulus complexity, habituation of skin conductance response component of orienting response, nonretarded & retarded male adults, 8042  
 suprapharyngeal ganglion ablation vs sham operation, habituation & retention of habituation of movement responses to air puff, earthworms, 9462  
 tone intensity & background noise, startle response & habituation, rats, 9758  
 waking vs sleeping states, habituation to auditory stimuli, mice, 564  
**Hair**  
 abdominal hairs, maternal behavior & brood care, juvenile spiders, 544  
 hair changes in dark laboratory environment with artificial diet & upon sunlight exposure, tree shrews, 6911  
 hairstyles, life styles, 3035  
 vibrissa displacement, single unit activity in trigeminal nuclei, rats, 6896  
**Hair Loss** [See Alopecia]  
**Hair Pulling**  
 behavioral contracting, treatment of trichotillomania, 14-yr-old girl, 12984  
**Halfway Houses**  
 behavior modification programs, institution for retarded & vocational rehabilitation program & half-way houses, book, 1531  
 halfway house program, emotionally disturbed deaf persons at state psychiatric hospital, 1617  
 research evaluation, halfway houses for inmates, 10865  
 simplistic thinking about others, prediction of early drop-out at halfway house, alcoholics, 8470  
**Hallucinations** [See also Visual Hallucinations]  
 auditory hallucinations in muscular control & language mechanisms communicated with lucidity, schizophrenia, 3268  
 characteristics & treatment & psychodynamic theories, hallucinations, book, 1365  
 chronic tactile hallucinosis, 4 elderly sisters, 3250  
 experimental model, sleep pattern rebound after REM deprivation in acute hallucinating schizophrenia, 7847  
 hallucinations, differential diagnosis, manic-depressives vs paranooids vs schizophrenics, 3205  
 hypnotic ablation of background, magnitude of Ponzo perspective illusion, college students, 156  
 learning & Gestalt theory explanation, hallucinations & conditioned responses as psychophysical parallels, 11464  
 olfactory reference syndrome, autodysmophobia, 1100  
 personality & behavior defenses vs symptoms, purposes of delusions & hallucinations, 5372

- thyroxine, hypothyroidism, anxious & depressed & paranoid & hallucinating & confused patients, 3657

- tranquilizers & phenothiazines & minor tranquilizers & antidepressants & stimulants & hallucinogenic drugs & electroshock therapy, psychiatric patients, 3695
- visual hallucination content, 25-45 yr olds under influence of LSD & other drugs vs mental patients, 2474
- yohimbine injected into lateral cerebral ventricle, locomotor activity & body temperature, rats, 4703
- 2,5-dimethoxy-4-methylamphetamine, assessment of tolerance to hallucinogenic effects, 23-35 yr old males, 7023
- Hallucinations** [See Delirium Tremens, Korsakoffs Psychosis]
- Haloperidol**
- antidepressants & neuroleptics, behavioral response to lesion & stimulation of hippocampus, rats, 4708
- chlordiazepoxide vs haloperidol, test anxiety, college students, 1465
- chlorpromazine & haloperidol & bulboxapine & morphine & alpha or beta-adrenergic receptor-blocking & cholinergic agents & oxotremorine, apomorphine-induced pecking, pigeons, 11723
- chlorpromazine & haloperidol & clopenthixol & molindone & loxapine, consistency & similarity of EEG responses, chronic schizophrenics, 5954
- cholinergic & anticholinergic treatment, methylphenidate antagonism of haloperidol, normal vs haloperidol-tolerant mice, 4736
- flupenthixol & its 2 isomers vs clopenthixol & chlorprothixene & fluphenazine & perphenazine & chlorpromazine & haloperidol, pharmacological profiles, male mice & rats & guinea pigs & rabbits & cats & dogs, 2464
- fluphenazine & haloperidol, outpatient schizophrenic 6-12 yr olds, double-blind comparison, 3645
- haloperidol & butyrophenones, adverse effects & clinical indications & biochemical changes, 12871
- haloperidol & clopenthixol & chlorpromazine, quantification of EEGs, chronic schizophrenics, 5953
- haloperidol & morphine comparison using drug-interaction & brain lesion studies, differentiation of catalepsy & catatonia, male rats, 4607
- haloperidol repeated administration, endogenous levels & turnover of brain catecholamines, male mice, 7073
- haloperidol vs chlorpromazine vs placebo, rapidity of therapeutic onset & safety, acute schizophrenics needing rapid control, 5945
- haloperidol vs methadone, blocking heroin-withdrawal symptoms, 18-35 yr old addicts, 5918
- haloperidol vs thioridazine, anxiety & agitation & tension & insomnia, treatment resistant psychoneurotics, 10635
- haloperidol vs trifluoperazine, hostility & suspicion, psychiatric patients, 3676
- haloperidol, apomorphine & Ro-4-4602 & levodopa-increased copulatory behavior, male rats, 9586
- haloperidol, histochemical study of effects on central nervous system, rats, 2490
- haloperidol, levodopa-induced dyskinesias, parkinsonian patients, 12905
- haloperidol, overt ambulatory chronic schizophrenics, 1450
- haloperidol, supersensitivity of dopamine receptors manifested by enhanced stereotypic & aggressive responses to apomorphine & wet shakes, rats, 4740
- haloperidol, therapeutic process, acute schizophrenics, longitudinal study, 5959
- imipramine & desipramine, extrapyramidal side effects of haloperidol, institutionalized female schizophrenics, 1445
- intramuscular haloperidol vs chlorpromazine, rapid tranquilization, acute psychotics, 5928
- intrapertoneal amphetamine & haloperidol & stimulation of motor cortex & caudate nucleus, inhibition of motor act, non-narcotized & unrestrained cats, 6957
- methamphetamine & chlorpromazine & haloperidol, tyrosine hydroxylase activity, rats, 9493
- phenothiazine & chlorpromazine & haloperidol, cerebral arteriovenous glutamine, acute schizophrenics, 5921
- psychoanalysis & haloperidol, Gilles de la Tourette's syndrome, 42-yr-old female, 25-yr follow-up, 8397
- repeated haloperidol administration, methylphenidate-induced gnaw compulsion, haloperidol-tolerant vs normal mice, 4735
- single dose of haloperidol vs clopenthixol vs chlorpromazine, psychological test performance, 21-61 yr old chronic schizophrenics, 3694
- Hamsters**
- adrenalectomy & deoxycorticosterone acetate, NaCl solution intake, female hamsters & rats, 6953
- age & temperature, thermoregulation, hamster pups, 6917
- age, home-cage odor preferences, hamster pups, 4841
- agrobaiting, avoidance learning, hamsters, 2446
- androgen treatments, sexual behavior, male hamsters, 2428
- androgens or estrogens during Days 2-4 of life, development of masculine & feminine sexual behavior display, female hamsters, 7099
- androgens, restorative effect on copulatory behavior following castration, male hamsters, 2488
- box vs activity-wheel testing cage, rodent precognition work, hamsters, 495
- box vs activity-wheel testing cage, rodent precognition work, hamsters, extension of W J Levy & J W Davis's experiment, 496
- castration at different intervals after birth, copulatory behavior, male hamsters, 2405
- experimental heating, thermoregulatory behaviors, rats & mice & hamsters & gerbils & guinea pigs, 6926
- full copulatory stimulation vs mounting by male & mechanical vagino-cervical stimulation, sexual receptivity, female hamsters, 4896
- melatonin & exposure to light, brown adipose tissue, male hamsters, 465
- neonatal testosterone & testosterone propionate & ethamoxypiphetol, receptivity, female hamsters, 460
- olfactory bulb removal, running activity & body weight & water consumption & lateral hypothalamic self-stimulation rates, hamsters, 4634
- olfactory bulbs removal, copulatory behavior, sexually mature male hamsters, 9476
- orchidectomy, body weight as determinant of saccharin consumption, male hamsters, 4668
- ovulatory gonadotropin release, sexual receptivity, female hamsters, 11951
- tactual & nontactual stimuli, lordosis elicitation, female hamsters, 9743
- voluntary activity on horizontal disc exercises & exercise termination, weight regulation process, hamsters, 9624
- Hand (Anatomy)**
- hand movements within visual field, appearance & duration of prolonged visual afterimage, 137
- hydrocephalus & motor & sensory lesion levels & intellectual capacity, hand function, 6-19 yr olds with myelomeningocele, 5746
- wooden vs plastic pegboards in General Aptitude Test Battery, manual dexterity, 9th graders, 9115
- Handedness** [See Lateral Dominance]

- Handicapped** [See also Adventitiously Handicapped, Amputees, Aurally Handicapped, Autistic Children, Blind, Brain Damaged, Congenitally Handicapped, Deaf, Educable Mentally Retarded, Emotionally Disturbed, Institutionalized Mentally Retarded, Mentally Retarded, Minimally Brain Damaged, Multiply Handicapped, Partially Hearing Impaired, Physically Handicapped, Profoundly Mentally Retarded, Severely Mentally Retarded, Slow Learners, Speech Handicapped, Trainable Mentally Retarded, Visually Handicapped]  
 assertive training & contingency contracting, violently aggressive behavior, 22 yr old handicapped male, 3777  
 attitudes on rehabilitation issues, professionals & patients, 1631  
 court case review, rights of mentally retarded & other handicapped groups, 3353  
 education program, handicapped children, 1874  
 educational program, "idiotic children," contribution of Edouard Seguin, 8682  
 excess disabilities, mentally impaired institutionalized elderly women, longitudinal study, 3096  
 expectation & aspiration levels, brain-injured & disabled males, support for K. Goldstein's coping model, 3422  
 group therapy & vocational counseling, state anxiety & self-ideal concepts over 4 mo, US disabled veterans, 10700  
 historical view of social & legal aspects, dealing with handicapped, Japan & China, 1334  
 Integrated Skills Method, individual audiovisual reading instruction, handicapped children with reading disabilities, 11044  
 management of negative behavior, 5-12 yr old handicapped & normal children, book, 5997  
 medical & psychological assessment, handicapped children admitted to hospital for subnormal, 1658  
 methods & requirements for implementation, psychological program for assessment of handicapped children, 3097  
 music training, conceptual growth in development of communicative skills, neurologically handicapped children, 8686  
 pastoral counseling, parents & other adults facing birth of handicapped child, 10772  
 perceived importance of activities in working with disabled children, disabled children vs teachers vs student teachers, 13219  
 pharmacological treatment, handicapped children, 5923  
 protection & training, handicapped children, symposium, 1638  
 rationale for sex education, exceptional persons, 1082  
 rehabilitation psychology, role in dealing with problems of deprived & disabled people, 1624  
 retarded reading ability, antisocial behavior, handicapped & delinquent children, 5517  
 roles & functions, rehabilitation psychologists, 5423  
 Rorschach protocols, fundamental responses, handicapped 5-13 yr olds, 8123  
 sensory & motor & cognitive functions, neurologically disabled, 5722  
 sexuality & dealing with sexual problems, handicapped, 8092  
 socialization processes, normal vs handicapped children, 7795  
 spatial & reciprocal viewpoints, approach to & avoidance of severely handicapped individuals, 10266  
 stimulus discrimination & problem-solving & transfer training, bicycle brake assembly, handicapped adolescents in sheltered workshop, 8663  
 structure & counselor advocacy role, delivery of rehabilitation counseling services to disabled, 8464  
 teaching academic skills to 24-87 mo old handicapped children at home, paraprofessional vs professional teachers, 11047  
 understanding & working with disturbed & handicapped children, book, 3117  
 validation, diagnostic-prescriptive model, handicapped children, 1885
- Handicapped (Attitudes Toward)** [See also Mental Illness (Attitudes Toward), Mental Retardation (Attitudes Toward), Physical Handicaps (Attitudes Toward), Sensory Handicaps (Attitudes Toward)]  
 attitudes toward blindness, behavior of sighted & self-esteem of blind, 10469  
 attitudes toward employment of disabled, employers, 13314  
 construct validity, Spatial Paralogic Attitude Inventory as measure of attitudes toward handicapped, multiple sclerosis patients & community members & college students working with disabled, 8140  
 hierarchical factor analysis, attitudes toward physically vs psychologically disabled vs mildly retarded vs gifted, college students, 10076
- lecture-discussion vs written materials, changes in community attitudes toward epilepsy, Uganda, 5124
- Handwriting** [See also Cursive Writing]  
 audiotaped relaxation program, handwriting quality, minimally brain-injured 8-11 yr old boys, 11032  
 continuity approach method, handprinted characters pattern recognition, 11174  
 desk top graffiti, evaluation of professional education courses, 6195  
 diagnostic-remedial vs task analysis approach, handwriting instruction, 4th-8th graders needing remedial work in cursive handwriting, 6301  
 distribution of motor pauses, copying text, 6553  
 handwriting vs typewriting practice, teaching beginning reading, learning disabled 7-10 yr olds, 4063  
 personality traits, anatomical & psychomotor characteristics of handwriting, males, 7618  
 reading ability & age & schemata for letter orientation, copying & reversing normal & mirror reversed letters & letter-like shapes, 7-12 yr olds & adults, 11977  
 schedules of monetary reinforcement, apparatus for monitoring handwriting behavior, college students, 2294  
 slate vs paper & stylus vs pencil, handwriting development over 18-mo period, beginning students, 2641
- Happiness**  
 assistance & value similarity & concern in social network, avowed happiness, married vs nonmarried members vs nonmembers of women's organization, 12243  
 community size, personal unhappiness, 2821  
 Marx vs Freud, optimistic vs pessimistic approach to problem of human unhappiness, book, 22  
 observations about happiness, 11523  
 psychological well-being & emotionality, adolescents, 12480
- Haptic Perception** [See Cutaneous Sense]
- Hashish**  
 hallucinogenic drug-use patterns & objectives, hard vs soft drug using college students vs nonusers, 7485  
 hypothalamic stimulation, free-choice & forced consumption of hashish suspensions, male rats, 4641
- Hate**  
 countertransference hate, psychotherapeutic processes, suicidal patients, 10590  
 relation between ethnic self-hatred & psychopathology, psychotic lower-income educationally deprived blacks, 5525
- Hawaii**  
 child psychiatric training, Indonesian students in Hawaii, 7752  
 psychiatric consultation, drastic economic & social change, Filipino village, 10791  
 sense of gender differences & status concern & self-effacement emphasis & nonverbal communication focus cultural themes, verbal behavior patterns, English-speaking Japanese-Americans, 9923  
 unemployment & crowded living conditions & language & intercultural conflict & health, immigrants to Hawaii, 5104
- Hazards**  
 age & sex & socioeconomic status, perception of hazards, 1st & 3rd & 5th graders, 2651
- Head (Anatomy)**  
 electro-optical head-position monitoring system, single- & 3-axis "hands-off" control task performance, pilots, 8981  
 infant head movements in relation to sensory stimulation, portable apparatus, 11556  
 sex differences, aniseikonic perception of legs & head, college students, 6567
- Head Banging**  
 rage reduction technique of R. W. Zaslow & L. Breger, head-slapping behavior, 10-yr-old psychotic, 6032
- Head Injuries** [See also Brain Concussion]  
 cerebral blood flow & oxygen uptake & cerebrospinal fluid biochemistry, patients in coma due to head trauma & cerebrovascular accidents & hypoxia & hypoglycemia & barbiturate intoxication, 12758  
 cerebral changes resulting from boxing, family interviews & study of brains of retired boxers, 3425  
 etiology & intellectual impairments & personality change & psychotic illness & neurotic disorders, posttraumatic psychiatric disability, 3203  
 incidence & significance after nonmissile injuries, traumatic epilepsy, 8109

- intellectual functioning & memory, young adults with brain damage secondary to penetrating missile wounds vs closed head injuries, 3416
- memory & paired-associate learning, patients with right- vs left-hemisphere brain lesions secondary to penetrating missile wounds, 5718
- method of scoring Shipley-Hartford Institute of Living Scale, predictor of WAIS Full Scale IQ, patients with traumatic head injuries, 10472
- old age evolution, patients with traumatic head injuries, long-range catamnestic study, 10477
- posttraumatic apallic vs pseudocoma vigilie syndromes following severe traumatic head injuries during recovery, children, 1173
- unilateral lesions of posterior cerebral hemispheres &/or frontal lobe wounds, visual discrimination & spatial orientation deficits, combat soldiers with head wounds, 1341
- Head Start** [See Project Head Start]
- Headache** [See also Migraine Headache, Muscle Contraction Headache]
- cerebral electrotherapy vs simulated treatment, tension-related symptoms, male alcoholics, 1610
- deep muscle relaxation, urticaria & severe headache, case report, 12948
- defining hypnotic state to develop mutually satisfying expectations, hypnotherapy for headache, 8186
- muscle relaxation without hierarchies, tension headaches, college students, 8379
- Health** [See also Community Mental Health, Mental Health]
- age & health & childhood training & emotional status, frequency of sexual activity, 12155
- age group, attitudinal reactions to perceived health status, urban vs rural 20-29 & 30-44 & 45-59 & over 60 yr olds, 7382
- analogies & differences between clinical medicine & psychiatry & somatic & mental hygiene, 7754
- applied behavioral science, health care systems, 8145
- attitudes & values & roles in health care system, proposed health-oriented model of health care & education, lay & medical personnel, 1013
- behavioral model containing demographic & economic & ecological & social psychological variables, patterns of health & illness behavior, prepaid medical group, 5751
- birth order, illness behavior & utilization of health care services, college students, 5404
- concept of health as social status, illness behavior & sick role, 5520
- demographic & military status & job & health related variables, job satisfaction, navy enlisted men, 13353
- education & health & locus of control & achievement value & occupational mobility, prediction of affective & cognitive measures of self-concept, 45-71 yr old middle-class Ss, 2750
- family history & health & criminal records & educational background & personal information, individual & familial disruption experienced by suicide, 15-24 yr old Shoshonean Indians, 1201
- goals & internal & external role expectations & decision making & communication patterns & leadership & norms, health team effectiveness, 13008
- health characteristics, aged Ss with vs without depressive symptomatology, 3110
- life satisfaction correlates, aged, 12120
- occupational stress, health & absenteeism, telegraphists unions in Australian communications organization, 6450
- physical condition & perception of limitations & life satisfaction, 75-99 yr old drivers vs ex-drivers, 2756
- problems & prospects, nonphysician health workers, 12556
- prototype staffing model, evaluation & job design, multispeciality primary-care health teams, 5468
- prototype staffing model, evaluation & job design, multispeciality primary-care health teams, appendices, 5469
- psychosocial stress, health disturbances, 25-65-yr-old Dutch citizens, 12562
- recreation participation patterns, successful aging criteria of physical & mental health & intellectual performance, Ss with mean age of 85.5 yrs, 12115
- reinforcement therapy, hygienic habits on wards, chronic psychotic patients, 3731
- role of family nurse practitioner, bridging gap between home & clinic, 3517
- Social Assets Scale measurement of education & occupation & health, prediction of physical & psychological illness & health, 7801
- social functioning in community, measurement of social health, 7535
- social psychological analysis, concepts of health & illness, book, 7458
- socioeconomic & health variables, social & solitary sexual behavior, never-married white women, 2751
- stress level & physical condition & job satisfaction, cardiovascular health status, 30-64 yr old Swiss factory workers, correlation with 1950 Los Angeles Heart Study, 363
- subjective stress & cholesterol level & job level, cardiovascular health status, male postal workers over 40 yrs old, Netherlands, correlation with 1950 Los Angeles Heart Study of male civil service employees over 21 yrs old, 358
- unemployment & crowded living conditions & language & intercultural conflict & health, immigrants to Hawaii, 5104
- winter bathing, pleasure & health maintenance & cure of physical or psychic illness, 40-70 yr old Ss, 4492
- Health Education** [See also Drug Education, Sex Education]
- communication & program planning & evaluation, health education & family planning, 5159
- education & management, job description for comprehensive health care system, 1031
- health education, papers presented at President's Committee on Health Education, 1972, 13063
- psychosocial & cultural aspects, health education & family planning, research review in Africa & Europe & Asia & North & South America, 5158
- selected value-claryfing strategies, health education course for future teacher, 3940
- Health Insurance**
- behavioral model containing demographic & economic & ecological & social psychological variables, patterns of health & illness behavior, prepaid medical group, 5751
- health expenditures, managing health services, 5768
- Health Insurance and Psychiatric Care Utilization and Cost, psychiatric treatment frequency & duration, 5869
- medical insurance, private psychiatric practice, 5760
- national health insurance coverage of psychiatric services, 5828
- private psychiatry, national health insurance, mental & physical illness patients, 5778
- transference & countertransference in 3rd-party payment system, Health Maintenance Organization, 6074
- treatment patterns, prepaid mental health service, 1594
- Hearing Aids**
- parent & teacher rating of monaural vs binaural amplification, hearing impaired children, 1291
- phonic components, perception of speech intonation & speech acquisition, hard of hearing, application to grammatical errors due to frequency distortion in hearing aids, 8134
- Hearing Impaired (Partially)** [See Partially Hearing Impaired]
- Hearing Measures** [See Speech And Hearing Measures]
- Heart**
- dextro- & levo-isomers of pentazocine, brain & heart biogenic amines, rats, 11716
- postweaning long-term forced saline consumption, heart & kidney & body weight & serum protein & electrolytes & blood cell volumes, rats, 11639
- Heart Disorders** [See also Angina Pectoris, Arrhythmias (Heart), Bradycardia, Fibrillation (Heart), Myocardial Infarctions]
- age & sex, self-evaluation of anxiety & depression & coronary predisposition, 7902
- brain impairment, heart disease, aged, 3481
- cardiopulmonary arrest, EEG activity of alpha frequency, patients in deep coma, 12815
- congenital heart disease, perceived & actual severity & effect on family life, 3111
- death fears, terminal heart & cancer patients, 8096
- EKG & circulatory measures while in upright & tilt positions & during psychoanalytic interview, cardiophobic patients, 3210
- heart exercises in autogenic training, cardiovascular processes, patients with functional heart complaints but without objective findings, 6110
- initial psychoanalytic interviews, heart rate & interpersonal relations, cardiophobic patients & doctors, 3261
- job stress & risk factors, coronary heart disease, male kibbutz members over 30 yrs old, 1348

- medical & psychosocial examination, continued report of chest pain, outpatients with vs without cardiac abnormality, 10311
- occupational stress, coronary heart disease, 8108
- overt predisposing behavior, coronary disease patients, 7833
- paraconscious, conversion of massive anxiety into heart attack, 5600
- psychiatric & biometric & MMPI measures, cardiac neurosis outpatients, 3174
- psychosocial stress, coronary heart disease, 5732
- response sets, depression & anxiety & coronary predisposition measures, 7901
- return to work, heart attack patients, 8084
- sleep & dreaming, premature ventricular heart beats, elderly cardiac patients, 8126
- Heart Rate**
- age & height & weight & resting pulse & blood pressure & submaximal step test & abdomen size & physical fitness, Cooper 12-min performance test, alcoholics, 10404
- anticipation & feedback in probability learning task, heart rate & galvanic skin response, mentally retarded adolescents, 12756
- anticipation of shocks with varying probability of occurrence, heart rate & skin conductance, male college students, 9341
- atropine & propranolol, heart rate, rabbits, 4757
- auditory frequency & auditory pattern, stimulus control of heart rate, pigeons, 6909
- auditory stimulus, heart rate responses, premature infants, 9343
- aversive conditioning schedules, heart rate & keypressing & urinary 11-hydroxycorticosteroids, dogs, 9351
- avoidance conditioning, cardiac-somatic conditioned relationship, normal cats vs cats with mesencephalic lesions, 4667
- bilateral cortical spreading depression using conditioned heart rate response, symmetrical state dependent learning, rats, 6977
- biofeedback conditioning, heart rate control during anxiety & oxygen deprivation, 15-50 yr olds, 6751
- biofeedback control of systolic & diastolic pressure & heart rate, essential hypertensive patients, 3531
- biofeedback in individual therapy, self-regulation of blood pressure & heart rate & research on hypertension & Raynaud's disease, 1423
- block of CR due to cardiac pacing, cardiac conditioning & extinction, Macaca mulatta, 6927
- carbon dioxide-oxygen inhalation, heart rate & diastolic & systolic blood pressure & subjective anxiety, adults, 2352
- cardiac orienting responses, 6 vs 16 wk olds, 9779
- cardiovascular activity as correlate & determinant of behavior, criticism of J. I. Lacey & B. C. Lacey's reply to R. Elliott's criticism, 11605
- cardiovascular activity as correlate & determinant of behavior, reply to R. Elliott's criticism, 11616
- cardiovascular response measures with simple integrated circuit amplifiers, 9353
- changes in somatomotor activity & eye movements & heart rate & endocrinal function & learning accompanying sleep, classification of sleep disorders, 3100
- cognitive functioning during neutral vs relaxed vs mobilized phases, self-regulation of bioelectrical skin reactivity & heart rate, 16-62 yr olds, 4515
- concurrent negative feedback, state anxiety & heart rate & motor skill performance, 11th graders, 2223
- continuous or VI schedules of reinforcement under increasing level of food deprivation, heart rate & activity index & duration of grooming & rearing episodes, male rats, 4918
- correct vs incorrect vs no knowledge of target response & visual feedback of heart rate vs no feedback, self-control of heart rate, adults, 11597
- dipotassic clorazepate, heart rate & EEG & psychomotor performance, anxious & nonanxious Ss, 3632
- dominant-submissive rank in group, heart rate, macaques & baboons, 11601
- dry silver electrodes for recording skin resistance & heart rate, 11187
- emotional reactions to stress & life situations, cardiac contractility as reflected in ballistocardiographic recordings, ischemic heart disease patients, 10527
- exposure to high intensity illumination during pregnancy, defecation & ambulation & heart rate, rat offspring, 4860
- external cue for upcoming noxious event, heart rate & skin conductance, college students, 11608
- false physiological feedback during exposure to feared situation & during subsequent exposure, speech anxiety, 10279
- fear stimulus intensity & presentation order, skin conductance & heart rate & fear ratings, college students, 4570
- feedback & reinforcement, voluntary acceleration of heart rate, 16-27 yr olds, 11392
- feedback, reaction time & contingent negative variation & heart frequency, 16-31 yr old candidates for air service, 280
- good & poor differential eyelid conditioning, cardiac orienting, college students, 6924
- group size & sex, heart rate & play activity, hyperactive institutionalized mental retardates, 3398
- heart rate & skin conductance & blood pulse volume, 19-57 yr old paranoid vs nonparanoid & acute vs chronic & poor vs good premorbid schizophrenics with vs without phenothiazine medication, 7917
- heart rate acceleration & deceleration during anticipation & feedback in probability learning, retarded adolescents, 8004
- heart rate increase, measure of dental-drill-phobia, 3215
- heart rate recorded at paper speeds slower than 25 mm/sec, hand scorer apparatus, 11621
- heart rate, measure of vicarious classical conditioning effects, male college students, 205
- heartbeat, mother-infant relations, 2742
- high dosages of rapidly ingested alcohol, verbal memory & motor-skill learning & autonomic control dissociation, nonalcoholic male college students, 11752
- illumination changes, heart rate responses, human newborns, 11625
- impulsivity, heart rate variability & performance decrement on monotonous task requiring sustained attention, introverted vs extraverted college students, 6649
- initial psychoanalytical interviews, heart rate & interpersonal relations, cardiophobic patients & doctors, 3261
- instrumental conditioning of heart rate during exercise stress, female college students, 349
- instrumental heart rate acceleration vs deceleration, detection of tachistoscopic stimuli, college students, 11352
- isolation vs water immersion environments, endurance & heart rate & time estimation, college & graduate students, 11606
- Law of Initial Value application, pre- vs post-nociceptive stimuli heart rate responses during quiet vs active sleep, neonates, 4579
- manifest anxiety & nonaugmented vs augmented biofeedback, heart rate control, college students, 4577
- marihuana & dextroamphetamine, dose-effect relationship on neurophysiological & cardiorespiratory variables, male marihuana users, 2436
- maximal oxygen intake & heart rate & work capacity, mentally retarded boys, 5694
- methylphenidate, anticipatory heart rate deceleration & reaction time, 7-10 yr olds with vs without learning disabilities, 12740
- mixed-motive game situation, heart rate & skin conductance, psychopathic & nonpsychopathic inmates, 10300
- modeled distress, heart rate & GSR, prison psychopaths, 5638
- novel & signal stimuli, heart rate response, normal & retarded 6-12 yr olds, 3388
- orienting to surprising stimuli vs internal sustained attention, heart rate & striate muscle activity & respiration, 6 & 10 yr olds, 9852
- phobic reaction, autonomic nervous system arousal, spider phobics vs nonphobic female college students, 10325
- phobic reactions, heart action & blood volume & skin conductance, 1114
- placebo-instructional sets & personality variables, subjective & objective psychophysiological responding, college students, 4556
- pre-stimulus heart-rate level, orienting reflex in heart-rate, college students, 6922
- prior aversive stimulation, startle amplitude & interstimulus activity & plasma corticosterone levels & heart rate to intense acoustic stimuli, male rats, 9345
- prolonged visual task, spontaneous eye-lid frequency & heart rate measures of fatigue, 22 yr olds, 6912
- promise of opportunity to engage in social comparison, digit symbol task performance & tonic heart rate, college students, 7550
- psychological primary colors, galvanic skin response & heart rate & respiration rate, college students, 11613
- responding for food on differential reinforcement of low rate schedule, heart rate changes, dogs, 9366
- response suppression of discrimination between positive & negative CS during conditioned emotional response & time-out & punishment procedures, heart rate changes, pigs, 9633
- rest & creative activity stages, heart rate, artistic college students, 340

- scopolamine hydrobromide & scopolamine methylbromide, fear-motivated behavior & urinary 11-hydroxycorticosteroids & volume & heart rate, dogs, 7067
- sexual vs unpleasant film stimuli, skin resistance & finger temperature & heart rate, 332
- simulated models receiving same shock & different levels of pain susceptibility & discomfort, skin conductance & heart rate, male college students, 4559
- simulated sonic boom levels, startle responses & skin conductance & heart rate & eye blinks, young males, 2367
- single classical heart-rate-conditioning with footshock, retention, rats, 4855
- sleep & dreaming, premature ventricular heart beats, elderly cardiac patients, 8126
- small vs moderate vs large doses of dextroamphetamine, muscular endurance & heart rate during ergometer performance, male college students, 11827
- social behavior & physical distance, heart rate, squirrel monkeys, 7223
- statistical analysis of heart rate data, 4585
- statistical distributions, beat-by-beat heart rate & heart period measures, male adults, 9352
- stimulus intensity & initial heart rate patterns, heart rate deceleration to repetitive stimulation by quinine sulfate & sucrose solutions, college students, 11610
- stress, heart rate & finger pulse amplitude & respiration, 11-16 yr old asthmatics, 1154
- synthetic ethanol, skin flushing & heart rate & blood pressure & general discomfort, Occidentals vs Orientals, 4733
- telencephalic ablation, trace classical conditioning of heart rate & short-term memory, goldfish, 4679
- test vs game instructions & test anxiety, heart rate changes, male 5th graders, 11602
- threshold tactile stimulation, heart rate, newborns, 9370
- touching, interaction & postinteraction processes & heart rate, 20-64 yr old seriously ill patients, implications for nursing, 10853
- visual biofeedback, heart rate control, agoraphobic vs nonpsychiatric simple phobias, 6035
- voluntary control of heart rate, reaction to aversive stimulation, 21-27 yr old females, 11631
- 6-mo period of no practice, retention of voluntary lowering of heart rate during exercise stress, 350
- 90-min biorhythm, REM sleep & heart rate, 6923
- Heart Rate Affecting Drugs** [See also Caffeine, Epinephrine]
- intracerebral ouabain, morphological & biochemical & functional changes in brain tissue, chick embryos, 429
- isophane insulin & clofibrate & digoxin & thyroid substance, hyperlipidemia associated with presenile dementia, 56-yr-old woman, 12894
- perhexiline maleate, treadmill exercise-tolerance & anginal threshold, anginal patients, 8218
- Heart Surgery**
- cardiac surgery, emotional & defensive states pre- & postoperatively, hospitalized patients, 3444
- ego-supportive treatment, psychopathological phenomena in open heart surgery, 10557
- heart surgery of father, family interaction & functioning ability & attitudes toward illness & death, 3831
- pre- & postoperative psychological reactions, open-heart surgery patients, 6111
- psychotherapy, attitude toward surgery, open-heart surgery patient, 5863
- supportive intervention & autohypnosis along with routine preoperative care, postoperative delirium & anxiety & depression & medication requirements, cardiac surgery patients, 13022
- weekly psychotherapeutic sessions, depression, 26-yr-old male facing heart surgery, 3547
- Heart Transplants** [See Organ Transplantation]
- Heartbeat** [See Heart Rate]
- Heat Effects**
- anterior hypothalamic heating, duration of fast wave sleep episodes, cats, 9457
- degree of thermal comfort, level of heat stress & measurement, 4574
- experimental heating, thermoregulatory behaviors, rats & mice & hamsters & gerbils & guinea pigs, 6926
- localized diathermic warming evoked by electrical stimulation, thermoregulatory grooming & body extension & locomotion & tail vasodilation, male rats, 6999
- low-frequency noise &/or mild heat stress, tracking with peripheral lights & 5-choice task & visual vigilance, enlisted navy men, 8985
- morphine dependency & exposure to hot vs cold environments & naloxone, wet shakes & escape & thermoregulatory behavior, male rats, 2388
- prenatal heat stress at different gestational ages, discrimination learning, mature guinea pigs, 511
- size of area stimulated & intensity level & pulse-to-cycle fraction & body location, intermittent thermal fusion, male 17-29 yr olds, 11291
- sleep loss & mild heat, tracking & choice & auditory vigilance task performance, Navy enlisted men, 6558
- sun & environmental temperature increase, behavioral thermoregulation, sea lion, 4926
- training to escape heat, long-term retention of black-white discrimination response, gerbils, 11880
- vibrating & heat environments & organizational structure & work-rest schedules, performance & physiological responses, review of 5 yrs of research, 11165
- warm & dry vs warm & humid airstream, airlicking preferences, thirsty rats, 9642
- Hebephrenic Schizophrenia**
- chlorimipramine, hebephrenia, 18-34 yr old patients, 3697
- clinical differences, hebephrenic & paranoid schizophrenia subtype classification, 12648
- factor analysis of efficiency variables, associative & coordination & "attention switching" factors, schizophrenics vs normals, 10340
- subtype diagnosis of schizophrenia, change from 1920-1966, patients admitted to general psychiatric hospital, 10320
- sulpride treatment, hebephrenias, 1481
- Hedonism**
- witnessing vs performing transgression with vs without interposed positive event, altruism, college students, support for hedonistic conception, 856
- Heels (Anatomy)** [See Feet (Anatomy)]
- Height (Body)** [See Body Height]
- Hematologic Disorders** [See Blood and Lymphatic Disorders]
- Hemispherectomy**
- dominant left hemispherectomy for cerebral malignancy, linguistic & related cognitive abilities, 12-yr-old female, 6112
- right & left hemispherectomy, cognitive abilities in verbal & nonverbal functions & performance & memory, patients with noninfantile disease, 13018
- Hemodialysis**
- attitudes & reactions to illness, hemodialysis patients, 10516
- chronic hemodialysis treatment, inability to maintain job & decline in sexual activity, 3833
- dealing with traumas & attitude toward life changes and expectation of fast rehabilitation, success of rehabilitation, patients in chronic hemodialysis, follow-up study, 10818
- development of treatment center for kidney disorders, children, 10807
- intelligence, adjustment to chronic hemodialysis, 1354
- interrelationships between somatic symptoms & affective distress & biochemical indicators of uremia, hemodialysis patients, 1605
- pediatric program for end-stage renal disease, family cooperation, 10803
- premorbid variables in life history, prediction of adjustment to & outcome of hemodialysis treatment, patients, 10802
- psychosomatic problems of center vs home dialysis, hemodialysis patients, 3834
- Hemoglobin**
- sleep deprivation & thymoleptic medication, sodium & potassium in serum & erythrocytes & calcium & chlorides in serum & hemoglobin & erythrocytes number & hematocrit, depressive patients, 8171
- Hemophilia**
- classic severe hemophilia, 25-yr-old man, results of conference between specialists, 10523
- family life, psychological states, 6-9 yr old hemophiliacs, 8416
- Hemp (Cannabis)** [See Cannabis]
- Hepatic Disorders** [See Liver Disorders]
- Hepatitis**
- EEG abnormalities & neuropsychic disturbances & blood ammonia, patients with hepatic encephalopathy, 10480
- Hereditary Disorders** [See Genetic Disorders]
- Heredity** [See Genetics]
- Hermaphroditism**

46 XY chromosome & partial androgen insensitivity, physiological & psychosexual development, patients born with hermaphroditic genitalia, 12794

### Heroin

attitude towards personal vs societal control of alcohol & tobacco & marihuana & amphetamines & barbiturates & LSD & heroin, teachers & college students & treatment & rehabilitation personnel, 12199

attitudes towards police & pushers & amphetamine & marihuana & heroin & LSD use, drug addicts vs staff of drug treatment agencies vs graduate students in social work, 5644

government policy alternatives, heroin usage, 5647

intravenous heroin, short-term EEG & auditory detection & mood, 19-43 yr old detoxified heroin postaddicts, 9591

morphine & heroin pharmacology, 11782

personality traits & demographic characteristics & involvement in drug culture, heroin users vs users of marihuana & other nonheroin drugs, 5155

### Heroin Addiction

accumulated habit strength for drug & particular addiction, associations between words & drug, male opiate addicts vs normals, 7943

attitudes toward drug use & methadone treatment, administrators & supervisors & ex-addict counselors & nonaddict counselors, 5901

attitudes toward psychotherapy, veteran heroin addicts, 10602

awareness of & attitude toward heroin addiction & control programs, local residents & businessmen & police & community agency representatives, 1578

behavior modification plus methadone maintenance, self-control, heroin addicts, 12947

Bender-Gestalt test & Kent Series of Emergency Scale & Multiple Affect Adjective Check List, psychotic & nonpsychotic heroin vs nonopiate users, 10394

coping behavior attempts, heroin addiction & usage, 5 case histories, 5641

cutaneous perception of movement, heroin vs nonheroin addicts, 11285

cyclazocine, treatment of narcotic addiction in low-intervention setting, male heroin addicts, 3662

demographic & family characteristics, injecting vs inhaling, Navy heroin addicts, 12686

drug addiction vs alcoholism, body image, veterans, 10372

epidemiology & demographic characteristics, Vietnam soldier heroin addicts, 3307

eye movements, young heroin addicts vs matched controls, 7944

glutethimide usage, 16-20 yr old male heroin addicts, 7963

haloperidol vs methadone, blocking heroin-withdrawal symptoms, 18-35 yr old addicts, 5918

heroin addiction patterns from 1969-1973, Washington, D.C., 10381

heroin addiction, neuropsychological functioning, Vietnam veterans, 10377

high-dose cyclazocine, former male heroin-addicts, 10645

intensive short-term psychotherapy, attitudes & behavior, drug-addicted veterans, 10564

intravenous heroin, short-term EEG & auditory detection & mood, 19-43 yr old detoxified heroin postaddicts, 9591

maternal child-rearing practices, heroin addiction, adolescents, 1230

maternal heroin & methadone intake, neonatal narcotic addiction, 1247

methadone maintenance treatment program, control expectancies & future time perspective, heroin addicts, 10629

methadone maintenance vs detoxification, retention rates & client characteristics, heroin addicts, 12872

methadone maintenance, heroin addicts, 8238

mother-child relations, heroin addiction, students, 7947

naltrexone, clinical usefulness & side effects & toxicity & degree of acceptability to patients & capacity to antagonize euphoric effects of heroin, 21-40 yr old heroin addicts, 10644

neurochemical model of addiction, treatment of heroin addiction, 12923

parent-child relations, drug abuse, 16-29 yr old heroin addicts vs nonusers, 12661

personality, urban hospitalized vs urban vs suburban heroin addicts, 5661

psychodrama & group therapy, heroin addicts returning from military duty in Vietnam, 10719

psychologic vs pharmacologic heroin dependence, 1206

psychological needs measured by Edwards Personal Preference Schedule, heroin addict applicants to methadone maintenance program, 10412

sex & race & heroin vs methadone use & legal status & employment, attrition at referral to detoxification unit, heroin addicts, 8260

sex roles, female heroin addiction, 7964

short- & long-term hospitalization, MMPI indices of personality change, heroin addicts, 13058

short-term low dose methadone maintenance, 15-24 yr old heroin addicts, 8230

therapeutic meaning, stealing staff member's dog, 22-yr-old female heroin addict attending drug treatment program, 3320

voluntary detoxification success factors, 19-30 yr old heroin addicts on methadone maintenance, 12873

### Herpes Simplex

herpes virus infections, prevalence of mental disorders, psychiatric patients, 10310

### Heterosexuality

attitudinal differences, heterosexually vs homosexually oriented males & covert vs overt male homosexuals, 7968

heterosexuality & social orientation & achievement motivation & dependency & sociocultural factors, American vs Indian female college students, 5075

penile volume responses to male vs female nudes, homo- vs heterosexuality, transsexuals, 12662

plethysmographic vs strain gauge measurement, penile responses during aversive & appetitive conditioning, homo- vs heterosexuals, 11618

sex of free choice figure drawing on Draw-A-Person Test, measure of sexual inversion or gender identity, homo- vs heterosexuals, 10408

slides vs films of various erotic themes, sexual arousal & penile volume, heterosexual males, 11629

spontaneous change to heterosexual orientation, homosexual 26-yr-old male, 2839

### Heterozygotic Twins

activity level & hyperactivity, monozygotic & dizygotic twins, 12822

cerebral lesions & rheumatoid arthritis & deafness, psychological development, identical vs fraternal twins, 12787

cognitive interest styles, inheritance of vocational preferences, male vs female monozygotic vs dizygotic twins, 9376

creative abilities, 13-19 yr old identical vs fraternal twins, 4597

dependency in mother-child & sibling relations, twin interactions, middle-class fraternal twins in nursery school, 5044

genetic & environmental factors, mental development, 8-mo-old dizygotic & monozygotic twins, 9841

heredity & place of birth & final residence, counseling, monozygotic vs dizygotic twins, 11640

inheritance of emotionality & activity & sociability & impulsivity, monozygotic & dizygotic twins, 370

perceptual motor performance, 6-12 yr old identical vs fraternal twins, 11279

plastic isolation systems for 2.5 yrs, learning deficits & intellectual impairment & motor activity, nonidentical male twins with lymphopenic hypogammaglobulinemia, 3472

### Heuristic Modeling

heuristic method of problem teaching, creating favorable environmental conditions to develop inherent abilities, 3974

heuristic strategies, computer technology applications in education, 10944

normative Bayesian vs representativeness heuristic responding in inference vs prediction tasks, college students, 9162

### Hexobarbital

intraperitoneal injections of 5-(para-hydroxyphenyl)-5-phenylhydantoin, hexobarbital sleeping time & hexobarbital & ethylmorphine metabolism by rat liver homogenate, mice, 9582

levo- & dextrohexobarbital, volume of distribution & metabolic clearance constant in same intact & isolated liver, rats, 11721

### Hibernation

food deprivation at start vs end of hibernation season, continuous hibernation bout length, ground squirrels, 6921

### Hidden Figures Test

rod & frame & Hidden Figures visual & auditory tests & scale of body sophistication, field dependence-independence measures, young adult college educated males, 5381

High School Diplomas [See Educational Degrees]

### High School Students

academic ability, number of college admission applications filed, high school seniors, 4006

- academic achievement patterns, 10th & 11th graders, India, 1828
- academic motivation, academic achievement & attendance, 8th-11th graders, 1853
- admission via admission test vs summer program, academic achievement, economically disadvantaged high school students, 11022
- affective ratings & extrinsic pressure & preferences, reading comprehension scores, 11th graders, 8635
- application of J. L. Holland's typology, psychological meaning & predictive value of person's vocational aspirations, high school & college students & employed adults, 13258
- career guidance & decision-making program, "Deciding," junior & senior high school students, 8707
- Class Activities Questionnaire, perceptions of emphasis given to cognitive objectives in classroom in science & mathematics & social studies & language arts, 6th-12th graders, 10981
- cluster analysis of responses on Junior Eysenck Personality Inventory & Behaviour in School Inventory, relation to ability & achievement & motivation, 1st- & 2nd-yr secondary pupils, 4007
- cognitive complexity, preferences & achievement in science & arts, 12th graders, 13198
- cognitive styles, science achievement, high- & low-achieving level Nigerian 7th & 12th graders & college students, 4040
- concepts of authority relations & boundary maintenance & crossing, understanding group & organizational dynamics, compensatory education program high school students in group relations seminar, 832
- concurrent validity of 6 scales of Study Attitudes & Methods Survey, academic achievement measures, 12th graders, 13197
- congruent & concurrent validity, Strong Vocational Interest Questionnaire, high school seniors & undergraduate & graduate students, 1901
- contingency contracts, truancy, high school students, 4097
- corrective measures, reading difficulties, secondary students, 6267
- cost & attractiveness & dependency, creativity ratings of sentences attributed to male others, female high school students, discussion of L. M. Lefebvre & S. P. McNeel findings, 877
- Counseling Accountability Questionnaire, perceptions of counselor effectiveness & counselor-student relationship, 9th & 12th graders, 4111
- counselor as ombudsman in secondary school setting, teacher-student conflicts, 1915
- counselor characteristics, counseling effectiveness, economically disadvantaged & advantaged males in junior & senior high schools, 4119
- daily events & long-term influences, school absenteeism, students in high school for girls, 1701
- deliberately elaborate teacher language verbal production by high school students, 3964
- demographic characteristics & social influences, choice of colleges, longitudinal survey of high school seniors, book, 1758
- diagnosing learning disabilities, high school counselors, 1912
- Differential Aptitude Test, academic success prediction, Canadian 9th graders, 11009
- drug abuse prevention & education program, high school students, 6271
- drug use & abuse, school drop-out, 14-20 yr olds, 11019
- empirical evaluation, models of social influence processes in student-teacher relationships, black 11th graders, 1750
- ethnic studies course, attitudes toward minority students & school, black & white & Chicano & Indian 11th & 12th graders, 1773
- factor analysis of reading speed vs comprehension vs word attack skills & other factors, general reading ability, 4th graders vs high schoolers vs college students, 1927
- factor analysis, Barrett-Lennard Relationship Inventory, counselor trainees & high school students, 59
- factor patterns, Edwards Personal Preference Schedule scores, high school vs college vs innovative college program students, 10878
- family size & social process, college aspirations, Catholic vs Protestant 11th graders, 2794
- fear of punishment vs loss of love, socialization of need achievement, technical high school students in north vs south Italy, 5009
- focus on upward mobility vs working toward personal goals, ideology of working class youth, high school students, 779
- free-response sampling, school satisfaction & dissatisfaction, 7th-12th graders, 6314
- group IQ scores, predictors of academic grades & high school completion, high school students in vocational vs academic programs, 1821
- group relationships, attitudes & performance in classroom, high school students, 6316
- group service method, malperformance behavior reduction, junior & senior high school students, 8739
- high & low geographic mobility & IQ & socioeconomic status, academic achievement, 11th graders, 1857
- high- vs low- vs average-ranking high schools & college entrance examinations, classification of senior high schools, Japan, 11085
- individual counseling & group skills & peer group programs, training youth to reach other youth, high school juniors & young adults, 4123
- inserted questions in original- & interpolated-learning passages, retroactive inhibition & retention, college students & male high school students, 13173
- instructional strategy & pictorial representation, verbal learning, high school seniors & college students, 4425
- internal consistency & reliability, scaling measures of attitudes toward school, adolescent students, 10994
- internal consistency & test-retest reliability & development, Career Maturity Inventory as profile measure of career choice, 12th graders, 8712
- knowledge of occupations, academic achievement & social status & formulation of future plans & personal experiences, male high school seniors, 11072
- length of same school membership, acquisition of values & opinions, 7th-12th graders, 13082
- manual vs computerized testing aptitude test performance, black & white male high school students, 1913
- mathematics exams with optional questions, high school & college students, 11055
- measures of intellectual & non-intellectual variables, academic achievement prediction, 13-16 yr old female students, 1836
- MMPI scale, measurement of scholastic personality, female high school seniors & college students, 4099
- modernized vs traditional mathematics teaching methods & socioeconomic level, intellectual development, French high school students, 3981
- music, examination performance, test anxious high school & college students, 8657
- national survey, career guidance & education & occupational interests, 8th & 9th & 11th graders, 1923
- number of defining attributes & mean level of conceptualization of concepts' attributes, concept difficulty, 10th graders, 11443
- number of objective-relevant sentences & length of text, learning from texts with instructional objectives as directions to learners, high school students, 11015
- open-environment school organization, reactions to school life & self-reliance & realistic judgment ability & achievement, 4th & 5th & 6th & 8th & 11th graders, 1792
- personality & intelligence, creativity, high- & low-ability high school students, 4121
- persuasiveness of antidrug letters, 12th-grade users vs nonusers of marijuana & speed & LSD, 9947
- Piagetian formal operations vs standard Binet-type intelligence tests, predictive power & validity for scholastic achievement, French high school students tested for 3 yrs beginning in 1st yr, 2682
- positive verbal reinforcement, spontaneous behavior, 10th graders, 10965
- potency-activity semantic differential ratings, music concepts, high school music students, 7603
- procedures for deciding rules as well as rules themselves, high school stability, urban high school students, 4036
- program separation, perception of personality needs & environmental press, high school students, 11003
- program using potential high school dropouts as tutors, achieving mastery in areas of failure, kindergartners & 2nd graders, 3982
- psychology course, personal & vocational development, 11th graders, 10949
- questionnaire development, educational values, high school & college students in Canada, 11076
- readability, oral & silent reading rates, college & high school students, 11057
- recognition of client's "humanness" vs religious & racial & ethnic & social & political affiliations, problems & recommendations for school counselor working with minority groups, Hawaiian high school students, 13248

- relationship between subtest scores on California Test of Personality & Diagnostic Reading Scales, relationship between social relations & reading success, 1st-12th graders referred to reading clinic, 10999
- response analyzer vs programed textbooks, geometry learning, high school students, 10986
- role identification & game structure in Democracy game, political attitude change, high school students, 6278
- school learning proficiency & mental activity in paired associate learning, learning-disabled high school students vs college students, 13273
- school psychologist's role in multidisciplinary approach to inschool pupil management, acutely anxious & depressed students in large urban high school, 4106
- self-concept & need variables, disadvantaged 16-17 yr old dropouts vs inner-city high school students, 10996
- self-perceived adaptability, grade averages, 10th-12th graders, 1846
- sex & major & secondary vs elementary area & GPA, reactions to descriptions of pupils & preference for type, student teachers, 6199
- sex & segregation vs desegregation, socioeducational school environments, black students, 6236
- sex differences, type of mathematics problem appeal, Australian high school students, 11016
- sex of student & teacher, students' achievement & teacher evaluation, high school students & teacher trainees, 8658
- sex-typed interests, mathematics achievement, 5th & 7th & 9th & 11th graders, 4024
- social environment of coeducational vs single-sex school, satisfaction with school & personal & school values, high school students in Australia, 4015
- spelling recognition & coding into sound, good & poor 10th grade readers, 4034
- student discussion groups, solving mutual problems within school system, high school students, 6235
- student dissatisfaction scale, measurement of school social relations problems, secondary & college students, 11007
- student participation & coinfluence in schools' innovative processes, attitudes towards democracy in school & society, Swedish 7th-9th graders, 13110
- students' syntactic sophistication, reading 4th vs 8th vs 12th grade vs skilled adult levels of writing, 4th-12th graders, 1854
- sustaining vs directive climate & verbatim vs translation response mode in recitation strategies, retention of classroom material, debilitator vs facilitator high school students, 6297
- teacher-administered rating scales of classroom behavior, elementary to senior high school students, critical review, 3945
- teaching symbolism, high school students, 6258
- team competition, classroom group process, high school students, 10940
- teams-games-tournament, academic achievement & attitudes & classroom cognitive climate & cognitive beliefs, high school students in American history classes, 10941
- transformational simplification, reading comprehension, 12th graders, 1831
- truancy, junior & senior high school students, 13190
- tutoring program, attitude & language art skills, reading disabled high school students, 6360
- validity of transfer & learning tests, predicting individual differences in academic achievement, secondary schools, 11060
- validity of Study Attitudes & Methods Survey, biology achievement prediction, high school students, 4030
- vocational evaluation program, academic achievement motivation, high school students, 1911
- High School Teachers**
- authoritarian personality, success, high school coaches, 6238
- biasing effects of diagnostic labels & sex of pupil, teachers' view of pupils' mental health, secondary school teachers, 3931
- counselor as ombudsman in secondary school setting, teacher-student conflicts, 1915
- problem-diagnostic tendencies concerning teacher-student relationship patterns, elementary & secondary school teachers, 3923
- procedures & problems & findings in development, modularized/individualized educational psychology program, high school teachers, 6276
- sex & graduate vs nongraduate & length of experience, value of teaching-method courses & attitudes towards educational theory, primary & secondary school teachers, 6208
- sex of department heads, department climate, senior high school teachers, 10924
- social assimilation, professional socialization, beginning secondary teachers, 3926
- subordinate loyalty to immediate supervisor, hierarchical relationships in public secondary schools, secondary school teachers, 8572
- High Schools**
- content & process of counseling psychology, experimental high school courses, 6300
- high- vs low- vs average-ranking high schools & college entrance examinations, classification of senior high schools, Japan, 11085
- open-space vs traditional high schools, learning climate & problem-attack behavior of principals, 10954
- personality traits, teaching effectiveness in rural & urban secondary schools, student teachers, 3937
- procedures for deciding rules as well as rules themselves, high school stability, urban high school students, 4036
- social environment of high schools, mental health & psychosocial development, adolescents-12109
- Higher Education** [See also Clinical Psychology Grad Training, Dental Education, Graduate Education, Graduate Psychology Education, Medical Education, Medical Internship, Medical Residency, Postgraduate Training, Psychiatric Training]
- application of factory vs service models of systems theory, college production process, 13078
- careers services in higher education, 8709
- changes in higher education, collection of papers, 3906
- college teaching & teaching of psychology, annotated bibliography, 6299
- current trends in higher education relating to enrollment & graduation & employment, literature review, 10889
- debate analysis, daily vs student press articles concerning higher education goals, Sweden, 13070
- employment in higher education, American Psychological Association members, 7714
- faculty-research production, faculty-teaching effectiveness in higher education, 6229
- federal assistance & higher education, economically disadvantaged college students, 1719
- humanistic psychology, accreditation of colleges by students, 6250
- lack of curiosity & thoughtfulness, failure of experimental teaching programs, college students, 10894
- multimedia off-campus approach, characteristics of potential students, high school student & adult responses, 10904
- multivariate analysis, emergent characteristics of higher education changes, 10870
- opinion survey, student personality development in higher education, business presidents & personnel directors, 11013
- perceptions of higher education in relation to police work, police chiefs, 1696
- professional attitudes toward counseling needs in higher education, survey of Association for Student Counselling members, 8725
- reduction of time, maintenance of quality undergraduate education, 6263
- role conception, participation in continuing learning activities, neophyte collegiate nurses, 7711
- sex & degree & field distribution & application & admission rates & dropout rates & school quality & student ability, institutional discrimination, females in doctoral education, 3920
- social & legal & political aspects, higher education, blacks, book, 1712
- teacher attitudes & approach, cultural & societal & communal & economic forces acting on learning situation, middle-aged learner in higher education, 10884
- Highway Safety**
- balance between risk & resources & mobility, federal highway safety policy, 13407
- brightness contrast, recall of projected highway sign-type stimulus materials, high school students, 13423
- deceleration warning light, reduction of rear-end automobile collisions, 13424
- halogen vs conventional European high- & low-beam headlights, visibility distance, 11172
- laboratory investigation, effectiveness of signal indications for protected left turns, 8864
- man-vehicle-environment system, driver behavior, 2025

- situational & individual factors, seat belt use in private cars, 13411  
urban-rural vs speed limit differentiation, road accidents, England, 13425
- Hinduism**  
perceptions of status, dissatisfaction with untouchability, Harijans vs caste Hindus, 668
- Hippies** [See Subculture (Anthropological)]
- Hippocampus** [See also Amygdaloid Body]  
antidepressants & neuroleptics, behavioral response to lesion & stimulation of hippocampus, rats, 4708  
atropine & scopolamine & hippocampal lesions, alternation performance, rats, 11826  
bilateral caudate vs hippocampal vs septal lesions, passive avoidance learning & sensitivity to dextroamphetamine & scopolamine at 1-2 vs 7-8 vs 28-29 days after surgery, mice, 9430  
bilateral cortical spreading depression, hippocampal theta activity induced by oral infusion of aversive gustatory stimulus, rats, 6965  
bilateral lesions in frontal poles vs dorsal hippocampus & parietal cortex vs parietal cortex alone vs motor nuclei of 5th & 7th cranial nerves, prepulse inhibition of acoustic startle response, rats, 9433  
bilateral removal of forebrain structures, alterations in emotional behavior, opossums, 410  
chemical stimulation of hypothalamus & dorsal hippocampus, emotional-behavioral reactions, cats, 11685  
classical conditioning, unit sensory stimuli responses in hippocampal system, rats, 11896  
dorsal & ventral hippocampal lesions, spontaneous & learned alternation & probability learning, rats, 430  
electrical stimulation of other brain areas, modulation of hippocampal rhythmic slow activity frequency, rats, 4664  
electrical stimulation to components of fastigialbulbar & dentatohypothalamic pathways, hippocampal cobalt epilepsy, cats, 4603  
hippocampal & hypothalamic & lateral geniculate activity during visual discrimination, monkeys, 9320  
hippocampal damage due to anoxia produced by pregnancy & birth complications, schizophrenia, critique of S. A. Mednick's hypothesis, 10306  
hippocampal granule-cell agenesis & hippocampal lesions, escape from fear & 1-way active-avoidance responses, infant rats, 6979  
hippocampal lesions, sucrose preference behavior following food & water deprivation, male rats, 2391  
hippocampal theta rhythm patterns, freely moving male rats, 4549  
hippocampal theta, nervous pointer dogs, 9317  
instrumental conditioning of hippocampal theta & subsequent response persistence on fixed-ratio reinforcement schedule, resistance to extinction, male rats, 4848  
intra-hippocampal application of cholinergic agents & blockers, performance in differential reinforcement of low rates & Sidman avoidance paradigm, male rats, 7002  
KCl administration to hippocampus, memory impairment for passive avoidance & single alternation tasks, male rats, 4656

residence in special retirement vs conventional dispersed housing & favorability of outlook on life, leisure activities, 7381

social class, residence-linked values, urbanites, implications for housing & urban policies, 748

student-built housing as alternative to dormitories, college students, 7504

substandard inexpensive apartments in university town, attitude survey of residents, 7541

voluntary relocation to new apartment complexes vs no relocation, mortality rates, aged healthy community residents, 12123

**Hue**

continuous variations in hue & saturation, tricolor mixer apparatus, 11188

direct estimation of lightness of surface colors, 4341

hue & race, block-design performance using red-white & blue-yellow forms, black & white 4th & 5th graders, role of genetically determined differences in fundus oculi pigmentation, 11991

luminance & wavelength contrast & spatial frequency, hue discrimination, Os, 11335

spatial & sequential stimulus repetition & spatially separated & sequentially presented dimensional redundancy, absolute judgment accuracy of hue & brightness, male college students, 9083

**Human Biological Rhythms**

biorhythms, motor & mental performance, 6671

circadian rhythms of behavior, central arousal in experimental psychopathology, 1084

circadian variations, critical flicker frequency, 6-10 yr olds, 12035

diurnal variation, postural finger tremor, adults, role of changes in circulating catecholamines, 11635

isolation effects on internally desynchronized circadian rhythms, neuroticism & tendency to complain of physical ailments, college students, 12472

morning vs afternoon cognitive performance, EEG changes, 12-50 yr olds, 6889

psychological perception of time, 11298

random living schedule, ability to adjust sleep & cognitive & personality changes, 19-32 yr olds, 6908

90-min biorhythm, REM sleep & heart rate, 6923

**Human Courtship** (See also Social Dating)

male vs female high- vs low-sex drive, perceptual compatibility & partner response prediction & courtship progress & marital choice, premarital college couples, 12097

nonverbal courting behavior in clinical interview, patients & therapists, 10603

**Human Development** (See Also Related Terms)

clinical & experimental observations of sleep & dreaming & memory psychology, evolutionary brain formations, 288

computing multiyear weight increments from averaged data, determination of spurts in brain & skull development, 9783

interpersonal influences, adult development, 2765

life-span approach model characteristics, study of psychological aging & development, 654

multidisciplinary approach, human development, book, 584

positive disintegration theory, human development, 4945

set theory logic, application to infrastructure & transition in developmental analysis, 7296

**Human Factors Engineering**

American standard procedures, comfort & attenuation performance evaluation of off-the-shelf vs wearer- vs custom-molded ear-protectors, 8871

article set in old vs revised typographical format of Programmed Learning & Educational Technology, reading speed & comprehension & scanning scores & preferences, college students, 11167

Astonov I, 2-way tractor for operating fork lift with reversible steering & driver's seat, 4210

behavioral ecology, applied behavior analysis as special case of behavioral technology, 8766

brightness contrast, recall of projected highway sign-type stimulus materials, high school students, 13423

colored vs clear crash helmet visor, color recognition, 8872

comfort & satisfaction, airplane travel, university professionals, 8857

console mock-ups & placement of consoles, command & control of fire department via manual dispatch vs central-aided systems, 11166

continuity approach method, handprinted characters pattern recognition, 11174

deceleration warning light, reduction of rear-end automobile collisions, 13424

dive vs constant altitude approaches, evaluation of perception of dimensionality of source material used to generate dynamic TV images of simulated military targets, 6471

ergonomic approach, hospital equipment design, 4225

ergonomics, dental health care delivery systems, 8859

flight deck environment & pilot workload, 4220

hand-operated vs foot controls, brake reaction times, 8865

human engineering principles, environmental features, elderly, 7371

human factors engineering approach, study of detection & recognition of railway signals, engine drivers, 2134

human factors engineering, railroad signaling systems, book, 6474

human resources & personnel cost data in system design tradeoffs, 2020

- impressions & perceptions & suggested improvements on British railway carriage environments, passengers, 4223  
 interior space & furnishings design, well-being, elderly, 4219  
 laboratory investigation, effectiveness of signal indications for protected left turns, 8864  
 luminous intensity requirements, vehicle front lights in urban traffic, 8854  
 needs of mentally retarded & culturally deprived & normal children, design of day care centers, 10766  
 on-line computer process control system design, operator performance, 11163  
 peak & ambient noise levels prevailing inside & outside residential buildings in urban areas, 4212  
 problems in ergonomic field research, 4213  
 simulator motion, flight-director display evaluation, male pilots, 13416  
 social & human factors considerations, growth & changing environment of industry, 6470  
 soft skills systems engineering, development of leadership evaluation methods, 2023  
 training costs & difficulty & job performance, design characteristics of avionics subsystems, avionics engineers & Air Force training supervisors & instructors, 6472  
 vibrating & heat environments & organizational structure & work-rest schedules, performance & physiological responses, review of 5 yrs of research, 11165
- Human Females**  
 "Implied Demand Character of the Wife's Future," measure of intrinsic achievement motivation, role-innovator vs traditional female college seniors, 7698  
 academic educational achievement & participation in General Educational Development program, recidivism, female correctional center inmates, 6127  
 achievement & affiliation motivation, career- vs homemaking-oriented female college students, 13321  
 aftercare services & diagnostic criteria, incidence of classification into categories of cured without readmission vs schizophrenic defect vs deterioration vs other defect state, women with functional psychosis, 5-yr follow-up, 13051  
 age & body size at menarche onset, mentally retarded females, 12720  
 age & sex, attitudes toward increased social & economic & political participation by women, 4th & 6th & 8th & 10th graders, 725  
 age, affiliative behavior, 7-17 yr old Girl Scouts, 2715  
 amphetamine abuse, female students, 7946  
 analysis of occupational characteristics of female fiction characters in women's magazines, 10112  
 aniseikonic body perception, pregnant women, 1000  
 assistance & value similarity & concern in social network, avowed happiness, married vs nonmarried members vs nonmembers of women's organization, 12243  
 attitudes toward abortion, college students vs female assembly-line workers & physicians' wives in Southern rural college town, 12182  
 attitudes toward abortions, women victims of abortions, 12152  
 attitudes toward birth control methods, Spanish women, 711  
 attitudes toward birth control methods, Spanish women, 712  
 attitudes toward contraception & sex roles & creativity & anxiety, female college students, 5358  
 attitudes toward mental illness, sex role stereotypes, 5101  
 baby's cries & woman's voice & speech noise as stimuli, auditory discrimination during REM & NREM sleep, pregnant & postpartum 21-32 yr old women, 4329  
 birth order, desired family size, female college students, 5041  
 black militancy & affective attachment, fear of success, black female college students, 6847  
 cognitive-developmental curriculum intervention, female adolescent personality & moral development, 7343  
 community approach at Coke Hole Centre, female addicts, England, 12956  
 conference providing factual information on career opportunities, college undergraduate women, 6395  
 contraception, method used & sources from which obtained to avoid pregnancy, 15-19 yr old unmarried young women, 736  
 contraceptive needs & attitudes, adolescent girls 17 & younger, 743  
 contrasts in personal & vocational histories, women in male-dominated professions, female architects & lawyers & physicians & psychologists, 11107  
 coresidential living, attitudes & self-esteem & role expectations, female college students, 11025  
 creativity & heroic vs tender modes, fictional books written by women authors, 917  
 crisis & telephone counseling requests, 17-73 yr old female & child victims of sexual assault, 12994  
 criticism of M. S. Horner's research on fear of success among women, 4505  
 cross-cultural differences, premenstrual symptoms, American vs Japanese vs Nigerian vs Apache vs Turkish vs Greek groups, 7412  
 cultural differences, religious & cultural attitudes about menstruation, women in Iran, 7391  
 demographic characteristics, attitudes toward pregnancy & decision for abortion vs maternity home, unmarried pregnant women, 12156  
 demographic variables & sexual experience, 13-17 yr old females seeking contraceptive assistance, 7487  
 depressive illness, erythrocyte membrane cation carrier, female inpatients, 3226  
 diagnosis & treatment, obesity, adolescent girls, 10598  
 differentiation by MMPI, remedially vs irremediably obese women, 12786  
 early developments in psychoanalytic movement, dynamics of female sexuality, 2996  
 ecological factors & drain of male labor, female contributions to subsistence activities, use of societies from G. Murdock's cross-cultural sample, 2797  
 educational level equal to vs less than husbands, anxiety, wives of doctoral candidates, 5580  
 ego vs superego decisions, changing stereotyped sex roles, 2868  
 emotional stresses & self-doubts, sex discrimination, woman doctoral students, 1698  
 evaluation, integration of male & female patients in psychiatric hospital, 6161  
 excess disabilities, mentally impaired institutionalized elderly women, longitudinal study, 3096  
 family background & personality problems, methamphetamine use, 17-18 yr old females, 744  
 father-daughter relationship, promiscuity, female nursing students, 12083  
 fear of pregnancy, use of oral contraceptives, females, implications for premenstrual depression, 7669  
 female involvement in health care delivery & fertility control, 12189  
 female-based family & birth order, ability to self-disclose, college students, 10033  
 feminine identity development, female adolescents, literature review, 5018  
 feminine moods of nagging & argumentativeness, externalization of inner-genital tensions, women, 1130  
 frequency of women in positions of principal or associate editor or on editorial board, psychological journals published in 1970-1972 by American Psychological Association, 7493  
 Freud's Dora, hysteria & masochism & female psychosexual development, 3199  
 group counseling, self-esteem & anxiety & depression & hostility, middle-class women, 10782  
 identity development, vocational counseling, adolescent girls, 4110  
 improving appearance, teacher's acceptance of student & unacceptable school behavior & favorable feeling toward self & others, female 7th graders of low socioeconomic status, 2699  
 increased occupational participation by women, occupational prestige & desirability, college students, 895  
 intercollegiate sports participation, personality traits, female college students, 12503  
 itinerate psychological services program, women's prison, 3885  
 lack of awareness of contributions by women to psychology, 4228  
 late adolescent & early adult development, feminine identity & careers, young women, 995  
 liberal vs conservative attitudes toward women's roles in society, self-actualization, female college students, 12177  
 liberation of women from low status, childrearing practices & child liberation, 5113  
 lithium vs psychological factors, premenstrual tension syndrome, 5956  
 male & female occupational mobility patterns vs female marital mobility, reanalysis of data of P. Y. DeJong et al, 12215  
 marginality status, women, 12218  
 marital status, tuberculosis, women in Salem, Massachusetts, 1785-1819, 3430  
 masturbation with water, supplementary fantasy expression, women, 973

- menstrual cycle, arm-hand steadiness & galvanic skin response to auditory stimulus & reaction time & time estimation & digit-symbol substitution tasks & self-ratings of symptoms & moods, female college students, 6932
- menstrual cycle, sweetness preferences & appetite & weight gain, women, 4587
- menstruation, cognitive & perceptual-motor behavior, critical review of research, 364
- methodology & research result validity, achievement motivation measurement, college women, 5326
- MMPI scale, measurement of scholastic personality, female high school seniors & college students, 4099
- mother vs extrafamilial reference group influence, clothing & cosmetic fashion norms, 12-14 yr old Caucasian girls from blue collar families, 2726
- multidisciplinary treatment program, pregnant female addicts, New York City, 12878
- natural childbirth training & age & gravida & education & menstrual pain & 1st menstrual experience & sexual desire & wanting husband's presence & medication expectation & overt pain reactions, childbirth pain, women, 11603
- nature-nurture controversy, place of women in society, 2816
- nude male vs female figures, subjective & pupillary responses, female college students, 12173
- obstetric notations of mental & behavioral disturbances, female psychiatric patients vs normal females, 7874
- occupational interests, career- vs homemaking-oriented female college students, 8729
- paternal nurturance & positive involvement & rejection, personal adjustment, 18-22 yr old female college students, 2700
- personal & educational factors & employment & participation in association activities, female members of Association for Counselor Education & Supervision, 7736
- personality traits, experiencing vs not experiencing pain, women with carcinoma of cervix before & after cordotomy, 10473
- phenothiazines, endocrine effects, female patients with galactorrhea &/or amenorrhea during treatment, 1627
- preferences for family size & sex ratio of family & sex of next child & use of sex preselection techniques, currently married women, US, 9987
- preferred clothing styles, physically handicapped elderly women living in nursing homes, 9910
- premenstrual phase of menstrual cycle, motivation to avoid success, female college students, 5380
- propranolol vs chlorpromazine, females with psychosis related to childbirth, 8272
- psycho-physical interactions, premenstrual tension & psychogenic amenorrhea or anorexia nervosa, 22-41 yr old women, 3113
- psychological & social & intrapsychic reactions to abortion, 14-44 yr old women, 7544
- psychology of women, bibliography, 7434
- psychosocial & physiological factors, sex drive & orgasmic response & other aspects of sexuality, predominantly young middle-class married women, 9944
- psychosexual treatment program, 14-16 yr old girls with sexual & psychiatric & academic & behavioral problems, 3849
- rape during childhood, anxiety & depression related to opposite sex, female patients, 5561
- recognition & constructive alternatives, frustration & oppression & stigma & cognitive dissonance, women, 5339
- resolution of conflicts in relationships with women, advantages in short-term therapy of woman therapist for woman patient, 1404
- role & psychological adjustment & needs, elderly women, 9908
- role demands by society, fear of success, older married & younger unmarried female college students, 10181
- role of school system, responding to girls' needs, 8549
- self-concepts, television viewing vs not viewing, women, 971
- self-discovery learning procedure, concept learning, female college students, criticism of study of H. Thomas et al, 9181
- self-image & femininity stereotypes, role conflicts & coping, college-educated women, 9957
- sex & ability & traditional vs open admissions, educational & occupational aspirations, college freshmen, 6425
- sex & degree & field distribution & application & admission rates & dropout rates & school quality & student ability, institutional discrimination, females in doctoral education, 3920
- sex & race, occupational changes, Louisiana urban females, 1960-1970, 13291
- sex chromatin in oral mucosa, female psychiatric patients & normal girls, 10351
- sex role orientation & competitive instructions, cognitive performance, college females, 6664
- sex role stereotyped attitudes & religious & political preferences & marriage style & sexual threat, support vs opposition to Women's Liberation movement, men vs women, 9980
- sex roles, female heroin addiction, 7964
- sex-role attitudes, development of achievement need, female college students & alumni, 7649
- sexual emancipation for women, implications for therapist role, 2818
- sexual partner & childhood mental disturbances & birth order & parent-child relations, sexual satisfaction & orgasmic consistency, pregnant women, 9983
- social adjustment, 16-30 yr old female attempted suicides, follow-up study, 7978
- social drinking, dependency & power imagery in fantasy, females, 7704
- social inequality of status of women, recommendations for improvement of business & educational & personal status, 9955
- socioeconomic & health variables, social & solitary sexual behavior, never-married white women, 2751
- socioeconomic status & academic performance & interpersonal encouragement by significant others, occupational choice, female high school students, 2737
- status of American females in professional work force, book of readings, 2820
- stereotypic feminine roles, cognitive development & self-image & competence & self-esteem & sex-role identity, females, 7629
- story completion dealing with traditional vs nontraditional feminine occupation & college major & career aspirations & year in school & Masculinity & Ascendancy scores on Guilford-Zimmerman Temperament Survey, fear of success, female college students, 12440
- Strong-Holland vs ACT Vocational Interest Profile scales, female college students, 11116
- success in traditional female role or man's world, opposition to Women's Liberation Movement, 778
- suicide, male & female physicians, 10414
- supervisory consideration & structure, job success, hard-core unemployed black women, 4157
- surgical breast augmentation, changes in body image, women, 2998
- Thematic Apperception Test versions of M. S. Horner, measurement of motive to avoid success, male & female students, 12489
- time lost percentage vs frequency vs short-term absence index, voluntary & unavoidable absence, employed women, 13339
- Title IX of 1972 Amendments to Higher Education Act, legal & sociological implications for women in medicine, 9977
- traditional classroom & experiential learning approaches, self-awareness & intellectual fulfillment & vocational skills, junior college women, 10930
- traditional vs nontraditional views of women's roles, perceived occupational prestige & role for women, women's caucus members vs secretarial & clerical vs college student vs nonworking women, 7470
- treatment approach at Spelthorne St. Mary's, female addicts, England, 13057
- variation in story cues used to measure fear of success, fear of success, male vs female college students, replication of M. S. Horner's research, 12461
- Women as Managers Scale, measurement of attitudes toward women in management positions, 8763
- women in labor force & male unemployment & income level, suicide rates, 1222
- women's problems, professional counseling services, 10784
- ### Human Figures Drawing
- age, recognition of missing body in human figures, 4-9 yr olds, 4994
- Draw-A-Person Test, ethnicity & work habits & diagnosis, hospitalized adolescent psychiatric patients, 3158
- emotional indicators in human figure drawings, self-esteem, 5th & 6th graders, 3033
- human figure drawings, study of social & cultural values of national groups, 8-13 yr olds in Thailand, 7406
- operative & figurative aspects, development of figure completion test, 10168
- positive contemporary values assigned to female role & instructional set stressing sexual equality vs sexual role distinction, analysis of sex of 1st drawn figure, 5th & 6th graders, 12493

- WISC & Rorschach & Human Figures Drawing tests, family complementarity theme measurement, 3 families, 9892
- Human Information Processes** [See Cognitive Processes]
- Human Information Storage**
- age, memory capacity & information-encoding strategies, 7 vs 10 vs 14 vs 17 yr olds, 12020
- auditory-visual matching vs intramodal & visual-auditory matching tasks, short-term store of auditory pattern & retention of visual pattern, retarded & normal readers, 10431
- category size, reaction time retrieval of particular word from well-learned lists, college students, 9221
- central monitoring of efferent signals to muscles vs proprioceptive feedback, short-term memory & retention of movements, college students, 175
- classification structure disorganization, free recall interference, college students & paid volunteers, 6801
- comparative terms & logical structures & encoding, transitive inference task, 4-6 yr olds, 9845
- concurrent holding in memory of associatively related word, interference with color naming produced by word used as carrier for color in Stroop task, college students, 254
- connotative evaluation & concreteness shifts, encoding processes in short-term memory, college students, 4451
- constant vs varied input of letter strings & trigram meaningfulness, recall & recognition memory, college students, 4447
- context provided by rest of list, retrieval of repeated items embedded in changing lists, college students, 6772
- developmental study, attribute encoding in free recall, 2nd vs 6th graders vs college students, 9817
- developmental study, differences in initial coding & recoding of hypothesis information, 3rd & 5th & 7th graders & college students, 2693
- discriminability of stimulus sets, scanning for similar & different material in short- & long-term memory, college students, 4468
- disordered conjunctive & disjunctive sentences involving perverse threats, pragmatic normalization of sentences & subsequent inability to detect meaning differences in paraphrases & source sentences, college students, 6665
- dual-coding theory of visual & verbal memory codes for pictures & words, recognition memory, high school & college students, support for A. Paivio's theory, 9256
- encoding & retrieval processes, normal 5th & 6th graders & retarded adolescents, 5688
- fast presentation rate & short delay of probe & variation of items available in sensory store by masking procedure, reaction time in high speed scanning, college students, 6759
- frequency & coding responses, verbal discrimination learning, college-age Ss, 6723
- functional model of input-transformation in short-term memory, cognitive-visual perception of information, 6832
- identification & number of implicit stimulus alternatives & schema-plus-correction representation, encoding processes, 11390
- information theory & verbal learning vs encoding & storage & retrieval, memory research trends, 9263
- informational loads, performance times of manual components of combined manual & decision tasks, 25-yr-old males, 9118
- input sense modality & grouping, long- vs short-term storage, 4450
- instructions to group unrelated words via imagery vs sentence formation vs repetition of unit members, temporal aspects of storage & retrieval, college students, 4458
- instructions to shadow primary message at 1 ear & secondary message at other ear, capacity to process speech, 249
- instructions to use relational imagery coding strategy vs rehearsal-preventing distractor task vs no activity during retention interval, information transfer from short- to long-term memory, college students, 9242
- internal representations used to store pattern descriptions induced from sequences & sequence production from pattern & pattern induction & representation, 9157
- length of verbal sequence held as unit & number of units, short-term store during free recall, 9225
- memory codes & cumulative rehearsal, retention of observationally learned responses, female college students, 6760
- memory task changes, storage-coding trade-off in use of short-term store capacity, college students, 6764
- modality differences, recognition memory for words & their attributes, college students, 6793
- monaural stimulus suffix at end of list on unattended ear vs binaural suffix, dichotic memory, college students, 4462
- organizational & storage processes in memory, nonpsychotic schizophrenia, 7861
- physical & associational identity & storage location, reaction times to probes of active & inactive memory, right-handed college-age Ss, 4464
- positively vs negatively labeled information, short-term memory storage for use in concept identification task, college students, 9266
- pragmatic presuppositions made by speaker concerning listener's knowledge, form of relative clause sentences in encoding & storage, college students, 6811
- presentation rate & intralist repetition, immediate probe recall, college students, 9209
- primary rehearsal, recall & recognition, college students, 6831
- reading or listening to short passages, recognition of semantically changed sentences & paraphrases, college students, 6820
- recall vs recognition instructions, eye fixation patterns on picture vs label stimuli, recall vs recognition, 11519
- recency items unidentified as such, storage in secondary memory, college students, 4475
- recognition memory tasks, encoding auditory stimuli, college students, 9211
- recognition time for words in short-term vs long-term vs both memory stores, female college students, 9243
- rehearsal, pictorial vs verbal memory in incidental & intentional learning tasks, college students, 233
- rehearsal, short-term memory, college students, 6776
- repetition of tachistoscopically presented arrays, iconic & verbal short-term memory, 9204
- representation & processing of words in memory, consideration of Sternberg's model of memory scanning processes, 6795
- retention functions for syntactic & lexical vs semantic information, sentence recognition memory, college students, 11478
- retrieval practice & predictability of recall delay, long-term retention, college students, 4452
- schematic model for storage of words vs meaningful symbols, language comprehension, 9138
- semantic analysis of unattended verbal items in short-term memory storage, male college students, 6827
- serial position & list repetition & presence vs absence of stimulus suffix, short-term vs precategorical acoustic storage memory trace, college students, 11485
- serial position & presentation order of control vs experimental list, subjective list organization & von Restorff effect, school age normals vs retardates, 11522
- serial position of subsequence & speed stress & degree of learning, selection of & retrieval from subsequence in free recall following serial learning, college students, 11500
- signal detection analysis, classification of sentences into not read & reappearing in same & different typography categories, college students, 11497
- spoken word "zero" vs tone suffixes & voice difference vs similarity of suffix & final 2 digits, recall decrement from precategorical acoustic storage of digit series, college students, 11491
- stimulus familiarization changes in distribution of stimulus encoding during paired-associate learning, college students, 4402
- storage schemata & retrieval vs verbatim recall, generative structure of memory, 232
- structural stimulus complexity, iconic storage clarity, male college students, 9215
- structure of memory, search & retrieval, 6821
- suffix procedure with free or serial recall of words, auditory vs visual presentation & modality effect in short-term memory, college students, 9218
- timing, active selection of items to be remembered, adults & college students, 4454
- unattended input, memory scanning, male secondary school students, 6826
- variations in size of positive set & probability of individual items within set, speeded scanning of immediate memory, college students, 9205
- visual & verbal coding of stimulus pattern structure, pattern & partial pattern recognition, college students, 11511
- word frequency & nonspecific practice & priming, response latency in word-nonword classification task, college students, 11492
- Human Males**
- absence of adult males from households, self-concept, male vs female black 5th & 6th graders, 9898

- acute fasting, sleep & sleep-growth hormone response, adult males, 4569
- attitudes toward women in nontraditional roles, male college students, 2829
- childhood environment, psychological adjustment, middle aged males, 12122
- cognitive & perceptual taxonomy, character disorders, males in US Armed Forces, 12623
- cooperative conflict resolution in dyads, boys from own home vs institution, 3862
- counselor characteristics, counseling effectiveness, economically disadvantaged & advantaged males in junior & senior high schools, 4119
- earlier episode & history of previous drunkenness, relapse rate, boys under 18 yrs old arrested for first offense of drunkenness, 12691
- ebonite penile ring, costal activity, impotent males, 13016
- ego vs superego decisions, changing stereotyped sex roles, 2868
- emotional quality & physical quantity of sexual activity, aged males, 2755
- etiology & differential diagnosis, primary & secondary male transsexualism, 3112
- evaluation, integration of male & female patients in psychiatric hospital, 6161
- exposure to male teacher, sex typing, kindergartners, 5008
- extra Y chromosome & aggressive behavior, literature review, 1318
- factors contributing to problems of adult transsexual male, 3301
- instrumental conditioning, penile tumescence suppression, normal male college students, implications for psychogenic potency disorder treatment, 359
- intrinsic & extrinsic factors, job satisfaction, male clerical employees, 10975
- male & female occupational mobility patterns vs female marital mobility, reanalysis of data of P. Y. DeJong et al, 12215
- male personality, male-female relationships, book, 838
- male-to-female transsexualism, quest for sexual identity, boys, 3302
- open vs closed style of adapting to aversive maternal control, recognition of male- vs female-spoken evaluative words, male college students, implications for schizophreniform development, 2723
- p-chlorophenylalanine, sexual behavior, male rats & rabbits & cats & monkeys & humans, 7059
- parental age & birth weight & order, effeminate behavior, boys, 3347
- psychoanalytic analysis, Ishiura Shintaro's "Season of the Sun" & postwar psychology of Japanese males, 2979
- psychodiagnosis of hysterical personality, men, 10589
- reinforcement treatment, deviant sex-role behavior, 4-yr-old male, 12975
- role-played dating interactions, measurement of skills & anxiety levels during dating, males, 7513
- self-esteem, attitudes toward women's liberation, male college students at small vs large all-male vs coed colleges, 750
- sex role identification, boys with anorexia nervosa, 7911
- sex role stereotyped attitudes & religious & political preferences & marriage style & sexual threat, support vs opposition to Women's Liberation movement, men vs women, 9980
- sexual arousal, inhibition of physical aggression, male college students, 11526
- sexuality in aging male, implications for curriculum development for training of female professionals, 10240
- short stature & retarded bone growth, psychological correlates, 17-yr-olds & older with normal age of pubertal onset, 2680
- slides vs films of various erotic themes, sexual arousal & penile volume, heterosexual males, 11629
- suicide, male & female physicians, 10414
- superior digits-backward functioning, oppositional tendencies, male & female nursing school applicants, 2282
- token reinforcement, reinstatement of verbal behavior, elderly male hospitalized chronic schizophrenics, 10582
- Human Migration**
- attitudes toward work & job satisfaction, Dutch & Italian & Spanish migrant workers, 13348
- home environment change & migration, depressive reaction, 12574
- past mobility measurement & Sensation-Seeking Scale scores & Eysenck Personality Inventory & other psychological correlates, geographic mobility decision, college students, 12179
- social & economic values & aspirations & geographical & social isolation, reasons for & anticipation of migration to urban areas, 11-14 yr old rural Aborigines of Australia, 9949

- goldthiogluconate injections vs obesity, taste reactivity & readiness to eat & food-directed activity & passive avoidance, female mice, 9579
- high vs low hunger & high vs low preference dinners, eating responses during meals, male college students, 6841
- hunger vs satiation & food reward vs no rewards, development of self-reinforcing playful running, male rats, 2553
- hunger, proportion of responses to proportion of reinforcements in multiple schedules, pigeons, 9650
- learning of palatability of neutral odor, activation of olfactory bulb mitral cells, hungry male rats, 4535
- misleading information on calorie count of meal, ratings of hunger before & satiation after meals, obese vs normal weight Ss, 8125
- operant conditioning vs imitation, pecking for food, hungry pigeons, 9676
- Huntington's Chorea**
- climatic temperature, onset age of Huntington's chorea, 8079
- dextroamphetamine choreiform movement, patients with Huntington's & Sydenham's chorea, 10632
- Huntington's chorea, literature review, 12800
- intellectual & perceptual & psychomotor & motor impairment, patients with Huntington's chorea, 3418
- neuropsychiatric & other medical disorders in offspring, parents with Huntington's Disease vs at risk parents, 1324
- physostigmine, choreiform movement disorders, patients with Huntington's chorea & levodopa-induced dyskinesia & tardive dyskinesia, 1483
- resting EEGs & EEGs under influence of barbiturates & correlations with psychometric tests, Huntington's chorea patients, 8133
- Hybrids (Biology)**
- exercise, longevity & behavioral measures of wheel activity & exploration & emotionality, hybrid mice differing in coat color, 4827
- Hydralazine**
- tolazoline & propranolol & diazoxide & sodium nitrite & sodium nitroprusside & methyldopa, dissociation of diastolic & depressor responses, male rats, 7056
- Hydrocephaly**
- cognitive deficits, children with spina bifida & hydrocephalus, 3410
- hydrocephalus & motor & sensory lesion levels & intellectual capacity, hand function, 6-19 yr olds with myelomeningocele, 5746
- organic brain syndrome & normal pressure hydrocephalus, suicide & attempted suicide, 1340
- perceptual motor processes, children with myelomeningocele & hydrocephalus, 10488
- Hydrocortisone**
- ACTH vs hydrocortisone vs corticosterone vs placebo, acquisition & extinction of appetitive runway responses, male rats, 2443
- crystalline hydrocortisone acetate implant in median eminence of hypothalamus, shock-induced fighting, male rats, 2395
- dexamethasone, plasma levels of cortisol & corticosterone & free fatty acids, psychiatric inpatients, 5605
- directional relationships, clinical-psychological & electroencephalographic & adrenocortical functions, 50-99 yr old psychiatric patients, 3224
- lithium therapy, plasma cortisol & erythrocyte Na-K ATPase concentrations, manic-depressive inpatients, 12914
- psychological & physical preparation for stressful task, serum unc acid & cortisol & cholesterol, males, 6925
- stress of everyday life, serum unc acid & cholesterol & cortisol variability, male medical investigators, 11627
- Hydroxylamine**
- hydroxylamine, behavioral response to morphine dependence, mice, 2382
- Hydroxylation**
- cold pressor test, plasma dopamine beta-hydroxylase activity & other plasma constituents, 23-35 yr olds, 11633
- handling in infancy vs left undisturbed, adrenal tyrosine hydroxylase activity response to shock stress, female rats, 4578
- methamphetamine & chlorpromazine & haloperidol, tyrosine hydroxylase activity, rats, 9493
- neonatal 6-hydroxydopamine-induced sympathectomy, open-field behavior & brain norepinephrine & tyrosine hydroxylase & serotonin synthesis, normotensive vs spontaneously hypertensive rats, 11795
- plasma dopamine beta-hydroxylase activity, 22-35 yr olds evaluation of hypertension, 2362
- serum dopamine beta-hydroxylase as index of sympathetic function, literature review, 11550
- tyrosine hydroxylase & dopamine-beta-hydroxylase inhibition vs 6-hydroxydopamine treatments, dextroamphetamine induced motor activity, male rats, 9516
- Hydroxytryptamine (5-)** [See Serotonin]
- Hydroxyzine**
- hydroxyzine, anxiety neurosis, adult outpatients, 5911
- Hygiene** [See Health]
- Hyocine** [See Scopolamine]
- Hyoscyamine (DI-)** [See Atropine]
- Hyperactivity** [See Hyperkinesia]
- Hyperkinesia**
- activity level & hyperactivity, monozygotic & dizygotic twins, 12822
- amphetamines, hyperkinetic children in classrooms, 1461
- attention training through breathing control, hyperactivity, learning disabled 6-8 yr olds, 11048

- behavior therapy with parent participation & drug therapy, hyperkinesis, children, 10659
- Canter Background Interference Procedure scores, normal vs hyperkinetic boys, 5679
- complete evaluation & pharmacotherapy & behavior modification & curriculum counseling & training for parents & teachers & videotaping & feedback sessions of parent-child interaction & coordination of treatment with child & family & school, diagnosis & treatment of hyperkinetic children, 10541
- contingency reinforcement plus methylphenidate therapy, seat movements, hyperkinetic special education children, 8303
- exposure to lead acetate indirectly through mothers at birth & after weaning, activity & growth & development & responses to drugs used to treat minimal brain dysfunction hyperactivity, mice, 4800
- factor-analytic methods, construct validity of Classroom Behavior Inventory as measure of hyperactivity & hostility & sociability, male kindergartners, 4480
- fusional-eye movement stresses, reading disability & hyperactivity, junior high school students, 12724
- group format, talking therapy, hyperactive 11 yr old boys, 8391
- group size & sex, heart rate & play activity, hyperactive institutionalized mental retardates, 3398
- imipramine hydrochloride vs methylphenidate hydrochloride, school-age hyperactive boys, 12919
- imipramine, hyperactivity & defiance & inattentiveness & sociability, 6-12 yr old hyperactive male outpatients, 10653
- lithium & alpha-methyl-para-tyrosine, prevention of "manic" activity, female mice & rats, 7049
- long-term methylphenidate, hyperkinesis, children, follow-up, 12926
- medical treatment methods, hyperactive children, 1613
- methylphenidate & dextroamphetamine, learning & retention, hyperactive children, 8219
- methylphenidate hydrochloride, hyperkinetic reaction, children from economically deprived urban areas, 8239
- methylphenidate, informal behavior, hyperactive 8-10 yr olds, 10615
- polygenic inheritance, hyperactive child syndrome, 7967
- sulthiame, hyperactivity & aggressiveness & destructiveness & antisociability, mentally subnormal patients, 5892
- symptoms & etiological considerations, children with hyperkinetic syndrome, 3461
- teacher assessment & intellectual deficit, hyperactivity, suburban grade school children, 3324
- Hyperparathyroidism** [See Parathyroid Disorders]
- Hyperphagia**
- barpressing under continuous reinforcement & VI & fixed-ratio schedules, food & water motivations, hypothalamic hyperphagic rats, 4690
- hyperphagia due to medial hypothalamic lesions & subsequent central injection of 6-hydroxydopamine, consummatory behaviors, female rats, 6936
- hypothalamic lesions on ventromedial nuclei, hyperphagia during weight-loss phase of annual cycle without plateau & subsequent resumption of weight loss & cyclic changes, ground squirrels, 6995
- preoperative experience, reaction to quinine taste, hypothalamic hyperphagic female rats, 7010
- ventromedial hypothalamic destruction, hyperinsulinemia & elevated levels of free fatty acids as result of overeating, male rats, 4695
- Hypersensitivity (Immunologic)** [See Immunologic Disorders]
- Hypersexuality**
- levodopa therapy, hypersexuality reactions, parkinsonian patients, 5895
- Hypertension** [See also Essential Hypertension]
- acute psychic stress situations, pulse rate & blood pressure & blood glucose & oxygen consumption & muscular tonus & biochemical activity in plasma, 15-25 yr old hypertensives vs normals, 3412
- antihypertensive drugs, hypertension & depression, 1479
- biofeedback in individual therapy, self-regulation of blood pressure & heart rate & research on hypertension & Raynaud's disease, 1423
- cardioversion & ECT, chronic atrial fibrillation, 62 yr old depressed patient, 3220
- combination of methyldopa for renal failure & trifluoperazine for psychotic reaction, induction of hypertension, 23-yr-old woman, 3703
- combining methylphenidate with tricyclic antidepressants, 3 hypertension case reports, 8236
- diethylpropion hydrochloride combined with hypotensive agents, weight reduction, obese hypertensive patients, 10649
- guanabenz, blood pressure, normo- vs hypertensive patients, 10638
- hostility & neuroticism, blood pressure, hypertensives, 7828
- intracranial hypertension syndrome, 26 cases with cerebellar tumors, 10467
- introversion & extraversion & neuroticism & compulsion & masculinity, coronary vs hypertensive vs fracture Ss, 10328
- metronome-conditioned relaxation, blood pressure, 22-55 yr old males with hypertension, 10667
- mouse-killing, normo- vs hypertensive rats, 4914
- personality traits, hypertensive patients, 1131
- plasma dopamine beta-hydroxylase activity, 22-35 yr olds evaluation of hypertension, 2362
- reserpine vs clonidine, depressive reactions, hypertensive vs nonhypertensive patients, 3693
- treatment caution, stress polycythemia & hypertension, 12766
- vascular reactivity to noradrenaline & angiotensin II, spontaneously hypertensive vs normotensive vs hypotensive rats, 7261
- Hyperthermia**
- body core temperature, perception of dichoptic light flashes & critical flicker frequency thresholds & EEG & pupil diameter, male 21-34 yr olds, 9019
- cycloheptadine vs LSD, hyperthermia, rabbits pretreated with 5-hydroxytryptamine & noradrenaline & dopamine, 11761
- morphine vs naloxone vs bell, hyperthermia, male rats, 505
- para-chlorophenylalanine, apomorphine-induced hyperthermic response, rabbits, 2472
- Hyperthyroidism**
- electrophysiological features of sleep & nocturnal plasma growth hormone levels, hyperthyroid patients, 5724
- propranolol, preparation for partial thyroidectomy, hyperthyroid patients, 13021
- Hyperventilation**
- rest & hyperventilation & photostimulation, EEG, normal 4-14 yr olds, 2323
- sleep deprivation & dormutil & induced hyperventilation, EEG diagnosis of paroxysms & depression of obscure origin, 7821
- sulthiame & diphenylhydantoin, response to hyperventilation & seizures & EEG epileptiform activity, epileptics, 10655
- Hypnoanalysis** [See Hypnotherapy]
- Hypnosis** [See also Autohypnosis]
- acupuncture, hypnosis induced examination anxiety, medical students, 8443
- analytic vs spatial vs music tasks, lateral asymmetry of EEG alpha outside vs within hypnosis, high vs low hypnotically susceptible college students, 11580
- artifact to T. X. Barber's 1969 model of hypnosis, 9024
- coercive power of hypnosis, survey of volunteering behavior, college students, 805
- cognitive pattern manipulation via suggestion, length perception, college students & hypnotized Ss, 11333
- criminal assault while under hypnosis, court case of young married woman vs obstetrician, 8147
- defining hypnotic state to develop mutually satisfying expectations, hypnotherapy for headache, 8186
- drugs & hypnotic induction, suggestibility, 2494
- EEG profiles & response to psychotropic drugs, reality of hypnotic state, criticism of G. A. Ulett & S. Akpinar & T. M. Itil's study, 362
- experimental design, state-nonstate argument in hypnosis theory, reply to L. R. Lieberman's criticism, 6564
- faking Ss' knowledge that others are aware of pretense in hypnotic context, perception of role-playing performance, 5260
- first aid using hypnosis, automobile accident victim, 8151
- goal-directed fantasy & role of wording of suggestion, responsiveness to hypnotic suggestions associated with deep hypnosis, college students, 7641
- heterogeneity & delay of instructions & susceptibility level, faking & simulating in hypnotic setting, college students, replication of T. M. Overley & E. E. Leavitt's findings, 190
- hypnosis or trickery with wires, magical & spiritual ascension, 6566
- hypnosis, attention, 6794
- hypnotic ablation of background, magnitude of Ponzo perspective illusion, college students, 156
- hypnotic age regression, magnitude of Ponzo & Poggendorff illusions consonant with illusion data from young children, insusceptible & medium susceptible college students, replication of study of M. Parrish et al, 161
- hypnotic age regression, GSR conditioning, 20-yr-old female, 9156
- hypnotic induction, hysterical reactions, 5881

- hypnotic time distortion, free-recall learning, college & graduate students, 9171
- hypnotically aroused conflict in age-regressed & waking states, thematic productions, hypnotic females & highly susceptible simulating college students, 9285
- permissively vs authoritatively worded suggestions & hypnotic vs waking motivation vs waking nonmotivation, amnesia suggestibility, high- & low-susceptible college students, 7699
- persistence of hypnotic suggestion as disabling symptom, 36-yr-old male, 7908
- positivistic use of experimental method vs simulator methodology, hypnosis research, 178
- sex & depth of hypnosis & hypnotic susceptibility, body perception, college students, 5348
- tape-recorded suggestions of relaxation & drowsiness & comfort during operation & quick recovery, surgeons' ratings of nervousness & recovery speed, orthopedic surgery, 5818
- transition from waking to hypnotic state, superslow oscillation changes in EEG, physically healthy neurotic patients, 6866
- wakefulness vs hypnosis with vs without suggested anesthesia, tourniquet-induced ischemic pain & suffering, highly hypnotizable college students, 11288
- walking hypnosis-induced negative sensory interpretation by positive interpretation, application in dental treatment, 8442
- Hypnotherapy**
- autohypnosis as treatment adjunct, alcoholics & drug addicts, 12860
- brief hypnotherapy, psychosomatic patients, 3559
- combined hypnotherapy & exercise, myocardial infarction patients, 8149
- convergence of expectations, successful hypnotherapy, 8210
- defining hypnotic state to develop mutually satisfying expectations, hypnotherapy for headache, 8186
- dream interpretation, hypnoanalytic treatment, 41-yr-old spastic torticollis patient, 8195
- hypnoanalysis, dental practice, 8444
- hypnosis & systematic desensitization, vaginismus, patients, follow-up study, 1508
- hypnosis, behavioral deficit reduction, 15-35 yr old brain damaged Ss, 3614
- hypnosis, long-standing psoriasis with character problems, 37-yr-old male schoolteacher, 1403
- hypnotherapy, children, 5824
- hypnotherapy, patient with severe diaphragmatic clonus, 8215
- hypnotherapy, refractory dermatitis, 8214
- hypnotic dynamic therapy, psychiatric techniques of M. H. Erickson, book, 3568
- motivation for hypnosis & suggestion credibility, acceptability of suggestions under hypnosis, patients, 8185
- short-term hypnotherapy, orientation to time & place & confusion & self-hypnosis & anxiety & delusions, organic brain syndrome with psychosis, 5815
- terpsichoretrance therapy, regression to achieve emotional & spiritual release from crisis situations, 1384
- treatment preferences & attitudes toward hypnosis, survey of mental health clinic population, 5885
- Hypnotic Drugs** [See also Amobarbital, Apomorphine, Barbitol, Chloral Hydrate, Glutethimide, Hexobarbital, Meprobamate, Methaqualone, Pentobarbital, Phenobarbital, Secobarbital, Thalidomide]
- amobarbital & n-demethyl diazepam, hangover & other side effects, anxious insomniac, 484
- chronic hypnotic-drug use, ineffectiveness & drug-withdrawal insomnia & dependence & REM sleep, insomniacs, 3104
- delta-9-tetrahydrocannabinol at 3 dose levels, 21-40 yr olds with sleep difficulties, 5904
- diazepam & flurazepam & chlorthalidopoxide, potentiation of hypnotic effect of steroid anesthetics, mice & rats, implications for clinical application, 9515
- lorazepam as anxiolytic & hypnotic, patients, 12921
- neuroleptics & tranquilizers & hypnotics, spontaneous palmar conductivity & psychogalvanic reaction, mice, apparatus & quantitative assessment method, 7089
- single oral dose of sodium pentobarbital & nitrazepam & imipramine, behavioral patterns & EEG levels of wakefulness & drowsiness & sleep & REM state, male monkeys, 7048
- tone pips & clicks during drug-induced sleep, determination of threshold of early components of averaged electroencephalic response, adults, 9049
- triazolam vs flurazepam, sleep induction & residual effects, 4809
- triazolam, safety as hypnotic, 25-35 yr old volunteers, 2476
- Hypnotic Susceptibility**
- analytic vs spatial vs music tasks, lateral asymmetry of EEG alpha outside vs within hypnosis, high vs low hypnotically susceptible college students, 11580
- clinical vs experimental hypnotists' points of view, modification of hypnotizability, 4307
- drugs & hypnotic induction, suggestibility, 2494
- Edwards Personal Preference Schedule vs Harvard Group Scale of Hypnotic Susceptibility, prediction of hypnotic susceptibility, 12482
- EEG alpha, hypnotic susceptibility, 4545
- extraversion & introversion & neuroticism, hypnotic susceptibility, college students, replication of W D Furneaux & H B Gibson's study, 12457
- goal-directed fantasy & role of wording of suggestion, responsiveness to hypnotic suggestions associated with deep hypnosis, college students, 7641
- Harvard Group Scale of Hypnotic Susceptibility vs Group Alert Trance Scale, responses to posthypnotic suggestion items, college students, 1001
- heterogeneity & delay of instructions & susceptibility level, faking & simulating in hypnotic setting, college students, replication of T. M. Overley & F. I. Leavitt's findings, 190
- hot & cold suggestions, peripheral skin temperature responses, males, 356
- hypnotic age regression, magnitude of Ponzo & Poggendorff illusions consonant with illusion data from young children, insusceptible & medium susceptible college students, replication of study of M. Farrah et al, 161
- hypnotic susceptibility, personality correlates, college students, 3028
- hypnotically aroused conflict in age-regressed & waking states, thematic productions, hypnotic females & highly susceptible simulating college students, 9285
- imaginative involvement, hypnotic susceptibility, 7657
- IQ & amnesia, hypnotic susceptibility, 27-63 yr old chronic schizophrenics, 1137
- openness to absorbing & self-altering experiences, relation to hypnotic susceptibility, female college students, 12492
- operant conditioning approach, increasing hypnotic susceptibility, college students, 9167
- permissively vs authoritatively worded suggestions & hypnotic vs waking motivation vs waking nonmotivation, amnesia suggestibility, high- & low-susceptible college students, 7699
- personality traits & emotional states, hypnotizability, review, 5395
- regression & adaptive regression & mood, hypnotizability, male college students, 5396
- sensory deprivation, performance on Stanford Profile Scales, low-susceptible male college students, 10164
- sex & depth of hypnosis & hypnotic susceptibility, body perception, college students, 5348
- sex & hypnotic susceptibility, susceptibility to social influence, 16-18 yr olds, 7526
- visual imagery, hypnotic susceptibility, college students, 11299
- wakefulness vs hypnosis with vs without suggested anesthesia, tourniquet-induced ischemic pain & suffering, highly hypnotizable college students, 11288
- Hypnotists**
- clinical vs experimental hypnotists' points of view, modification of hypnotizability, 4307
- Hypochondriasis**
- doxepin vs amitriptyline, depression & anxiety & retardation & hypochondriasis & side effects, depressed patients, 10627
- sulpiride as neuroleptic drug with antidepressant & stimulant effects, psychoneurosis & depression & anxiety & hypochondria, inpatients, 8255
- symptoms & psychodynamics, hypochondriasis, 1171
- systematic desensitization, phobias & psychogenic tremor & hysterical conversion reactions & hypochondriac neurosis & anxiety neurosis with cardiac phobia & compulsive ideation, 5993
- Hypoglycemia**
- cerebral blood flow & oxygen uptake & cerebrospinal fluid biochemistry, patients in coma due to head trauma & cerebrovascular accidents & hypoxia & hypoglycemia & barbiturate intoxication, 12758
- saccharin ingestion, insulin-induced mortality & hypoglycemia, male rats, 4824
- Hypoglycemic Agents** [See Insulin]
- Hypogonadism** [See also Klinefelter Syndrome, Turners Syndrome]

intelligence, homosexuals & transsexuals & hypogonadotropic eunuchoids, 12697

**Hypoparathyroidism** [See Parathyroid Disorders]

**Hypophysectomy**

estradiol & pituitary growth hormone, food intake, ovariectomized & hypophysectomized female rats, 4700

hypophysectomy vs sham operations, thermoregulatory behaviors, rainbow trout, 9429

luteinizing hormone-releasing factor, lordosis, estrogen-primed hypophysectomized ovariectomized female rats, 389

paradoxical sleep deprivation, increased cerebral serotonin & tryptophan & 5-hydroxyindoleacetic acid levels, intact & hypophysectomized rats, 336

**Hypophysitis Disorders** [See Pituitary Disorders]

**Hypotension**

minor tranquilizers &/or sedatives, postural hypotension, ambulatory psychiatric inpatients, 3658

tolazoline & propranolol & diazoxide & sodium nitrite & sodium nitroprusside & methyldopa, dissociation of dipsogenic & depressor responses, male rats, 7056

vascular reactivity to noradrenaline & angiotensin II, spontaneously hypertensive vs normotensive vs hypotensive rats, 7261

**Hypothalamo Hypophyseal System**

biogenic amine metabolism & neuroendocrine function in affective disorders, 12635

water deprivation, pituitary-adrenal adaptation to stress, rats, 11966

**Hypothalamus** [See also Hypothalamo Hypophyseal System, Optic Chiasm]

absolute refractory period & diameters, axons in lateral hypothalamic self-stimulation loci, rats, 9334

adrenergic & cholinergic drugs administered to lateral hypothalamus, receptor specificity to feeding & drinking systems, male rats, 9418

anatomical connectedness, discrimination between stimulus properties of septal & hypothalamic rewarding brain shock, male rats, 431

anesthetization & stimulation of sulcal prefrontal cortex, self-stimulation of lateral hypothalamus & pontine tegmentum, male rats, 9464

angiotensin II, central neurons, rats, 7133

anterior hypothalamic heating, duration of fast wave sleep episodes, cats, 9457

bilateral olfactory bulbectomy, appetitive & avoidance conditioning & telencephalic & hypothalamic noradrenaline & plasma corticosterone, rats, 11677

bilateral projection from retina to suprachiasmatic nuclei of medial hypothalamus, role in neuroendocrine regulation, opossum & hedgehog & tree shrew & galago & marmoset & macaque, 354

carbachol injections into anterior hypothalamus vs peripheral stimulation, drinking responses to hyperosmolarity or hypovolemia, male rats, 9409

changes in relative amounts of hormones & insulin & growth hormone, regulation of body weight, 4586

chemical stimulation of hypothalamus & dorsal hippocampus, emotional-behavioral reactions, cats, 11685

chlorpromazine & chlordiazepoxide & pentobarbital, neuronal excitability in medial forebrain bundle during self-stimulation behavior, rats, 4780

chlorpromazine, escape response latency motivated by electrical stimulation of hypothalamus, cats, 6950

crystalline hydrocortisone acetate implant in median eminence of hypothalamus, shock-induced fighting, male rats, 2395

differences in reward value of hypothalamic brain stimulation, responsiveness to exploratory incentives, rats, 4682

doxepin, agonistic behavior provoked by electrical stimulation of hypothalamus, cats, 4753

drinking induced by water deprivation & water & food deprivation & food-associated ad lib drinking & salt arousal of drinking & peripheral modulation of deprivation induced drinking & similarities to adjunctive drinking, specificity of behavioral regulation, critical review of animal data, 9704

electrical stimulation in lesioned areas, acceleration of functional recovery following lateral hypothalamic lesions, male rats, 9393

electrical stimulation in ventromedial hypothalamus, food intake, food-deprived male rats, 11664

electrical stimulation of lateral hypothalamus, preference for diazepam or water, male rats, 4629

electrical stimulation of medial & lateral hypothalamic regions, persistence of epileptiform discharges, rats, 414

electrical stimulation of midbrain reticular formation, facilitation & suppression of feeding & drinking elicited by lateral hypothalamic stimulation, male rats, 11683

electrical stimulation of ventromedial hypothalamus, inhibition of lateral hypothalamus feeding system, hungry female rats, 4691

electrolytic brain lesion, disruption of ascending dopaminergic pathways to extrapyramidal & mesolimbic brain areas in lateral hypothalamus, rats, 2392

evoked potential method, limbic projections to ventromedial hypothalamus opossums, 301

food deprivation, preference for hoarding food, male rats bearing electrodes in lateral hypothalamus to operate shuttle box for self-stimulation, 4868

hippocampal & hypothalamic & lateral geniculate activity during visual discrimination, monkeys, 9320

hypothalamic current intensity, object carrying induced by shuttlebox self-stimulation, rats, 11681

hypothalamic electrical stimulation, banana vs meat pellet consumption, cats, 11703

hypothalamic lesions, extracellular field potentials influence on unit activity, remote vs local sources of hypothalamic EEG, 394

hypothalamic self-stimulation, induced sleep, cats, 9404

hypothalamic stimulation, eating & drinking behavior, rats, 4697

hypothalamic stimulation, free-choice & forced consumption of hashish suspensions, male rats, 4641

insulin & 2-deoxy-D-glucose, plasma glucose level & lateral hypothalamic eating threshold, male rats, 9385

integrated function of hypothalamus & pituitary & ovaries, gonadal hormone release control, 9357

intra-hypothalamic implantation of estradiol benzoate, feeding behavior, gonadectomized female & male rats, 9412

intraperitoneal methamphetamine hydrochloride injections, intracranial hypothalamus self-stimulation threshold, rats, 11652

intraventricular hypothalamic administration of insulin, short-term food consumption, normal vs diabetic rats, 9435

lateral hypothalamic injections of 6-hydroxydopamine, loss of visual placing, male rats, 428

lateral hypothalamic stimulation during induced sickness, attenuation of learned flavor aversions, male rats, 420

lateral hypothalamus vs ventromedial tegmentum self-stimulation, bar-pressing rates, rats, 11682

limbic electrode stimulation & involvement parameters, rewarding hypothalamic intracranial self-stimulation, male rhesus monkeys, 4661

methamphetamine, daily rhythms of hypothalamic norepinephrine & serotonin & plasma corticosterone levels, rats, 9483

morphine dependence, enzyme activity in hypothalamus, male rats, 7041

morphine injected into posterior hypothalamus vs medial septum, analgesia vs hyperalgesia, rats, 415

norepinephrine hydrochloride & prostaglandin E sub 1 stimulation of hypothalamus & limbic system, ingestive behavior, rats, 11700

nucleus supraopticus & nucleus paraventricularis hypothalami neurons vs area lateralis hypothalami & nucleus entopeduncularis neurons as osmoreceptors, water intake, 303

nutritive vs nonnutritive stomach loads, blood glucose concentration & lateral hypothalamic electrically induced eating threshold, rats, 11595

olfactory bulb removal, running activity & body weight & water consumption & lateral hypothalamic self-stimulation rates, hamsters, 4634

Pavlovian conditioning, neuronal correlates in hypothalamus & preoptic area & striatum, rats, 6888

pentobarbital, average acoustically evoked responses in anterior & ventromedial hypothalamus, male rats, 4728

preferences for hypothalamic vs peripheral cooling, male rats, 4640

preoptic heating during sleep, hypothalamic temperature & thermal polyphagia or panting responses, cats, 426

prostaglandin E1 & polyphloretin phosphate, alpha & beta adrenoceptor-bound feeding loci in hypothalamus, sheep, 4632

self-stimulation of lateral hypothalamic sites, changes of 17-hydroxy-corticosteroids & growth hormone, monkeys, 425

unilateral procaine & glutamate into lateral hypothalamus, barpressing responses for anterior olfactory area self-stimulation, male rats, 2403

vagotomy, electrically elicited eating & self-stimulation in lateral hypothalamus, rats, 9408

- 2-deoxy-D-glucose pretreatment, retention of C-14 in medial hypothalamus vs lateral hypothalamus, inhibition of feeding by glucose, rats, 11794
- 6-hydroxydopamine stimulation of hypothalamus, bar pressing for & home cage ad lib consumption of food & water, food- & water-deprived rats, 11679
- Hypothalamic Lesions**
- barpressing under continuous reinforcement & VI & fixed-ratio schedules, food & water motivations, hypothalamic hyperphagic rats, 4690
- bilateral lateral hypothalamic lesions, tel-diencephalic norepinephrine & striatal dopamine level, female rats, 6974
- bilateral lesions of medial preoptic-anterior hypothalamic continuum, copulatory behavior, male dogs, 4655
- bilateral stereotaxic lesions of lateral hypothalamus, adipata & subsequent drinking with vs without contingency, male rats, 6973
- bilateral ventromedial hypothalamic lesions, responsiveness to changes in reinforcing properties of stimulus events, rats, 11674
- blinding & lateral hypothalamic lesions & ventromedial hypothalamic & septal lesions, size of food effect on food consumption, mice, 6959
- dextroamphetamine, body temperature & motor activity & conditioning using hypothalamic stimulation as reward, thalamic rats, 9395
- electrical stimulation in lesioned areas, acceleration of functional recovery following lateral hypothalamic lesions, male rats, 9393
- electrolytic lesions in hypothalamus, progressive & systematic expansion of behavioral deficits, female rats, 4699
- hyper-reactivity induced by bilateral electrolytic lesions in anterior hypothalamus, biochemistry, rats, 4631
- hyperphagia due to medial hypothalamic lesions & subsequent central injection of 6-hydroxydopamine, consummatory behaviors, female rats, 6936
- hypothalamic deafferentation late in gestation, lactation & nursing behavior, primiparous rats, 4657
- hypothalamic lesions near ventromedial nucleus vs ventral noradrenergic bundle, hypothalamic obesity, rats, 405
- hypothalamic lesions on ventromedial nuclei, hyperphagia during weight-loss phase of annual cycle without plateau & subsequent resumption of weight loss & cyclic changes, ground squirrels, 6995
- hypothalamic lesions, extracellular field potentials influence on unit activity, remote vs local sources of hypothalamic EEG, 394
- hypothalamic lesions, subsequent ineffectiveness of sexually arousing stimulation in inducing copulation, male rats, 6969
- hypothalamic lesions, EEG synchronization following intragastric loading of nutrients, female rats, 9413
- hypothalamus lesions, feeding & irritability & copulation & aggression, rats, 11689
- hypothalamic stimulation following septal lesions, changes in emotional responses, cats, 413
- inertial & lateral hypothalamic lesions, food & water intake, male rats, 6981
- lateral hypothalamic damage, sensorimotor impairments, rats, 4669
- lateral hypothalamic lesions & castration, body weight & composition, male rats, 9450
- medial preoptic-anterior hypothalamic lesions, mating behavior, male cats, 411
- olfactory influences & hypothalamic damage & estrogen treatment, puberty onset, rats, 2373
- posterior hypothalamic lesions, initiation & maintenance of voluntary movement & hippocampal EEG, rats, 9463
- posterior hypothalamic lesions, swimming movements in different water temperatures, male rats, 11692
- preoperative experience, reaction to quinine taste, hypothalamic hyperphagic female rats, 7010
- slow vs sudden set point changes in body weight regulation, ground squirrels vs hypothalamically lesioned rats, 6960
- ventromedial hypothalamic destruction, hyperinsulinemia & elevated levels of free fatty acids as result of overeating, male rats, 4695
- ventromedial hypothalamic lesions, fixed-ratio performance at 4 motivational levels, rats, 11690
- ventromedial hypothalamic lesions, restricted access feeding, female rats, 9458
- ventromedial hypothalamus lesions, deficits in glucose appetite & satiety, female rats, 2410
- ventromedial hypothalamus lesions, 2-way shuttle avoidance learning with high vs low shock UCS, male cats, 9420
- zona incerta lesions, disruption of regulatory water intake, male rats, 2413
- Hypothermia**

- family & personal history & marital relations & attempted suicide, psychiatric patients diagnosed as hysterical personalities vs control inpatients, 7906
- organic neurological symptoms, hysterical personality features, 42-yr-old male, 3437
- psychodiagnosis of hysterical personality, men, 10589 60 1

criminal conviction & imprisonment, families of prisoners, presentation of remedial programs for families, 8519  
 eye as female & male sex symbol for id impulses, 985  
 sickness & mental disorder & irrationality as attempts at repairing damage, rational id & irrational ego, 5338

### Idealism

achievement motivation & dogmatism, preference for realism or idealism or Neo-Thomism or existentialism or pragmatism, college students, 8886

### Ideation [See also Imagination]

abstract/ideational & stimulus-response processes in complex learning task, bright vs dull chimpanzees & orangutans, 7168  
 tetrahydrocannabinol & alcohol, temporal disorganization & delusional-like ideation, 21-30 yr old males, 11784  
 training procedures & ideational fluency & verbal ability & test anxiety & sex, ability to formulate hypotheses, college students, 4019

### Identical Twins [See Monozygotic Twins]

### Identification (Defense Mechanism)

coercive & informational & reward & referent & expert & legitimate bases of power, compliance & identification & internalization, college students, 2873

identification & projection & countertransference & distinction between self & objects, empathy, 5330

sex differences equalitarian vs maternal or paternal dominant conjugal relations, identification with parents, adolescents, 2712

### Identity (Ethnic) [See Ethnic Identity]

### Identity (Personal) [See Self Concept]

### Identity Crisis

adolescent identity crisis & religious conversion, implications for psychotherapy, 8200

crises points, sense of identity in personality development, 2709

ego-supportive casework treatment, middle-age separation crisis, 1646

occupational vs ideological vs achiever status identification, development from freshman to senior year, college students, 9872

### Idiocy [See Mental Retardation]

### Idiocy (Amaurotic Familial) [See Amaurotic Familial Idiocy]

### Idiots [See Profoundly Mentally Retarded]

### Ileum [See Intestines]

### Illegitimate Children

social-demographic variables of immigration patterns & poor education & ethnic origin & recency of arrival in Israel, out-of-wedlock births, Israel, 7453

### Illinois Test Psycholinguist Abil

administration & liberal vs conservative scoring methods, Wechsler Intelligence Scale for Children mazes subtest, school age children, 11215

anxiety theory & treatment, school age children & adolescents, 13254

behavior modification & relationship therapy, antisocial classroom behavior, kindergartners, 13122

canonical analysis of Illinois Test of Psycholinguistic Abilities, representational & automatic level subtests, 4-10 yr old children, 12362

conceptual model, school psychology program, 13276

construct validity, Illinois Test of Psycholinguistic Abilities, 8-9 yr olds, 11228

factor analysis of Screening Test of Academic Readiness & First Grade Screening Test & Bender-Gestalt Test for Young Children & Metropolitan Readiness Test, visual-perceptual-motor function & language comprehension & abstraction of essential characteristics, kindergartners, 13283

family-centered preschool program, number-facility & spatial-relations scores on Primary Mental Abilities test, black vs white preschoolers, follow-up, 13166

group contingency in token economy, appropriate classroom behavior, 5th graders, 13147

Hess School Readiness Scale, prediction of school failure, preschool age children & 1st graders, 13188

Illinois Test of Psycholinguistic Abilities, prediction of IQ, 4-10 yr olds, 4187

individual contingency program in classroom token system, 13157

integrated approach to pupil personnel services, 13244

long-term reinforcement effects, reading achievement, 5th & 6th graders, follow-up, 13123

multivariate analysis, relationship between WISC & Illinois Test of Psycholinguistic Abilities, children referred to center for reading problems, 6368

parent-school psychologist consultation as alternative to educational & counseling models, 13255

Peabody Language Development Kit, performance on Illinois Test of Psycholinguistic Abilities, severely subnormal children, 4088  
 perceptual cognitive development & intelligence assessors, Metropolitan Readiness Test reading success prediction for visual vs auditory approach, kindergartners, 13209

school learning proficiency & mental activity in paired associate learning, learning-disabled high school students vs college students, 13273

trial teaching, cognitive development evaluation, 13259

validity of Oral Vocabulary subtest of Inter-American Test of General Ability, aural ability & language dominance measurement, Spanish-speaking 1st graders, 13287

WISC & Illinois Test of Psycholinguistic Abilities & Bender Gestalt scores, 3rd grade retarded vs advanced readers, criticism of J. White & M. White's study, 6385

WISC vs revised edition of Illinois Test of Psycholinguistic Abilities, severely emotionally disturbed 6-11 yr olds, 5622

### Illiteracy [See Literacy]

### Illness (Physical) [See Disorders]

**Illumination** [See also Photopic Stimulation, Scotopic Stimulation]  
 adaptation levels, detectability of luminance modulated gratings of different spatial frequencies, macaque monkeys vs human Os, 2609

adaptation to chromatic-pattern borders, visibility of stabilized lines of same vs different color, 2161

alternate exposure to vertical & horizontal gratings differing in space-average luminance, orientation-specific brightness aftereffects, college students, 9097

amino acids, extracellularly recorded transreceptor & intraretinal & transretinal responses & horizontal cell membrane potential, carp, 2485

annulus surround in close proximity, facilitation of single letter recognition in metacontrast paradigm, college students, 11349

apparent movement of row of stationary simultaneously-presented dots lit with stroboscopic light, smooth eye movement, 147

background & color & illumination, estimation of dot frequency, color-normal vs color-defective males, 4348

bioluminescent & visual systems, lantern fish, 557

color specificity of spatial adaptation, 2201

continuous exposure to light from birth to 35 days of age, dendritic length & branching of neurons of dorsal lateral geniculate nucleus, rats, 317

contrast reversal, reversal in stereo discrimination, 166

cues to illumination, lightness perception, 2160

cyclic adenosine 3 prime 5 prime monophosphate, role in recovery of light-initiated change in sodium permeability of outer segment membrane of vertebrate photoreceptors, frog retina, 11647

dark adaptation, apparent spatial frequency, 11366

daytime vs nighttime, red vs white vs green aviation signal discrimination, normal vs color deficient men, 3476

discomfort glare in office with cathode ray tubes, 11096

discrimination of grating target against featureless background, method for calculating information gain & extension to more general types of structure, 2162

early rearing in dark vs isolation & age, innate fear & open field behavior & distress calling, newly hatched chicks, 11921

equivalent-background transformation for spatially & temporally & chromatically differing photopic stimuli, equivalence of adaptive states in long-term photopic adaptation, 2195

exposure to high intensity illumination during pregnancy, defecation & ambulation & heart rate, rat offspring, 4860

eye movement distances & rates of intermittent illumination, frequency of stroboscopic illusion of motion, 128

flash energy & ambient light intensity reciprocity, cone receptor response, frogs, 9761

flash luminance & duration & interstimulus interval, visual persistence, Os, 11326

flash luminance & duration, response latency following dark adaptation, 2182

food-tray illumination, autoshaping key peck, pigeons, 11905

foveal light-detection thresholds with 2 temporally spaced flashes, literature review, 9084

gratings of different spatial frequency & contrast illuminated with light flashes, perception of structure in afterimage & flashes, 2163

hair changes in dark laboratory environment with artificial diet & upon sunlight exposure, tree shrews, 6911

- halogen vs conventional European high- & low-beam headlights, visibility distance, 11172
- illumination changes, heart rate responses, human newborns, 11625
- illumination level & static vs dynamic images & fixation point, perception of flicker in wide-angle cathode-ray tube displays, 4364
- illumination of area adjacent to test area, foveal spatial increment threshold in stabilized vision, 2208
- inducing & test luminances, brightness perception & acuity of brightness contrast, 6632
- intense or moderate auditory stimulus before light & time between auditory & light stimuli, reaction time, college students, 4367
- intermittent photic stimulation, visual sensitivity to light at high vs low luminosity-frequency levels, college students, 11340
- internal reflections within rectangular box, producing homogeneous illumination, 4338
- interval of illumination during stimulus flight, ball-catching performance in dark, college students, 8988
- light & dark adaptation, target detection under metacontrast conditions, college students, 9100
- light adaptation, dynamics of induced tilt, 6628
- light conditions & weak magnetic field, locomotor activity, Atlantic salmon parr, 11836
- light conditions, attack behavior, sharks, 9742
- light deprivation in rearing, performance on nonvisual operant tasks, rats, 11858
- light intensity changes, response latencies in accommodation & accommodative vergence & pupil diameter, 2211
- light modulator, changing time patterns of light stimulus without temporal change in spectral composition, 2174
- light preferences, wheel running activity, carnivores, 509
- light sensitivity & photoreceptors, flying activity, male locusts, 2619
- light- & dark-reared & social- & isolated-housing conditions, aggressive response to footshock, rats, 9754
- light-difference thresholds & subjective brightness in center & periphery of visual field at photopic & scotopic levels, 164
- light-induced changes, protein fluorescence of frog retina & rod-outer segments of cattle retinas, 2350
- lightness contrast & tachistoscopic duration & fundus pigmentation, magnitude of Mueller-Lyer illusion, white college students, 142
- line density, relative magnitude of increment/decrement at inflection points of Mach patterns, 11328
- long-term perceptual alterations in color & illumination, physiological parameters of sleep, 20 yr olds, 6907
- luminance & size & stimulus duration & distance from fovea, light onset detection & position recognition & letter identification & word categorization tasks, assessment of processing capacity in visual periphery, college students, 4343
- luminance & wavelength contrast & spatial frequency, hue discrimination, Os, 11335
- luminance levels & stimulus temporal frequency, frequency spectrum of optokinetic nystagmus, monkeys, 2629
- luminance thresholds for motion contingent on color, 154
- luminance, variability of average evoked brain responses, college students, 9337
- luminance, visual acuity, rhesus monkeys, 2607
- luminous intensity requirements, vehicle front lights in urban traffic, 8854
- magnitude of flicker sensation, evoked potential amplitude, 321
- melanocyte-stimulating hormones, activity & dark preference responses, albino vs hooded rats, 2484
- melatonin & exposure to light, brown adipose tissue, male hamsters, 465
- multiple successive presentations of illuminated point along trajectory, apparent movement phenomena, 139
- operant-psycho-physical test using detection of luminance difference of standard & comparison stimuli, latency differentiation of hits & false alarms, male rats, 2628
- optical generation of phase-reversing sine-wave gratings for evoked response generation, 2321
- ovariectomy & constant light, responsiveness to estrogen, female rats, 2372
- pattern induced flicker colors & frequency of rotation, detection of short time delays between photic stimuli, 20-40 yr olds, 2209
- photopic spectral sensitivity, neon tetra, 7273
- posterior cortical lesions, retention of 3 brightness discriminations, male rats, 7013
- prior exposure to light, behavior in imprinting situation, 1-day-old chicks, 4835
- relative & absolute scotopic & photopic sensitivity & flicker fusion point for different lights, macaques vs human Os, 2610
- retinal degeneration, response latencies on visual discrimination tasks, rats, 9380
- short photoperiod, regulation of reproduction, blue gourami, 7225
- spatial patterns of luminance & color, evoked potentials, 2335
- stimulus angle & illumination & distance lipreading, 13-16 yr old profoundly deaf children, 10423
- stimulus correlated with running & leverpressing with light or tone, stimulus control with different responses, male rats, 7190
- stimulus distance & illuminance, visual acuity development, deer mice, 4932
- stimulus wavelength & intermittent illumination, form perception, graduate & college students, 2173
- subcutaneous electrical stimulation & recording at cortical level, cortical projections from periorcular & facial skin, photosensitive & nonphotosensitive baboons, 4534
- suppressing circadian rhythms with dim light, *Drosophila* larvae, 6931
- synthetic scotophobia, dark avoidance behavior, rats, 9544
- target size & brightness & ambient illumination level & color, visual field, implications for aircraft cockpit instrument design, 6610
- training using brief illuminations of structured target preceded by auditory stimulus & subsequent presentation of auditory stimulus alone, classical conditioning of visual afterimages, 11401
- variance of filtered waveform of luminance change, incremental visual thresholds, 2191
- visual deprivation, depth perception, rats reared in light & dark conditions, 4931
- white light intensity, phototactic responses, 121 species of anuran amphibians, 2615
- Illusions (Autokinetic)** [See Autokinetic Illusion]
- Illusions (Perception)** [See also Afterimage, Perceptual Aftereffect]
- accumulation of learned records of moving spiral, increase in spiral illusion duration, college students & staff, 11338
- age changes, Ponzo & filled-space illusions, 5-17 yr olds, 9792
- apparent depth, Mueller-Lyer illusion, 144
- apparent misalignment of 2 oblique collinear lines, Poggendorff effect without parallels, 138
- apparent temporal overlap of test & inducing figures, direction of figural retroactive-effect, 6601
- assimilation theory of geometric illusions, explanation of reversed ingoing form of Mueller-Lyer illusion, college students, 165
- assimilation theory of A. W. Pressey, Poggendorff illusion, 13-16 yr old retardates & 9th & 2nd graders, 8016
- asymmetrical-coding theory, earlier-later illusion, perceptual judgment of time, 11293
- auditory perceptual illusions as clinical manifestations of seizure activity, palinacousis, 12779
- brain forces & stimulus pattern forces, visual illusions of motion, 9111
- brightness-frequency functions for each direction of rotation, critical flicker frequency & apparent brightness & brightness aftereffect, college students, 6637
- dislocation of points within figure-field, confirmation of W. Kohler's postulation concerning physiological current distribution in given field's correspondence to vector distribution of dislocations, 4356
- electronic logic & stepping motor & motor control apparatus, control of motion parameters of 2 trapezoid illusions, 6586
- "enclosing nature" of ingoing fins, explanation of reversed Mueller-Lyer illusion, response to A. W. Pressey & M. Bross's criticism, 143
- environment & pigmentation, illusion susceptibility, 6-17 yr old Americans vs Zambians, test of "carpentered world" hypothesis, 7427
- eye movement distances & rates of intermittent illumination, frequency of stroboscopic illusion of motion, 128
- eye movements, Pulfrich phenomenon, 4355
- figural aftereffects as optical illusions, failure to replicate M. Stadler's study, 2172
- flash duration, brightness illusion, horseshoe crab, 9777
- fusion & rivalry of illusory contours, 146
- hypnotic ablation of background, magnitude of Ponzo perspective illusion, college students, 156
- hypnotic age regression, magnitude of Ponzo & Poggendorff illusions consonant with illusion data from young children, insusceptible & medium susceptible college students, replication of study of M. Parnish et al, 161

- illusory distortion, stability of forms, college students, 2167
- intracultural differences, susceptibility to geometrical illusions & pictorial depth perception, 4th graders, 6623
- lightness contrast & tachistoscopic duration & fundus pigmentation, magnitude of Mueller-Lyer illusion, white college students, 142
- logic of measurement techniques in perceptual distortion experiments, 94
- motion velocity & angle between vertical strip & oblique path, kinetic vs static illusions, college students, 11356
- neuropsychological organization of visual system, Poggendorff illusion, 2171
- oriented-line hypothesis of C. McCollough vs L. A. Riggs's "curvature detectors," adaptation to colored curved-line patterns, 9103
- perceived similarity of varieties of Mueller-Lyer illusion to standard configuration, transfer of illusion decrement, college students, 9080
- Poggendorff illusion, paranoid vs simple schizophrenics, 7865
- regression to right angles tendency & horizontal-vertical contrast & alignment tendencies, Poggendorff illusion, college students, 11337
- retinal information on direction & speed of movement, 4344
- right- vs left-pointing orientation, amount of Mueller-Lyer illusion, college students, 6639
- rotating hourglass as new tactile illusion, theory of differential adaptation of skin, college students, 9013
- separation between outer parallels & addition of interior parallels, contour displacements & tracking errors, college students, 9104
- size of background where dots presented, size-numerosity illusion judgment, college students, 4335
- stimulus background, waterfall illusion, 2186
- stimulus orientation & orientation on retina, image disappearance, results of M. J. Schmidt & A. G. Goldstein's investigations of Troxler's & image stabilization effects, 6617
- unmonitored overshoot of target in visual tracking, apparent backward rebound of target after stopping, 2180
- visual illusions in which cognitive contours are implied by occlusion, explanations for stereoscopic effect, 131
- Wertheimer's seminar reconstruction, perception, book, 2131
- Image (Body)** [See Body Image]
- Image (Retinal)** [See Retinal Image]
- Imagery** [See also Conceptual Imagery]
- age & stimulus type & mode of elaboration, paired-associate learning, nursery-school & 1st-grade children, 9810
- age, development of geometric imagery, 5-8 yr olds, 7304
- age, use of sensory imagery in sentence memory, 5 yr olds vs college students, 9824
- analogy & imagery, implications for teaching, 2977
- analytic vs spatial vs music tasks, lateral asymmetry of EEG alpha outside vs within hypnosis, high vs low hypnotically susceptible college students, 11580
- apparent frequency manipulation of pictures & words, discrimination learning, 6th graders, 6714
- blink rate during auditory vs visual messages, imagined letters, college students, 2239
- concreteness of cue word vs retrieval of context used to construct image, recall of noun triplets using imagery, college students, 9249
- confusion of consciousness, vividness of aroused mental imagery, college students, 11463
- conservation & visual memory & IQ & CA, static & anticipatory imagery, 1st & 2nd graders, 2665
- control of visual imagery & emotionality & position, psi performance, 104
- covert modeling & fear- vs nonfear-related stimulus similarity, snake-avoidance behavior reduction, college students, 10695
- development of instrument for measuring individual differences in learning from pictures & words using pictorial & verbal paired-associate learning task, 4th & 6th graders, 11066
- developmental & sociocultural aspects of imagery, picture-word paired-associate learning & recall, middle- vs lower class Anglo- vs Spanish-American children, 9803
- enactive imagery evoked by verbs & nouns, paired-associate learning, college students, 11436
- factor analysis, Gordon's Test of Visual Imagery Control, 11322
- free-pairing & imagery & proactive inhibition, multilist paired associate learning, college students, 6733
- high- & low-imagery nouns, long-term retention in incremental free recall & paired-associates learning & cued & noncued recall of noun pairs, college students, 6763
- imagery & concreteness & meaningfulness & ease of learning, recall of Japanese nouns, 9245
- imagery & predictability, free recall of sentences, college students, 6787
- imagery & subjective categorization, long-term recognition & retrieval, college students, 9230
- imagery instructions & ratings & number of dictionary meanings, recognition & recall, college students, 9250
- imagery instructions, facilitation of semantic integration in sentence memory, educable retarded 89-161 mo olds, 8036
- imagery mnemonic, paired-associate learning, retarded Ss & nonretarded college students, 8022
- imagery training, associative learning, kindergartners & 1st & 3rd graders, 2663
- imagery values, Dutch nouns, 920
- imagery vs verbal elaboration, learning & recall of multiple associates, college students, 9264
- imagery, classroom incidental learning, 5th graders, 8641
- imagery, recognition, grammar school & occupational therapy students, 9244
- imagery, semantic relatedness & complexity in sentence comprehension, college students, citation of C. C. Jorgensen & W. Kintsch's findings, 7605
- imaginal attributes of bizarreness & vividness & sentence presentation in positive vs negative vs noninteractive context, learning sentence-embedded noun pairs, college students, 11435
- imaginal processes during attempt to recall object names, college students, 6804
- Imaginal Processes Inventory as predictor of drug usage, college students, 7486
- imaginal vs labeling pretraining, pattern reproduction task, 6 & 9 yr olds, 9839
- instruction effects, recognition memory, college students, 4478
- instructional strategy & pictorial representation, verbal learning, high school seniors & college students, 4425
- instructions to group unrelated words via imagery vs sentence formation vs repetition of unit members, temporal aspects of storage & retrieval, college students, 4458
- instructions to use imagery & sentence strategies, verbal discrimination learning, college students, 6738
- instructions to use relational imagery coding strategy vs rehearsal-preventing distractor task vs no activity during retention interval, information transfer from short- to long-term memory, college students, 9242
- interactive imagery & separation imagery & rote repetition memory instructions & imagery values of stimulus & response terms, paired-associate performance, college students, 6817
- intercorrelations of latency & vividness measures, of paired-associate recall improvement & recognition memory & mental imagery & production of visual images & imagining emotional scenes, development of objective measure of visualization ability, college students, 6677
- introversion-extraversion, ease of evoking imagery for abstract & concrete nouns, college students, 12464
- item concreteness & interitem spatial organization, recall processes & predicting visual imagery, college students, 6773
- learning instructions & cuing, free recall, college students, 6814
- left temporal lobectomy, learning to use visual imagery in verbal recall, lobotomized patients vs patients with bilateral mesial temporal-lobe damage, 10798
- memorial strategy instructions & rated imagery value, forced-choice recognition & free recall, college students, 9251
- mental images of goal objects as motives by providing energization & direction, sentence perspective, 11537
- mnemonics & item imagery, part/whole transfer in free recall, college students, 6806
- motor training, paired-associate learning, kindergartners & 1st graders, 8628
- peg-word concreteness in mnemonic & paired-associate system, recall, college students, 4444
- pictorial context, retention of sentences, test of Olson's cognitive theory of semantics, 6766
- pictorial elaboration, recall of multilist paired associates, college students, 9220
- positive & negative emotive imagery as reinforcement, circle-drawing task performance, college students, 2305
- probing for spatial properties, visual imagery for words, Ss with normal vision, use of D. O. Hebb's test of "picture theory", 4363
- psychology of picture perception, book, 151

- schematized image utilization, spatial problem solving, 3-7 yr olds, 4974
- self-discovered imagery & E-supplied images & verbal definitions, noun definition retention, 5th graders, 3957
- sentence surface form & simultaneous vs successive presentation of test picture & intertrial interval, response latency in conversion & matching of pictures vs sentences to visualization or drawing, college & high school students & adults, 11461
- serial vs total presentations of categorized noun list across imagery & clustering & narrative & learn mnemonic coding instructions, learning & recall, college students, 206
- simultaneous linguistic & pictorial stimuli & depicted relationship between modalities vs within 1 modality, comprehension & recall of paired associates, kindergartners vs 5th graders, 11993
- statistical method, extrapolating bandwidth of nonstationary imagery, 2177
- structural stimulus complexity, iconic storage clarity, male college students, 9215
- time between initial exposure & later recognition & black & white vs colored slides of scenes, processing & recall of iconic information, 1st graders, 12018
- training in use of interacting imaginal mnemonic, immediate & delayed & 2nd learning set memory of object pairs, 1st graders, 12005
- Ural-Altaic vs Indo-European languages, image formation & verbal messages & thought processes, 5318

- antidepressants & neuroleptics, behavioral response to lesion & stimulation of hippocampus, rats, 4708
- atropine & mecamylamine & physostigmine & propranolol & propranolol-tolazoline combination & diphenhydramine & imipramine, morphine withdrawal syndrome precipitated by naloxone, rats, 2450
- chlorimipramine vs imipramine, galvanic skin responses & plethysmographic changes, neurotics, 10634
- chlorpromazine vs imipramine vs diazepam vs phenelzine, depressive disorders, 16-70 yr old patients, 5944
- desipramine & imipramine & amitriptyline & protriptyline, central hypotensive effects of clonidine, cats, 2493
- diagnosis & symptoms & imipramine therapy, endogenous depression, 1-12 yr olds, 7880
- dimethacrine vs imipramine, depressed patients, 1439
- imipramine & desipramine & nortriptyline & pargyline & tranlycypromine & nialamide, open field behavior, male rats, 4763
- imipramine & desipramine, extrapyramidal side effects of haloperidol, institutionalized female schizophrenics, 1445
- imipramine & desipramine, lung & liver & brain monoamine oxidase, rabbits, 9572
- imipramine hydrochloride vs methylphenidate hydrochloride, school-age hyperactive boys, 12919
- imipramine hydrochloride, measurement of action using infusion of initiated norepinephrine & tritiated metabolites in urine, depressed inpatients, 10647
- imipramine vs diazepam & weekly group psychotherapy vs biweekly supportive sessions, chronically depressed 20-50 yr old neurotic women outpatients, 5905
- imipramine, alleviation of cataleptic-like state due to inescapable aversive stimulation, chickens, 11780
- imipramine, children with minimal brain dysfunction, 12892
- imipramine, hyperactivity & defiance & inattentiveness & sociability, 6-12 yr old hyperactive male outpatients, 10653
- imipramine, levodopa metabolism, male adults, 9555
- Ludomil vs imipramine, depressed patients, 8277
- methyltestosterone & imipramine, conversion of depression to paranoid reaction, male inpatients, 1490
- psychiatric & psychophysiology measures, anxiolytic properties of imipramine vs chlorimipramine vs placebo, psychiatric patients, 5924
- self- vs nurse-administration with vs without instructions, chlorpromazine or imipramine drug-taking behavior, 15-66 yr old female psychiatric patients, 12906
- single oral dose of sodium pentobarbital & nitrazepam & imipramine, behavioral patterns & EEG levels of wakefulness & drowsiness & sleep & REM state, male monkeys, 7048
- Imitation (Learning)**
- "Schulwerk" method of C. Orff, generalized imitation, severely retarded adolescents, 13213
- acoustic patterns on broad-band spectrograms & computer-generated spectra, imitation of human speech, mynah bird, 9606
- adult preference, social control in operant conditioning, institutionalized female retardates vs normals, 5700
- amount & type of vicarious consequences, imitative performance, 54-78 mo olds, 2654
- amount of model reinforcement, imitative behavior, 4-6 yr olds, 9283
- amount of response induction aids, participant modeling, adult snake phobics, 8294
- approval of donation from selfish vs altruistic models, rewarding vs aversive effects on altruistic behavior, 3rd & 6th graders, 12095
- aptitude scores, imitation & internalization of filmic codes to be used as covert schematized mediators, 8th & 9th graders, 13205
- audience presence & number of presentations of modeled events, imitation, 6-7 yr olds, 7311
- book novelty & modeling in open classroom, reading-related behaviors, preschoolers, 13139
- competence & nurturance, imitation of nonretarded peers, retarded 12-20 yr olds, 8049
- conditioning history, imitation performance with choice between reinforced & nonreinforced vs 2 reinforced behaviors, institutionalized retarded children, 8045
- covert modeling & fear- vs nonfear-related stimulus similarity, snake-avoidance behavior reduction, college students, 10695
- differential reinforcement & imitation, sequential verbal responses associated with display of pictures & related questions, retarded children, 8320
- direct reward & visual-feedback mechanisms, acquisition of imitation, 3-6 mo olds, 4980
- divergent thinking symbolic model vs convergent model vs no model vs instructions to respond creatively, creative responses, college students, 4410
- expectation of learning, judgments of phonetic imitation, 4 yr olds, 6716
- exposure to aggressive behavior of adults vs puppets, imitative aggressive behavior, preschool children, Chile, 629
- exposure to model portraying painful reaction to shock & E presence, reported discomfort in absence of painful stimulation, college students, 12246
- food & or social reinforcement, attention & imitation & socialization, developmentally retarded children, 1616
- food reinforcement, verbal imitative behavior, mute profoundly retarded 14-yr-old girl, 8000
- imitation & training through playing games with shared toys, social behavior learning, kindergartners, 12098
- imitation by E in use of art medium, preference for that medium, elementary schoolchildren, 4953

- influence of speech sounds, syllabic structure of babbling & cooing, infants, USSR, 4939
- initial cognitive level, modeling & understanding conservation, 5-10 yr olds, 9838
- intentional training & modeling procedures, teaching rhythm skills, educable mentally retarded children, 4083
- level of frustration & type of model behavior & model's outcomes, aggressive behavior, 1st-3rd grade boys, 885
- model-reward, recall of modeled behavior, 1st-3rd graders, 276
- modeling & corrective feedback, conservation of equalities & inequalities, kindergartners, 5007
- modeling & flooding "in vivo," obsessive-compulsive neurotics, 8366
- modeling & instructions plus social reinforcement & modeling plus instructions & social reinforcement on videotape, smiling & use of grammatically correct questions & speaking on appropriate topics, moderately retarded 7-yr-old boy, 3750
- modeling & operant conditioning by parents, chewing behavior, mongoloid 8 yr old, 3717
- modeling & role-playing, classroom behavior, teacher's manual, 10974
- modeling & verbal reinforcement, assertive behavior, female college students, 6755
- modeling approach, parent-child interactions & verbal communication, retarded children, 10732
- modeling vs practice-control vs test-retest conditions, assertive behavior, 21-62 yr old psychiatric patients, 8310
- modeling, constraint-seeking questions strategy in guessing task, 70-90 yr olds, 9905
- modeling, modification of responses to natural & potentially stressful situation, 6-yr-olds, 8384
- modeling, selective imitation of passive sentences, 4-5 yr olds, 9856
- modeling- & prompting-reinforcement procedures, training in question asking, severely retarded 16-yr-old boys, 3776
- monitor-modeling vs immediate-feedback supervision in practicum & individual counseling, facilitative skills of interpersonal functions, counselor trainees, 12554
- moving model of cleaner fish as positive reinforcement through tactile stimulation, butterfly fish, 11875
- number of presentations of modeled events & audience presence, imitation, young children, 4979
- observation of adult model emitting reinforced vs unreinforced response & model monitoring of S's subsequent behavior vs model absence, emission of reinforced responses & unreinforced imitation, kindergartners & 2nd & 4th graders, 11994
- operant conditioning vs imitation, pecking for food, hungry pigeons, 9676
- participant modeling & behavior modification, academic performance, 8th graders, 13143
- peer vs adult models & social reinforcement, intentionality of moral judgment, kindergarten & 1st grade children, 12094
- positive control vs negative control vs social power theories, identificatory learning following interaction with rewarding vs punitive controlling adult vs neutral adult, disadvantaged kindergartners, 7501
- practice vs instructions &/or modeling, tested & self-reported assertiveness, nonassertive male psychiatric inpatients, 8332
- presence vs absence of E & model rewarder vs nonrewarder, model imitation, 1st-3rd graders, 11469
- race & apparent reward magnitude, modeling behavior, black & white 8-12 yr olds, 9918
- race & competency & achievement level, modeling, black & white 5th & 6th graders, 11008
- race of videotaped model in intake interview, modeling of counseling behaviors, acquisition, white males, 8410
- reinforcement contingencies for compliance & concurrent contingencies for compliance with other instructions & pre-established contingencies & E familiarity, performance in 2-option keypressing task, nursery-school children, 11395
- reward & task type & organismic variables, instrumental learning, preschoolers, 4400
- short- vs long-term institutionalization vs noninstitutionalization, word modeling responses, retardates, 10839
- successive reinforcement of imitations, developmental apraxia, 3780
- vicarious consequences, imitation & recall, preschoolers & 2nd & 4th & 6th graders & college students, 4949
- viewing of aggressive or neutral or helpful model, subsequent aggressive & helping behavior, 867
- vocal reproduction of American English vowels vs vowels with no phonemic identity in language, phonetically trained adult speakers, 12399
- Immigrants** [See Immigration]
- Immigration**
- achievement motivation levels, British & Australian & American & New Zealand businessmen & managers & educators & students who immigrated to New Zealand or planned to emigrate vs native counterparts, 7410
- affluence & size & political party & urban contact & absorption of immigration, anomie, kibbutz, 5138
- attitudes toward non-English vs English-speaking white vs non-white immigrants, voters in New Zealand Auckland urban area, 9934
- children-sex control & category assessment scale, interaction patterns of British & immigrant children, criticism of G. A. Brown's study, 12286
- immigration, mental illness, 1102
- incidence of Creutzfeldt-Jacob disease, Libyan Jews & other ethnic groups, Israel, 1320
- internationalization of education, immigrant children in Swedish schools, conference proceedings, 13076
- sex & personality traits, attitudes toward migrants, Australian teenagers, 7403
- social-demographic variables of immigration patterns & poor education & ethnic origin & recency of arrival in Israel, out-of-wedlock births, Israel, 7453
- unemployment & crowded living conditions & language & intercultural conflict & health, immigrants to Hawaii, 5104
- Immunization**
- immunization with porcine gamma globulin hemisuccinate delta-1-tetrahydrocannabinol vs porcine gamma globulin hemisuccinate-phenol, blocking of delta-1-tetrahydrocannabinol effect on spontaneous motor activity, rats, 11818
- Immunoglobulins** [See Gamma Globulin]
- Immunologic Disorders** [See also Allergic Disorders]
- blood serum from rabbits immunized with pre- & postsynaptic membranes of septal region of human brain injected intravenicularly, focal EEG, cats, immune concept of schizophrenia, 4649
- plastic isolation systems for 2.5 yrs, learning deficits & intellectual impairment & motor activity, nonidentical male twins with lymphopenic hypogammaglobulinemia, 3472
- Implosive Therapy**
- continuous vs discontinuous presentation & arousing value of material in single session of imaginal flooding, emotional arousal & behavior change, female college students unable to touch harmless spider, 8345
- diazepam plus imaginal flooding & practice exposure to phobic situation, severely agoraphobic patients, 1514
- emotional flooding vs allopathic model in psychiatry, neurosis, 5826
- flooding in vivo combined with motor activity, firearm phobia, 43-yr-old policeman, 8357
- flooding in vivo, escalator phobia, 8358
- flooding vs desensitization, phobias, 1509
- implosive therapy efficacy & superiority to systematic desensitization, reply to D. J. Levis's criticism, 10714
- modeling & flooding "in vivo," obsessive-compulsive neurotics, 8366
- systematic desensitization & implosion, fear reduction & avoidance behavior, 10748
- Impotence**
- adolescent sexual problems, future sexual behavior, 11998
- audio biofeedback device coupled to standard penile transducer, penile plethysmography, applications for training sexual offenders & sexually impotent, 8340
- construction & validity & reliability & scoring systems, sexual interest questionnaire based on Feldman's Sexual Orientation Measure, 22-50 yr old spouses vs impotent vs frigid patients, 12175
- ebonite penile ring, coital activity, impotent males, 13016
- interpersonal aspects, psychogenic impotence, 5547
- treatment, sexual disturbances, adolescents, 3591
- Imprinting**
- critical period for imprinting, ducklings, 11888
- imprinting stimulus withdrawal, development of distress vocalization, newly hatched ducklings, 7174
- imprinting, sexual preferences for color variants, platyfish, 2582
- length of training of opportunities for comparison, imprinting, 1-day-old chicks, 7149

- opponent-process theory of motivation, imprinting, 9652  
parent call with vs without visual stimulus selective response to familiar call, auditory discrimination learning vs imprinting, chicks, 9719  
preexposure to pecking-induction stimulus & stimulus movement & placement & direction, induction of eating & pecking behavior, newly hatched chickens, implications of social facilitation effects, 7211  
prior exposure to light, behavior in imprinting situation, 1-day-old chicks, 4835  
putomycin vs cycloheximide, memory in imprinting situation, chicks, 457  
repeated stimulus exposure, attachment formation using distress call as measure, chicks, 7217

**Impulsiveness**

- age, impulsive error on game of "Simon Says," preschoolers & kindergartners & 1st & 3rd graders, 12002  
caution in decision making, reflection-impulsivity in problem solving, Australian 6 vs 8 yr olds, 11986  
classroom behavior, cognitive impulsivity, 4th graders, 2670  
demographic & psychosocial data, impulsive homicidal frenzy, survey of 18 cases, Laos, 10355  
failure & frustration on anagrams task latency & errors on Matching Familiar Figures Test, impulsive & reflective 4th graders, 9873  
impulsivity & ego functioning, normal vs learning disabled 7-9 yr olds, 12742  
impulsivity vs reflectivity & task & treatment characteristics, performance in visual discrimination & paired-associate learning tasks, 2nd graders, implications for instructional research, 10971  
impulsivity, heart rate variability & performance decrement on monotonous task requiring sustained attention, introverted vs extraverted college students, 6649  
inheritance of emotionality & activity & sociability & impulsivity, monozygotic & dizygotic twins, 370  
match-to-sample visual discrimination exercises, training more efficient scanning techniques, impulsive 2nd graders, 10946  
mediated associations with reinforcement for aggression, impulsive aggressive responses, 6683  
reflection-impulsivity, intelligence, 2nd graders, 5382  
reflective vs impulsive personality & fast-accurate vs slow-inaccurate cognitive style, problem-solving strategies, 1st vs 3rd vs 5th graders, 12008  
sex & risk-taking tendencies & impulsivity & order & locus of control & smoking behavior of parents & family social status & preventative health behaviors, cigarette smoking, 9th graders, 5157  
visual feature differences between correct & incorrect test stimuli, visual feature analysis in recognition memory, reflective vs impulsive 5th graders, support for O. G. Selfridge & U. Neisser's feature-testing model, 11516

**Incarceration**

- alternatives to continued long-term imprisonment, chronically mentally ill prisoners, 3142  
criminal conviction & imprisonment, families of prisoners, presentation of remedial programs for families, 8519  
income level & teacher ratings & incarceration, self-concept, incarcerated juveniles, 7934  
long-term imprisonment, cognitive & personality correlates, prisoners, 13024  
mental health worker role in criminal treatment & justice system, treating criminal behavior via psychotherapy vs incarceration, 8477  
solitary confinement for 10 days, adrenocortical activity & personal constructs, prisoners, 12450  
time incarcerated, valium & sociometric choices, 14-23 yr old inmates at federal correctional institution, 1209  
type of offense & length of sentence, parole, prisoners, 1635

**Incentives** [See also Educational Incentives, Monetary Incentives]

- combining scores & weighting components comparisons, enlisted advancement system, 6455  
dominance & incentives, leadership in dyadic groups, female college students, 2936  
drive & incentive magnitude, serial discrimination reversal learning, pigeons & chickens, 7181

- high- vs low-incentive conditions in reaction time & mental arithmetic tasks, skin conductance & intensity of verbal responses, college students, 6901  
incentive & feedback & feedback presentation method, leader's verbal behavior, college students, 13172  
incentive-induced rehearsal of input items & information of delayed memory test, negative recency in immediate & delayed recall in serial learning, college students & paid volunteers, 11498  
incentives for reading, 6280  
incentives, performance on test, 11-15 yr old Botswana children, 1827  
locus of control & evaluative style & incentive orientation, motivational correlates of lipreading, 5th & 6th graders, 10114  
nonreward incentives, runway performance, male rats, 4850  
personality traits, nonvolunteers vs incentive vs no-incentive volunteers for psychological experiments, 5334  
postreinforcement delay & early sucrose experience, sucrose incentive shift performance, rats, 502  
providing incentives according to individual's drug abuse incidence & psychosocial adjustment level, successful methadone patients, 3625  
reward conditions & prior contact with adult experimenter, task performance, 2nd & 3rd graders, 11543  
reward magnitude & announcement of reward before vs after task performance, relative appeal of boring task, 14-15 yr old high school students, 269  
sources of job satisfaction & dissatisfaction, white- vs blue collar workers, 13347
- Incidental Learning**  
attentional arousal & monetary incentive, incidental learning during an instructional task, college students, 4059  
developmental trends, recall of central & incidental auditory stimuli, 2nd & 4th & 6th & 8th graders, 11979  
field dependence, incidental learning & intelligence, adults, 11425  
imagery, classroom incidental learning, 5th graders, 8641  
incidental vs intentional learning of economic information, beginning typewriting students, 6690  
instructional objectives, incidental & relevant learning, college students, 13125  
meaningfulness, intentional & incidental learning of verbal material, college students, 6734  
motivation & relevance, incidental learning, 9176  
overt rehearsal, retention following intentional & incidental learning, college students, 9240  
personal expectancy & task explication & difficulty, intentional performance & incidental learning, college students, 222  
rehearsal, pictorial vs verbal memory in incidental & intentional learning tasks, college students, 233  
salient external cues, incidental learning & compliance, normal & overweight female college students, 7523  
serial position, incidental learning, general population, 11426  
sex differences, incidental learning, 6706  
social status, incidental learning, urban adults, 6746  
spatial separation of central & incidental cues & verbal labeling of central cues, incidental learning, kindergarten vs 3rd vs 5th graders, 12059  
sustaining vs directive climate & verbatim vs translation response mode in recitation strategies, retention of classroom material, debilitator vs facilitator high school students, 6297  
visual vigilance performance, incidental learning of verbal vs nonverbal stimuli, graduate & college students, 6658  
von Restorff effect, intentional & incidental learning, 5th & 6th graders, 214
- Income Level** [See also Lower Income Level, Middle Income Level]  
age & income & personality, voluntarily taking part in experiments, male homosexuals, 5333  
age & sex differences & nativity & race & religious background & income & drinking habits, homeless alcoholic women vs men on skid row, 1205  
current welfare status & educational & occupational aspirations during adolescence & employment status & unwanted children, self-concept, 21-45 yr old black females, 7436  
genetics & educational background, intelligence & occupational achievement, reply to H. F. Taylor's criticism of "Inequality", 372  
income level & teacher ratings & incarceration, self-concept, incarcerated juveniles, 7934

- inheritability of intelligence & influence of educational background on income level, criticism of C. Jencks's statistical procedures in "Inequality", 375  
 life satisfaction correlates, aged, 12120  
 median income & value of owner-occupied homes & average monthly rent & population density & percentage black & Chicano, prediction of personal & property crime & total crime rate in urban areas, 10362  
 value systems, different occupational groups, 1937  
 women in labor force & male unemployment & income level, suicide rates, 1222  
**Incontinence (Fecal)** [See Fecal Incontinence]  
**Incontinence (Urinary)** [See Urinary Incontinence]  
**Incubators (Apparatus)**  
 artificial incubator environment, organization of sleep cycles, premature infants, 2348  
**Independence (Personality)**  
 autonomy, depth of individual emotional involvement in change, organizational intervention taxonomy design, 13311  
 birth order & social class & need achievement, independent judgment, 5th & 6th graders, 9895  
 initial forced nonconformity, tendency to remain independent in later experiment trials, college students, 10095  
 intermediate rehabilitation unit, independence & self-reliance & giving up patienthood, patients in Veterans hospital, 3863  
 introversion & energy & independence & open-mindedness & tolerance, high vs low creativity, male 10-14 yr olds, 967  
 open-environment school organization, reactions to school life & self-reliance & realistic judgment ability & achievement, 4th & 5th & 6th & 8th & 11th graders, 1792  
 personological characteristics using California Q sort & California Personality Inventory & high autonomy, male college students, 12469  
 Sociability & Self-control & Achievement via Independence & Intellectual Efficiency & Responsibility scales of California Psychological Inventory, junior college students & college students in 1958-1960 vs 1970-1971, 12488  
 social distance & independence of judgment & modernism & demographic characteristics, attitudes toward feminism, college students, 12163  
**Independent Party (Political)** [See Political Parties]  
**India**  
 academic achievement patterns, 10th & 11th graders, India, 1828  
 age & sex & poison, poisoning patterns in developing agricultural Ceylon, 10335  
 age & socioeconomic status, performance on WISC, 5-15 yr old Gujarati children, 4094  
 alone vs coacting & instructions emphasizing quality vs quantity in competitive vs noncompetitive situation, performance, Indian vs Canadian males, 7397  
 cannabis use, psychotic reaction, patients at drug addiction clinic, India, 3285  
 chance vs skill conditions, conservatism in risk-taking behavior, Indian vs Canadian students, replication of H. M. Lefcourt's & H. M. Lefcourt & G. W. Ladwig's studies, 7398  
 cross cultural differences, birth planning decisions for hypothetical families, college students in West Germany vs Netherlands vs India vs US, 7445  
 cross validation study, MMPI 'D' scale, depressives & psychiatric patients & normals & college students, India, 63  
 cross-cultural comparison, social desirability, Indian vs American college students, 7408  
 cultural influence, Hutt's adaptation of Bender Gestalt Test, American & East Indian graduate students, 52  
 dependency & class trust & initiative levels, 5th graders from Delhi vs Calcutta vs Coimbatore, India, 688  
 differentiation in self-evaluation, Canadian vs Asian-Indian 11-12 vs 16-18 vs 25-30 yr olds, 12066  
 epidemiology, manic-depressive psychosis, India, 7836  
 episodic media, political & social interaction, men from Indian cities & towns & hinterland & distant villages, 7471  
 group processing, attitude change & adjustment, tribal adolescents boys willing vs forced into physical education program, India, 2711  
 heterosexuality & social orientation & achievement motivation & dependency & sociocultural factors, American vs Indian female college students, 5075  
 Indo-Pakistan wars, reciprocal stereotyping, Indians & Pakistanis, test of mirror image hypothesis, 7409  
 intergroup differences, adjustment patterns, 5th grade students in India, 4044  
 Karma Yoga & Eastern religions, book, 13  
 long-term marihuana usage, physiological & psychological correlates, 14-58 yr old Indian marihuana users, 11724  
 methodology, foreign language teaching, India, 1810  
 perceived need satisfaction, Indian executives, 2008  
 perceptions of status, dissatisfaction with untouchability, Harijans vs caste Hindus, 668  
 personal background & job satisfaction & personality, southern Indian officials of community development, book, 6462  
 play preferences, nursery school & kindergarten children, India, 1749  
 racial & sociocultural & educational & economic background, achievement motivation, tribal vs nontribal Indian adolescents, 2782  
 role of personnel officers, India, 2011  
 sex & cultural differences, perceived locus of control, college students from Eastern & Western & Middle-Eastern societies, 12478  
 sex & socioeconomic status, manifest anxiety, Indian vs French vs American vs Japanese 4th graders, 984  
 sex differences, aesthetic & social values, adolescents in India, 2918  
 sibling position, personality development & psychiatric disorders, psychiatric patients & normals, Northern India, 3251  
 socioeconomic factors, educational aspirations, Indian college students, 1711  
 test-retest reliability of Torrance Tests of Verbal Creative Thinking, 9th & 10th grade girls in India, 7650  
 urban life, prevalence of psychiatric disorders, Indian families, 10336  
**Indians (American)** [See American Indians]  
**Indifference** [See Apathy]  
**Individual Counseling** [See Individual Psychotherapy]  
**Individual Differences**  
 amount of kinesthetic figural after-effect, magnitude-estimation behavior, 9151  
 analysis of variance designs, individual-differences measurement, reply to T. J. Fischbach & H. J. Walberg's criticism, 11248  
 analysis of variance of linear contrast, detecting significant differences among set of k-group means, 79  
 development of instrument for measuring individual differences in learning from pictures & words using pictorial & verbal paired-associate learning task, 4th & 6th graders, 11066  
 dimensions of individual differences, internal-external metaphor in theories of personality, 954  
 disadvantaged & minority group problems & heredity vs teachability & educational implications, individual & group behavioral differences, book, 8544  
 discrimination of individual differences in biological odors, Mongolian gerbils, 11953  
 dogmatism & tolerance for ambiguity, differential reactions to cognitive inconsistency, college students, 12486  
 early individual need differences, developmental achievements, infants, 11987  
 early stimulation & maternal care, capabilities & individual differences, infants, 4948  
 equating individual differences & sex, perception of auditory stimulus intensity, college students, 9051  
 heuristic method of problem teaching, creating favorable environmental conditions to develop inherent abilities, 3974  
 high vs low dogmatism, individual differences in information-processing abilities & comparison with Bayesian information processor, male college students, 6660  
 high vs low frequency 1st names, personality differences, college students, 12485  
 individual differences & reward distribution & task structure & intragroup competition, group productivity in simulated work environment, college students, 7539  
 individual differences in arousal seeking or need for stimulation, extent & complexity of perceived autokinetic movement, college students, 9000  
 individual differences in expectancies about locus of control, persistence, nursery school children, 5244  
 individual differences in exploratory activity in new environment, habituation rate, dogs, 7187  
 individual differences induced by learning process assuming vs not assuming identical organisms, reliability coefficients in concept identification performance, 2088

individual differences vs group average approaches, individual differences in use of semantic differential scales, 6546  
 individual differences, abilities & motivational directions, book, 2238  
 individual differences, cognitive style, infants, 2671  
 individual differences, noise & associated perceptual indices of performance, college students, 102  
 individual differences, power functions for 1-wk intermission interval, college students, 8999  
 individual differences, sensitivity to interaural differences in time & level, college students, 2154  
 individual differences, sleep needs, 6913  
 individual differences, verbal & spatial factors in Primary Mental Abilities Tests, reanalysis of data from Strassov-Thurstone & Michigan twin studies, 9146  
 intercorrelations of individual differences, infant attachment, 7367  
 low vs high individual brainstorming task performance, group productivity, college students, 11418  
 performance level & intra-individual variability on coincidence timing task, normal vs educable mentally retarded children, 3381  
 positive vs negative reinforcement vs heterogeneity vs pure random models, frequency of hospitalization, diagnosed schizophrenics, 10833  
 PROF simulation & analysis technique, individual differences in human information processing, followup questionnaire, 9155  
 projective test assessment of individual differences in motivation & cognition & self-evaluation, implications of G. A. Kelly's personal construct theory, 7690  
 readability level & inserted postquestion difficulty & individual differences, prose text learning, college students, 8601  
 regression effect & individual power functions over repeated sessions, cross-modality matches of loudness to apparent time duration, 9030  
 trait times treatment interaction method, individual difference studies, criticism & possible alternatives, 14  
 validity of transfer & learning tests, predicting individual differences in academic achievement, secondary schools, 11060  
 variations in physical & mental & social processes of normal aging, book, 2763  
**Individual Psychology**  
 Adler/Alfred, interpretive biography, 6509  
 Adlerian framework, early childhood recollections of Freud & Adler & Jung, 5373  
 earliest childhood recollections, individual psychological development, 5015  
 historical account, Adler's interpretation of early recollections, 5327  
 personality & behavior defenses vs symptoms, purposes of delusions & hallucinations, 5372  
**Individual Psychotherapy**  
 biofeedback in individual therapy, self-regulation of blood pressure & heart rate & research on hypertension & Raynaud's disease, 1423

 individual & family treatment, family interactions, separated family with 2 children, 8380  
 individual therapy followed by small group therapy with same therapist, 1437  
 individual therapy method, anxious & phobic children & adolescents, 10579  
 monitor-modeling vs immediate-feedback supervision in practicum & individual counseling, facilitative skills of interpersonal functions, counselor trainees, 12554  
 movement restating therapy values & goals, experiential group vs individual psychotherapy, 1430  
 psychodiagnosis & family vs individual therapy, 15 yr old disturbed girl, 3743  
 psychotropic drugs & behavior therapy & individual psychotherapy, acute & intermediate & recuperative phases of burning, case report, 12829  
 rationale & aims & therapeutic relationship & confidentiality, individual vs family member vs family unit therapy, 1435  
 symbolic vs actual vs therapeutic values for counseling, 8207  
**Individual Therapy** [See Individual Psychotherapy]  
**Individualism** [See Individuality]  
**Individuality**

consciousness-awareness of self as internal image vs representation separate from object images, ontogenetic development of sense of time, 12087  
 experiencing self & others, readers & writers in mediated communication vs personal experience in face-to-face interaction, relation to rise of individualism & analytic thought in Western civilization, 2775  
 sex & prior level of experienced uniqueness & anticipation of positive rewards, individualism, college students, 5369  
**Individualized Instruction**  
 academic survival skill training vs direct instruction with curriculum individualization, reading achievement, 1st graders, 13142  
 Adaptive Instructional Models, computerized individualized Air Force technical training, 13309  
 cognitive & affective variables, cheating behavior in nontraditional classroom, elementary school students, 6130  
 computer simulation, technique for managing individualized training programs, 11132  
 computer simulations, adaptive instructional models for individualized technical training, Air Force, 8781  
 counseling teachers in individualizing instruction via cognitive learning theory, school counselors, 1900  
 cross age tutoring in basic arithmetic skills, 5th-grade tutors & kindergartners, 13144  
 dangers of individualized instruction, 10983  
 development of prototype individualized instructional materials & identification of potential problems, management training as part of Air Force Advanced Instructional System, 11114  
 generative computer-assisted instructional program, teaching machine-language programming, college students, 10960  
 individual contingency program in classroom token system, 13157  
 individualized exercise prescription, physical activity attitude change, male college freshmen, 13208  
 individualized instruction packages for universities, alternative to traditional educational model based on personal contact, 8614  
 individualized instruction, analysis of teacher-pupil interaction, 6th grade, 8612  
 individualized media-managed approach, academic pilot training, 11122  
 instructional environment adapted to individual students, changes in academic achievement & predictive validity of I.Q. scores, 1st graders, 6332  
 instructional environments & media hardware & software, computer-managed individualized instructional system, 11130  
 Integrated Skills Method, individual audiovisual reading instruction, handicapped children with reading disabilities, 11044  
 intensive & individualized & integrated remedial program, learning problems, disadvantaged elementary & junior high school students, 4070  
 Keller plan vs lectures, science teaching, 3975  
 large group vs on-site vs individualized format, teaching reading instruction methods, education students, 6217  
 mastery criteria for passing & assignment length components of personalized instruction course, test performance, college students, 8620  
 media selection criteria, individualized instruction, 10990  
 multiple talent teaching based on individualized instruction, 1807  
 oral vs written testing, self-paced individualized psychology instruction, college students, 10935  
 organization of self-instructional units into tiers corresponding to different advancement levels, learning physiology, 1814  
 personalized college classroom method of F. Keller, currently enrolled vs previously trained student proctors, 13134  
 personalized instruction psychology course, student attitudes, college students, 1788  
 personalized system of instruction, college level courses, book of readings, 1803  
 presence & inservice teacher education & nature of individualized classroom instruction, 13136  
 procedures & problems & findings in development, modularized-individualized educational psychology program, high school teachers, 6276  
 proctoring location, proctoring effectiveness in self-paced individualized instruction, college students, 13119  
 program model representing student's knowledge state, computer-assisted instruction for individualized instruction, 10978  
 program structure & individualized or small group instruction & immediate correction of errors & practice & reciprocal

method of experimental analysis using televised self-image presented with matching image in 2-choice preference design. influences on self-recognition of mirror image. 5 mo-olds. 9869

night sleep development infants. 12080

parent education program infant development & parental involvement with child & home environment. Mexican-American families. 1370

psychoanalytic thought. B. Spock's "Baby and Child Care". 7589

relative weight correlation at ages 4 mo & 12 & 48 mo. 9829

serial vs simultaneous brain damage. recovery of function. infants. 8117

slow-wave sleep development. low-birthweight infants. 12057

social organization. infant behavioral development. Cercopithecoid monkeys. 9720

sociocultural variables. cognitive & sensorimotor development during 1st 2 yrs of life. Basque children. 4944

urbanization & changes in family structure. mental health. premature & normal 1-mo-old infants. Japan. 2645

**Infant Intelligence Scale**

validity. Cattell Intelligence Scale & Stanford-Binet children with congenital malformation of central nervous system. 12769

**Infant Vocalization**

baby's cries & woman's voice & speech noise as stimuli. auditory discrimination during REM & NREM sleep. pregnant & postpartum 21-32 yr old women. 4329

contingent stimulation approach. prelinguistic vocal behavior. developmentally retarded infants. 10736

delayed auditory feedback. vocalizations. 6-19 mo-olds. 7274

echoic utterances & acquisition of vocabulary & sentential forms in free speech. children between ages of 1 & 3 yrs. 7323

glottal cues. mother's judgment of emotional content of vocalizations. 4 mo old infant. 7366

influence of speech sounds. syllabic structure of babbling & cooing. infants. USSR. 4939

language acquisition during 1st 2 yrs. 603

presence of mother & vs adult female stranger following behavior & social behaviors & looking & smiling. 10 mo-olds. 12080

smiling & attention & reaching & crying responses toward facial models. 3-12 mo-olds. 4961

smiling & vocalizing & motor responses. mother-infant interaction. blind infants. 3432

social reinforcement contingent upon vocalization. conditioning of presence of eye contact & eye movement. 3 mo-olds. 9780

temporal patterns of vocalizations. neonates with high Apgar scores. 11273

**Infantile Neurosis** [See Childhood Neurosis]

**Infantile Paralysis** [See Poliomyelitis]

**Infantile Psychosis** [See Childhood Psychosis]

**Infantilism**

psychological infantilism & asthenic conditions. school learning difficulty. 8-11 yr-olds. 1284

psychological infantilism. literature review. 1158

**Infants** [See also Neonates]

ABC-1 & ABC-2 versions of observation checklist. assessing caregiver behaviors. adult teachers & infants. 6269

acceptance & rejection of strangers. heart rate differences during confrontation. infants. 11626

acquisition of phonological skills. 2-yr-old boy. 7330

acquisition of receptive vocabulary. 20-31 mo-olds. 9853

adult copulation. behavior & interest. infant & juvenile monkeys. 2581

adult female-infant interactions & infant behavioral development. howler monkeys. 7218

age changes. ventro-ventral contact between mother-infant pairs. monkeys. 4901

age. responses to behavior observation audiometry. 3-59 mo-olds. 9797

analysis of mother's personality & interaction patterns & attitudes. mother-child interactions. mothers & male vs female infants. 7361

appraisals & contact & maternal care behaviors over time toward infants with birth defects. mothers. 9891

arrangement of flashing & drifting sinusoidal gratings of varying spatial frequency. contrast sensitivity & visual acuity. 50-62 day old female infants. 2666

artificial incubator environment. organization of sleep cycles. premature infants. 2348

attachment importance in human development. implications for day care. 4952

attendance at childbirth preparation classes & presence at delivery. attitudes & feelings toward newborn & wife/fathers. 12081

auditory evoked responses. test of hearing loss successes & failures. infants & children. 9061

auditory stimulus. heart rate responses. premature infants. 9343

automated rank correlation procedure. computerized evaluation of electric response audiometry from vertex. adults & 1-4 yr olds. 9326

Bavley's Infant Behavior Record. ratings on firstborn black boys at 14 & 18 & 22 mo of age from Central Harlem. 295

cardiac orienting responses. 6 vs 16 wk olds. 9779

clarity focus in silent color film contingent on sucking. sucking rate & viewing film. 5-12 wk olds. 6624

cognitive & affective behaviors. fear of strangers. male infants. 12101

color perception. 4-6 mo-olds. 7309

computer simulations. phonetic ability & language. adults & human infants & Neanderthal man & chimpanzees. rebuttal of E. O. Nott's criticism. 2959

computer simulations. phonetic ability & language. adults & human infants & Neanderthal man & chimpanzees. reference to P. Lieberman's study. 2965

concentricity & curvilinearity & number of directions within patterned stimuli. visual fixation time. 3 mo-olds. 11997

concept of causality. fear of strangers. 32 & 40 & 48 & 56 wk olds. 5049

contingent patterned & unpatterned light stimulation. organization of nonnutritive sucking. premature infants. 2634

contour density. fixation preferences for patterns. infants. criticism of D. J. Greenberg & W. J. O'Donnell's article. 9289

cross-cultural differences. child behavior & child rearing procedure. Japanese vs American mothers & infants. 2729

dental abnormalities. neurological & psychometric status. 2-yr-old survivors of premature birth. 12802

development of consciousness in visual perception. infants. 4977

diagnosis & symptoms & imipramine therapy. endogenous depression. 1-12 yr-olds. 7880

direct reward & visual feedback mechanisms. acquisition of imitation. 3-6 mo-olds. 4980

disruption of infant-mother bond before 12 wks of age. depression & recovery. 9 wk old. 5610

early individual need differences. developmental achievements. infants. 11987

echoic utterances & acquisition of vocabulary & sentential forms in free speech. children between ages of 1 & 3 yrs. 7323

electric response audiometry. hearing loss diagnosis. 1 mo to 70 yr old experimental & clinical. 12803

environmental novelty & novelty & complexity of toys in room. exploratory behavior. 12-mo-olds. 11996

evaluation using B. F. Green's index of consistency. ordinality of subtests of sensorimotor series. longitudinal sample of infants at 9 & 12 & 15 & 18 & 20 mo of age. 11983

father's escape from Nazi Germany. neurotic conflict. 1-yr-old boy. 5533

forgetting vs object conception. Stage IV error. infants. analysis of Piaget's explanation. 9814

genetic & environmental factors. mental development. 8-mo-old dizygotic & monozygotic twins. 9841

green point of light brought toward median plane. ocular dominance. infants & elementary school children & adults. 6606

gross motor development. infants blind from birth. 10465

habituation rate of visual fixation to simple visual stimulus. fixation times to visual discrepancies. 12-18 wk olds. 11988

home- vs creche-raising. physical & mental development. children under 3 yrs old. 4958

human attachment. 7356

individual differences. cognitive style. infants. 2671

infant behavior. parental behavior. book of readings. 2730

infant hand movements in relation to sensory stimulation. portable apparatus. 11556

infant's behavior. mother-infant interaction. 2714

infant's reinforcement. parental caregiving & social interaction. 2710

infant's state & level of arousal & sex & ontogenetic stage. behavior of caregiver. 2727

infants' facial & vocal & gaze behavior. mother-infant play activity. mothers & 3 mo old infants. 2745

innate sex differences in psychological predisposition. neonates & infants. 4960

content of preparatory information, structure of practical action, college students, 11536

directionality of flow & interpersonal trust & influence, selective filtration in upward & downward & lateral information transmission in organizational hierarchies, college & graduate students, 7533

experimental conference tasks, teleconferencing behavior research, 5272

extension agents & information retrieval & knowledge utilization schemas, information dissemination & innovation in education, 8553

information amount presented in trait names & definitions & descriptions, teaching & course effectiveness ratings, college students, 10913

inservice training programs, knowledge & skill exchange in cooperative teacher & counselor education, 12518

one-way & two-way communication network, efficiency of information dissemination, 5181

proportion of positive information, evaluative & cognitive response to described person, college students, 891

Staff Information Questionnaire, measuring informativeness to surgical patients, surgeons & nurses & nursing students & anesthesiologists, 8493

teleconferencing literature review, 5274

translation & interpretation from one language to another using teleprinter & television & telephone, teleconferencing information exchange, 5276

translation & interpretation from one language to another using teleprinter & television & telephone, teleconferencing information exchange, 5316

Ural Altaic vs Indo-European languages, image formation & verbal messages & thought processes, 5318

**Information Processes (Human)** [See Cognitive Processes]

**Information Processing (Automated)** [See Automated Information Processing]

**Information Retrieval (Automated)** [See Automated Information Retrieval]

**Information Seeking**

cognition of autonomy, activity, information need & emotional responses to slides of nude females or accident victims, male college students, 9281

extrinsic determinants, utilitarian information seeking, 12363

information seeking activity & task involvement & family size & income & farm size, farm general management & agricultural innovation adoption decision-making involvement, wives, 13381

interposition as data & method, validity as technique in gathering information, 6301

personality traits, use of formal vs informal information sources about specific products, aged consumers, 11097

prior probability bias, information seeking & opinion revision, college students, 2241

process model & cognitive style, information seeking, college students, literature review, 12380

task uncertainty & decision importance & reinforcement value of information, predecisional information-seeking behavior in social influence situation, college students, 12247

**Information Storage (Human)** [See Human Information Storage]

**Information Theory**

ambiguity tolerance, disordered communication, application of information theory to psychiatry & psychotherapy & implications for therapeutic treatment approaches, 1871

cybernetic feedback of information to produce regulation of informational output in terms of personal & interpersonal goals, model of group therapy, 8334

information theory & verbal learning vs encoding & storage & retrieval, memory research trends, 9261

information theory model of consumer motivation through price & quality & advertising & availability, product demand prediction, 5315

information theory model, quantification of repression, 997

measurement of semantic content in verbal communication, applications in psychology & education, book, 2982

methods & applications of information theory for psychologists, book, 5301

Ural Altaic vs Indo-European languages, image formation & verbal messages & thought processes, 5318

**Information** [See Also Related Terms]

amount of information about stimulus person, interpersonal judgment, 842

information about potentially stressful situation, responses to stress, hernia-repair patients, 277

statewide family planning data system, 753

**Inhibition (Proactive)** [See Proactive Inhibition]

**Inhibition (Retractive)** [See Retroactive Inhibition]

**Initial Teaching Alphabet**

initial teaching alphabet vs traditional orthography method of teaching spelling, spelling achievement, 3rd-5th graders, 6294

**Initiation Rites**

Jewish circumcision, rites of passage, 9929

**Initiative**

dependency & class trust & initiative levels, 5th graders from Delhi vs Calcutta vs Coimbatore, India, 688

**Injections** [See Intramuscular Injections, Intravenous Injections, Intrapontoneal Injections, Intravenous Injections, Subcutaneous Injections]

**Injuries** [See also Brain Concussion, Burns, Head Injuries, Self Inflicted Wounds, Spinal Cord Injuries]

first aid using hypnosis, automobile accident victim, 8151

 chlorpromazine, sleep, insomniac cats pretreated with para-chlorophenylalanine, 451  
 chronic hypnotic-drug use, ineffectiveness & drug-withdrawal insomnia & dependence & REM sleep, insomniacs, 3104  
 clinical disorders of sleep, review, 7953  
 desensitization with vs without relaxation practice vs relaxation alone, sleep-disturbed patients, 8299  
 diagnosis & treatment, disturbed sleep, 5774  
 flunitrazepam, sleep cycle, insomniac patients, 10639  
 haloperidol vs thioridazine, anxiety & agitation & tension & insomnia, treatment resistant psychoneurotics, 10635  
 narcotic analgesics, anxiety & pain & insomnia, terminally ill cancer patients, 10606  
 progressive relaxation training vs single-item desensitization vs placebo treatment with counterdemand & positive demand instructions, moderate insomnia, college students, 10741  
 progressive relaxation vs autogenic training, adult insomniacs, 12970  
 triazolam, safety as hypnotic, 25-35 yr old volunteers, 2476  
**Instinctive Behavior (Animal)** [See Animal Instinctive Behavior]  
**Institution Visitation**  
 nursing home visits, attitudes toward nursing home placement, 50-79 yr old state hospital patients, 3888  
 reactions to physicians' visits in home vs hospital, schizophrenics' relatives & schizophrenics & autistic-type schizophrenics, 13036  
**Institutionalization** [See also Commitment (Psychiatric), Hospital Admission, Hospital Discharge, Hospitalization, Incarceration, Psychiatric Hospital Admission, Psychiatric Hospital Readmission, Psychiatric Hospitalization]  
 adoption vs restoration to natural mother vs continued institutionalization, cognitive development, 4.5 yr olds, 10866  
 assumptions & implications & problem-solving treatment through institutional change, 6072  
 cooperative conflict resolution in dyads, boys from own home vs institution, 3862  
 excess disabilities, mentally impaired institutionalized elderly women, longitudinal study, 3096  
 family life & institutionalization during childhood, personality development, 626  
 family life & institutionalization during childhood, personality development, 627  
 group therapy, self concepts & improved behavior, institutionalized delinquents, 5985  
 institutional dependency, alcoholics, book, 8527  
 institutionalization vs community care for elderly, 1565  
 knowledge of Bible & strength of religious beliefs, 15-23 yr old boys who had spent time in orphanages, 684  
 maternal deprivation, development of concepts of object & person, institutionalized vs home-reared infants, 12029  
 motivation to raise IQ & institutionalization, mental retardation, 5684  
 perceived locus of control, adjustment, institutionalized aged, 7374  
 social reinforcement, preventing delayed language development, institutionalized 3 & 4 & 5 mo olds, 8524  
 social work treatment, acceptance of institutional living, 90-yr-old paranoid male in geriatric institution, 10859  
 therapist's confrontation of client's defense mechanism, reducing client anxiety & enhancing therapeutic outcome, 14-18 yr old institutionalized juvenile delinquents, 1432  
 token reinforcement, reinstatement of verbal behavior, elderly male hospitalized chronic schizophrenics, 10582  
**Institutionalized Mentally Retarded**  
 activities & behavioral repertoire & social responsiveness variables, institutionalized retardates with multiple auditory & visual handicaps vs nonhandicapped retardates, 3370  
 adult preference, social control in operant conditioning, institutionalized female retardates vs normals, 5700  
 affective tone & content & frequency of aide-resident interactions, behavior & attitudes toward 5-15 yr old retarded residents, 20-50 yr old institutional aides, 8495  
 age & institutionalization, self-evaluation & goal setting & success expectancy, institutionalized vs noninstitutionalized mentally retarded, 1289  
 age & IQ, cognitive & motor response inhibition, 4-7 yr old normals & 8-17 yr old institutionalized mentally retarded, 3355  
 analysis of Draw-Something-Funny test responses, humor evaluation, mildly retarded institutionalized adolescents & adults, 5699  
 assimilation theory of A. W. Pressey, Poggendorff illusion, 13-16 yr old retardates & 9th & 2nd graders, 8066  
 behavior modification, activity level, institutionalized retarded boys, 8671

- community living & adjustment after institution discharge, IQ & academic achievement, educable retardates, 3-yr follow-up, 10439
- community programming in institutional care, severely mentally retarded children, 8426
- conditioning history, imitation performance with choice between reinforced & nonreinforced vs 2 reinforced behaviors, institutionalized retarded children, 8045
- dehumanization & concomitant violence & complexity of mental health professionals, mental retardation institutions, 6160
- developmental attainments, institutionalized 25-45 yr olds with Down's syndrome, 12748
- differential reinforcement of other behaviors, aggressive & self-injurious behavior reduction, institutionalized retarded 8-13 yr olds, 12976
- effectance motivation, variation seeking & curiosity & mastery for competence & preference for challenging tasks, institutionalized & noninstitutionalized retarded, 5690
- evaluation of training, institutions for mentally retarded, 3707
- examiner effects & candy reinforcement, Peabody Picture Vocabulary Test performance, mentally retarded adult inpatients, 3378
- exposures to TV news presentation in massed vs distributed form, verbalizations, institutionalized mentally retarded male adolescents, 3741
- external emphasis & redundancy level, paired-associate learning, institutionalized retarded adolescents & nonretarded 3rd & 4th graders, 8046
- field dependence & outer-directedness, problem solving, institutionalized retarded children & nonretarded 1st graders, 12731
- free-recall clustering, institutionalized retarded vs MA-matched elementary school nonretardates, 8035
- game format method to teaching behavior modification, attendants working with severely & profoundly retarded institutionalized residents, 10247
- group size & sex, heart rate & play activity, hyperactive institutionalized mental retardates, 3398
- individual vs group play therapy, motor & language & personal-social skills, institutionalized retarded 5-11 yr olds, 8517
- institutionalization & preinstitutional life experiences & sex & diagnosis, Peabody Picture Vocabulary Test & Social Deprivation Scale & verbal dependency & wariness of adults & imitation & behavior variability, family & organically retarded children, 8489
- item inclusion & placement & distribution, revision of Adaptive Behavior Check List, institutionalized retardates, 12738
- logical problem-solving, non- & institutionalized retardates & kindergartners through 3rd graders, 10442
- mathematical model, institutional administration for mentally retarded, 1683
- mental health service program, institutionalized mentally retarded Navajo Indians, 13052
- positive & negative reinforcement, controlling aggressive behavior, institutionalized male retardates, 6000
- programed social interaction, IQ, moderately & severely retarded children, 12845
- Reading-Free Vocational Interest Inventory validity & reliability, educable mental retardates in secondary day schools & state residential institutions, 1249
- recorded verbal responses to TAT, category part-of-speech system, institutionalized vs noninstitutionalized 8-13 yr old educable retardates, 5697
- scoring using categories in J. P. Guilford's structure of intellect model, Stanford-Binet Intelligence Scale protocols, institutionalized retarded children, 10440
- self-concept, institutionalized vs noninstitutionalized educable mentally retarded 8.0-13.5 yr olds, 12733
- self-help & language skills & problem behaviors, institutionalized mental retardates, 5706
- short- vs long-term institutionalization vs noninstitutionalization, word modeling responses, retardates, 10839
- skill center curriculum & behavior modification techniques, motor skills & vocabulary & communication & social behavior, institutionalized severely mentally retarded children, 1294
- social feedback, staff-patient social & verbal interactions, mentally retarded patients, 13045
- stuttering, institutionalized mentally retarded, 1252
- test-retest reliability & correlation with Stanford-Binet & WISC & Peabody Picture Vocabulary Test, institutionalized mentally retarded, 3389
- time elapsed since training & place of residence & degree of retardation & staff ratio & staff ratio-retardation interaction, behavior change maintenance, trainees in institution-wide behavior modification program, 10696

- Vineland Social Maturity Scale as estimate of intellectual functioning, 18-191 mo old speech-handicapped children, 3361
- Wisconsin Card Sorting Test concept identification, male vs female lower- vs middle-class kindergartners vs 1st vs 2nd graders, 6394
- Intelligence Quotient**
- ability level, sensitivity & validity of Series Learning Potential Test, bright-normal & dull to average & subnormal 3rd-5th graders, 11054
- age & education & IQ & anxiety & depression & psychiatric diagnosis, Category Test scores, nonorganic psychiatric patients, 10324
- age & IQ, cognitive & motor response inhibition, 4-7 yr old normals & 8-17 yr old institutionalized mentally retarded, 3355
- age & sex & IQ differences, person perception, 7-15 yr olds, literature review, book, 7564
- aging, IQ, 28-78 yr olds, 5053
- aptitude & IQ & cognitive processes, maturity of moral judgment, male high school students, 4395
- Bender-Gestalt error & time scores, epileptic vs mentally retarded vs school &/or behavior problem 7-17 yr olds, 7807
- blood group phenotype, WAIS IQ, 18-70 yr old residents of English villages, 371
- CA & IQ & rotary pursuit performance, Bender-Gestalt performance, retarded students, 10441
- CA & MA & IQ & intelligence structure, musical sensitivity, brain-injured vs non-brain-injured mentally retarded children, 3376
- chronological & mental age & IQ, conservation of number & continuous quantity, bright 4 yr olds & normal 6 yr olds & retarded 8 yr olds, 12010
- community living & adjustment after institution discharge, IQ & academic achievement, educable retardates, 3-yr follow-up, 10439
- conservation & visual memory & IQ & CA, static & anticipatory imagery, 1st & 2nd graders, 2665
- electrooculograph & EMG & EEG recordings of sleep patterns, correlation with IQ & social quotient, male adolescents with functional mental retardation, 8001
- emphasis on IQ score vs child, radical structuralism in testing & education, 6370
- enriched input & age & IQ, verbal abstracting, intellectually averaged & mildly intellectually subnormal 1st & 4th & 6th graders, 8015
- fasting plasma free amino acid levels, standardized IQ scores, male vs female 6-18 yr olds participating in Fels Longitudinal Study of growth & development, 570
- heritability of IQ performance, evaluation of J. L. Jinks & D. W. Fulker's & S. Scarr-Salapatek's studies, 4598
- heritability of IQ, validity of M. Skodak & H. M. Skeels's 1949 study, 373

high & low geographic mobility & IQ & socioeconomic status, academic achievement, 11th graders, 1857  
 high vs low socioeconomic status & upper- vs lower-IQ groupings, reading score levels & gains in performance, male vs female white vs nonwhite 6th graders, 6380

Illinois Test of Psycholinguistic Abilities, prediction of IQ, 4-10 yr olds, 4107

IQ & amnesia, hypnotic susceptibility, 27-63 yr old chronic schizophrenics, 1137

IQ & chronological age & year in school, assessment of actual performance & level achieved, learning disabled & borderline performers, 8653

IQ definition & mental age concept, 4262

IQ, conceptual deterrent to revolutionary educational movements, 1702

method of scoring Shipley-Hartford Institute of Living Scale, predictor of WAIS Full Scale IQ, patients with traumatic head injuries, 10472

motivation to raise IQ & institutionalization, mental retardation, 5684

neonatal visual evoked responses, predicting total & subtest IQ scores & sensorimotor & perceptual-motor measurements & achievement test scores, 7-yr-olds, 4982

parent's education, verbal comprehension & inductive & spatial & general intelligence of child, 9-yr-olds, 4966

sex & age & education level & IQ & General Aptitude Test Battery & Pre-Admission Classification Examination & Virginia State Board Examination scores, prediction of success in practical nursing, graduates of nursing schools, 4058

short vs standard form of Wechsler Adult Intelligence Scale, IQs, hospitalized psychiatric patients, 12591

soft vs hard neurological signs, WISC performance & IQ, brain-damaged 8-12 yr olds, 3420

tenacity of IQ measurements & problems of societal values & goal definition, social competency, young children, 5021

word length & IQ & grade level, immediate memory, 3rd-12th graders, 4453

**Intelligence Scales** [See Intelligence Measures]

**Intensity (Stimulus)** [See Stimulus Intensity]

**Intentional Learning**

behavioral objectives & rules, learning task performance, college students, 13195

incidental vs intentional learning of economic information, beginning typewriting students, 6690

instructional objectives, incidental & relevant learning, college students, 13125

intentional training & modeling procedures, teaching rhythm skills, educable mentally retarded children, 4083

intentional training vs observational learning, learning mediation strategies, educable mentally retarded 7-12 yr olds, 4084

meaningfulness, intentional & incidental learning of verbal material, college students, 6754

number of objective-relevant sentences & length of text, learning from texts with instructional objectives as directions to learners, high school students, 11015

overt rehearsal, retention following intentional & incidental learning, college students, 9240

personal expectancy & task explication & difficulty, intentional performance & incidental learning, college students, 222

rehearsal, pictorial vs verbal memory in incidental & intentional learning tasks, college students, 233

von Restorff effect, intentional & incidental learning, 5th & 6th graders, 214

**Interaction (Double Bind)** [See Double Bind Interaction]

**Interaction (Interpersonal)** [See Interpersonal Interaction]

**Interaction (Social)** [See Social Interaction]

**Interaction Analysis (Statistics)**

marginal structure, multivariate statistical inference, 69

univariate vs adjusted univariate vs multivariate tests, groups-by-trials repeated measures design under normal & skewed distributions with equal vs unequal correlations among repeated factor levels, 6541

**Interaction Variance**

computer-based automatic interaction detector algorithm, variance of criterion variables in terms of predictor variables & interactions by sequential splitting process, 6538

orthogonal & nonorthogonal analysis of variance, 8956

**Intercourse (Sexual)** [See Sexual Intercourse (Human)]

**Interdisciplinary Treatment Approach**

cooperation between home & school & medical communities, identification & treatment, learning disabled children, 10438

emotional behavior & drinking patterns, alcoholism diagnosis, implications for treatment approaches, 12678

inclusion in top administration & democratically run treatment teams, status & power relative to importance in residential programs, child care workers, 3073

increased medical & psychological & social risks, interdisciplinary community services program, low-income pregnant adolescents, 3818

integrated treatment plan, severely disturbed children, 3495  
 interdisciplinary team approach, geriatric patient care in state psychiatric institution, 1653

medical education, work as part of medical team, physicians, 3092  
 multidisciplinary treatment program, pregnant female addicts, New York City, 12878

multidisciplinary treatment teams, changing psychoanalytically oriented therapeutic community, mental health center, 3896

nature & cause of conflicts in treatment teams, nonpsychiatrists vs psychiatrists as psychiatric team leaders & ward administrators, 3877

neurologist's role, interdisciplinary mental retardation team, 12532  
 nurse-social worker collaboration in mental health center, interdisciplinary treatment based on stress-strength model, retardates & their families, 10790

problem area evaluation, integration of treatment modalities, interdisciplinary therapy group, 5860

problem-oriented medical record-keeping, adaptation to child psychiatric records, 3532

psychiatric treatment teams, counter-productive psychotherapeutic processes, 8501

psychiatrist's role, children's assessment unit & pediatric department, 1376

school psychologist's role in multidisciplinary approach to inschool pupil management, acutely anxious & depressed students in large urban high school, 4106

team approach, special services in Martin Luther King Jr. Laboratory School, 11035

theoretical model & roles of therapeutic team members, practice of community psychiatry, 3825

**Interest Inventories**

cluster analyses of interest inventory scales, validity of J. L. Holland's occupational categories, 13320

cluster analysis, reliability of internal consistency of Reinforcement Survey Schedule, college students, 4274

expressed vocational interests, inventoried vocational interests, clients of West Virginia rehabilitation center, 6126

information loss & extrapolation from available norms, interpretation problems in grouped interest inventory scores, 6525

interest inventory interpretation, implications for research & practice, 8950

interest measures, creativity prediction, 5346

sex bias, interest inventories, 2072

**Interest Patterns**

sex differences, type of mathematics problem appeal, Australian high school students, 11016

**Interest Scales** [See Interest Inventories]

**Interest Surveys** [See Interest Inventories]

**Interests** [See also Occupational Interests]

child-rearing learning interests, fathers of 1st graders, 12086

creative therapy using patient's interests, elective mutism, adolescent boy of high intelligence, 3617

expectations & social attitudes & values & motivations & interests & satisfactions, curriculum effectiveness & relevance, 19-23 yr old Australian officer cadets, 1985

interest theory, implications for occupational therapy, 1619

perceptual & intellectual & sensorimotor & interest assessments, African Bushmen, 5085

sex-typed interests, mathematics achievement, 5th & 7th & 9th & 11th graders, 4024

**Interference (Learning)** [See also Proactive Inhibition, Retroactive Inhibition]

arousal & response interference, conceptual organization of input, active & withdrawn female schizophrenics, 11402

associative interference, simple mental arithmetic problems, college students, 6752

attention to continuous secondary perceptual-motor task, retention of order & item information in primary memory task, college students, 11489

- auditory & visual confusions among consonants, audiovisual consonant recognition prediction, hearing-impaired 19-60 yr olds, 12817
- breadth of categorization, paired-associate transfer interference, college students, 6703
- cadence of presentation, immediate apprehension of ordinal series, psychology students, verification of H. B. Thomas's mathematical model of serial position effect, 2261
- choice of response materials to be learned & forced learning of interposed A-C list, disruption of paired-associate learning, college students, 213
- classification structure disorganization, free recall interference, college students & paid volunteers, 6801
- cognitive interference & intelligence, reliability of modified Stroop Color-Word Test, normal vs mentally retarded children, 12745
- computer analysis, EEG wakefulness-sleep patterns during learning of novel & familiar sentences, 21-29 yr olds, 11579
- concurrent holding in memory of associatively related word, interference with color naming produced by word used as carrier for color in Stroop task, college students, 254
- cuing with recall targets, inhibition in recall, 13-36 yr olds, 6818
- distracting activity preceding & following to-be-remembered item, short- & long-term free recall, college students, 9208
- duration of pre-exposure of word in black prior to coloration, color naming delay, male young adults, 4404
- facilitation & distraction conditions, short-term memory, 7 & 11 yr olds, 12024
- failure experience, intelligence & interference tendency & aspiration level & achievement behavior, education vs engineering & law & business & psychology & social science students, 4047
- forced right & left turns & reversed turns applied between two runs in same direction, reactive inhibition in T maze choice point behavior, goldfish, 11869
- impairment of covert-rehearsal process by response-produced feedback & interpolated activity, short-term motor forgetting, male college students, 4441
- input presentation rate & method of data analysis, negative recency in delayed recognition, college students, 6779
- instructions to use relational imagery coding strategy vs rehearsal-preventing distractor task vs no activity during retention interval, information transfer from short- to long-term memory, college students, 9242
- interference between reception & production of speech, processes in simultaneous translation, college students, 12386
- interpolation of another item between training & retention tests on 2-choice visual discrimination problems & learned strength of interpolated material, retroactive interference, moderately retarded 12-17 yr olds, 10429
- introducing antonyms on adjacent trials of short-term memory distractor task, recall, college students, 6774
- item repetition prior to increased intertrial interval to reduce forgetting of interfering items, temporal course of recovery from interference, college students, 9265
- meaning of command & stimulus source, correct responses & errors over 5-day period in choice reaction time task, college students, 2113
- mediated facilitation & interference effects, paired-associate learning, 3rd graders, 9187
- memory consolidation & retrieval in sleep, confusional sleep disorders, 1101
- memory consolidation theory development, 252
- mixed-list manipulations of implicit associative responses, verbal discrimination learning, college students, 9164
- noise effects, Stroop Color-Word Test, enlisted men, 238
- nonreinforced stimulus presentation & removal of negative correlation between inhibitor & reinforcement, extinction of Pavlovian conditioned inhibition, rats, 9712
- nonverbal task performed concurrently with list presentation, primary memory recall for visual vs auditory lists, college students, 9199
- number of different stimuli associated with response terms, contextual shifts in free recall, college students, 228
- organization & distractor similarity, recall & recognition of pictures, 1st & 2nd graders, 6802
- position of confusable items, recall of paired-associates, college students, 9235
- presentation of pictures before vs after word pairs & pictures with noninteractive relationship, picture-mediated paired-associate learning, college students, 223
- problem-solving attitude, negative recency effect in 2-choice recognition, college students, 9212
- ratios of List 1 to List 2 trials under 2 levels of absolute frequency, list differentiation, college students, 11501
- retroactive interference, reproduction & recognition of visual figures, 16-18 yr olds, suggested contextual theory of memory, 9234
- rule-governed expectancies, memory, college students, 6792
- spontaneous remembering without further presentation of verbal or written items, 6771
- stimulus & response conditions, delay in identifying print color of words, college students, support for J. Morton's word recognition model, 9132
- stress level, learned helplessness & coronary-prone behavior pattern, male college students, 9280
- stress, mediated paired-associate learning, 5th graders, replication of B. B. Wismer & L. P. Lipsitt findings, 201
- Stroop interference with response & comparison & encoding stages, sentence-picture comparison task, college students, 6681
- subliminal word presentations interference effects, color naming, college students, replication of F. N. Dyer & L. J. Severance's study, 2142
- testing vs not testing A-B pairs, impaired learning of A-C pairs in A-B A-C paradigms, young adults & paid college students, 6828
- tonal stimuli taken from beyond octave from which standard & comparison tones were taken, disruptive effects on pitch recognition memory, college students, 11486
- typeface names in antagonistic typefaces vs nonsense strings in typeface, typeface-naming latencies, college students, 9142
- UCS quality changes correlated with higher vs lower potency, attenuation of conditioning of redundant stimulus paired with CS, 9143
- verbal recall of pictures & report of eidetic images, 2nd-4th graders, 9222
- visual &/or auditory input & output & word frequency & distraction, recognition memory for words, 248
- visual presentation of picture vs word sequences, incremental memory for pictures in multiple recall trials & hypermnnesia for pictures, college students, 4449
- Intergroup Dynamics**
- categorization, ingroup vs outgroup ratings, college preparatory vs vocational students, 2887
- causal model of informal social structure, channeling of intergroup interaction effects to community influence structure, 10028
- client-controlled entry & exit & length of stay & group processes, ultimate group therapy format for facilitation of communication & reaching out & closeness among members, 10672
- cohesiveness, ingroup vs outgroup bias, male college students, 822
- cooperation & competition, group productivity, high school students, 10051
- cooperative vs competitive orientations & strong vs weak bargaining power, intragroup & outgroup attitudes, Ss playing role of union representatives & managers, 12275
- cooperative vs competitive set & high vs low interaction importance, intergroup relations, West German army recruits, experimental methodology & theoretical implications, 10015
- familiarity, social categorization in intergroup behavior, 14-15 yr old males, 10044
- individual differences & reward distribution & task structure & intragroup competition, group productivity in simulated work environment, college students, 7539
- individual effectiveness & intergroup interaction, group effectiveness in tennis vs baseball vs football vs basketball, 12260
- interaction process analysis, extended group counseling, psychiatry residents, 5488
- interaction style & content, T-groups composed of college students, 5185
- intergroup competition, individual judgment & group behavior & conflict resolution under win-lose conditions, application to labor-management relations & industrial ethics, 12242
- leader vs nonleader intragroup status & elected vs imposed status assignment & presence & timing of position formation in group, toughness in negotiation performance, 2896
- most vs least preferred coworker, leader judgment & group member evaluation of group atmosphere, 871
- social categorization, intergroup behavior similarity based on random selection vs real similarities between Ss assigned to same category, male adolescents, 817

- social context & code of honor, gang violence, Mexican-American community, 10024
- social mobility, intergroup antagonism in game simulation, 2905
- Intermediate School Students**
- Stanford Diagnostic Reading Test, discernment of reading disabilities, learning disabled students in elementary & intermediate schools, 6384
- Intermittent Reinforcement [See Reinforcement Schedules]**
- Internal External Locus of Control**
- adult-child contractual interactions, self-control, 8-12 yr old girls, 9888
- aggressive disposition & or past reinforcement for aggressive responses, performance in stressful situations, preschoolers & adolescents & college students, 6837
- attribution theory, perceptions of causal locus of psychological problems, mental health clinic outpatients, 12579
- birth order & grade level & sex, locus of control, 4th vs 5th vs 6th graders, 10170
- comparison group outcomes & attribution of causality over outcome & similarity, expected personal control & performance in novel task situation, male college students, 7352
- confirmation vs disconfirmation of an expectancy, locus of control, college students, 12473
- dependency & externalization of control & depression & mistrust, themes in group psychotherapy, obese adolescent girls, 3768
- descriptive statistics for social desirability scales & general & test anxiety & locus of control, multivariate prediction of improvement with & without speech therapy, articulatory deviant 1st-5th graders, 10461
- dimensions of individual differences, internal-external metaphor in theories of personality, 934
- education & health & locus of control & achievement value & occupational mobility, prediction of affective & cognitive measures of self-concept, 45-71 yr old middle-class Ss, 2750
- experimentally induced expectancies of external control, learning helplessness, college students, 5255
- external vs internal locus of control, nonuse vs alcohol only vs marijuana only vs multiple drug use, 16-39 yr old college students, 12203
- Fatalism & Social System Control & Self-Control, multidimensionality of internal-external control, college students, 12481
- fear of failure, internal vs external locus of control of success & failure, college students & high school juniors, 10180
- feedback & token & social reinforcement, control blood alcohol level & locus of control of drinking, 29-46 yr old chronic alcoholics, 6036
- feelings of powerlessness, social activism on campus, low socioeconomic college students in compensatory education program, 7452
- field dependence & outer-directedness, problem solving, institutionalized retarded children & nonretarded 1st graders, 12731
- general & specific locus of control, 12-17 yr old delinquent drug users, 3331
- group psychotherapy, internalization, high school low achievers, 1507
- individual differences in expectancies about locus of control, persistence, nursery school children, 5244
- inner- vs other-directedness, Brazilian college students, 12479
- interaction of locus of control & type of performance feedback, performance, white & black 10-11 yr old males & white male college students, 12437
- internal vs external control, attitude change after being informed of inconsistencies in value system, college students, 12316
- internal vs external control, beliefs about causes of accidents & aspects of automobile travel, female college students, 5356
- internal vs external locus of control, drug usage, drug-users vs drug-experimenters vs non-drug users, 1198
- internal vs external locus of control, study habits & academic achievement, male & female college students, 10995
- internal vs external psychic problems, depression, elderly, 2753
- internal-external control & computer confidence & dogmatism, strategies in 2-person zero-sum game, college students, 12233
- internal-external control scores, perception of internal-external control in ideal & nonideal others, college students, 2923
- Internal-External control, belief in difficult & unjust & governed by luck & politically unresponsive world, college students, 5219
- internal-external locus of control & social-political activism, suggestions for research methodology & bibliography, 12434
- internal-external locus of control, academic aptitude & achievement, male & female college students, 13183
- internal-external locus of control, effects of direct reinforcement & self-reinforcement on simple motor task performance, male college students, 3009
- internal-external locus of control, individual difference in reactance to elimination of freedom, college students, 4482
- internal-external locus of control, partial bibliography, 7678
- internal/external orientation & anxiety & patterns of support for smoking & subjective expected utility of smoking vs not smoking, smokers vs ex-smokers vs nonsmokers, 5125
- locus of control & achievement motivation, course performance prediction, college students, 4005
- locus of control & evaluative style & incentive orientation, motivational correlates of spreading, 5th & 6th graders, 10114
- locus of control & initial confidence & success-failure outcome, internal vs external attribution of task performance, male college students, 7652
- locus of control & role ambiguity & job satisfaction, scientists & engineers employed in electronics firm, 4166

- classical & behavioral game theory, prediction of coalition behavior in sequential 3 person status game, male college students, 12266
- communication of intentions & requests & possession of punitive power, interpersonal bargaining competition, college students, 10017
- competition vs cooperation of white vs black partner, prejudice, college students, 10094
- competition, attitude toward opponent, college students, 2914
- context of situation & S's position & contact in socioeconomic context in social structure, managers & workers, 2878
- cooperative vs competitive set & high vs low interaction importance, intergroup relations, West German army recruits, experimental methodology & theoretical implications, 10015
- course understanding & need fulfillment & instructor approachability & informal & formal interaction & classroom sociability, class attendance rate, adult university learners, 6234
- deification & utopian hope & messianic fantasies, interpersonal behavior in small group experience, 1510
- depression, lack of interpersonal attachments & social commitments, male murderers, 5654
- development of interpersonal play structure, 3-5 yr olds, 2725
- disengagement patterns, satisfying relationships, elderly, 7370
- distance & affiliation & observer bias, eye contact measurement methodologies, 2871
- dominance & incentives, leadership in dyadic groups, female college students, 2936
- dramaturgic incompetence of patients, psychiatric disturbance severity & general diagnosis determined by psychiatric staff, 5619
- duration & reciprocity of eye contact, judgments about extent of prior relationship, 12354
- emotional bonds & consequences & responsibility, group risky-shift effect, college students, 12345
- emotional quality & physical quantity of sexual activity, aged males, 2755
- emphasis on treating chronic schizophrenics outside hospitals, intolerance to dependency problems associated with this disease, psychiatric staffs, 3229

- encounter group experience, personal interaction, female college students in dormitory, 7523  
 evening social gathering, interpersonal interactions, young hospitalized psychiatric patients, 8509  
 example-anchored scales of interpersonal functioning, vocational rehabilitation counseling, 13034  
 expectation for interaction vs no interaction & anticipated evaluation & partner's attitude similarity & physical attractiveness, attraction, male college students, 12327  
 experiencing self & others, readers & writers in mediated communication vs personal experience in face-to-face interaction, relation to rise of individualism & analytic thought in Western civilization, 2775  
 factor analysis, perception of inmates personality & interpersonal relations & institutional management & behavior, prison officers, 13055  
 factors associated with willingness to self-disclose, 2899  
 family crisis training, improving relations with minority community, police, 1975  
 family education attitudes & educational aspirations & social issue attitudes & interaction lifestyles, National Merit Scholars in private liberal arts colleges, 8646  
 forced integration, racial interaction & attitudes, 4th-6th graders, 7424  
 gain, equity distribution in same-sex dyads, Austrian vs American students, 836  
 Gestalt prayer, reply to F. Perl's criticism of W. Tubbs's article, 5163  
 helper's self-image & achievement & affiliation & power needs interactions, helping relationship, college & graduate students in T groups, 12265  
 human contact, cardiac activity, coronary care patients, 8113  
 human relations vs human resources models, organizational decision making, 13376  
 human relationships, healthy educational environment, 8564  
 humanistic learning applications, workshop on personal & interpersonal aspects of attorneys & clients, 827  
 importance of preservation of patient self-esteem & dignity in doctor-patient relationship, implications for doctors' responsibilities, 3542  
 individual effectiveness & intergroup interaction, group effectiveness in tennis vs baseball vs football vs basketball, 12260  
 individual isolation & loss of ties & aggressive ambitions & lack of significant life content, interpersonal relations of industrialized society, 1179  
 inservice training session, elimination of cultural gap between social workers & client, 12558  
 instructional information vs interpersonal contact, attitudes toward other national groups, 3rd & 4th graders, 3953  
 integrated open classrooms, race attitudes & preferences, kindergartners to 4th graders, 7392  
 intentionality, mediating responses to inequity, 1st & 5th graders, 4990  
 interaction between individuals & perceptions & development of affective ties & interdependence of roles, comprehensive definition of "group", 10016  
 interaction patterns in hospital, acceptance vs rejection of team treatment concept, psychiatrists & nurses & other mental hospital staff members, 6191  
 interaction style & content, T-groups composed of college students, 5185  
 intercorrelated task dimensions, interpersonal learning, college students, 11444  
 interpersonal aspects, psychogenic impotence, 5547  
 interpersonal equilibrium theory, interpersonal models in Poland, 815  
 interpersonal evaluation & issue assessment, balancing of P-O-X triadic social structure, pubescent vs late-pubescent vs post-pubescent Ss, 636  
 interpersonal interaction, manic vs excited schizoaffective vs agitated schizophrenic patients, 5558  
 interpersonal need orientation, life style, 5341  
 interracial interaction & problems, international approach, book, 2802  
 interracial relationships, male & female black & white Americans, analysis of black biographies, 5086  
 interviewer demographic characteristics & attitudes toward aged, interviewing interaction, interviewers & aged, 10018  
 interviewer-respondent race interactions, anxiety & achievement motivation & intelligence, black & white female interviewers assigned to 18-49 yr old black & white respondents of both sexes, 5191  
 intestinal bypass surgery, mood & self-esteem & interpersonal & vocational effectiveness & body image & activity levels & use of denial, severely obese people, 3839  
 job accidents, index of interpersonal situation satisfaction, chemical plant workers, 13344  
 job satisfaction & tension vs social rewards & costs & status consistency vs marital status & professional commitment & community involvement, decision to remain in original job vs move to similar organization vs to leave, employees, 4204  
 job satisfaction, ratings of importance of supervision & interpersonal relationships, middle managers & salaried employees, test of F. Herzberg's 2-factor motivation theory, New Zealand, 8814  
 leisure time recreational courses, increased social interaction, college students in residence hall, 3950  
 living conditions changes during 1950s & 1960s, person-place interactions in public habitats, book, 7519  
 locus of control, application to social learning model for interpersonal distance, 65-90 yr old females, 12117  
 male personality, male-female relationships, book, 838  
 measurement of interpersonal distance, preschool age children, 2717  
 medium for student involvement in university decision-making, students & faculty, 6231  
 membership in human community vs minority group, interpersonal conflict, recommendation for "here & now" counseling models with self-responsibility as treatment, 12995  
 mental health seminar, mental health education & communicative skills, male foremen in chemical plant, 7780  
 music therapy, patient roles & therapeutic techniques & contributions & increase in social skills & interpersonal relations, 5887  
 nonverbal behavior in interracial interaction, self-fulfilling prophecies, black & white male college students, 10050  
 nurse-doctor relationship & interdisciplinary collaboration team model, application to psychiatric setting, 1025  
 object relationships promoting equilibrium, 60-yr-old dying patients, 5058  
 observer vs peer vs self-rating methods, assessing interpersonal skills, college students, 821  
 observing face to face encounters, interaction between drivers at traffic circles, male & female drivers, 13419  
 organizational pressures toward goal attainment & attitude formation, ideal vs practical decisions, businessmen in structured decision-making situations, 13369  
 outpatient group therapy emphasizing resistance & cotherapists' relationship, self-esteem & dependency needs & interpersonal relationships, college students, 10661  
 pairing of blank reaction with positive vs negative overt feedback, interpretation of nonreaction from 1 adult to another in observational context, 3rd graders, 11980  
 partner's strategy & amount of risk, playing behavior & reward in modification of Prisoner's Dilemma game, 841  
 peer vs adult models & social reinforcement, intentionality of moral judgment, kindergarten & 1st grade children, 12094  
 persistence & change, communication & interaction therapy & problem-solving, book, 3618  
 Personal Causality Questionnaire, personal vs external locus of causality & degree of perceived agent-initiation, 7688  
 Personal Sphere Model projective graphic test development, evaluation of object relationships, 2743  
 personality & interpersonal behavior & IQ & family milieu, ego-cognitive vs Q-sorted models of ideal personalities, adolescents to 37-yr-olds, 9862  
 personality & professional value orientation of staff, interpersonal interaction, psychiatrists & psychiatric nurses & patients, 8160  
 personality traits, verbal interaction in small groups, 818  
 personality, interpersonal & emotional interaction & personal judgments in group process, 18-35 yr olds, 7530  
 persons likely to be approached for help in morally vs materially vs sentimentally difficult situation, 12-18 yr olds, 9896  
 pervasive ambiguity, individual & collective cognitive & affective reactions to inability to define social situation, 2910  
 positivity & agreement effects, balance theory, support of F. Heider's theory, 5164  
 practice & cognitive or no pretraining ingroup procedures, interpersonal learning & selection of nonprofessional mental health workers, college students, 5174  
 preasymptotic interaction patterns, stable outcomes from conflict, married couples in family therapy, 6031

- PROCESS, self-administered exercise program for personal & interpersonal development, college students 5206
- programed interpersonal relations & human potential & games & play behavior & family-life education, family enrichment programs, 10702
- projective & direct measures of personal space, mildly & moderately retarded children, 5695
- real-life vs imaginary aggressive vs nonaggressive film, interpersonal play in same-sex pairs, 6-10 yr old males vs females, 12085
- residence in corridor design vs suite design difficulties, crowding & social interaction & anagram solving under competitive vs cooperative conditions vs alone, college students, 7517
- resource value & presence vs absence of alternatives, equitable & inequitable exchange relations, college students, 12300
- response to hypothetical stimulus situations with S & another person where amount of liking was given in 1 direction, cognitive & affective balance in sociometric dyads college students 847
- reward conditions & prior contact with adult experimenter, task performance, 2nd & 3rd graders, 11541

- verbal discussion vs activity group, interpersonal skill development, 10031
- yielding to conservers vs nonconservers during dyadic interaction, 1st graders classified as conservers vs nonconservers, test of Piaget's equilibration model, 12052
- Interpersonal Perception** [See Social Perception]
- Interpretation (Psychoanalytic)** [See Psychoanalytic Interpretation]
- Interracial Marriage**
- white vs black mother & postnatal environment, intellectual development, children of interracial marriage, 5006
- Interresponse Time**
- decision difference between stimuli & stimulus presentation probability & relative & absolute duration of timeout consequent upon incorrect responses responding in auditory discrimination task with reinforcing brain stimulation, male rats, 7126
- differential reinforcement of low rate & VI schedules, response rate & interresponse-time distributions, pigeons & rats, 2559
- fixed ratio size & reinforcement magnitude, systematic control of pause length in multiple schedules, rabbits, 7177
- fixed ratio size, adjunctive bait pecking & response rate & postreinforcement pauses, pigeons, 7189
- interresponse time, postdiscrimination generalization, pigeons, 2573
- interpersonal injection of morphine, interresponse intervals in fixed ratio performance, rats, 9405
- local rate of response & interresponse-time analysis, behavioral contrast, pigeons, 2506
- mathematical model of learning under interresponse time reinforcement, 2084
- measurement of licking response emission in terms of time integral of force & parameters of response duration & peak force & interlick interval, rats, 9612
- preferences for intermittent vs constant reinforcement following delay, pigeons, 9657
- reinforcement schedule, topography of key pecking, pigeons, 9695
- reinforcement schedules, interresponse times, analysis of D. Anger & W. H. Morse's conclusions, 192
- reinforcing brain stimulation magnitude, probability of individual interresponse time in temporal discrimination tasks, rats, 7012
- schedule value, development of temporally space responding, male rats, 11838
- shock intensity on reset key & progressive-ratio schedule & timeout period option, response produced, *lunatic*, pigeons, 11852
- time-out plus enhanced vs allayed expectancies of improvement, stuttering frequency, 15-29 yr old male stutterers, 10454
- variable interval food reinforcement rates for different interresponse times, response rate, pigeons, 11898
- variation in absolute key pecking requirements with constant relative requirements, preference between concurrently reinforced response rates, pigeons, 2527
- 4-wk interval interposed between readings, stuttering consistency, 14-27 yr olds, 10462
- Interstimulus Interval**
- adjustable time interval & contrast tone, pocket-size battery-operated timer which emits brief "bleep" tone, 4251
- aperiodic stimuli & cross-correlation method of detection, measurement of visual evoked responses, 9306
- conditioned-unconditioned stimuli interval, autoshaping-operant training, rats, 11853
- contralateral interference tone, identification of frequency of 20-msec sinusoid signal, college students, 9038
- CS-US interval, conditioning of odor preferences by amino acid loads, male rats, 2385
- fatigue effects & stimulus presentation rhythm, reaction time in picture matching & picture-word matching & picture naming, patients with cerebral lesions, 10513
- feedback precision & postfeedback interval duration, simple positioning task acquisition & timing task performance, college students, 6645
- fixed & patterned & random presentation schedules with varying interstimulus intervals, serial choice reaction time, US Navy officer candidates, 2219
- flash luminance & duration & interstimulus interval, visual persistence, Os, 11326
- intense or moderate auditory stimulus before light & time between auditory & light stimuli, reaction time, college students, 4367

interstimulus interval length, speed at which items desensitize & amount of long-term decrement & anxiety recovery times, agoraphobics & phobics, 5616

interstimulus interval, differential skin conductance condition, college students, 2320

interstimulus interval, response inconsistency, 8982

interstimulus intervals, trace vs delay differential classical eyelid conditioning, college students, 9185

lag length & stimulus type & presentation rate, judgment of recency for pictures & words, college students, 9236

light modulator, changing time patterns of light stimulus without temporal change in spectral composition, 2174

lithium chloride-induced toxicosis & long CS-UCS delays, conditioned aversion to amyl acetate vapor, rats, 9587

number of trials & interstimulus interval & dishabituation during CS habituation, subsequent conditioning in conditioned emotional response paradigm, male rats, 2539

pattern induced flicker colors & frequency of rotation, detection of short time delays between photic stimuli, 20-40 yr olds, 2209

presentation order & interstimulus interval, product preference bias in soup testing, housewives, 12379

presentation rate & intralist repetition, immediate probe recall, college students, 9209

presentation time & rehearsal & organization time, reaction time in free recall of object phrases of sentences, college students, 6778

repetition amount & temporal spacing of repetition, short-term retention, male rats, 4878

response & attention limitation, tapping rate as measure of expectancy, 2291

response force & latency, conflict indicator in double stimulation, college students, 2298

retention interval & presentation lag & immediate vs delayed retention tests, recall performance & retroactive facilitation on paired-associate task, college students, 11512

spatial separation between horizontal groups of letters, error checking, college students, 11331

stimulus duration & interstimulus onset interval, ratings of tactile apparent movement, college students, 9015

stimulus intensity & interstimulus interval, weight discrimination thresholds, schizophrenics & normals, 10329

stimulus pitch & interval between stimulus pairs, immediate & short-term memory of simple nonverbalized auditory stimuli, college students, 229

stimulus similarity & interval between stimuli to be matched, auditory & visual coding & recoding in same-different reaction time task, 256

successive display for brief or long duration of 2 dot patterns separated by varying intervals, same-different judgments of patterns, 168

sustained vs rhythmic isometric grip-flexion exercise & recovery interval length, recovery of muscular endurance, college students, 9120

task delay & sequenced bimodal input, visual-haptic form recognition, college students, 9032

time course of preparation & interstimulus interval, simple auditory reaction time, students, 2112

time interval between successive informational events & informational events per sequence using auditory-visual vs visual-tactile vs tactile-auditory modalities, within- & between-modality correlation detection, college students, 9021

word vs picture stimulus form & distractor items presented twice & interstimulus intervals, recognition memory response latency using fixed vs continuous procedures, female college students, 9232

2-phase model analysis, interstimulus interval & presence vs absence of masking task, eyelid reflex conditioning, college students, 11450

**Intertrial Interval**

acoustic confusion & retention interval & serial position, short-term order & item retention, young adults, 9207

anxiety vs aroused emotional states, WAIS & Digit Span performance with vs without time interval between sets, college students, 4503

category & item similarity relationship between 1st & subsequent trials & intertrial interval length & rest vs memory task during intertrial interval, facilitation vs interference on short-term memory task, college students, 9226

conditioning & pseudoconditioning procedures, intertrial activity of single cells in postcruciate cortex, cats, 6892

continuous feedback with & without intertrial delay & blank trials procedure, focusing behavior with 4-dimensional problems, 2nd graders, 4978

dextroamphetamine & handling during intertrial interval, 1-way- vs shuttle-avoidance behavior, rats, 11746

escape training & activity change during intertrial interval, retention, paramnesia, 4858

forebrain ablation & intertrial intervals, conditioned avoidance responses, goldfish, 2397

foreperiod & intertrial intervals, simple reaction-time trials, 4369

imagery & subjective categorization, long-term recognition & retrieval, college students, 9230

individual differences, power functions for 1-wk intersession interval, college students, 8999

input presentation rate & method of data analysis, negative recency in delayed recognition, college students, 6779

intertrial intervals, nictitating membrane response conditioning, rabbits, 11879

interval between learning sessions, improvement of performance on appetitive tasks, mice, 9655

intraperitoneal injections of saline vs ethanol & intertrial interval, choice reversal of left-right spatial discrimination avoidance response in Y maze, rats, 7090

item repetition prior to increased intertrial interval to reduce forgetting of interfering items, temporal course of recovery from interference, college students, 9265

learned safety, delay gradient in learned taste aversions, rats, 9673

length of intertrial recovery interval, fatigue patterns during second bouts of rhythmic & sustained exercise, male college students, 11379

reinforcement patterns & intertrial interval, acquisition & extinction performance, college students, 6707

retention interval, high-speed memory scan in short-term memory, college students, 9228

saccharated iron oxide & /or 68 R X-irradiation treatment & treatment-test interval, saccharin avoidance, rats, 4611

sentence surface form & simultaneous vs successive presentation of test picture & intertrial interval, response latency in conversion & matching of pictures vs sentences to visualization or drawing, college & high school students & adults, 11461

serial position & retention interval, recall of isolated & high-priority items, college students, 11479

study-test interval length, encoding variability in recognition memory for balanced vs polarized homographs, college students, 9267

temporal separation, verbal discrimination transfer, college students, 4421

variable intertrial intervals, probability of conditioned responses in classical eyelid conditioning, male rabbits, 4851

**Interval Reinforcement** [See Fixed Interval Reinforcement, Variable Interval Reinforcement]

**Intervals (Stimulus)** [See Stimulus Intervals]

**Interviewing**

aid form analyzing interview process into primary & secondary dimensions, supervision in practicum, students & interns in counseling, use of R. R. Carkhuff's suggestion, 5444

behavioral interviewing & operant behavior modification program design, training as community consultants, college students, 5493

classification of evaluative & hostile vs reassuring vs probing vs understanding responses in interactions between medical students & patients, evaluation of systematic approach to teaching interviewing, 12544

discrepant role expectations, interviewing, college students, discussion of R. K. Klepac & H. A. Page views, 5200

exposing individual to interviewer behavior trials incongruent with person's expectations, stress & verbal productivity, college students, reply to B. Pope study, 5187

interviewer demographic characteristics & attitudes toward aged, interviewing interaction, interviewers & aged, 10018

interviewer disclosure modeling & favorable vs unfavorable personal information revealed by modeled content, interviewee verbal behavior, male college students, 12251

interviewing, principles & practices, book, 10252

necessity for interviewing family, treatment in family crisis, patient & relatives, 1584

reinterview of subsample, assessment of response consistency in relation to drinking patterns, men & their wives in London suburb, 716

teaching methods & content emphasis in interviewing course, methodological observation of patient behavior & feelings during interview, medical students, 12559

techniques learned in counseling preparation vs actual counseling situations, interview techniques, male & female school counselors, 4109

**Interviews** [See also Job Applicant Interviews, Psychodiagnostic Interview]

data collection anonymity, drug usage surveys, college students, 2840

degree of mystery of assessment procedure, acceptance of personality interpretations from projective technique or objective test or interview, college students, 5398

diagnostic methods, clinical interview, 1070

election interviews, voting rate, 740

family interviews, child psychotherapy, 3583

free choice method & unstructured interviews, choice & priority ranking behavior of decisions, 9286

heuristic usefulness of behavior counts vs overall ratings based on home observation vs interview & diary vs experimental playroom situation measures, parent-child interaction, 2731

intake or central reception services, social approaches to community mental health, 3816

interpersonal atmosphere & interviewer sex, verbal productivity & verbal reinforcement of test response during personality test administration & S perceptions of interviewer, graduate students & interviewer, 5265

interview reliability, selection for postgraduate study in clinical psychology, applicants, 10903

interviewer-respondent race interactions, anxiety & achievement motivation & intelligence, black & white female interviewers assigned to 18-49 yr old black & white respondents of both sexes, 5191

Markov analysis, interviewer styles & time & communication patterns during interview, 829

modeling vs social exchange account, reciprocity of self-disclosure in interviews on high-intimacy topics, college students, 7522

nonverbal facial gestures, client verbal behavior in quasi-interview setting, female college students, implications for counseling process, 10021

participation & order & interviewee personality, appraisal interviews in training situation, high school & college & graduate students, 11120

personality style & environmental complexity & extended vs minimal memory search requirements, eye shifts during interview, 11538

race of videotaped model in intake interview, modeling of counseling behaviors, acquisition, white males, 8410

rehabilitation counseling interview behavior in taped counselor-client interactions, facility & field counselors, 10243

reliability & validity & stability, standardized videotape interview for assessing effects in psychotropic drug studies, 3675

self-administered questionnaire & interview, psychometric identification of problem drinkers by traffic court personnel, 1220

status & acquaintance, verbal & nonverbal termination behavior of interviews, 834

trait anxiety, noncontent verbal behavior during interview, college students, 10176

videotaped interview playbacks, interview trait ratings, individual & group managers vs interviewer, 11103

**Intestines**

alpha-levoacetylmethadol & its N-demethylated metabolites, opiate-like actions on electrically induced twitch of longitudinal muscle of ileum & reversal by naloxone, guinea pigs, 11792

diet palatability & glucose infusion into duodenum, milk &/or glucose intake, rats, 9494

duodenal vs hepatic-portal glucose perfusion, food intake, free-feeding rabbits, 9589

intraduodenal & intraportal infusion with isotonic glucose & urea & sodium chloride solutions, drinking rate of glucose or sucrose solution, rats, 9495

**Intimacy**

alternatives to conventional marriage, meeting needs for intimacy & sexual expression & inclusion in peer group, aged, 656

appropriate vs maladjusted intimate self-disclosure to stranger vs acquaintance vs friend of younger vs same vs older age, college students, 12244

caretaker & educational & integrative levels of individual psychotherapy, intimacy, 1400

Christian theology & transactional analysis, achievement of honest intimacy, book, 7534

modeling vs social exchange account, reciprocity of self-disclosure in interviews on high-intimacy topics, college students, 7522

self-esteem & target status & style, development of interpersonal trust, female college students, 12307

**Intoxication** [See Toxic Disorders]

**Intoxication (Alcohol)** [See Alcohol Intoxication]

**Intramuscular Injections**

intramuscular vs iv diazepam, convulsions & plasma levels of diazepam & N-desmethyldiazepam, 0-15 yr old inpatients, 10617

**Intraperitoneal Injections**

unreinforced intraperitoneal injection of saccharin-cyclamate solution as CS, rapid extinction of conditioned taste aversion, female rats, 9622

5-hydroxytryptamine & 5-hydroxytryptophan intraperitoneal vs subcutaneous injections, tilt cage locomotor activity, male rats, 9522

**Intravenous Injections**

autohemofetishism & injection masochism incidence, male 19-25 yr old iv drug users, 1187

double lumen watertight swivel for long-term iv & intragastric infusions, unrestrained rats, 9559

intrajugular & intraportal glucose & amino acid injections, food intake, pigs, 11815

intramuscular vs iv diazepam, convulsions & plasma levels of diazepam & N-desmethyldiazepam, 0-15 yr old inpatients, 10617

long-term self-intravenous drinking, hydromineral regulation, rats, 11881

periprandial self-intravenous drinking, rats, 11893

**Intrinsic Motivation**

activity outcome expectancies & intrinsic activity values, prediction of motivation to perform job-related activities, technical employees, 8831

Herzberg's motivator-hygiene theory approach, reactions to grades, college & graduate business students, 10922

interaction of locus of control & type of performance feedback, performance, white & black 10-11 yr old males & white male college students, 12437

intrinsic & extrinsic & risk propensity factors, work attitudes, teachers & educational administrators & business managers, 13292

intrinsic & extrinsic factors, job satisfaction, male clerical employees, 10975

intrinsic & extrinsic factors, satisfaction ratings for hygiene & motivator job aspects & overall job satisfaction, black factor workers, 11145

intrinsic & extrinsic job factors relating to satisfaction, reasons for remaining vs leaving organization, Australian middle managers who recently resigned vs employed at least 12 mo, 13358

intrinsic vs extrinsic cues, perceived-quality judgments, female college students, 3042

intrinsic-extrinsic needs, persistence at work, teachers & laboratory & psychiatric team & building workers & nurses & youth counselors, 4164

personal vs group goals, individual motivation, male high school students, 275

personality & achievement correlates, intrinsic & extrinsic religious orientations, college students, 7665

psychological vs safety & social rewards, turnover rate, staff nurses, 12533

**Intrinsic Rewards** [See Internal Rewards]

**Introjection**

projection & introjection in paranoid personality, 5573

**Introspection**

introspection as data & method, validity as technique in gathering information, 6503

**Introversion**

acute alcohol ingestion, cognitive performance, introverts & extraverts, 9525

aggression control, depression & suicide & introversion, male murderers, 10395

alcohol &/or sleep deprivation & driving speed, control use during driving, introverted vs extraverted 21-25 yr olds, 7072

anxiety & neuroticism & need for achievement & introversion-extraversion & environmental & biographical variables, school over- & underachievement, 1834

auditory stimulation intensity, photopic visual sensitivity in relation to personality, college students, 11362

- deviations from life-styles, dissonance in conformity situation, introverted & extraverted male college students, 7642
- experimental participation as source of stimulation in sensory & perceptual deprivation studies, stimulus-seeking behavior, extraverts & introverts, 12476
- extraversion & introversion & neuroticism, hypnotic susceptibility, college students, replication of W. D. Furneaux & H. B. Gibson's study, 12457
- extraversion, auditory sensitivity to high & low frequency, female college students, 11319
- impulsivity, heart rate variability & performance decrement on monotonous task requiring sustained attention, introverted vs. extraverted college students, 6649
- introversion & energy & independence & open-mindedness & tolerance, high vs low creativity, male 10-14 yr olds, 967
- introversion & extraversion & neuroticism & compulsion & masculinity, coronary vs hypertensive vs fracture Ss, 10328
- introversion-extraversion, ease of evoking imagery for abstract & concrete nouns, college students, 12464
- neuroticism & extraversion-introversion, schizophrenics, 7843
- neuroticism, bioelectrical skin reactivity, introverted males, 299
- personality type, effectiveness of anxiety reduction methods, introverted vs extraverted college students, 12844
- personality, performance on intelligence test, discussion of J. E. Gray & P. D. McLean's finding, 964
- simple reaction times, introverted vs extraverted female nursing students, 12441
- social desirability, test conditions, self-evaluation of introversion-extraversion & neuroticism, North American vs South American vs Central American college students, 10153
- stimulus situation & time & personality traits, bioelectrical skin reactivity, introverted vs extraverted 18-21 yr olds, 2340
- 2nd-stratum source trait factors of anxiety & introversion-extraversion, 16 PF, inpatient male alcoholics, 3327
- Inventories** [See also Biographical Inventories, Interest Inventories]
- comprehensive occupational data computer program system, job inventory for collecting & analyzing & reporting information describing work performance, Air Force personnel, 4145
- historical evolution & development & rationale & validation, Hopkins Symptom Checklist, psychiatric outpatients, 1363
- implications of imprecise meanings in questionnaires & self-report inventories, adverbs of frequency in Chinese & English, bilingual college students, 925
- inventory, self-concept of achievement abilities, adolescents, 7344
- Rochester School Competency Schedule, measuring teacher's observations of student behavior, 8578
- subscale intercorrelations & item & principal component analysis, validity of psychosocial maturity measurement, 5th & 8th & 11th graders, 9882
- Inventories (Attitude)** [See Attitude Measures]
- Inventories (Personality)** [See Personality Measures]
- Inventories (Preference)** [See Preference Measures]

#### Job Experience Level

age & number of years in practice, practices & attitudes towards psychiatric patients & services, primary physicians, 7737

avionics subsystem design characteristics & personnel skill, job performance, 6453

condensation & dual-presentation & troubleshooting goal & procedural change, Job Performance Aid, data improvement, maintenance technicians, 13349

educational & occupational attainment & age, extrinsic-intrinsic work orientations, applicants for Social Security disability benefits, 6428

educational background & occupational status & income & social class & age & degree of industrialization of city of residence, normative patterns of decision-making & influence, married couples from Mexico & US, 7404

expectation & social class & experience, small group behavior, in-service teachers, 10897

experience duration, attitudes toward mental illness, psychiatric aides, 7763

experience level, relationship orientation, counselors vs teachers vs administrators, 12523

interaction patterns, 1st-yr vs typical vs student-chosen "best" teachers, 3938

managers' current managerial level & age & perceived position-learning time & level of formal education, career expectations, managers, 4189

sex & religion & ethnicity, occupational status perception, black & Jewish & white Protestant college students, 4160

tribal group & educational level & age & mining experience, Classification Test Battery performance, South African Bantu male mineworkers, 13316

work experience & exposure to death, attitudes toward death & dying & willingness to discuss these with patients, nursing home nurse aides, 1034

work experience & graduate grades & prior to admission data, predicting managerial success, Master of Business Administration graduates, 11153

Job Mobility [See Occupational Mobility]

Job Performance [See also Employee Efficiency, Employee Productivity]

"nonterritorial" office layout using open floor plan arrangement, work-related behavior & communication & performance, product engineers, 4197

accelerated technical training availability & use, job satisfaction & effectiveness & college training value, 1st-term nonprior service college graduate airmen, 1957

activity outcome expectancies & intrinsic activity values, prediction of motivation to perform job-related activities, technical employees, 8831

alcoholism, regional distribution & morbidity & rehabilitation needs, work disability pensioners in Finland, 5653

analysis of adjective-noun combinations from integration-theoretical view, person perception & likableness & occupational proficiency & social value judgments, college students, 7540

audiovisual approach to self-paced job training, job performance, Air Force personnel, 6433

authoritarian personality, success, high school coaches, 6238

automated measurement, flight simulator performance in pilot training maneuvers, 13418

availability & use of accelerated training in technical schools & job satisfaction & job effectiveness & value of college training in Air Force jobs, 1st-term nonprior service college vs noncollege graduates, 8830

avionics subsystem design characteristics & personnel skill, job performance, 6453

belief-congruence, selling performance, life insurance salesmen of different occupational backgrounds, 11142

bonuses, increasing punctuality, workers chronically late in manufacturing company, 4161

boundary conditions & organizational environment & instrumentality-expectancy-task-goal model, employee cognitions & motivation, employees, 8807

calculation time in fire control & communication time collected in forward observation post, personnel from Artillery School vs retraining units, 4143

causal-correlational analysis, job satisfaction & performance, female telephone operators, 11150

challenging vs nonchallenging job assignments as indicators of company expectations, job performance, South African business managers, 13355

chronic hemodialysis treatment, inability to maintain job & decline in sexual activity, 3833

circle vs wheel vs chain networks of communication, task accomplishment, systems & procedures personnel of aerospace firm, 8849

client expectations & performance & accountability, social workers, 10258

complex organization, employee role assimilation processes, 1996 comprehensive occupational data computer program system, job inventory for collecting & analyzing & reporting information describing work performance, Air Force personnel, 4145

condensation & dual-presentation & troubleshooting goal & procedural change, Job Performance Aid, data improvement, maintenance technicians, 13349

contingent vs noncontingent reward systems, relationship between performance & satisfaction, telephone workers, 13352

counter vs formal training, effective job performance, 1963

criterion measures of effectiveness in overseas missionary performance, Missionary in Action-Descriptive Check List, missionaries & home office personnel, 4162

dichotomized task performance vs percent time-spent estimates, group job descriptions, 11137

dogmatism, congruence between self-reported job preference & performance, school supervisor, 13342

early training & selection variables, prediction of advanced level aviation performance, naval jet aviators, 8805

early work challenge, job performance & professional contributions & competence, engineers, 13351

employee expectancies of reward & attitudes toward leadership, style of supervisor, job performance, lead engineers, 11135

employee expectations & attitudes, job performance, female clerical workers, 1993

failure avoidance motivation, money & prestige & altruism & job freedom & security & self-realization values, male postgraduates, 2001

feasibility research effort, automated objective measurement system to assess in-flight pilot performance in T-37B aircraft, pilot trainees, 6427

functional age measurement, work evaluation, 7380

geographic area of enlistment & religious preference & aptitude scores & race & educational level & age at enlistment & other drug use & job performance & promotion rate, cannabis using vs nonusing airmen, 12190

goal setting, improved job performance, 11143

goal specificity & difficulty & acceptance & feedback & peer competition & participation in goal setting, goal-setting performance, literature review, 13359

group dynamically expressed achievement concern & relief from social pressures & attendant anxieties, marketing as social system, 1952

In-Basket technique for measuring judgment & discretion, secretary personnel selection, 6429

individual learning ability & styles, management success, implications for management education & problem solving, 13370

individual vs system performance indices, air-traffic control, air-traffic controllers, 6468

individual vs system performance indices, air-traffic control, air-traffic controllers, appendices, 6469

intrinsic-extrinsic needs, persistence at work, teachers & laboratory & psychiatric team & building workers & nurses & youth counselors, 4164

job analysis & specification, organizational & intermediate maintenance of US Air Force equipment, 8785

job clinic, skills for obtaining employment, psychotic clients in remission, 6120

job description procedures, describing army officers jobs, 1992

job expectations, valences of job rewards, culturally disadvantaged & advantaged clerical employees, 11134

job performance prediction, mentally retarded 17-56 yr old workers in sheltered workshop, 10445

leader's motivational style & experience & leader-member relations, leader intelligence & performance, sergeants & unit commanders & navy petty officers, 4175

leadership style, organizational climate, motivation & performance & satisfaction in simulated business organization, 13399

- monotonous work, behavior change in subsidiary activities, female assembly workers, 6452
- motivational effort & age, job performance prediction, engineers, 13334
- noisy working conditions, performance, book, 1998
- organization sensitivity training, self-actualization, middle management employees, 4150
- organization's outputting effectiveness & buyer receptiveness & salesmen obedience to bargaining tactics, evaluation of & behavior toward boundary role salesmen, college students, 13362
- organizational determinants of human performance, review, 6457
- participative decision-making program in hospital laundry, workers, 6447
- pay attractiveness, performance, incentive-paid vs paid by time worked employees, 8828

- electric aversion therapy, sexual reorientation, male homosexual with Klinefelter abnormal sex chromosome, 10721

personality development & criminal & sexual behavior, mental retardation & family, 29 yr old retarded male with Klinefelter's syndrome & presumptive Y/15 translocation, 7800  
 symptomatology of prepubertal Klinefelter's syndrome, indications for early detection, 8141

#### Knowledge of Results

accurate vs deceptive vs no prior feedback about decisionmaking acumen, group decisionmaking, 2888  
 confirmation vs disconfirmation of an expectancy, locus of control, college students, 12473  
 content of preparatory information, structure of practical action, college students, 11536  
 correctness & social verbal reinforcers, marble-sorting task, 2nd vs 5th vs 8th graders, 4959  
 head-tilt & practice & knowledge of results, perception of visual direction, college students, 11300  
 immediate knowledge of results & test vs experimental exercise, performance on multiple-choice answering, college students, 3995  
 immediate knowledge of results, repetition of errors under performance vs observation in multiple-choice learning, college students, 2257  
 knowledge of results, schematic concept formation, 6-12 yr olds, implications for learning ability measurement, 12017  
 production knowledge of results, performance on packaging task, vocational rehabilitees, 13354  
 social reinforcement & knowledge of results, motor performance, educable mentally retarded 8-14 yr olds, 8023  
 subjective certainty & learning time, perceived difficulty of perceptual task, 17-18 yr olds, 11408  
 task experience & levels of feedback about results of counter-attitudinal task descriptions, dissonance resolution in forced compliance paradigm, male college students, 12321  
 visual & auditory knowledge of results & reward, vigilance performance, college students, 11376

#### Kohs Block Design Test

demographic characteristics & family background & psychometric data, performance on Kohs' learning potential procedure, educable mentally retarded, 7998

#### Korea

group processes & status structure, Japanese vs Korean vs American skiers at Korean weekend resort, 5068  
 inferiority suggested & conditions of use specified, manner of giving, cross-national 15-25 yr olds, 866

#### Korsakoff's Psychosis

copy & memory function, Korsakoff patients, 10481  
 Korsakoff's syndrome, information processing deficits, hospitalized alcoholics, 1194  
 memory deficits, alcoholics with Korsakoff's psychosis vs those without, 5582  
 prolonged ethanol consumption, absence of retrograde amnesia for avoidance response, male rats, implications for Korsakoff's psychosis, 9592  
 remembering events in recent past & remote memories, alcoholics with Korsakoff's disease, 12640 60 L

#### L. Dopa [See Levodopa]

#### Labor (Childbirth)

observations of parturition & parturition & puerperium, delivery behavior, marmosets, 360

#### Labor Management Relations

approaches to effecting & studying organizational change, case history of longitudinal behavioral changes in manufacturing plant, book, 2015  
 cooperative vs competitive orientations & strong vs weak bargaining power, intragroup & outgroup attitudes, Ss playing role of union representatives & managers, 12275  
 ethnic community vs labor-management dispute, school strike of 1968, New York, 8577  
 intergroup competition, individual judgment & group behavior & conflict resolution under win-lose conditions, application to labor-management relations & industrial ethics, 12242  
 sociocultural influences & job satisfaction, employee expectancy & participative management, male wage-earning employees in New Zealand, 13367  
 trust in the superior, perceived influence of the superior & subordinate's mobility aspirations, upward communication behavior, organization members, 13379  
 worker management & participation to form industrial democracy, worker alienation alleviation, book, 1994

**Labor Relations** [See Labor Management Relations]

**Laboratories (Experimental)** [See Experimental Laboratories]

**Laborers (Construct And Indust)** [See Blue Collar Workers]

**Labyrinth (Anatomy)** [See also Cochlea, Vestibular Apparatus]

body inversion, acoustic immittance of normal ears, 18-35 yr olds, 11314

**Labyrinth (Apparatus)** [See Mazes]

**Labyrinth Disorders** [See Menieres Disease, Motion Sickness]

#### Lactation

concaveation & neonatal androgen treatment, maternal responsiveness, lactating females vs gonadectomized male & female rats, 11800

exteroceptive mechanism in inhibition of milk stimulatory effects of prolactin during late lactation, suckling rats, 2349

hypothalamic deafferentation late in gestation, lactation & nursing behavior, primiparous rats, 4657

lactation duration & presence of young & stimulus characteristics of intruder animals, postpartum aggression, female mice, 2599

maternal undernutrition during gestation & lactation, incentive value of food reward & reversal learning in escape-from-water task, rats, 4823

olfactory bulbectomy, cannibalism & maternal behavior, experienced & inexperienced lactating & cycling virgin female rats, 4648  
 pup induction vs lactation, maternal behavior, rats, 9728

sweetened morphine vs drinking water during pregnancy & lactation, shock-elicited escape behavior, female mice, 2500

**Lag (Response)** [See Reaction Time]

**Landscapes** [See Topography]

**Language** [See also Adjectives, Adverbs, Alphabets, Antonyms, Bilingualism, Consonants, Conversation, Cursive Writing, Dialect, Foreign Languages, Form Classes (Language), Grammar, Handwriting, Homographs, Initial Teaching Alphabet, Language Development, Letters (Alphabet), Linguistics, Literacy, Morphemes, Morphology (Language), Multilingualism, Nonstandard English, Nouns, Numbers (Numerals), Orthography, Phonemes, Phonetics, Phonology, Pronouns, Psycholinguistics, Public Speaking, Semantics, Sentence Structure, Sentences, Sight Vocabulary, Sign Language, Slang, Syllables, Synonyms, Syntax, Transformational Generative Grammar, Verbs, Vocabulary, Vowels, Words (Phonetic Units), Written Language]  
 attitudes toward use of "offensive" language, "right-thinking" adult students, 10104

behavior patterns, patterns of kinship terminology, Fanti in Ghana, 2788

bilingualism, assessment of interaction between language structure & usage & meaning & social structure, 923

Chinese vs English language & visual vs auditory stimulation & noun frequency, short-term serial recall, college students, 2290

communication media & network configuration & number of participants & languages used, teleconferencing procedures, 5278

computer simulation of neural basis of language, demonstration of verbally directed recall of visual experience & verbal information comprehension & recognition & comprehension dependence on context & sentence production concepts, 10102

computer simulations phonetic ability & language, adults & human infants & Neanderthal man & chimpanzees, rebuttal of E. G. Nett's criticism, 2959

computer simulations, phonetic ability & language, adults & human infants & Neanderthal man & chimpanzees, reference to P. Lieberman's study, 2965

constitutive view of study, development of social phenomenology of language, 7595

dichotically presented Morse code signals, left vs right hemisphere dominance for speech & language, college students & Morse code operators, 9055

discriminatory practices in educational placement based on linguistic ability, 13246

dominant left hemispherectomy for cerebral malignancy, linguistic & related cognitive abilities, 12-yr-old female, 6112

evolutionary typology of languages & modernization of communication system, Japan, 7615

favorable terms using word "black" & unfavorable terms using word "white", 5282

free-recall of vocabulary words & sentences presented in black dialect vs standard English, black vs white children, 9813

hypothetical basis for reaction time performance in naming pictures of objects, implications for research on internal lexicon, 5297

implications of imprecise meanings in questionnaires & self-report inventories, adverbs of frequency in Chinese & English, bilingual college students, 925

- language & spatial function & functional hemispheric specialization & cerebral dominance, patient with unilateral cerebral lesions & split-brain syndrome, 8106
- language of list, part/whole negative transfer, bilingual English-Spanish & Arabic-English Ss, 7621

- linguistic theory, language acquisition, children, 618
- linguistics & language development, educational assessment, culturally different exceptional children, 13256
- listening preferences, discrimination between complete grammatical & ungrammatical sentences, 18-30 mo olds speaking in 1- vs 2-word utterances, 9848
- logical concepts acquired in 1 language, transfer of concept to another language, 4-7 yr old bilingual children, 7318
- modeling, selective imitation of passive sentences, 4-5 yr olds, 9856
- multisensory learning systems & importance of verbal interaction, concept formation, young children, 2683
- oral kinesthetic ability, perception of speech, 4-11 yr olds with varying degrees of development in speech & language, 11984
- overt activity, sentence production, nursery school children, 4992
- parents' & other family members' unconscious wishes, linguistic development, young children, 4976
- participant group method, parent childrearing skills & role in children's language development, Head Start parents, criticism of P. Wohlford's study, 12868
- participant group method, parent childrearing skills & role in children's language skill development, Head Start parents, 12869
- Peabody Language Development Kit, performance on Illinois Test of Psycholinguistic Abilities, severely subnormal children, 4088
- Peabody Language Development Kits, specific language dysfunction remediation activities, 13214
- pronominal adjective phrases in normal vs inverted order, perceptual strategies used in visual discrimination, preschoolers & 3rd graders, 11970
- prereading vocabulary, language development plan promoting reading readiness, English 5 yr olds, 1799
- prompted use of word descriptors & compound sentences during free play, verbal communication, disadvantaged preschoolers, 13138
- reference, acquisition of miniature artificial language, nursery school children, 9837
- reliability & validity & design & standardization, speech & language screening test, 3-5 yr olds, 10111
- role of family, bilingual socialization, Chinese-American 2-6 yr olds, 9889
- search for identity & social role, language acquisition, 10-17 yr olds in Honduras, 7321
- semantic & cognitive factors, passive-voice comprehension, kindergartners & 1st & 2nd graders, 12048
- semantics, syntax & language comprehension, French-speaking schoolchildren in 4 age groups, 9804
- sentence length & prosody, sentence assembly performance, 4-5 yr olds, 4999
- social reinforcement, preventing delayed language development, institutionalized 3 & 4 & 5 mo olds, 8524
- socioeconomic status, acquisition of semantic restrictions, preschoolers & 1st-3rd graders, 4984
- speech development stages & communication development, 585
- structural aspects of language & cognition, child development & old age, 617
- synectics as classroom technique, facilitation of creative thinking & language & listening skills development, 8700
- syntactic vs semantic structural relationships, children's utterances, 595
- teacher development of repertoire in classroom, learning to communicate 1- & 2-component behavioral events, trainable mentally retarded, 8668
- teaching symbol language, language deficient 6- & 9-yr-old male autistics, 6347
- theoretical approach of J. Piaget vs N. Chomsky, psycholinguistics & language acquisition, 913
- valence, conservation task performance, kindergartners, 9802
- viewing faces of adults, evolution of communication, 4-9 mo olds, 922
- visual language development, interpersonal communication, 5205
- vocabulary development, 6270
- vowel environment, consonant duration, 3- & 6- & 9-yr-olds, 9808
- vowel shift, English language learning, 612
- within family vs between family comparisons, word-association patterns, families in Japan vs Texas, 12405
- word order, responses to simple questions & commands, 2-3 yr olds, 12058
- Larvae**
- grafting of limb-moving spinal cord segments of young newt larvae into side of same age hosts, synchronous or alternating coordination development in limb movement, newt larvae, 11657
- regulation of building unit size, house building, caddis larva, 11832
- Laryngeal Disorders**
- rehabilitation, laryngectomy, 6138
- speech proficiency after 4-mo of therapy, male laryngectomies, 10123
- Larynx** [See also Vocal Cords]
- analysis of linear acoustical properties of vocal tract, 11555
- spring mechanisms in larynx, 9348
- Laser Irradiation**
- experimental technique using exposures from laser source, visual acuity measurement, monkeys, 562
- Latency (Response)** [See Response Latency]
- Lateral Dominance**
- acute lateralized brain damage, motor & verbal & nonverbal & miscellaneous biological intelligence factors, patients, 8128
- age, ability to make right-left discriminations, 7-15 yr old schizophrenic children, 10287
- age, ear laterality for dichotically presented vowels & consonants, 5.5-12.5 yr olds, 6593
- analytic vs spatial vs music tasks, lateral asymmetry of EEG alpha outside vs within hypnosis, high vs low hypnotically susceptible college students, 11580
- auditory information processing, right vs left hemiplegics vs non-brain-damaged vs normal adults, 12808
- bilaterality, binocularity, 6-9 yr olds, 11276
- body rotation, lateral preference relation, 291
- brain lesions, drawing disability, left & right retro-rolandic brain-damaged patients, 1316
- cerebral dominance & attention, dichotic listening, right-handed college students, 2155
- clinical pathological conference, personality change & mild left hemiparesis, 46-yr-old man, 10482
- detection & lateralization of interaural differences of time & level, blind college students, 8116

- dichotic listening task, right-ear preference for reporting verbal material, right-handed stutterers & dyslalics & normal children, 12750
- divided visual field technique, vigilance performance of right & left hemisphere, 11488
- ear dominance, reading ability, 7-11 yr olds, 11971
- emotional lability, lateral preference, 10-15 yr olds, 283
- frequency, interaural intensive differences of tonal stimuli, cats, 9775
- green point of light brought toward median plane, ocular dominance, infants & elementary school children & adults, 6606
- gross motor coordination & bilateral integration & postural characteristics, strabismic patients, 12754
- hand & eye & foot laterality, intellectual abilities, 5-11 yr olds, 9800
- hand efficiency & right-left discrimination, right- vs left-handed 10-yr-old boys, 6644
- handedness & ear-preference, field-dependence, 11448
- handedness, musical ability measured by timbre perception & tonal memory, right- & mixed-handed music students, 11385
- information processing complexity, ear-response side & ear-hand components of lateral stimulus-response compatibility in reaction time paradigms, 17-37 yr old normal hearing Ss, 9113
- language & spatial function & functional hemispheric specialization & cerebral dominance, patient with unilateral cerebral lesions & split-brain syndrome, 8106
- language production, electroencephalographic hemispheric asymmetries of summed & averaged evoked potentials, 9309
- lateral asymmetry, evoked potentials to processing verbal & nonverbal auditory stimuli, right-handed college students, 9322
- lateral preference, neurotics with diagnosis of neurotic & depressive symptoms, 5557
- laterality effects, dichotic listening, right-handed students, 119
- meaning of command & stimulus source, correct responses & errors over 5-day period in choice reaction time task, college students, 2113

- law & psychiatry, book, 3534
- law enforcement & adjudication problems, urban society, 7461
- legal & human rights, mentally ill prisoners, 1676
- legal advocacy system for mentally disabled, 12631
- legal aspects, cloning & use of host mother & artificial placenta & paternity of child conceived by artificial insemination, 9975
- legal aspects, family desertion, Canada, 645
- legal representation & medical treatment, commitment to mental hospital, 6162
- offender characteristics & value & circumstances of stolen goods, decision to refer offenders to police, shoplifting victims, 7459

patient & legal action & education-research groups, reforming mental health treatment & protection of mental patients' civil rights, 3501

penultimate will as mechanism providing choice of guardian in event of future mental incompetence, potential to protect mentally deteriorated elderly, 658

perception & memory of events, testimony validity & reliability, children, 782

placing legal system within therapeutic crisis intervention model, community crisis intervention with crime, 1591

police professionalism & community attachments, diversion of juveniles, 9979

rules governing insanity defense, Alaska, 706

social & legal aspects, involuntary hospitalization, 6192

social vs legal vs religious contract, marriage, 7384

third party functions, interpersonal conflict resolution in context of simulated pretrial conference, attorneys & law students, 12227

training as assistants in urban juvenile court system, volunteers, 10251

treatment consent, psychiatric treatment initiation, 12863

**Legalization (Marihuana)** [See Marihuana Legalization]

**Legislative Processes**

coalitions, use in influencing social policy formulation, social workers, 3080

personal motivations & situational pressures, high-ranking government officials involved in Senate Watergate hearings, source data for theories of obedience & moral judgment & posttransgression guilt, 5061

post-White House Conference on Aging reports, book, 662

rankings of social problems & perceptions of urgency of solutions & personal influence & future expectations & preference of conflict-resolution proposals, state legislature & special interest groups in Oregon, 5118

televised Watergate hearings, public political opinions, 10130

**Leisure Time**

anxiety & interference of work with social life, voluntary turnover, registered nurses, extension of F. Winkert & J. C. Ross & A. Zander's studies, 6454

interpersonal discussion & cognitive styles, predictors of leisure activities, 10th graders, 2906

leisure activity programs, adjustment of participants, new applicants in senior citizens center, 1575

leisure time & social problems, retarded graduates of sheltered workshop training programs, 13031

leisure time recreational courses, increased social interaction, college students in residence hall, 3950

prediction of decreases in working hours & leisure time increases, 11091

preretirement counseling, anticipatory attitudes toward withdrawal from work & use of leisure time, older male & female industrial workers, 8758

residence in special retirement vs conventional dispersed housing & favorability of outlook on life, leisure activities, 7381

**Letter Adult Intelligence Scale**

computer-analyzed Letter population model, psychiatric diagnosis, 1138

Letter Adult Intelligence Scale performance, patients with sociopathic personality disturbances vs psychoneurotic disorders, 1110

sex differences, Letter Adult Intelligence Scale, psychiatric patients, 1118

**Lesbianism**

fear of expressing repressed homosexual desires, homosexual panic, 40-yr-old lesbian, 5540

homosexuality, female identical twins, 5651

lesbianism, review, book, 1228

misconceptions about lesbianism, book, 1246

psychological & sociological theories, deviant behavior, book, 12715

pupillary response, indication of sexual preference, 13-17 yr old females in correctional institution, 10411

race & length of sentence & IQ & recidivism & age & marital status, homosexual vs non-homosexual behavior, female prisoners, 7970

reactions to parents' behavior, homosexual vs heterosexual women, 5050

sexual development, lesbian, biographical case report, book, 12683

**Lesions** [See also Brain Lesions, Hypothalamus Lesions, Neural Lesions]

anterior ganglia removal & regeneration 10 & 16 & 24 hrs after surgery, forward movements, earthworms, 11697

central lesions, disorders produced by multiple dorsal rhizotomy, rats, 6961

eye removal at embryonic & larval stages, interdependence of retinotectal & intertectal connections in visual system ontogeny, frog, 384

glans penis removal at weaning, sexual behavior, rats, 4694

gonadotrophin & removal of trigeminothalamic tegmentum & section of dorsal roots of various spinal nerves, unclamping responses, toads, 6954

grafting of limb-moving spinal cord segments of young newt larvae into side of same age hosts, synchronous or alternating coordination development in limb movement, newt larvae, 11657

hydrocephalus & motor & sensory lesion levels & intellectual capacity, hand function, 6-19 yr olds with myelomeningocele, 5746

hypertonic saline & polyethylene glycol injections & inferior vena cava ligation & age, thalidomide ontogeny, rats, 11742

lesions of dorsal columns at cervical level, anticipatory motor behavior, cats, 4672

orchidectomy, body weight as determinant of saccharin consumption, male hamsters, 4668

pinna & external auditory meatus, monaural sound localization, cats, 404

salivarectomy, salt preference, female rats, 9443

segmented vs intact vs ganglion-ablated state, light avoidance responses, earthworms, 6978

stimulation of 1 ear on variety of auditory measures obtained from other ear, tests of central auditory dysfunction, 10524

supratharyngeal ganglion ablation vs sham operation, habituation & retention of habituation of movement responses to air puff, earthworms, 9462

target distance & retinal lesions, visual acuity, pigeons, 2606

testosterone propionate & dihydrotestosterone, penile morphology & sexual reflexes, spinal male rats, 2376

unilateral carotid artery ligation, body weight & ad lib water intake & T-maze learning with water incentive, rats, 11667

**Lemov Plans**

ability to write instructional objectives, teaching ability, student teachers, 1728

behavioral objectives, student achievement, college students, 1782

instructional objectives, learning efficiency in medical education, 7784

mastery criteria for passing & assignment length components of personalized instruction course, test performance, college students, 8620

performance test strategy, assessment of skills of instructional development personnel, 6396

signal systems as lesson settings, task involvement, preschoolers, 13148

teacher-student cooperation, behavioral objectives planning, 10909

type of behavioral objective & level of test question & judged importance of tested materials, posttest performance on psychological concepts, college students, 8593

**Letters (Alphabet)**

brief stimulus duration, recall of letter arrays, 8-12 yr old dyslexic & normal children, 3395

changing vs unchanging mask characters, detection of single letters & letters in words, young adults, 9082

experienced frequencies of alphabet letters, subjective magnitude estimates of consonant phoneme frequencies, college students, use of F. Attneave's method for judgments of letter frequencies, 12373

exposure duration & practice, immediate memory spans for alphabetic items, 2nd & 5th graders & 19-30 yr olds, 4941

feature similarity & bias, reaction time to correct identification of visually presented letters on memory drum, 15-20 yr olds, 6756

flanking letters & digits, speed of identifying letters, hospitalized patients, 2164

graphemic & phonemic coding, visual word-recognition & classification, technical employees & high school students, 11442

letter features & frequency of letters in written language, letter recognition, 4352

letter matching based on visual vs name characteristics of letters, speed of letter cancellation on visual search task, 2nd & 4th & 6th graders, 9787

letter vs word vs nonword recognition, college students, 207

letter-pair frequency, orientation of speed of same-different judgements, 4th graders vs college students, 152

- masking words by upright random letters in wordlike array or unrelated words, reading of targets, college students, 4350
- physical template matching vs subjective similarity estimates of Japanese letters, adult nonreaders of Japanese, 141
- print size, reading time, 60-yr-old male with verbal alexia, 10533
- reading ability & age & schemata for letter orientation, copying & reversing normal & mirror reversed letters & letter-like shapes, 7-12 yr olds & adults, 11977
- reading ability & age, letter search through common words vs nonwords vs pseudowords, college students & 4th graders, 9131
- same-different patterns, tachistoscopic recognition of letters, college students, 4349
- spatial separation between horizontal groups of letters, error checking, college students, 11331
- spelling constraints, facilitation of perception of letter strings, college students, 11324
- time course of lateral asymmetries, visual perception of letters, right-handed college students, 9110
- visual vs sensorimotor methods, improvement of orientation discrimination of letter reversals, 4-6 yr olds, 11982
- Leucocytes** [See also Lymphocytes]
- isolated vs pair-rearing, aggression & leukocyte levels, male mice, 9749
- Leukemias**
- adjustment to childhood leukemia, mothers vs fathers, 9901
- incidence of twins & leukemia, families of children with Down's syndrome, 1272
- Leukocytes** [See Leucocytes]
- Leukotomy** [See Psychosurgery]
- Levodopa**
- alpha-methyl-para-tyrosine & levodopa & physostigmine & scopolamine & biperiden, neuroleptic-induced tardive dyskinesia, 4739
- amantadine & levodopa methyl ester & dextroamphetamine sulphate & apomorphine HCl, conditioned avoidance response acquisition, male rats, 11730
- benhexol & amantadine & levodopa, functional disability, slightly disabled parkinsonian patients, 12917
- carbidopa & levodopa combination vs intramuscular pyridoxine, plasma levels of dopa & 3-O-methyldopa & homovanillic acid, parkinsonian patients with severe "on-off" effects from levodopa, 12887
- carbidopa, attenuation of levodopa emesis & evidence for cerebral site of action outside blood-brain barrier, dogs, 9540
- catecholamines & levodopa & aminophylline & insulin & nicotinic acid, plasma unesterified fatty-acid & brain tryptophan, rats, 7046
- cerebral & peripheral consumption of levodopa, patients with Parkinsonian symptoms, 1459
- existence of cortical dopamine nerve terminals, rats treated with multiple doses of dopamine-beta-hydroxylase inhibitors vs reserpine vs levodopa vs MK-486, 11612
- haloperidol, apomorphine & Ro-4-4602 & levodopa-increased copulatory behavior, male rats, 9586
- haloperidol, levodopa-induced dyskinesias, parkinsonian patients, 12905
- imipramine, levodopa metabolism, male adults, 9555
- levamphetamine & dextroamphetamine, narcolepsy, 5941
- levo-tryptophan, levodopa-induced psychiatric effects, patients, 1471
- levodopa & alpha-methyltyrosine, delayed response & visual discrimination & biochemical changes, cats, 2451
- levodopa & carbidopa & pyridoxine, metabolic interactions in Parkinson's disease, 10636
- levodopa & desipramine & decarboxylase inhibitor combination, treatment of depression, 1453
- levodopa & pyridoxine, cystathionine levels in brain & liver & kidney, male rats, 9492
- levodopa & reserpine & pentobarbital, average acoustic evoked responses in caudate nucleus, male rats, 4727
- levodopa & Ro 4-4602 combined treatment, parkinsonian patients, 12912
- levodopa therapy, depression & psychopathology, parkinsonian patients, 5929
- levodopa therapy, general intelligence, patients with Parkinson's disease, 8242
- levodopa therapy, hypersexuality reactions, parkinsonian patients, 5895
- levodopa therapy, 21-yr-old Chinese male with paroxysmal kinesigenic choreoathetosis, 5927
- levodopa vs procyclidine hydrochloride therapy, speech intelligibility, Parkinsonian patients with speech defects, 8256
- levodopa with para-chlorophenylalanine, inhibition of serotonin synthesis & potentiation of levodopa, parkinsonian patients, 8281
- levodopa, accumulation of adenosine 3 prime, 5 prime-monophosphate prime in caudate nucleus & cerebellum, rats, 2437
- levodopa, motor & "central programing" deficits, idiopathic parkinsonism patients, 8229
- levodopa, skin conductance & electromyographic activity & reaction time, Parkinsonian patients, 12897
- melanocyte-stimulating hormone release-inhibiting factor & thyrotropin releasing hormone & angiotensin II, behavioral effect of levodopa & 5-hydroxytryptophan, male mice, 9520
- norepinephrine & 5-hydroxytryptamine & levodopa & dopamine & 5-hydroxytryptophan & reserpine vs iproniazid, stress ulcers & stomach secretions, rats, 11790
- oral levodopa, plasma human growth follicle stimulating & luteinizing hormones response & blood pressure & pulse, male 21-35 yr olds, 7101
- pentazocine, neurochemistry & vocalization threshold & afterdischarge of pain reactions & motor response, rats pretreated with levodopa, 11793
- short- vs long-term levodopa therapy, emotional functions, parkinsonian patients, 5932
- slow withdrawal of anticholinergic medication & addition of trihexyphenidyl, parkinsonian patients on levodopa therapy, 5916
- Liberalism**
- liberal attitudes & proximity to social problems, perceiving social injustice, 7480
- liberal-conservative conflict of Catholic Church crisis, parish members & high school students, 12131
- Liberalism (Political)** [See Political Liberalism]
- Libido**
- anal & genital sexuality & relationship to libido theory, interpretation of L. A. Salome's paper, 2991
- Librium** [See Chlordiazepoxide]
- Licensing (Professional)** [See Professional Licensing]
- Lidocaine**
- lidocaine induced facial anesthesia, irritable aggression, rats, 4806
- lidocaine or HCl in exposed wound margins, electrically-induced cortical excitability, 9527
- water-soluble procaine HCl & lidocaine HCl & benzocaine, threshold & afterdischarge duration of experimental epilepsy, cats, 11732
- Life Experiences**
- birth order & sex & interpersonal family relations, life style identification & assessment, 3038
- changes in life conditions over 2-yr period, self-image, middle-aged & elderly, 2748
- dealing with traumas & attitude toward life changes and expectation of fast rehabilitation, success of rehabilitation, patients in chronic hemodialysis, follow-up study, 10818
- Disability Seriousness Scale, effects of blindness in life activities, visually handicapped persons & college students, 10529
- early work challenge, job performance & professional contributions & competence, engineers, 13351
- experience vs judgment of values, 5216
- goal-setting & value orientations & life appraisals, transition to retirement, 2771
- Goethean culture of experience, aged, 5054
- hairstyles, life styles, 3035
- human consciousness model, 962
- identification methods, life style consistency, 3022
- individual isolation & loss of ties & aggressive ambitions & lack of significant life content, interpersonal relations of industrialized society, 1179
- Life Events Inventory, measurement of relative severity of psychosocial stressors, 7827
- life events, social readjustment, children, 572
- life history antecedents, psychiatric disorders of aging, 1174
- life history, ministerial success prediction, Seventh-Day Adventist ministers, 13361
- life record, changes in adjustment patterns & forms of dependency & experiences, male alcoholic, 1231
- life satisfaction correlates, aged, 12120
- life stress event, relapse during maintenance drug therapy, acute & chronic schizophrenics, 3668
- living style change, psychosis, 1167

- objectivity & deterministic thinking vs subjectivity & self-concept, understanding in social work, 6130
- psychosocial assets & life changes & asthma severity, need for high vs low steroid medication, chronic asthma patients, 10612
- quality of life & ability to improve quality, value perceptions, 5214
- recognition & constructive alternatives, frustration & oppression & stigma & cognitive dissonance, women, 5339
- self-reports of events of crucial importance during treatment, patients at treatment facility for alcoholism & drug addiction, 1466
- sequential analysis, intracareer mobility, 1943
- social vs sexual vs racial status, exposure to stressful life events & individual psychological distress, New York communities survey, 672
- stress of everyday life, serum uric acid & cholesterol & cortisol variability, male medical investigators, 11627
- stress potential of life events, severity of disability, 5515
- teacher involvement in negative life experiences, college students, replication of J. M. Branan's study, 8561
- teaching experiences in undergraduate adolescent psychology course, 1st-yr residents in psychiatry, 7-yr follow-up, 10225
- unexpected crises & failures to achieve various life goals, neurotic illness onsets, 3150
- victims, unconscious choice of ill-treatment as lifestyle, 3030
- work behavior & time urgency & life dissatisfaction, male survivors of a myocardial infarction from Finland vs Sweden vs US, 9931
- Life Style** [See Personality Processes]
- Light** [See Illumination]
- Liking** [See Affection]
- Limbic System** [See also Amygdaloid Body, Hippocampus, Olfactory Bulb]
- conditioning & extinction, unit activity in hippocampus & septum & entorhinal cingulate & subicular cortices, rats, 6895
- dopaminergic mesolimbic system brain lesions, mediation of cataleptic & antistereotypic effects of neuroleptic & nonneuroleptic agents, rats, 11726
- electrical stimulation of limbic system & midbrain reticular formation, short- & long-term memory, male rats, 418
- evoked potential method, limbic projections to ventromedial hypothalamus opossums, 301
- limbic electrode stimulation & involvement parameters, rewarding hypothalamic intracranial self-stimulation, male rhesus monkeys, 4661
- norepinephrine hydrochloride & prostaglandin E sub I stimulation of hypothalamus & limbic system, ingestive behavior, rats, 11700
- painful stimulation through monopolar electrode in dental pulp of I incisor, motor movements & respiration & vocalization following stimulation of septal area & related limbic structures, guinea pigs, 9445
- pharmaco-histochemical evidence of existence of dopamine nerve terminals in limbic cortex, rats, 6860
- sensory stimuli, single cell activity in septum, cats, 9310
- Limen** [See Thresholds]
- Linear Regression**
- linear regression analysis, estimation of number of factors in multiple factor analysis, 8968
- Linguistics** [See also Adjectives, Adverbs, Alphabets, Antonyms, Consonants, Form Classes (Language), Grammar, Homographs, Letters (Alphabet), Morphemes, Morphology (Language), Nouns, Orthography, Phonemes, Phonetics, Phonology, Pronouns, Psycholinguistics, Semantics, Sentence Structure, Sentences, Syllables, Syntax, Transformational Generative Grammar, Verbs, Vowels, Words (Phonetic Units)]
- age, comprehension & production of pronoun "it," 3-6 yr olds, 9806
- cognitive confusion, reading disorders, 3358
- comprehension of linguistic concepts requiring logical operations, learning disabled vs normal 7-11 yr olds, 8055
- dehumanization & moral inversion when language becomes dissociated from life or speaker action, 5292
- discriminatory practices in educational placement based on linguistic ability, 13246
- language as intervening variable between social structure & self-concept, interpretation of portions of B. Bernstein's sociolinguistics, 5303
- linguistic & extralinguistic variables, social perception of lying, college students, 10052
- linguistic aspects, amnesia & confabulation, military personnel, 5669
- linguistic format, subtraction word problem performance, educable mentally retarded children, 6349
- linguistic integration, criticism of M. Singer & S. T. Rosenberg's study, 6780
- linguistic properties, free recall of translated vs unrelated word pairs, Spanish-American high school dropouts & bilingual college students, 11521
- linguistic theory of N. Chomsky & his sociopolitical attitudes, implications for value-free linguistics, 2949
- linguistic theory, language acquisition, children, 618
- linguistics & language development, educational assessment, culturally different exceptional children, 13256
- Modern Language Aptitude Test & orienting intelligence test, measure of linguistic abilities, 11-13 yr olds, 7607
- neurolinguistic vs localization & nonlocalization theories, language & speech functions, 7612
- political vs linguistic conceptions, linguistic theory & language teaching & sociolinguistics, implications for black Americans, 2966
- psychological aspects of syntax & linguistic structures, 1969-1972 review, 5294
- syntax & contiguity & number of variables from paragraph, inference time, support for W. Kintsch & D. Monk's results, 11431
- task complexity & correlated vs orthogonal linguistic dimensions of word-nonword & consonant pronunciation, classification speed of trigrams in complex card sorting task, college students, 11411
- test validity, Huxley-Nebraska Test of Learning Aptitude as measure of linguistic & arithmetic reasoning, Japanese hearing-impaired children, 1335
- time of auditory persistence for highly encoded linguistic information & for unencoded nonlinguistic information in same acoustic stimuli, 2287
- word salience, guessing & recognition thresholds for words vs nonword linguistic units, college students, 10127
- Lipid Metabolism**
- high fat vs high-carbohydrate diet, electroconvulsive threshold & biochemical alterations, male rats in ketogenic diet model, 11560
- vagotomy, meal size of diets containing fat, male rats, 9422
- Lipid Metabolism Disorders** [See Amaurotic Familial Idiocy]
- Lipids** [See also Fatty Acids, Phosphatides]
- vagotomy, meal size of diets containing fat, male rats, 9422
- Lipoproteins**
- blood serum from schizophrenic patients, cellular lactate stimulation & tryptophan uptake, psychiatric patients, 3230
- Lipreading**
- lipreading training without lip movements as stimuli, visual discrimination of gliding rate difference, deaf students, 4080
- locus of control & evaluative style & incentive orientation, motivational correlates of lipreading, 5th & 6th graders, 10114
- stimulus angle & illumination & distance lipreading, 13-16 yr old profoundly deaf children, 10423
- visual perception of speech, role of lipreading in oral education, deaf children, review, 11033
- Listening** [See Auditory Perception]
- Listening Comprehension**
- acquisition of receptive vocabulary, 20-31 mo olds, 9853
- comprehension of anaphoric syntactic structures, 3rd & 4th graders, 9827
- expanded speech condition, speech intelligibility, blind vs sighted retardates vs nonretardates, 8009
- extra-auditory motor vs mental activity, perceived aural information, 5317
- functional dynamism of listening as inferential process, 2955
- intelligence & conservation & socioeconomic status & age & listening ability & vocabulary level & sex, mathematics achievement, 2nd & 3rd graders, 13180
- interpolated sentences, speech comprehension, aphasics, 8131
- literary narrative vs science vs social studies materials, listening comprehension, 6th graders, 13158
- proxemic distance & eye contact, listening comprehension, 4th graders, 8656
- standard vs black nonstandard English, dialect proficiency & auditory comprehension, black 2nd graders, 7609
- synecdoches as classroom technique, facilitation of creative thinking & language & listening skills development, 8700
- time-compression of monosyllables, intelligibility, normal-hearing Ss, extension of D. Beasley & S. Schwimmer & W. Rintelmann's study, 110

**Literacy**

socioeconomic & demographic variables, illiteracy rates, American 12-17 yr olds, 2776

**Literature** [See also Autobiography, Biography, Poetry, Prose]

"Inequality: A Reassessment of the Effect of Family and Aschooling in America" by Jencks et al, professional criticism, 1704

"The Trauma of Birth" of O. Rank, psychoanalytic theory in past 50 yrs, 5438

analysis of "Who's Afraid of Virginia Woolf?" & "The Zoo Story" & "A Delicate Balance", 2942

arson, review of psychological & psychiatric & creative literature, 5624

bibliographic control of social science literature, book, 2033

borderline personality organization symptoms & defense mechanisms, characters of Camus's "The Fall" and Dostoevsky's "Notes from Underground", 12421

creativity & heroic vs tender modes, fictional books written by women authors, 917

definite & informal language-related activity sequences using songs & rhymes & records & stories, language learning, blind preschoolers, 8667

Edith Wharton's literary work, masochistic character, 2953

Egyptian dialogue of man contemplating suicide with his soul, 2978

epilepsy in Plautus & Seneca & Apuleius writings, 1314

existential revelation of Dostoevsky, psychopathological study, 914

Heibreders "Seven Psychologies," examination of field of psychology, 6489

independent reality of evil psychic powers, mythology of evil, mental health implications of Western nonbelief, 5562

irredentist principle in politics, artistic creative impulses, Beckett's "Molloy", 2972

Jocasta's suicide in "Oedipus Rex," criticism of M. D. Faber's analysis, 7959

legitimate vs illegitimate interventions, suicide, Sartre vs Freudian viewpoints, 3313

literary analysis, Hamlet's character, 5306

literary materials, psychiatric education, 3086

literature published during 1784-1884, Freud's concepts of ego & unconscious, 11203

literature, psychiatric education, 3069

mental health concept, Plato's "Republic", 2042

personal language of subgroups, linguistic & literature review, 5288

premature ejaculation in Greek mythology, 12669

psychiatrist's response to writers, 2964

psychoanalysis, literary character, 2961

psychoanalytic analysis, Ishiwara Shintaro's "Season of the Sun" & postwar psychology of Japanese males, 2979

psychoanalytic interpretation of "Sleuth" & "The Royal Hunt of the Sun," personality traits & interaction of twin brother authors, 12254

psychoanalytic interpretation, "Madame Bovary", 2957

psychoanalytic interpretation, works of Thackeray & Stendhal & Eliot & Dostoevsky & Conrad, book, 2968

psychoanalytic interpretation, Clarissa Dalloway in Virginia Woolf's "Mrs. Dalloway", 12417

psychological concepts, writings of W. S. Hallaran, 10106

psychopathological antecedents & transformations, T. S. Eliot & "The Waste Land", 10137

racism in children's literature, review, 5066

reflections by Carl Rogers on his own work & its impact on psychology today, 4252

Reimarus's treatises on man's logic vs animals instincts, protest against Epicurean doctrine of evolution, review, 6491

sadism & tragedy in "Othello", 12411

science fiction short stories, teaching introductory psychology, 4238

self-confrontation with potential pain & destruction, tragic catharsis, Euripides' "The Bacchae" & Arthur Miller's "Death of a Salesman", 2983

sex & professional field of author, evaluation of author's article, American vs Israeli high school & college students, 8652

Shakespearean imagery, scopophilia & fears of ocular rape & castration, 2973

sibling number, negative behavior syndrome of only child, inferences from Zola's "Fecondite" & critique of research, 630

sources & causes & effects, Quentin Compson's neurotic character in William Faulkner's "The Sound and the Fury", 12409

story of Achilles as example of A. Adler's view & criticism, Oedipus complex, 3020

suicides in Shakespeare, application of E. Durkheim's theory, 5678

universal events of human infancy, psychohistory modes, works by J. Kovel & R. J. Lifton, 2043

use of psychological "master thriller" books embodying psychological based character development in graduate psychology curriculum, 5456

use of symbol & myth in Strindberg's "Inferno," coping with serious mental crisis, 5281

validity for occupational guidance, Holland's Self-Directed search, writers, 56

vocational development theory, examination of Chaucer's "Canterbury Tales", 12390

**Lithium**

acute vs subacute lithium, brain tryptophan & serotonin & 5-hydroxyindoleacetic acid levels, rats, 11759

chronic lithium chloride treatment, brain RNA composition & content & synthesis, rats, 4731

chronic vs acute administration of lithium chloride, brain choline & acetylcholine levels, mice, 471

contrasting vs same substance given days before & after lithium chloride injections, avoidance magnitude, rats, 9707

cycloheximide & puromycin & chloramphenicol & ouabain & lithium & copper, protein synthesis in crude mitochondrial & postmitochondrial & synaptosomal fractions of forebrain, chickens, 7060

exercise & pain-stress, renal clearance of sodium & lithium & potassium & creatinine, male rats, 4801

indications for & prescription of phenothiazines & lithium & antidepressants & megavitamins & amphetamines, 5890

iprindole & lithium, amine uptake in vascular tissue measured by norepinephrine release or tyramine sensitivity, depressed & manic-depressive patients, 8235

lithium & alpha-methyl-para-tyrosine, prevention of "manic" activity, female mice & rats, 7049

lithium & psychotherapeutic methods, manic-depressive psychosis, 8279

lithium & vs pheniprazine, brain serotonin metabolism, rats, 11807

lithium carbonate, EEG sleep, inpatients with affective disorders, 3664

lithium chloride administration, intravenous glucose tolerance & concomitant changes in serum insulin & electrolytes, patients with minor psychiatric disturbances, 3701

lithium chloride poisoning, taste-mediated conditioned aversion to exteroceptive stimulus, female rats, 4817

lithium chloride short-term administration, norepinephrine turnover & metabolism in brain, rats, comparison with data from longitudinal study of lithium carbonate treatment of mania, 7116

lithium chloride-induced toxicosis & long CS-UCS delays, conditioned aversion to amyl acetate vapor, rats, 9587

lithium ions & insulin, glucose utilization & glycogen synthesis & synthase, isolated rat diaphragm, 11751

lithium maintenance treatment, action & problems & contraindications, 8266

lithium prophylaxis, double-blind & open prospective studies, unipolar & bipolar patients with affective disorders, 8226

lithium therapy, plasma cortisol & erythrocyte Na-K ATPase concentrations, manic-depressive inpatients, 12914

lithium therapy, schizophrenia, 5947

lithium treatment, predicting clinical responses, male depressed inpatients, 5934

lithium vs apomorphine vs emetine, aversions to saccharin solution, male rats, implications for chemical aversion treatment of alcoholism, 7107

lithium vs psychological factors, premenstrual tension syndrome, 5956

lithium, adrenergic amine uptake in brain synaptosomes, male rats, 11770

lithium, effects on excitable membranes in mechanism of action & discussion of effect in manic-depressive disorders, 8232

lithium, excitable cell membranes & mechanism of inhibition of sodium pump of nonmyelinated nerve fibers, male rats, 9567

lithium, manic-depressive disorders, 1438

lithium, metabolic events in mechanism of action, patients with affective disorders, 8259

lithium, neurological & psychopathic phenomena, 33-yr-old male, 3702

lithium, prostaglandin E sub 1-stimulated adenylate cyclase activity of human platelets, 7132

- long-term lithium therapy, patients suffering from frequently recurring affective or behavioral changes, 5937
- long-term lithium treatment, weight gain, female rats, 4785
- long-term lithium, aggressive prisoners, 1485
- plasma vs erythrocyte measures, prediction of brain lithium concentrations, rats, 4738
- Lithium Carbonate**
- hypothyroidism side effects, lithium therapy, 3634
- lithium carbonate & electroconvulsive therapy, symptom display & catecholamine excretion, patients with affective disorders, 8254
- lithium carbonate therapy, schizo-affective patients, 8233
- lithium carbonate treatment, risk of thyroid disturbances, psychiatric patients, 5965
- lithium carbonate, exacerbation of psoriasis, 1446
- lithium carbonate, manic-depressive psychosis prevention & treatment & toxic reactions, 10641
- lithium carbonate, psychopathology & blood urea nitrogen & blood pressure & pulse rate, 45-yr-old with periodic cataplexy, 8270
- lithium carbonate, recurrent affective illness, manic-depressive & depressive patients, 5943
- lithium carbonate, thyroid iodine release, patients with manic-depressive illness, 8222
- lithium carbonate, treatment effectiveness, bipolar manic-depressive patients, 3642
- lithium carbonate, 27-72 yr old depressed patients, 8243
- lithium carbonates, EEG, male prison volunteers, 4788
- lithium chloride short-term administration, norepinephrine turnover & metabolism in brain, rats, comparison with data from longitudinal study of lithium carbonate treatment of mania, 7116
- single vs chronic doses of lithium carbonate, alpha & theta & delta activity & concentration in serum & red blood cells, manic & depressive 19-60 yr olds, 12935
- Liver**
- environmental stimulation, amount of radioactive fucose incorporated into glycoproteins of brain & liver, male mice, 9388
- hydroxymecaine & beta-phenylethylamine & 2,3,4,5,6-pentamethoxyphenylethylamine & 2,4,5-trimethoxyphenylethylamine, behavioral activity & physiological disposition in brain & liver & plasma, male rats, 11725
- imipramine & desipramine, lung & liver & brain monoamine oxidase, rabbits, 9572
- levo- & dextrohexobarbital, volume of distribution & metabolic clearance constant in same intact & isolated liver, rats, 11721
- levodopa & pyridoxine, cystathionine levels in brain & liver & kidney, male rats, 9492
- methadone oral administration, hepatic microsomal mixed function oxidase activity, male mice, 11781
- Liver Disorders** [See also Cirrhosis (Liver), Hepatitis]
- EEG abnormalities & neuropsychic disturbances & blood ammonia, patients with hepatic encephalopathy, 10480
- Lizards**
- display reactions to intruder, territorial male lizard, 546
- EEG & electro-oculographic study, sleep & wakefulness, iguana lizards, 11567
- gonadal state, behavioral correlates, lizards, 2347
- open habitat vs forest, behavioral thermoregulation, lizards, 9763
- reproductive influences, behavioral thermoregulation, lizards, 343
- Lobotomy** [See Psychosurgery]
- Local Anesthetics** [See also Cocaine, Lidocaine, Novocaine, Quinine]
- dantrolene sodium vs diazepam vs chloridazepoxide vs neuromuscular blocking agents vs local anesthetics, righting reflex loss & acute toxicity & motor coordination, male mice treated with morphine sulphate, 11736
- Localization (Perceptual)** [See Perceptual Localization]
- Localization (Sound)** [See Auditory Localization]
- Locus of Control** [See Internal External Locus of Control]
- Logic (Philosophy)**
- formal & informal logic & logical structure of science, 2240
- problem of fit for theoretical elements of concepts & propositions & deductive inferential forms & models, 41
- Logical Thinking**
- acceptability of key axiom underlying expected utility theory, L. J. Savage's independence principle, 2268
- age, use of binary operations of truth-functional logic, 9 & 12 & 16 yr olds, 2695
- Butch & Slim Game vs Shape Game, testing logical thinking, 6th & 8th & 10th & 12th graders, 622
- code of written language in learning to read, achievement of logical thought & expansion of mental capabilities, 2247
- culture, logical thinking & degree of emotional disturbance, normal Mexican & US Anglo-American children, 5565
- description in terms of distinctive-feature-transition count, abstract logical structure of family relationship problems, college students, 224
- educational background & religious beliefs & consideration of entering psychotherapy, irrational beliefs, male prison inmates, 5650
- formal & informal logic & logical structure of science, 2240
- formal axiological approach to value measurement, Hartman Value Inventory, 5280
- instruction processes which facilitate growth, teaching logical thinking, 2259
- intelligence & logical sequencing & short-term memory & hypothesis testing, concept problem solving, mildly retarded children, 10437
- involution transformations of propositional logic, 221
- philosophically oriented curricular framework, logical reasoning ability in science education, 2242
- Piaget's cognitive structures, analysis of logical reasoning, young children, 9621
- psychology & logic, "thinking" vs "instinct", 4233
- search procedure vs rule learning vs complete learning & conditional vs conjunctive concepts & instructions, utilization of implication & disjunction & tautology relationships in concept learning, army recruits, 11460
- Logotherapy**
- logotherapy methods, application in small sharing groups, 10681
- Loneliness**
- assembly-line environment stress, emotional distress of unrelatedness & loneliness & boredom & life- & work dissatisfaction, automobile workers, 4170
- emotional & social isolation, loneliness, book, 2306
- subjective experience of loneliness, normals vs neurotics, 7831
- Long Term Memory**
- benactyzine, short- & long-term memory, cats & dogs, 2480
- context provided by rest of list, retrieval of repeated item embedded in changing lists, college students, 6772
- cycloheximide & puromycin & chloramphenicol & ouabain & lithium & copper, protein synthesis in crude mitochondrial & postmitochondrial & synaptosomal fractions of forebrain, chickens, 7060
- details, long-term recognition of pictures & verbal descriptions, college students, 244
- developmental & sociocultural aspects of imagery, picture-word paired-associate learning & recall, middle- vs lower class Anglo- vs Spanish-American children, 9803
- discriminability of stimulus sets, scanning for similar & different material in short- & long-term memory, college students, 4468
- distracting activity preceding & following to-be-remembered item, short- & long-term free recall, college students, 9208
- electrical stimulation of limbic system & midbrain reticular formation, short- & long-term memory, male rats, 418
- evaluation apprehension, memory over intervals of varying length, female college students, 9229
- high- & low-imagery nouns, long-term retention in incremental free recall & paired-associates learning & cued & noncued recall of noun pairs, college students, 6763
- hyoscine vs atropine, free-recall word learning & number-color association & scanning, long-term vs short-term memory, humans, 11728
- imagery, long-term retention of concrete & abstract words, 11449
- incentive-induced rehearsal of input items & information of delayed memory test, negative recency in immediate & delayed recall in serial learning, college students & paid volunteers, 11498
- input sense modality & grouping, long- vs short-term storage, 4450
- instructions to use relational imagery coding strategy vs rehearsal, preventing distractor task vs no activity during retention interval, information transfer from short- to long-term memory, college students, 9242
- interspersing questions in written instructional passage, short- & long-term retention, college students, 6242
- long-term memory for events occurring during interval, experience of duration of interval in retrospect, college-age Ss, 6765
- long-term retention of trained rehearsal strategy for keeping-track nonretardates vs untrained moderately retarded adolescents, 7996

- long-term vs short-term memory, impression formation, college students, 11514
- recognition time for words in short-term vs long-term vs both memory stores, female college students, 9243
- retention functions for syntactic & lexical vs semantic information, sentence recognition memory, college students, 11478
- retrieval practice & predictability of recall delay, long-term retention, college students, 4452
- RNA & protein, long-term memory, 4473
- S control of order of presentation & recall trials, time to criterion learning & long-term retention, college students, 2237
- sentence context, stability of phonemic & semantic memory, college students, 4474
- sentences isolated vs embedded in paragraph context, immediate vs delayed memory of verbatim images vs propositional representations of sentences, college students, 6757
- time perspective, immediate & short-term & permanent memory, 11503
- visual fixation to novel vs previously exposed stimuli, delayed recognition memory & forgetting, 21-25 wk olds, 2642
- word abstractness-concreteness & imaginal & verbal mediators, acquisition & retention of mnemonic information in long-term memory, college students, evaluation of A. Paivio's associative learning theory, 257
- 2,6 diamminopurine given intracisternally, reduction of RNA synthesis & prevention of long-term memory formation, rats, 9439
- Longevity** [See Aged, Physiological Aging]
- Longitudinal Studies**
- alcohol & drug use, college students, longitudinal study, 2823
- assessment of abilities & interests by career officers, career continuation, 15-yr-old school-leavers, longitudinal study, 8770
- background variables, long-term adult outcome, adolescent schizophrenics, 7892
- Bayley Scales of Infant Development & Stanford-Binet Intelligence Test, predictive power in relatively constant environment, children in day-care center, longitudinal study until 36 mos of age, 12044
- Bayley's Infant Behavior Record scores, male vs female twins at 3 vs 6 vs 9 vs 12 vs 18 vs 24 vs 30 mo old, 7282
- childhood environment, psychological adjustment, middle aged males, 12122
- College & University Environmental Scales, changes in perception of college, college students, longitudinal study, 8548
- college impact, civil-libertarianism & integration of political perspective, college students, longitudinal study, 8539
- continuities in & correlates of intellectual & social & personality development, longitudinal study, birth to 40 yrs & preadolescence to 50 yrs, 574
- cross-situational & longitudinal stability, social-emotional functioning assessed in kindergarten & 1st & 2nd graders, children, 12069
- demographic characteristics & social influences, choice of colleges, longitudinal survey of high school seniors, book, 1758
- Depression Adjective Check Lists, sensitivity to depressive mood changes, psychiatric patients, 12-mo study, 12614
- developmental history & diagnosis & treatment, autistic child, 5550
- developmental schedule of puberty, learning & ego functioning, 2704
- early individual need differences, developmental achievements, infants, 11987
- early test data & school & environmental & sociometric information during 1st grade & for 6 consecutive years, usefulness as precursors of personal adjustment 9 yrs later, 9860
- evaluation using B. F. Green's index of consistency, ordinality of subtests of sensorimotor series, longitudinal sample of infants at 9 & 12 & 15 & 18 & 20 mo of age, 11983
- excess disabilities, mentally impaired institutionalized elderly women, longitudinal study, 3096
- group dynamics on psychotherapeutic ward, sociometric longitudinal studies, 10843
- haloperidol, therapeutic process, acute schizophrenics, longitudinal study, 5959
- improvement in behavior over 4-yr period, deaf-blind girl in residential school, effectiveness of special education programs, 8696
- initiation of contacts, seeking counseling, college students, longitudinal study, 6400
- inpatient treatment program & outcome, autistic & schizophrenic children, 3898
- institution characteristics & student outcomes, College Science Improvement Program, college students, longitudinal study, 10912
- IQ & field dependence & intellectualization, primary process responses & adaptive regression on Rorschach Test, males at ages 14 & 24 yrs, longitudinal study, 12075
- language & laterality & logical thinking & conservation, mental development, deaf children, longitudinal study, 8083
- longitudinal rates of admission to state mental hospitals, counties with vs without mental health clinics, 13041
- medical-practice career choice, 1967 & 1968 vs 1972 medical students, 12536
- motor training & remedial education, spatial structuration & body schema problems, premature children, longitudinal study between ages of 4 & 11 yrs, 6344
- National Longitudinal Study of Mathematical Abilities measures, prediction of success in geometry, low vs high geometry achievers, 13207
- natural observation of postures & gestural behavior, manual dexterity development, 6-24 mo old Senegalese children, longitudinal study, 4962
- occupational vs ideological vs achiever status identification, development from freshman to senior year, college students, 9872
- Piagetian formal operations vs standard Binet-type intelligence tests, predictive power & validity for scholastic achievement, French high school students tested for 3 yrs beginning in 1st yr, 2682
- predicting sensory-integrative dysfunction, infants, review, longitudinal study, 5696
- preschool developmental rating scale, predicting success in elementary school, 4-5 yr olds, longitudinal study, 6379
- qualitative & quantitative longitudinal factor analysis, behavioral changes in mental abilities, 9136
- racial & sex differences, changes in social distance over time, white vs black students at liberal arts college vs nonresident urban university vs technological school, 10088
- retrospective reports of changes in job satisfaction & communication & coordination, registered nurses, 8847
- sex & catchment area differences, incidence & persistence of behavior problems over 2 yrs, school age children, 3284
- sex & social class, school behavior & adjustment, 7 yr olds, longitudinal study, 6313
- social & educational problems during development, autistic children, 5607
- social mobility, infants born 1st wk March 1946, Great Britain, longitudinal study, 9951
- thalidomide deformities, cognitive development, 17 mo-3 yr olds, 6 yr longitudinal study, 8101
- urinary excretion of catecholamines & their metabolites, 60-yr-old male with periodic catatonias, 4-yr longitudinal study, 7912
- validity of transfer & learning tests, predicting individual differences in academic achievement, secondary schools, 11060
- Large Thorndike Intelligence Test**
- predictive validity, Large-Thorndike Intelligence Tests as measure of academic success, 1st & 5th grade West African students, 1933
- Loudness** [See also Noise Levels (Work Areas)]
- auditory frequencies equated for loudness, differential effect on arousal from sleep, male college students, 9356
- curve similarity with basilar membrane displacement functions, cochlear microphonic magnitude functions at constant sound pressure level & constant stapes displacement & velocity, guinea pigs, 9288
- exponentially decaying oscillatory waveform, equal loudness measurements over frequency range, 12-15 yr olds, 9069
- intermittent & continuous broad band noise & continuous noise with ear protection, choice reaction time, housewives & professional males, 4324
- loudness, persuasion in counseling, 6087
- repeated attendance to loudly amplified pop music sessions, temporary hearing losses, 13-17 yr olds, 8138
- stimulation producing shifts in threshold of 10-20 db, damage to organ of Corti, chinchilla vs man or monkey, 4326
- stimulus loudness & attention bias, perception lag & simple reaction time, Royal Navy men, 4375
- Loudness Discrimination**
- interaural phase reversals, evoked potential correlates, female college students, 9067
- monaural vs binaural listening & tone duration, loudness of brief tones, patients with sensorineural hearing loss, 5743

regression effect & individual power functions over repeated sessions, cross-modality matches of loudness to apparent time duration, 9030

**Loudness Perception** [See also Loudness Discrimination]

ascending vs descending measurement methods, comfortable loudness levels for pure tones, normal-hearing adults, 127

auditory frequencies equated for loudness, differential effect on arousal from sleep, male college students, 9356

aural masker level, growth of loudness, college students, 6597

exponentially decaying oscillatory waveform, equal loudness measurements over frequency range, 12-15 yr olds, 9069

running average hypothesis, application to temporal summation of loudness & delayed perception of brief stimulus onset & offset, application to visual modality, 9062

similarity & difference estimates, nonmetric scaling of loudness & pitch, 18-28 yr olds, 9056

**Loudness Threshold** [See Auditory Thresholds]

## Love

action-oriented exercises to promote growth & openness & awareness & need satisfaction in love-relationships, book, 2890

attitudes toward romantic love, adolescents, 10079

existential philosophy, sexual relationships & love & marriage, book, 12263

interrelationship between love & sexuality & religion, college students, 707

psychological & sociological aspects, love, symposium papers, 820

## Lower Class

ability to use verbal information to facilitate learning, high- vs low-socioeconomic status 2 yr olds, 606

acceptance & severity ratings of /s/ & /r/ articulations of 6-9 yr olds with articulation disorders, lower- vs middle- vs upper socioeconomic groups of Os, 10100

age & sex differences, recall & knowledge & preference for masculine & feminine items, 5- & 8-yr old white children from working- & middle-class families, 9867

age, development of English morphology, low socioeconomic black preschool & kindergarten children & 1st & 5th & 8th graders, 7293

developmental & sociocultural aspects of imagery, picture-word paired-associate learning & recall, middle- vs lower class Anglo- vs Spanish-American children, 9803

differentiated socialization, play, children, 640

ethnicity, observational study of teaching behavior used by mother, middle- & lower-class Anglo-American & English- & Spanish-speaking & bilingual Mexican-American & English- & Chinese-speaking Chinese-American mothers & their 3-yr-old sons, 12107

fluid & crystallized intelligence, middle vs low socioeconomic status elementary school children, 6678

geometric figures, concept identification & information processing, male vs female lower- vs middle-class white kindergartners vs 1st vs 2nd graders, 2690

home environment & parent-child relationships, poor school performance, lower-class black children, 6328

home learning environment, verbal & number & spatial & reasoning ability test scores, middle- & lower-class 11-yr-old boys, 3914

improving appearance, teacher's acceptance of student & unacceptable school behavior & favorable feeling toward self & others, female 7th graders of low socioeconomic status, 2699

interest & motivations of therapeutic personnel, psychotherapy outcomes, adult low-income patients, 3608

knowledge of affect terms & social class, emotional development, middle vs working class 6th graders, 7346

language imitation & comprehension & free production of standard & nonstandard English, black & white 5 & 8 & 10 yr olds from low & middle socioeconomic backgrounds, 7313

learning program based on motivating forces & methods used & role of goal or purpose in life, moral judgment development, 5th & 6th graders of low & middle-class areas, 12099

locus of control, premaritally pregnant junior & senior high school students from middle-class white vs lower-class black families, 5391

low socioeconomic status, classification of geometric forms on basis of perceptible likenesses & differences, 5th & 8th & 11th graders, 9840

medication maintenance resocialization program developed by nurses, lower socioeconomic psychiatric outpatients, 1678

multi-ethnic social studies materials & experiences, attitudes towards self & whites, 4-yr-old urban black children of low socioeconomic status, 11031

pathological nature vs by-product of adjusting to lower-class life style, aggressiveness, English working-class adolescents in depressed neighborhood, 709

perceptual-motor functioning, school achievement, lower-class black 5th graders, 8643

personal appearance self-evaluation, total self-concept, male vs female high school juniors from lower class families, 2703

racial differences, newspaper reading habits, blacks & low income white adults over 16 yrs old, 12419

relation between ethnic self-hatred & psychopathology, psychotic lower-income educationally deprived blacks, 5525

sex & home stability & parent educational level, intelligence, low socioeconomic class black 4-7 yr olds, 2681

social class, intellectual level & perceptual style, school age children, 12011

socioeconomic status, variations in item difficulty, 4th & 6th & 8th grade black & white ghetto & middle class students, 9134

verbal ability & hierarchical structure & role expectations, family problem solving, middle- vs working-class families, 10045

welfare vs middle-class only vs mixed training groups, training parents as behavior modifiers, parents of 10-mo-old to 6-yr-old children, 10725

Wisconsin Card Sorting Test concept identification, male vs female lower- vs middle-class kindergartners vs 1st vs 2nd graders, 6394

## Lower Income Level

feelings of powerlessness, social activism on campus, low socioeconomic college students in compensatory education program, 7452

increased medical & psychological & social risks, interdisciplinary community services program, low-income pregnant adolescents, 3818

middle vs working-class vs lower incomes, life style, black families, 901

multiple- vs single-mate pattern, coping with poverty, women of lowest economic class in rural Dominican village, 7440

participant group method, parent childrearing skills & role in children's language development, Head Start parents, criticism of P. Wohlford's study, 12868

participant group method, parent childrearing skills & role in children's language skill development, Head Start parents, 12869

participant group methods, parent childrearing skills, Head Start parents, criticism of P. Wohlford's study, 12973

participation groups, childrearing problems, lower income parents, criticism of P. Wohlford's article, 12848

perception of time & aspiration level & expectancy of success, lower-class black college students, 7685

psychiatrist's role, neighborhood health center chiefly serving low-income Mexican-Americans, 12998

public acceptance & use of neighborhood health centers, low-income female heads of household, 3489

therapists' attitudes toward treating low-income patients & patients' attitudes & expectations concerning therapy, attrition rates & treatment outcome, 10588

use of & attitudes toward neighborhood health care services & physicians, heads of household in low income housing projects, 3488

**LSD (Drug)** [See Lysergic Acid Diethylamide]

**Lumbrosacral Plexus** [See Spinal Nerves]

**Luminescence** [See Illumination]

**Luminance Threshold** [See Brightness Perception, Visual Thresholds]

## Lung

imipramine & desipramine, lung & liver & brain monoamine oxidase, rabbits, 9572

**Lung Disorders** [See also Pulmonary Tuberculosis]

corticosteroid & immunosuppressive therapy, neurological & psychological manifestations of systemic Wegener's granulomatosis, 59-yr-old man, 12882

**Lying** [See Deception]

**Lymphatic Disorders** [See Blood and Lymphatic Disorders]

## Lymphocytes

blood serum from schizophrenics vs normals, support for growth of human HeLa S3 cells in F-10 nutrient medium, 4583

cellular immunity, pathogenesis of amyotrophic lateral sclerosis & parkinsonism-dementia, Guamanian patients, 12796

## Lysergic Acid Diethylamide

acute & chronic LSD & 3,4-dimethoxyphenylethylamine, shuttlebox escape-avoidance, male rats, 9583

attitude towards personal vs societal control of alcohol & tobacco & marihuana & amphetamines & barbiturates & LSD & heroin,

- teachers & college students & treatment & rehabilitation personnel, 12199
- attitudes towards police & pushers & amphetamine & marihuana & heroin & LSD use, drug addicts vs staff of drug treatment agencies vs graduate students in social work, 5644
- clinical & social aspects, effects of LSD, literature review, 480
- cosmological & ontological questions, history of LSD & other psychedelic drug use, 2828
- cyproheptadine & methysergide & atropine & naloxone, stimulus discrimination of morphine & LSD, rats, 11753
- cyproheptadine vs LSD, hyperthermia, rabbits pretreated with 5-hydroxytryptamine & noradrenaline & dopamine, 11761
- delta-9-tetrahydrocannabinol & LSD-25 & scopolamine, continuous & spontaneous alternation in Y maze, rats, 2431
- dextro-LSD dosage, discriminability from no drug vs mescaline vs psilocybin, rats, 449
- dextro-lysergic acid diethyl amide, learning & audiogenic seizure susceptibility & memory, mice, 4791
- dimethyltryptamine vs LSD, cortical EEG & electrooculogram & EMG & observed behavior in testing for tolerance, male cats, 2438
- hallucinogenic & nonhallucinogenic indolealkylamine & phenethylamine derivatives, motor activity & avoidance behavior acquisition, male rats, 9590
- hallucinogenic drug-use patterns & objectives, hard vs soft drug using college students vs nonusers, 7485
- LSD vs schizophrenic experiences, high school vs university students vs young schizophrenics, 5621
- LSD-25 & methysergide, cerebral & platelet serotonin levels, rats, 7127
- LSD, apomorphine-induced locomotion, rats pretreated with BOL-148 or methysergide or parachloroamphetamine, 9509
- LSD, auditory perception of tones at different frequencies, male rats, 7052
- LSD, lack of chromosomal damage or congenital defect, children of users, 10483
- LSD, levels & turnover rates of brain serotonin & norepinephrine, rats, 4784
- LSD, simple instrumental conditioning & extinction & discrimination learning, male rats, 7109
- perceptual differences, non-drug using college students vs hippies who used LSD, 671
- reasons for & frequency of hallucinogenic drug use, 7th-12th graders & college students, 702
- suggestive-persuasive methods, eliciting effects of LSD from placebo, 472
- tranquilizing agents & brain monoamines, enzymatic dealkylations of LSD, rats vs guinea pigs vs rabbits, 9560
- visual hallucination content, 25-45 yr olds under influence of LSD & other drugs vs mental patients, 2474 60 M
- Magazines**
- analysis of occupational characteristics of female fiction characters in women's magazines, 10112
- criteria for magazine space buying, ranking by media buyer sample, 944
- nature & frequency of drugs content, magazines & TV, Canada, 938
- published material in "Adult Education" journal from 1974-1973, accurate reflection of changes within discipline, 6279
- Magical Thinking**
- possible validity of ancient magical practices, testing by anthropologists, 2778
- principles of prestidigitation as method, child psychotherapy, 3595
- Magnesium**
- magnesium deprivation, epileptiform seizures, 60-day-old gerbils, 6944
- Major Tranquilizers** [See Neuroleptic Drugs]
- Maladjustment (Emotional)** [See Emotional Adjustment]
- Maladjustment (Social)** [See Social Adjustment]
- Malaria**
- novel environment & electric shock as noxious stimulation, day of death following inoculation producing malaria, mice, 380
- Male Animals**
- alpha-methyl-19-nortestosterone 17-(1-adamantate), sexual activity, castrated male rabbits, 2377
- androgen treatments, sexual behavior, male hamsters, 2428
- androgens, developmental & concurrent effects on aggression-eliciting qualities of male opponent mice, mice castrated at birth vs weaning vs maturity, 4621
- androgens, restorative effect on copulatory behavior following castration, male hamsters, 2488
- attack & defense reactions in reproductive interactions, male locusts, 11934
- beta-ecdysone vs inokosterone vs ponasterone A vs cyasterone, sexual & other behavioral responses, male lobsters, 2576
- castration at different intervals after birth, copulatory behavior, male hamsters, 2405
- cis-9-tetradecenal & cis-11-hexadecenal from female tobacco budworm moth extracts, mating behavior disruption, male moths, 9570
- concaveation & neonatal androgen treatment, maternal responsiveness, lactating females vs gonadectomized male & female rats, 11800
- cyproterone acetate, copulatory behavior & cloacal gland size, male quails, 4706
- dihydrotestosterone, sexual behavior, castrated male rhesus monkeys, 11797
- environmental conditions & castration, urine marking & sexual behavior, male dogs, 11926
- estradiol benzoate vs testosterone propionate in combination with estrogen antagonist ethamoxtriphetol, lordosis behavior, castrated vs intact male rats, 4625
- estrogen & dihydrotestosterone, sexual behavior, castrated male rats, 2457
- estrogen, sexual behavior activation, male rats, 2482
- exposure to varying numbers of conspecific eggs, induction of parental behavior, male blue gouramis, 535
- female partner absence, ejaculatory behavior, male rhesus monkeys, 2592
- female partner, ejaculation, male rhesus monkeys, 2593
- feminine saccharin preference, genetically androgen insensitive pseudohermaphroditic male rats, 2363
- group changing behavior, free-ranging male rhesus monkeys, 9725
- hypothalamic lesions, subsequent ineffectiveness of sexually arousing stimulation in inducing copulation, male rats, 6969
- intermittent electric shocks, copulatory behavior, male rats, 7251
- intracranial implants of testosterone propionate, intermale aggression-eliciting male mice, 4623
- male courtship behavior, American vs European varieties of 3-spined sticklebacks, 550
- male pairs, rearing normal male & female infants, monkeys, 7242
- male role, guarding young, mongooses, 7250
- medial preoptic-anterior hypothalamic lesions, mating behavior, male cats, 411
- neonatal exposure to androgen, maternal & sexual behavior, male rats, 4773
- novel & familiar social & environmental stimuli, urinary marking, male house mice, 11932
- parental care, growth & development, young California mice, 11919
- paternal & maternal parental behavior, mice, 11918
- presence of babies, male-male interactions & reduction of likelihood of aggression, wild Barbary apes, 11943
- progesterone, temporary inhibition of sexual behavior, male mice, 2432
- removal of dominant males from booming ground social organization, reproduction & aggressive behavior & territoriality, prairie chickens, 4892
- repeated peripheral electric shock, copulatory performance, male rats, 11660
- role of dominant male, captive group of pigtail macaques, 9751
- testicular & ovarian hormones, urinary frequency & posture, male vs female dogs, 11713
- testosterone & androstenediol & androstenedione, initiation of mating behavior, inexperienced castrated male rats, 4619
- testosterone & dihydrotestosterone, sexual behavior, prepuberally castrated male rabbits, 2419
- testosterone & its metabolites, differential effectiveness in induction of male sexual behavior, castrated mice, 2459
- testosterone levels, persistence & search between food colors, young & adult male chickens, 4789
- testosterone propionate & dihydrotestosterone, penile morphology & sexual reflexes, spinal male rats, 2376
- testosterone propionate vs castration, frog-killing behavior, male rats, 9384
- withdrawal & replacement of gonadal androgen, male mammalian sexual & aggressive & scent marking behavioral patterns, literature review, 11750
- Male Castration**

alpha-methyl-19-nortestosterone 17-(1-adamantoate), sexual activity, castrated male rabbits, 2377  
 amantadine, penile erection & ejaculation, castrated vs intact male rats, 9484  
 androgen, fighting behavior, gerbils, 2371  
 androgens, restorative effect on copulatory behavior following castration, male hamsters, 2488  
 castration & testosterone propionate, hoarding behavior, female vs male gerbils, 2379  
 castration at different intervals after birth, copulatory behavior, male hamsters, 2405  
 castration at postpartum Day 1, aggressive behaviors, male vs female rats, 9407  
 castration, neural afferent responses from penis, male cats, 402  
 dihydrotestosterone, sexual behavior, castrated male rhesus monkeys, 11797  
 early castration & subsequent septal lesions, developmental and hormonal aspects of increased emotionality, male rats, 421  
 environmental conditions & castration, urine marking & sexual behavior, male dogs, 11926  
 estradiol benzoate vs testosterone propionate in combination with estrogen antagonist ethamoxypiphetol, lordosis behavior, castrated vs intact male rats, 4625  
 estrogen & dihydrotestosterone, sexual behavior, castrated male rats, 2457  
 estrogen, sexual behavior activation, male rats, 2482  
 intracranial implants of testosterone propionate, intermale aggression-eliciting male mice, 4623  
 intrahypothalamic implantation of estradiol benzoate, feeding behavior, gonadectomized female & male rats, 9412  
 lateral hypothalamic lesions & castration, body weight & composition, male rats, 9450  
 neonatal androgen, sexual dimorphism in neuropil of preoptic area, rats, 477  
 pre- & postpubertal castration & subsequent replacement therapy, differential responsiveness in intermale aggression, male mice, 2380  
 testosterone & androstenediol & androstenedione, initiation of mating behavior, inexperienced castrated male rats, 4619  
 testosterone & dihydrotestosterone, sexual behavior, prepuberally castrated male rabbits, 2419  
 testosterone & its metabolites, differential effectiveness in induction of male sexual behavior, castrated mice, 2459  
 testosterone propionate vs castration, frog-killing behavior, male rats, 9384  
**Male Criminals**  
 aggression control, depression & suicide & introversion, male murderers, 10395  
 cross-validation, MMPI scales of aggression, male criminals, 7935  
 demographic characteristics, males indicted for capital offense in Massachusetts during 1965-1969 vs males in 1960 US census in state, 12668  
 educational background & religious beliefs & consideration of entering psychotherapy, irrational beliefs, male prison inmates, 5650  
 fingerprint patterns & ridge counts, criminal conviction, sex criminals vs males convicted of violent crimes vs noncriminals, 1239  
 typological & dimensional study, male prisoners, 12705  
**Male Delinquents**  
 aggressiveness, attitudes toward physically disabled, male juvenile delinquents vs normal males, 3295  
 demographic characteristics & rating data, juvenile offenders in prison for young men, 7956  
 enuresis & fire setting & animal cruelty, violent behavior prediction, male adolescent delinquents, 12713  
 family circumstances, delinquent & nondelinquent 11-14 yr old boys, 7977  
 female-based households & matriarchal families, compulsive masculinity, delinquent males, 10413  
 forced vs regular release from correctional institution due to disruptive behavior, delinquent boys, 13025  
 group counseling, prison adjustment, 16-21 yr old male delinquents, 6055  
 group therapy, 14-17 yr old severely delinquent boys, 5979  
 hostile verb use, 17-21 yr old male prisoners with single vs multiple offenses, 10378  
 observations of male delinquent 8th & 9th graders, VISTA volunteer, 10383

parental morality, juvenile delinquency, male delinquents & mothers, 7951  
 WISC & WAIS scores, Anglo vs Black vs Chicano delinquent boys, 10405  
**Male Genital Disorders** [See Klinefelters Syndrome]  
**Male Genitalia** [See Penis, Testes]  
**Male Homosexuality**  
 age & income & personality, voluntarily taking part in experiments, male homosexuals, 5333  
 attitudinal differences, heterosexually vs homosexually oriented males & covert vs overt male homosexuals, 7968  
 aversive shock therapy, male homosexuals, 6039  
 behavior modification, sexual disorders, 3 case histories, 6005  
 client-centered therapy, personality change, male prisoner, 8176  
 covert reinforcement & sensitization, male homosexuality, 3723  
 covert sensitization modified by addition of valeric acid, male homosexuals, 8343  
 demographic characteristics, college & noncollege male homosexuals, 2826  
 desensitization & aversion & contraction-breathing technique, sexual arousal to homosexual stimuli, 13-25 yr old homosexual males, 12945  
 early recollections, homosexual lifestyles, male homosexuals, 5122  
 electric aversion therapy, sexual reorientation, male homosexual with Klinefelter abnormal sex chromosome, 10721  
 fallacy of value-free psychotherapy & empty organism, discussion of R. J. Kohlenberg's case report of homosexual pedophilia, 10600  
 feminine gender identity & homosexual development & heterosexual experience, homosexual transsexual males, 7938  
 gender & erotic identifications & sexual repression & personality & psychosexual & social development, women married to homosexual men, 5555  
 Homosexuality scale of J. H. Panton, distinguishing active vs situational homosexuality, inmates, 5652  
 in vivo desensitization, 34 yr old male homosexual pedophile, 10701  
 in vivo desensitization, 34-yr-old male homosexual pedophile, critical evaluation of R. J. Kohlenberg's case report, 10676  
 incremental fading of nude female into nude male slide image, heterosexual responsiveness, 27 yr old male homosexual, 3747  
 loss of father & father-son relationships, transsexual vs nontranssexual homosexual males, 5631  
 measuring feminine gender identity, homosexual males, 12455  
 original scoring system vs J. P. Phillips's modifications, Sexual Orientation Method, normal & homosexual males, 1244  
 penile volume responses to male vs female nudes, homo- vs heterosexuality, transsexuals, 12662  
 plasma testosterone & estradiol levels & semen analysis, male homosexuals, 3292  
 plasma testosterone levels, heterosexual vs homosexual men, 1192  
 plethysmographic vs strain gauge measurement, penile responses during aversive & appetitive conditioning, homo- vs heterosexuals, 11618  
 responses to Menninger Word Association Test, male homosexuals vs heterosexuals, 10144  
 serum testosterone levels, 22-40 yr old male homosexuals in psychotherapy, 1189  
 sexual fantasy modification, reduction of deviant sexual behavior, male homosexuals & fetishists & rapists & pedophiles, 8344  
 spontaneous change to heterosexual orientation, homosexual 26-yr-old male, 2839  
 treatment of homosexual pedophilia & issue of values in psychotherapy, comment on R. J. Kohlenberg's case study, 10570  
**Male Orgasm** [See also Premature Ejaculation]  
 amantadine, penile erection & ejaculation, castrated vs intact male rats, 9484  
 female partner absence, ejaculatory behavior, male rhesus monkeys, 2592  
**Males (Human)** [See Human Males]  
**Malnutrition** [See Nutritional Deficiencies]  
**Mammals** [See also Baboons, Bats, Cats, Cattle, Chimpanzees, Chinchillas, Dogs, Dolphins, Gerbils, Goats, Gorillas, Guinea Pigs, Hamsters, Horses, Kangaroos, Marsupials, Mice, Minks, Monkeys, Norway Rats, Opossums, Pigs, Porpoises, Primates (Nonhuman), Rabbits, Rats, Rodents, Seals (Animal), Sheep, Squirrels, Wolves]  
 artificial scent marks from subauricular gland vs synthesized compounds corresponding to extract, responses, male pronghorns, 2620

- bandwidth limitations, analysis of cetacean sounds, comment on K. J. Diercks & R. T. Trochta & W. E. Evans's results, 9613
- double exposure to intense pure tones of 4-25 kHz, localized damage to cochlea, mammals, 6951
- ecology, social organization, African antelope species, 7235
- evolutionary perspectives, function of optic tectum, frogs & mammals & vertebrates, 4527
- hair changes in dark laboratory environment with artificial diet & upon sunlight exposure, tree shrews, 6911
- low false-alarm rates in signal detection, marine mammals, 9769
- male role, guarding young, mongooses, 7250
- methods of establishing & defending territories, social behavior & structure, antelopes, 529
- optic nerve stimulation, evocation of short-latency telencephalic field potentials, sharks, 401
- sound production & adaptive beam-forming & scanning, echolocation, small-toothed whales, 554
- Mammary Glands**
- pressure-sensitive radio-pill, intramammary pressure measurement, anesthetized & conscious rats, 6919
- Mammary Bodies (Hypothalamic)** [See Hypothalamus]
- Man Machine Systems**
- aid to mixed-initiative information system use in computer-aided training & decision making, NET-SCHOLAR, 4133
- American standard procedures, comfort & attenuation performance evaluation of off-the-shelf vs wearer- vs custom-molded ear-protectors, 8871
- automation, management of change, guidelines for human engineers, 11160
- built-in constraints in on-line computer system, modification of man-machine communication, 11175
- computer simulation instruction & student interface, 10956
- computer systems, use by managers & clerks & specialists, 11162
- computers, man machine modeling, 13409
- error signal quantization, operator compensatory tracking performance concerning time delays & attentional workload, human Ss, 8983
- evolutionary approach to process control, man-machine control of lithography printing press, 11161
- intelligence modeling approach realized as computer program, information analysis, 11171
- interaction & attitudes, human-computer relationship utilizing gaming techniques, 11169
- interactive interdisciplinary on-line graphics system, presentation & manipulation of directed graphs, 11158
- Interface System, developing & managing computer-assisted courses composed of sets of instructional modules, 2024
- man-computer systems, 8869
- man-machines systems, tracking, 4218
- motion vs correlated vs uncorrelated vs no motion, man-machine system & pilot performance, 8861
- multidimensional scaling analysis, determination of operation & maintenance skills & knowledge for personnel training on 2 competing digital multibeam steering sonar systems, 8777
- multimethod-multitrait validation, digital model for simulating behaviors of intermediate size crews performing system operation tasks, 8867
- optimization model for labor limited round robin scheduling policy, maximization of job flow rate, 8866
- program model representing student's knowledge state, computer-assisted instruction for individualized instruction, 10978
- safety analysis, ground handling aspects of short range attack missile-SRAM, 8874
- scientific & technological aspects of human error & prevention, 4221
- signal characteristics, air-raid warning system as man-machine system, 13412
- socio-psychological aspects, application in man-computer systems, 2021
- soft skills systems engineering, development of leadership evaluation methods, 2023
- surroundings & equipment, grouping to assault function of simulated artillery battalion, 8858
- Man Machine Systems Design**
- adaptive Ground Controlled Approach controller training, automatic speech recognition & understanding, 11164
- amount & timing of human resources data, subsystem design, 6475
- Autonov 1, 2-way tractor for operating fork lift with reversible steering & driver's seat, 4210
- avionics subsystem design characteristics & personnel skill, job performance, 6453
- computer simulation, systems analysis & synthesis, engineers, 11156
- console mock-ups & placement of consoles, command & control of fire department via manual dispatch vs central-aided systems, 11166
- design & organization, computerized psychological laboratory, 8888
- design option decision trees, human resources sensitivity to system design tradeoff alternatives, feasibility with jet engine data, 11157
- design option decision trees, relating human resources to design alternatives, 6467
- development & evaluation, optimized video output from wide angle optical probe, 8862
- ergonomic approach, hospital equipment design, 4225
- evolutionary approach to process control, man-machine control of lithography printing press, 11161
- graphics data entry, computer-aided drafting, 8875
- hardware configuration & software, voice output communications station, 10101
- human resources & personnel cost data in system design tradeoffs, 2020
- IMPRESS system, interactive computing & data analysis, 8922
- individual vs system performance indices, air-traffic control, air-traffic controllers, 6468
- individual vs system performance indices, air-traffic control, air-traffic controllers, appendices, 6469
- instructional environments & media hardware & software, computer-managed individualized instructional system, 11130
- loosely coupled hierarchical computer networks, psychological research, 8890
- mathematical modeling, optimal operation strategy for man-machine text editing system, 11170
- on-line computer process control system design, operator performance, 11163
- rapid generation of learning sequences, video system, 6413
- target size & brightness & ambient illumination level & color, visual field, implications for aircraft cockpit instrument design, 6610
- training costs & difficulty & job performance, design characteristics of avionics subsystems, avionics engineers & Air Force training supervisors & instructors, 6472
- Management Decision Making**
- adaptive decision model vs human decisions, direct & organizational costs of implementation, naive & experienced business school students, 4195
- Career Area Rotation Model, investigation & evaluation of policy interactions impacting on Air Force deployability posture, user's manual, 8843
- conceptual approach to studying interpersonal influence, purchase decisions in business firms, 8850
- employee decision-making participation, manufacturing executives, 13371
- historical models of problem identification in industrial managerial task, 13378
- human relations vs human resources models, organizational decision making, 13376
- inclusion in top administration & democratically run treatment teams, status & power relative to importance in residential programs, child care workers, 3073
- individual learning ability & styles, management success, implications for management education & problem solving, 13370
- information-seeking activity & task involvement & family size & income & farm size, farm general management & agricultural innovation adoption decision-making involvement, wives, 13381
- linear models, usefulness for modeling decision-making processes of simulated personnel managers, college students, 13375
- managerial decision making, prescriptive & descriptive "Radical Therapist" journal, 4193
- organizational pressures toward goal attainment & attitude formation, ideal vs practical decisions, businessmen in structured decision-making situations, 13369
- sex role stereotypes, personnel decisions, male bank supervisors, 4190
- strategy structures, organizational decision making, 13406
- supervisory consideration & structure, job success, hard-core unemployed black women, 4157
- Management Methods**
- ability of program to contribute to intraorganizational communication & perceived attitude of superior, attitudes toward installation of Management by Objectives program, managers, 4194

- administrative & management concepts application, implementation & planning of student development programs, 8715
- application of role motivation theory of managerial effectiveness in high vs low structure organizational contexts, 4188
- attitudes toward foreman behavior & absenteeism, job satisfaction, railway repair shop employees, 8826
- disruption due to supervisory style changes & technical changes, informal social organization development, industrial work group, 6464
- effective management principles vs Theory Y, behavior of people in organizations, criticism of D. McGregor's theory, 2007

- interpersonal interaction, manic vs excited schizoaffective vs agitated schizophrenic patients, 5558
- lithium & alpha-methyl-para-tyrosine, prevention of "manic" activity, female mice & rats, 7049
- lithium chloride short-term administration, norepinephrine turnover & metabolism in brain, rats, comparison with data from longitudinal study of lithium carbonate treatment of mania, 7116
- phenomenologic & demographic & genetic & treatment response variables, unipolar manics vs bipolar manic-depressives, 10272
- physostigmine vs neostigmine, depressive & manic & no affective symptoms patients, 3673
- Manic Depressive Psychosis**
- bipolar manic-depressive patients, follow-up, 7826
- blood group, manic-depressive vs schizophrenic patients, 1150
- clinical & family history & treatment-response data, validity of research criteria for diagnosis of acute schizophrenia & manic depression, consecutive patients diagnosed as acute schizophrenic upon hospital admission, 10345
- diagnostic & therapeutic aspects, manic-depressive illness in early childhood, 10294
- differential diagnosis, thought disorder, schizophrenia vs manics vs creative writers, 7810
- drug therapy, neuromuscular diseases & manic-depressive psychoses, 8258
- electrosleep therapy, schizophrenic & neurotic & manic-depressive patients, 12-yr follow-up study, 5752
- epidemiology from 1970 to 1973, schizophrenia & acute psychosis & manic-depressive psychosis, Papua New Guinea, 10350
- epidemiology, manic-depressive psychosis, India, 7836
- fasting, metabolic adaptation to glucose load, manic-depressives, 1123
- hallucinations, differential diagnosis, manic-depressives vs paranoids vs schizophrenics, 3205
- hospitalization, excessive alcohol use, manic depressives, 1161

Intensity & Consistency & Element Consistency & Social Deviation scores on Bannister-Fransella Grid Test of Thought Disorder, thought- & non-thought-disordered schizophrenics & manics & depressives, 1147

iprindole & lithium, amine uptake in vascular tissue measured by norepinephrine release or tyramine sensitivity, depressed & manic-depressive patients, 8235

levotryptophan, depression & mania & cerebrospinal fluid & platelet & urinary levels of serotonin & 5-hydroxyindoleacetic, depressive & manic-depressive patients, 5936

lithium & psychotherapeutic methods, manic-depressive psychosis, 8279

lithium carbonate, manic-depressive psychosis prevention & treatment & toxic reactions, 10641

lithium carbonate, recurrent affective illness, manic-depressive & depressive patients, 5943

lithium carbonate, thyroid iodine release, patients with manic-depressive illness, 8222

lithium carbonate, treatment effectiveness, bipolar manic-depressive patients, 3642

lithium therapy, plasma cortisol & erythrocyte Na-K ATPase concentrations, manic-depressive inpatients, 12914

lithium, effects on excitable membranes in mechanism of action & discussion of effect in manic-depressive disorders, 8232

lithium, manic-depressive disorders, 1438

neurochemical etiology, schizophrenia & manic-depressive psychosis, 5608

nonphysicians, health maintenance program, manic-depressive outpatients, 7776

phenomenologic & demographic & genetic & treatment response variables, unipolar manics vs bipolar manic-depressives, 10272

predrug baseline & drug treatment psychomotor activity, diagnostic & prognostic value, hospitalized depressives, 12607

psychiatric interviews, familial illness frequency & transmission mode, male manic depressives & first-degree relatives, 12598

Q-fever, manic psychosis, 40-yr-old man, 7899

retrospective analysis, course of monopolar depression & bipolar psychoses, 7811

season of birth, schizophrenics vs manic-depressives vs psychotic depressives vs other diagnostic groups, 5554

seclusion, treatment & management, severely disturbed manic & depressed patients, 5822

senile plaque frequency & Alzheimer changes, brain intracellular neurofibrils, mental patients, 3429

sex patterns & diagnostic similarity among parent-child pairs, schizophrenia & manic-depressives, 3236

single vs chronic doses of lithium carbonate, alpha & theta & delta activity & concentration in serum & red blood cells, manic & depressive 19-60 yr olds, 12935

**Mannerisms** [See Habits]

**Manufacturing** [See Business]

**Maps (Brain)** [See Stereotaxic Atlas]

**Marathon Group Therapy**

dependency needs & sense of well-being, evaluation of marathon group leaders, college student marathon participants, 10093

marathon & prolonged sensitivity training, self-acceptance, college students, 5186

marathon group experience, changes in perceived locus of control, college students, 3728

marathon group psychotherapy, hospitalized female narcotics addicts, 12980

marathon-directive vs marathon-nondirective vs no-therapy, trait & state anxiety, narcotic addicts, 12958

weekend marathon group session, self-actualization, college students, 6007

**Marihuana**

administration frequency & dosage, marihuana tolerance, 21-29 yr old males, 12197

amount of prior training with marihuana, behavioral tolerance to marihuana, rats, 9562

cannabis sativa extracts, cannabis-directed behavior & abstinence syndrome, rats, 7084

delta-9-tetrahydrocannabinol content in Brazilian marihuana, rabbit corneal areflexia & mice spontaneous motor activity & cataplexy & rat rope climbing & human pulse rate & time-estimation, rabbits & mice & rats & humans, 7037

drug abuse programs & marihuana effects & description of drug dealers, 756

error typologies, research studies on marihuana effects, 2489

legal & ethical considerations for marihuana research, 21-30 yr olds, 18-mo follow-up & literature review, 12508

marihuana & dextroamphetamine, dose-effect relationship on neurophysiological & cardiorespiratory variables, male marihuana users, 2436

marihuana smoking vs placebo vs no drug condition, experienced cognitive & behavioral effects, marihuana users, 9504

marihuana state-dependence, recall performance, 21-30 yr old experienced marihuana smokers, 11816

marihuana, cutaneous sensitivity & affect, users vs nonusers, 11788

marihuana, reaction time to auditory vs visual stimulation, 20-30-yr-old college students, 11789

marihuana, tracking performance, 18-22 yr olds, 4790

marihuana, vigilance under varying response demands & attention, 21-34 yr olds, 11809

psychedelic drug effects vs marihuana, 7119

**Marihuana Laws** [See Marihuana Legalization]

**Marihuana Legalization**

discrepancies in attitudes toward marihuana legalization, drug educators vs student users vs nonusers, implications for communication, 776

**Marihuana Usage**

administration frequency & dosage, marihuana tolerance, 21-29 yr old males, 12197

alcohol & marihuana usage patterns, college students, 751

attitude towards personal vs societal control of alcohol & tobacco & marihuana & amphetamines & barbiturates & LSD & heroin, teachers & college students & treatment & rehabilitation personnel, 12199

attitudes toward drug addicts, college students & marihuana users & policemen & drug addicts, 3291

attitudes towards police & pushers & amphetamine & marihuana & heroin & LSD use, drug addicts vs staff of drug treatment agencies vs graduate students in social work, 5644

attitudinal & psychosocial aspects, marihuana use, students, 5135

contingency contracting, marihuana & barbiturate dependency, husband & wife on probation for drug offenses, 8365

delta-9-tetrahydrocannabinol, critical flicker fusion perception & pain & touch sensitivity, 21-30 yr old male marihuana users, 4748

delta-9-tetrahydrocannabinol, tolerance development & sensitivity, frequent vs infrequent male marihuana users, 11796

delta-9-tetrahydrocannabinol, visual evoked response, 21-34 yr old marihuana smokers, 4765

demographic characteristics, attitudes toward marihuana & alcohol use, college students, 2809

factors derived from demographic & personality variables, predicting marihuana usage, college students, 2864

family & job constraints & change of associates & values after college, marihuana usage, 7439

hallucinogenic drug-use patterns & objectives, hard vs soft drug using college students vs nonusers, 7485

increased population & mass media influence, growth in use of marihuana & tranquilizers & amphetamines, Mexico, 5095

long-term marihuana usage, physiological & psychological correlates, 14-58 yr old Indian marihuana users, 11724

marihuana & dextroamphetamine, dose-effect relationship on neurophysiological & cardiorespiratory variables, male marihuana users, 2436

marihuana smoking vs placebo vs no drug condition, experienced cognitive & behavioral effects, marihuana users, 9504

marihuana smoking, critical flicker fusion thresholds, 21-30 yr old experienced marihuana smokers, 7117

marihuana usage, criminal activity, 1234

marihuana usage, tolerance to frustration, 17-24 yr olds, 2815

marihuana use & life-style & nature of marihuana use & types & number of drugs used & overall involvement with drugs, college students, 5115

marihuana use, subsequent psychiatric symptoms, 13-24 yr old 1st-admission psychiatric patients, replication of H. Kolansky & W. T. Moore's study, 5522

marihuana, cutaneous sensitivity & affect, users vs nonusers, 11788

marihuana, resistance to distraction & set-shifting & field articulation, reference to S. Sack's model of attention, 4730

marihuana, slow-wave sleep, 21-26 yr old experienced marihuana users, 4717

meditation, marihuana usage, 770

- personal & societal alienation, marihuana use, college students, 7465  
 personality correlates, marihuana usage, 18-28 yr old offenders, 5127  
 personality traits & demographic characteristics & involvement in drug culture, heroin users vs users of marihuana & other nonheroin drugs, 5155  
 persuasiveness of antidrug letters, 12th-grade users vs nonusers of marihuana & speed & LSD, 9947  
 psychoactive drug use & attitudes toward marihuana, college students at large metropolitan university, 9945  
 psychoanalyst's role, marihuana problems, 7482  
 scale development, measurement of attitudes towards marihuana & marihuana users, college students, 12159  
 social & emotional correlates, marihuana use, college students, 5141  
 social-psychological variables, initiation to cannabis use, college freshmen, 769  
 value orientations, psychosocial adjustment, frequent users vs adamant nonusers of marihuana, 2825

 generality of Marlowe-Crowne Soc Desirability scale, Australian Army recruits & college students, 3029

psychometric relationship among Marlowe-Crowne Social Desirability Scale & Repression-Sensitization & Manifest-Anxiety Defensiveness scales, college students, 2074  
 reliability & validity of Marlowe-Crowne Social Desirability scale, conformity with majority response, college students, 12271

### Marriage [See also Interracial Marriage]

alternatives to conventional marriage, meeting needs for intimacy & sexual expression & inclusion in peer group, aged, 656  
 male & female occupational mobility patterns vs female marital mobility, reanalysis of data of P. Y. DeJong et al, 12215  
 opposite-sexed parent relations, marital mate selection, males & females, 12077  
 sex differences, change in attitudes toward marriage & family, college students, 2866  
 social vs legal vs religious contract, marriage, 7384

### Marriage Attitudes

background variables, perceptions of alternate life styles, college students, 9952  
 cross-cultural differences, attitudes toward marital infidelity, college students from Sweden & Denmark & Taiwan & Belgium & US, 7400  
 equalitarian vs traditional marriage role expectations, 16-19 yr old 12th grade black students, 2740  
 male vs female high- vs low-sex drive, perceptual compatibility & partner-response prediction & courtship progress & marital choice, premarital college couples, 12097  
 marriage & family perceptions & attitudes, 10th-12th grade adolescents from child care institutions vs from middle-to-upper social class vs lower social class intact families, 2744

### Marriage Counseling

Adlerian viewpoint, games played in marriage therapy, 6021  
 behavioral vs interpretive vs supportive approaches, marital therapy, 10673  
 clinical sex therapy as alternative to W. H. Masters & V. E. Johnson's model of sex therapy, case report, 10707  
 clinical-theoretical & research aspects, marital therapy, 1928-1972 bibliography, 6075  
 conjoint form of marital counseling, self-disclosure & empathy, 6012  
 conjugal therapy, training in communication techniques & mutual understanding, college & graduate student couples with marital problems, 5991  
 counselor self-respect & emotional stability & client personality & ability to change & role definitions, marriage counseling, 10735  
 Experiencing Scale of E. T. Gendlin, evaluation of feeling process based on verbalizations in conjoint marriage counseling, 5987  
 illness, marital relations, 10476  
 marital life & roles, couples attending marriage guidance clinic vs nonclient couples, 8423  
 marital mismating & physician's role in treatment, 3 case reports, 12922  
 marital reciprocity of reinforcement, marital counseling, 8402  
 marriage & family counselor training program, students & professional & lay volunteers, 1007  
 marriage counseling experiences, biographical sketch, 10781  
 mental health transition toward primary prevention & group methods & outreach programs, marital enrichment program, couples, 10730  
 Minnesota Multiphasic Personality Inventory, diagnostic tool in marriage counseling, 10684  
 psychoanalytic group treatment with therapist in detached & nondirective role, therapeutic failure, couples, 1503  
 single therapist & massage & marriage counseling techniques, communication facilitation, modification of Masters & Johnson approach to sexual problems, 10722  
 therapy based on mutually agreed upon contracts, communication & sex relations, married couple, 3772  
 videotape feedback in marital therapy, self-image & casualty rate, disturbed marital couples, 8290

### Marriage Therapy [See Marriage Counseling]

### Married Couples [See Spouses]

### Marsupials [See also Kangaroos, Opossums]

mother-young interaction & early behavioral development, tammar wallabies & red kangaroos, 545

### Masculinity

age & sex differences, recall & knowledge & preference for masculine & feminine items, 5- & 8-yr old white children from working- & middle-class families, 9867  
 female-based households & matriarchal families, compulsive masculinity, delinquent males, 10413

forced-choice adjectival masculinity-femininity scale development using items from pair-comparisons, cold-warm self-assessment scale, 11232

introversion & extraversion & neuroticism & compulsion & masculinity, coronary vs hypertensive vs fracture Ss, 10328

masculinity vs femininity development, 5-9 yr old males, 12074

masculinity-femininity of photographs, stereotyping in associating names connotating degrees of masculinity or femininity with facial photographs, college students, 2913

meanings & processes & variables, gender role & identity & core gender identity, 5371

Personal Attributes Questionnaire, measurement of sex role stereotypes & masculinity-femininity, college students, 7697

positive contemporary values assigned to female role & instructional set stressing sexual equality vs sexual role distinction, analysis of sex of 1st drawn figure, 5th & 6th graders, 12493

production of opposite sex scores on femininity-masculinity scales, nonsectarian coeducational urban college students, replication & extension of V. J. Bielaukas's et al study, 12471

sex-role inventory, measurement of psychological androgyny, 7631  
 story completion dealing with traditional vs nontraditional feminine occupation & college major & career aspirations & year in school & Masculinity & Ascendancy scores on Guilford-Zimmerman Temperament Survey, fear of success, female college students, 12440

symbiosis anxiety, masculinity development, 3263

### Masking [See also Auditory Masking, Visual Masking]

absence vs presence of masking stimulus & intensity, vibrotactile difference thresholds for intensity, 8996  
 changing vs unchanging mask characters, detection of single letters & letters in words, young adults, 9082  
 pallial nerve severance & shell surface abrasion or masking, photonegative orientation responses, chitons, 9415  
 short-tone burst of different frequencies, input-output relations for amplitude & peak latency of N sub I deflection, humans vs guinea pigs, 114  
 spatial relations between stimuli, masking of & by mechanical tactile stimuli, college students, 2118  
 tactile stimulation applied ipsilaterally vs contralaterally to threshold-value test stimulus, masking, right-handed college students, 2129  
 2-phase model analysis, interstimulus interval & presence vs absence of masking task, eyelid reflex conditioning, college students, 11450

### Masochism

autohemofetushism & injection masochism incidence, male 19-25 yr old iv drug users, 1187  
 beating fantasies & masochistic daydreams, wish to be loved by father, case history, 1127  
 cultural induced frustrations & disillusionment & violent death, psychosocial masochism, 23 yr old single man, 3181  
 psychoanalytic observations, perversion involving bug-squashing, 25-yr-old male patient, 3339

### Masochistic Personality

Edith Wharton's literary work, masochistic character, 2953

### Mass Hysteria

cultural conflict & transition, epidemic hysteria, Malaysia, 10346  
 hysterical epidemic of falling in classroom, 17-18 yr old girls in English comprehensive school, 3094

### Mass Media [See also Closed Circuit Television, Educational Television, Magazines, Newspapers, Telephone Systems, Television, Television Advertising]

advertising attribution of media exposure, 905  
 age, neighborhood & community participation & mass media use, 62-89 yr old females, 7375  
 communication, social organization in nation states, 12402  
 increased population & mass media influence, growth in use of marihuana & tranquilizers & amphetamines, Mexico, 5095  
 mass media information distribution, perceptions of community issues conflict, Minnesota communities' residents, 12429  
 mass media ombudsman programs, individual coping with private & public bureaucracy, mental illness prevention, 10142  
 mass media, need gratification sources, 12398  
 mass media, political socialization, school aged children, 12091  
 mass media, socialization of sentiments & sensitization of individuals to coexistence & demands of others, 12394  
 methodological limitations of public opinion surveys & Carter's 1965 object-attribute relationship, opinion formation & change, 50-yr-old postal supervisor, 12382

personal factors, mass media management, 12368  
photographic imagery, belief of emotionally charged mass communications portraying Vietnam war, 12427  
social & cultural contexts of media-audience relationship, media influence on real-life aggression, literature review, 12392  
time lags in reporting information source, recall of information source, adults, 12423

**Massed Practice**

continuous vs terminal to lateral prism displacement & massed vs distributed practice, intermanual transfer & spontaneous decay of prism adaptation, college students, 9078  
etherization & massed vs distributed practice, learning performance, 2 strains of mice, 4601  
massed extinction, discriminative effects on response rate after nondifferential reinforcement, pigeons, 11912  
massed vs distributed practice & repetition & word frequency, free recall, young children, 4983  
reduction in magnitude of reward under highly massed practice conditions, performance, goldfish, 9645

**Masturbation**

autoerotic & aggressive expressions of oedipal fantasies, masturbation & suicide, 12699  
behavioral analysis & therapeutic programs, trouser fetishism & fetishistic fantasies & fetish-related behaviors involved in masturbation, young adult males, 12964  
directed masturbation as an adjunct to sexual counseling, primary orgasmic dysfunction, married couples, 12959  
masturbation with water, supplementary fantasy expression, women, 973  
open masturbation, invitation for interpersonal relationship, hospital patients, 5767

**Mate Swapping [See Extramarital Intercourse]**

**Materialism**

cargo cults, psychosocial study of Melanesian millenarianism, 2790  
dialectical materialistic philosophy, social aspects & etiology & treatment of mental illness, Bulgaria, 10553  
doctrine of reflection & Marx's historical approach to mind, Lenin's historical materialism, 6513  
post-industrial society & materialism, societal social status symbols, 7437

**Mathematical Ability**

CA & quantitative & verbal ability as measured by Primary Mental Abilities battery, intellectually superior kindergarten children, 2684

heredity or congenital affection of brain substrate of mathematical functions, developmental dyscalculia, Czechoslovakian 5th graders, 5691

National Longitudinal Study of Mathematical Abilities measures, prediction of success in geometry, low vs high geometry achievers, 13207

pre-arithmetic task performance, 8-15 yr old retardates, 8048  
test validity, Hiskey-Nebraska Test of Learning Aptitude as measure of linguistic & arithmetic reasoning, Japanese hearing-impaired children, 1335

verbal & numerical & visual-motor & somatic dimensions, patients with cerebrovascular insufficiency, 12816

**Mathematical Modeling**

analysis of sequences of probability distributions which satisfy R. D. Luce's choice axiom, 11265  
cadence of presentation, immediate apprehension of ordinal series, psychology students, verification of H. B. Thomas's mathematical model of serial position effect, 2261

chance R super 2 estimate, 11267  
decision theory, situational loss function for human judgment, 11439

dynamic macroeconomic model, economic growth prediction emphasizing natural resource exhaustion, Oregon, 8963

empirical validity of Jaquesian level-of-work estimators, 13396  
formal mathematical models, prediction of coalitions & payoffs in sequential 3-person game, rank-striving players, 2097

Kemeny-Snell distance function for distances between transitive preference relations, 2087

linear reward-inaction scheme I. sub R-I for 'r'-state stochastic automata, 80

M-trees mathematical structure, 4280

male time-investment strategies, mathematical model of courtship behavior, animals, 7248

Markov decision model, computer-aided instruction, 8630

mathematical formulations & communications media & token or coin rewards, changes in social systems, 9972

mathematical model of learning under interresponse time reinforcement, 2084

mathematical model, criminal justice system, 8976

mathematical model, factorial analyses, 2102

mathematical model, institutional administration for mentally retarded, 1683

mathematical model, learner achievement & instruction cost, 11242

mathematical model, preference structures & potential application in social sciences, 2086

mathematical model, relationships among advertising & consumer awareness & attitudes & behavior, 12360

mathematical model, suicidal behavior, 3319

mathematical modeling, optimal operation strategy for man-machine text editing system, 11170

mathematical modeling, probability learning, school children, 195

mathematical models, response uncertainty interpretation, 11268

mathematical proof & appropriateness, symmetric solution to 5-person constant-sum game, 2883

mathematical simulation, decision-making in psychotherapy, book, 1387

normal ogive model, continuous response level in multidimensional latent space, 11263

pretherapy training & cohesion & modeling, empirical guidelines for group therapy, 12940

sequence of diagnostic descriptions of mental state & premorbid personality & social adaptation & history of previous & present illness & complaints, diagnostic decision-making model based on Bayes's probability theorems, 12610

serial vs parallel search & self-terminating vs exhaustive processing list scanning models, 11264

vector algebra approach, predicting excellent teachers, 3921

2-phase model analysis, interstimulus interval & presence vs absence of masking task, eyelid reflex conditioning, college students, 11450

Mathematical Psychology

mathematization in psychology, 8959

Mathematics (Concepts) [See also Algorithms, Numbers (Numerals)] associative interference, simple mental arithmetic problems, college students, 6752

causality & operations relationship & geometry & dynamics relationship in modern physics, book, 4996

discussion of probable psycholinguistic basis of learning mathematics, 6309

educational testing & measurement course, cognitive structure of statistical & psychometric concepts, graduate students, 6336

four strategies, teaching mathematical disjunctive concepts, college students, 13124

mathematization in psychology, 8959

modern mathematics curriculum, mathematical concepts & achievement & attitudes, 3rd & 6th & 9th graders, 13141

negative instances, mathematical concept acquisition, 2266

Piagetian concepts, arithmetic skills, retarded children, 3382

stochastic automaton model, description of temporal steps taken in solving simple arithmetic problems, 2103

teaching measurement vs counting operations, learning mathematics concepts, young children, 3997

**Mathematics Achievement**

athletics, reinforcement for academic achievement in arithmetic, 5th-10th graders in community program, 1588

comparative validities, composites of structure-of-intellect tests & previous mathematics grades vs traditional standardized test measures in prediction of modern algebra achievement, 8th graders, 4025

creativity & arithmetic achievement, 3rd-6th graders, 11014

discussion of probable psycholinguistic basis of learning mathematics, 6309

extraneous information, verbal problem solving, educable mentally retarded children, 4085

intelligence & conservation & socioeconomic status & age & listening ability & vocabulary level & sex, mathematics achievement, 2nd & 3rd graders, 13180

maximum likelihood procedure, placement in mathematics courses, junior college students, 11079

- modern mathematics curriculum, mathematical concepts & achievement & attitudes, 3rd & 6th & 9th graders, 13141
- modernized vs traditional mathematics teaching methods & socioeconomic level, intellectual development, French high school students, 3981
- National Longitudinal Study of Mathematical Abilities measures, prediction of success in geometry, low vs high geometry achievers, 13207
- negative instances, mathematical concept acquisition, 2266
- peer-tutoring procedures, accuracy in math performance, 4th & 5th graders, 3968
- Piagetian concepts, arithmetic skills, retarded children, 3382
- reliability & validity of Form B of Cooperative Mathematics Test Algebra III & ACT Mathematics Usage Test & ACT Composite, college algebra GPA, college students, 4031
- reliability & validity, Tests of Achievement in Basic Skills, 4114
- sex & age & educational level, reading & arithmetic achievement, 12-17 yr olds, 11010
- sex-typed interests, mathematics achievement, 5th & 7th & 9th & 11th graders, 4024
- socioeconomic status & family size & sex & ordinal position, word knowledge & discrimination & reading & math achievement, black vs white 1st graders, 1818
- supplemental course on proof writing knowledge & skills, mathematical performance in linear algebra, college students, 10929
- teacher characteristics, creativity in mathematics, 6306
- teacher minicourse in mathematics tutoring techniques, mathematics achievement, special education students, 13234
- validity, Tests of Achievement in Basic Skills as prediction of achievement in elementary mathematics, 5th & 6th graders, 4060
- withdrawal of positive reinforcement, arithmetic performance, 11-yr-old girl, 3978
- Mathematics Education**
- algorithmic approach, mathematics curriculum construction, college students, 13126
- Class Activities Questionnaire, perceptions of emphasis given to cognitive objectives in classroom in science & mathematics & social studies & language arts, 6th-12th graders, 10981
- computer-assisted instruction in mathematics & language arts, achievement, deaf, 4067
- computer-assisted mathematics instruction, public high schools, 10943
- computer-simulated research, instruction in statistics courses, 6251
- construction & evaluation, creativity training materials in Swedish & mathematics & social studies, Swedish 5th graders, 13137
- contingency self-correction procedure, elimination of subtraction errors, educable mentally retarded children, 13232
- cross-age tutoring in basic arithmetic skills, 5th-grade tutors & kindergartners, 13144
- differentiation of 8th & 9th grade written work in mathematics, teaching methodology, 10972
- four strategies, teaching mathematical disjunctive concepts, college students, 13124
- heuristic problem-solving strategies, teaching elementary calculus, college students, 13152
- mathematics exams with optional questions, high school & college students, 11055
- modern mathematics curriculum, mathematical concepts & achievement & attitudes, 3rd & 6th & 9th graders, 13141
- nature of subject matter, effectiveness of teaching method, 6302
- predicting success in elementary algebra, 8th graders, 11021
- racial differences, mathematics training at manpower development program, black vs white adult trainees, 13308
- response analyzer vs programed textbooks, geometry learning, high school students, 10986
- special reading & arithmetic education for blind & deaf & deaf-mute, Soviet Union, 4073
- supplemental course on proof writing knowledge & skills, mathematical performance in linear algebra, college students, 10929
- teacher minicourse in mathematics tutoring techniques, mathematics achievement, special education students, 13234
- teaching measurement vs counting operations, learning mathematics concepts, young children, 3997
- textbook vs student-generated vs pictorial versions of mathematical problem presentation & IQ, problem solving performance, 9th graders, 13193
- taken reinforcement, arithmetic achievement & short-term retention, public school educable mentally retarded students, 8698
- Mating Behavior (Animal)** [See Animal Mating Behavior]
- Matriculation** [See School Enrollment]
- Maturation** [See Human Development]
- Maturity (Emotional)** [See Emotional Maturity]
- Maxilla** [See Jaw]
- Maze Learning**
- brain extracts from trained vs retrained donors, recipient's maze learning performance, male mice, 9403
- cocaine & pemoline & amphetamine, learning & retention of discrimination test, male mice, 9497
- delta-9 tetrahydrocannabinol, appetitive- & aggressive-rewarded maze performance, rats, 11767
- delta-9-tetrahydrocannabinol & LSD-25 & scopolamine, continuous & spontaneous alternation in Y maze, rats, 2431
- diallel-environmental analysis, inheritance of learning ability, male mice, 4593
- dorsomedial thalamic lesions, maze activity & spontaneous alternation & runway acquisition & extinction & novel alley response, rats, 11680
- ECS, spontaneous alternation, female rats, 7011
- extinction procedure, subsequent response extinction in U maze, rats, 2549
- footshock & ESC of high & low intensity, memory & amnesia for simple position habit in water maze, 4642
- forced right & left turns & reversed turns applied between two runs in same direction, reactive inhibition in T maze choice point behavior, goldfish, 11869
- hypothermia, T maze learning, grain beetles, 11907
- integrated circuit photocell detector & sequencer, animal maze learning, 11859
- intracranial reinforcement delay, maze learning, male rats, 2399
- lead acetate concentration, learning deficits measured by Hebb-Williams maze series, weanling & adult & pregnant female rats, 7120
- learning visual & nonvisual problems in Hebb-Williams closed field test, male mice, 7201
- lesion in anteromedial cortex vs caudate nucleus vs removal of frontal poles, retention of spatial delayed alternation, male rats, 11701
- location of odd response, response pattern learning in 6-unit T maze, rats, 9671
- maintenance schedule & current deprivation, speed & accuracy of maze learning, male rats, 11876
- maternal high histidine levels during pregnancy, activity & maze retention of offspring, rats, 11654
- number of forced-choice responses, spontaneous alternation in T maze, goldfish, 9639
- odor trail & spatial orientation cues, spontaneous alternation in T maze, male gerbils, 2611
- olfactory cues, acquisition & extinction & reacquisition of double-alternation patterning, rats, 2554
- overcrowded rearing environment, appetitive maze learning & discriminated avoidance vs inhibitory avoidance & appetitive straight alley running, rats, 2523
- play learning on elevated Y maze, garter snakes, 11883
- presence of others, facilitation of emission of dominant responses in coaction setting with maze learning, college students, 801
- reinforcement, spontaneous alternation in T maze, rats, examination of E. L. Walker's action decrement theory, 9670
- reward availability in alternative tasks, individual organism probability matching in T maze, rats, 515
- reward magnitude, runway performance, normal & anosmic rats, 2545
- septal lesions, free choice acquisition & discriminated active avoidance behaviors in cross-maze, male rats, 4696
- septal nuclei lesions & intra- & extramaze stimuli, stimulus perseveration, rats, 11663
- single-trial & criterion maze learning, 3 inbred strains of mice, 4590
- successive nondifferential conditioning, response speed, rats under high & medium & low reinforcement conditions, 7152
- test-retest assessments, spatial discrimination performance, male fruit flies, re-examination of instrumental learning interpretation, 4872
- unilateral carotid artery ligation, body weight & ad lib water intake & T-maze learning with water incentive, rats, 11667
- 3-quinuclidinyl benzilate & N-methyl-4-piperidyl methylethynylglycolate, choice point conflict behavior in T maze, rats, 11822

Mazes [See also T Mazes]

teacher praise vs food vs maze as reinforcement, response frequency in free operant situation in relation to contingency arrangements, elementary school children in special education classes, 6348

Mealtimes [See Feeding Practices]

Mean

analysis of variance of means within total set of means, MULTCOM program, 11260

calculation of standard error of weighted means in 2-stage random sampling model with unequal 1st-stage units, computer program, 11241

Meaning [See also Verbal Meaning, Word Meaning]

acquired cognitive or associative meaning of play object, play behavior, kindergartners, 11973

bilingualism, assessment of interaction between language structure & usage & meaning & social structure, 923

concreteness & iconicity & conventionality dimensions as model, relating symbols to their concepts & users, 916

contextual vs meaning constraints, language behavior, schizophrenics, 7817

increased differentiation & integration of meaning, self-actualization & creation of new experience in terms of cognitive processes, college students, 5405

problem of significance & meaning, comment on papers by A. N. Leont'ev, 6

semantic differential technique, dimensions of affective meaning across language barriers, 10128

Meaningfulness

answering rote- & meaningful-learning questions during reading of prose passage, processing behaviors & retention, college students, 9184

association & reinforcement value, nonspecific transfer of learning, adult Ss, 2264

constant vs varied input of letter strings & trigram meaningfulness, recall & recognition memory, college students, 4447

discourse content & substance vs structures & techniques, invention in communication, 2980

graphic familiarity & meaning, perception of letter strings sequence, recognition, college students, 11493

meaningful letter strings with minimal orthographic structure, binary classification reaction time task, college students, 11423

meaningfulness & perceptual grouping & organization, recognition memory of consonant-vowel-consonant trigrams, college students, 4446

meaningfulness, intentional & incidental learning of verbal material, college students, 6754

meaningless & novel proverbs, use as projective technique, psychiatric & neurological patients, 48

motivation & relevance, incidental learning, 9176

organization & distractor similarity, recall & recognition of pictures, 1st & 2nd graders, 6802

personally significant vs nonsignificant low intensity sound stimuli, awakening latencies from REM & Stage 2 sleep, college students, 4571

premorbid adjustment & schizophrenia subtype & stimulus content, size judgments of thematic stimuli, paranoid & nonparanoid schizophrenics, 10344

relevancy of material, learning theory, implications for teaching, 6282

stimulus meaningfulness, intermanual transfer of tactual learning, college students, 2255

structural variations, stimulus similarity & meaningfulness, paired-associate learning, college students, 4426

visual & vs auditory presentation & meaningfulness & trials to criterion, paired-associate learning & recall, college students, 11441

3-letter nonwords vs words vs meaningful nonwords, reaction time in classification of items as words vs nonwords, college students, support for parallel word processing model, 10126

Measurement [See Also Related Terms]

adoption of new ethical code in research psychology & development of community specialty in clinical-professional psychology & shift toward classification & self-knowledge in measurement, implications for psychology, 5495

age & sex, speed of tongue & lip movements, 4-9 yr olds vs 13-14 yr olds, 7275

analysis of training style scoring system for evaluation of trainer style & intervention in group processes, 1981

answer form & ability, performance on Armed Forces Vocational Aptitude battery, Air Force basic airmen, 6417

automated polygraph & digital computer system, measurement of respiratory resistance by forced oscillatory device, 4573

Bayley's Infant Behavior Record scores, male vs female twins at 3 vs 6 vs 9 vs 12 vs 18 vs 24 vs 30 mo old, 7282

beliefs & cognitive appraisal, emotions strength, 278

color & base as repertory grid measures, evaluating map formats for urban planning, 9978

communication problems & alienation, distrust & invalidity of psychological testing & experiments, college students, 4267

continuous measure of activity level, actometer, psychiatric patients, 3211

criterion development & measurement, review, 6414

criterion system, measuring counseling outcomes, college students, 3841

data reduction & stepwise multiple regression, physical fitness index, alcoholics, 5630

degree of thermal comfort, level of heat stress & measurement, 4574

development & reliability, code transformation task as measure of nonverbal mediational aspects of problem-solving behavior, 4390

documentation processes & examination techniques, standardization of psychological findings, 2067

Elley-Irving scale, socioeconomic status measure, New Zealand, 12154

evaluation methods, effectiveness & efficiency & productivity of large organizations, book, 1947

experimental technique using exposures from laser source, visual acuity measurement, monkeys, 562

group analysis, validation of Affect Balance Scale & subscales, psychiatric vs normal elderly, 3221

heart rate increase, measure of dental-drill-phobia, 3215

heart rate recorded at paper speeds slower than 25 mm/sec, hand scorer apparatus, 11621

Imaginal Processes Inventory as predictor of drug usage, college students, 7486

index of dimensionality for age & sex & symptom subgroups, Index of Psychophysiological Stress, 60

interrelations of verbal & nonverbal measures, experimental aesthetics, college students, 2943

Life Events Inventory, measurement of relative severity of psychosocial stressors, 7827

limitations of traditional comprehension testing procedure, assessment of children's receptive control of language, 10138

measurement & modification, incestuous behavior, 52-yr-old male, 7945

measurement of functional components, simple skill learning processes, 217

measurement of interpersonal distance, preschool age children, 2717

measurement of licking response emission in terms of time integral of force & parameters of response duration & peak force & interlick interval, rats, 9612

measurement of organizational communication, 12415

measurement of semantic content in verbal communication, applications in psychology & education, book, 2982

measurement problems in comparative research, African survey, 8938

measurement vs person-centered & evaluative vs helping process, testing, 8955

methodology similarities & differences, psychological tests vs experiments, 2066

nonevaluative descriptions of rating scales & questionnaires & tests, utility in mental health related research, 8408

objective recording technique, shock-induced aggression, rats, 2567

occupational difficulty vs responsibility, development of estimation procedure for assessing occupational prestige, 1946

plethysmographic vs strain gauge measurement, penile responses during aversive & appetitive conditioning, homo- vs heterosexuals, 11618

pointcentrality & centrality index requirements, structural centrality in weakly connected digraph, 47

pressure-sensitive radio-pill, intramammary pressure measurement, anesthetized & conscious rats, 6919

projective & direct measures of personal space, mildly & moderately retarded children, 5695

psychedelic drug states, Experiential World Inventory, 7118

psychological testing & philosophy of measurement, book, 4268

psychological-mindedness as measure of accuracy in personality interpretation, male college students, 2941

quantitative measures, cage positions & pairing process, group of barbets, 2501

radio-telemetric technique, quantification of activity patterns & posture, monkeys, 7143

rating vs ranking, assessing recognition, college students, 9148

real value agreement vs assumed specific vs assumed global similarity, validity for measuring parent-child socialization, 634

response set concepts in measurement theory, 11216

Role Construct Repertory Test vs Harvey Conceptual Systems Test vs H. M. Schroder's measure of integrative complexity, predicting person perception, college students, 11282

SCORIT as computer subroutine, scoring skin resistance responses, 4541

SELL, measurement of social & emotional & learning & living skills, adolescents, 2648

sensory-motor development test, evaluation of cognitive development, infants, 9823

social functioning in community, measurement of social health, 7535

solid-state ultrasonic activity-recording unit, measurement of gross physical activity, 6643

specification in total months vs combined years & months formulation, formats for obtaining length of service data from job inventories, 8753

spontaneous alternation measurement, 30

standardized assessment of work behavior, psychiatric patients, 1124

statistical distributions, beat-by-beat heart rate & heart period measures, male adults, 9352

status & socioeconomic rank & prestige factors, measurement of social class, 5099

stress-value scale, officer candidates, 262

strobophotography vs motion picture vs line pull vs 1-sec stopwatch, validity & reliability for measurement of free-falling velocity of baseball, 11227

systems analysis approach, test measurement & prediction, 4266

test anxiety & need achievement, measure of existential anxiety, college students, 7845

test validity & reliability, childhood personality scale & report instrument of child general personality & competence & parent report measuring own perception of parental style in relation to child, 11222

ultrasonic motion detector, measuring responses to being stared at & to restriction of movement & to startle stimulus, 12

vocational maturity measurement, 8706

#### Mecamylamine

atropine & mecamylamine & physostigmine & propranolol & propranolol-tolazoline combination & diphenhydramine & imipramine, morphine withdrawal syndrome precipitated by naloxone, rats, 2450

#### Mechanical Aptitude

factor analysis of correlation matrix of 93 tasks in play sessions, analysis of mechanical-technical intelligence structure, 4-10 yr olds, 8738

perceived warmth & mechanical competence of S, identification with S, college students, 5221

urban vs rural environments, mechanical aptitude, 8th graders, 1928

#### Mechanoreceptors

castration, neural afferent responses from penis, male cats, 402

electropneumatic weight applicator, stimulation of slowly adapting mechanoreceptors in footpads, cats, 322

neural & psychophysical interpretation of 1st order afferent fiber responses, slowly adapting cutaneous mechanoreceptors of hairy & glabrous skin, 309

receptor characteristics & conduction velocities, bladder afferents, cats, 4550

#### Mediated Responses

auditory & visual perceptual input regulation & attempted stereoscopic image correspondence from another room, psi-mediated imagery & ideation, 2125

controversies over utilization of nonobservable mediating events in stimulus-response learning theories, 6655

**Mediation (Cognitive)** [See Cognitive Mediation]

**Medical Diagnosis** [See also Angiography, Biopsy, Echoencephalography, Electro Oculography, Electrocardiography, Electroencephalography, Electromyography, Electroretinography, Galvanic Skin Response, Ophthalmologic Examination, Plethysmography, Pneumoencephalography, Urinalysis]

accurate expectations & behavioral instructions in threatening situation, emotional & danger-control-oriented response, hospitalized medical patients undergoing endoscopic examination, 11531

diagnosis & therapy considerations, geriatric patients, 1381

electric response audiometry, hearing loss diagnosis, 1 mo to 70 yr old experimental & clinical Ss, 12803

physician's diagnosis of chronic brain syndrome, functioning, elderly patients, 10767

sex & aspects of examination, anxiety during medical examination, 45-71 yr olds, 3522

theory & application of pattern recognition, medical diagnosis & consulting, review, 5514

ultrastructure of storage material in rectal biopsy, juvenile amaurotic idiocy with protracted course, 52-yr-old patient, 3161

#### Medical Education

[See also Psychiatric Training]

admission test scores & biographical data & personality & final grades & scores on basic science exam, 3- vs 4-yr medical school program graduates, 12519

applied psychoanalysis, teaching patient-doctor relationship, 1032

assessment of behavioral science courses offered in medical schools, recommendations for medical education, 3060

assignment as only medical staff for psychiatric inpatient units, 4th yr medical students, 3076

attitudes toward behavioral science course in medical education, students & staff, 1064

attitudes toward effectiveness of teaching methods in developing desirable characteristics, medical students & faculty, 7726

behavioral science in clinical medicine & medical organization, 1066

classification of evaluative & hostile vs reassuring vs probing vs understanding responses in interactions between medical students & patients, evaluation of systematic approach to teaching interviewing, 12544

combination of traditional intern assignments with 1st-yr resident roles, medical education in teaching community hospital, 7771

comprehensive continuous medical care, family medicine, 5753

computer applications course, medical students, 5474

data tracking, trends in graduate medical education, US medical-school graduates, 7747

diagnostic & management skills & laboratory interpretation procedures & mental health objectives, internship objectives, hospital staff, 7709

education & management, job description for comprehensive health care system, 1031

educational programs, understanding consultation process & psychosocial aspects of medical care, 10222

emotional responses, medical treatment, introductory textbook for medical students, 7718

ethical leadership, biomedical human experimentations & medical education, 7751

evaluation of NIH/NIMH training programs, medical school department heads, 7740

gerontology curriculum in medical education, Canadian university, 10188

history & influencing forces, medical residency program development in US armed forces, 10261

human sexuality course, medical education, Colombia, 7707

instructional objectives, learning efficiency in medical education, 7784

interdepartmental curriculum in drug dependency studies, medical education, 3088

lecture & laboratory & programed text vs programed text or lecture-demonstration alone, enzymology learning, 7766

medical education research trends, 3074

medical education, work as part of medical team, physicians, 3092

medical student & psychiatric resident team, patient care evaluation in teaching hospital, 5477

objectives development strategy, problem-solving skills in medical education, 13140

perceptions of pediatric clerkships in medical school curriculum in university vs nonuniversity hospitals, medical students & teachers, 3089

pro vs anti vs neutral attitudes toward rural medical practice, 1st-yr medical students from rural vs urban hometowns, implications for medical education, 7748

- program design & evaluation, surgical clerkship for 3rd-yr medical students, 12553
- psychiatry & behavioral sciences, undergraduate medical curriculum, 12538
- social medicine in clinical education of medical schools, 1024
- teaching methods & content emphasis in interviewing course, methodological observation of patient behavior & feelings during interview, medical students, 12559
- teaching psychosomatic medicine in medical school, 3083
- teaching social & behavioral sciences in medical education, 1017
- teaching social & behavioral sciences in medical education, 1055
- Title IX of 1972 Amendments to Higher Education Act, legal & sociological implications for women in medicine, 9977
- United Way medical research & education program, health manpower supply alleviation & advocacy of noncategorical research, 10242
- 1st-yr psychiatric residency positions, 3rd yr medical students, 5480
- Medical History** [See Patient History]
- Medical Internship**
- combination of traditional intern assignments with 1st-yr resident roles, medical education in teaching community hospital, 7771
- diagnostic & management skills & laboratory interpretation procedures & mental health objectives, internship objectives, hospital staff, 7709
- Medical Patients**
- ABO blood groups distribution, healthy Ss vs depressive vs schizophrenic vs somatic vs psychosomatic patients, 7872
- accurate expectations & behavioral instructions in threatening situation, emotional & danger-control-oriented response, hospitalized medical patients undergoing endoscopic examination, 11531
- age & personality differences, referral for psychological consultation, medical inpatients with ages ranging from under 20 yrs to above 60 yrs, 12827
- "alexithymic" characteristics, control vs psychosomatic patients, 3257
- attitudes & reactions to illness, hemodialysis patients, 10516
- attitudes toward & acceptance of physician's assistants, patients, 10237
- attitudes toward patient compliance, physicians, 12555
- cardiopulmonary arrest, EEG activity of alpha frequency, patients in deep coma, 12815
- cautious use of psychoactive & narcotic medication & attempted suicide, cancer patients, 3635
- classification via cluster analysis, epileptic myoclonia, 10498
- cognitive function, medical ward patients, 1331
- construct validity, Spatial Paralogic Attitude Inventory as measure of attitudes toward handicapped, multiple sclerosis patients & community members & college students working with disabled, 8140
- contributions of patient & doctor, anxiety in general medical practice, 8164
- diethylpropion hydrochloride, weight loss & side effects, medical patients, 1442
- displacement activities, dental patients vs nonpatients, 11525
- doctor-patient communication & information seeking & control processes, cancer patients, literature review, 12855
- doctor-patient communication & information seeking & control processes, cancer patients, comment on J. McIntosh's review of literature, 12859
- emotional reactions to stress & life situations, cardiac contractility as reflected in ballistocardiographic recordings, ischemic heart disease patients, 10527
- factor analysis, information processing, schizophrenics vs tubercular patients vs normals, 3123
- gross motor coordination & bilateral integration & postural characteristics, strabismic patients, 12754
- information about potentially stressful situation, responses to stress, hernia-repair patients, 277
- intelligence measures & neurophysiological tests, diagnosing of multiple sclerosis, multiple sclerosis sclerosis vs psychiatric patients vs brain damaged, 7798
- interpersonal relationship between doctor & patient, 3621
- intramuscular vs iv diazepam, convulsions & plasma levels of diazepam & N-desmethyldiazepam, 0-15 yr old inpatients, 10617
- levodopa therapy, hypersexuality reactions, parkinsonian patients, 5895
- mental health practitioner, long-term medical treatment, chronically physically ill patients, 1367
- nursing intervention & interpersonal communication, urinalysis for sodium potassium & sodium & potassium & vanillylmandelic acid & state anxiety, medical patients, 10204
- occupational & medical rehabilitation, employment patterns, patients recovering from cerebral traumas, 13028
- overt predisposing behavior, coronary disease patients, 7833
- perception of emotional communication at hospital admission & discharge, psychiatric & medical patients & hospital staff, 8516
- perhexiline maleate, treadmill exercise-tolerance & anginal threshold, anginal patients, 8218
- personality pattern, coronary patients, 10497
- personality traits, lowback pain, acute vs chronic patients, 10341
- premature social aging due to chronic illness, attitudes toward self & outlook on life, Parkinsonian patients under vs over 60 yrs, 12807
- psychosomatic consultation diagnosis, medical patients, 3530
- psychotherapeutic treatment of psychosomatic referrals, medical patients, 3184
- reading preferences, hospital inpatients, 13061
- return to work, heart attack patients, 8084
- separate vs full MMPI methods for administration of 17-item Pseudoneurologic scale, reliability, medical neurologic patients, 3470
- speech characteristics & dysarthria with prominent ataxic & spastic & hypokinetic features, treatment progress with D-penicillamine & low copper diet, Wilson's disease patients, 12874
- subcortical location of parasite & slowly progressing compression producing marked destruction & ischemia, patients with cerebral hydatid cysts, 10468
- sulthiame therapy, phenytoin intoxication, epileptic patients, 8241
- temporal lobe epilepsy, hippocampal-dentate complex changes, epileptic patients, 10520
- touching, interaction & postinteraction processes & heart rate, 20-64 yr old seriously ill patients, implications for nursing, 10853

- atropine coma therapy, psychological tests of intelligence & memory, psychiatric patients, 8248
- attention instructions & order of report & digit spans, variability & control in dichotic memory, college students, 245
- attitudes & memory in social judgment formation, 897
- attribute & name restriction, retrieval of well-learned semantic categories, college students, 9239
- auditory vs visual memory test & recall of read vs heard 7-8 sentence stories, memory of continuous disclosures, educationally handicapped 8-12 yr olds, 3380
- aurally presented concrete & abstract nouns, recognition memory, college students, 4466
- belladonna, anticholinergic concentration in caudate & degree of cortical disruption & learning & memory, 60-92 yr old geriatric inpatients, 3669
- brain damage, factor structure of Wechsler Memory Scale, patients assigned for cognitive assessment, 1321
- category size, reaction time retrieval of particular word from well-learned lists, college students, 9221
- concurrent holding in memory of associatively related word, interference with color naming produced by word used as carrier for color in Stroop task, college students, 254
- conditioned recall & bias, memory, 2286
- conservation & visual memory & IQ & CA, static & anticipatory imagery, 1st & 2nd graders, 2665
- constant vs varied input of letter strings & trigram meaningfulness, recall & recognition memory, college students, 4447
- context, activation of category names for ambiguous words in ambiguous vs nonambiguous sentences, college students, support for subjective lexicon, 6662
- continuous feedback during recognition testing, criterion selection & false alarm error reduction, college students, support for signal detection models, 2289
- copy & memory function, Korsakoff patients, 10481
- corpus callosum, role in memory processes, macaques, 6939
- course of instruction, changes in memory structure & retrieval, graduate students, 11018
- D'Assigny's "The Art of Memory: A Treatise Useful for Such as Are to Speak in Public", review & commentary & similarity to Johannes Michael Albertus's treatise of 1491, 241
- deep & surface linguistic structures connected by grammatical rules & complex sentences, memory, college students & 6-8 yr olds & 12-14 yr olds, 9219
- delta-9-tetrahydrocannabinol, memory & speech & perception of thermal stimulation, 25-29 yr olds, 4816
- delta-9-trans-tetrahydrocannabinol, memory & attention & subjective state, 21-38 yr old students, 4732
- developmental changes in memory, language acquisition, 614
- dextro-lysergic acid diethyl amide, learning & audiogenic seizure susceptibility & memory, mice, 4791
- disordered conjunctive & disjunctive sentences involving perverse threats, pragmatic normalization of sentences & subsequent inability to detect meaning differences in paraphrases & source sentences, college students, 6665
- distinctiveness of available internal memory cues, reliance on internal behavioral & situational cues, college students, test of self-perception hypothesis, 7644
- drug usage, learning & memory, literature review, 2469
- dual memory information-processing model, sentence comprehension, college students, 4407
- ECS & hypoxia, information retrieval in passive avoidance task, rats, 2393
- ECS induced complete amnesia, memory recovery following reinstatement procedures, male rats, 9425
- ECS, amnesic effect in passive avoidance conditioning & biphasecity of time-response curve, female mice, 2408
- ECS, learning & memory, animals, 4671
- electrical brain stimulation, learning & memory processes, selective literature review, 6985
- electroconvulsive therapy improvements & use of psychoactive drugs, depressive states & memory & thought processes, 5819
- electroconvulsive therapy, memory, 5811
- encoding & retrieval processes, normal 5th & 6th graders & retarded adolescents, 5688
- factor analysis of 6 measures from W. F. Battig & W. E. Montague's category norms, properties of categories in semantic memory, 6786
- feature similarity & bias, reaction time to correct identification of visually presented letters on memory drum, 15-20 yr olds, 6756
- feature-testing models, application to perception & memory for speech, 124
- flurothyl-induced convulsions, retention of avoidance learning task & memory, chicks, 4638
- footshock & ESC of high & low intensity, memory & amnesia for simple position habit in water maze, 4642
- galvanic skin response & respiration & success & failure & repeated failure, memory for nonsense syllables, college students, 11494
- hierarchical position of category, semantic memory retrieval of subordinates & superordinates, college students, 242
- imagery instructions, facilitation of semantic integration in sentence memory, educable retarded 89-161 mo-olds, 8036
- inaccessibility & unavailability of information due to loss of higher order memory units, retroactive inhibition of rhyme categories in free recall, college students, 4460
- increase in items in memorized set, reaction time in high speed memory scanning recognition task, cultural familial & encephalopathy-diagnosed educable retardates & 3rd graders & high school students & adults, evidence for central processing deficit, 12726
- inference categories, memory representation of sentence sets, college students, 6762
- information theory & verbal learning vs encoding & storage & retrieval, memory research trends, 9263
- inhibition of pupillary orienting reflex by stimulus novelty, recognition memory, male college students, 9224
- instruction effects, recognition memory, college students, 4478
- instructions to group unrelated words via imagery vs sentence formation vs repetition of unit members, temporal aspects of storage & retrieval, college students, 4458

- intellectual functioning & memory, young adults with brain damage secondary to penetrating missile wounds vs closed head injuries, 3416
- interactive imagery & separation imagery & rote repetition memory instructions & imagery values of stimulus & response terms, paired-associate performance, college students, 6817
- interpretation problems & value to research, ECS studies on memory, animals & humans, 4670
- intracarotid amobarbital sodium test, psychodiagnosis of performance of language & memory functions of temporal lobe before temporal lobectomy, 8438
- item concreteness & interitem spatial organization, recall processes & predicting visual imagery, college students, 6773
- Jung's theory of psychological types, interactions between personality & memory & social perception & social action, 953
- KCl administration to hippocampus, memory impairment for passive avoidance & single alternation tasks, male rats, 4656
- KCl-induced unilateral spreading cortical depression, interhemispheric competition of antagonistic memories, male rats, 6980
- lag length & stimulus type & presentation rate, judgment of recency for pictures & words, college students, 9236
- LD-3394, memory, 10-15 yr olds with neurological disorders, 1456
- learning to remember dreams, college students, 247
- life-span cognitive approach to memory usefulness for study of old age, 661
- like modality coding using visual vs auditory stimulus vs cross modality coding, word recognition, mentally retarded middle-school Ss, 12735
- linguistic integration, criticism of M. Singer & S. T. Rosenberg's study, 6780
- low-level stimulation of hippocampal cytoarchitectonic areas, retrograde amnesia, male rats, 9467
- marked-unmarked antonym pairs & negations, memory for marked semantic features vs meaning, college students, 6767
- meaningfulness & perceptual grouping & organization, recognition memory of consonant-vowel-consonant trigrams, college students, 4446
- mechanisms & processes of memory, book, 6807
- memory & association of ideas, views of Vives, 6510
- memory & paired-associate learning, patients with right- vs left-hemisphere brain lesions secondary to penetrating missile wounds, 5718
- memory codes & cumulative rehearsal, retention of observationally learned responses, female college students, 6760
- memory consolidation & retrieval in sleep, confusional sleep disorders, 1101
- memory consolidation theory development, 252
- memory for counterfactual conditionals, college students, 234
- memory for intentions of sentences, female college students, 6790
- memory for solving complicated tasks after 3 yrs, female chimpanzee, 504
- memory load, latency in recognition of colored pictures, college students, 6761
- memory set as word vs nonword, memory search time, college students, 9202
- memory set size & stimulus probabilities held constant & chunking & rule use vs stochastic self-terminating search model, choice reaction time in character classification, college students, 11455
- memory tests using melodies with 3 & 4 notes, musical deficit, aphasics, 5727
- merger of information-processing models of memory & qualitative models of development, 7326
- modality differences, recognition memory for words & their attributes, college students, 6793
- molecular hypotheses, memory, 6829
- molecular neurobiological theories, memory, 6862
- momentary awareness of critical words in nonattended message during shadowing, galvanic skin response, college students, 9214
- monaural stimulus suffix at end of list on unattended ear vs binaural suffix, dichotic memory, college students, 4462
- nitrogen narcosis, reversal of previously trained visual discrimination problems, monkeys, 377
- noise induced arousal, decrease in separation between risky & cautious criteria & retrieval strategy of pigeonholing, college students, 9255
- non-hydrogen-bonding anesthetics, memory processing, chicks, 7103
- nondominant unilateral & bilateral electroconvulsive therapy, memory, 19-65 yr old endogenously depressed patients, 13017
- nonverbal coding, learning & memory, deaf & hearing 8-14 yr olds, 8105
- nonverbal task performed concurrently with list presentation, primary memory recall for visual vs auditory lists, college students, 9199
- organizational & storage processes in memory, nonpsychotic schizophrenia, 7861
- output interference, disparity between information available in memory & accessibility in recall, 11513
- parts of speech & memory aid, conjunctive & disjunctive problems solving, college students, 4399
- pattern goodness & stimuli discriminability & similarity, recognition time in memory search task, college students, 231
- perception & memory of events, testimony validity & reliability, children, 782
- perceptual memory for numerosness, nonpsychotic schizophrenics, 12605
- physical & associational identity & storage location, reaction times to probes of active & inactive memory, right-handed college age Ss, 4464
- pictorial vs verbal description of visual patterns, recognition memory, college students, 243
- picture vs verbal recognition memory, 6783
- piracetam, recovery from ECS induced amnesia by exposure to training environment, male rats, 9573
- preferences for auditory vs visual presentation, memory for consonant-vowel-consonant trigrams, 7-8 yr olds, 4442
- previous isometric muscle contraction, ability to relocate certain point without using the eyes & muscle memory, 20-28 yr old students, 2124
- proactive & retroactive inhibition, declining course of recognition memory for words, college students, 6823
- probing for spatial properties, visual imagery for words, Ss with normal vision, use of D. O. Hebb's test of "picture theory", 4363
- puromycin, memory for shuttle box extinction & barpress extinction, goldfish & male rats, 7033
- ratios of List 1 to List 2 trials under 2 levels of absolute frequency, list differentiation, college students, 11501
- reality orientation classroom technique, memory loss & confusion & disorientation, geriatric patients, 10559
- recency items unidentified as such, storage in secondary memory, college students, 4475
- recent visual experience & postexposure duration & expectation, perception of ambiguous figures, female high school & nursing students, 11518
- recognition memory tasks, encoding auditory stimuli, college students, 9211
- rehearsal, pictorial vs verbal memory in incidental & intentional learning tasks, college students, 233
- release from proactive inhibition, memory encoding of 1- vs 2-syllable words & 2 & 3 vs 4 & 5 phonemes & locus of pronunciation, 9201
- reminding & previous retrieval, free recall of items in category from permanent memory, college students, 2277
- repetition & learning, search time, 9-17 yr olds, 2249
- repetition, iconic memory & whole & partial report of icon information, college students, 11502
- representation & processing of words in memory, consideration of Sternberg's model of memory scanning processes, 6795
- reserpine & 5-hydroxytryptophane vs dopa, active & passive avoidance memory, mice, 4707
- retroactive interference, reproduction & recognition of visual figures, 16-18 yr olds, suggested contextual theory of memory, 9234
- retrospective memory, coping with hopelessness & depression, aged, 2760
- rhythmic grouping, recall of sequence position, paid college students, 11508
- right & left hemispherectomy, cognitive abilities in verbal & nonverbal functions & performance & memory, patients with noninfantile disease, 13018
- RNA sequence in information-specificity & RNA & protein metabolism, memory & learning, 9368
- rule-governed expectancies, memory, college students, 6792
- same- vs different-voice repetitions, word recognition & recall of voice presenting recognized word, college students, 11483
- schematic model for storage of words vs meaningful symbols, language comprehension, 9138

- search criterion, unanticipated free recall of categorically related words, college students, 6781
- sensory modality & information complexity, memory processing, review, 9128
- sentence-picture & semantic memory verification, comprehension of quantified sentences, college students, 9129
- serial position effects for tones, recognition memory, college students, 6798
- short-term vs operational memory, central information processing system capacity, 9231
- signal detection analysis of serial order effects, auditory matching-to-sample, right-handed young adults, 4319
- signal detection analysis, classification of sentences into not read & reappearing in same & different typography categories, college students, 11497
- signal detection theory vs R. D. Luce's Choice Model, sensitivity & bias measurement in multiple-choice tasks, 6672
- signal detection theory, equalization of variances of signal & noise distribution for detection & recognition of verbal items, applications to recognition memory, 4459
- signal to forget presignal pairs, memory of paired associates, college students, 4465
- sleep length limitation, REM sleep & vigilance & memory & grip strength performance & mood, 18-21 yr olds, 11637
- stimulant & depressant drugs, modification of learning & memory, goldfish, 4767
- stimulus & response frequency & sequence & interaction between stimulus frequency & target set size, memory scanning reaction time, college students, 9259
- stimulus factors & listening strategies, serial position curve in auditory memory, college students, 4437
- stochastic theory & derived Markov model for learning & memory, recall prediction, 6805
- storage schemata & retrieval vs verbatim recall, generative structure of memory, 232
- structure of memory, search & retrieval, 6821
- students' memories of parent relationship, students' use or nonuse of illegal drugs, 3290
- successive display for brief or long duration of 2 dot patterns separated by varying intervals, same-different judgments of patterns, 168
- summary & repetition in learning, level of generalizability of response & memorization of terms, elementary school students, 2273
- tactile suffix, serial position function for serial recall of short sequence of tactile events, college students, 6830
- task complexity & grade level, attention & memory cues, concept learning performance, male preschoolers & 9th graders, 12042
- test-retest assessments, spatial discrimination performance, male fruit flies, re-examination of instrumental learning interpretation, 4872
- testing strategy vs memory process, unidimensional concept identification, 10-12 yr olds vs adults, 2262
- time & distractor variety, word recognition, 15-18 yr olds, 4467
- time of auditory persistence for highly encoded linguistic information & for unencoded nonlinguistic information in same acoustic stimuli, 2287
- timing, active selection of items to be remembered, adults & college students, 4454
- tonal stimuli taken from beyond octave from which standard & comparison tones were taken, disruptive effects on pitch recognition memory, college students, 11486
- transitive inferences in choice task, preoperational retarded adolescents, 8026
- uniqueness of imagined relationship between cues & items, memory performance, college students, 4457
- verbal classificatory judgments, recognition memory & recall of words, college students, 6822
- visual & auditory memory & paired-associate learning, reading level, retardates, 12743
- visual &/or auditory input & output & word frequency & distraction, recognition memory for words, 248
- visual presentation of picture vs word sequences, incremental memory for pictures in multiple recall trials & hypermnnesia for pictures, college students, 4449
- Wechsler Memory Scale, detection of mild cerebral dysfunction, psychiatric patients, 3131
- word frequency, recognition memory, college students, 9233
- word list pronunciation, frequency judgment of word presented 1-6 times, college students, 4477
- Memory Decay**  
differential decay of auditory vs visual stimuli, recency vs primacy effects in consonant vs vowel serial recall, paid students, 11482
- digit & word span immediate memory, young vs middle aged vs aged females, 12019
- Guttman scale & Kahn's Mental Status Questionnaire, memory loss assessment, elderly persons, 659
- physical similarity between target & comparison stimuli, decay time for nonverbal short-term visual memory in same-different matching task, male college students, need for psychophysical approach, 11507
- time lags in reporting information source, recall of information source, adults, 12423
- Memory Disorders** [See also Amnesia, Fugue Reaction]  
flurothyl & ECS therapy, memory defects, psychiatric patients, 5879
- memory deficits, alcoholics with Korsakoff's psychosis vs those without, 5582
- occlusive vascular disease of posterior cerebral arteries, destruction of left medial occipital area & splenium of corpus callosum & right inferior longitudinal fasciculus, visual agnosia & prosopagnosia & alexia without agraphia & color agnosia & verbal memory defect, 47-yr-old male, 10470
- short-term memory & state-dependent learning during prolonged intoxication, male chronic alcoholics, application to alcoholic "blackout", 3318
- Memory For Designs Test**  
sex & IQ, Memory-For-Designs Performance, brain-damaged vs non-damaged psychiatric patients, 12788
- WAIS & Memory-For-Designs Test as diagnostic tests for brain damage & hemispheric localization, young adults with recent penetrating missile wounds, 3417
- Memory Trace**  
age & operative understanding, memory of drawings, kindergartners & 1st & 2nd & 4th graders, 9811
- association & repetition & position of less recent test item, recency judgments in temporal order recognition memory, college students, 11510
- corpus callosum, role in memory processes, macaques, 6939
- discrepancy between semantic properties of encoded words & semantic interpretation of corresponding recognition test words, recognition failure of recallable words, college students, 9261
- free association technique, facilitation of communication between current mental event & memory traces or trace systems, 8398
- functional hemidecortication, pattern discrimination learning & formation of memory traces in intact hemisphere, rats, 6968
- impairment of covert-rehearsal process by response-produced feedback & interpolated activity, short-term motor forgetting, male college students, 4441
- memory vs perception problem & implications of bilateral symmetry, distinguishing between directions of left & right, 9213
- negative recency, levels of processing in free recall, 11440
- phonemic vs semantic processing of target words & processing times, subsequent free recall, volunteers & college students, 236
- physical similarity between target & comparison stimuli, decay time for nonverbal short-term visual memory in same-different matching task, male college students, need for psychophysical approach, 11507
- repetition of tachistoscopically presented arrays, iconic & verbal short-term memory, 9204
- retention functions for syntactic & lexical vs semantic information, sentence recognition memory, college students, 11478
- serial position & list repetition & presence vs absence of stimulus suffix, short-term vs precategorical acoustic storage memory trace, college students, 11485
- spoken word "zero" vs tone suffixes & voice difference vs similarity of suffix & final 2 digits, recall decrement from precategorical acoustic storage of digit series, college students, 11491
- time perspective, immediate & short-term & permanent memory, 11503
- Menarche**  
age & body size at menarche onset, mentally retarded females, 12720
- historical age patterns of menarche & menopause, literature review, 9807
- natural childbirth training & age & gravida & education & menstrual pain & 1st menstrual experience & sexual desire &

wanting husband's presence & medication expectation & overt pain reactions, childbirth pain, women, 11603

**Menieres Disease**

degree of deafness, masking level difference, Ss with conductive & sensorineural hearing losses & Meniere's disease & normals, 10517

**Meningitis** [See also Bacterial Meningitis]

neonatal meningitis, follow-up of 30 cases at 1-10 yrs old, 12770

**Menopause**

estrogen & androgen & estrogen-androgen combinations, migraine & migrainoid headaches, menopausal women, 10626

historical age patterns of menarche & menopause, literature review, 9807

**Menstrual Cycle** [See also Menarche, Menstruation, Ovulation]

estradiol & progesterone levels in systemic plasma during ovarian cycle, sexual behavior, pigtailed macaques, 9727

estrous cycle & access to running wheels, feeding patterns, female rats, 7267

menstrual cycle, arm-hand steadiness & galvanic skin response to auditory stimulus & reaction time & time estimation & digit-symbol substitution tasks & self-ratings of symptoms & moods, female college students, 6932

menstrual cycle, parasuicide, patients admitted to poisoning treatment center, 10385

menstrual cycle, sweetness preferences & appetite & weight gains, women, 4587

menstruation, cognitive & perceptual-motor behavior, critical review of research, 364

**Menstrual Disorders** [See also Amenorrhea, Premenstrual Tension, Pseudocyesis]

methodological soundness of Moos's Menstrual Distress Questionnaire, interpretation based on stereotypic beliefs about menstruation, college students, 11624

parietrope vs placebo, premenstrual problems, 3628

phenothiazines, endocrine effects, female patients with galactorrhea &/or amenorrhea during treatment, 3627

**Menstruation** [See also Menarche]

clomiphene citrate, plasma levels of luteinizing hormone & estradiol, anorexia nervosa, 15-39 yr old patients, 3630

cultural differences, religious & cultural attitudes about menstruation, women in Iran, 7391

fear of pregnancy, use of oral contraceptives, females, implications for premenstrual depression, 7669

- intelligence & social & personal adjustment, vocational adjustment, functionally retarded 17-28 yr old males, 5687
- interpolation of another item between training & retention tests on 2-choice visual discrimination problems & learned strength of interpolated material, retroactive interference, moderately retarded 12-17 yr olds, 10429
- job performance prediction, mentally retarded 17-56 yr old workers in sheltered workshop, 10445
- kindergarten reading & concept learning programs, adaptation for teaching retarded children, 6353
- leisure time & social problems, retarded graduates of sheltered workshop training programs, 13031
- like modality coding using visual vs auditory stimulus vs cross modality coding, word recognition, mentally retarded middle-school Ss, 12735
- MA & CA, attribution of life & life traits to animate & inanimate objects, normal & retarded children, 12739
- MA, relative thinking training, mentally retarded 17-49 yr olds, 3349
- management of socialization in family, retarded child, 5689
- maximal oxygen intake & heart rate & work capacity, mentally retarded boys, 5694
- medical & psychological assessment, handicapped children admitted to hospital for subnormal, 1658
- mentally retarded offender, literature review, 3383
- mentally retarded residents as paraprofessionals, literature review, 3357
- modeling approach, parent-child interactions & verbal communication, retarded children, 10732
- music as contingent positive reinforcement, complaining behavior, 43-yr-old mild retardate with undifferentiated schizophrenia, 3719
- music therapy, communication breakthrough, autistic mentally retarded child, 3603
- naming vs nonnaming pictures vs ambiguous figures, paired-associate learning, normal vs retarded Ss with MAs of 6-9 yrs, 10444
- nasal & temporal disparity, stereoscopic depth perception, normal & retarded 9-12 yr olds, 3399
- noise levels & speed demand & team working conditions, performance, retardates vs psychiatric cases in rehabilitation workshop, 6134
- nonparticipant observation, classroom behavior, female teacher & 20-44 yr old female mentally retarded students, 13227
- normalization of sheltered workshops, disabled & mentally retarded, 10820
- normalization of skills & productions, mentally retarded, 3354
- novel & signal stimuli, heart rate response, normal & retarded 6-12 yr olds, 3388
- nurse-social worker collaboration in mental health center, interdisciplinary treatment based on stress-strength model, retardates & their families, 10790
- omission training through differential reinforcement of other behavior, socially inappropriate target behavior deceleration, male 14-15 yr old retardates, 1680
- operant approach, testing auditory deficits, nonverbal retardates, 10424
- operant conditioning procedures & tactile stimulation & child's need for nurturing relationship, self-abuse, 9-yr-old mentally retarded girl, 6009
- operant conditioning procedures, remedial speech training, 3-yr-old retarded & autistic boy, 3520
- operant conditioning, toilet training, blind mentally retarded boy, 7906
- participation in adult education class, self-concept, mentally retarded adults, 4064
- perceptual-cognitive-motor capabilities assessment on visual-motor tasks, diagnosis & prognosis for poor performance, noninstitutionalized retarded children, 3360
- personality differences in learning processes, mentally retarded, 3368
- Piagetian concepts, arithmetic skills, retarded children, 3382
- praise vs no praise & prayer before dinner, disruptive table behavior, 6-yr-old retardate, 3765
- pre-arithmetic task performance, 8-15 yr old retardates, 8048
- probability model, assessment of animism, 6 & 11 yr old normals & retardates, 3393
- problem length, multiple discrimination learning, retarded children, 3369
- protection & training, mentally retarded, 1648
- psychological assessment, brain lesion related deficits, normal & subnormal intelligent Ss, 1285
- range & level of responsibility & frequency of social participation within & outside home, adult retarded males, 8008
- rehearsal training & prevention, keeping-track of changing variables, 11-19 yr old retardates vs normal 9th graders, 3351
- reinforcement contingency, generalization of self-referent speech, 13-yr-old retardate, 6030
- reinforcement program, stereotyped self-stimulation, retarded adults, 3348
- reinforcement rates, discrimination learning rate, mentally retarded children, 3364
- residential model, intensive programming for optimal resident development, retarded, 6067
- resource room program, self-concept & social adjustment & academic achievement, retarded children, 1881
- responsibilities to clients & staff & public, administrators of programs for mentally retarded, 12517
- serial position & presentation order of control vs experimental list, subjective list organization & von Restorff effect, school age normals vs retardates, 11522
- sex & intelligence level, interpersonal communication, 11-18 yr old retardates, 8025
- sex education, blind & deaf & retarded, 1859
- sexual knowledge & parental attitudes toward sexual development, mentally retarded adolescents, 12722
- short- vs long-term institutionalization vs noninstitutionalization, word modeling responses, retardates, 10839
- silent demonstrations vs verbal instructions, concept attainment, adult vs adolescent mental retardates of varying abilities, 8369
- simultaneous vs successive presentation of relevant positive vs negative vs irrelevant geometric figures, classification into conceptual categories, normal vs retarded 5-15 yr olds, 8024

- Skin Potential Reflex habituation speed, classifying mentally retarded, 8017
- small-step operant conditioning technique, phobia of therapy room, 12-yr-old retarded boy, 8378
- Social & Physical Incapacity & Speech & Self-help & Literacy scales, continence levels & ambulence & disruptive behaviors & speech & self-help & literacy abilities, mentally handicapped, 3377
- social caseworker's role, institutions for mentally retarded, 13044
- social epidemiological research, residential institution vs nonresidential community facility use, mentally retarded, 13056
- social reinforcement, reversible figure task performance, normals & nonorganic retardates, 3385
- social vs nonsocial rewards, resistance to extinction & frustration, normal & retarded children, 3397
- socioepidemiological analysis, admissions to state-operated outpatient clinic for retarded children, 3390
- stimulus complexity, habituation of skin conductance response component of orienting response, nonretarded & retarded male adults, 8042
- stimulus dimension predisposition, discrimination learning, retarded children, 5683
- stimulus presentation method, rule verbalization in multidimensional sorting task, retardates vs normals, 1253
- structural cues, intensity modulation & reproduction of auditory duration, retarded & nonretarded children, 8030
- sulthiame, hyperactivity & aggressiveness & destructiveness & antisociality, mentally subnormal patients, 5892
- systematic desensitization & behavior shaping, acrophobia, mentally retarded young adult, 3734
- systematic desensitization, trichophobia, 13-yr-old mentally retarded boy with gynecomastia & sex identity anxiety, 3763
- systematically & precisely arranged instructional program, performance in developmental area & acquisition rates, low performance children, 8664
- teaching behavior modification techniques, parents of retarded children, 3758
- test revisions, Wide Range Achievement Test Reading & Spelling & Arithmetic subtests vs grade level scores, male adolescent & adult retardates, 12719
- test validity, WISC & Vineland Social Maturity Scale, mentally retarded 10-13 yr olds, book, 8010
- therapy-zone plan, accelerating adaptive behavior, retarded children, 1879
- time sampling procedures, work behavior, mentally retarded trainees, 3387
- token economy & point system & self-initiated & monitored system, behavioral & psychometric changes, psychiatric & mentally retarded patients, 6033
- training adolescents in behavior modification techniques, behavioral changes, mentally retarded children, 1679
- training history & cue distinctiveness, learning intradimensional & extradimensional shifts, mentally retarded children, 3396
- transitive inferences in choice task, preoperational retarded adolescents, 8026
- tutorial vs teaching machine presentation mode with mechanical or verbal feedback, recall and recognition retention, retardates, 13226
- validity, WAIS short forms, mentally retarded, 1296
- validity, WISC short form, mentally retarded children, 1258
- verbal &/or visual presentation of prepositional mediators, mediational strategy development & transfer in paired-associate learning, retarded children, 8053
- verbal training, intradimensional transfer of discrimination learning, intellectually average 5-6 yr olds & retarded 8-17 yr olds, 1275
- video tape recorder, staff training & parental involvement & inappropriate behavior isolation & elimination, mentally retarded children, 1300
- videotaped vs no program consequence, TV preferences, low- vs high-level retarded children, implications for special education, 1858
- violent crime commitment, mentally ill & retarded, 1077
- visual & auditory memory & paired-associate learning, reading level, retardates, 12743
- vocational rehabilitation counselor time utilization, medically disabled vs culturally disadvantaged clients, 6128
- voting rights, mentally retarded at Porterville State Hospital in 1972, 10426
- withdrawal of positive reinforcer contingent upon undesirable response emission, meal-time spitting behavior, 9-yr-old retarded girl, 10697
- within- & between set stimulus differences & sensitivity to stimuli, simultaneous discrimination learning & transfer, 5-6 yr olds & female retarded adults, 11477
- Wolf-Hirschhorn syndrome & mosaicism, 11-yr-old female retardate, 12728
- 2 electronic devices, toilet training, mentally retarded, 3367
- Meprobamate**  
neuroleptic & benzodiazepines & meprobamate & amobarbitone & ethanol & amphetamine & myorelaxants, rearing & number of steps climbed in exploratory behavior, rats, 7125
- Mercy Killing** [See Euthanasia]
- Mesencephalon**  
dextro-LSD dosage, discriminability from no drug vs mescaline vs psilocybin, rats, 449
- hydroxymescaline & beta-phenylethylamine & 2,3,4,5,6-pentamethoxyphenylethylamine & 2,4,5-trimethoxyphenylethylamine, behavioral activity & physiological disposition in brain & liver & plasma, male rats, 11725
- mescaline & 2,3,4-trimethoxy-beta-phenylethylamine, metabolic rates in whole & in brain areas in vivo, mice, 4795
- mescaline, binding of aminoacyl-transfer RNA to ribosomes of brain tissue, goats, 11729
- phenylethylamine & alpha-methyl-phenylethylamine derivatives, 5-hydroxytryptamine turnover & receptors in brain & spinal cord, male rats, 7022
- Mesencephalon** [See also Superior Colliculus]  
avoidance conditioning, cardiac-somatic conditioned relationship, normal cats vs cats with mesencephalic lesions, 4667
- electrical stimulation of ventral mesencephalic tegmentum, aggressive behavior, male rats, 9419
- piribedil, acetylcholine & choline levels in striatum & diencephalon & mesencephalon & cerebellum & hemispheres, female rats, 9535
- unilateral mesencephalic reticular formation lesions, tactile & visual & auditory neglect & EEGs, female macaques, 7015
- 6-hydroxydopamine injections into zona compacta of substantia nigra, deficits in instrumental responding, male rats, 9427
- Mesoridazine**  
mesoridazine, geriatric inpatients, 10624
- Messages**  
good vs bad news & perceived recipient desire to hear news, news transmission, college students, 2885
- hierarchical structure in messages, development of communication models, 10121
- important vs nonimportant & positive vs negative messages, return of lost letter, 5220
- message length & communicator motivation & object-person information, interpersonal communication of personality impressions, college students, 5197
- persuasion vs disguised context & message & warning levels & sex, pre- & postcommunication attitude change, college students, 12320
- trustworthiness & expertness & dynamism & objectivity factors of perception of & attributions to message source, rating high- & low-credible source-topic relationship, college students, 850
- Metabolism** [See also Carbohydrate Metabolism, Lipid Metabolism, Metabolites, Protein Metabolism]  
adrenalectomy & enzyme inhibition with parachlorophenylalanine, metabolic changes, male cats, 6952
- age-related changes, catecholamine metabolism in brain, senescent male mice, 339
- amphetamines & apomorphine & clonidine, body temperature & brain 5-hydroxytryptamine metabolism, male rats, 7115
- biogenic amine metabolism & neuroendocrine function in affective disorders, 12635
- cannabis, pentobarbital-induced sleeping time & pentobarbital metabolism, male rats, 4799
- cellular processes & macromolecular metabolism in nervous system, Aplysia, 4514
- consciousness level, acid-base balance & respiratory gases & lactate & pyruvate in blood & cerebrospinal fluid, patients with neurological diseases, 10521
- ECS, dopamine & noradrenaline concentrations & turnovers, male rats, 4680
- environmental stimulation, amount of radioactive fucose incorporated into glycoproteins of brain & liver, male mice, 9388

- fasting, metabolic adaptation to glucose load, manic-depressives, 1123
- gamma hydroxybutyric acid, biochemical mechanisms of central effects, male mice, 7093
- haloperidol repeated administration, endogenous levels & turnover of brain catecholamines, male mice, 7073
- hydroxymescaline & beta-phenylethylamine & 2,3,4,5,6-pentamethoxyphenylethylamine & 2,4,5-trimethoxyphenylethylamine, behavioral activity & physiological disposition in brain & liver & plasma, male rats, 11725
- imipramine hydrochloride, measurement of action using infusion of initiated norepinephrine & tritiated metabolites in urine, depressed inpatients, 10647
- imipramine, levodopa metabolism, male adults, 9555
- intracisternal labeled delta-9-tetrahydrocannabinol, subcellular distribution in brain, male rats, 7042
- intrapertoneal injections of 5-(para-hydroxyphenyl)-5-phenylhydantoin, hexobarbital sleeping time & hexobarbital & ethylmorphine metabolism by rat liver homogenate, mice, 9582
- kinetic mechanism & structural requirements of inhibitors, catechol-O-methyltransferase, review of present knowledge, 11549
- labeled delta-1-tetrahydrocannabinol intravenous injection & smoking, disappearance curves over 3-hr period, male rats, 7057
- labeled tetrahydrocannabinol, tissue distribution & metabolism, rats, 11828
- levo- & dextrohexobarbital, volume of distribution & metabolic clearance constant in same intact & isolated liver, rats, 11721
- levodopa & carbidopa & pyridoxine, metabolic interactions in Parkinson's disease, 10636
- lithium chloride short-term administration, norepinephrine turnover & metabolism in brain, rats, comparison with data from longitudinal study of lithium carbonate treatment of mania, 7116
- lithium, adrenergic amine uptake in brain synaptosomes, male rats, 11770
- lithium, metabolic events in mechanism of action, patients with affective disorders, 8259
- mescaline & 2,3,4-trimethoxy-beta-phenylethylamine, metabolic rates in whole & in brain areas in vivo, mice, 4795
- metabolism of 3,4-dimethoxyphenylethylamine, schizophrenics vs normal controls, 7879
- monosodium glutamate, early biochemical & behavioral development, rats, 9488
- morphine & mechanism of opposite effect, striatal dopamine & locomotor activity, rats & mice, 9534
- penfluridol distribution, rats & mice, 9482
- penicillin induced hippocampal epileptiform activity, oxidative metabolism during recurrent seizures, cats, 6989
- pharmacogenetic study, methylation in vivo, schizophrenics vs normal adults, 7884
- phenelzine & levotyryptophan, metabolic control of body temperature, schizophrenics, discussion of W. Feldberg & R. D. Myers hypothesis, 5571
- plasma vs erythrocyte measures, prediction of brain lithium concentrations, rats, 4738
- probenecid, serotonin & dopamine & tyrosine & tryptophan metabolism, humans, 486
- strain differences, catecholamine metabolism in whole brain & CNS area, 2-3 mo old male mice, 2370
- tetracyclic antidepressant compound Org GB 94, monoamine metabolism in brain, male rats, 7085
- 5-hydroxytryptamine & melatonin, inhibition of median raphe neuron metabolism & brain levels of 5-hydroxytryptamine, male rats, 11775
- Metabolism Disorders** [See also Amaurotic Familial Idiocy, Diabetes, Diabetes Mellitus, Phenylketonuria, Porphyria]
- global defect of saccadic eye movements, 22-yr-old man with Wilson's disease, 10491
- minimal brain dysfunction syndrome as genetic disorder of monoamine metabolism, 12820
- probenecid technique, disturbances of cerebral 5-hydroxytryptamine metabolism & occurrence of depressive symptoms, 12649
- speech characteristics & dysarthria with prominent ataxic & spastic & hypokinetic features, treatment progress with D-penicillamine & low copper diet, Wilson's disease patients, 12874
- 3-methoxy-4-hydroxyphenethylene glycol excretion, depressed patients, 12616
- Metabolites**
- acute vs subacute lithium, brain tryptophan & serotonin & 5-hydroxyindoleacetic acid levels, rats, 11759
- alpha-levocacetylmethadol & its N-demethylated metabolites, opiate-like actions on electrically induced twitch of longitudinal muscle of ileum & reversal by naloxone, guinea pigs, 11792
- carbidopa & levodopa combination vs intramuscular pyridoxine, plasma levels of dopa & 3-O-methyldopa & homovanillic acid, parkinsonian patients with severe "on-off" effects from levodopa, 12887
- cerebrospinal fluid pH & monoamine & glucolytic metabolites, Alzheimer's disease, inpatients, 10486
- chlorpromazine & 3 metabolites, behavioral performance, male rats, 7025
- determination of 3,4-dimethoxyphenylethylamine in urine, acute schizophrenics with paranoid-hallucinatory behavior vs non-schizophrenic patients vs normals, 10281
- ecdysone metabolites of molting hormones, elicited behavioral responses, male lobsters, 9390
- ECS; norepinephrine & epinephrine & metabolites release in brain, rats & severely depressed patients, 4689
- estrogen & dihydrotestosterone, sexual behavior, castrated male rats, 2457
- homovanillic acid & 5-hydroxyindoleacetic acid & tryptophan levels in cerebrospinal fluid above & below complete block of cerebrospinal fluid, patients with neurological disease, 8144
- imipramine hydrochloride, measurement of action using infusion of initiated norepinephrine & tritiated metabolites in urine, depressed inpatients, 10647
- initial vs repeated dosing with levocacetylmethadol, plasma levels of alpha-levodonoracetylmethadol & urinary excretion of levocacetylmethadol & alpha-levodonoracetylmethadol & alpha-levonoracetylmethadol, opiate addicts, 10365
- intrapertoneal injections of 5-(para-hydroxyphenyl)-5-phenylhydantoin, hexobarbital sleeping time & hexobarbital & ethylmorphine metabolism by rat liver homogenate, mice, 9582
- probenecid, increase in acidic metabolites of biogenic amines in cerebrospinal fluid, depressed patients, 8257
- probenecid, lumbar cerebrospinal fluid 5-hydroxyindoleacetic acid & homovanillic acid, patients with affective disorders, 7819
- subchronic vs chronic vs acute use of diazepam & N-demethyldiazepam & free oxazepam, plasma concentration, neurotic outpatients, 7077
- testosterone & dihydrotestosterone, sexual behavior, prepuberally castrated male rabbits, 2419
- testosterone & its metabolites, differential effectiveness in induction of male sexual behavior, castrated mice, 2459
- testosterone propionate & dihydrotestosterone, penile morphology & sexual reflexes, spinal male rats, 2376
- tryptophan-free diet, rapid depletion of serum tryptophan & brain tryptophan & 5-hydroxyindoleacetic acid, male rats, 9386
- urinary excretion of catecholamines & their metabolites, 60-yr-old male with periodic catatonia, 4-yr longitudinal study, 7912
- 2-phenylethylamine & its metabolites in urine & brain, modulation of affective behavior, depressed patients & mice & rats, 9364
- 3-methoxy-4-hydroxyphenethylene glycol excretion, depressed patients, 12616
- Metal Poisoning** [See Lead Poisoning]
- Metallic Elements** [See also Calcium, Calcium Ions, Cobalt, Copper, Lead (Metal), Lithium, Magnesium, Potassium, Potassium Ions, Sodium, Sodium Ions]
- cobalt & related metals implanted on cerebral cortex, seizure threshold to pentylentetrazol, rats, 9394
- Metaphysics**
- metaphysics of A. N. Whitehead, influence on H. A. Murray's personality theory, 977
- Methadone**
- accumulated habit strength for drug & particular addiction, associations between words & drug, male opiate addicts vs normals, 7943
- age & race & job status, detoxification with methadone vs methadone maintenance vs total drug abstinence & posttreatment drug use, former narcotic addicts, 8274
- alcohol use during methadone maintenance treatment, narcotics addicts, 1478
- attitudes toward drug use & methadone treatment, administrators & supervisors & ex-addict counselors & nonaddict counselors, 5901
- behavior modification plus methadone maintenance, self-control, heroin addicts, 12947
- birth weight & Apgar score & maternal & neonatal complications & follow-up of mothers & infants to date, babies born to mothers on methadone maintenance, 3674

- demographic & social characteristics, applicants for methadone maintenance, 5938  
 experimental methadone treatment program, narcotic addictions, Colorado, 10628  
 haloperidol vs methadone, blocking heroin-withdrawal symptoms, 18-35 yr old addicts, 5918  
 maternal heroin & methadone intake, neonatal narcotic addiction, 1247  
 methadone & drug therapy, drug addiction, 10609  
 methadone maintenance programs, probationers, New York City, 12902  
 methadone maintenance rehabilitation program design & psychosomatic viewpoint of opiate addiction, methadone pseudowithdrawal syndrome, 12933  
 methadone maintenance treatment program, control expectancies & future time perspective, heroin addicts, 10629  
 methadone maintenance vs detoxification, retention rates & client characteristics, heroin addicts, 12872  
 methadone maintenance, heroin addicts, 8238  
 methadone oral administration, hepatic microsomal mixed function oxidase activity, male mice, 11781  
 methadone replacement, striatal acetylcholine & acetylcholinesterase & dopamine alterations, morphine-dependent rats, 11785  
 methadone, hippocampal EEG before & after electrical stimulation of septum, cats, 9383  
 natural high therapy, methadone maintenance program, 3677  
 optimal dosage & duration, methadone maintenance, 3705  
 politics of methadone maintenance treatment programs, 8251  
 providing incentives according to individual's drug abuse incidence & psychosocial adjustment level, successful methadone patients, 3625  
 psychological needs measured by Edwards Personal Preference Schedule, heroin addict applicants to methadone maintenance program, 10412  
 public vs private methadone maintenance programs, 3691  
 reasons for dropping out of methadone maintenance, addicts in drug-free therapeutic community, 5926  
 sex & race & heroin vs methadone use & legal status & employment, attrition at referral to detoxification unit, heroin addicts, 8260  
 short-term low dose methadone maintenance, 15-24 yr old heroin addicts, 8230  
 voluntary detoxification success factors, 19-30 yr old heroin addicts on methadone maintenance, 12873  
**Methadone Maintenance** [See Drug Rehabilitation, Methadone]  
**Methamphetamine**  
 family background & personality problems, methamphetamine use, 17-18 yr old females, 744  
 intraperitoneal methamphetamine hydrochloride injections, intracranial hypothalamus self-stimulation threshold, rats, 11652  
 methamphetamine & chlorpromazine & haloperidol, tyrosine hydroxylase activity, rats, 9493  
 methamphetamine & piperidol & methylphenidate, instrumental conditioning & spontaneous motor activity, immature rats, 9528  
 methamphetamine & secobarbital, contingent negative variation amplitude, graduate & college students, 4760  
 methamphetamine treatment & withdrawal, cerebral carbohydrate metabolism, rats, 9545  
 methamphetamine, conditioned aversion in spatial paradigms, rats, 9546  
 methamphetamine, daily rhythms of hypothalamic norepinephrine & serotonin & plasma corticosterone levels, rats, 9483  
 methamphetamine, fixed-ratio responding, food-satiated vs food-deprived rats, 4781  
 methamphetamine, responding under multiple schedule of shock presentation, monkeys, 4775  
 methamphetamine, serial discrimination reversal learning, rats, replication & extension of B. M. Kulig & W. H. Calhoun's study, 2426  
**Methaqualone**  
 methaqualone & phenobarbital & dosage, body weight & mean rectal temperature & spontaneous motor activity & drug tolerance, rats, 9530  
 methaqualone abuse, 737  
 methaqualone, bibliography, 450  
 personality & drug-related attitudes, methaqualone users, 9976  
 usage patterns & effects of methaqualone, 790  
**Methedrine** [See Methamphetamine]  
**Methionine**  
 levomethionine, disruption of grouping behavior, male mice, 7026  
 puberty onset, serum luteinizing hormone levels & protein metabolism in brain & anterior pituitary, mice & rats, 2354  
**Methodology** [See Also Related Terms]  
 cognitive social-learning conceptual framework, drug use patterns & meanings research, 7483  
 control for response productivity, methodology in content analysis of psychotherapy materials, 8204  
 correlational anomalies where erroneous generalizations can be made, implications for interpretation & synthesis of research results, 8895  
 costs & payoffs in perceptual research, validity of experimental results & interpretation, 6585  
 engineering technology vs chemistry or physics as model, modern psychology research, 4231  
 evaluation by objectives vs systems approach vs model proposed by R. L. Ackoff et al, evaluative research models, 8896  
 functional vs traditional content view of discipline, vocabularies required for human experience vs body process vs overt behavior categories in psychology, 10103  
 generalization variables & restricted hypotheses, research in reading, 180  
 humanistic psychology & scientific method, 5  
 hypothetico-deductive methods & psychophysical explanations, critical discussion of rejection by Skinner in study of behavior, 15  
 internal-external locus of control & social-political activism, suggestions for research methodology & bibliography, 12434  
 methodological difficulties, study of precipitating events of neurotic depression, 12566  
 methodological problems, psychophysiological research with human Ss, 367  
 methodology, determining point-centrality in uncontrived social networks, 9965  
 new rapid drug addition method, contractile response to rectangular stimulation by noradrenaline in vena cava strips, rabbits, 7130  
 placement in single disjunction vs emphasis on interrelated conceptual disjunction, methodology in cross-cultural statistical studies, 2780  
 research methodologies of acquisition of standards & self-maintenance of behavior, study of self-reinforcement, 11524  
 steps in determination of change strategy, 2837  
 trait times treatment interaction method, individual difference studies, criticism & possible alternatives, 14  
**Methohexital**  
 intravenous methohexital sodium-aided desensitization, side effects, neurotic patients, 10718  
 methohexital anesthesia, discharge patterns in nucleus reticularis (thalamus), encephale isole cats, 11825  
 methohexital-methylphenidate narcotherapy, psychotherapeutic interview, 1460  
 systematic desensitization aided by methohexital sodium, 18-53 yr old phobic neurotic psychiatric outpatients, 8367  
**Methylatropine** [See Atropine]  
**Methyldopa**  
 combination of methyldopa for renal failure & trifluoperazine for psychotic reaction, induction of hypertension, 23-yr-old woman, 3703  
**Methylphenidate**  
 cholinergic & anticholinergic treatment, methylphenidate antagonism of haloperidol, normal vs haloperidol-tolerant mice, 4736  
 combining methylphenidate with tricyclic antidepressants, 3 hypertension case reports, 8236  
 contingency reinforcement plus methylphenidate therapy, seat movements, hyperkinetic special education children, 8303  
 flupenthixol & flupenthixol-decanoate, methylphenidate- & apomorphine-induced compulsive gnawing, mice, 4726  
 morphine-induced compulsive gnawing vs methylphenidate hydrochloride, imipramine hydrochloride vs methylphenidate hydrochloride, school-age hyperactive boys, 12919  
 long-term methylphenidate, hyperkinesis, children, follow-up, 12926  
 methamphetamine & piperidol & methylphenidate, instrumental conditioning & spontaneous motor activity, immature rats, 9528  
 methohexital-methylphenidate narcotherapy, psychotherapeutic interview, 1460  
 methylphenidate & dextroamphetamine, learning & retention, hyperactive children, 8219  
 methylphenidate & pheniprazine & desipramine, muscarinic mechanisms in superior cervical ganglion, cats, 4725  
 methylphenidate hydrochloride, hyperkinetic reaction, children from economically deprived urban areas, 8239

- methylphenidate, anticipatory heart rate deceleration & reaction time, 7-10 yr olds with vs without learning disabilities, 12740  
 methylphenidate, attention span & visual-motor skills & behavior, 6-11 yr olds with minimal brain dysfunction, 12924  
 methylphenidate, informal behavior, hyperactive 8-10 yr olds, 10615  
 methylphenidate, EEG & neurological examination, 6-9 yr olds with minimal brain dysfunction, 3690  
 methylphenidate, Gilles de la Tourette's syndrome, 12772  
 repeated haloperidol administration, methylphenidate-induced gnaw compulsion, haloperidol-tolerant vs normal mice, 4735  
**Metrazole** [See Pentylenetetrazol]  
**Metronomes**  
 metronome-conditioned relaxation, blood pressure, 22-55 yr old males with hypertension, 10667  
 pacing speech with miniature electronic metronome, frequency & duration of selected disfluency behaviors in spontaneous speech, adult male stutterers, 10734  
**Metropolitan Reading Readiness Test**  
 factor analysis of Screening Test of Academic Readiness & First Grade Screening Test & Bender-Gestalt Test for Young Children & Metropolitan Readiness Test, visual-perceptual-motor function & language comprehension & abstraction of essential characteristics, kindergartners, 13283  
 perceptual cognitive development & intelligence assessors, Metropolitan Readiness Test reading success prediction for visual vs auditory approach, kindergartners, 13209  
**Mexican Americans**  
 achievement motivation & grade, competitive choice behavior, 2nd & 4th & 6th grade Mexican- & Anglo-American students, 5243  
 age & epogenic influences, educational & financial & occupational aspirations, Anglo- vs Mexican-American vs Negro 12-15 yr olds, 12331  
 age & sex & ethnic group, aggression & sexuality, Anglo- vs Mexican-American 9-15 yr olds, 2655  
 bilingual-bicultural program, self-concept & self-descriptions & stimulus-seeking activity, male vs female Chicano vs Anglo 1st graders, 13129  
 environmental press & psychological need, academic achievement, Mexican-American & American Indian college students, 13187  
 ethnicity, observational study of teaching behavior used by mother, middle- & lower-class Anglo-American & English- & Spanish-speaking & bilingual Mexican-American & English- & Chinese-speaking Chinese-American mothers & their 3-yr-old sons, 12107  
 ethnicity, scholastic achievement, Anglo & Negro & Mexican-American 1st-8th graders, 13192  
 gratification delay, Anglo vs Black vs Mexican-American 4th graders, 11542  
 language competence in English & Spanish, early bilingual education, Mexican-American children entering preschool, 8632  
 language pattern deviation from standard English & Spanish, Mexican-American children, implications for assessment, 6386  
 median income & value of owner-occupied homes & average monthly rent & population density & percentage black & Chicano, prediction of personal & property crime & total crime rate in urban areas, 10362  
 mental health, Mexican Americans, literature review, book, 686  
 parent education program, infant development & parental involvement with child & home environment, Mexican-American families, 1370  
 parent interaction in games & sorting & motor teaching tasks, early learning, Chinese & Anglo & Mexican-American mother-child dyads, 2746  
 perceptions of university environment, Anglo- vs Mexican-American college students, 1833  
 person perception & self-identity, ethnic group preference, preschool & 3rd-grade Anglo & Black & Chicano children, 7422  
 psychiatrist's role, neighborhood health center chiefly serving low-income Mexican-Americans, 12998  
 race, self-concepts, Negro vs Spanish-American vs Anglo-American adolescents, 9920  
 self-concept of ability & achievement motivation & values & aspirations, academic achievement, Mexican-American junior high school students, 1830  
 sex & ethnic background, aggressive reactions to frustrating phone call from polite vs aggressive caller, Anglo vs Chicano Ss, 10023  
 sex & ethnic group, self-disclosure, adolescent blacks vs whites vs Mexican-Americans, 10165  
 sex & mixed vs similar ethnic grouping & reinforcement schedule, cooperative behavior, black & Mexican-American & Caucasian 5-6 yr olds, 5190  
 social context & code of honor, gang violence, Mexican-American community, 10024  
 success & nonsuccess cluster differences vs characteristics of mainstream life & parental influence differences, upward- vs nonupward-mobility, black & Mexican-American men, 768  
 vocational vs special vs regular academic programs, attitudes toward school & self concept, minority group 9th grade potential dropouts, 11051  
 WISC & WAIS scores, Anglo vs Black vs Chicano delinquent boys, 10405  
**Mexico**  
 aesthetic values test analysis, inter-subgroup differences, peasant Nahuatl speakers in Mexico, 2783  
 clinical use of psychoactive drugs, Canada vs Argentina vs Costa Rica vs Mexico vs Panama, 5909  
 culture, logical thinking & degree of emotional disturbance, normal Mexican & US Anglo-American children, 5565  
 educational background & occupational status & income & social class & age & degree of industrialization of city of residence, normative patterns of decision-making & influence, married couples from Mexico & US, 7404  
 increased population & mass media influence, growth in use of marihuana & tranquilizers & amphetamines, Mexico, 5095  
**Mice**  
 acetaldehyde vs ethanol, fine & gross motor activity, male mice, 9518  
 acute morphine, naloxone-precipitated jumping behavior, mice, 9532  
 age-related changes, catecholamine metabolism in brain, senescent male mice, 339  
 age, development of short-term memory capacity for shock-escape training, neonatal mice, 4873  
 age, inception of 24-hr retention capacity for escape training, mice, 513  
 alcohol withdrawal, EEG & behavioral correlates, female mice, 4813  
 alcohol, CNS sensitivity, mice selectively bred for short vs long ethanol sleep-time, 2444  
 alcohol, new vs previously established avoidance response & differentiation of dangerous vs safe stimuli, mice, 11707  
 alpha-flupenthixol decanoate in oil, prolonged neuroleptic effect, dogs & male mice & rats, 2465  
 alpha-methyltyrosine, inhibition of anticholinergic drug-induced locomotor stimulation, mice, 4807  
 androgens, developmental & concurrent effects on aggression-eliciting qualities of male opponent mice, mice castrated at birth vs weaning vs maturity, 4621  
 anisomycin, protein synthesis & memory for passive avoidance training, mice, 4737  
 antinociceptive activities of narcotic antagonist and nonnarcotic analgetics, hot plate test results, mice, 11708  
 apomorphine vs trivastal, locomotor activity & circling behavior, male mice with vs without 6-hydroxydopamine-induced left striatal lesions, 11821  
 avoidance conditioning training parameters, cycloheximide-induced amnesia & recovery, male mice, 9569  
 basilar dendrite bundles of giant pyramidal cells, cats & mice & rats & monkeys, 4543  
 bilateral caudate vs hippocampal vs septal lesions, passive avoidance learning & sensitivity to dextroamphetamine & scopolamine at 1-2 vs 7-8 vs 28-29 days after surgery, mice, 9430  
 blinding & lateral hypothalamic lesions & ventromedial hypothalamic & septal lesions, size of food effect on food consumption, mice, 6959  
 brain extracts from trained vs retrained donors, recipient's maze learning performance, male mice, 9403  
 brain serotonin, correlation with sleep patterns, 2 strains of mice, 2356  
 brain weight & sex differences, exploratory response & defecation in novelty box, SUNY/Het mice, 9378  
 cannabidiol & cannabinal, anticonvulsant activity measured against electroshock, mice, 468  
 cannabidiol & delta-9-tetrahydrocannabinol, pharmacological interaction, mice & rabbits & rats, 469  
 catecholamine-derived tetrahydroisoquinoline alkaloids, uptake & release by adrenergic nerves in vivo, male mice & rats, 9558

- catron & pargyline, recovery from pretraining cycloheximide-induced amnesia, mice, 11719
- chlordane vs olive oil, conditioned avoidance response & electroshock seizure threshold & open-field performance, prenatally-treated mice, 11705
- chlorpromazine & dehydrobenzperidol & morphine & phentanyl, affective manifestations of pain, mice, 4786
- chlorpromazine, performance on active avoidance task, 12 strains of inbred mice, 7039
- cholinergic & anticholinergic treatment, methylphenidate antagonism of haloperidol, normal vs haloperidol-tolerant mice, 4736
- cholinergic modification, naloxone-induced jumping behavior, morphine-dependent mice, 9490
- chronic vs acute administration of lithium chloride, brain choline & acetylcholine levels, mice, 471
- chronic vs acute alcoholism, rate of serotonin synthesis, mice, 11829
- cocaine & pemoline & amphetamine, learning & retention of discrimination test, male mice, 9497
- colony size, aggressive behavior, male mice, 4913
- cyclic benzylhydrazine congeners vs nialamide, synthesis & pharmacological activity as antidepressant agents, mice, 7123
- cycloheximide & diethylthiocarbamate, localization of action, mice, 478
- cyproterone acetate administered at selected stages of gestation, maternal behavior, mice, 439
- dantrolene sodium vs diazepam vs chlordiazepoxide vs neuromuscular blocking agents vs local anesthetics, righting reflex loss & acute toxicity & motor coordination, male mice treated with morphine sulphate, 11736
- delta 9-tetrahydrocannabinol, brain levels of cyclic adenosine 3 & 5-monophosphate, male mice, 11734
- delta-9-tetrahydrocannabinol content in Brazilian manhuana, rabbit corneal areflexia & mice spontaneous motor activity & catatonia & rat rope climbing & human pulse rate & time-estimation, rabbits & mice & rats & humans, 7037
- delta-9-tetrahydrocannabinol, lethal effects, mice pretreated with SKF 525-A or chloramphenicol, 11814
- dextro-lysergic acid diethyl amide, learning & audiogenic seizure susceptibility & memory, mice, 4791
- dextroamphetamine interaction with CNS depressants, food intake & spontaneous motor activity, mice, 9479
- dextroamphetamine, rate-dependent effects on locomotor activity, female mice, possible relationship to paradoxical amphetamine sedation in minimal brain dysfunction, 459
- diallel analysis of genetic underpinnings of sleep, mice of different strains & crossbreeds, 4591
- diallel-environmental analysis, inheritance of learning ability, male mice, 4593
- diazepam & flurazepam & chlordiazepoxide, potentiation of hypnotic effect of steroid anesthetics, mice & rats, implications for clinical application, 9515
- diphenylhydantoin vs chloral hydrate, alcohol withdrawal, delirium tremens & convulsions, mice, 11743
- diurnal variations of behavioral activity, piperidine concentration in brain & brain weight, mice, 2366
- domestication & environmental familiarity & opponent familiarity, dominance, wild mice vs domesticated mice from inbred strains, 2369
- dopaminergic denervation supersensitivity, adenylyl cyclase activity, mice, 2412
- early acoustic trauma, developmental changes of threshold & amplitude of auditory evoked potentials, mice, 4547
- early androgenization, social interactions & aggression pheromone, inbred mice, 2458
- early malnutrition, avoidance learning after rearing in large litters, mice, 4617
- ECS & 5-hydroxytryptamine, brain protein synthesis, mice, 4645
- ECS, amnesic effect in passive avoidance conditioning & biphasicity of time-response curve, female mice, 2408
- ECS, brain RNA & protein synthesis, mice, 4643
- ECS, concentration & turnover of brain 5-hydroxytryptamine, male rats & mice made aggressive by isolation, 4698
- emotionality, alcohol selection & consumption, deer mice vs SWR/J & SJL/J mice, 7198
- environmental stimulation, amount of radioactive fucose incorporated into glycoproteins of brain & liver, male mice, 9388
- environmental temperature of 4 degrees C vs 21 degrees C, body weight & temperature & nest building & activity level, mice, 11642
- ethanol & caffeine, locomotor activity & central catecholamines, female mice, 7131
- etherization & massed vs distributed practice, learning performance, 2 strains of mice, 4601
- evaluation of central stimulant & depressant drug effects on locomotor activity, mice, apparatus, 4808
- exercise, longevity & behavioral measures of wheel activity & exploration & emotionality, hybrid mice differing in coat color, 4827
- experimental heating, thermoregulatory behaviors, rats & mice & hamsters & gerbils & guinea pigs, 6926
- exposure to lead acetate indirectly through mothers at birth & after weaning, activity & growth & development & responses to drugs used to treat minimal brain dysfunction hyperactivity, mice, 4800
- female odor, ultrasound by male, mice, 9778
- female urine, social investigation, male mice, 11917
- female-produced pheromone & free social interaction & tactile contact, sexual maturation & production of inhibitory pheromone, female mice, 9726
- fenfluramine, glucose use by muscles & fatty substances in blood, mice & rats & dogs & cats & rabbits, implications for obesity treatment, 452
- flupenthixol & flupenthixol-decanoate, methylphenidate- & apomorphine-induced compulsive gnawing, mice, 4726
- flupenthixol & its 2 isomers vs clopenthixol & chlorprothixene & fluphenazine & perphenazine & chlorpromazine & haloperidol, pharmacological profiles, male mice & rats & guinea pigs & rabbits & cats & dogs, 2464
- food deprivation, aggression, mice, 7249
- gamma hydroxybutyric acid, biochemical mechanisms of central effects, male mice, 7093
- genotype & practice, psychomotor development, mice, 4592
- genotype & sugar & concentration, sugar preference, mice, 4599
- genotype, consumption of saline solution, mice, 4600
- goldthiogluconate injections vs obesity, taste reactivity & readiness to eat & food-directed activity & passive avoidance, female mice, 9579
- haloperidol repeated administration, endogenous levels & turnover of brain catecholamines, male mice, 7073
- handling, infant & maternal behavior, mice, 4927
- housing in small vs medium vs large cages, adrenal response-induced changes in body weights, mice, 9767
- human sperm hormone, fertility & sexual activity, male & female mice, 9577
- hydroxylamine, behavioral response to morphine dependence, mice, 2382
- hypoadrenocortical function, audiogenic-seizure susceptibility, locomotor activity & emotionality & timidity, BALB/cJ mice, 6930
- inhibition by beta-adrenoceptor antagonists & interactions with cholinergic & anticholinergic drugs, central stimulant isolated from sea anemone, mice, 2492
- interval between learning sessions, improvement of performance on appetitive tasks, mice, 9655
- intracranial implants of testosterone propionate, intermale aggression-eliciting male mice, 4623
- intraperitoneal injections of 5-(para-hydroxyphenyl)-5-phenylhydantoin, hexobarbital sleeping time & hexobarbital & ethylmorphine metabolism by rat liver homogenate, mice, 9582
- intraperitoneally injected dextroamphetamine, sulfate, susceptibility to audiogenic seizures, mice, 4652
- isolated vs pair-rearing, aggression & leukocyte levels, male mice, 9749
- isolation & fighting, rate of synthesis of noradrenaline & dopamine & 5-hydroxytryptamine in brain, male mice, 353
- labeled delta-1-tetrahydrocannabinol with vs without repurified 7-hydroxy-delta-1-tetrahydrocannabinol, blood & brain levels of both cannabinoids, mice, 9506
- lactation duration & presence of young & stimulus characteristics of intruder animals, postpartum aggression, female mice, 2599
- learning & retention of discriminated escape response, 7 vs 9 vs 11 vs 13 day old mice, 9674
- learning visual & nonvisual problems in Hebb-Williams closed field test, male mice, 7201
- lesions of raphe nuclei, isolation-induced aggressiveness & 5-hydroxytryptamine metabolism, mice, 9441
- levomethionine, disruption of grouping behavior, male mice, 7026
- light vs dark environment & sex, emotionality & endocrine system maturation, C57/Alb vs Balb/Alb mice, 11622

- lithium & alpha-methyl-para-tyrosine, prevention of "manic" activity, female mice & rats, 7049
- long-term development of fighting, mice, 538
- low-dose X-irradiation, chromosomal nondisjunction, aged mice, 4615
- measurement methods, auditory thresholds, mice, 2618
- melanocyte-stimulating hormone release-inhibiting factor & thyrotropin releasing hormone & angiotensin II, behavioral effect of levodopa & 5-hydroxytryptophan, male mice, 9520
- mescaline & 2,3,4-trimethoxy-beta-phenylethylamine, metabolic rates in whole & in brain areas in vivo, mice, 4795
- methadone oral administration, hepatic microsomal mixed function oxidase activity, male mice, 11781
- metrazol, brain norepinephrine, mice, implications for metrazol-produced amnesia, 9456
- morphine & mechanism of opposite effect, striatal dopamine & locomotor activity, rats & mice, 9534
- N-methyl-levophenyl 7,8 dimethoxy-2,3,4,5 tetrahydro-3-benzazepine maleate, behavioral effects, rats & mice & monkeys, 9485
- nesting material as reinforcement with contingent vs noncontingent delivery, keypressing, female mice, 4879
- neuroleptics & tranquilizers & hypnotics, spontaneous palmar conductivity & psychogalvanic reaction, mice, apparatus & quantitative assessment method, 7089
- noradrenaline antagonists & dopamine, locomotor & rearing activity induced by amphetamine, rats & mice, 2475
- normative data & gene effects, development of nervous system function, mice, 9377
- novel & familiar social & environmental stimuli, urinary marking, male house mice, 11932
- novel environment & electric shock as noxious stimulation, day of death following inoculation producing malaria, mice, 380
- olfactory bulb removal & testosterone propionate & ovariectomy, ontogeny of maternal responsiveness, female mice, 2375
- olfactory stimulation, aggressive behavior, androgenized female mice exposed to testosterone propionate, 9400
- optical isomers of delta-1-tetrahydrocannabinol CNS distribution & behavior, mice, 4754
- oxotremorine & physostigmine, acetylcholine & choline levels in whole brain & spleen & cerebellum & plasma, female mice, 9536
- parental care, growth & development, young California mice, 11919
- paternal & maternal parental behavior, mice, 11918
- penfluridol distribution, rats & mice, 9482
- physical restraint of movement, protection from lethal audiogenic seizures, mice, 9296
- polypeptide central stimulant isolated from sea anemone, brain monoamines, mice, 2491
- population growth asymptote, aggression & social pressure, laboratory mice, 7240
- postpriming auditory environment, priming for audiogenic seizures, mice, 6935
- posttrial diethyl ether, learning footshock escape, mice, 7136
- pre- & postpubertal castration & subsequent replacement therapy, differential responsiveness in intermale aggression, male mice, 2380
- predatory vs other aggressive behavior, mouse-killing responses, rats & mice, 7246
- preexposure to future opponent vs irrelevant vs neutral odor & isolation, aggressive behavior male mice, 11929
- preparation & evaluation & effects, naltrexone zinc tannate, mice, 382
- presentation of young, induction of maternal nest building, virgin ovariectomized & intact female mice, 2502
- prior experience with bedding material, habitat preference, mice, 501
- progesterone & testosterone propionate, antagonism of androgen-dependent aggression promoting pheromone, BALB/cJ & castrated A/J mice, 11773
- progesterone, temporary inhibition of sexual behavior, male mice, 2432
- prolonged exercise, passive avoidance learning & exploratory activity, mice, 11894
- prolonged isolation, learning & biogenic amine turnover & aggressive behavior, 3 strains of mice, 2585
- prolyl-leucyl-glycine-amide, oxotremorine-induced central & peripheral effects, mice, 11798
- propanolol & chlordiazepoxide, behavior suppression caused by experimentally induced conflict & shuttle box performance & avoidance, mice & rats, 2473
- protein malnourishment & caging, growth & exploration & body weight, mice, 9391
- puberty onset, serum luteinizing hormone levels & protein metabolism in brain & anterior pituitary, mice & rats, 2354
- pyrazapon vs chlordiazepoxide & diazepam, disinhibitory effects on behavior & motor activity & coordination & tolerance, male mice & rats & monkeys & dogs & rabbits, 7104
- repeated haloperidol administration, methylphenidate-induced gnaw compulsion, haloperidol-tolerant vs normal mice, 4735
- reserpine & 5-hydroxytryptophan vs dopa, active & passive avoidance memory, mice, 4707
- ribaminol & tricyano-amino-propene & magnesium pemoline, recovery from neocerebellar damage, mice, 2381
- Schiff bases derived from 4,6-dichloro-5-pyrimidinecarboxaldehydes & substituted anilines, CNS depressant effects, mice, 7112
- scopolamine hydrobromide vs scopolamine methylbromide, escape latencies & increased electrical impedance, female mice, 4741
- septal area destruction, emotionality changes, mice, 4693
- sesame oil as solubilizing agent for chronic oral administration of tetrahydrocannabinol, reduction of central & peripheral norepinephrine due to sesame oil, male mice, 11709
- short conditioned avoidance training experience, radioactive phosphate incorporation into nonhistone acid-extractable protein in brain nuclei, rats & mice, 4511
- single ECS vs 15 min of intense fighting, norepinephrine uptake into cerebral cortical synaptosomes, male mice, 435
- single-locus inheritance, passive avoidance performance, 4 genotypes of mice, 11644
- single-trial & criterion maze learning, 3 inbred strains of mice, 4590
- sodium nitrite, isolation-induced aggression, pregnant mice & offspring, 9514
- species & strain & grouping effects, urinary aversive pheromone, mice, territorial implications, 11928
- spetal lesions, aggression, male mice genetically selected for high & low brainweight, 9432
- stimulus distance & illuminance, visual acuity development, deermice, 4932
- strain & early shock experience & shock-reinstatement shock, box area preference, inbred mice strains, 4596
- strain & sex differences & interaction, reflex latencies in sciatic nerve functions, peripheral nerve conduction velocity, A/J vs CBA/J vs C3H/HeJ vs C57BL/6J vs DBA/1J, 11643
- strain differences, catecholamine metabolism in whole brain & CNS area, 2-3 mo old male mice, 2370
- subcutaneous injections of testosterone propionate, aggressive behavior, female mice, 9585
- sweetened morphine vs drinking water during pregnancy & lactation, shock-elicited escape behavior, female mice, 2500
- testosterone & its metabolites, differential effectiveness in induction of male sexual behavior, castrated mice, 2459
- testosterone propionate given neonatally, sexual behavior, ovariectomized vs intact female house mice, 4618
- testosterone propionate, reduction of maternal nest building, female mice, 455
- thyrotropin releasing hormone, antagonism of ethanol narcosis, male mice, 9491
- U-32,802A, heart & brain biogenic amines, mice, 11772
- urine of male conspecific, aversive effects upon investigatory behavior of its defeated opponent, male mice, 4904
- variable interval food reinforcement & corticosterone at 2 days old, polydipsia, rats & mice, 11756
- waking vs sleeping states, habituation to auditory stimuli, mice, 564
- zinc sulfate produced peripheral anosmia vs olfactory bulb removal, sexual behavior, mice, 2374
- 2-amino-6,7-dihydroxy-1,2,3,4-tetrahydronaphthalene intraventricular injection during consciousness, long lasting stimulation of locomotor activity, male mice, 7137
- 2-phenylethylamine & its metabolites in urine & brain, modulation of affective behavior, depressed patients & mice & rats, 9364
- 6-hydroxydopamine & guanethidine, adrenaline & noradrenaline & dopamine levels in brain & heart, newborn mice, 9539
- Micturition [See Urination]
- Middle Aged
- acoustic vs visual stimulus modality, recall & recognition in memory tasks, 4.5-6 & 20-75 yr olds, 226

- age & depression level, engagement in pleasant activities & subjective enjoyability of pleasant events, 18-29 vs 30-49 yr olds vs Ss aged 50 yrs & older, 7378
- age & learning stage, degree & nature of learning to learn effects, 18-27 vs 40-49 vs 50-59 vs 60-69 vs 70-85 yr olds, 7376
- age & personality differences, referral for psychological consultation, medical inpatients with ages ranging from under 20 yrs to above 60 yrs, 12827
- age, expectancy of success & risk-taking behavior, 10-15 yr old boys & 20-30 yr olds & Ss 45 yrs old & over, 7278
- background factors & test scores, predicting college performance, middle-aged students entering or returning to college, 11068
- basic life attitudes within family, adolescents vs parents vs grandparents, 12076
- beliefs on generational associated & own preferences, young adults vs middle-aged vs aged, 5031
- changes in life conditions over 2-yr period, self-image, middle-aged & elderly, 2748
- childhood environment, psychological adjustment, middle aged males, 12122
- chronic exercise, personality using univariate & multivariate analysis, middle-aged men, 4372
- clustering of word pairs, free recall, 30-60 yr olds vs 70-90 yr olds, 12116
- digit & word span immediate memory, young vs middle aged vs aged females, 12019
- discriminative power of MMPI, schizophrenic vs nonschizophrenic 18-28 vs 45-59 yr olds, 1112
- education & health & locus of control & achievement value & occupational mobility, prediction of affective & cognitive measures of self-concept, 45-71 yr old middle-class Ss, 2750
- ego-supportive casework treatment, middle-age separation crisis, 1646
- man-environment relations & age, diving rate & use of space & depth of dives & size of catches, 30-49 yr old abalone divers, 4568
- psychoanalytic concepts, creativity in mid-years & old age, 9877
- requestors' attire, obtaining directions, middle aged women, 7577
- sex & age related to present status, perceptions of middle age, elderly residents of dependent-care facilities, 7377
- sex & aspects of examination, anxiety during medical examination, 45-71 yr olds, 3522
- similarity classification of geometric stimuli, 35-95 yr olds, 7373
- teacher attitudes & approach, cultural & societal & communal & economic forces acting on learning situation, middle-aged learner in higher education, 10884
- Middle Class**
- acceptance & severity ratings of /s/ & /r/ articulations of 6-9 yr olds with articulation disorders, lower- vs middle- vs upper socioeconomic groups of Os, 10100
- age & sex differences, recall & knowledge & preference for masculine & feminine items, 5- & 8-yr old white children from working- & middle-class families, 9867
- counseling center-sponsored group experiences, young middle-class drug users, 8437
- developmental & sociocultural aspects of imagery, picture-word paired-associate learning & recall, middle- vs lower class Anglo- vs Spanish-American children, 9803
- differentiated socialization, play, children, 640
- ethnicity, observational study of teaching behavior used by mother, middle- & lower-class Anglo-American & English- & Spanish-speaking & bilingual Mexican-American & English- & Chinese-speaking Chinese-American mothers & their 3-yr-old sons, 12107
- fluid & crystallized intelligence, middle vs low socioeconomic status elementary school children, 6678
- geometric figures, concept identification & information processing, male vs female lower- vs middle-class white kindergartners vs 1st vs 2nd graders, 2690
- group counseling, self-esteem & anxiety & depression & hostility, middle-class women, 10782
- home learning environment, verbal & number & spatial & reasoning ability test scores, middle- & lower-class 11-yr-old boys, 3914
- knowledge of affect terms & social class, emotional development, middle vs working class 6th graders, 7346
- language imitation & comprehension & free production of standard & nonstandard English, black & white 5 & 8 & 10 yr olds from low & middle socioeconomic backgrounds, 7313
- learning program based on motivating forces & methods used & role of goal or purpose in life, moral judgment development, 5th & 6th graders of low & middle-class areas, 12099
- locus of control, premaritally pregnant junior & senior high school students from middle-class white vs lower-class black families, 5391
- social behavior characteristics & communication patterns, middle-class dealers of illicit drugs, 7433
- sociocultural influences, incidence of alcoholism & drug addiction, middle-class London Jews, 1207
- socioeconomic status, variations in item difficulty, 4th & 6th & 8th grade black & white ghetto & middle class students, 9134
- verbal ability & hierarchical structure & role expectations, family problem solving, middle- vs working-class families, 10045
- welfare vs middle-class only vs mixed training groups, training parents as behavior modifiers, parents of 10-mo-old to 6-yr-old children, 10725
- Wisconsin Card Sorting Test concept identification, male vs female lower- vs middle-class kindergartners vs 1st vs 2nd graders, 6394
- Middle Class Attitudes**
- differential middle-class cultural dominance in school, social class-delinquency relationship, 12679
- embourgeoisement thesis, attitudinal & behavioral differences in relation to political & social & economic variables, blue- vs white-collar workers, 708
- Middle Ear**
- body inversion, acoustic immitance of normal ears, 18-35 yr olds, 11314
- cholinergic & anticholinergic drugs in scala tympani, blocking effects of electrical stimulation of crossed olivocochlear bundle, guinea pigs, 6934
- optical method, measurement of auditory membrane vibrations, crickets, 11306
- probe-tone frequencies of impedance bridge, tympanographic pattern in ossicular discontinuity, 8111
- stapedius & tensor tympani muscle activation, neuronal organization of acoustic middle ear reflex, nonanesthetized rabbits with chronic lesions in auditory pathways, 399
- Middle Income Level**
- middle vs working-class vs lower incomes, life style, black families, 901
- Middle Level Managers**
- background characteristics, communication modes use & preference, personnel managers, 5289
- inservice training seminars, community consultation & education, middle management staff in state mental health department, 1011
- intrinsic & extrinsic job factors relating to satisfaction, reasons for remaining vs leaving organization, Australian middle managers who recently resigned vs employed at least 12 mo, 13358
- job satisfaction, ratings of importance of supervision & interpersonal relationships, middle managers & salaried employees, test of F Herzberg's 2-factor motivation theory, New Zealand, 8814
- laboratory training, human-relations growth in industrial organizations, lower- & middle-level managers, 6424
- need for achievement, labor turnover, entrepreneurs vs engineers vs accountants vs middle managers, 8815
- supervisors' behavior, leadership dimensions of consideration & initiating structure & job satisfaction, middle-level supervisors & subordinates in state mental hospital, 4177
- Migraine Headache**
- BC-105, control of migraine headaches, 12909
- bidirectional operant conditioning, cephalic vasomotor response, male students, implications for migraine headache therapy, 1304
- biofeedback & psychotherapy, therapy progress, migraine headache & insomnia sufferers, 3511
- childhood history of severe cyclical vomiting, abdominal pain, migraine proneness & depression & anxiety, 17-27 yr olds, 12775
- chocolate, occurrence of headaches, migrainous Ss, 12793
- control of vascular dysfunction, biofeedback control, migraine headache sufferers, 3529
- directive therapy, migraine headaches, 26-yr-old woman, case report, 10572
- estrogen & androgen & estrogen-androgen combinations, migraine & migrainoid headaches, menopausal women, 10626
- personality traits vs environmental factors, stress reaction-induced migraine headaches, 7850
- serotonin, cerebral & extracerebral blood flow, baboons, implications in migraine, 2430
- simultaneous measurement of internal & external carotid blood flow, monkeys, approach to study of migraine mechanisms in animal model, 11638
- temperature feedback, migraine headaches, 8388

**Migrant Farm Workers**

family development training project, transition to skilled self-supporting workers & income increases, poor migrant farm workers, 11128

**Migration (Human)** [See Human Migration]

**Migratory Behavior (Animal)**

directional experience, initial orientation, pigeons, 4833  
ecological factors, migration & core area shifting, gorillas, 7139  
wind direction, flying orientation, migrating free-flying nocturnal birds, 11830

**Mildly Mentally Retarded** [See Educable Mentally Retarded]

**Milieu Therapy** [See Therapeutic Community]

**Militancy**

black militancy & affective attachment, fear of success, black female college students, 6847

**Military Enlistment**

adjustment to & perceptions of US Navy at various points during 1st enlistment, prediction of reenlistment, low aptitude personnel, 8756

Air Force advertising, motivation for enlistment, male & female US

Air Force nonprior service enlistees, 5322

attitudes toward military service, youth, 4136

draft pressure removal, personnel quality, all-volunteer US Air Force vs 1970-1972 enlistees, 13329

motivation trends, military enlistment, 4131

**Military Medical Personnel**

attitudes towards physicians' assistants, US army medical corps officers, 12557

development & comparison, task difficulty measures, US Air Force nurses vs medical service corpsmen, 11123

efforts to treat drug addiction in the military from Civil War to end of World War II, military psychiatrists, 3683

history & influencing forces, medical residency program development in US armed forces, 10261

role in Air Force's health care delivery system, nurses & medical corpsmen, 8791

**Military Officers** [See Commissioned Officers]

**Military Personnel** [See also Air Force Personnel, Army Personnel, Commissioned Officers, Draftees, Enlisted Military Personnel, Marine Personnel, Military Medical Personnel, Navy Personnel, Noncommissioned Officers, ROTC Students, Volunteer Military Personnel]

aggravating & coadjutant causes, mental pathology, 2 hierarchic groups of soldiers, 1106

alternate media for teaching typing, military personnel, 6437

attitude measurement toward technical training, military trainees, 6430

attitudes towards foremen & peers & military education & jobs, privates, 1958

cigarette smoking & alcohol consumption, drug abuse, American high school students & military personnel in West Germany, 7476

development & validation of career-intent & demographic & environmental & attitudinal factors, prediction of officer career status, 6459

distance judgments, over ground vs photographs, conscripts, 4224

disulfiram & group therapy, alcoholism, military personnel, 5907  
drug abuse, 18-yr-old male Swedish military conscripts, 1970-1973, 12148

drug addiction identification & prevention programs, military personnel, 5967

drug usage, military personnel in 1970 vs 1971 vs 1972, 723

efforts to treat drug addiction in the military from Civil War to end of World War II, military psychiatrists, 3683

epidemiology & demographic characteristics, Vietnam soldier heroin addicts, 3307

general & specific orientation toward violence, females & middle-aged males & college males & females vs enlisted Vietnam veterans & serving field grade officers, 2811

in-service & post-service benefits, servicemen holding General Educational Development program equivalency, 4141

leader's motivational style & experience & leader-member relations, leader intelligence & performance, sergeants & unit commanders & navy petty officers, 4175

military psychiatrist as agent of social control, number of discharges for character & behavior disorders, military personnel, 8761

military significance & investment risk information & feedback & guidance, decision making in project selection & funding for personnel & training research & design in Navy, 6420

number of lists & length of retention period, memory for reference points in distance estimation, army personnel, 2285

personal & demographic factors, desertion among Army accessions, implications for selection & management, 8806

prevention & isolation from source & treatment components, drug addiction rehabilitation program at Phan Rang Air Base in South Vietnam, 10630

psychodrama & group therapy, heroin addicts returning from military duty in Vietnam, 10719

questionnaire, perception of racially mixed squads, black & white US Marine Corps squad leaders, 4181

self-esteem, adaptation to military setting, military servicemen & adolescent recruit, implications for military psychiatrists, 8760

simulated sonar watchstanding, aural detection, experienced sonar operators, 123

statistical study, alcohol & drug & tobacco consumption, before & during military service, infantry recruits, 9937

target identifiability & proximity & risk & authorization & modeling, soldier's decision to fire in combat, male college students, 5134

training costs & difficulty & job performance, design characteristics of avionics subsystems, avionics engineers & Air Force training supervisors & instructors, 6472

transitional relatedness, alcoholic & personality disordered sailors & marines, 10581

validity of existing & new keys in SVIB & Importance-Possibility Scale, measuring career motivation, junior officers, 6416

**Military Psychology**

Advanced Systems Division of Air Force Human Resources Laboratory reports, bibliography, 6439

contributions of military psychiatry, delivery of mental health services, 6073

quantitative analysis of changes in weapons systems procurement, organizational structure policy, 1950-1970 in France & United Kingdom & US & USSR, 11092

**Military Recruitment**

characteristics of colleges attended, success in School of Military Sciences' Officer Training Program, implications for developing procurement strategy, 8778

draft pressure removal, personnel quality, all-volunteer US Air Force vs 1970-1972 enlistees, 13329

host college characteristics, Air Force Reserve Officer Training Corps detachment effectiveness criteria for successful recruitment, 11111

personal & demographic factors, desertion among Army accessions, implications for selection & management, 8806

personal & demographic factors, desertion, US Army accessions entering when entrance requirements were less restrictive, implications for personnel selection & management & anticipated desertion rates, 4158

removal of certain physically disqualifying restrictions to enlistment, evaluation & implications of qualifications change, 6442

**Military Training**

accelerated technical training availability & use, job satisfaction & effectiveness & college training value, 1st-term nonprior service college graduate airmen, 1957

adaptation of advanced measurement & evaluation techniques, utilization in Air Force technical training systems, 8798

Adaptive Instructional Models, computerized individualized Air Force technical training, 13309

Advanced Systems Division of Air Force Human Resources Laboratory reports, bibliography, 6439

Airman Qualifying Examination or Armed Forces Qualifications Test data & J. S. Caylor's 1973 FORCAST readability formula, determination of reading skills & requirements of Air Force career specialties, 11126

all-volunteer force, input into office training program, 8780

Armed Services Vocational Aptitude Battery Form 1 vs Airman Qualifying Examination-66, prediction of technical school success, airman trainees, 6441

attitude measurement toward technical training, military trainees, 6430

attitudes towards foremen & peers & military education & jobs, privates, 1958

audiovisual approach to self-paced job training, job performance, Air Force personnel, 6433

automated-adaptive techniques in flight simulators, air-to-air intercept training, US Navy pilots, 1968

- availability & use of accelerated training in technical schools & job satisfaction & job effectiveness & value of college training in Air Force jobs, 1st-term nonprior service college vs noncollege graduates, 8830
- calculation time in fire control & communication time collected in forward observation post, personnel from Artillery School vs retraining units, 4143
- characteristics of colleges attended, success in School of Military Sciences' Officer Training Program, implications for developing procurement strategy, 8778
- computer simulation evaluation, flow of airmen through basic & technical level training, 11117
- computer simulations, adaptive instructional models for individualized technical training, Air Force, 8781
- description & evaluation, computer-based individual trainer for radar intercept observer practice, 1983
- early training & selection variables, prediction of advanced level aviation performance, naval jet aviators, 8805
- expectations & social attitudes & values & motivations & interests & satisfactions, curriculum effectiveness & relevance, 19-23 yr old Australian officer cadets, 1985
- feasibility research effort, automated objective measurement system to assess in-flight pilot performance in T-37B aircraft, pilot trainees, 6427
- incentives, attitudes toward voluntary military service & perceived positive & negative aspects of military careers, officer trainees & airman personnel, 8812
- instructional workshop, intercultural communication skill improvement, 13313
- integration of navy career information into career education programs within public education community, 3905
- job description procedures, describing army officers jobs, 1992
- link instrument-trainers, dynamic observation in undergraduate pilot-training, college student groups, 6444
- military significance & investment risk information & feedback & guidance, decision making in project selection & funding for personnel & training research & design in Navy, 6420
- modification of Undergraduate Pilot Training academic course, teaching in learning center, 6421
- multidimensional scaling & cluster analytic techniques, Air Force technical training & development, 1986
- peer ranking & completion of pilot training, assignment of pilot to aircraft or mission, 13318
- Performance Assessment System validity, predicting aerospace ground equipment course grades, Air Force personnel, 4151
- predictive validity of initiating structure & consideration, military performance in training, ROTC students, 13323
- pretraining study manual, diagnostic achievement evaluation, US Army drill sergeants, 13322
- simulation, aircrew training & performance, 13300
- standardized aptitude measures vs course-related instruments, predicting individual self-paced course completion time, trainees in US Army Quartermaster School, 1990
- task analysis in various types of aircraft, U.S. Naval Flight Officers, implications for training, 4147
- time-compressed speech, Air Force technical training, 13303
- training costs & difficulty & job performance, design characteristics of avionics subsystems, avionics engineers & Air Force training supervisors & instructors, 6472
- Training Line Simulator, user's manual, 11118
- training of General Educational Development program achievement & encouragement & initiative, servicemen, 8768
- US Air Force Training Line Simulator, assessing impact of alternative recruit classification & training policies, 8793
- validation of selection interviews, correlation with end-of-training evaluation & written examination scores & biographical & psychometric variables, naval officers, follow-up study, 13307
- validation of Two-Hand Coordination & Complex Coordination by tests, prediction of graduation from pilot training & attrition by reason of flying deficiency, student officers scheduled for pilot training, 11099
- validity of Performance Assessment System, predicting aerospace ground equipment course grades, airman trainees, 8792
- videotapes with motion vs with still photographs, learning procedural task, army recruits, 1988
- Military Veterans**
- age, criticism of hospital routines, military veterans, 3886
- age, personality traits, under 26 vs 30-40 vs 50-60 yr old psychiatric hospitalized veterans, 3274
- anomie & mood, psychosocial development, domiciliated male veterans, 5046
- attitudes & personal values, Vietnam veterans, 2842
- attitudes toward psychotherapy, veteran heroin addicts, 10602
- behavior modification program, changing socially unacceptable eating behavior, veterans hospital patients, 3760
- crisis theory with emphasis on outreach methods vs institutional contacts, transition from military life back to home environment, 6117
- criticisms of Veterans Administration hospital routines & practices, younger veterans, 3887
- diagnostic questionnaire, developing specific treatments for specific problems, outpatient veterans, 5509
- didactic & clinical training, mental health associates in Veterans Administration, 7777
- disability separations for psychoneurosis, mortality rate, Army veterans, 24-yr follow-up, 3189
- disciplinary-legal & emotional maladjustment, Vietnam veterans & nonveterans, 10280
- drug addiction vs alcoholism, body image, veterans, 10372
- Drug Dependency Treatment Centers, alcoholism & drug dependency problems of Veterans Administration, pre-Vietnam Era veterans, 5903
- drug usage & dependence, Vietnam veterans, follow-up, 5657
- environmental & social change, post military adjustment, needy Vietnam Era veterans, 3000
- experiences & attitudes & transformations, Vietnam veterans, book, 5239
- general & specific orientation toward violence, females & middle-aged males & college males & females vs enlisted Vietnam veterans & serving field grade officers, 2811
- grass-roots involvement in military-industrial complex, militarism, male veterans & defense workers, 2848
- group therapy & vocational counseling, state anxiety & self-ideal concepts over 4 mo, US disabled veterans, 10700
- heroin addiction, neuropsychological functioning, Vietnam veterans, 10377
- improvement of psychiatric fee-basis program, veterans, 10838
- intensive short-term psychotherapy, attitudes & behavior, drug-addicted veterans, 10564
- interagency overseas program, counseling, Vietnam veterans, 1980
- intermediate rehabilitation unit, independence & self-reliance & giving up patienthood, patients in Veterans hospital, 3863
- mental health & behavioral sciences research, improvement of Veterans Administration patient care programs, 10837
- MMPI cluster analysis, hospitalized alcoholic veterans, 5632
- MMPI differences, black vs white drug abusing veterans, 7972
- model program, improved veteran-employee relations, Veterans Administration hospital, 6158
- personality scale correlates, assessment of acoustic performance, blinded veterans, 8091
- personality structure & lifestyle, veterans receiving welfare & applying for welfare, 5361
- prognosis, civilian vs Vietnam returnee drug addicts, 7969
- psychiatric perspective, returning Vietnam veterans vs alienated college students, 3265
- treatment considerations due to unusual war circumstances, Vietnam veterans, 3505
- using college students as paraprofessionals, behavior modification, psychiatric patients in Veterans Administration hospital, 7765
- Minimal Brain Disorders**
- amphetamine, average visual & auditory evoked responses, minimally brain dysfunctional children, 3631
- asphyxiation at birth, visual depth perception & visual placing & locomotion & learning & memory, monkeys, implications for minimal brain dysfunction, 2384
- minimal brain dysfunction, average visual & auditory evoked responses, definitions & functional implications of terms "minimal brain damage" & "minimal brain dysfunction," choreiform movements & classroom behavior disturbances, 10-12 yr olds, 3484
- dental abnormalities, normals & Ss with mental & retardation & learning disabilities & minimal brain dysfunction, 1262
- dextroamphetamine, rate-dependent effects on locomotor activity, female mice, possible relationship to paradoxical amphetamine sedation in minimal brain dysfunction, 459
- drugs of reported value in order of efficacy & toxicity, minimal brain dysfunction treatment, children, 3672
- exposure to lead acetate indirectly through mothers at birth & after weaning, activity & growth & development & responses to drugs used to treat minimal brain dysfunction hyperactivity, mice, 4800

- genetic issues, minimal brain dysfunction syndrome, 3462  
 imipramine, children with minimal brain dysfunction, 12892  
 methylphenidate, attention span & visual-motor skills & behavior, 6-11 yr olds with minimal brain dysfunction, 12924  
 methylphenidate, EEG & neurological examination, 6-9 yr olds with minimal brain dysfunction, 3690  
 minimal brain dysfunction syndrome as genetic disorder of monoamine metabolism, 12820  
 mutual storytelling technique, psychogenic problems, minimally brain dysfunctional children, 5825  
 neurologic & behavioral assessment, children with minimal brain dysfunction, 3480  
 performance on McCarthy Scale of Children's Abilities, 5-9 yr old normals vs minimal brain disordered Ss, 3442  
 psychotherapy, psychogenic problems secondary to minimal brain dysfunction, 3564  
 symptoms & learning problems & diagnostic questions & treatment methods, minimal brain dysfunction syndrome, 1298  
 Wechsler Memory Scale, detection of mild cerebral dysfunction, psychiatric patients, 3131
- Minimally Brain Damaged**  
 Adlerian group counseling, oral & reading vocabulary skills & sentence comprehension, minimally brain-damaged 10-14 yr olds, 8683  
 audiotaped relaxation program, handwriting quality, minimally brain-injured 8-11 yr old boys, 11032  
 beam-walking performance, minimally brain-injured vs educable mentally retarded, 7995  
 definitions & functional implications of terms "minimal brain damage" & "minimal brain dysfunction," choreiform movements & classroom behavior disturbances, 10-12 yr olds, 3484
- Ministers (Religion)**  
 conflicts over priorities, Presbyterian church members & ministers & seminary students, 2785  
 counseling sexual problems, pastors, book, 3826  
 doctrinal beliefs, positions on social issues, ministers, 5105  
 intrinsic-extrinsic religious orientation, preference for personality vs role-activity variables in choice of pastor, active Episcopalians, 2792  
 life history, ministerial success prediction, Seventh-Day Adventist ministers, 13361  
 vocational role identification, barriers to Christian counseling, ministers, 5779
- Minks**  
 hearing & vision development, cats vs rabbits vs dogs vs minks, 9759
- Mini Multiphasic Personality Inventory**  
 A-B therapy scale of R. C. Carson, MMPI & 16 PF correlates, psychiatric inpatients, 7854  
 accuracy & generalizability, automated MMPI interpretation system, 7670  
 concurrence of psychiatric & MMPI-based diagnoses, psychiatric patients, 5595  
 covariance structure analysis, estimation of content-acquiescence in MMPI, 6520  
 cross validation study, MMPI 'D' scale, depressives & psychiatric patients & normals & college students, India, 63  
 cross-validation, MMPI scales of aggression, male criminals, 7935  
 demographic characteristics & age, base rates of MMPI low-points, precollege males, 3008  
 differentiation by MMPI, remedially vs irremediably obese women, 12786  
 discharge variables, MMPI scores, hospitalized alcoholics, 5636  
 discriminative power of MMPI, schizophrenic vs nonschizophrenic 18-28 vs 45-59 yr olds, 1112  
 experimental MMPI scales & age & race & sentence & IQ & grade level & clinical data, institutional adjustment prediction, prisoners, 3857  
 field dependence, personality traits on Minnesota Multiphasic Personality Inventory & styles of psychopathological adjustment, psychiatric outpatients, 12621  
 Harris-Lingoes MMPI subscales normative scores, standardization sample vs male psychiatric patients, 2071  
 HSX scale of MMPI, active vs situational homosexuality identification, inmates vs college students, 1226  
 Mini-Mult vs standard MMPI correspondence, patients with left & right hemisphere lesions & brain-damaged, 5731  
 Mini-Mult vs standard MMPI, psychodiagnosis, state mental hospital patients, 5588
- Mini-Mult vs Minnesota Multiphasic Personality Inventory, cross-validation, male inpatient alcoholics, 12672  
 Minnesota Multiphasic Personality Inventory alcoholism scales & content & item changes, identification of future alcoholics, male college students vs prealcoholics, 12682  
 Minnesota Multiphasic Personality Inventory profiles typology of P. A. Marks & W. Seeman, American vs Canadian in- & outpatients, 12658  
 Minnesota Multiphasic Personality Inventory, diagnostic tool in marriage counseling, 10684  
 MMPI 1b & 1c & 1d scales, validity for measuring alcoholism, alcoholic & nonalcoholic imprisoned sociopaths, 3332  
 MMPI as screening device, clinical features of schizophrenia vs objective environmental stresses, college students & hospitalized schizophrenics, 3167  
 MMPI cluster analysis, hospitalized alcoholic veterans, 5632  
 MMPI correlates, ideal vs actual self, prison inmates, 3282  
 MMPI differences, black vs white drug abusing veterans, 7972  
 MMPI drug abuse scale, cross-validation, prisoners, 3325  
 MMPI personality scores, young men with vs without histories of venereal disease, 8102  
 MMPI research, college students, annotated bibliography, 1962-1972, 5340  
 MMPI response consistencies, normal vs neurotic vs psychotic women, 10285  
 MMPI scale, assessment of death anxiety, college students, 7913  
 MMPI scale, measurement of scholastic personality, female high school seniors & college students, 4099  
 MMPI scores vs staff vs self-ratings of diagnostic categories, adolescent psychiatric inpatients, 5578  
 MMPI scores, differential misdiagnosis of psychosis from behavior disorders, black & white patients, 5519  
 MMPI vs 16 PF vs Freiburg Personality Inventory, 3010  
 MMPI, alcoholic personality measure, 5627  
 MMPI, assessment of suicidal risk, literature review, 3286  
 MMPI, discriminating criminal types & recidivism, prisoners, 10371  
 MMPI, psychodiagnosis, 14-25 yr old hospitalized drug abusers, 12592  
 multivariate clustering procedures, delineation of homogeneous MMPI profile subgroups, opiate addicts, 7929  
 neurasthenia nosography with vs without use of Minnesota Multiphasic Personality Inventory, neurasthenics, 12629  
 pseudoneurologic scale & Hovey complex indices of MMPI, differential diagnosis, multiple sclerosis vs pseudoneurologic patients, 3469  
 race & education, MMPI profile differences, black vs white schizophrenic inpatients, 5541  
 reliability of Mini-Mult & scale equivalence with MMPI, hospitalized schizophrenic veterans, 5556  
 reliable demographic & behavioral correlates of single-scale MMPI code types, psychiatric patients, 12573  
 response stability & item endorsement & social desirability & item ambiguity, MMPI vs California Psychological Inventory, 6524  
 rules of L. R. Goldberg, discrimination of normals vs deviants & psychotics vs sociopaths & psychotics vs neurotics to group MMPI codebook profiles, psychiatric patients, 10322  
 self-report on MMPI vs other clinical information sources, male psychiatric patients experiencing crisis situations, 5563  
 separate vs full MMPI methods for administration of 17-item Pseudoneurologic scale, reliability, medical neurologic patients, 3470  
 sex items, MMPI validity & reliability, adolescents, 955  
 sex of S & E & social desirability & ego strength-defensiveness, relationship of verbal & fantasy hostility & hostile feeling responses to manifest hostility, college students, 12497  
 short form of MMPI by T. R. Faschingbauer, standard MMPI score prediction, college students, 11229  
 short- & long-term hospitalization, MMPI indices of personality change, heroin addicts, 13058  
 simplified MMPI for use with Ss of limited reading ability, equivalence to standard form, 8954  
 standard vs "ideal-self" instructions, subtle & obvious items on MMPI, psychiatric outpatients, 5614  
 standard vs Mini-Mult MMPI, psychodiagnosis, inpatients, 5584  
 success vs failure in autogenic training, personality traits on MMPI, patients, 8167  
 test-retest stability over 2 yrs, long & short MMPI scales, alcoholics, 8947
- Minor Tranquilizers** [See also Chlordiazepoxide, Chlorprothixene]

- benzocetamine vs medazepam, anxiety, neurotic 8-20 yr olds, 8228  
 benzocetamine, anxiety & anguish & neurovegetative upset, 16-80 yr old neurotic patients, 8231  
 benzocetamine, anxiety reduction, field-dependence & pain tolerance relationship, males, 8990  
 benzodiazepine lorazepam, sleep at home, anxious insomniacs, 12891  
 chlormezanone, anxiety, outpatients, 10646  
 dipotassic clorazepate, heart rate & EEG & psychomotor performance, anxious & nonanxious Ss, 3632  
 lorazepam as anxiolytic & hypnotic, patients, 12921  
 lorazepam vs diazepam vs placebo, chronic anxiety, neurotic patients, 8267  
 lorazepam, CNS structures, normal & epileptic cats & monkeys, 2441  
 major & minor tranquilizers, conditioned emotional response, animals, 4777  
 minor tranquilizers &/or sedatives, postural hypotension, ambulatory psychiatric inpatients, 3658  
 minor tranquilizers, blocking stress-induced elevation in plasma corticosteroids, male rats, 7081  
 parenteral lorazepam, adult patients with anxiety states, 5899  
 tranquilizers & phenothiazines & minor tranquilizers & antidepressants & stimulants & hallucinogenic drugs & electroshock therapy, psychiatric patients, 3695

- Mnemonic Learning**  
 E-supplied vs S-originated mnemonics, retention of word pairs, college students, 6812  
 imagery mnemonic, paired-associate learning, retarded Ss & nonretarded college students, 8022  
 left temporal lobectomy, learning to use visual imagery in verbal recall, lobectomized patients vs patients with bilateral mesial temporal-lobe damage, 10798  
 mnemonics & item imagery, part/whole transfer in free recall, college students, 6806  
 peg-word concreteness in mnemonic & paired-associate system, recall, college students, 4444  
 production & use of mnemonic phrases, recall & recognition in paired-associate learning, Japanese college students, 4455  
 rehearsal training & prevention, keeping-track of changing variables, 11-19 yr old retardates vs normal 9th graders, 3351  
 serial vs total presentations of categorized noun list across imagery & clustering & narrative & learn mnemonic coding instructions, learning & recall, college students, 206  
 spatial schema, information structuring in context of mnemonic activities, 6725  
 training in use of interacting imaginal mnemonic, immediate & delayed & 2nd learning set memory of object pairs, 1st graders, 12005  
 uniqueness of imagined relationship between cues & items, memory performance, college students, 4457  
 word abstractness-concreteness & imaginal & verbal mediators, acquisition & retention of mnemonic information in long-term memory, college students, evaluation of A. Paivio's associative learning theory, 257
- Mobility (Occupational)** [See Occupational Mobility]  
**Mobility (Social)** [See Social Mobility]  
**Modeling** [See Simulation]  
**Modeling Behavior** [See Imitation (Learning)]
- Models**  
 "see-saw" model of organizational effectiveness, implications for multivariate studies with multiple criteria, 8851  
 attempts to formulate model for computer simulation of cognitive processes in terms of neural systems, 9127  
 attribute frequency model as alternative to prototype-plus-transformation model, abstraction of prototypes, college students, test of J. J. Franks & J. D. Bransford's visual-pattern paradigm, 11445  
 behavioral model containing demographic & economic & ecological & social psychological variables, patterns of health & illness behavior, prepaid medical group, 5751  
 Career Area Rotation Model, investigation & evaluation of policy interactions impacting on Air Force deployability posture, user's manual, 8843  
 competence model test, attempt at construct validation, 7661  
 composite model, selecting test battery for predicting single criterion, 11214  
 counseling, current status & function & 3-dimensional model of counseling intervention, 6088  
 Cube, categorization model of targets & purposes & methods of counseling intervention, 6085  
 cybernetic feedback of information to produce regulation of informational output in terms of personal & interpersonal goals, model of group therapy, 8334  
 engineering technology vs chemistry or physics as model, modern psychology research, 4231  
 evaluation by objectives vs systems approach vs model proposed by R. L. Ackoff et al, evaluative research models, 8896  
 general model theory, perception, book, 2143  
 graphic model, stages of problem-solving processes, 199  
 information theory model, quantification of repression, 997

- microelectrode recording in single units, chromatic information processing in foveal projection, monkeys, 4552
- midsagittal sectioning of optic chiasm & anterior commissure & corpus callosum & hippocampal commissure anterior to splenium, separation of visual functions, monkeys, 409
- midsagittal section of optic chiasm & corpus callosum & hippocampal commissure & subsequent additional section of anterior commissure, retention of monocularly learned visual discriminations by each hemisphere, monkey, 2411
- monaural & binaural tonal stimulation, responsiveness of single neurons in auditory cortex, male monkeys, 6872
- Mossbauer technique, measurement of vibration of basilar membrane in cochlea, squirrel monkeys, 9295
- mother-infant relations, monkeys & humans, comment on R. A. Hinde's article, 9734
- mother-infant separation, distress calling & locomotor activity & responses to strange objects & frustration, rhesus monkeys, 2531
- mother-offspring grooming patterns, rhesus monkeys, 2590
- N-methyl-levophenyl 7,8 dimethoxy-2,3,4,5 tetrahydro-3-benzazepine maleate, behavioral effects, rats & mice & monkeys, 9485
- negative reinforcing properties of nalorphine & cyclazocine & naloxone, monkeys, 4749
- nitrogen narcosis, impairments in processing of sensory information, male rhesus monkeys, 9382
- nitrogen narcosis, reversal of previously trained visual discrimination problems, monkeys, 377
- nitrogen narcosis, visual discrimination, rhesus monkey, 2417
- normal physiological & behavioral data, bio-behavioral developmental profile construction, unrestrained monkey infants, 11964
- nutritional rehabilitation, preferences for diets varying in protein & reactions to novel stimuli, protein-malnourished monkeys, 11961
- observations of parturition & parturition & puerperium, delivery behavior, marmosets, 360
- omission of food reinforcement, schedule-induced drinking, monkeys, 11886
- operant conditioning of cells in chronic alumina-induced foci, firing patterns of normal & abnormal neurons, male monkeys, 4551
- operant discrimination of interoceptive urinary bladder stimulation, female monkeys, implications for toilet training, 9752
- optic chiasm section, interocular reversal of mirror-image shape discrimination responses, monkeys, 419
- p-chlorophenylalanine, sexual behavior, male rats & rabbits & cats & monkeys & humans, 7059
- parental care-giving, rhesus monkeys, 7221
- partial isolation of temporal lobe, Kluver-Bucy syndrome, monkeys, 4658
- photic stimulation of retina, regional cerebral blood flow of main visual pathways & visual evoked responses, intact & split-brain monkeys, 4616
- physiological characteristics & percentage of occurrence, analysis of nocturnal sleep, male squirrel monkeys, 4516
- pipothiazine palmitate vs fluphenazine enanthate vs fluphenazine decanoate, electrophysiological & behavior changes, normal & epileptic cats & monkeys, 11748
- platform runway test, measurement of bodily disequilibrium in ordinary walk, squirrel monkeys, 9604
- play, role in social organization, squirrel monkeys in seminatural & natural environments, 9714
- preference for odor & color of surrogates, infant squirrel monkeys, 4905
- prefrontal lesions, age effects on social behavior, monkeys, 403
- progressive increase in delay interval between baiting & responding, delayed responding in position discrimination task, 1.5-7 yr old monkeys, 7216
- protein malnourishment, air-blast avoidance learning sets, monkeys, 4627
- proximity & separation, mother-infant relations, rhesus monkeys, 9733
- puberty, sexual behavior development, subadult vs adult monkeys, 2589
- pure-tone thresholds, squirrel monkeys, 7259
- pyrazapon vs chlordiazepoxide & diazepam, disinhibitory effects on behavior & motor activity & coordination & tolerance, male mice & rats & monkeys & dogs & rabbits, 7104
- quality & intensity of sugar solutions, ingestive responses, male monkeys, 7184
- radio-telemetrical technique, quantification of activity patterns & posture, monkeys, 7143
- rearing in pairs vs groups vs individual cages, self-play & social play & self-cling & social cling, rhesus monkeys, 527
- redirection of filial attachments to dogs, rhesus monkeys, 4910
- regional distribution of labeled dehydromorphine binding, monkey & human brain, 348
- relative & absolute scotopic & photopic sensitivity & flicker fusion point for different lights, macaques vs human Os, 2610
- retention of oddity learning sets 7 yrs after original training, old & middle-aged monkeys, 2536
- retrieval cues, delayed matching to sample performance in short-term memory, female monkeys, 4840
- retrograde transneuronal degeneration of optic fibers & their terminals in lateral geniculate nucleus, monkeys, 385
- role of dominant male, captive group of pigtail macaques, 9751
- schedule effects under escape-avoidance procedures, behavioral regulation of gravity, male monkeys, 2517
- scopolamine hydrobromide & methylbromide & pilocarpine nitrate, shock avoidance, monkeys, 2447
- section of forebrain commissure, loss of visual control of forelimb, monkeys, 417
- self-administration of delta-9-trans-tetrahydrocannabinol, previously infused with drug vs naive monkeys, 11861
- self-recognition in mirror, 4 species of apes & gibbons & 5 species of monkeys, 2540
- self-stimulation of lateral hypothalamic sites, changes of 17-hydroxy-corticosteroids & growth hormone, monkeys, 425
- separation from mother & individualized housing & purified diets, attention & learning ability, protein-malnourished monkeys, 9696
- separation of males from females after short-term attachment, behavior changes & distress calls, heterosexual pairs of adult rhesus monkeys, 11931
- sex differences & environmental complexity, mother-infant relations, squirrel monkey dyads, 2594
- sex differences, sexual behavior & play, rhesus monkeys, 11925
- sex differences, social structure, bonnet macaques, 2597
- simultaneous measurement of internal & external carotid blood flow, monkeys, approach to study of migraine mechanisms in animal model, 11638
- single & serial & simultaneous ablations of lateral & orbital & medial prefrontal sectors, execution of conditioned escape response, monkeys, 432
- single neuronal activity in chronic epileptogenic focus vs acute penicillin focus, monkeys vs cats, 6975
- single oral dose of sodium pentobarbital & nitrazepam & imipramine, behavioral patterns & EEG levels of wakefulness & drowsiness & sleep & REM state, male monkeys, 7048
- snake avoidance, feral & laboratory reared squirrel monkeys, 539
- social & coital influences on ovulation, reproductive characteristics, squirrel monkeys, 536
- social behavior & physical distance, heart rate, squirrel monkeys, 7223
- social behavior, squirrel monkeys, annotated bibliography, 7232
- social isolation, frustration effects on self-aggression, rhesus monkeys, 11922
- social organization, infant behavioral development, Cercopithecoid monkeys, 9720
- social preference, squirrel monkeys, 7224
- species differences, social organization, squirrel vs titi monkeys, 9737
- species-specific vocalizations, multiple coding in auditory cortex, squirrel monkeys, 315
- specificity of responses of cells in visual cortex, monkeys & cats, 4526
- split brain & optic chiasm sectioning, discrimination of asymmetric patterns, monkeys, 408
- spontaneous awake EEG patterns, tree shrews & prosimians & New & Old World simians, 6887
- stimulation producing shifts in threshold of 10-20 db, damage to organ of Corti, chinchilla vs man or monkey, 4326
- suppression of random-ratio & acceleration of temporally spaced responding by same preredward stimulus, monkeys, 2537
- surrogate mother rearing, growth & behavior, male vs female Peruvian vs Colombian squirrel monkeys, 4906
- thalamic & pyramidal tract stimulation, antidromic & orthodromic activation of epileptic neurons, awake monkeys, 7018
- thresholds to warming & cooling stimuli presented on shaved skin of inner thigh, monkeys, 9765
- timeout as reinforcer for errors, serial position task, male monkeys, 2556

trifluoperazine, morphological & functional brain changes, monkeys, 2453  
 unilateral mesencephalic reticular formation lesions, tactile & visual & auditory neglect & EEGs, female macaques, 7015  
 vigilance state & posture & movements, discharge patterns of ventrolateral thalamus cells & EEG, monkeys, 4528  
 visual cortex ablation vs cooling, superior colliculus single cell responses to visual stimulation, rhesus monkeys, 7005  
 visual cortical lesions, ambulatory & static localization of light in space, monkeys & cats, 6991  
 visual discordance cues, prism adaptation, monkeys, 2613  
 visual discrimination learning, modifications of pulvinar & geniculate-cortical evoked potentials, monkeys, 11572  
 visual stimulus control of intracranial self-stimulation, squirrel monkeys, 9406  
 visually triggered movement, precentral & postcentral cortical activity, monkeys, 6879  
 vocal & visual displays & social behavior, troop of adult monkeys, 7247  
 vocal stimuli of *Macaca fuscata* vs pure tone, skin potential reflex, *Macaca fuscata*, 9367  
 vocalizations, red-tailed vs blue monkeys, 2588  
 wavelength & saturation discrimination ability, squirrel monkeys, 2588  
 2-choice problems containing discrimination trials, formation of extinction sets, monkeys, 2510  
**Monoamine Oxidase Inhibitors** [See also Iproniazid, Isocarboxazid, Nialamide, Pargyline, Phenelzine, Tranylcypromine]  
 beta-phenylethylamine vs dextroamphetamine sulfate vs iproniazid phosphate, locomotor activity, male rats, 7069  
 catron & pargyline, recovery from pretraining cycloheximide-induced amnesia, mice, 11719  
 dopamine agonist vs monoamine depleting vs anticholinergic agents, harmine-induced tremor, rats, 11766  
 MAO & catechol-O-methyltransferase & dopa-decarboxylase, catalepsy induced by dextroamphetamine & alpha-methyl-para-tyrosine, female rats, 7113  
 MAO inhibitors, efficacy in treatment of depression, review of double-blind studies, 8275  
 monoamine oxidase inhibitor procaine, chronic schizophrenics, 1444  
 p-chlorophenylalanine & reserpine & levoamino acid, & monoamine oxidase inhibitor, serotonin synthesis & acoustic startle reflex amplitude, rats, 9501  
 probenecid, serotonin & dopamine & tyrosine & tryptophan metabolism, humans, 486  
 tranylcypromine, eyelid conditioning & paired-associate learning, depressed patients, 10654  
**Monoamine Oxidases**  
 age of symptom onset & monoamine oxidase activity in platelets & stimulus intensity, average evoked response to light stimulation, male vs female patients with bipolar vs unipolar affective disorders, 3144  
 aging, brain monoaminoxidase activity & neuropsychiatric disturbance, male vs female 13-88 yr old dead people, 660  
 imipramine & desipramine, lung & liver & brain monoamine oxidase, rabbits, 9572  
 MAO & catechol-O-methyltransferase & dopa-decarboxylase, catalepsy induced by dextroamphetamine & alpha-methyl-para-tyrosine, female rats, 7113  
 multiple forms of monoamine oxidases, present status of research, 11554  
**Monocular Vision**  
 angle between 2 crossed gratings, monocular rivalry, 132  
 contrast reversal, reversal in stereo discrimination, 166  
 interocular reversal of up-down mirror images, pigeons, 9772  
 large unilateral cortical lesions, monocular relearning of dark-light discrimination, cats, 436  
 monocular & binocular viewing conditions, visual fields, Siamese & common cats, 2612  
 monocular deprivation, critical flicker frequency & aftereffects, college students, 4365  
 monocular lid-suture induced visual deprivation, morphological & functional effects on visual system, rabbits, 4606  
 monocular sensitivity to photoconvulsive EEG responses to flashing lights, 2-45 yr old patients, 12799  
 monocular viewing of target oscillation at different frequencies, sideways motion & motion in depth, 2193

monocular vs stereoscopic stimulation, retinal disparity & existence of neurons sensitive to depth movement direction, 320  
 movement parallax due to head movements & perspective pattern transformation as cues, monocular perception of absolute distances in near space, 17-19 yr olds, 148  
 noise coupling between accommodation & accommodative vergence, 2212  
 spatial frequency, alternation rate of 2 crossed gratings, 130  
 visual field defects, monocularly vs binocularly deprived cats, 565  
**Monozygotic Twins**  
 activity level & hyperactivity, monozygotic & dizygotic twins, 12822  
 anorexia nervosa, discordant & concordant monozygotic twins, 3175  
 cerebral lesions & rheumatoid arthritis & deafness, psychological development, identical vs fraternal twins, 12787  
 cognitive interest styles, inheritance of vocational preferences, male vs female monozygotic vs dizygotic twins, 9376  
 creative abilities, 13-19 yr old identical vs fraternal twins, 4597  
 genetic & environmental factors, mental development, 8-mo-old dizygotic & monozygotic twins, 9841  
 heredity & place of birth & final residence, counseling, monozygotic vs dizygotic twins, 11640  
 homosexuality, female identical twins, 5651  
 inheritance of emotionality & activity & sociability & impulsivity, monozygotic & dizygotic twins, 370  
 monozygotic twins discordant for schizophrenia, follow-up study, 3137  
 perceptual motor performance, 6-12 yr old identical vs fraternal twins, 11279  
 self-image projection, self-evaluation, identical twin pairs, 12477  
**Moodiness**  
 omissions & displacements of peripheral details on Benton's Visual Retention Test, mood surveys & readiness to cope, Israeli 7th graders, 3046  
**Moods** [See Emotional States]  
**Moral Development**  
 conflict phases & stage transition, moral development, adolescents, 9903  
 congruence among values test & moral understanding test & behavioral donation measure & peer-impact scale, measurement of other-centeredness, 5th & 8th graders, 12065  
 learning program based on motivating forces & methods used & role of goal or purpose in life, moral judgment development, 5th & 6th graders of low & middle-class areas, 12099  
 peer vs adult models & social reinforcement, intentionality of moral judgment, kindergarten & 1st grade children, 12094  
 videotaped & verbally presented moral dilemmas, judgments of intentionality, 7 yr olds, 12064  
**Morality**  
 age & education & intelligence & political attitudes, judgments of important issues in moral dilemmas, 9th vs 12th graders vs college vs graduate students, 12073  
 aptitude & IQ & cognitive processes, maturity of moral judgment, male high school students, 4395  
 cognitive-developmental approach, moral development, 7327  
 cognitive-developmental curriculum intervention, female adolescent personality & moral development, 7343  
 collectivistic orientation of personality pattern as goal of personality development, moral development, young people in Communist society, 8532  
 dehumanization & moral inversion when language becomes dissociated from life or speaker action, 5292  
 ethical & moral issues in communication, internal guides to actions & perceptions, 5313  
 information about applicant's draft & drug attitudes & morality, positive vs negative vs neutral inclusion of information in recommendations for admission to state university, rehabilitation counselors, 7721  
 level of moral development, humor appreciation, 2nd vs 4th vs 8th graders vs college students, 12072  
 moral & political & organizational & economic forces, changes in social control of cigarette smoking, 7474  
 moral attitudes, suicide behavior, attempted suicides, 10363  
 moral evaluations of illegal behaviors, institutionalized delinquents vs urban vs rural males & females under vs over 17 yrs old, 3306  
 morality & logic, psychiatric diagnosis, 1086  
 parental morality, juvenile delinquency, male delinquents & mothers, 7951  
 Piman shamanism & staying sickness, book, 7390

punishment initiated at time of transgression vs following transgression & age, behavioral suppression, male 1st-2nd & 4th-5th graders, critique of J. Aronfreed & A. Reber's hypothesis, 7355

social attitudes & values & conceptual complexity, violence & war crimes & Calley case, peace demonstrators & Army Reserve officers & airport & bus passengers, 7492  
violence without moral restraint, dehumanization of victims & victimizers, 7954

### Morals

bargaining power & legitimacy & organization, legislative success, radical groups attempting to change law on moral issues, 2850  
cognitive style, modification of moral judgment through role playing, field-dependent vs independent college students, 6653  
cognitive-stage concept of child development & adult stages of moral development, 582  
conservation & classification skills vs moral judgment ability, delinquent vs mentally retarded vs normal female adolescents, 12688

ego processes, mediation of ego & moral stages, hippies, 972

L. Kohlberg's Moral Judgment Scale, stages in philosophies of social sciences, 2774

levels of moral intentionality or ethical responsibility, 2722

moral judgment maturity & sex & age & rationale focus & orientation, resistance to deviation in moral behavior, 7 vs 9 vs 11 yr olds, 9826

moral perspective, maladaptive aggression in modified Prisoner's Dilemma game, institutionalized psychiatric patients vs college students, 12569

symbolic adult & peer model, modification of moral choice behavior, 5-11 yr olds, 5035

Mores (See Values)

Morons (See Educable Mentally Retarded)

### Morphemes

descriptive & generative linguistic analysis, morphemic & syntactic structures, 4-yr-old hearing-impaired girl, 12746

pretraining with words containing same root morpheme vs same visual-phonetic pattern, word recognition, male college students, 11505

### Morphine

acute morphine, naloxone-precipitated jumping behavior, mice, 9532

apomorphine & nigrostriatal lesions, aggression & striatal dopamine turnover during morphine withdrawal, rats, 4614

aspartic acid, morphine-induced spontaneous motor activity & analgesic threshold, rats, 11771

atropine & mecamylamine & physostigmine & propranolol & propranolol-tolazoline combination & diphenhydramine & imipramine, morphine withdrawal syndrome precipitated by naloxone, rats, 2450

central serotonergic lesions made with 5,6 dihydroxytryptamine, locomotion & rearing & food consumption & response to analgesic properties of morphine, female rats, 11665

chlorpromazine & dehydrobenzperidol & morphine & phentanyll, affective manifestations of pain, mice, 4786

chlorpromazine & haloperidol & bulboacpine & morphine & alpha or beta-adrenergic receptor-blocking & cholinergic agents & oxotremorine, apomorphine-induced pecking, pigeons, 11723

cholinergic modification, naloxone-induced jumping behavior, morphine-dependent mice, 9490

cycloheptadine & methysergide & atropine & naloxone, stimulus discrimination of morphine & LSD, rats, 11753

decrease in threshold to flurothyl, seizures & measure of morphine primary abstinence syndrome, rats, 7021

dopamine, blockage of morphine behavioral reinforcement, rats, 11805

ethanol, effectiveness of diazepam & morphine, rats, 4776

habituation to morphine & precipitation of abstinence syndrome & withdrawal, acetylcholine release, unanesthetized cats, 7094

haloperidol & morphine comparison using drug-interaction & brain lesion studies, differentiation of catalepsy & catatonia, male rats, 4607

hydroxylamine, behavioral response to morphine dependence, mice, 2382

intraperitoneal injection of morphine, interresponse intervals in fixed-ratio performance, rats, 9505

methadone replacement, striatal acetylcholine & acetylcholinesterase & dopamine alterations, morphine-dependent rats, 11785

midbrain raphe lesion, antinociceptive action of morphine & other analgesics, female rats, 4688

midbrain raphe nuclei lesions, telencephalic serotonin concentration & water consumption & 2-way avoidance & morphine analgesia, rats, 9446

morphine & delta-9-tetrahydrocannabinol, tolerance to stimulus effects, male rats, 7066

morphine & heroin pharmacology, 11782

morphine & mechanism of opposite effect, striatal dopamine & locomotor activity, rats & mice, 9534

morphine & phenobarbital & ethanol & amphetamine maintenance-dose, pain-induced aggression, male rats, 7105

morphine dependence, enzyme activity in hypothalamus, male rats, 7041

morphine dependency & exposure to hot vs cold environments & naloxone, wet shakes & escape & thermoregulatory behavior, male rats, 2388

morphine dosage & frequency of implantation & exposure duration, development of physical dependence & quantification of withdrawal syndrome precipitated by morphine antagonists, male rats, 442

morphine injected into posterior hypothalamus vs medial septum, analgesia vs hyperalgesia, rats, 415

morphine self-administration acquisition, behavioral control by associated stimuli, male rats, 4802

morphine sulfate, spontaneous firing rate of norepinephrine-containing neurons in locus coeruleus, male rats, 7080

morphine vs naloxone vs/ & bell, hyperthermia, male rats, 505

morphine, alcohol & food & water consumption, rats, 11811

morphine, quickly learned conditioned suppression, rats, 4713

morphine, rearing & vocalization & attack-bites, rats, 2471

morphine, suppression of voluntary alcohol drinking, rats, 2481

morphine, turnover & synthesis of leucine-labeled protein & C-14-phosphatidylcholine in brain, rats, 11776

naltrexone monohydrate suspended in polylactide polymer as sustained release depot for narcotic antagonists, blockade against morphine, dogs with transected spinal cords, 2460

narcotic receptor sites increase or reduction, narcotic drug dependence & tolerance, morphine-dependent rats, 4758

otic acid, tolerance to analgesic & cataleptic effects of morphine, male rats, 9511

para-chlorophenylalanine, morphine analgesia & tolerance & dependence, female rats, 7126

placebos vs morphine, pain reduction, 7055

pretreatment with diphenylhydantoin, morphine-induced mania, cats, 7058

sweetened morphine vs drinking water during pregnancy & lactation, shock-elicited escape behavior, female mice, 2500

6-hydroxydopamine injected bilaterally into caudate-putamen areas, morphine-produced analgesia & morphine-induced catalepsy & brain dopamine content, rats, 4677

### Morphology

biochemical & electrophysiological & morphological & neuroanatomical features, glia-neuronal interaction, 4507

morphological & electrophysiological investigations of photoreceptive nature of median eye, vertebrates, review, 2338

shiver audiometry & morphological study of spiral organ, identification of ototoxic properties of drugs, guinea pigs, 7045

### Morphology (Language)

age, development of English morphology, low socioeconomic black preschool & kindergarten children & 1st & 5th & 8th graders, 7293

vowel shift, English language learning, 612

Mortality (See Death And Dying)

### Mortality Rate

age at 1st marriage & 1st sexual experience & 1st conception & age of learning about contraception, pregnancy wastage, southern black women in US & white women in Costa Rica, 7417

aggression management & sex & racial differences, causes of death, 7468

aggression management measures from suicide & homicide rates, mortality rates, 5119

disability separations for psychoneurosis, mortality rate, Army veterans, 24-yr follow-up, 3189

length of stay & age & diagnosis & discharge & death & remission rates, psychiatric patients, 6-yr follow-up study, 1664

morbidity & mortality in 1st-yr of widowhood, widows & widowers vs age- & sex-matched controls, 12563

mortality & morbidity rates, concentration camp survivors, 1075

mortality rate & death cause, persons with epilepsy, 12825  
 relocation due to budget reductions, mortality, psychiatric patients, 8513  
 sex & race & marital status & psychological stress, mortality, black vs white families, 7407  
 voluntary relocation to new apartment complexes vs no relocation, mortality rates, aged healthy community residents, 12123  
**Mother Absence**  
 analysis in terms of socioeconomic changes, mother-child separation anxiety, Japanese 3 yr olds, 10 yr study, 2728  
 maternal deprivation, development of concepts of object & person, institutionalized vs home-reared infants, 12029  
 maternal employment, child, 4946  
 proximity & separation, mother-infant relations, rhesus monkeys, 9733  
**Mother Child Relations**  
 adjustment to childhood leukemia, mothers vs fathers, 9901  
 age & sex & position in family, vocal & verbal behavior & eye & body contact & facial expression in mother-child communication, 1-6 mo olds & mothers, 9828  
 analysis in terms of socioeconomic changes, mother-child separation anxiety, Japanese 3 yr olds, 10 yr study, 2728  
 analysis of mother's personality & interaction patterns & attitudes, mother-child interactions, mothers & male vs female infants, 7361  
 appraisals & contact & maternal care behaviors over time toward infants with birth defects, mothers, 9891  
 attachment behavior & object relations, review of Bowlby's "Attachment & Loss", 575  
 attachment importance in human development, implications for day care, 4952  
 closeness with parents & praise received & freedom in talking about problems & source of most discipline & affection & parental influence, parent-child relationships, black & white high school students, 646  
 conflict between accepting vs rejecting devouring mother, feminine identification & homosexuality, 32-yr-old unmarried businessman with fears of maternal engulfment, 10339  
 cross-cultural differences, child behavior & child rearing procedure, Japanese vs American mothers & infants, 2779  
 dependency in mother-child & sibling relations, twin interactions, middle-class fraternal twins in nursery school, 5044  
 disruption of infant-mother bond before 12 wks of age, depression & recovery, 9 wk old, 5610  
 disturbed mother-child relationships in early childhood resulting in ego-weakness, schizoid & suicidal patients, 1210  
 disturbed symbiotic relationship between mother & child, development of schizophrenia, 1094  
 early disturbance in mother-child relations, trichotillomania, children, 1095  
 early mother-child relationship, child's participation in groups & development of psychosomatic symptoms, 1586  
 early motherhood as form of accelerated role transition, stress & marital dissolution & poverty & truncated education, black & white women, 5025  
 early stimulation & maternal care, capabilities & individual differences, infants, 4948  
 ethnicity, observational study of teaching behavior used by mother, middle- & lower-class Anglo-American & English- & Spanish-speaking & bilingual Mexican-American & English- & Chinese-speaking Chinese-American mothers & their 3-yr-old sons, 12107  
 extra stimulation & maternal involvement, maternal behavior & infant development, low-birth-weight babies, 9894  
 female-based households & matriarchal families, compulsive masculinity, delinquent males, 10413  
 glottal cues, mother's judgment of emotional content of vocalizations, 4 mo old infant, 7366  
 group work practice, behavior & attitudes toward children, mothers with Aid to Families with Dependent Children grants, 8467  
 heartbeat, mother-infant relations, 2742  
 high vs low rise flats vs houses, behavior problems & psychiatric disturbance, preschool children & their mothers, 12634  
 increasing language skills, verbal child-mother interaction, 2-5 yr olds, 9836  
 infant's behavior, mother-infant interaction, 2714  
 infants' facial & vocal & gaze behavior, mother-infant play activity, mothers & 3 mo old infants, 2745  
 lullabies in maternity wards, 13050  
 lullabies, coping with filicidal anxieties, postpartum mothers, 632

maternal attitudes, motivation to develop reading skills & intellectual functioning, 9-13 yr old reading disabled, 8012  
 maternal child-rearing practices, heroin addiction, adolescents, 1230  
 maternal childrearing vs educational attitudes, preschool performance, disadvantaged children enrolled in Head Start program & their mothers, 8642  
 maternal deprivation, growth & intellectual development, children, 2741  
 maternal employment, child, 4946  
 maternal expectations, early infant behavior, 5028  
 maternal ideology & childrearing practices & affectional interaction & controls, alcohol & marihuana use & sex & political activism, adolescents, 5040  
 maternal overprotectiveness & child dependency, school phobia, adolescents, 5529  
 maternal reinforcement & help, autonomous & social comparison achievement motivation, mothers & hearing-impaired 8-12 yr old sons, 10742  
 maternal vs paternal image, God representation, male vs female high school & college students in Belgium vs USA vs Indonesia vs Zaire vs Colombia, 693  
 minimum vs extended postpartum contact, maternal behavior 1 mo & 1 yr after birth, primiparous mothers, 12089  
 models of mother-infant interaction, 2729  
 mother vs extrafamilial reference group influence, clothing & cosmetic fashion norms, 12-14 yr old Caucasian girls from blue collar families, 2726  
 mother-child relations, heroin addiction, students, 7947  
 mother-child vs therapist-child interactions during free play & therapy, preschool age cerebral palsied children, 8196  
 objectives in mother-child psychotherapy, 1-parent family, 3761  
 observational study of mother-child interaction, intellectual stimulation, 28-34 mo olds from 2 ethnic groups in Israel, 5023  
 observations of parents & children in home & mother's observations of children & measures of child behavior in experimental playroom, determinants of compliance, 2-3 yr old boys, 5042  
 open vs closed style of adapting to aversive maternal control, recognition of male- vs female-spoken evaluative words, male college students, implications for schizophreniform development, 2723  
 parent-education program, teacher-role & self-perception & learning process perception, mothers, 12108  
 parental morality, juvenile delinquency, male delinquents & mothers, 7951  
 presence of mother & vs adult female stranger, following behavior & social behaviors & looking & smiling, 10 mo olds, 12080  
 presence vs short-term absence of mother, spontaneous cognitive activity, 8-11 mo olds, 12043  
 psychiatric principles, application to care of newborn, 7353  
 psychoanalytic interpretation, systematic desensitization with stimulation of fantasy of "merging with mother" as substitute for muscle relaxation, insect phobic women, 12983  
 psychotherapy, articulation difficulty & speech hesitancy, 31-yr-old man, 5875  
 psychotherapy, maternal clinging, borderline mother with 5.5-yr-old child, 3586  
 reinforcement treatment, deviant sex-role behavior, 4-yr-old male, 12975  
 responsive substitute mother vs residential nursery care, separation responses, 17 mo to 2.5 yr olds, 2739  
 Self-Administered Dependency Questionnaire, mother-child dependency, mothers of junior & secondary schoolchildren, possible use with psychiatrically disturbed schoolchildren, 5026  
 self-concepts of mothers, self-concepts & academic achievement, deprived children, 5019  
 sex, attachment behaviors & toy preference & style of play & activity level, opposite-sex 13-14 mo old twins, 9874  
 single parents & multiple caregivers, childrearing practices, young single mothers, 900  
 smiling & vocalizing & motor responses, mother-infant interaction, blind infants, 3432  
 social class, maternal socialization in early childhood, literature review from 1940 to present, 650  
 social competence vs inadequacy of mothers, social adequacy of children, male college students, 12104  
 socioeconomic class of & relations with parents, expectations & anticipated images of expected baby, Parisian women in 1st pregnancy, 642

- socioeconomic status, attitudes toward mental health services & emotional problems of their children, 1373
- stranger's imitation of mother's behavior, reaction to stranger, 8-12 mo olds, 5045
- symbiosis anxiety, masculinity development, 3263
- technician's expectations, success of behavior therapy using mothers as technicians, enuretic children, 3737
- therapeutic intervention techniques, mother-child interaction, 2-9 yr olds with behavior problems, 10751
- unfamiliar environment with mother, exploratory response to people vs toys, 10-mo-old infants, 5036
- verbal interaction between mother & child, 1 & 2 yr olds & their mothers, 2724
- Mothers** [See also Unwed Mothers]
- acquiescence vs opposition vs extreme response set, reversed vs unreversed form of Mother's Parental Attitude Research Instrument, female college students, 8949
- acrocentric chromosomes in cultured leukocytes, mothers of children with Down's syndrome, 3356
- age, fertility control prior to motherhood, young mothers, 9970
- appraisals & contact & maternal care behaviors over time toward infants with birth defects, mothers, 9891
- current welfare status & educational & occupational aspirations during adolescence & employment status & unwanted children, self-concept, 21-45 yr old black females, 7436
- disturbance in social relationships & greater cumulative life stress, hospitalization for mental illness during 1st yrs after childbirth, mothers recently discharged from mental hospitals, 10831
- maternal & paternal age at time of patient's birth & birth weight, anorexia nervosa patients, 3176
- maternal heroin & methadone intake, neonatal narcotic addiction, 1247
- maternal reinforcement & help, autonomous & social comparison achievement motivation, mothers & hearing-impaired 8-12 yr old sons, 10742
- minimum vs extended postpartum contact, maternal behavior 1 mo & 1 yr after birth, primiparous mothers, 12089
- nutrition instruction using persuasion & specific behavioral instructions, attitudes & nutritional knowledge & behavior change, South American mothers of malnourished children, 787
- perception of gifts received during pregnancy & following childbirth, 25-yr-old married mother, 5267
- responsive substitute mother vs residential nursery care, separation responses, 17 mo to 2.5 yr olds, 2739
- role status & power & satisfaction of career- vs non-career-oriented mothers, identification motivation, female college students, 10147
- Self-Administered Dependency Questionnaire, mother-child dependency, mothers of junior & secondary schoolchildren, possible use with psychiatrically disturbed schoolchildren, 5026
- socioeconomic class of & relations with parents, expectations & anticipated images of expected baby, Parisian women in 1st pregnancy, 642
- Moths**
- broadcast applications of microencapsulated disparlure, mating gypsy moth, 7222
- cis-9-tetradecenal & cis-11-hexadecenal from female tobacco budworm moth extracts, mating behavior disruption, male moths, 9570
- doubling vs tripling living space, larval & pupal developmental rate, Mediterranean flour moth, 2346
- individual components of sex pheromone, sexual stimulation, male moths, 466
- Motion Perception** [See also Apparent Movement, Autokinetic Illusion]
- ablations of dorsal anterior thalamus & tectum, flux & wavelength & movement discrimination, frogs, 11676
- adaptation to real movement, perception of subsequent apparent movement, college students, 134
- analysis of drift rate of moving sinusoidal gratings, 2207
- compensation for movement-produced changes of object orientation, 9108
- cutaneous perception of movement, heroin vs nonheroin addicts, 11285
- density & velocity of grating patterns, duration & velocity of visual motion aftereffect, college students, 11348
- depth movement pulses directed toward or away from eyes, visual sensitivity to movement in depth, 6604
- developmental-functional approach based on reflex-action & perceptual & conceptual systems, motion stimulation, 6579
- disparity cues & stimulus oscillation frequency, movement & depth perception, 2192
- dive vs constant altitude approaches, evaluation of perception of dimensionality of source material used to generate dynamic TV images of simulated military targets, 6471
- electronic logic & stepping motor & motor control apparatus, control of motion parameters of 2 trapezoid illusions, 6586
- experimental paradigm derived from computational model of visual motion perception, 153
- frequency & pulse to cycle fraction of flickering light, perception of velocity, college students, 4340
- illumination level & static vs dynamic images & fixation point, perception of flicker in wide-angle cathode-ray tube displays, 4364
- inspection of contrarotating stimuli, movement aftereffects, 2213
- luminance thresholds for motion contingent on color, 154
- monocular viewing of target oscillation at different frequencies, sideways motion & motion in depth, 2193
- motion detection & optokinetic responses, dark-reared kittens, 2630
- moving visual stimuli, optokinetic motion sickness & pseudo-Coriolis effects, 2119
- multiple successive presentations of illuminated point along trajectory, apparent movement phenomena, 139
- perception of moving luminous point in darkness, 6630
- peripheral vision, perception of movement, 6620
- practice & correction of refractive error & feedback, peripheral motion thresholds, college students, 9086
- psychophysiological problems, transportation systems, book, 106
- retinal image motion, McCollough effect, test of C. F. Stromeyer & R. J. Mansfield's theory, 162
- seating in upright position, erroneous perception of vertical motion, 13416
- short-term memory for stroboscopic movement perception, 149
- sign stimuli, color & movement, approach response, goldfish, 11938
- simulator motion, flight-director display evaluation, male pilots, 13416
- spatial reference system, perception of own movement & movement of objects, 4316
- stimulus movements, perception in parafoveal stabilized vision, 4345
- target angular velocity & exposure time & practice, dynamic & static visual acuity, male adults, 6613
- vertical acceleration requirements, landing simulation, airline pilots, 13408
- visual perception preference for rotary vs bending motion, 6621
- visual vector analysis under nonredundant conditions, visual perception of rolling motion, 6622
- Wertheimer's seminar reconstruction, perception, book, 2131
- Motion Pictures** [See also Motion Pictures (Educational), Motion Pictures (Entertainment)]
- cinematographic creative exercise, occupational therapy, hospitalized psychotics, 1686
- Motion Pictures (Educational)**
- animated test film development & validity & reliability, evaluation of knowledge of selected science concepts, elementary school students, 3963
- teacher & school characteristics, instructional film use, 3977
- teacher-made films, teaching language & representational concepts, preschoolers, 3956
- use of irrelevant short films, drawing analogies to materials being taught, 3962
- videotapes with motion vs with still photographs, learning procedural task, army recruits, 1988
- Motion Pictures (Entertainment)**
- dangers for black community, violent films aimed at black audiences, 2969
- personality correlates, cinematographic creativity, 12449
- preference for movie house type & film, male vs female Ss in Colombia, 902
- Motion Sickness**
- angle of tilt & angular velocity in off-vertical rotation, motion sickness, Navy personnel, 101
- moving visual stimuli, optokinetic motion sickness & pseudo-Coriolis effects, 2119
- psychophysiological problems, transportation systems, book, 106
- Motivation** [See also Academic Achievement Motivation, Achievement Motivation, Affiliation Motivation, Animal Motivation, Educational Incentives, Employee Motivation, Extrinsic Motivation, Hunger, Incentives, Intrinsic Motivation, Monetary Incentives, Sex Drive, Thirst]

- acquired motivation & conditioned drives, animals & humans, review, 11851
- application of role motivation theory of managerial effectiveness in high vs low structure organizational contexts, 4188
- ascribing intention to occur prior to witnessing his behavior, preferential recall of action bearing on intention, college students, 5268
- attitudes toward act & product of normative beliefs times motivation to comply, intentions & intention-behavior prediction, college students, 12237
- audience presence & number of presentations of modeled events, imitation, 6-7 yr olds, 7311
- behavior & cognition & motivation principles, application to preschool education & home activities planning, 6273
- central representations of contingencies between situational stimuli & incentive stimuli, motivational view of conditioning & learning & performance, 9124

- sex, motivations for alcohol drinking, 2817
- sodium appetite as model drive system, 4506
- superior's behavior, subordinate's perceptions of expectancies & instrumentalities, managers, extension of M. G. Evans's path-goal theory of motivation, 11094
- systematic desensitization vs reinforced practice procedures & self-motivation, fear reduction, female snake-phobic college students, 8327
- task complexity & S's motivation & methods of varying stimulus probability, signal probability effects in choice reaction time, 8984
- various drives & drive level, frustration, 6853
- work-release program, self-concept & motivation & perceptions of community attitudes, inmates, 3859
- Motivation Training**
- goal setting, improved job performance, 11143
- motivation training & educational & job outlets, facilitating social & economic development, Curacao, 7435
- motivational models & instructional strategies, improvement of dental health behavior & increasing dental health education in classroom, senior elementary education majors, 3927
- remotivation & psychodrama-based role retraining, interview presentableness, chronic schizophrenics, 10601
- Motor Coordination**
- bilaterality, binocularity, 6-9 yr olds, 11276
- dantrolene sodium vs diazepam vs chlordiazepoxide vs neuromuscular blocking agents vs local anesthetics, righting reflex loss & acute toxicity & motor coordination, male mice treated with morphine sulphate, 11736
- effector system mechanisms of coordination, motor learning, 11378
- grafting of limb-moving spinal cord segments of young newt larvae into side of same age hosts, synchronous or alternating coordination development in limb movement, newt larvae, 11657
- gross motor coordination & bilateral integration & postural characteristics, strabismic patients, 12754
- pyrazapon vs chlordiazepoxide & diazepam, disinhibitory effects on behavior & motor activity & coordination & tolerance, male mice & rats & monkeys & dogs & rabbits, 7104
- Whitener Motor Performance Battery of Tests, relationship among motor tasks, 3 & 4 vs 5 & 6 yr olds, 2227
- 2-arm balance-coordination task apparatus, motor learning, graduate & college students, 6640
- Motor Cortex**

epilepsia partialis continua with well-defined subcortical astrocytoma of right precentral & central areas, 28-yr-old female, 10474

intracellular recordings, evoked disinhibition & disfacilitation in neurons of sensorimotor cortex, cats, 9338

intrapertoneal amphetamine & haloperidol & stimulation of motor cortex & caudate nucleus, inhibition of motor act, non-narcotized & unrestrained cats, 6957

lesions of cortical motor areas, acquisition of conditioned eyeblink, cats, 11702

rest vs motor activity, EEG recordings from frontal lobes & motor cortex & lower parietal & temporal & occipital lobes, 2-3 yr olds, 307

**Motor Development** [See also Psychomotor Development, Speech Development]

articulated structure of adult speech, synchronization of movement, neonates, 573

conceptual tempo, inhibition & acceleration of movement, 4- & 7- & 9-yr-old children, 2637

developmental attainments, institutionalized 25-45 yr olds with Down's syndrome, 12748

evaluation using B. F. Green's index of consistency, ordinality of subtests of sensorimotor series, longitudinal sample of infants at 9 & 12 & 15 & 18 & 20 mo of age, 11983

Graham Rosenblith scale, prognostic value, neonates, 9846

gross motor development, infants blind from birth, 10465

handwriting vs typewriting practice, teaching beginning reading, learning disabled 7-10 yr olds, 4063

individual vs group play therapy, motor & language & personal-social skills, institutionalized retarded 5-11 yr olds, 8517

item analysis of Bender-Gestalt errors, visual-motor development, 6-11 yr olds, 7331

motor development, review of research, 2644

motor development, visual-spatial cognitive growth, bilateral amputees vs physically normal children, 12027

motor training & remedial education, spatial structuration & body schema problems, premature children, longitudinal study between ages of 4 & 11 yrs, 6344

motor vs intellectual development vs personality traits, prediction of social group status, disadvantaged adolescents, 12084

natural observation of postures & gestural behavior, manual dexterity development, 6-24 mo old Senegalese children, longitudinal study, 4962

physical development program, body image concepts, trainable mentally retarded 10-19 yr olds, 8002

rate of motor development & visual deprivation in infancy, blind children, 1317

reproduction of hypocycloid with three cusps, 4-6 yr old children, 12031

sensory-motor development test, evaluation of cognitive development, infants, 9823

sociocultural variables, cognitive & sensorimotor development during 1st 2 yrs of life, Baoule children, 4944

space-time characteristics of motor responses to auditory rhythmic stimuli, 5-11 yr olds, 9847

visual & auditory &/or motor function development, learning difficulties, Polish children, 1295

**Motor Disorders** [See Nervous System Disorders]

**Motor Evoked Potentials** [See Somatosensory Evoked Potentials]

**Motor Neurons**

bilateral lesions in frontal poles vs dorsal hippocampus & parietal cortex vs parietal cortex alone vs motor nuclei of 5th & 7th cranial nerves, prepulse inhibition of acoustic startle response, rats, 9433

conditioning volleys to cutaneous nerves, primary afferent hyperpolarization & presynaptic facilitation of Ia afferent terminals, cats, 11650

H-reflex ratios in triceps muscles of legs, adolescents with cerebral palsy & leg spasticity, 12809

monosynaptic response to lateral column stimulation in isolated spinal cord, analogy to behavioral habituation, frogs, 6880

pentyleneetetrazol-induced seizures, extensor & flexor motor axons activity, anesthetized & curarized cats, 6983

pyramidotomy & destruction of red nucleus contralateral to conditioned limb, spinal mechanisms activated prior to learning instrumental motor responses, dogs, 6982

regeneration electrode units, recording signals from single sensory & motor nerve fibers associated with leg movement, unrestrained amphibians, 2329

vestibular nuclei, spinal motor activity, 4548

**Motor Performance** [See also Finger Tapping, Jumping, Running, Walking]

absolute production technique, generation of categorical motor & perceptual responses, 99

acetaldehyde vs ethanol, fine & gross motor activity, male mice, 9518

activity wheel vs visual experience in free environment, learning ability, rats, 7151

alpha-methyltyrosine, inhibition of anticholinergic drug-induced locomotor stimulation, mice, 4807

amount of laboratory acclimation & dosage & time after injection, delta-9-tetrahydrocannabinol effects on activity wheel behavior, rats, 11741

aspartic acid, morphine-induced spontaneous motor activity & analgesic threshold, rats, 11771

biorhythms, motor & mental performance, 6673

brachiation mechanics, siamangs & gibbons, 11950

brief cooling of dentate nucleus, voluntary arm movements in self-paced step-tracking task, monkeys, 6964

brief cooling of lateral & anterior & posterior aspects of nucleus interpositus, voluntary arm movements in step-tracking task, monkeys, discussion of study of V. B. Brooks et al, 7014

central monitoring of efferent signals to muscles vs proprioceptive feedback, short-term memory & retention of movements, college students, 175

central serotonergic lesions made with 5,6 dihydroxytryptamine, locomotion & rearing & food consumption & response to analgesic properties of morphine, female rats, 11665

change in temporal position of principal agonistic muscles, pauses during rapid winding in hand-cranking skill, 6641

changes in resistance to cranking & movement amplitude & direction, gradation of response in hand cranking, 20-37 yr old males, 2221

chlorpromazine, motor activity & head-dips, rats, 11739

conceptual tempo, inhibition & acceleration of movement, 4- & 7- & 9-yr-old children, 2637

concurrent negative feedback, state anxiety & heart rate & motor skill performance, 11th graders, 2223

corticocerebellar multiunit activity during a learned motor task, cats, 11588

deprivation of movement, visual discrimination, 11-16 yr olds, 6619

dextroamphetamine, body temperature & motor activity & conditioning using hypothalamic stimulation as reward, thalamic rats, 9395

discrete forelimb movements, electrophysiological correlates, male rats, 4532

discrete uncertainty for independent & Markov dependent structures, performance of combined manual & decision task, humans, 6650

estrogen stimulation during neonatal period vs ovariectomy, motility & shuttle box & open field behavior, female rats, 11651

exercise, longevity & behavioral measures of wheel activity & exploration & emotionality, hybrid mice differing in coat color, 4827

extra-auditory motor vs mental activity, perceived aural information, 5317

fatigue, risk taking & effort in motor task, college students, 9119

formulation & validation, preview-constraint model of rotary arm control, college students, extension of P. M. Fitts's law, 6642

hydrocephalus & motor & sensory lesion levels & intellectual capacity, hand function, 6-19 yr olds with myelomeningocele, 5746

information processing complexity, ear-response side & ear-hand components of lateral stimulus-response compatibility in reaction time paradigms, 17-37 yr old normal hearing Ss, 9113

informational loads, performance times of manual components of combined manual & decision tasks, 25-yr-old males, 9118

internal-external locus of control, effects of direct reinforcement & self-reinforcement on simple motor task performance, male college students, 3009

language & verbal regulation, transfer in motor performance, 3-8 yr olds, 4956

length of intertrial recovery interval, fatigue patterns during second bouts of rhythmic & sustained exercise, male college students, 11379

length of reference standard presentation, amount of constant error for kinesthetically monitored force reproduction, female college students, 2137

- lesions of dorsal columns at cervical level, anticipatory motor behavior, cats, 4672
- levodopa, motor & "central programing" deficits, idiopathic parkinsonism patients, 8229
- long-term administration of dextroamphetamine, augmentation of motor activity & stereotypy, male rats, 9576
- low-protein diet, spontaneous cage & chain-pulling behavior, monkeys, 11954
- MA, gross motor performance, 12-17 yr old trainable retarded males, 5685
- menstrual cycle, arm-hand steadiness & galvanic skin response to auditory stimulus & reaction time & time estimation & digit-symbol substitution tasks & self-ratings of symptoms & moods, female college students, 6932
- Mira's Myokinetic Psychodiagnostic Test & Lahy's Turning Test performance, diagnosis, alcoholic vs non-alcoholic adult males, 10376
- noncontingent periodic & aperiodic stimulation, visual-motor behavior, 10 wk olds, 7298
- occluded period & exposure time, dynamic & static visual acuity & ball-catching performance, 18-36 yr old male college students, 11278
- para-chlorophenylalanine & 5-hydroxytryptophan, aversive threshold & motor activity, rats, 11755
- perceptual delay of 2nd of 2 adjacent stimuli in extended body movement, college students, 2228
- performance level & intra-individual variability on coincidence timing task, normal vs educable mentally retarded children, 3381
- platform runway test, measurement of bodily disequilibrium in ordinary walk, squirrel monkeys, 9604
- posterior hypothalamic lesions, initiation & maintenance of voluntary movement & hippocampal EEG, rats, 9463
- practice, energy expenditure for preferred & nonpreferred vs simultaneous hand motions, college students, implications for use of physiological indices in establishing work standards, 13295
- preparatory period, reaction time followed by guided vs nonguided pointing movement, 2222
- pressure-sensitive mechanism, movement detection, birds, 7266
- proprioceptive feedback intensity, motor impersistence & performance on proprioception task, patients with unilateral cerebral damage, 8110
- pyramidotomy & destruction of red nucleus contralateral to conditioned limb, spinal mechanisms activated prior to learning instrumental motor responses, dogs, 6982
- pyramidotomy, motor performance, opossums, 412
- response-produced feedback & practice, error detection & correction in linear displacement task, college students, 2215
- rhythmic exercise using different muscles, perceived exertion, healthy male Ss, 4376
- sex differences & residual effects of food deprivation & satiated conditions, performance in running & food consumption, rats, 4887
- size of standard, amount of constant error for kinesthetically monitored force reproduction, male college students, 2136
- social reinforcement & knowledge of results, motor performance, educable mentally retarded 8-14 yr olds, 8023
- solid-state ultrasonic activity-recording unit, measurement of gross physical activity, 6643
- stimulus-response compatibility & task difficulty, unimanual movement time, right-handed male Ss, 2226
- testing lateral preference relationships of lower limbs, apprentices, 176
- time stress, improvising in simulated manual tasks, 2217
- tranquilizing drugs & olfactory bulb & vs tubercles lesions, hyperemotionality & rotarod performance, rats, 11687
- visually triggered movement, precentral & postcentral cortical activity, monkeys, 6879
- voluntary movement, 2-burst pattern of EMG activity, male 23-56 yr olds, 9298
- Whitener Motor Performance Battery of Tests, relationship among motor tasks, 3 & 4 vs 5 & 6 yr olds, 2227
- yohimbine injected into lateral cerebral ventricle, locomotor activity & body temperature, rats, 4703
- 3-quinuclidinylbenzilate, running performance, female rats, 7129
- ability to synchronize abstract perception of axis along where objects are grasped, form recognition, 3-6 yr olds, 2114
- activity level & hyperactivity, monozygotic & dizygotic twins, 12822
- age & environmental influences, tonic immobility induced by ventral restraint procedure in presence of familiar or unfamiliar geometric shapes vs blank test box walls, chicks, 516
- age & IQ, cognitive & motor response inhibition, 4-7 yr old normals & 8-17 yr old institutionalized mentally retarded, 3355
- age & sex, speed of tongue & lip movements, 4-9 yr olds vs 13-14 yr olds, 7275
- alpha-methyl-para-tyrosine methylester, spontaneous motor activity & regional catecholamine content in brain, male vs female rats, 7063
- amphetamine isomers, locomotor & stereotyped behavior, cats, 9561
- amygdaloid lesions, locomotor reactivity to photic stimuli & distractibility to flashes under appetitive vs nonappetitive conditions, rats, 9465
- anatomical & behavioral & physiological aspects, visual & auditory & somatosensory & motor processes, review, 4302
- anterior ganglia removal & regeneration 10 & 16 & 24 hrs after surgery, forward movements, earthworms, 11697
- apomorphine vs trivastal, locomotor activity & circling behavior, male mice with vs without 6-hydroxydopamine-induced left striatal lesions, 11821
- asphyxiation at birth, visual depth perception & visual placing & locomotion & learning & memory, monkeys, implications for minimal brain dysfunction, 2384
- aversive conditioning, modification of contact placing, cats, 4886
- avoidance conditioning, spontaneous motor seizure frequency induced by aluminum hydroxide cerebellum injections, monkeys, 6990
- beta-phenylethylamine vs dextroamphetamine sulfate vs iproniazid phosphate, locomotor activity, male rats, 7069
- carbachol injections into medial vs lateral segment of globus pallidus, trunk rigidity & limb hypotonia, monkeys, 6970
- chair & manipulandum for studying limb movements, primates, 491
- chronic dextroamphetamine, food intake & body weight & locomotor activity & subcellular distribution of drug in brain, rats, 4771
- clinical correlates, vibratory threshold, psychiatric vs normal elderly, 3272
- computerized eye examination, EKG & blink & GSR & arm acceleration & respiration, patients, 6914
- continuous measure of activity level, actometer, psychiatric patients, 3211
- delta-9-tetrahydrocannabinol, subcortical spike bursts & motor manifestations, rats, 7121
- dextroamphetamine interaction with CNS depressants, food intake & spontaneous motor activity, mice, 9479
- dextroamphetamine, rate-dependent effects on locomotor activity, female mice, possible relationship to paradoxical amphetamine sedation in minimal brain dysfunction, 459
- diphenylhydantoin therapy, motor conduction velocities along tibial & distal sensory latency of median nerve, epileptic patients, 12885
- estrous cycle & access to running wheels, feeding patterns, female rats, 7267
- ethanol & caffeine, locomotor activity & central catecholamines, female mice, 7131
- feedback arising from gross movement of body in relation to afterimage scene, appearance & duration of prolonged visual afterimage, 136
- feedback, averaging of 2 fixed-movement of motor lengths, college students, 4374
- fully automated two-way locomotor training apparatus, acquisition & extinction of locomotor escape response, rats, 4839
- functional strength & passive range of motion, muscle efficiency, hospitalized 16-56 yr old chronic retarded psychotics, 7797
- glycine & serine, ethanol-induced motor impairment, rats, 7029
- gnawing & platform jumping, wild vs domestic Norway rats, 2555
- grafting of limb-moving spinal cord segments of young newt larvae into side of same age hosts, synchronous or alternating coordination development in limb movement, newt larvae, 11657
- habituation of head-raising & turning response elicited by air puff over 1st 7 days postpartum, neonatal rats, 9601
- hallucinogenic & nonhallucinogenic indolealkylamine & phenethylamine derivatives, motor activity & avoidance behavior acquisition, male rats, 9590
- hand movements within visual field, appearance & duration of prolonged visual afterimage, 137

**Motor Processes** [See also Exercise, Finger Tapping, Jumping, Motor Coordination, Motor Performance, Motor Skills, Physical Dexterity, Running, Walking]

- head & eye movements, responses of superior colliculus neurons, monkeys, 11584
- hypoadrenocortical function, audiogenic-seizure susceptibility, locomotor activity & emotionality & timidity, BALB/cJ mice, 6930
- immunization with porcine gamma globulin hemisuccinate delta-1-tetrahydrocannabinol vs porcine gamma globulin hemisuccinate-phenol, blocking of delta-1-tetrahydrocannabinol effect on spontaneous motor activity, rats, 11818
- infant head movements in relation to sensory stimulation, portable apparatus, 11556
- inhibition of monoamines, para-chloroamphetamine effects on motility, female rats, 4764
- intellectual & perceptual & psychomotor & motor impairment, patients with Huntington's chorea, 3418
- intermittance of schedule associated wheel running, adjunctive behavior, rats, 9692
- intermittent contralateral & ipsilateral hemiretinal stimulation, phasic stretch reflex, human adults, 11661
- intraperitoneal amphetamine & haloperidol & stimulation of motor cortex & caudate nucleus, inhibition of motor act, non-narcotized & unrestrained cats, 6957
- ladder using in climbing & vaulting behavior, chimpanzees, 7146
- lesions of orbital or medial aspect of prefrontal cortex, activity in running wheels, rats, 6986
- levodopa, motor & "central programing" deficits, idiopathic parkinsonism patients, 8229
- light conditions & weak magnetic field, locomotor activity, Atlantic salmon parr, 11836
- LSD, apomorphine-induced locomotion, rats pretreated with BOL-148 or methysergide or parachloroamphetamine, 9509
- methamphetamine & pipradol & methylphenidate, instrumental conditioning & spontaneous motor activity, immature rats, 9528
- methaqualone & phenobarbital & dosage, body weight & mean rectal temperature & spontaneous motor activity & drug tolerance, rats, 9530
- modification during voluntary movement, somatosensory evoked response, 2326
- morphine & mechanism of opposite effect, striatal dopamine & locomotor activity, rats & mice, 9534
- mother presence beyond normal weaning time, open-field arena locomotor activity, weaned vs unweaned male vs female rats, 7153
- mother-infant separation, distress calling & locomotor activity & responses to strange objects & frustration, rhesus monkeys, 2531
- motility, nocturnal enuresis, 35-yr-old male patient, 12667
- motor determinants, organization of space, 103
- movement without sensory feedback mechanisms, induced focal seizures, 49-yr-old right-handed female, 8099
- muscle vs CNS control of movement & posture, animals & humans, 281
- nicotine, dose & dose interval, spontaneous locomotor activity & drug tolerance, male rats, 7122
- noradrenaline antagonists & dopamine, locomotor & rearing activity induced by amphetamine, rats & mice, 2475
- optical expansion patterns, locomotor control, 2175
- orienting to surprising stimuli vs internal sustained attention, heart rate & striate muscle activity & respiration, 6 & 10 yr olds, 9852
- p-chlorophenylalanine during infancy, bodily & cerebellar growth & paradoxical sleep & locomotor activity & turning frequency & passive-avoidance behavior during infancy & adulthood, rats, 9481
- pain vs stress, hand steadiness & affect & anxiety & physiological reactions, female college students, 9347
- painful stimulation through monopolar electrode in dental pulp of I incisor, motor movements & respiration & vocalization following stimulation of septal area & related limbic structures, guinea pigs, 9445
- patterns of content & motivation in body-movement, tool for psychosomatic research, psychiatric patients, 3232
- pentazocine, neurochemistry & vocalization threshold & afterdischarge of pain reactions & motor response, rats pretreated with levodopa, 11793
- personality traits, anatomical & psychomotor characteristics of handwriting, males, 7618
- physical restraint of movement, protection from lethal audiogenic seizures, mice, 9296
- plastic isolation systems for 2.5 yrs, learning deficits & intellectual impairment & motor activity, nonidentical male twins with lymphopenic hypogammaglobulinemia, 3472
- positional behavior, analysis of quadrupedalism, primates, 9609
- production or observation of interactions between pairs of toys, paired-associate learning, kindergartners, 9798
- profadol, continuous avoidance responding & locomotor activity, rats, 4750
- propranolol & oxprenolol & practolol, modification of amphetamine induced motor activity & stereotyped behavior, male rats, 7134
- pyrazapon vs chlordiazepoxide & diazepam, disinhibitory effects on behavior & motor activity & coordination & tolerance, male mice & rats & monkeys & dogs & rabbits, 7104
- radio-telemetric technique, quantification of activity patterns & posture, monkeys, 7143
- reactions to restraint of motility, infants, literature review, 4963
- regeneration electrode units, recording signals from single sensory & motor nerve fibers associated with leg movement, unrestrained amphibians, 2329
- reserpine vs alpha-methyl-para-tyrosine vs amphetamine induced behavioral changes, ECS effects on dopaminergic & noradrenergic mechanisms, male rats, 4783
- reserpine, p-chlorophenylalanine potentiation of amphetamine-induced locomotor activity, serotonergic inhibition of catecholamine-induced behavioral arousal, rats, 473
- rest vs motor activity, EEG recordings from frontal lobes & motor cortex & lower parietal & temporal & occipital lobes, 2-3 yr olds, 307
- sex differences, stationary-cage activity measured by observation & automatic recording, rats, 2561
- shock intensity vs no shock, suppression of activity, male rats, 9659
- suprapharyngeal ganglion ablation vs sham operation, habituation & retention of habituation of movement responses to air puff, earthworms, 9462
- systematic desensitization of complex stimulus, stimulus generalization across cognitive & physiological & motor response dimensions, female college students, 9178
- testing lateral preference relationships of lower limbs, apprentices, 176
- toluene inhalation, forced turning, male rats, 4752
- tone pulse given every 22 sec 24 hrs a day for 30 consecutive days, body movement during REM & Stage 2 sleep, US Navy enlisted men, 4373
- tonic immobility induced by ventral restraint, eye closure & immobility duration & termination & vocalizations, chicks up to 12 days old, 4832
- tyrosine hydroxylase & dopamine-beta-hydroxylase inhibition vs 6-hydroxydopamine treatments, dextroamphetamine induced motor activity, male rats, 9516
- ultrasonic motion detector, measuring responses to being stared at & to restriction of movement & to startle stimulus, 12
- visual tracking measurement of involuntary movements of arm at elbow joint, patients with athetoid cerebral palsy, 10506
- 1,3-dimethyl-5-aminoadamantane, increased motor activity & stereotyped behavior & anticonvulsant action & flexor reflex & brain catecholamines, normal & hypoactive rats, 9543
- 2-amino-6,7-dihydroxy-1,2,3,4-tetrahydronaphthalene intraventricular injection during consciousness, long lasting stimulation of locomotor activity, male mice, 7137
- 5-hydroxytryptamine & 5-hydroxytryptophan intraperitoneal vs subcutaneous injections, tilt cage locomotor activity, male rats, 9522
- Motor Skill Learning** [See Perceptual Motor Learning]
- Motor Skills**
- acute lateralized brain damage, motor & verbal & nonverbal & miscellaneous biological intelligence factors, patients, 8128
- Animal House subtest of Wechsler Preschool & Primary Scale of Intelligence, measurement of learning & motor abilities, 5-7 yr olds, 11217
- experiential elementary science program, manipulative skills, low-income visually-impaired 9-19 yr olds, 13235
- family density & mother's education, motor skills, 3 yr olds in Israel, 6647
- Morische-Leistungs-Serie Apparatus, motor skills measurement, 6646
- motor training, paired-associate learning, kindergartners & 1st graders, 8628

occluded period & exposure time, dynamic & static visual acuity & ball-catching performance, 18-36 yr old male college students, 11278

practice, consistency in backward jump for distance skill, male 5th graders, 11377

problems in backward movements, epileptics, 1327

right hemisphere lesions, perceptual & motor & personality disturbances, literature review, 1308

skill center curriculum & behavior modification techniques, motor skills & vocabulary & communication & social behavior, institutionalized severely mentally retarded children, 1294

standardized visual-motor testing & training program, visual-motor skills, inner-city preschoolers & kindergartners, 11277

training programs, prostheses use & motor ability, children with upper limb deficiencies, 8446

Whitener Motor Performance Battery of Tests, relationship among motor tasks, 3 & 4 vs 5 & 6 yr olds, 2227

**Motor Traffic Accidents**

age & exposure & alcohol involvement, night traffic accidents, 16-25 yr olds, 4211

change in police reporting practices vs driving-&drinking behavior, number of alcohol-involved fatal crashes, 18-20 yr olds, 7497

deceleration warning light, reduction of rear-end automobile collisions, 13424

driver estimation, time of collision with oncoming car, 13422

driver experience & vehicle familiarity, accidents, 13410

first aid using hypnosis, automobile accident victim, 8151

impulse toward self-destruction, automobile accidents, males convicted of drunken driving, 5634

interdisciplinary research & public information, alcohol-related automobile deaths, 7496

internal vs external control, beliefs about causes of accidents & aspects of automobile travel, female college students, 5356

moderate & heavy rainfall, accident frequencies, England, 13414

observing face to face encounters, interaction between drivers at traffic circles, male & female drivers, 13419

police arrests for violence & alcohol & traffic citations & accidents, Vermont residents as shooters in unintentional shootings, 12216

social adjustment profiles, fatally injured male drivers, retrospective study, 10268

urban-rural vs speed limit differentiation, road accidents, England, 13425

**Motor Vehicles** [See Automobiles]

**Mourning** [See Grief]

**Movement Perception** [See Motion Perception]

**Movements (Activist)** [See Activist Movements]

**Movements (Social)** [See Social Movements]

**Movies** [See Motion Pictures (Entertainment)]

**Mucus**

sex chromatin in oral mucosa, female psychiatric patients & normal girls, 10351

**Multilingualism** [See also Bilingualism]

linguistic regression, multilingual psychotic, 3172

**Multiple Births** [See also Heterozygotic Twins, Monozygotic Twins, Twins]

loss of multiple birth, maternal reaction, septuplet pregnancy, 3145

**Multiple Choice (Testing Method)**

changing initial answers on multiple-choice achievement tests, changes in total score, college students, 1922

conditional maximum-likelihood estimation of item parameters for multiple-choice questionnaires, 65

immediate knowledge of results & test vs experimental exercise, performance on multiple-choice answering, college students, 3995

legitimacy of foil words as alternate responses, Modified Rhyme Hearing Test, college students, 6596

multiple-choice vs true-false item format, reliability & difficulty, college students, 13272

penalty vs no penalty for guessing, performance on multiple-choice tests, college students, 13274

recall vs multiple-choice method, response selection from stimulus &/or response compounds in paired-associate learning, college students, 11451

scoring instructions & degree of speededness, validity & reliability of multiple-choice tests, correction, 2081

signal detection theory vs R. D. Luce's Choice Model, sensitivity & bias measurement in multiple-choice tasks, 6672

test reliability & risk taking, conventional vs elimination techniques for scoring partial knowledge on multiple choice tests, post graduate psychology students, 11073

validity & reliability, multiple-choice vs traditional open-ended item testing methods on scholastic aptitude test, secondary school students, 11082

**Multiple Personality**

development & stabilization of secondary personalities, possession cults, 676

**Multiple Sclerosis**

construct validity, Spatial Paralogic Attitude Inventory as measure of attitudes toward handicapped, multiple sclerosis patients & community members & college students working with disabled, 8140

intelligence measures & neurophysiological tests, diagnosing of multiple sclerosis, multiple sclerosis sclerosis vs psychiatric patients vs brain damaged, 7798

paroxysmal signs & symptoms, female adults with multiple sclerosis, 12791

pseudoneurologic scale & Hovey complex indices of MMPI, differential diagnosis, multiple sclerosis vs pseudoneurologic patients, 3469

stimulus trains, somatosensory evoked responses, multiple sclerosis patients, 12805

**Multiple Therapists** [See Conjoint Therapy]

**Multiply Handicapped**

activities & behavioral repertoire & social responsiveness variables, institutionalized retardates with multiple auditory & visual handicaps vs nonhandicapped retardates, 3370

educational programing, deaf-blind children, 13228

hand vibration, smiling behavior, blind & deaf & profoundly retarded adolescent girls, 12725

improvement in behavior over 4-yr period, deaf-blind girl in residential school, effectiveness of special education programs, 8696

residential school attendance for 4 yrs, behavioral changes, deaf-blind girl, 13059

work potential, blind severely mentally retarded multiply handicapped, 3414

**Murder** [See Homicide]

**Muscle Contraction Headache**

EMG biofeedback vs pseudofeedback vs no treatment, muscle contraction headache activity reduction, 22-44 yr olds experiencing frequent tension headaches, 1362

**Muscle Contractions**

alpha-levoacetylmethadol & its N-demethylated metabolites, opiate-like actions on electrically induced twitch of longitudinal muscle of ileum & reversal by naloxone, guinea pigs, 11792

appearance of effort-dependent symptoms, local subjective fatigue in sustained elbow flexion, 22-42 yr old males, 4377

deep mental & physical relaxation, ESP, female students, replication of W. G. & L. W. Braud's work, 2144

dynamometer tension, stimulus generalization, acute schizophrenics & nonschizophrenics, 10342

force & power output vs time, static & dynamic muscular exercise, male Ss, 11382

joint displacement, EMG of reflex & premotor & simple reaction time of relaxed muscle, 18-26 yr olds, 9340

muscle tension, information processing, chronic schizophrenics, 5592

new rapid drug addition method, contractile response to rectangular stimulation by noradrenaline in vena cava strips, rabbits, 7130

palm-mental reflex, normal vs severely retarded children vs adults vs Ss with Down's syndrome, 12785

palm-mental reflex, Ss with neurological or mental problems, 1168

previous isometric muscle contraction, ability to relocate certain point without using the eyes & muscle memory, 20-28 yr old students, 2124

pronation & supination cycle superimposed on protraction & retraction cycle, bailer movements responsible for gill ventilation, crabs, 2359

psychological stress & reduction of effectiveness of supramedullary inhibitory controls on posterior cricoarytenoid, model of core of stuttering block, 10460

recording small preparatory muscular efforts, apparatus, 6648

spring mechanisms in larynx, 9348

successive vs concurrent induction of muscle tension during rotary pursuit tracking, 4370

**Muscle Cramps** [See Muscular Disorders]

**Muscle Relaxation**

deep muscle relaxation, urticaria & severe headache, case report, 12948

physical & mental relaxation state induced by tape-recorded instruction, ESP, 8993

**Muscle Relaxation Therapy** [See Systematic Desensitization Therapy]

**Muscle Relaxing Drugs** [See also Diazepam, Meprobamate, Papaverine, Succinylcholine]

carbidopa & levodopa combination vs intramuscular pyridoxine, plasma levels of dopa & 3-O-methyldopa & homovanillic acid, parkinsonian patients with severe "on-off" effects from levodopa, 12887

dantrolene sodium vs diazepam vs chlorthalidopoxide vs neuromuscular blocking agents vs local anesthetics, righting reflex loss & acute toxicity & motor coordination, male mice treated with morphine sulphate, 11736

levodopa & carbidopa & pyridoxine, metabolic interactions in Parkinson's disease, 10636

levodopa & pyridoxine, cystathionine levels in brain & liver & kidney, male rats, 9492

neuroleptic & benzodiazepines & meprobamate & amobarbitone & ethanol & amphetamine & myorelaxants, rearing & number of steps climbed in exploratory behavior, rats, 7125

tolazoline & propranolol & diazoxide & sodium nitrite & sodium nitroprusside & methyldopa, dissociation of dipsogenic & depressor responses, male rats, 7056

**Muscles** [See also Diaphragm (Anatomy), Facial Muscles, Oculomotor Muscles]

change in temporal position of principal agonistic muscles, pauses during rapid winding in hand-cranking skill, 6641

electronic biofeedback from cheek & lip muscles, altering muscle responses while performing on wind instruments, clarinet players, 4554

functional strength & passive range of motion, muscle efficiency, hospitalized 16-56 yr old chronic retarded psychotics, 7797

length of sessions & spacing of sessions, muscle relaxation training, female college students, 1535

muscle awareness model, changes in Rorschach human movement responses, college students, 970

muscle vs CNS control of movement & posture, animals & humans, 281

personality, resting EMG levels at frontalis & extensor muscle sites, college students, 4576

restricted movement, estimation of weights & tensions & apparent involvement of "sense of effort," young adults, 4311

**Muscular Disorders** [See also Muscle Contraction Headache, Myoclonia, Torticollis]

mental deficiency incidence & retardation in stature & need for special education programs, myopathy, 8089

**Musculocutaneous Nerve** [See Spinal Nerves]

**Musculoskeletal Disorders** [See also Muscle Contraction Headache, Muscular Disorders, Myoclonia, Rheumatoid Arthritis, Torticollis]

nefopam hydrochloride dosage, pain relief, 18-65 yr olds with musculoskeletal disorders, 12934

serum enzyme & skeletal muscle abnormalities, distinguishing psychotic forms, psychotics & hypomanics & nonpsychotic depressed & nonresearch ward psychotics & 1st-degree relatives, 5575

**Musculoskeletal System** [See also Arm (Anatomy), Diaphragm (Anatomy), Elbow (Anatomy), Facial Muscles, Feet (Anatomy), Fingers (Anatomy), Hand (Anatomy), Jaw, Leg (Anatomy), Muscles, Oculomotor Muscles, Skull, Spinal Column, Thorax]

location of head structures & tissues that generate transepically measured direct current potentials, 11562

musculoskeletal wrist mechanism, walking, *Dryopithecus africanus*, 7272

openminded observation & F. M. Alexander's manipulation of body musculature, etiology & treatment of stress-induced human suffering, implications for etiology of autism, 12834

pronation & supination cycle superimposed on protraction & retraction cycle, bailer movements responsible for gill ventilation, crabs, 2359

## Music

"Schulwerk" method of C. Orff, generalized imitation, severely retarded adolescents, 13213

articulatory interpretation, "singing formant", 10135

atonal structure & pentatonic & tonal melodies, musical acculturation, 4-14 yr olds, 10143

background music, counseling interaction in initial interviews, 3820

communicator credibility, attention to & comprehension of stimulus object under direct exposure conditions, college students, quasi-field experiment using college stage bands, 2939

contingent music activity, modification of behaviors interfering with learning, retarded & emotionally disturbed children, 13225

creative process, orchestra conductors, 5309

definite & informal language-related activity sequences using songs & rhymes & records & stories, language learning, blind preschoolers, 8667

delayed auditory feedback intervals, musical task involving performance on electronic organ, 9043

electronic biofeedback from cheek & lip muscles, altering muscle responses while performing on wind instruments, clarinet players, 4554

excitatory response to music as reciprocal inhibitor, anxiety & public-speaking phobia, 25-yr-old male, 3744

interval frequency count familiarity rating of ascending & descending melodic intervals of octave, college students, 9163

judgments & dimension analyses, perceived sound quality of sound-reproducing systems, 18-41 yr olds, 9042

lullabies in maternity wards, 13050

memory tests using melodies with 3 & 4 notes, musical deficit, aphasics, 5727

multidimensional scaling & similarity ratings & dimension analyses, polyphonic rhythm patterns & rhythm in music, musicians & nonmusicians, 2151

music as contingent positive reinforcement, complaining behavior, 43-yr-old mild retardate with undifferentiated schizophrenia, 3719

music preferences, reactive & process schizophrenics, 1113

music, examination performance, test anxious high school & college students, 8657

musical cognition, aesthetic response, 941

musico-esthetic attitude measures, review, 7590

notated rhythms, performance of rhythm patterns, 9003

observational techniques, determination of background music effects on verbalizations, disadvantaged kindergartners, 11978

occupational background, verbal description of tones, engineers vs musicians vs secretaries, 12426

optimum processor theory, estimates of fundamental frequency & harmonic numbers of complex tones, 4323

phenomenological analysis, musical perception, 12410

pitch & consonance & harmony, sense of musical intervals, 11320

popular music, changing attitudes, American family members, 5234

popular music, use in training therapists & teaching of paraprofessionals & professionals of other disciplines by psychiatrists, 12550

practicable standard of encoding music for computer input, 11173

quiet vs speech vs music vs industrial sound, creativity performance, 5th graders, 5360

repeated attendance to loudly amplified pop music sessions, temporary hearing losses, 13-17 yr olds, 8138

repeated listening to recorded music, structural discrimination & affective response, college students, 6588

roots in Goethe's poetry & Reil's music, psychodrama of J. L. Moreno, 12851

semantic differential rating & factor analysis, cognitive & emotional & perceptual aspects of monophonic & polyphonic rhythms, 16-56 yr old musicians & nonmusicians, 5290

soothing vs stimulating vs no music, counseling interaction, college students, 6083

symbolic representation, Wagner's music, 930

tone-sequence & metric structures, perception of meter & rhythm in music & speech, 12431

Torgerson's metric analysis vs nonmetric method vs method dealing with individual differences, multidimensional scaling in experiments on rhythm experience & sound quality perception, 12-19 yr olds, 9041

## Music Education

analysis & synthesis of musical movement, understanding artistic conception of musical pieces, 8624

application of Z. Kodaly's method, music education & therapy, 12850

music lessons & adult approval, music selection behavior, 5th graders, 7600

music training, conceptual growth in development of communicative skills, neurologically handicapped children, 8686

potency-activity semantic differential ratings, music concepts, high school music students, 7603

sensory-motor approach, music learning, 13120

## Music Therapy

application of Z. Kodaly's method, music education & therapy, 12850

categorizing music therapy group experiences & session plans, 3599  
music therapy with related art projects, behavior problems & special learning disabilities, children at Behavioral Learning Center, 3589  
music therapy, autism, 7-yr-old boy, 3582

music therapy, communication breakthrough, autistic mentally retarded child, 3603

music therapy, inner city outreach station of community mental health centers, 3822

music therapy, long-term hospitalization & subsequent discharge, male psychiatric patient, 3587

music therapy, patient roles & therapeutic techniques & contributions & increase in social skills & interpersonal relations, 5887

musical experience, male vs female alcoholics, 8178

Orff-Schulwerk treatment method, autistic children, 12843

processes & therapeutic goals, music therapy, 3557

### Musical Ability

CA & MA & IQ & intelligence structure, musical sensitivity, brain-injured vs non-brain-injured mentally retarded children, 3376

evaluative validity, E. Gordon's profile of musical aptitude, 51

handedness, musical ability measured by timbre perception & tonal memory, right- & mixed-handed music students, 11385

structured acoustic material, musical aptitude measurement, 4108

### Mutations

autosomal recessive mutation, sugar response changes, isogenic lines of flies, 11955

physiological correlates, chemotactic responses against cations of unlinked genic mutations, *Paramecium aurelia*, 293

Mutism [See also Elective Mutism]

food reinforcement, verbal imitative behavior, mute profoundly retarded 14-yr-old girl, 8000

special reading & arithmetic education for blind & deaf & deaf-mute, Soviet Union, 4073

### Mutual Storytelling Technique

mutual storytelling technique, psychogenic problems, minimally brain dysfunctions children, 5825

Mydriatic Drugs [See Atropine, Cocaine, Scopolamine]

### Myelin Sheath

irritating membrane contractions & GSR responses & reflex reactions, mechanical sensitivity of unmyelinated & small-diameter myelinated nerve fibers, 351

Myelitis [See also Poliomyelitis]

hydrocephalus & motor & sensory lesion levels & intellectual capacity, hand function, 6-19 yr olds with myelomeningocele, 5746

### Myocardial Infarctions

combined hypnotherapy & exercise, myocardial infarction patients, 8149

psychoanalytic group interview & short-term group psychotherapy, post-myocardial infarction patients, 5780

sociological characteristics, myocardial infarctions, 41-60 yr olds, 1330

sociological variables, systolic blood pressure & serum cholesterol & smoking as "risk factors" of myocardial infarction, 40-60 yr old males, 10528

stress, risk of myocardial infarction, 40-60 yr olds, 1350

work behavior & time urgency & life dissatisfaction, male survivors of a myocardial infarction from Finland vs Sweden vs US, 9931

### Myoclonia

classification via cluster analysis, epileptic myoclonia, 10498

electrophysiological study, patient with reflex myoclonus limited to right side of body, 10525

musculoskeletal abnormalities, myoclonus epilepsy, 10507

Noonan's syndrome & idiopathic hypoparathyroidism & epilepsy & myoclonus, 29-yr-old male, 8127

piperazine, epileptic semiconscious state & myoclonic jerks as side effects, 44-yr-old patient under treatment for worm infection, 10633

prognosis, patients with infantile myoclonic seizures, 12751

### Myopia

contingent & noncontingent social approval, visual acuity, myopic adults & male college students, 6616

### Mysticism

ego strength & psychological inadequacy measures, intense religious experience, college students, 9922

hypnosis or trickery with wires, magical & spiritual ascension, 6566

intrinsic vs extrinsic religious orientation, experience of transcendence, college students, 2786

physiology of possession & mysticism & faith healing, book, 690

prophecy, mystical power vs mental disorder, 7385

seriousness of negative preoccult behavioral labeling & degree of latent power, occultists vs traditional religionists, 9932

spirit possession as projection of man's unconscious states & phases in ongoing spectrum of religious experiences, 6574

spiritual & visionary & psychic experiences of E. Swedenborg, analysis of writings & biography, book, 6512

Mythology [See Literature]

### Myths

comparative study of myths & rituals & healing & burial practices, propensity for animistic belief, 670

independent reality of evil psychic powers, mythology of evil, mental health implications of Western nonbelief, 5562

mythological hybrid figures, judgment of humanness-animality, college students, 5375

Oedipus complex, analysis of myths & folkways & residential patterns, Burma, 2799

reference to physical movements of body through space, analysis of folktales from 3 East African societies with different population densities, 928

use of symbol & myth in Strindberg's "Inferno," coping with serious mental crisis, 5281

Myxedema [See Hypothyroidism] 60 N

NAch [See Achievement Motivation]

### Nalorphine

negative reinforcing properties of nalorphine & cyclazocine & naloxone, monkeys, 4749

### Narcissism

imaginary companions, normal childhood development of narcissism, implications of adult interference, 624

life & death instincts, aggressive aspects of narcissism, 273

narcissistic & dominating personality & roles, development of disordered child, fathers of schizophrenics, 7837

narcissistic personality types, 2989

personalization process in therapeutic communities, narcissistic & object relations institutionalization, 5374

### Narcissistic Personality

narcissistic personality types, 2989

Narcoanalysis [See Sleep Treatment]

Narcoanalytic Drugs [See Amobarbital]

### Narcolepsy

clinical disorders of sleep, review, 7953

diagnosis & treatment, disturbed sleep, 5774

levamphetamine & dextroamphetamine, narcolepsy, 5941

### Narcosis

nitrogen narcosis, impairments in processing of sensory information, male rhesus monkeys, 9382

thyrotropin releasing hormone, antagonism of ethanol narcosis, male mice, 9491

Narcotic Antagonists [See also Nalorphine]

acute morphine, naloxone-precipitated jumping behavior, mice, 9532

alpha-levoacetylmethadol & its N-demethylated metabolites, opiate-like actions on electrically induced twitch of longitudinal muscle of ileum & reversal by naloxone, guinea pigs, 11792

cholinergic modification, naloxone-induced jumping behavior, morphine-dependent mice, 9490

cyclazocine, treatment of narcotic addiction in low-intervention setting, male heroin addicts, 3662

cyproheptadine & methysergide & atropine & naloxone, stimulus discrimination of morphine & LSD, rats, 11753

dextro- & levo-isomers of pentazocine, brain & heart biogenic amines, rats, 11716

high-dose cyclazocine, former male heroin-addicts, 10645

morphine vs naloxone vs/ & bell, hyperthermia, male rats, 505

naltrexone monohydrate suspended in polylactide polymer as sustained release depot for narcotic antagonists, blockade against morphine, dogs with transected spinal cords, 2460

naltrexone, clinical usefulness & side effects & toxicity & degree of acceptability to patients & capacity to antagonize euphoric effects of heroin, 21-40 yr old heroin addicts, 10644

negative reinforcing properties of nalorphine & cyclazocine & naloxone, monkeys, 4749

negative reinforcing properties of nalorphine & cyclazocine & naloxone, monkeys, 4749

nucleus amygdaloides centralis, development of cataleptic & stereotypic behavior induced by narcotic agonists & antagonists, male rats, 7044

**Narcotic Drugs** [See also Apomorphine, Atropine, Heroin, Methadone, Morphine]  
 acetaldehyde vs ethanol, fine & gross motor activity, male mice, 9518  
 age & race & job status, detoxification with methadone vs methadone maintenance vs total drug abstinence & posttreatment drug use, former narcotic addicts, 8274  
 ethanol & acetaldehyde, metabolism & binding of biogenic amines, guinea pigs & rats, 7082  
 ethnicity & age & sex, maturing out of narcotic addiction, addicts in New York City, 12707  
 experimental methadone treatment program, narcotic addictions, Colorado, 10628  
 marathon-directive vs marathon-nondirective vs no-therapy, trait & state anxiety, narcotic addicts, 12958  
 motivation, acquisition & maintenance of narcotic addiction, 5639  
 narcotic analgesics, anxiety & pain & insomnia, terminally ill cancer patients, 10606  
 narcotic receptor sites increase or reduction, narcotic drug dependence & tolerance, morphine-dependent rats, 4758  
 treatment program quality evaluation, drug abusers & narcotic addicts, Pennsylvania, 10622  
 urge for repetitive use, narcotics abuse, implications for pharmacotherapy & behavior modification, 8268  
**Nasal Mucosa**  
 bilateral olfactory bulb ablations or nasal mucosal damage with zinc sulphate, copulation & irritability & mouse-killing behavior, male rats, 4635  
**Nationalism**  
 concept of national characteristics, psychoanalytic interpretation, 793  
 nation & sex & professional & social class & religion & age & family status, political ideology, French vs American college students, 7431  
**Natural Disasters**  
 Buffalo Creek flood, emotional & behavioral problems & therapeutic interventions, 8407  
 natural disasters, survivor needs & short-range rehabilitation of community, 8419  
**Nausea**  
 Coriolis accelerations & diazepam, clinical & endocrinological effects, 17-45 yr olds, 9381  
**Navaho Indians** [See American Indians]  
**Navy Personnel**  
 actuarial system, determination of variables predictive of posthospital adjustment, Navy psychiatric patients, 10834  
 adjustment to & perceptions of US Navy at various points during 1st enlistment, prediction of reenlistment, low aptitude personnel, 8756  
 angle of tilt & angular velocity in off-vertical rotation, motion sickness, Navy personnel, 101  
 anonymity, response rate & positive vs negative statements, Navy officers & enlisted men, 12310  
 change advocate definition, Navy technicians & officers, 13386  
 demographic & attitudinal variables, drug use intensity, Navy enlisted men, 9941  
 demographic & military status & job & health related variables, job satisfaction, navy enlisted men, 13353  
 demographic & occupational factors & ship organization, illness rates, US Navy enlisted men, 5738  
 development of occupational scales for Navy Vocational Interest Inventory, 1969  
 early training & selection variables, prediction of advanced level aviation performance, naval jet aviators, 8805  
 equivalency & utility for US Navy research & clinical settings, sentence intelligibility lists for audiological assessment, Navy personnel, 115  
 expectancy theory, leader behavior, US Navy aviation maintenance personnel & public works maintenance shop supervisors, 13377  
 job type, alcoholism, US Navy hospitalized alcoholics, 12704  
 number of hrs of flight time, conventional & high-frequency hearing, U.S. Navy aviators flying prop jet or helicopter aircraft, 4321  
 personality & attitudinal characteristics, effectiveness, hospital corpsmen vs other Navy enlisted personnel, 7716  
 Recruit Temperament Survey, discrimination of psychoses vs neuroses vs personality disorders, Navy enlisted men, 10282  
 sleep loss & mild heat, tracking & choice & auditory vigilance task performance, Navy enlisted men, 6558

task analysis in various types of aircraft, U.S. Naval Flight Officers, implications for training, 4147  
 test-retest reliability, occupational scales of Navy Vocational Interest Inventory, reenlistees & non-reenlistees, 1970  
 validity, nonverbal culture fair battery of tests for prediction of performance, Navy machinist mates, 8829  
**Nearsightedness** [See Myopia]  
**Neck (Wry)** [See Torticollis]  
**Need Achievement** [See Achievement Motivation]  
**Need For Affiliation** [See Affiliation Motivation]  
**Need Satisfaction**  
 convergence between measures of Maslow's concepts & existence & relatedness & growth measures, need satisfaction in organizations, nurses & bank & life insurance employees, 4168  
 course understanding & need fulfillment & instructor approachability & informal & formal interaction & classmate sociability, class attendance rate, adult university learners, 6234  
 empirical test, A. Maslow's need hierarchy theory, 969  
 environmental press & psychological need, academic achievement, Mexican-American & American Indian college students, 13187  
 job level, perceived need satisfaction on jobs, bank employees, 8822  
 Maslow's need-hierarchy concept, formal vs situationist vs acceptance authority theories, organizational implications, 1959  
 mass media, need gratification sources, 12398  
 need satisfaction, absenteeism, managers in state organization, review of L. W. Porter's questionnaire, 8816  
 need types, specific dimensions & prediction of overall job satisfaction, managers, 13356  
 perceived need satisfaction & importance, semiskilled & unskilled workers in public industrial unit, 11148  
 perceived need satisfaction, Indian executives, 2008  
 pornography as surrogate for freedom & symptom of politico-socio-psychological needs, 12416  
 student as originator of values & activities that are result of satisfaction of own needs & interests, social aspects of evaluation of students & their work, 11088  
 values on & expectancy of need satisfaction for love & recognition status, prediction of sexual vs nonsexual delinquent behavior, female delinquents, 10366  
**Needs**  
 cognition of autonomic activity, information need & emotional responses to slides of nude females or accident victims, male college students, 9281  
 helper's self-image & achievement & affiliation & power needs interactions, helping relationship, college & graduate students in T groups, 12265  
 individual differences in arousal seeking or need for stimulation, extent & complexity of perceived autokinetic movement, college students, 9000  
 individual differences, sleep needs, 6913  
 interpersonal need orientation, life style, 5341  
 interpersonal needs, preference for functional areas of management, 1st semester business administration graduate students, 8571  
 intrinsic-extrinsic needs, persistence at work, teachers & laboratory & psychiatric team & building workers & nurses & youth counselors, 4164  
 Maslow's need-hierarchy concept, formal vs situationist vs acceptance authority theories, organizational implications, 1959  
 need for social approval, fantasy aggression & experimentally produced behavioral aggression, female college students, 810  
 need types, specific dimensions & prediction of overall job satisfaction, managers, 13356  
 need-hierarchy of A. H. Maslow, motivation in organizational behavior, 13341  
 needs & attitudes, directedness of personality, 7643  
 needs for achievement & social approval & test anxiety, high school & college grades & Scholastic Aptitude Test scores, college students, 10998  
 psychological aspects, human freedom, 4229  
 psychological needs measured by Edwards Personal Preference Schedule, heroin addict applicants to methadone maintenance program, 10412  
 self-concept & need variables, disadvantaged 16-17 yr old dropouts vs inner-city high school students, 10996  
 self-esteem & need for approval, reactions to personal evaluations, 10075  
 social needs, personal space preferences, college students, 10099  
 understanding social & psychological & physical needs of children, parent guidebook, 2736

urgency & types of counseling needs, adult continuing education students, 4127

### Negative Reinforcement

detention room, disruptive school behavior, 8623

distribution of positive & negative rewards or evaluations, interaction process in discussion groups, use of modified version of Bales's Monte Carlo model, 7531

extinction vs omission training vs response cost vs omission training plus response cost vs extinction training plus response cost vs omission training with gradual introduction, response elimination, college students, 9182

negative reinforcement, time allocation, male pigeons, 2509

positive & negative force-contingent reinforcement, frustration effect on force-discrimination lever-press response, college students, 9272

positive & negative reinforcement, controlling aggressive behavior, institutionalized male retardates, 6000

positive & neutral & negative experiences with audience, social facilitation, preschoolers, 2917

positive vs negative reinforcement vs heterogeneity vs pure random models, frequency of hospitalization, diagnosed schizophrenics, 10833

reinforcement-switching procedure, negatively reinforced keypecking, pigeons, 11873

removal of earned reinforcement, aggressive responses to terminate aversive tone, college students, 6701

symptom discouragement, hysterical reaction treatment, children, 3579

temporally defined schedule of point-loss avoidance, response rate, college students, 6719

tone loudness & bitterness of varied sucrose octa-acetate concentrations, cross-modality matching of monetary increments & decrements, 4486

topographic analysis of negative & positive reinforcement areas in central grey matter, male rats, 7006

withdrawal of positive reinforcer contingent upon undesirable response emission, meal-time spitting behavior, 9-yr-old retarded girl, 10697

### Negative Transfer

retroactive inhibition, subjective organization in whole-part learning & recall, college students, 11517

testing vs not testing A-B pairs, impaired learning of A-C pairs in A-B A-C paradigms, young adults & paid college students, 6828

### Negativism

anti-expectation techniques, psychotherapy, 5829

### Negotiation [See also Bargaining]

election vs random selection & no vs continuous vs end of negotiation accountability, negotiator behavior, college students, 12262

leader vs nonleader intragroup status & elected vs imposed status assignment & presence & timing of position formation in group, toughness in negotiation performance, 2896

personality variables & sex & task & situational variables, negotiation & coalition in 3-person matrix game, college students, 7538

situational variables & bargainer's concessions, concessions of opposing bargainer, male college students, 5212

third party functions, interpersonal conflict resolution in context of simulated pretrial conference, attorneys & law students, 12227

### Negroes

absence of adult males from households, self-concept, male vs female black 5th & 6th graders, 9898

admission standards & perceived legitimacy of grading & academic aptitudes & achievement & socioeconomic status, student protest, black college students, 697

advertisement integration level, preference & intention to purchase, black vs white college students, 12425

age & epogenic influences, educational & financial & occupational aspirations, Anglo- vs Mexican-American vs Negro 12-15 yr olds, 12338

age & sex & integrated vs segregated schooling, racial preference & identification, 5-7 yr old black & white & Chinese children, 677

age & sex & race & socioeconomic status & parents' aspirations, educational & occupational aspiration level, black & white 1st & 5th graders, 11974

age at 1st marriage & 1st sexual experience & 1st conception & age of learning about contraception, pregnancy wastage, southern black women in US & white women in Costa Rica, 7417

age, development of English morphology, low socioeconomic black preschool & kindergarten children & 1st & 5th & 8th graders, 7293

art experiences, black primary school education, 8589

attitudes & interaction, structural & organizational change in sociology & academic institutions, white sociologists vs black students on predominantly white campuses, 12127

attitudes toward advisability of opposite race interactions, black vs white college students, 12145

attitudes toward blacks, white college students & parents, 2798

attitudes towards black & white color, children, 940

attribution of traits to black fellow students vs blacks in general, white college students, 5252

auditory perception training & reading instruction, reading achievement, Negro 1st graders, 4081

Bayley's Infant Behavior Record, ratings on firstborn black boys at 14 & 18 & 22 mo of age from Central Harlem, 7295

Bender Visual Motor Gestalt Test, prediction of neurological abnormality, black & white 7 & 8 yr olds, 12819

biographical data, academic achievement prediction, black college students, 8633

black & white color attitudes, racial attitudes, 2856

black militancy & affective attachment, fear of success, black female college students, 6847

black therapy group in white hospital, group process & development beginnings, 1504

black-white encounter groups, 1538

brand awareness & brand loyalty, 1966 & 1971 surveys of Chicago black families, 1946

child-rearing practices, cognitive skills development, black children in low socioeconomic areas, 5001

closeness with parents & praise received & freedom in talking about problems & source of most discipline & affection & parental influence, parent-child relationships, black & white high school students, 646

comparison of Wechsler Adult Intelligence Scale & Armed Forces Qualification Test & Airman Qualifying Examination scores, black & white Air Force trainees, 13317

cooperation vs competition with black Aboriginal child, prejudice toward black, 4-6 yr old white middle-class Australian children, 5074

cross-cultural differences between testers & testees, standardized testing or assessment reliability, white testers & black children, 6374

cross-racial friendship, achievement, black 6th graders in desegregated classrooms, 9926

culturally biased intelligence measures, validity with blacks, 4271

current welfare status & educational & occupational aspirations during adolescence & employment status & unwanted children, self-concept, 21-45 yr old black females, 7436

dangers for black community, violent films aimed at black audiences, 2969

demographic & psychosocial factors & perceptions & values of purveyors of mental health resources vs availability & organization of services, utilization of community mental health centers, blacks, 8428

demographic characteristics & rating data, juvenile offenders in prison for young men, 7956

differential psychiatric diagnosis, black vs white 1st & 2nd psychiatric hospital admissions, 3152

E race, cognitive functioning on intelligence test, urban & rural black & white 2nd graders, 11078

education & occupation & income & American Dental Association's endorsement of Crest toothpaste & brand loyalty, changes in buying habits of Crest, blacks vs whites, 7619

empirical evaluation, models of social influence processes in student-teacher relationships, black 11th graders, 1750

English language in realistic situation at kindergarten level, linguistic competence, black 1st graders, 1769

enrollment in pro-black community controlled vs public school preferences for different-race dolls, black kindergartners & 1st graders, 6219

equalitarian vs traditional marriage role expectations, 16-19 yr old 12th grade black students, 2740

ethnic studies course, attitudes toward minority students & school, black & white & Chicano & Indian 11th & 12th graders, 1773

ethnicity, scholastic achievement, Anglo & Negro & Mexican-American 1st-8th graders, 13192

examiner race, intelligence test scores, black & white children, 6404

- family-centered preschool program, number-facility & spatial-relations scores on Primary Mental Abilities test, black vs white preschoolers, follow-up, 13166
- final consonant blends in Black dialect, 5295
- forced integration, racial interaction & attitudes, 4th-6th graders, 7424
- free-recall of vocabulary words & sentences presented in black dialect vs standard English, black vs white children, 9813
- generalizations about black-white differences from literature review of current thinking on racial differences, 8th & 9th & 11th grade boys, 674
- genetic & cultural deprivation & psychoanalytic intellectual functioning, black ghetto-reared children, 4993
- genetics & race, intelligence, Negroes vs Caucasians, 9373
- gratification delay, Anglo vs Black vs Mexican-American 4th graders, 11542
- group therapy, problem of loss of self-identification & lack of projection of healthy existence, blacks in therapeutic community, 1533
- home environment & parent-child relationships, poor school performance, lower-class black children, 6328
- hue & race, block-design performance using red/white & blue/yellow forms, black & white 4th & 5th graders, role of genetically determined differences in fundus oculi pigmentation, 11991
- improvement in predictive validity of achievement & IQ measures & opportunity for special classes & enriched environment, educating black children, 6362
- incentive preference & race of experimenter, delay of gratification, 7-12 yr old black & white children, 6837
- individual-environmental interaction, competence, 4-5 yr old disadvantaged Negroes, 569
- integrated open classrooms, race attitudes & preferences, kindergartners to 4th graders, 7392
- interaction of locus of control & type of performance feedback, performance, white & black 10-11 yr old males & white male college students, 12437
- interracial relationships, male & female black & white Americans, analysis of black biographies, 5086
- interviewer-respondent race interactions, anxiety & achievement motivation & intelligence, black & white female interviewers assigned to 18-49 yr old black & white respondents of both sexes, 5191
- interviewer's race, reasons for leaving job, blacks seeking jobs, 8820
- intrinsic & extrinsic factors, satisfaction ratings for hygiene & motivator job aspects & overall job satisfaction, black factor workers, 11145
- job attitudes, black vs white blue-collar employees, 13350
- Job Descriptive Index, job satisfaction, black & white civil service employees & bank employees, 4171
- lack of standardized tests for black English dialect, errors in educational placement & assessment, black children, 6364
- language characteristics, white middle-class vs black inner-city 1st graders, 5300

cortical structures & function relationship, tactual perception, Russian 3-7 yr olds, 6900

evoked potential method, limbic projections to ventromedial hypothalamus opossums, 301

evoked potential technique, topographic organization of primary olfactory nerve, cats & rabbits, 2318

evolution & comparative neuroanatomy, nervous system development, vertebrates, book, 4998

evolutionary perspectives, function of optic tectum, comments on D. Ingle's article, 4546

evolutionary perspectives, function of optic tectum, frogs & mammals & vertebrates, 4527

focus of excitation in visual center of brain & interaction with central processes, control of saccadic eye movements, 6873

functional characteristics of single units in spinal trigeminal nucleus, pigeons, 4544

intracerebral ouabain, morphological & biochemical & functional changes in brain tissue, chick embryos, 429

neurophysiological explanation based on knowledge of cortical feedback systems, interictal epileptic spikes, 297

organization of receptive fields of visual cortical neurons in forebrain, turtle, 4531

parietal lobe connections, augmentation of potential routes of spread of somatic sensory signals from postcentral gyrus & extension of range subserving communication & interaction between all sensory modalities & motor expression, 4538

pathway from dorsal lateral geniculate nucleus to visual cortex, cats, 325

physiological role of dopamine as synaptic transmitter in caudate nucleus & putamen, research review, 9291

perinatal malnutrition, dimensions of cerebral cortex, rats, 378

reciprocal connections between 1st & 2nd somatosensory cortical areas & caudate nucleus, cats, 4525

single unit stimulation model of neural network, spatiotemporal aspects of cerebellum, 318

standard ten-twenty electrode placement system, anatomic correlates, infants, 4519

stapedius & tensor tympani muscle activation, neuronal organization of acoustic middle ear reflex, nonanesthetized rabbits with chronic lesions in auditory pathways, 399

structure & function & biochemistry, nervous system, book, 287

subcutaneous electrical stimulation & recording at cortical level, cortical projections from periorcular & facial skin, photosensitive & nonphotosensitive baboons, 4534

time course of environmental sensory stimulation, brain anatomy & chemistry, 6864

VRS programing system, mapping neuronal receptive fields & determination of neuronal response characteristics, 9308

**Neurobiology**

molecular neurobiological theories, memory, 6862

neurobiological boundaries & psychobiological & sociocultural factors, euphoria, 289

**Neurochemistry**

acetylcholine, release of labeled norepinephrine from cerebellum & labeled dopamine from striatum following potassium chloride or electrical stimulation in brain slices, rats, 11699

acute & chronic pentobarbitone, gamma aminobutyric acid system, male rats, 11819

acute vs subacute lithium, brain tryptophan & serotonin & 5-hydroxyindoleacetic acid levels, rats, 11759

age-related changes, catecholamine metabolism in brain, senescent male mice, 339

aging, brain monoaminoxidase activity & neuropsychiatric disturbance, male vs female 13-88 yr old dead people, 660

alpha-chloralose-induced tremor & hindleg paralysis & convulsions & rectal temperature, noradrenaline & 5-hydroxytryptamine & acetylcholine activity, rats, 11757

alpha-dideutero acid as internal standard for mass fragmentographic analysis, determination of homovanillic acid levels in cerebrospinal fluid, schizophrenics, 10297

amantadine, brain dopamine & noradrenaline receptors, rats, 4782

amantadine, in vivo & in vitro turnover of dopamine in corpus striatum, male rats, 7128

amitriptyline & imipramine, metabolism of brain serotonin & dopamine in cerebrospinal fluid, depressed patient, 3684

amphetamine vs electrical stimulation, release of metaraminol in heart & brain, rats, 6941

amphetamines & apomorphine & clonidine, body temperature & brain 5-hydroxytryptamine metabolism, male rats, 7115

antischizophrenic drugs, muscarinic action of acetylcholine, 11813

apomorphine & nigrostriatal lesions, aggression & striatal dopamine turnover during morphine withdrawal, rats, 4614

barbiturates, alteration of norepinephrine metabolism, rats, 11731

bilateral olfactory bulbectomy, appetitive & avoidance conditioning & telencephalic & hypothalamic noradrenaline & plasma corticosterone, rats, 11677

biochemical basis of neuropharmacology, book, 7043

brain amines, apomorphine-induced intraspecific aggressive behavior, rats, 4796

brain extract injections from trained rats, transfer of operant behavior, male rats, 4709

brain extracts from trained vs retrained donors, recipient's maze learning performance, male mice, 9403

brain serotonin, correlation with sleep patterns, 2 strains of mice, 2356

catecholamine neurotransmitters, 11594

catecholamines & levodopa & aminophylline & insulin & nicotinic acid, plasma unesterified fatty-acid & brain tryptophan, rats, 7046

chlordiazepoxide & diazepam & phenobarbitone & alpha-prophyl-dopacetamide, turnover changes in central 5-hydroxytryptamine pathways, rats, 9538

chlormpromazine, homovanillic acid levels in cerebrospinal fluid, 18-58 yr old schizophrenic patients, 10619

chronic delta-9-tetrahydrocannabinol, catecholamine synthesis in brain & adrenals, male rats, 474

chronic dextroamphetamine, food intake & body weight & locomotor activity & subcellular distribution of drug in brain, rats, 4771

chronic drug administration, neurotransmitter re-uptake & storage & turnover levels of tyrosine & tryptophan hydroxylase in brain, rats, 7070

chronic lithium chloride treatment, brain RNA composition & content & synthesis, rats, 4731

chronic vs acute administration of lithium chloride, brain choline & acetylcholine levels, mice, 471

chronic vs acute alcoholism, rate of serotonin synthesis, mice, 11829

concentration of dopamine & 5-hydroxytryptamine & homovanillic acid & 5-hydroxyindoleacetic acid in cerebrospinal fluid, psychiatric & neurological patients with unipolar or bipolar affective illness, 3129

coping with stress & sleep patterns, 11-hydroxycorticosteroid excretion, medical students, 4566

cycloheximide & puromycin & chloramphenicol & ouabain & lithium & copper, protein synthesis in crude mitochondrial &

- postmitochondrial & synaptosomal fractions of forebrain, chickens, 7060
- delta 9-tetrahydrocannabinol, brain levels of cyclic adenosine 3 & 5-monophosphate, male mice, 11734
- delta-9-tetrahydrocannabinol, body weight & brain electrolyte concentrations, neonate chickens, 9480
- dextro- & levo-isomers of pentazocine, brain & heart biogenic amines, rats, 11716
- dextroamphetamine, brain acetylcholine, young vs adult vs aged rats, 11823
- dextroamphetamine, exploratory activity & formation of labeled norepinephrine from labeled tyrosine, rats pretreated with parahydroxynorephedrine, 11754
- dialyzable glycopeptide preparation from whole rat brain, clonic-tonic convulsions, cats, 7106
- diazepam & nitrazepam, intra- & extracellular distribution of sodium & potassium ions in brain, rats, 6958
- diurnal variations of behavioral activity, piperidine concentration in brain & brain weight, mice, 2366
- dopaminergic denervation supersensitivity, adenylyl cyclase activity, mice, 2412
- dopaminergic mesolimbic system brain lesions, mediation of cataleptic & antistereotypic effects of neuroleptic & nonneuroleptic agents, rats, 11726
- dynamic patterns of biochemical & bioelectrical phenomena of nervous system, 11551
- ECS & 5-hydroxytryptamine, brain protein synthesis, mice, 4645
- ECS, biochemistry & neurochemistry & relevance of primary & secondary changes to efficacy, 5836
- ECS, brain RNA & protein synthesis, mice, 4643
- ECS, concentration & turnover of brain 5-hydroxytryptamine, male rats & mice made aggressive by isolation, 4698
- ECS, norepinephrine & epinephrine & metabolites release in brain, rats & severely depressed patients, 4689
- ECS, norepinephrine levels, rats, 4663
- electroconvulsive therapy, adrenal medullary & cortical activity & cerebrovascular permeability & cerebral hypoxia & mineral metabolism & diencephalic activity, 5856
- electrolytic lesions of median raphe nucleus, avoidance acquisition & serotonin levels & shock-induced suppression, rats, 11695
- environmental stimulation, amount of radioactive fucose incorporated into glycoproteins of brain & liver, male mice, 9388
- ethanol & acetaldehyde, metabolism & binding of biogenic amines, guinea pigs & rats, 7082
- ethanol, passage of aminolaevulinic acid across blood-brain barrier, rats, 4774
- existence of cortical dopamine nerve terminals, rats treated with multiple doses of dopamine-beta-hydroxylase inhibitors vs reserpine vs levodopa vs MK-486, 11612
- fenfluramine & apomorphine behavioral antagonism, increase of striated homovanillic acid, rats, 11763
- gamma hydroxybutyric acid, biochemical mechanisms of central effects, male mice, 7093
- habituation to morphine & precipitation of abstinence syndrome & withdrawal, acetylcholine release, unanesthetized cats, 7094
- haloperidol repeated administration, endogenous levels & turnover of brain catecholamines, male mice, 7073
- haloperidol, supersensitivity of dopamine receptors manifested by enhanced stereotypic & aggressive responses to apomorphine & wet shakes, rats, 4740
- high-fat vs high-carbohydrate diet, electroconvulsive threshold & biochemical alterations, male rats in ketogenic diet model, 11560
- hyper-reactivity induced by bilateral electrolytic lesions in anterior hypothalamus, biochemistry, rats, 4631
- imipramine & desipramine, lung & liver & brain monoamine oxidase, rabbits, 9572
- inhibition of monoamines, para-chloroamphetamine effects on motility, female rats, 4764
- intracerebral ouabain, morphological & biochemical & functional changes in brain tissue, chick embryos, 429
- intracisternal labeled delta-9-tetrahydrocannabinol, subcellular distribution in brain, male rats, 7042
- intracranial injections of brain extracts from trained donors, response facilitation & inhibition, goldfish, 11656
- isolation & fighting, rate of synthesis of noradrenaline & dopamine & 5-hydroxytryptamine in brain, male mice, 353
- labeled delta-1-tetrahydrocannabinol with vs without repurified 7-hydroxy-delta-1-tetrahydrocannabinol, blood & brain levels of both cannabinoids, mice, 9506
- lesions of raphe nuclei, isolation-induced aggressiveness & 5-hydroxytryptamine metabolism, mice, 9441
- levodopa & pyridoxine, cystathionine levels in brain & liver & kidney, male rats, 9492
- levodopa with para-chlorophenylalanine, inhibition of serotonin synthesis & potentiation of levodopa, parkinsonian patients, 8281
- levotryptophan, concentration of 5-hydroxyindoleacetic acid in cerebrospinal fluid & 5-hydroxytryptamine metabolism, psychiatric patients with unipolar or bipolar affective illness, 3623
- levotryptophan, depression & mania & cerebrospinal fluid & platelet & urinary levels of serotonin & 5-hydroxyindoleacetic, depressive & manic-depressive patients, 5936
- lithium & vs pheniprazine, brain serotonin metabolism, rats, 11807
- lithium, adrenergic amine uptake in brain synaptosomes, male rats, 11770
- LSD-25 & methysergide, cerebral & platelet serotonin levels, rats, 7127
- LSD, apomorphine-induced locomotion, rats pretreated with BOL-148 or methysergide or parachloroamphetamine, 9509
- LSD, levels & turnover rates of brain serotonin & norepinephrine, rats, 4784
- mental illness, blood & brain cholinesterase activity, review, 5543
- mescaline & 2,3,4-trimethoxy-beta-phenylethylamine, metabolic rates in whole & in brain areas in vivo, mice, 4795
- mescaline, binding of aminoacyl-transfer RNA to ribosomes of brain tissue, goats, 11729
- metabolism of chloral hydrate in brain tissue vs metabolism of chloral & 2 other aldehydes, rats, 4805
- methadone replacement, striatal acetylcholine & acetylcholinesterase & dopamine alterations, morphine-dependent rats, 11785
- methamphetamine treatment & withdrawal, cerebral carbohydrate metabolism, rats, 9545
- methamphetamine, daily rhythms of hypothalamic norepinephrine & serotonin & plasma corticosterone levels, rats, 9483
- metrazol, brain norepinephrine, mice, implications for metrazol-produced amnesia, 9456
- microiontophoretic application of excitatory & inhibitory putative neurotransmitter, epileptiform afterdischarges & chemical responsiveness of single cortical neurones, cats, 11649
- midbrain raphe nuclei lesions, telencephalic serotonin concentration & water consumption & 2-way avoidance & morphine analgesia, rats, 9446
- midbrain tegmental lesions, sleep & regional brain serotonin & norepinephrine levels, female cats, 416
- morphine & mechanism of opposite effect, striatal dopamine & locomotor activity, rats & mice, 9534
- morphine, turnover & synthesis of leucine-labeled protein & C-14-phosphatidylcholine in brain, rats, 11776
- neonatal 6-hydroxydopamine-induced sympathectomy, open-field behavior & brain norepinephrine & tyrosine hydroxylase & serotonin synthesis, normotensive vs spontaneously hypertensive rats, 11795
- neurobiological boundaries & psychobiological & sociocultural factors, euphoria, 289
- neurochemical etiology, schizophrenia & manic-depressive psychosis, 5608
- neurochemical model of addiction, treatment of heroin addiction, 12923
- neurochemistry, NREM & REM sleep, 4584
- neuroendocrinology of sleep, review, 9363
- nitrogen anoxia & age, labeled sodium phosphate incorporation into adenosine triphosphate in mitochondrial suspension from cerebral cortex, rats, 11623
- nitroglycerin, content of potassium & sodium ions in brain structures & CRs & CNS depression, cats & rats, 2495
- norepinephrine-sensitive adenosine 3 prime 5 prime-monophosphate-generating systems in combined midbrain-striatal slices, spontaneous behavioral activity & levels of midbrain & striatal tyrosine hydroxylase, rats, 11632
- nutrition, synthesis of serotonin in brain, 4562
- optical isomers of delta-1-tetrahydrocannabinol CNS distribution & behavior, mice, 4754
- oxotremorine & physostigmine, acetylcholine & choline levels in whole brain & spleen & cerebellum & plasma, female mice, 9536
- oxotremorine, homovanillic acid concentration in striatum, male rats, 7096
- p-chlorophenylalanine, sexual behavior, male rats & rabbits & cats & monkeys & humans, 7059

- para-chlorophenylalanine depletion of brain serotonin & locomotor behavior, 10-25 day old rats, 4769
- paradoxical sleep deprivation, increased cerebral serotonin & tryptophan & 5-hydroxyindoleacetic acid levels, intact & hypophysectomized rats, 336
- pentazocine, neurochemistry & vocalization threshold & afterdischarge of pain reactions & motor response, rats pretreated with levodopa, 11793
- pentylentetrazol, monoamine metabolic concentrations in cisternal cerebrospinal fluid, cannulated cats, 9553
- pharmacohistochemical evidence of existence of dopamine nerve terminals in limbic cortex, rats, 6860
- pharmacological manipulation of whole brain amine levels, competitive behavior for food in straight runway, male rats, 9549
- phenothiazines & stimulants & psychedelics, clinical efficacy & chemical interactions with neurotransmitters, schizophrenic patients, 12927
- phenylethylamine & alpha-methyl-phenylethylamine derivatives, 5-hydroxytryptamine turnover & receptors in brain & spinal cord, male rats, 7022
- pinbidil, acetylcholine & choline levels in striatum & diencephalon & mesencephalon & cerebellum & hemispheres, female rats, 9535
- plasma vs erythrocyte measures, prediction of brain lithium concentrations, rats, 4738
- polypeptide central stimulant isolated from sea anemone, brain monoamines, mice, 2491
- prenatal malnutrition, dimensions of cerebral cortex, rats, 378
- presynaptic regulatory system & endogenous feedback inhibition, norepinephrine release, 11617
- probenecid, central dopamine turnover, schizophrenics with poor vs good prognosis & affective disorder patients, 11720
- probenecid, increase in acidic metabolites of biogenic amines in cerebrospinal fluid, depressed patients, 8257
- progesterone decline, brain uptake of dopamine & serotonin, rats, 2442
- prolonged isolation, learning & biogenic amine turnover & aggressive behavior, 3 strains of mice, 2585
- propranolol & prazosin blockage of cardiac beta-adrenergic receptors, sympathetic nerve stimulation-induced arrhythmias, dogs, 11745
- protein characteristics of taste buds & sweet & bitter receptors, chemistry of taste perception, 8997
- psychosynthesis & neurochemistry, dreams & psychotherapy, 3601
- puberty onset, serum luteinizing hormone levels & protein metabolism in brain & anterior pituitary, mice & rats, 2354
- puromycin, acetylcholinesterase inhibition, rats, 9557
- regional distribution of labeled dehydromorphine binding, monkey & human brain, 348
- repeated footshock stress, adenylyl nucleotide concentration decrease in brain components, rats, 379
- reserpine vs alpha-methyl-paratyrosine vs parachlorophenylalanine, brain biogenic amine depletion & mood, relation to clinical depression, 10313
- RNA & protein, long-term memory, 4473
- serotonin content in brain & whole blood & 5-hydroxyindoleacetic acid in urine & cisternal cerebrospinal fluid, Scottish terriers with inherited motor disorder vs normal dogs, 11620
- short conditioned avoidance training experience, radioactive phosphate incorporation into nonhistone acid-extractable protein in brain nuclei, rats & mice, 4511
- short training experience, phosphorylation of brain nuclear proteins, male rats, 4512
- single ECS vs 15 min of intense fighting, norepinephrine uptake into cerebral cortical synaptosomes, male mice, 435
- stereotaxic dissection followed by fluorimetric assay, determination of noradrenaline & dopamine & 5-hydroxytryptamine distribution in preoptic hypothalamus, rats, 6920
- streptococcal mucoprotein, body temperature & paradoxical sleep & neurochemistry, rats, 2461

- tonal stimuli, neuronal responses in medial geniculate body, cats, 11557

- transmitted nerve impulses, intra-axonal dipole orientation in short & long term potentiation & fibril formation, 9327
- vigilance state & posture & movements, discharge patterns of ventrolateral thalamus cells & EEG, monkeys, 4528
- visual adaptation to nonrectilinear forms & neural code for visual form, 279
- visually triggered movement, precentral & postcentral cortical activity, monkeys, 6879
- 5-hydroxytryptamine & melatonin, inhibition of median raphe neuron metabolism & brain levels of 5-hydroxytryptamine, male rats, 11775
- Neuropathologists** [See Neurologists]
- Neuropathology**
- aging, brain monoaminoxidase activity & neuropsychiatric disturbance, male vs female 13-88 yr old dead people, 660
- time of onset & gastrointestinal symptoms & progression of symptoms & EEG abnormalities combined with neuropsychiatric symptoms, Jakob-Creutzfeldt syndrome or spongiform encephalopathy, 3456
- Neuropathy** [See Nervous System Disorders]
- Neurophysiology**
- biochemical basis of neuropharmacology, book, 7043
- definition & psychoanalytic view & neurophysiological aspects, psychosomatic & somatic pain, 12620
- direct & indirect immunofluorescence aliquots of caudate nucleus & temporal lobe & cerebellar cortex & septal region, postmortem schizophrenic & nonpsychiatric patients vs acute & chronic & nonschizophrenic & neurologic & normal patients, 5532
- integrated model of normal & abnormal behavior based on biochemical & neurophysiological & pharmacological & ethological & clinical & sociological data, 12608
- intelligence measures & neurophysiological tests, diagnosing of multiple sclerosis, multiple sclerosis sclerosis vs psychiatric patients vs brain damaged, 7798
- long-term barbiturate use & neurophysiological mechanisms, sleep, review of F. R. Freeman's 1972 study of sleep research, 9359
- movement from criticism of psychoanalytic concepts to convergence of set theory & neurophysiology & cybernetics, Soviet approach to unconscious, 5387
- neural & psychophysical interpretation of 1st order afferent fiber responses, slowly adapting cutaneous mechanoreceptors of hairy & glabrous skin, 309
- neurophysiological & biochemical-metabolic & special cerebro-pathological aspects, alcoholism & relapse, chronic alcoholics, 1215
- neurophysiological aspects, motivation & emotion, book of readings, 2314
- neurophysiological feedback systems, cognitive processes, 2236
- neurophysiological organization of visual system, Poggendorf illusion, 2171
- neurophysiological research, dyslexia, 1290
- neurophysiological research, psychiatry & relations to psychopharmacology, 282
- neurophysiology of visual hallucinations, alcoholic delirium tremens syndrome patients, 1203
- opposition & equilibria, visual system neurophysiology, 4567
- physiologically oriented model, transduction of basilar membrane displacement to activity of auditory nerve fibers, 11317
- psychobiology of affective disorders, 10356
- temporal lobe type, psychopathological symptoms of encephalitis, 3477
- Neuropsychiatrists** [See Psychiatrists]
- Neuropsychology**
- neurolinguistic vs localization & nonlocalization theories, language & speech functions, 7612
- Neurosciences** [See also Neuroanatomy, Neurobiology, Neurochemistry, Neurology, Neuropathology, Neurophysiology, Neuropsychology]
- neurosciences, conference proceedings, book, 294
- Neurosis** [See also Anxiety Neurosis, Childhood Neurosis, Conversion Neurosis, Experimental Neurosis, Hysterical Anesthesia, Neurasthenic Neurosis, Neurotic Depressive Reaction, Obsessive Compulsive Neurosis, Phobic Neurosis, Traumatic Neurosis]
- acting out, occurrence in transference, neurotics, use of A. Freud's thesis, 6050
- alpha feedback method, alpha rhythm control, normal adults & schizophrenic & depressed & neurotic patients, 3183
- alterations in serum lactate, pathogenesis of anxiety symptoms, review of F. N. Pitts & J. N. McClure's hypothesis, 3121
- attachment to pain, negative therapeutic reactions, case report, 6052
- benzocetamine vs medazepam, anxiety, neurotic 8-20 yr olds, 8228
- benzocetamine, anxiety & anguish & neurovegetative upset, 16-80 yr old neurotic patients, 8231
- blood pressure, neuroticism, psychiatric patients, 7915
- chlorimipramine vs imipramine, galvanic skin responses & plethysmographic changes, neurotics, 10634
- correlational analysis, choice reaction time & concept sorting task data, schizophrenics vs neurotics vs convict controls, 1144
- counseling therapy with alternating psychotherapists & without selection privilege, psychoneurotic clients, 5868
- cultural determinants, personality & neurosis & individual growth & psychological processes & intrapsychic problems, 7421
- degree of emotional disturbance, fear of death, psychotic & neurotic & normal 10-89 yr olds, 5545
- description & classification of self-cutting as impulse neurosis, 3260
- dialectical reasoning & theories of juxtaposition of opposites & ultimate emergence of new phases, neurotic's mode of apperception & behavioral consequences, 6482
- difficulties in stimulus analysis & response selection processes, defective cognitive functioning, schizophrenics vs neurotics vs convict controls, 1143
- disability separations for psychoneurosis, mortality rate, Army veterans, 24-yr follow-up, 3189
- discriminant function analysis, differentiating depression from anxiety, 21-65 yr old neurotic outpatients, 7886
- doxepin & amitriptyline-chlordiazepoxide combination, anxiety & depression, neurotic Ss, 5963
- drugs, emotional expression in psychiatric interviews, psychoneurotic & depressed inpatients, 10652
- EKG & circulatory measures while in upright & tilt positions & during psychoanalytic interview, cardiophobic patients, 3210
- electrosleep therapy, schizophrenic & neurotic & manic-depressive patients, 12-yr follow-up study, 5752
- emotional flooding vs allopathic model in psychiatry, neurosis, 5826
- family neurosis, individual with psychosomatic illness, 3206
- family therapy, somatic neurosis in disturbed family structure, 3718
- free psychodrama vs psychodrama with therapist introduced theme, participation & affective components, neurotic outpatients, 6008
- genetics & phylogenesis & physiology & epidemiology & prognosis & family & sociocultural variables, neurosis, research review, 3208
- Giessen Test, types of disturbed marital structure, neurotic married couples, 7816
- glaziovine vs diazepam, activity as anxiolytic drug & side effects, female inpatients with psychoneurotic or psychotic disorders, 12875
- group therapy & use of male & female co-therapists, neurotic problems related sex-role identity due to deficiencies in self-esteem, 1530
- haloperidol vs thioridazine, anxiety & agitation & tension & insomnia, treatment resistant psychoneurotics, 10635
